Chapter 1401: Li Zhenting's strength and loving wife 127

"No, you lied to me. My mommy was pushed down the mountain by bad guys and fell to death. I want mommy." Xiaoxiao kept shaking her head, not believing what she said, and the more she cried, the sadder she became.

Sister Wang heard this and asked strangely: "Xiaoxiao, your mommy was not killed by the fall. She is really in the hospital and is fine now. Who told you that she was killed by the fall?"

"Lanlan said it." Xiaoxiao pointed to Lanlan who was eating cake standing next to her.

Sister Wang's face sank.

"Lanlan, you are talking nonsense, I will tell your dad tomorrow."

No wonder Xiao Xiaohui knew about it. Li Zhenting had blocked everyone's mouths for a long time, that is, only Lan Lan could tell. But how did Lan Lan know? Although this little girl is only a few years old, she is very thoughtful, and she is still very thoughtful. It's not good. She said things like this with added embarrassment. It was obvious that she wanted to make Xiaoxiao worry.

"You are a bad aunt, you don't tell the truth." Lan Lan was not afraid of Sister Wang at all, but yelled at her.

Sister Wang was furious, but she had no choice but to hold Xiaoxiao aside and comfort her: "Xiaoxiao, you have to believe in your daddy. He loves your mommy very much and will never let anything happen to your mommy. Lan Lan has a bad heart, so don't believe what she says."

Xiao Xiao also seemed to understand that Lan Lan meant what she said and chose to believe Sister Wang.

But this incident shocked her little heart and made her mood depressed.

In the hospital.

When Li Zhenting rushed over, Shen Ning was holding Xixi on the balcony looking at the lights outside.

"Shanshan, Xixi and Beibei are so good today." Shen Ning immediately smiled happily when she saw Li Zhenting.

"Really, that's great." Li Zhenting put the things in his hands on the bedside table, walked over and took Xixi from Shen Ning's arms and held it in his hands, with a face full of doting, "It's so nice of you to carry it. Children will be well-behaved if they have a mommy."

"Really?" Shen Ning blinked.

"Of course, the children can't live without mommy." Li Zhenting kissed Xixi's forehead and said, "Ningning, why don't you go and see what I bought you?"

"What?" Shen Ning was a little surprised.

"Go and have a look." Li Zhenting encouraged her.

Shen Ning walked over happily and opened the packaging bag.

A beautiful bag appeared in front of me. The hardware on it was all made of gold and platinum, and it was also paired with diamond jewelry. It looked very valuable at first glance.

"Oh my God, how expensive is this?" Shen Ning exclaimed, "Don't you have little money? Why did you buy such an expensive thing?"

Li Zhenting smiled: "You have worked so hard to give birth to children for me. Isn't the reason why I work hard to make money is to buy good things for my woman and children? Otherwise, what would I be doing? Besides, if a man treats a woman well, he must give it to her." Buy jewelry and bags to make her look noble and proud so that no one will look down upon her. Just tell me whether you like it or not."

"I like it." Shen Ning looked at this style and was very satisfied. Suddenly she felt that this style looked familiar, so she asked: "Shanshan, why did you think of buying this style for me?"

Li Zhenting smiled: "At noon a few days ago, when you were looking at your phone, I saw you kept looking at this bag, and I knew you liked it, so I took the time to go to that bag shop to order it. Today it just arrived, so I brought it."

Shen Ning then remembered that she had indeed seen this bag on Douyin a few days ago. She thought it was very beautiful at the time and took a few more glances. Unexpectedly, she forgot about it, but Li Zhenting at the side remembered it in her heart.

"Shanshan, thank you, you are so kind to me." Shen Ning felt warm in her heart and thanked her sincerely.

"Thank you for nothing. This is what I should do. Who made you my wife?" Li Zhenting reached out and pulled her into his arms. Shen Ning leaned against his strong chest, with a happy smile on her face.

Chapter 1402: Li Zhenting's strength and loving wife 128

"By the way, Zhen Ting, Jiaojiao has had diarrhea all day long, and it's not cured yet." After the two of them chatted for a while, Shen Ning thought of Li Jiaojiao and said immediately.

Li Zhenting was stunned and immediately said: "She is full. It was the same last time. She couldn't stop eating when she encountered seafood. She also had diarrhea as a result. Don't worry about her."

"But she has been having diarrhea for a day. She is a little serious now and her face is very pale. She is your little cousin. You don't care about her. If something happens, it will be difficult to explain to your mother." Shen Ning was kind-hearted. reminded.

"This is the hospital. Didn't she see a doctor? Where is she now?" Li Zhenting had no choice but to ask.

"I went to the doctor and put in a sling bottle, but the effect was not very good." Shen Ning was a little worried.

"Okay, I'll go down and take a look." Li Zhenting was afraid that Shen Ning would be worried, so he had to agree.

Then the two of them helped the special nurse bathe and change clothes for Xixi and Beibei, and they were busy.

Finally, it was almost nine o'clock, and at Shen Ning's urging, I walked towards Li Jiaojiao's ward.

Li Jiaojiao's ward is very close to the nurse's station, right next to it.

"Ouch, I'm going to die." Li Zhenting heard Li Jiaojiao's cry before he walked in. The voice was indeed weak, much louder than his usual loud voice.

He walked in.

"Cousin, I'm about to die." Li Jiaojiao immediately became distressed when she saw Li Zhenting.

"Didn't the doctor prescribe any other medicine? Have you taken it?" He remembered that when he took her to the hospital last time, she just got two bottles of water and she immediately frowned.

"It was opened and injections were given, but they were all useless." Li Jiaojiao's face was pale, she was lying on the bed, holding her stomach, like an eggplant beaten by frost, she did look a little serious.

"Let's do this. I'll take you to find another doctor." Li Zhenting looked through her medical records and saw that the injections were similar to last time. It was better last time but not this time. This means that the right medicine was not prescribed. , pulled her up and went to the front desk to register.

Li Jiaojiao had no choice but to lie on Li Zhenting's arm and was grabbed by her as she walked downstairs. But it was already very late at this time, there was no attending doctor, and it was an emergency. Moreover, her diarrhea was not a particularly serious illness. Without the chief doctor, Li Zhenting could only call the emergency number and prescribe several medicines.

When he helped her to the ward, he met Ji Qingshan in the corridor.

Ji Qingshan glanced at Li Jiaojiao with a smile but walked away without saying hello to Li Zhenting.

Li Jiaojiao was too lazy to argue with him!

After a while, the nurse came over and gave Li Jiaojiao another injection, which made her feel better. However, in the middle of the night, she started to have diarrhea again, and it was all watery. The pain made Li Jiaojiao wail and wanted to go find him. Experts treat illnesses.

"Ms. Li, it's so late, and Professor Ji is the only one in the whole hospital. You might as well go and see him." At this time, a nurse kindly reminded.

"Isn't he a cardiologist? How can he still treat diarrhea?" Li Jiaojiao asked weakly.

"He is a general practitioner, but heart disease is his specialty and specializes in it."

"Well, okay, I understand." Li Jiaojiao got angry when she thought of Ji Qingshan's arrogant and contemptuous look. She didn't want to see him for medical treatment at all, so she just answered perfunctorily.

But then, she still had to have diarrhea. The last time, she saw that she was bleeding, and she panicked.

She doesn't want to die, she hasn't been married yet and has never been in love.

It seems that the only option is to go to Ji Qingshan to prescribe medicine.

Even though Ji Qingshan was disgusting, compared with his own life, of course his own life was more important.

She got up, took the medical record and walked towards the doctor's office over there.

Fortunately, it was on the same floor, not far away. Not long after, she knocked on the door of Ji Qingshan's office.

Chapter 1403: Li Zhenting's strength and loving wife 129

"Who is it?" After knocking on the door for a long time, a lazy voice sounded from inside. It seemed that Ji Qingshan was sleeping soundly inside.

You bastard, you sleep on duty!

"See a doctor." Although Li Jiaojiao hated him so much that her teeth itched with hatred, she still pinched her voice and said flatteringly.

There was no movement inside for a long time.

Li Jiaojiao felt a pain in her stomach and was about to have diarrhea again, but she held it in and did not dare to walk away, for fear that he would not find her when he opened the door.

"Professor Ji, I have called you to see a doctor." After waiting for a while, there was still no movement. Li Jiaojiao had unbearable stomach pain and had to knock on the door again.

"Who are you? What's the noise about?" Ji Qingshan's impatient voice came from inside.

"See a doctor." Li Jiaojiao gritted her teeth. The doctor on duty was just to treat patients, so she became impatient.

Fuck! This man has a problem with his medical ethics, absolutely a big problem.

"Wait a minute." After a while, another lazy voice came from inside. After waiting for a while, the door of the office slowly opened. Ji Qingshan was wearing a white coat outside and a set of short pajamas underneath, standing in front of her.

"Professor Ji, I have severe diarrhea. Please see a doctor." Li Jiaojiao lost her arrogance during the day and handed the registration form and medical record to him obediently.

Ji Qingshan put on his glasses slowly and politely, looked at her with an exaggerated expression:

“Yo, it’s you.”

"Yes." Li Jiaojiao suppressed the anger in her heart, but her voice was sweet.

It’s not like this **** doesn’t want to see a doctor. She has paid the registration fee by the rules. If he doesn’t see a doctor, she will file a complaint against him.

“Then, come in.” Ji Qingshan pulled down his white coat, turned around and walked towards the desk. The hair on his calves was clearly visible under the white coat.

Li Jiaojiao followed him, holding her belly in her hands. She had been having diarrhea all day and night, and she was very weak. As soon as he passed, she lay down on his desk. After Ji Qingshan sat down, he raised his eyebrows and tapped the table and chairs with his fingers.

Sudden

He crossed his legs, touched the scratches on his nose with his fingers, bent forward slightly, with an almost imperceptible smile on his face, and asked in a low voice: "What? Did you also suffer retribution?"

"You..." Li Jiaojiao was so angry that she propped herself up on the table and raised her head, her eyes filled with irrepressible anger, and she gritted her teeth.

“What’s wrong with me?” Ji Qingshan asked with a deliberate smile.

“You are wicked.”

"You're scolding me?" Ji Qingshan's face darkened and he sat upright, "How dare you insult your doctor? It's simply morally corrupt. I'm sorry, but I won't treat your disease."

He pushed the medical records and registration form in front of her, and was about to drive her away.

Li Jiaojiao was about to go crazy.

“Ji Qingshan, if you don’t give me medical treatment, I will sue you.”

"What are you suing me for?" Ji Qingshan's narrow eyes narrowed and he asked with a cold face.

“I accuse you of dereliction of duty, sleeping on the night shift, not treating patients, and verbally insulting patients.” Li Jiaojiao slapped her hand on the desk.

"Hehe." Ji Qingshan laughed, "If that's the case, then you can just go ahead and file a lawsuit. I have no objection."

"Don't think you can do whatever you want. Let me tell you, this hospital also has shares of our Li family, and it is not difficult to drive you away."

"I said, you can sue. I don't want to stay in this hospital at all. They invited me here. I'm eager to leave." Ji Qingshan was very proud.

"But don't forget, if a doctor has bad medical ethics, even if he no longer works here, his career will be ruined. No hospital will dare to use you in the future unless you never return to the imperial capital. The profession of doctor is special. Medical ethics, otherwise, no matter how good your skills are, it will be in vain." Li Jiaojiao's days were not in vain. In order to take revenge on Ji Qingshan, she had read the basic principles of medical practice for relevant doctors.

Chapter 1404: Li Zhenting's strength and loving wife 130

Ji Qingshan was stunned for a moment, then asked with a deep expression: "You said that my medical ethics are not good and I have poor medical ethics? Just you? Doctors sleep on night shifts. This is the hospital's rule. I'm not wrong. You said that I don't treat patients well?" When seeing a doctor, do you need to provide evidence? You say I insulted the patient? When did I insult the patient? Do you have evidence?"

Li Jiaojiao was furious: "You don't give me medical treatment. This is proof. You insulted me."

"Haha." Ji Qingshan laughed loudly, "You obviously insulted the doctor, but you still want the doctor to treat you? You are really sick."

"I have not insulted you."

"No?" Ji Qingshan sneered, "You scratched the wound on my forehead and nose, right? Just now, you scolded me for being immoral and you wanted to sue me. This is an insult to me. My mobile phone has recorded it. You dare not Don't fall off."

"You..." Li Jiaojiao didn't expect Ji Qingshan to be so thoughtful. He blocked her in the alley. She was speechless for a moment and said in a hurry, "You were the first to say that I had suffered retribution."

"Did I say it? Why don't I remember?" Ji Qingshan pretended to be deaf and dumb and asked.

"You... are so shameless." Li Jiaojiao was so angry that he was speechless.

"It seems that your illness is still mild. If you can quarrel with the doctor, then you are fine. Just continue to suffer and get out." Ji Qingshan stood up expressionlessly, turned around and ran towards the duty room.

"Ouch." Li Jiaojiao was so angry that she couldn't bear it anymore. She held her stomach with both hands and screamed in pain. She ran directly past Ji Qingshan into his duty room, rushed into the bathroom, and opened the door with her backhand. Locked.

Ji Qingshan reacted and shouted angrily: "Li Jiaojiao, how dare you break into my duty room?"

"I can't help it, I can't help it anymore. You can't let me stay in your office." Li Jiaojiao sat on the toilet with a sad face.

Ji Qingshan gritted his teeth, his face full of disgust.

But the fact is that there is nothing he can do to her!

He fell on the bed in the duty room, just waiting for her to finish solving the problem quickly and get out.

But after a long time, there was no sound of the door opening.

He stood up and asked angrily: "Li Jiaojiao, are you okay? Come out as soon as you are."

It was so late at night that a girl was staying in his office or in the bathroom. He couldn't tell why. Besides, Li Jiaojiao was so messy and he didn't want to follow the truth.

But there was still no movement inside.

He listened for a while, but there was no movement at all. Suddenly, he panicked.

It's not like something really happened to this girl. After all, she's been having **** all day.

If something happens, he will be held responsible while he is still in his duty room!

present

He walked over, knocked on the bathroom door, and asked: "Li Jiaojiao, what's wrong with you? Are you okay? Come out quickly." Li Jiaojiao lay weakly on the toilet, and she actually heard that. Seeing the panic in his words, he rolled his eyes.

Humph, you didn't want to see a doctor for me and you drove me away. When I returned to the ward, my stomach hurt and I had to have a bowel movement. I might as well just stay in your bathroom. If I have something wrong with you, anyway, with You have nothing to do with it!

"Ouch, it hurts." Thinking of this, she groaned in pain again, her voice weak and soft, but it was still in the dead of night, which did not prevent Ji Qingshan from hearing it.

Ji Qingshan frowned.

"You come out first."

"I can't get out, I can't even stand up."

"You stand up holding on to the wall and then come out."

"My hands are not that long, I really can't stand up, oops." Li Jiaojiao pretended to stand up but couldn't. She groaned in pain again and lay on the toilet without moving.

Ji Qingshan felt a little nervous outside.

"You come out and I will treat you."

"I can't get out. Ouch, it hurts so much, I'm going to die." She was so angry that she seemed to be dying.

Ji Qingshan was inexplicably flustered.

"You have to come out so that I can treat you." Now it was Ji Qingshan's turn to beg her to come out.

"I really can't get out. Otherwise, please come in and help me."

"The door is locked." Ji Qingshan gritted his teeth.

"Then I can't walk." Li Jiaojiao suddenly started crying inside, crying and screaming in pain.

"Come out and I'll prescribe medicine for you. You'll be fine soon and there won't be any more pain." Ji Qingshan could only seduce him from outside.

"But I can't even stand up, how can I get out." Li Jiaojiao cried, feeling very happy in her heart.

Hmph, you bitch, I asked you to insult me. This time, I will also make you anxious and beat you to death!

Chapter 1405: Li Zhenting's strength and loving wife 131

"If you don't come out, I will pick the lock." Ji Qingshan listened to her cry and felt that she could not delay it any longer, so he had to say seriously, with a bit of threat, hoping that she would stand up and walk a few steps to open the bathroom door. .

"Then pick the lock, I really can't leave." Li Jiaojiao felt that she hadn't done enough for him, so she replied weakly.

Ji Qingshan walked around the bathroom door several times, which was very nerve-wracking.

It's late at night now. Let's call the carpenter to come and make repairs. A woman will be in the bathroom of his duty room. Don't call the carpenter to come and repair it. She won't come out. If something happens then, it will really cause trouble. Smells all over.

After thinking about it for a while, I decided to call the maintenance department.

Not long after, the carpenter came over.

"Open the door quickly, there is a female patient inside." Ji Qingshan said bluntly first, "She had diarrhea and rushed into my duty room. Get her out quickly."

Li Jiaojiao curled her lips inside.

What a **** for being so eager to cut ties with her!

You want to be innocent, no way!

"Okay, let's open the lock right away." The carpenter immediately started to work.

Li Jiaojiao suddenly groaned in pain several times inside, pretended to stumble, bumped into the back of the door, and opened the door suddenly.

"Ouch, it hurts." The door was opened. Ji Qingshan and the carpenter were standing at the door, ready to pick the door lock. Suddenly, the door opened from the inside. Li Jiaojiao screamed in pain, her feet became weak, and she walked towards Ji Qingshan rushed over.

Ji Qingshan had no defense at all, and was instantly thrown backward by Li Jiaojiao, who was rushing towards him. When he stepped back, he just happened to kick the carpenter's tool bag again.

In an instant, he fell down.

At this moment, Li Jiaojiao opened her arms and fell into his arms, her lips pressed against his.

Ji Qingshan's eyes widened. Li Jiaojiao also widened her eyes.

but

When Li Jiaojiao saw Ji Qingshan's eyes widened in fear, she suddenly became interested in mischief. She not only kissed his lips fiercely, but also bit his lips tightly.

Not bad, very sweet, no tobacco smell!

She actually became a little intoxicated for a moment.

"Jiaojiao." At this time, Shen Ning looked around for Li Jiaojiao and saw that the lights were still on in Ji Qingshan's office. He thought she might be here, thinking about the way the two of them looked at each other during the day, Afraid that they would quarrel, he hurried over, but unexpectedly, when he came over, he saw Li Jiaojiao lying in Ji Qingshan's arms. The two of them kissed each other, and they screamed for a while.

The carpenter next to him was also stunned by this.

"You scumbag, get out of my way." Ji Qingshan woke up and pushed Li Jiaojiao away fiercely, turned over and sat up, his face flushed, and he wiped his mouth with his hands.

"Ouch, it hurts." Li Jiaojiao was pushed to the ground by Ji Qingshan and lay beside her wailing.

"Jiaojiao, are you feeling better?" Shen Ning was worried about her and hurriedly ran over to help her up.

"Cousin, my stomach hurts so much. I've had diarrhea all day and all night, but Professor Ji didn't give me medical treatment, and bullied me and locked me in the bathroom. I'm in so much pain." Li Jiaojiao cried bitterly while holding Shen Ning. Tears.

"Don't cry, I'll ask for you." Shen Ning was frightened by Li Jiaojiao's pitiful appearance, and hurriedly patted her shoulder and comforted her with gentle words.

Li Jiaojiao lay in Shen Ning's arms and stuck out her tongue, crying even louder.

"Professor Ji, could you please prescribe some medicine for Jiaojiao? A girl has been having diarrhea for so long, and her intestines will be broken if she continues to have diarrhea." Shen Ning stood up and walked to Ji Qingshan's side and begged.

Ji Qingshan had just washed the lips bitten by Li Jiaojiao's kiss with water, and was still wiping them with a tissue. He was very angry, but when he saw Shen Ning begging him like this, he realized that he should handle the matter properly, otherwise, he would have to deal with it again. It would do him no good to continue the quarrel.

Chapter 1406: Li Zhenting's strength and loving wife 132

"Let her beg me." Ji Qingshan threw away the paper and said with a cold face.

"This is not good." Asking a girl to ask him for medicine looked like begging. Shen Ning's smile was uglier than crying.

Ji Qingshan insisted that she had seen her, and said with a gloomy face: "Ning Ning, you don't know, she scolded me and even scratched my face. Shouldn't you apologize and beg me?"

Shen Ning was stunned for a moment. After looking at Ji Qingshan's face, she realized that his face was scratched to pieces by the wild cat Li Jiaojiao. She couldn't help but feel funny and angry.

"Jiaojiao, please apologize to Dr. Ji and say something nice." She came over to persuade Li Jiaojiao again.

Li Jiaojiao cried so hard: "Cousin, do you know why I arrested him? He deserves it."

Shen Ning saw that her lips were all white, and felt a little distressed, so she whispered: "A good man doesn't suffer the consequences of the moment, he just talks about it, apologize first and then talk about it."

Ji Qingshan stood there like a mountain and said in a cold voice: "You are not going to apologize, are you? Very good, then I will go to the ward for rounds. Let me tell you, only I can cure your disease. You can do whatever you like, if you like." If it hurts, then let it go."

After he finished speaking, he turned around and left.

Shen Ning was anxious and hurriedly pushed Li Jiaojiao.

Li Jiaojiao was in unbearable pain and could only say: "I'm sorry, Professor Ji, it's all my fault. Please help me see a doctor!"

Ji Qingshan deliberately pretended not to hear and continued walking.

Li Jiaojiao said loudly again.

He stopped and turned around slowly, with a victorious smile on his lips.

"For Ningning's sake, I'll prescribe you some medicine. Take it and get out of here." He walked to his desk and turned on the computer. With a few clicks, the prescription list came out of the printer. Putting it on the desk, he turned around and left.

Li Jiaojiao picked up the order and walked out accompanied by Shen Ning.

This matter has come to an end.

In the ward.

Shen Ning went down to pay the money, brought the medicine and gave it to the nurse. The nurse quickly started giving Li Jiaojiao injections.

Shen Ning didn't trust her and stayed by her side to accompany her.

But Li Zhenting woke up in the middle of the night, stretched out his hand and touched it. It was empty. Shen Ning was gone. He panicked, got up in a hurry, and started looking for Shen Ning everywhere.

As soon as he came to the corridor, he happened to meet Ji Qingshan and asked him if he had seen Shen Ning.

Ji Qingshan said with a straight face that Shen Ning was in Li Jiaojiao's ward.

Li Zhenting rushed over immediately.

"Jiaojiao, are you feeling better?" After about ten minutes as the bottle was inserted, Li Jiaojiao's stomach pain gradually disappeared and she no longer needed to run to the toilet. Shen Ning sat beside her and asked with concern.

"Well, it's much better." Li Jiaojiao nodded. It was really miraculous. Ji Mingshou really had two brushes this time, and he could cure the disease with one stroke. He couldn't help but admire him in his heart.

"He is indeed a professor, and he lives up to his reputation." Shen Ning sighed as he watched Li Jiaojiao look better.

"Jiaojiao, are you okay with having diarrhea? At this time, Li Zhenting came over and took a coat in his hand. The autumn night was still a bit chilly.

"Shanshan, Professor Ji just prescribed medicine for her. She is much better now. Professor Ji's medical skills are really amazing." Shen Ning immediately stood up and took Li Zhenting's arm and praised her sincerely. If it wasn't for Professor Ji, how could she have suffered a head injury? It got better so quickly.

"Well, yes." Li Zhenting grabbed her hand, frowned, and said angrily, "Look, your hands are cold. How long have you been here? Put on your clothes quickly."

As he spoke, he put his coat on her body.

Shen Ning smiled: "I have been worried about Jiaojiao and wanted to come and see if she was okay. I just got up in the middle of the night to go to the toilet, so I came here."

"You are not fully recovered yet. If you catch a cold in the middle of the night and cause a brain wound, it will be too late for you to cry." Li Zhenting put his hands together, picked up Shen Ning, turned around and walked out. When he walked to the door, he turned around and said to Li Jiaojiao: "I'll ask a special nurse to come and take care of you. When you're better, go back as soon as possible. Don't come to the hospital again. There's nothing to stay in the hospital."

"Okay." Li Jiaojiao pouted and agreed.

Li Zhenting hugged Shen Ning and left directly.

Chapter 1407: Li Zhenting's strength and loving wife 133

half a month later.

It started to rain lightly that day. Gradually, the rain became heavier and heavier, bringing the chill of autumn.

"Ning Ning, put on your coat quickly." Li Zhenting did not go to work today and stayed with Shen Ning. When Shen Ning came out of the bathroom, he forced her to put on her autumn coat.

"Hi, Beibei." The two little guys were lying in the cradle and chatting excitedly. Shen Ning squatted beside them and looked at them lovingly.

The two little guys smiled directly at her.

Li Zhenting was smiling, squatting next to Shen Ning dotingly, teasing Xixi and Beibei with her.

After a while, the two little guys became impatient and began to cry with their lips curled up.

Shen Ning was heartbroken and rushed to hug them.

"I'll come." Li Zhenting took the two little guys into his arms with one big hand.

"Don't cry, daddy will take you on the swing." He walked around the ward with the two little guys in his arms. From time to time he would lift them up with his hands and swing them up half an arc before taking them back. The two little guys were very novel. Grinning with joy.

Shen Ning stood beside her and smiled with her lips pursed.

After playing for a while, the two little guys got tired. Shen Ning fed them milk powder and fell asleep.

"Ning Ning, can you recall some things from the past now?" Li Zhenting and Shen Ning stood on the balcony and looked at the drizzly sky, asking affectionately.

"I still can't remember." Shen Ning shook his head in disappointment.

"It doesn't matter, think about it slowly, you will remember it one day." Li Zhenting stroked her head to comfort her.

"Shanshan, can you tell me something about what happened to me in the past?" Shen Ning took Li Zhenting's arm and asked with a raised face.

Li Zhenting lowered his eyes and looked at her, silent.

"Shanshan, I really want to know some things from the past. Maybe, after you tell me, I can slowly remember some of them." Shen Ning shook his arm, acting coquettishly.

"Do you really want to know?" "Hmm."

"Then can you accept it? You have to do some ideological work." Li Zhenting was silent for a while and then woke up.

"Don't worry, I'm very strong, I can definitely accept it." Shen Ning nodded affirmatively.

Li Zhenting looked up at the gray sky, his little tearful and sad eyes flashed in his mind. He had promised the children that he would let her meet mommy after a while. These things must not be hidden. Children's mental health is also not good.

Now Shen Ning wants to know, then tell her.

"Ning Ning, listen carefully, let me tell you, you have three children, their names are Coco, Ding Ding and Xiao Xiao." After a while, he spoke solemnly.

Shen Ning was stunned.

"I still have three children? How could I have given birth to so many children?" After a while, she said in great surprise.

"Yes, you gave birth to two babies in total, one with three babies, and one with a dragon and a phoenix, a total of five children. Can you accept it?" Li Zhenting looked serious.

"Really?"

"Of course it's true. You told me that you could accept it, right?" Li Zhenting looked at her nervously.

"Well, I can, but where are they?" After a while, Shen Ning digested the fact and asked anxiously.

"They are in kindergarten and go back to their grandparents' house after school in the afternoon. They ask about your condition every day and are very concerned about you, especially Xiaoxiao. They even cry thinking about you.

Shen Ning's heart felt a dull pain as if she heard the cries of the little ones.

"I'm going to find them." She turned around and ran away.

"Ning Ning." Li Zhenting held her back, "Don't worry, the children are in kindergarten and you won't see them if you go."

Chapter 1408: Li Zhenting's strength and loving wife 134

Shen Ning was stunned for a moment.

Suddenly a very serious question came to mind, and he raised his head and asked: "Shanshan, you said I gave birth to Coco, Ding Ding and Xiao Xiao, so who are their fathers?"

Li Zhenting was startled for a moment, then asked with a smile: "Who do you think it could be?"

"Shanshan, don't laugh, tell me quickly." The sudden appearance of the three children made her heart beat wildly. She was worried about what other men she had had with Shanshan before she lost her memory. She didn't want to be with Shanshan. There is no stain on love.

Li Zhenting hugged her into his arms and replied gently: "Little fool, of course I am the father of the three children. We have five children, do you understand?"

Shen Ning felt relieved.

Fortunately, their love has always been beautiful and pure!

"Great, I can completely accept them. I want to go see them later." She leaned against his chest and smiled.

"Okay, the kids miss their mommy too." Li Zhenting readily agreed. Seeing that Shen Ning didn't reject his kids, he was very happy and relieved.

The two of them leaned together and exchanged many affectionate words before returning to the ward.

afternoon.

Shen Ning was packing her things to go to kindergarten with Li Zhenting to pick up Coco, while Ding Ding and Xiao Xiao went home.

Sudden

The door of the room was dark.

Li Zhenting was seen striding in with fresh roses in his hands and a smile on his face.

"Shanshan, where did the roses come from? What makes you so happy? Shen Ning couldn't help but ask curiously.

"Ning Ning, of course the rose is for you. Congratulations, you can be discharged from the hospital." Li Zhenting put the rose in front of her and said happily.

"Can I be discharged from the hospital?" Shen Ning blinked and asked excitedly.

"Well, Professor Ji said that your head trauma is no longer a problem and you can be discharged from the hospital."

"Oh." Shen Ning nodded, took the flowers, put them under his nose and smelled them, "It smells so good."

"happy?"

"Well, happy."

"By the way, Shanshan, did Professor Ji say when I can recover my memory?" Shen Ning asked.

"No." Li Zhenting shook his head, "He said that you can only restore your memory slowly. He asked me to take you to more familiar places in the future to slowly restore your memory. He will prescribe some medicine for you. Going back."

"Okay." "You guys pack your things quickly. We will be discharged from the hospital soon. The procedures have been completed." Li Zhenting ordered the two special nurses.

"Okay." The two special guards agreed and immediately started cleaning up.

after an hour.

Li Zhenting was carrying large and small bags, and Lengxue also came to help.

Shen Ning and Special Protector each held a child, while the other Special Protector carried the children's belongings.

The group of people walked outside happily.

Downstairs.

The rain has stopped, the sun has come out, and the autumn air is crisp.

The Rolls-Royce is parked at the gate.

Lengxue put away his things in advance and opened the car door.

"Ning Ning, be careful." After Li Zhenting put down his things, he immediately came over to help Shen Ning get into the car, and two special guards followed.

Soon, the car drove towards the street.

In the corner downstairs of the hospital, a woman who looked exactly like Shen Ning was hiding there, jealously looking at Shen Ning who was loved and cared for by Li Zhenting, with a dark light of jealousy in her eyes.

Shen Ning, you are so lucky!

Li Zhenting now regards you as a treasure in his hand, how can you be so happy?

"Meimei, why did you come here?" Lan Feiyun and Shen Mei came to the hotel for dinner. Unexpectedly, they didn't see Shen Mei after a while. She was worried that her identity would be exposed, so she immediately looked everywhere. After a while, she finally Found here and saw her.

"Mom, all Li Zhenting's thoughts are on Shen Ning and the children she gave birth to. He is indifferent to Lanlan. When Lanlan and Xiaoxiao have conflicts, he only criticizes Lanlan. Lanlan always complains to Lanlan. I cried several times." Shen Mei's face was dark and her eyes were full of jealousy.

A few days ago, because Lanlan was reading Xiaoxiao's novel, her mother was pushed from the back mountain and fell to her death on the cliff, causing Xiaoxiao to cry bitterly.

Later, Sister Wang told Li Zhenting about the incident, and Li Zhenting immediately criticized Lan Lan, punished her to write a reflection, and sent Lan Lan back to the Li family castle that night.

Lan Lan was so angry that she told Shen Mei about the incident and cried sadly on the phone.

Shen Mei felt sorry for her daughter, so she was jealous and hated Shen Ning.

"Mom, if Shen Ning doesn't leave, Lan Lan will not be happy. The Li family's property has nothing to do with Lan Lan. Li Zhenting will listen to Shen Ning in everything now. I must fight for Lan Lan's happiness." Shen Mei said unwillingly. Open your mouth.

"Why are you anxious? Haven't you become Shen Ning now? What are you worried about? What else can't be done like this? Leave quickly, don't be discovered, otherwise the target will be leaked before the matter begins. ." Lan Feiyun grabbed Shen Mei and walked towards the hotel.

At the entrance of Blue Whale Kindergarten.

"Shanshan, are those Keke, Dingding and Xiaoxiao?" Shen Ning asked anxiously while sitting in the passenger cab looking at the three cute little guys standing side by side at the gate.

Since he was discharged from the hospital and returned home, there were many things to do, and the two little guys were noisy, which delayed some time. When Li Zhenting rushed over with Shen Ning, the three little guys were already standing outside the door waiting.

"Yes, it's them. From left to right, they are Keke, Dingding and Xiaoxiao." Li Zhenting explained.

"I actually have three children of this age." Shen Ning's fingers were twisted into a ball, and she felt excited and complicated. She really didn't know what else she had experienced in the past.

"Yes, I didn't expect it." Li Zhenting glanced at her with a smile, and the car slowly stopped.

"Daddy." As soon as the three little guys saw Daddy's car, they immediately ran towards him.

"Hurry down and greet them." Li Zhenting smiled at Shen Ning.

Shen Ning immediately opened the car door and walked out.

"Mommy." The three little guys originally only expected to see Li Zhenting, but they didn't expect to see the mommy they had dreamed of. They were all so surprised that they ran towards her cheering.

It wasn't until the three little guys called out "Mommy" and all rushed to hug her thighs and throw themselves into her arms that Shen Ning was convinced that she really had given birth to three more children.

They were so close, so natural. Shen Ning felt strong affection just after seeing them. The feeling was exactly the same as seeing Xixi and Beibei, and even closer than them. After all, she had spent more time with them in the past.

Moreover, Ke Ke and Ding Ding have faces that are exactly the same as Li Zhenting's, and their small faces are very much like her own. Does she still have to doubt anything? "Mommy, have you recovered from your illness?" Xiaoxiao sat in Shen Ning's arms in the car and asked with concern, her eyes were red. She missed her mommy so much during this period, especially when Lan Lan said that her mommy was raped by a bad person. She was pushed down the back hill and fell to death. Her heart was shattered. Now she finally saw her mommy. She was really relieved.

"Okay, little boy." Shen Ning replied immediately with a smile.

"Mommy, I love you so much." Xiaoxiao lay in her arms, very happy.

Shen Ning kissed her little face.

The car was filled with warmth and the family was very happy.

night.

Coco, Ding Ding and Xiao Xiao had to sleep on Shen Ning's big bed. Considering that the children had not been with their mother for too long, Li Zhenting agreed.

There were so many guest rooms and even his own large bedroom, but he didn't want to leave Shen Ning and the children, so he opened an iron frame bed next to it and slept next to it to keep them company.

From time to time Coco and Ding Ding would climb up from Shen Ning's bed to his iron frame bed and have fun. Xiao Xiao would help take care of his younger siblings, and sometimes he would come over and get into trouble with Coco and Ding Ding, which was very lively.

Li Zhenting looked at all this with satisfaction and felt so happy.

Next, Shen Ning tried her best to adjust herself to the life of the Li family. In her subconscious, she was already a member of the Li family. She visited the old man and the old lady every morning, and then took the children for a walk in the garden. Sometimes I accompany Li Zhenting to pick up and drop off the children. Everything goes according to plan and is very comfortable.

No one in the old man's villa dared to talk about the past behind his back. Li Zhenting loved Shen Ning very much and made time to spend with her and the children every day.

The rosiness on Shen Ning's face became more and more rosy.

Chapter 1410: Li Zhenting's strength and loving wife 136

This morning, Shen Ning pushed Xixi and Beibei for a walk on the boulevard, with two special guards following him.

Autumn is crisp, the sky is blue and white clouds are floating.

Shen Ning was in a good mood, and the two little guys were also very happy, talking baby talk from time to time.

When she pushed the two little guys to a flower bed, a woman in her fifties walked towards them.

The woman wears a soft and comfortable mohair sweater on the upper body and a loose satin skirt on the lower body. She looks very fashionable, elegant and charming.

Shen Ning looked at her and didn't recognize her.

She thought this must be an elder of the Li family.

She smiled politely at her.

The cold and sinister light in Liang Ruqi's eyes flashed away when she saw Shen Ning, and soon her face was filled with an affectionate smile.

"Ning Ning, are you discharged from the hospital?" She came over and greeted her warmly.

"Well, who are you?" Shen Ning didn't know how to greet her and was very reserved.

"Ning Ning, don't you recognize me?" Liang Ruqi smiled. The face of the woman in front of her was blank. She didn't seem to be pretending at all. It seemed that what others said was true. Shen Ning had been stupid and had completely forgotten the past. ,hey-hey!

"Auntie, what do you call me? I'm sorry, I don't remember much about the past." Shen Ning smiled awkwardly.

When the two special nurses saw Liang Ruqi, their faces changed. They had heard more or less about Shen Ning during this period. They hurriedly said politely: "Madam, the young lady and the children have been out for a long time. It's time. gone back."

After saying that, they wanted to accompany Shen Ning to push the child back.

"Hey, what's the rush? I'm just going to talk to my niece-in-law, there's nothing to delay." Liang Ruqi immediately stopped her, and then asked: "You guys said, "Young lady, are Shen Ning and Li Zhenting married now?"

The two special guards could not answer for a while.

"If you are not married, you can only call her Miss Shen. Not everyone in our Li family can call her Miss Shen. Besides, calling her like this will also have an impact on Miss Shen's reputation. She is still young. In the future, You still have to get married." Liang Ruqi corrected her seriously.

The two special guards didn't know what to say for a while. After all, this was their Li family's family matter. They were just outsiders, so they didn't say anything at the moment.

When Shen Ning heard this, her face turned red and her whole body shrank as if she had been stabbed by a thorn.

"Ning Ning, I'm sorry. I'm doing this for your own good, so don't mind." At this time, Liang Ruqi looked at Shen Ning as if nothing had happened, pulled her aside and whispered, "Although you and Zhen Ting have five children. , but he has always been unwilling to marry you. You are a woman, and you will suffer a loss by following him without a name or status. Not to mention that you have given birth to five children for him. He did not want you for other women twice before, and he did not want to Marrying you means you have no name or status now. As a woman, you have to be careful and don't be too stupid. I'm kindly reminding you."

She looked at Shen Ning secretly as if she was thinking about her.

Shen Ning's face suddenly turned very pale.

The two special nurses didn't hear clearly what Liang Ruqi said to Shen Ning, but seeing that Shen Ning's face looked wrong, they didn't dare to stay any longer for fear of Li Zhenting's accusation. One of them took the double recliner for Xixi and Beibei from Shen Ning and turned around. Pushing him over, the other one helped Shen Ning away.

Shen Ning's mind was buzzing, she was in a daze, and she was listless. She was completely different from the cheerful woman just now.

Liang Ruqi looked at her back with a sinister smile on her lips.

She tested her with these words, and it turned out that she couldn't remember the past, and she couldn't even remember the person who harmed her. What's the difference between this and a fool? What else can you do?

Shen Ning, Shen Ning, just ask for your blessings. I want to see how long Li Zhenting can protect you!
