

## Troublemakers 1461

### Chapter 1461: wedding 39

"Cousin, what's going on?" The nearby security guard ran over immediately.

"Who was here just now?" Li Jiaojiao asked, pointing to the place where the red envelope was placed.

The security guard looked at it and was a little confused: "Ms. Cousin, there are a lot of guests today. I didn't notice this specifically. What happened?"

"My money has been stolen." She gritted her teeth and yelled.

Any \*\*\*\* who dares to steal my red envelope will have his body cut into thousands of pieces and sent to the 18th level of \*\*\*\* after death!

Li Jiaojiao clenched her fists in anger.

"Money? How much money did you lose?"

"I don't know, it's a lot of money anyway." She cursed angrily, "What do you do for food when you go to work? You can't even detect a thief."

The security guard felt aggrieved and said: "Ms. Cousin, all the gates are heavily guarded today. You can't get in without an invitation. We are responsible for a wide area. It's really hard to see through this small place. I don't think there are any thieves." If something like this sneaks in, you can think about it again and see if you misplaced your money, or go look for it again."

"I'll go." Li Jiaojiao was so angry that she kicked him. "My red envelope is just here. Is there anything wrong with this? You guys don't have strict security and you are still looking for excuses here. Damn it."

The security guard did not dare to resist.

Li Jiaojiao angrily went to the security captain and asked to check the surveillance camera. However, the luncheon was about to start and the security captain was so busy that he couldn't be found.

Li Jiaojiao felt so sorry for her missing Grandpa Mao. She had always had no resistance to delicious food and now she had no appetite. She sat down on the ground and wanted to cry.

At this time the mobile phone rang.

"Jiaojiao, the wedding ceremony is about to begin. Come quickly, bring Coco, Ding Ding and Xiao Xiao."

"Okay, I'll come right away." When Li Jiaojiao heard this, she had no choice. If she couldn't complete this task, Li Zhenting would definitely lose the one million. Compared with the red envelope of 60,000 to 70,000 yuan, this is the big one.

She first sent Lan Lan to the reception room and let her eat pastries there, and then ran out to find Coco, Ding Ding and Xiao Xiao. But these three little ones ran away without knowing where they were.

She had no choice but to run and search. When she rushed to the stage behind the conference room out of breath, she saw Coco wearing a beetle crookedly and suspenders full of flowers. She looked nondescript, but her \*\*\*\* was good, and she was wearing a sky blue suit. , extremely handsome and cool, and what frightened her the most was that the crown on her little head was missing, and she wore a temporary fluffy one, with colored paper still stained on her skirt.

She was scared out of her wits.

You must know that the crown on the little head is made of real gold and silver. It is an heirloom jewel of the Li family.

“Xiaoxiao, where is the crown on your head?” She rushed over and asked anxiously.

“I don’t know, what was there just now disappeared in a moment.” Xiaoxiao cried.

It’s over, it’s over!

Li Jiaojiao felt that her eyes were getting dark.

If this crown is lost, don’t even want the one million, I’ll probably have to pay for it!

At this moment, the hostess walked onto the stage and began to announce that the bride and groom were about to take the stage.

The person in charge of the wedding company on the side immediately took the three children over. Li Jiaojiao didn't even have time to sort out the mess for Coco and Xiaoxiao.

As the accompaniment sounds.

Li Zhenting took Shen Ning's hand and slowly walked towards the stage.

Behind her, Coco held up her mother's wedding dress with one hand and put her other hand into her trouser pocket, walking like a model, wearing a beanie hat crookedly on her head. Her unusual cuteness and comedy made the guests in the audience burst into laughter. Tintin walks in a regular manner, just like a little gentleman, and the little velvet wraps around his little head, and the little white dress is as beautiful as a little princess.

In just an instant, the popularity of the three little guys surpassed that of Li Zhenting and Shen Ning, and they became the shining stars in the audience.

The atmosphere quickly reached its peak.

## **Chapter 1462: wedding 40**

The living room of the Shen family.

Shen Mei was sitting in front of the large TV screen in the living room, watching the live broadcast of the unprecedented wedding scene, her teeth almost biting her red lips.

Shen Ning is so happy!

How is this possible!

She stood up slowly, walked to the floor-to-ceiling mirror in the bathroom, and took off her clothes little by little. Finally, she stood naked in front of the mirror, stroking her body with her hands, admiring her graceful figure. , closing his eyes and imagining the scene of being in love with Li Zhenting tonight, the skin all over his body quickly turned pink.

As soon as Lan Feiyun came back from outside, she received a call from Liang Ruqi.

"Mrs. Shen, when do you plan to take action? I'm in the Li family's castle now. If you need my cooperation, just ask." Liang Ruqi looked at the happy faces of Li Zhenting and Shen Ning and was filled with hatred. She wished that Lan Fei Yun Mu and her daughter acted as monsters as soon as possible to deal with Shen Ning.

Lan Feiyun raised her eyebrows and said, "Mrs. Li, today is a happy day for your Li family. It would be inappropriate for us to act now."

"Ah, bah, that was their happy day, not mine. I just want them to turn today into their death anniversary." Liang Ruqi pouted and spoke viciously.

How vicious!

Lan Feiyun sneered mockingly and said lightly: "Mrs. Li, no matter what, it is a happy event for your Li family. This matter cannot be rushed."

Liang Ruqi wanted to hold her hostage and make the mother and daughter her pawns.

Liang Ruqi, who has always thought highly of herself, was not willing to be taken advantage of by her.

Tonight, of course they have to take action, but it has nothing to do with Liang Ruqi!

Naturally, she won't tell her about her plan.

"Mrs. Shen, don't forget. I could have told you about your mother and daughter at the police station that day, but I hid it because I hoped we could cooperate well. I hope you don't let me down." Liang Ruqi Knowing Lan Feiyun's treachery, she finally warned him uneasily.

"Thank you, Mrs. Li, for showing mercy." Lan Feiyun had a disdainful smile on her face, but her voice was extremely sweet. She understood what Liang Ruqi meant. This was a warning to her. If she didn't cooperate with her and act as her pawn, she might expose their conspiracy at any time and let them get nothing!

This is what Lan Feiyun is most worried about. Of course, he doesn't dare to offend her openly, but all this is also under her calculation, and she is not that worried.

Li's Castle.

The wedding banquet was held in a lively and festive atmosphere, and everyone started to have lunch.

But Li Jiaojiao was not in the slightest mood to enjoy the rich meal.

Now not only is her red envelope lost, but also the crown on her little head is missing. What should I do?

She took a few bites of her meal without any thought, then hurried away to find the security captain.

This time we found Captain Liu, the security guard. Captain Liu's face changed color when he heard about these things.

Li Jiaojiao's red envelope was a small matter, but the crown on her little head was not a trivial matter. It was from precious jewelry. He immediately led several security guards to check the surveillance.

As a result, nothing was found.

Li Jiaojiao felt even more depressed, walking along the roadside with an ugly face.

"Qingshan, have you eaten well?" Not far away, she suddenly heard the charming voice of a woman in front of her. She looked up and saw Chen Qianqian wearing a \*\*\*\* dress, walking side by side with Ji Qingshan. Smiling as she walked, her eyes suddenly became cold. Just as she was about to turn around and leave, she saw Ji Qingshan looking towards her, with obvious gloating in his eyes.

She was stunned for a moment, and suddenly thought of something.

When I just checked the surveillance, I saw Ji Qingshan passing by. Although I didn't see him taking the red envelope, he actually passed by that area.

Damn it, he must have stolen it!

#### **Chapter 1463: wedding 41**

"Hmph." She snorted heavily, crossed her arms across her chest, and shot Ji Qingshan with her eagle-like eyes. If she could hide knives in her eyes, Ji Qingshan would have been hacked by her countless times.

Ji Qingshan was immediately stared at by Li Jiaojiao and felt cold.

I didn't expect this crazy girl to have such a sharp side, and my eyes couldn't help but dodge.

"Hello, Miss Li." A smile appeared on Chen Qianqian's face, and she came forward to say hello.

"Not good." Li Jiaojiao's eagle eyes moved to Chen Qianqian's face, and her thin lips uttered two hard and cold words.

"Miss Li, what happened? Why is it bad?" Chen Qianqian has always been calm and at ease in front of Li Jiaojiao. Now she seems to have changed. She is a little surprised inside, but the smile on her face Charming, asked immediately concerned.

"I'm so disgusted by a scumbag and a bitch." Li Jiaojiao left a sentence and walked away.

Chen Qianqian looked at her back with a cold look in her eyes.

As night falls, the most lively dinner party is coming.

But Li Jiaojiao no longer had the enthusiasm to play around, so she sat outside in the cool air and brought a few bottles of red wine, drinking alone.

The red envelopes that I had worked so hard to grab during the day were gone, and even the crown on my little head was lost.

Li Zhenting has already said that if she cannot get the crown back, not only will she not get a penny, she will also have to pay compensation.

Li Jiaojiao's parents also came. When they found out about this, they scolded her and ordered her to find the crown. Otherwise, she would have to work to earn money for her tuition and living expenses in the United States.

And the Li family didn't have such a rare thing to compensate Li Zhenting.

"Oh, my life is so miserable." Li Jiaojiao drank one cup after another, and her cheeks turned red after a while.

What kind of world is this? She obviously tried hard to get things done, but instead she fell into debt. It was so sad!

At the banquet, Lan Lan walked out holding a round belly.

After eating all day today, her little belly can no longer hold anything else. She burped and just walked out when the phone and watch on her wrist rang. When she lowered her head, she saw it was her mother, Shen Mei, calling.

"Mommy." She answered and burped again.

"Lan Lan, have you opened the small west gate?" Shen Mei's car stopped on the street one kilometer away from the west gate of Li's Castle and she called Lan Lan.

Lanlan was stunned when she heard this.

What's worse, she forgot about it because of her gluttony.

"Mommy, I forgot, I'll go and drive it now." She replied immediately.

Shen Mei's face turned dark.

"Lanlan, don't you want to see Mommy? Don't you want Mommy anymore? Why don't you care so much about what Mommy tells you to do?" she asked seriously.

"Mommy, I miss Mommy. I want to see Mommy. I'm sorry. I'll go and drive now. Don't be angry." Lan Lan took out the key from her pocket with a crying voice and walked towards the west door with small steps. The wicket ran.

At this time, it was already dark, and everyone was eating and listening to music in the banquet hall. It was so lively that no one paid attention to Xiao Lanlan.

Even if the nearby security guards saw Lan Lan, they would not ask anything. After all, Lan Lan is the little princess of the Li family and has always been able to come and go freely.

"Be good, then go and drive right away. We will meet soon. You can't let others see it, you know?" Shen Mei warned her carefully.

"I know, Mommy, they are all going to see the bride, no one will care about me." Lan Lan felt disappointed.

These days, she really felt that she was being left out.

"Well, it's okay. Mommy will come to see you later. Mommy will sleep with you tonight." Shen Mei comforted her.

Lan Lan quickly ran to Xiao Ximen.

#### **Chapter 1464: wedding 42**

Lanlan took out the key.

only

Xiao Ximen's door was not often opened, and the keyhole was a bit high. She stood on tiptoe for a long time without opening the key, and even the lock hole was not aligned. She was panting from exhaustion.

She has never done any work, let alone opened a door, so her hands-on ability is very weak.

"Lanlan, are you ready? Our car will be here as soon as it's ready." Shen Mei called after a while and asked.

Lan Lan was so tired that her neck and hands hurt, and she suddenly burst into tears.

Shen Mei panicked.

"Lan Lan, can't you even open the door?" she asked anxiously.

"Mommy, I really can't open it." Lan Lan cried out of breath inside.

"What should I do?" Shen Mei looked at Lan Feiyun with a panicked face.

"Hey, a five or six-year-old child is unreliable." Lan Feiyun shook her head, and had no choice but to call Liang Ruqi.

"Leave this matter to me." After receiving the call, Liang Ruqi immediately sent her confidants to the west gate and opened the door.

Shen Mei drove towards Li's Castle.

Beside the pavilion.

"My Grandpa Mao, where have you been?" After a while, Li Jiaojiao became dizzy from drinking, lying on the stone table, slapping her hands on the tabletop and wailing, "Crown, where have you been? Please show up quickly, okay? Don't scare me, a little girl, I won't scare you."

"Do you like money so much?" She was drinking and crying alone. After making trouble for a while, a man came to her and asked with a gloomy face.

"Who doesn't like money? Don't you like money?" Li Jiaojiao shouted with a wave of her hand and glanced sideways at the man in front of her.

Under the bright street lights, the man is wearing a peaked cap, with fair skin and sharp features.

"Who are you? Why do you look so much like that stupid Jijing beast?" Li Jiaojiao opened her eyes wide with her hands and shouted at Ji Qingshan angrily.

Ji Qingshan's lips twitched for a moment.

In fact, he has been paying attention to Li Jiaojiao since he took away her red envelope.

After all, he was the one who took her things and was the one who started this prank.

If something happens to her out of mind, it will make his conscience uneasy. Although there are some minor frictions between them, there is no deep hatred.

After an afternoon of observation, he discovered that she really loved money, so much that she loved it!

Such a cheerful and smiling girl became depressed and depressed after the red envelope was taken away by him. The tragic situation made him suspect that she was about to commit suicide by slitting her wrists. Although she has not committed suicide yet, she just drank herself. With Gan's depraved appearance, there's no guarantee that he won't make any extraordinary moves next.

He couldn't bear it anymore and walked up.

"Money is a good thing, but a gentleman loves money in a proper way. I don't love money as much as you do, as long as it is enough." Ji Qingshan sat down opposite her.

"I am guilty of loving money. If I had no money, what would I eat or use?" Li Jiaojiao stared at him as if he were an idiot, picked up the beer next to her and poured it into her mouth.

"That's enough." Ji Qingshan reached out and snatched the beer bottle from her hand, threw it to the ground, and said, "Tell me how much money you lost, and I'll give it to you."

He took out his mobile phone and wanted to transfer it to her. He had taken the red envelopes originally, and he was embarrassed to return them to her. It was a good choice to let her not pursue them in this way.

"Ah, who do you think you are? Why should I ask for your money? Get out of here, you are as disgusting as that \*\*\*\* Ji Jingshou." Unexpectedly, Li Jiaojiao slammed the table and shouted angrily.

#### **Chapter 1465: wedding 43**

"Hey, are you noble and honest now?" Ji Qingshan sneered coldly, "Don't you love money?"

"It's none of your business whether I love money or not. I love money, but not everyone's money. Go away. I don't need other people's money, unless it's my cousin's money." Li Jiaojiao waved. She waved her hand and told Ji Qingshan to get out of here. She was in no mood to entertain strangers.

Ji Qingshan looked at her for a while, picked up a bottle of beer and said, "Why don't I have a drink with you."

What Li Jiaojiao wanted to drink most at this time was wine. Seeing that he was willing to accompany him, she immediately opened a bottle of beer and said, "Here, drink."

"Drink." Ji Qingshan clinked glasses with her, raised his head and drank.

Seeing how happy he was drinking, Li Jiaojiao didn't chase him away. Anyway, he was in a depressed mood, so it would be nice to have someone to chat with.

The two of them drank.

Not long after, Ji Qingshan was so drunk that his face turned red.

Li Jiaojiao's tongue was curling up.

"Why do you like money so much? Your Li family has a lot of money." Ji Qingshan opened another bottle of beer and asked.

"What do you know? The Li family's money is not my money. My brother and I can only receive some living expenses every month. This is the Li family's rule." Li Jiaojiao rolled her tongue and said, "My brother doesn't have any. Career, I'm still studying, where will the money come from?"

"Oh, that's a little less, but you don't need so much money, right?" Ji Qingshan replied.

"I don't have that much money. I just blackmailed some from my cousin." Li Jiaojiao rolled her eyes at him.

"Why do you want to blackmail it from your cousin? You can also ask it from your parents?"

"What do you know? My cousin is the richest man in the imperial capital. He has plenty of money and is not lacking in this. Moreover, my cousin has always been very kind to me. He even gave me a gold card before and let me spend it as I like. My dad Mom is stingy."

"Oh, it turns out that your cousin taught you how to be generous. Then he deserves it if you extort money from him."

"But now the money is getting harder and harder to squander." Li Jiaojiao cried sadly.

Ever since the last time she and Li Zhijun deceived her cousin to go to Li's compound and almost killed her, Li Zhenting's impression of her had become worse and worse. He not only confiscated her gold card, but also gave her money. There are many restrictions, and even eating depends on his face.

"Hey, life is hard anyway." Li Jiaojiao sighed and poured another sip of red wine into her mouth. "Then why don't you think of making money yourself?"

"I have no start-up capital, and my parents only let me study hard and don't let me go into business to make money for the time being."

"There's still some trouble."

...

The west gate of Li's Castle.

Shen Mei wears a big mask, her eyes are covered by a pair of big sunglasses, she has a ponytail and dark hair, and she looks very pure.

Lan Lan was guarding the door. When Shen Mei opened the door and came in, she looked at her in a daze.

The mother she remembers used to have wavy hair, and her clothes were very fashionable and trendy, not as plain as now.

Is this still her mommy?

"Lan Lan." Shen Mei came in and immediately held her chubby hand.

"Mommy, is it really you?" Lan Lan looked up at her, a little unsure.

"Of course it's me." Shen Mei smiled, "What? You don't even recognize Mommy?"

"Mommy, I don't recognize you." Lan Lan was very happy when she heard the voice and was sure it was her mommy.

"Let's go back to your room first." Shen Ning led her inside.

Lanlan is very happy and jumping up and down.

Along the way, a security guard saw them. Because Lan Lan was there and they were holding hands and very intimate, the security guard would not question them.

The two of them got into the elevator smoothly and arrived at Lan Lan's bedroom.

#### **Chapter 1466: wedding 44**

"Who are you?" As soon as the two returned to the bedroom, Shen Mei immediately locked the door, took off her mask, and took off her sunglasses. Lan Lan looked up, startled, her face changed color, and she was immediately frightened. asked.

Isn't this Aunt Shen Ning? How could she pretend to be her mother?

Lanlan was very scared.

"Lan Lan, I am your mommy." Shen Mei picked up Lan Lan, walked to the mirror, and said seriously: "Do you think I look the same as your Aunt Shen Ning now?"

"Yes, you are not my mommy, you are Aunt Shen Ning, you are lying to me." Lan Lan looked at the face in the mirror that was exactly the same as Shen Ning's and cried, "You are a bad aunt, pretending to be my mommy Lie to me and I won't like you."

"Shush, be good, don't talk." Shen Mei kissed Lanlan quickly, put her index finger to her lips and shushed, signaling her not to cry.

"Lanlan, I am really your mommy. Does your voice sound like mommy's?"

Shen Mei asked, deliberately raising her voice a little high.

Lan Lan couldn't make up her mind after hearing this.

"Lan Lan, look, mommy has a fetal spot on her arm, do you think it is?" Shen Mei put the fetal spot on her arm in front of Lan Lan's eyes.

Lanlan touched it carefully and made sure it was her mother.

"Mommy, why do you look exactly like Aunt Shen Ning?"

"Lan Lan, Mommy tells you that Mommy has undergone plastic surgery to look like Aunt Shen Ning. From now on, Mommy will replace her and stay here with you and Daddy every day, do you understand?"

"That's right." Lan Lan was surprised, "Then there will be two Aunt Shen Ning here in the future?"

"Yes, sometimes it's me, sometimes it's her." Shen Mei smiled darkly.

"Mommy, how do I know which one is you and which one is her?" Lan Lan's face was confused.

"Look, Mommy is wearing a jade ring on her hand. As long as you see this, you will know it is Mommy." Shen Mei hugged Lan Lan and sat down on the bed, whispering, "Don't worry, Mommy will take over for you from now on." You deal with those bad guys. If anyone dares to bully you, mommy will beat him and make sure you live a princess-like life." Lan Lan's eyes flashed.

"Mommy, will Daddy find out?" she asked with some fear.

"That's why Mommy needs your help." Shen Mei looked serious, "Now that Mommy has turned into Aunt Shen Ning, no one knows about it, so you must not tell it, understand? Especially I can't tell your dad and grandma."

"Why?" Lan Lan stared for a long time but couldn't come to her senses.

Seeing her daughter's slow reaction, Shen Mei became anxious and asked with a sullen face: "Lan Lan, do you like mommy to stay here or do you like Aunt Shen Ning to stay in this home?"

"Of course I like mommy to stay at home."

"That's right, now your dad loves your Aunt Shen Ning wholeheartedly. If he knows that mommy is pretending to be Aunt Shen Ning, then mommy will be finished. Your dad will definitely beat me to death. In the future I will never be able to appear in front of you, and you no longer have your own

mother to protect you. In the future, you will not be able to share your father's property, so mommy is here just for you, do you understand?" Shen? Mei explained solemnly.

"Oh, I understand. Don't worry, Mommy, I won't tell anyone." Lan Lan nodded repeatedly.

"Well, this is a good boy. This way, mommy can help you get revenge, and your daddy will only love you."

"Thank you, Mommy."

Shen Mei smiled happily when she saw that Lan Lan finally understood.

"Lanlan, if you want to act according to my eyes in the future, you must help mommy at critical moments, so that mommy can stay here for a long time, and you will have mommy with you."

"Well, okay, Mommy, I will help you."

"My baby is so good." Shen Mei kissed Lanlan hard and whispered a few words in her ear, then she felt relieved.

#### **Chapter 1467: wedding 45**

At the banquet.

"Zhen Ting, drink less." Li Zhenting was in a good mood today. Under the persuasion of a group of buddies, he drank a lot and walked a little unsteadily. Shen Ning saw it and was anxious in her heart, and whispered. .

"It's okay, I won't get drunk." Li Zhenting put his arm around her waist and whispered in her ear, "Tonight is our wedding night, I will stay energetic."

"You..." Shen Ning's face turned red. She didn't mean that at all! She was just worried about his health!

Li Zhenting laughed loudly.

At this time, another friend came to toast, and Shen Ning looked at Lengxue.

Tonight, Lengxue was so powerful that he had already blocked a lot of wine for Li Zhenting. Otherwise, Li Zhenting would have been drunk into a pile of mud by now.

As the CEO's most capable assistant, he had to consider the CEO's sexual well-being on the wedding night and not let him get drunk and pass out.

It's just that Lengxue was almost drunk at this time, his whole face was flushed, and his speech was slurred. But as soon as he saw the person coming to toast, he stopped in front of Li Zhenting and drank for him.

Only then did Shen Ning have the opportunity to help Li Zhenting walk aside.

The innermost table of the banquet.

Liang Ruqi took out a bag of white powder and quietly poured it into the wine glass, and then motioned to the girl sitting next to her with her eyes.

The girl immediately picked up her wine glass and walked towards Li Zhenting and Shen Ning.

"Brother, sister-in-law, I wish you a happy wedding, and here's a glass of wine for you." Shen Ning had just helped Li Zhenting sit down on a remote stone table, and a young and beautiful woman came towards them with two glasses of wine, smiling. Meaningful.

She handed a glass of wine to Shen Ning and took a glass herself, with a smile on her face and very sincerely.

Unable to resist the warm hospitality, Shen Ning had no choice but to accept the wine glass.

This girl is Li Zhenting's cousin, and they are relatively close to each other. Today she flew back from the United States to attend their wedding.

With such a sincere toast, it would be too disrespectful not to drink it.

"Thank you." Shen Ning smiled and opened her mouth to drink.

"Ning Ning, you can't drink anymore. Let me help you drink." Of course, Li Zhenting was reluctant to let Shen Ning drink. He grabbed the wine glass from her hand and drank it in one gulp.

The girl's face changed slightly and she smiled and said, "My cousin is a good drinker."

After speaking, he handed an exquisite jewelry box to Shen Ning: "Sister-in-law, this is a little bit of my kindness, please accept it." "Thank you." Shen Ning took it and said thank you repeatedly.

The girl turned and left.

"How was it? Did Shen Ning drink?" Liang Ruqi asked immediately as she passed by.

The girl shook her head: "She didn't drink, Li Zhenting helped her drink."

Liang Ruqi was shaken all over. She sat in a daze and clenched her fingers.

"Shanshan, I'd better help you go upstairs." Here, Shen Ning was worried that someone would come to toast, so she helped Li Zhenting and was about to leave.

During this period, he was too busy and getting drunk was very harmful to his health.

"It's okay, I won't get drunk, don't worry." After being helped up by Shen Ning, Li Zhenting turned around and hugged Shen Ning. He wanted to pick her up, but he staggered and almost fell down.

"Shanshan, let me help you." Shen Ning didn't know whether to laugh or cry. She had just helped him walk a few steps when someone from behind shouted: "Young Master Li, you can't walk. You haven't drunk enough yet. We're going to stay drunk until we get drunk."

Shen Ning turned around, and behind him, a few more drunk buddies were walking unsteadily towards this side, holding wine glasses.

She shook her head with a wry smile.

Over there.

Zhu Qixiong has always taken Zhang Xiaoxian with him. As one of the four young masters in the capital, he naturally has a lot of friends. Especially when he saw a girl by his side, many people came to toast him with their eyes. Zhang Xiaoxian seemed to be thinking about her identity.

When he was penniless in times of crisis, none of these friends wanted to get close to him.

Now, he has resumed his status as Master Zhu, and they came to toast without any grudges as before.

Zhu Qixiong understood in his heart, but still had a cynical smile on his face.

Now, if the Zhu Group wants to revive its success in his hands, resources and connections are indispensable. Even if he is not happy in his heart, he still has to socialize on the surface. This is a businessman, and now he understands these principles very well.

Seeing that the eyes of these buddies had been falling on Zhang Xiaoxian, he did not hesitate and simply introduced Zhang Xiaoxian to them as his girlfriend, which made Zhang Xiaoxian extremely embarrassed.

After all, she was just a pretend girlfriend, and it was really not good for him to introduce her in such a big way!

#### **Chapter 1468: wedding 46**

"Master Zhu, I haven't seen Jiaojiao for a long time. She has a hard time raising four children by herself. I want to help her." Zhang Xiaoxian rushed to say after the introduction and toast.

She wanted to escape from here quickly.

"Okay, I'll go with you." Unexpectedly, Zhu Qixiong actually agreed and took her arm, leaving those friends behind.

The breath of a man comes over.

In an instant.

Zhang Xiaoxian's muscles all over her body became tense, her ears felt hot, she moved to the side and whispered: "Master Zhu, the banquet is coming to an end now, no one will care about you."

The implication is that we are just acting. It is very late now and there is no need to act like it.

She really can't adapt to having a man around! Moreover, a man as aggressive as Zhu Qixiong could kill her.

"That's not possible. At this time, we have to pay more attention. If someone finds out that we are pretending, Shen Ning will definitely be disliked by her mother-in-law." Zhu Qixiong looked serious.

"Oh." When Zhang Xiaoxian thought of Shen Ning's happiness, she said "Oh" and was speechless.

Zhu Qixiong's lips raised slightly.

However, when he took Zhang Xiaoxian to search around, he could not find Li Jiaojiao.

The children only saw Coco. Ding Ding and Xiao Xiao were playing games in the reception room, and Lan Lan was nowhere to be seen.

"Xiao Xian, look, there are two drunk people there, could it be her?" Zhu Qixiong suddenly pointed to the stone table under the big tree over there and said.

"Let's go and have a look." Zhang Xiaoxian walked that way without thinking.

Zhu Qixiong followed.

"Money is not everything these days, but without money nothing is impossible." As soon as they walked in, they heard a girl waving her big hands, curling her tongue, and talking loudly about money.

"Yes, you are right." The man next to him echoed.

Zhang Xiaoxian lowered her head and saw that this was Li Jiaojiao!

One day, Mr. Li asked her to take care of the children, but she got drunk here.

Zhang Xiaoxian couldn't help but have black lines all over her head. "Jiaojiao."

"Who are you?" Li Jiaojiao was so drunk that she didn't recognize Zhang Xiaoxian at all. When she heard someone calling her name, she immediately said to Zhang Xiaoxian, "Did you steal my red envelope? Tell you, I'm going to arrest you and send you to the police station. That red envelope was given to me by my cousin."

Zhang Xiaoxian was amused and angry after hearing this. She really loved money. Even when she was drunk, she was obsessed with money.

"Jiaojiao, you're drunk. Let me take you to the guest room to rest." She bent down to help Li Jiaoyao.

"Professor Ji, it's you." At this time, Zhu Qixiong also saw clearly that the man sitting next to him was Ji Qingshan, and he couldn't help shouting in surprise.

It's really weird. The two people who usually face each other are actually sitting together and drinking. Judging from the situation, they drank a lot.

Zhang Xiaoxian helped Li Jiaojiao up with all her strength.

Li Jiaojiao staggered and said to Ji Qingshan, "Don't leave here. I'll get some wine. We'll drink later."

After speaking, she staggered forward. When she passed by Ji Qingshan, Li Jiaojiao patted his head and raised her hand to grab his peaked cap.

In an instant, under the light, Ji Qingshan had a big bald head, which was particularly eye-catching.

"Haha." Li Jiaojiao laughed, "So you are also bald, just like that Ji Ming Beast."

After speaking, he touched the top of his head a few times.

Ji Qingshan's face changed color, he quickly grabbed the hat, put it on, and walked away dejectedly. After all, he was not that drunk yet.

Zhang Xiaoxian and Zhu Qixiong were both amused.

"Mrs. Li, let's have another drink at the Jiaobei Bar." At this moment, there was a sound of drinking from the other side of the door.

Zhu Qixiong took a look and saw that Li Zhenting and Shen Ning were surrounded by a group of bad friends. Li Zhenting's figure was shaking, and he was obviously very drunk.

"Xiaoxian, take good care of Jiaojiao, I'll go over there and take a look." He said and walked towards them.

At this time, Li Zhenting and Shen Ning were forced to drink a glass of wine by those buddies, and Shen Ning was in trouble.

"Brothers, please don't embarrass the bride and groom. After all, today is their bridal night. What's the point of getting drunk? In this case, I will drink this glass of wine for them." Zhu Qixiong rushed. He went in and stood in front of Shen Ning. He turned around and said to Shen Ning: "Ning Ning, help your husband go in quickly. Leave this place to me."

"Thank you." Shen Ning glanced at him gratefully, then helped Li Zhenting and walked inside.

The guys saw that the bride and groom had left, so they had no choice but to walk away and go have their own fun, eat, drink and have fun.

Shen Ning helped Li Zhenting walk into the living room and was about to get on the elevator when he suddenly saw a chubby little girl walking over with two large plates of food.

"Lan Lan, aren't you full yet?" Shen Ning asked.

"Yes, I'm hungry." Lan Lan replied.

"It's so late, don't eat too much, it will affect your sleep. Eat again when you get up tomorrow." Shen Ning saw that her plate was full of high-protein foods such as lobsters and crabs, as well as a bunch of desserts, a small How can a girl eat so much? He hurriedly warned her.

"Okay, I understand." Lan Lan agreed and looked at Li Zhenting. The elevator on the right happened to be coming, so she walked in first and pressed the door button as soon as she entered. Obviously she didn't want to be in the same elevator with them. .

Shen Ning smiled. Of course, they wouldn't push through. After all, Li Zhenting's body smelled not good at all.

After a while, the elevator door on the left opened, and she helped Li Zhenting in.

Lan Lan waited until the elevator door opened, immediately took the plate and walked to the stairs at the back. It wasn't until Shen Ning helped Li Zhenting into the wedding room that she knocked on the door of her bedroom.

Soon, the door opened.

Some hands took the food in her hand, and then the door was quickly locked.

"Lan Lan is so good." Shen Mei looked at the food that was brought to her, kissed Lan Lan hard, and then started to devour it.

Today she came here without even having dinner, just to have a big meal. Later, she would have to ask Lan Lan to bring a few plates to eat.

Lan Lan was lying on the bed, taking out a crown and playing with it.

"Lan Lan, what's that in your hand?" Shen Mei was eating crabs when she suddenly felt a bright light in the room. She turned around and her eyes widened. I saw Lan Lan holding a shining golden crown in her hand, which was covered with diamonds and jewels.

God, this is worth a lot of money!

"It's a crown." He picked up a diamond on it with his little fingers and replied lightly.

"Who gave it to you?" Shen Mei asked anxiously.

"No one gave it to me, Xiao Xiao, I stole it." Lan Lan replied. She didn't know that the crown was valuable, but she thought it looked very good. At that time, Xiao Xiao's shoelaces were untied and the crown was a bit heavy on her head. She took it off first and put it on the table, and then she took it away.

Shen Mei even forgot to eat the crabs. She snatched them away and looked at them carefully, her eyes shining brightly.

This crown is estimated to be worth at least tens of millions!

Li Zhenting was really biased. He gave such an expensive crown to Xiaoxiao, but Lanlan got nothing.

She was jealous and sour, holding the crown and didn't want to let go.

"Mommy, give it to me quickly." Lan Lan didn't have enough fun and reached out to her for it.

"Lanlan, give this crown to Mommy, don't play with it anymore."

"Why?" Lan Lan was very unhappy. She brought this, so of course she had to play with it.

"Lan Lan, this crown is very valuable. If you stole it, Xiaoxiao will definitely look for it everywhere. If he can't find it, he will have to tell the adults. If they come and find out that you took it, then you will be in trouble. , you will definitely get beaten. Stealing is not a good thing, and Mommy can't help you. Why don't you give it to Mommy now, and Mommy will help you hide it, so that even if they come looking for it, they can't find it. Even if they find it, they will blame Mommy. Take it, I won't blame you, mommy is doing this for your own good." Shen Mei followed the instructions.

When Lan Lan heard this, she was frightened and had no choice but to agree.

Shen Mei hurriedly packed the crown and hid it in Lan Lan's mattress, preparing to take it out in the next few days.

Just after hiding the crown, the mobile phone on her body vibrated.

"Mom, what's going on?" Shen Mei answered the phone. The call was from Lan Feiyun.

"Meimei, things are bad, Li Zhenting drank that glass of wine tonight."

"What kind of wine?" Shen Mei asked puzzledly.

"You are stupid. It was the glass of wine that made Shen Ning sleep, but instead of drinking it, Li Zhenting drank it."

Shen Mei was stunned for a moment, and most of the passion in her body had subsided.

"Mom, what are you doing? Li Zhenting drank it and he slept like a muddy mess. How could I have a wedding night with him?" She was furious.

"Hey, Meimei, I didn't expect Liang Ruqi to be so incompetent in doing things. I originally asked Shen Ning to drink it, but Li Zhenting felt so sorry for Shen Ning that he rushed to help her drink it."

"what should I do then?"

"We can only wait until tomorrow night."

"But how can I stay in Lanlan's room until tomorrow night?"

"Hey, you can only sneak out first and then go in tomorrow."

"Damn it, this guy named Liang is really a loser. He can't do anything well." Shen Mei gritted her teeth with hatred and cursed, "Okay, I'll take care of it."

She hung up the phone and looked at the crown just hidden under the mattress, her eyes rolling.

It would be okay if I could take this crown out tonight, it's worth tens of millions.

In the wedding room.

As soon as Shen Ning helped Li Zhenting in, he fell down on the bed and had no reaction.

"Shanshan, Shanshan." Shen Ning looked at it and became anxious. What was going on? She hurriedly climbed up and patted his face, but Li Zhenting remained motionless. She panicked and quickly put her finger on his Under the nose, fortunately, I can breathe out evenly.

Turns out he was just asleep!

Shen Ning breathed a sigh of relief.

It must be because he drank too much.

She shook her head and adjusted Li Zhenting's sleeping position. Then she fetched hot water and began to wipe his face and body. After working for a long time, she tidied him up and covered him with a quilt. The lights downstairs were bright and the guests were still enjoying themselves.

Shen Ning yawned, lay down next to Li Zhenting, and fell asleep unconsciously.

This way.

After Zhang Xiaoxian helped Li Jiaojiao into the guest room to rest, she and Aunt Dong took Coco, Ding Ding and Xiao Xiao upstairs, took them to wash up, and put them to sleep.

In the end, because I didn't see Lan Lan, I was worried and had to look for her again.

"Lan Lan." Not long after, she saw a little girl holding a woman's hand walking outside. She took a closer look and saw that the little girl was Lan Lan, so she hurriedly chased after her.

After eating and drinking, Shen Mei finally decided to go out tonight, take the crown away, and sneak in again tomorrow night.

So she asked Lan Lan to take her outside.

Originally, no one would notice them if Lanlan was around.

Unexpectedly, Zhang Xiaoxian caught up with him.

"Lanlan, it's so late, and you're not sleeping yet, where are you going?"

Lan Lan was a little flustered when she saw Zhang Xiaoxian.

Shen Mei winked at her hurriedly.

"Bah, country bumpkin, who wants you to take care of me? I can do whatever I want." Lan Lan angrily pouted at Zhang Xiaoxian and cursed loudly.

Zhang Xiaoxian was a little angry when she heard this. This little girl was really domineering and willful. However, she was only five or six years old, so she would not argue with her. She just looked at the woman holding her hand.

This woman looks to be in her twenties, wearing a large mask, and her eyes are covered by a pair of sunglasses, making it impossible to see her face clearly.

"I am Lan Lan's aunt. I will take her to meet her elders and let her come back to rest soon." Shen Mei said calmly.

"Oh, well, please take good care of Lan Lan." Zhang Xiaoxian knew nothing about the relatives in the Li family. Since it was the elders of the Li family who took her, what else could she pursue? He stopped asking questions and turned around to go upstairs.
