

Troublemakers 1481

Chapter 1481: wedding 59

Zhu Qixiong finally breathed a sigh of relief and collapsed on the bed.

But the heat in the body kept coming up, my throat was dry, my tongue was dry, and my body felt like it was going to explode.

He gritted his teeth and climbed up and rushed to the bathroom, turned on the cold water faucet, and stood under the shower head. The cold water temperature gradually extinguished the desire in his body.

Two hours later, he finally walked out of the bathroom reluctantly and lay down weakly.

But he was exhausted and still couldn't fall asleep. All he could think of was Shen Ning actively teasing him and being wild and wild. He was extremely shocked inside.

Shen Ning turned out to be like this after losing his memory? !

But a person just has amnesia, and those moves to tease her are very skillful and sophisticated. If she has not experienced a lot of things between men and women, it is impossible for a woman to do them.

According to common sense, shouldn't amnesia mean that the memory is weaker? How could it be...

Suddenly

He climbed up and sat up.

Wrong

The last time Shen Ning came to look for him at Zhu's house, Shen Ning did not lose her memory that time, and she was also so proactive and skillful...

That time, because he was in a coma after taking a lot of medicine, he thought he was hallucinating. He really couldn't believe that she would do that.

Hence, he blamed himself for all the mistakes, but after this time, he felt unprecedentedly confused.

...

The next day.

Early in the morning, with dark circles under his eyes, he hurriedly left Li's Castle without even having time to see off Zhang Xiaoxian.

Here, his hair stood on end.

In the wedding room.

In the darkest moment before dawn, Shen Ning felt moist lips kissing her, and a big palm lingered on her skin to light up the fire. Wherever the palm touched, it brought out strings of numbness, and she moaned softly. Come on, open your eyes, Li Zhenting is kissing her eagerly.

"Shanshan." A voice like a thin cat moaned from between her teeth. Li Zhenting bit her earlobe with his lips and whispered warmly in her ear: "Ning Ning, you fell asleep so early last night and I didn't get a good night's sleep."

Last night?

Shen Ning's face was red.

Yes, she felt drowsy as soon as she returned to the room last night and couldn't open her eyes. She didn't know why she was so sleepy.

"I fell asleep first last night, and you fell asleep last night. We are even, it doesn't matter, let's make up for it now." Li Zhenting smiled softly in her ear, and the passionate kiss swept over her again. Covered her whole body.

Shen Ning was trembling all over, and in an instant they both climbed up to the colorful clouds.

...

"Mom, those little **** are so disgusting. They ruined my good deeds again." In the living room of the Shen family, Shen Mei was so angry that she threw things around the house.

"You can't fight a few children as an adult, so why are you so angry here?" Lan Feiyun picked up the things and comforted her: "Don't worry, take your time, as long as you can freely enter and leave Li's house now, and Li Zhenting We are in love with Shen Ning. If you suddenly penetrate her, it will easily arouse Li Zhenting's alert. It's better to take your time and find the right time. This time, we must get enough capital."

Shen Mei scratched her chest frantically. She felt so uncomfortable. How could the fire all over her body subside?

"Mom, I know." She suddenly remembered something and smiled evilly, "I'm going to rest first."

She ran into her bedroom, took out her mobile phone and made a call.

"Brother Kang." She said seductively.

"What? Little slut, do you miss me?" There was a lewd laughter from the other side.

"Disgusting." Shen Mei made a kissing sound on her phone.

"Wait for me, I'll come right away."

"Then I'll wait for you." She laughed and hung up the phone.

Chapter 1482: wedding 60

The sweet wedding time always flies by.

A week has passed in the blink of an eye.

Li Zhenting was delayed a lot of time because of his wedding and had a backlog of work matters. After breakfast that day, he said goodbye to Shen Ning and hurried to work.

Shen Ning's life returned to normal.

Li Zhenting basically arranged for people to assist Ma Li in managing Gucci perfume. Shen Ning has lost her memory, so she only needs to take care of her children at home.

The old house of the Li family.

As soon as Li Wanqing came over, she saw Liang Ruqi standing at the door of the living room with a malicious smile on her face.

Her heart sank, and she turned around and left, preparing to take a detour to enter through the back door.

She didn't want to see this woman at all.

"Sister-in-law." But Liang Ruqi seemed to be waiting for her here specially, and immediately went up to call her.

"Are you okay?" Li Wanqing asked coldly.

"Of course." Liang Ruqi smiled strangely.

"Is it about Shen Ning again?" Liang Ruqi asked coldly.

"Hey, you are quite foresighted." Liang Ruqi clicked her tongue, "Did you hear something about it a long time ago?"

"No, I didn't hear anything, and I didn't want to hear anything. Last time, you almost killed Shen Ning, and I almost believed your lies. I haven't settled the account with you yet. Now you are going to say bad things about her, do you think I will believe you?"

Liang Ruqi chuckled: "Hey, the love between mother-in-law and daughter-in-law is really deep, but it's a pity that it's all your wishful thinking, and your daughter-in-law doesn't think so."

Li Wanqing didn't want to listen to her provocation anymore, so she turned around and left.

"Sister-in-law, it's true that I don't like Shen Ning, but the pictures I sent you are absolutely true. I can't fabricate these. There are pictures and there is truth. It doesn't matter if you don't want to admit it. She is you now anyway. Your son's wife is married. When the grass on your son's head is green and shiny, it will be lively if word spreads." Liang Ruqi said calmly from behind,

"This incident is not new. I have warned you a long time ago. You did not listen. This is completely different from my daughter-in-law harming her. Believe it or not, I think she deserves to be harmed." Liang Ruqi continued. Open your mouth.

After saying that, he stopped chasing after him and just said:

"I have already sent you those pictures on WeChat. Don't ask me where they came from. Anyway, they are real, and they are what happened during this period. You can take care of yourself."

After Liang Ruqi finished speaking, she smiled sinisterly and walked away swaggeringly.

afternoon. Shen Ning took Xixi and Beibei to Blue Whale Kindergarten to pick up the children. Then they went to the Li family's old house to visit Mr. Li and Mrs. Li, and stayed with the two elderly people. Then they took the children home. .

Aunt Dong and Shen Ning were sitting in the back of the RV looking after Xixi and Beibei, with Xiao Li accompanying them.

After a while, the car stopped at the entrance of the kindergarten, and not long after, four little guys ran in.

They ran over to tease their little brother and sister as soon as they came up, and they were very happy.

Shen Ning took out food and gave it to them to eat, and the whole family was enjoying themselves.

The car drove towards Li's Castle.

During this period, Li Zhenting called and asked about the children's situation, and Shen Ning reported everything to him in detail.

Coco, Dingding and Xiaoxiao teased their younger siblings for a while and then went to eat and have fun.

Lan Lan sat on the side with her cheeks puffed up and her head lowered.

Sudden

She stretched out her hand and hit Xixi **** the face.

Xixi was stunned for a moment, then curled her lips and burst into tears.

"Lanlan, why did you hit Xixi?" Shen Ning happened to see her just after making the call. She looked stern and immediately asked Lanlan.

Lan Lan didn't hum and looked coldly at the little guy in the cradle.

These two little guys are not fun at all, they are so annoying. She dislikes them very much.

Originally, Keke, Dingding and Xiaoxiao separated from her father's love for her. After having Xixi and Beibei, she felt even more lost and had long wanted to beat them.

"Lan Lan, it's wrong to hit people. Didn't the teacher teach you?" Xiao Li, the family teacher, also saw this and was busy educating Lan Lan seriously.

Ke Lanlan had an indifferent attitude.

Shen Ning was very distressed and helpless.

Such a little girl, if she cares about her, it will appear that her belly is too small, but her children are reluctant to even beat themselves, so she feels bad for them to be beaten like this.

Chapter 1483: wedding 61

"Lan Lan, if you do this again, then don't stay with us in the future. Let's send another car to pick you up. I can't afford to offend you so I can only avoid it." Shen Ning has clearly seen the evil nature of this little girl. She cannot be taught, and there is no way to influence her, so she can only stay away.

"If you don't follow me, I won't follow you. I don't care about being with you. I only like daddy." Unexpectedly, Lan Lan actually spoke indifferently.

Shen Ning felt pain in her chest. She picked up Xixi and gently stroked her beaten face with her hands, feeling extremely distressed.

"Lan Lan, it's wrong to hit someone, and you're also hitting your younger siblings. It's so immoral. Please apologize to your aunt and sister." Xiao Li's face was full of seriousness.

"Don't apologize. I hate them. They robbed my daddy." Lan Lan firmly refused.

Shen Ning's eyes flashed with coldness. She dared to hit Xixi in front of her. I don't know how she will bully her children in the future. Such a little girl doesn't even have basic moral values. It's really unnecessary. Show her kindness.

"Stop the car," she shouted.

The car stopped.

"Lan Lan, get out of the car." Shen Ning shouted at her angrily.

"I'm not getting out of the car. This car belongs to daddy, not you." Lan Lan retorted loudly.

"No, right?" Shen Ning sneered, put down Xixi, picked her up and walked out of the car.

Ke Lanlan opened his mouth and bit her arm, biting hard.

Shen Ning screamed in pain.

Aunt Dong immediately came up and pinched her little nose. Lan Lan couldn't breathe before she let go.

But he grabbed Shen Ning's face ferociously.

As soon as Shen Ning dodged, she hit her again.

With quick eyes and quick hands, Aunt Dong grabbed Lan Lan's hand, held her, hugged her with the other hand, and put her on the ground.

"Teacher Li, please take Lan Lan and take a taxi home. I really don't want to see her again. This little girl is so mean." Shen Ning looked at the blood marks on her arm and her eyes were red. . "Young lady, I'm so sorry. I will educate Lan Lan slowly. Don't be angry." Xiao Li said guiltily.

"This is none of your business." Shen Ning shook his head.

Xiao Li got out of the car, and Lan Lan sat on the ground and cried loudly, as if she was being bullied.

"Let's drive." Shen Ning no longer had the heart to look at that nasty little girl, and sat next to Xixi with a heavy heart.

"Ning Ning, I'm really worried about you. A little girl is like this. You have to be careful everywhere in the future." Aunt Dong looked at the tooth wounds on Shen Ning's arms and the scratches on her shoulders, feeling very sad.

Hey, after losing her memory, Shen Ning once again rushed to this marriage without any distractions, and she fell in love with Li Zhenting with all her heart.

What is the difference between this and before?

She really doesn't know if Li Zhenting can no longer let her down and give her a perfect home?

In the study.

Li Wanqing was sitting at her desk, holding her cell phone, her hands trembling.

Even though she didn't believe Liang Ruqi's words and knew that she had no good intentions towards Shen Ning and would not say good things about her, the scandal between her and Zhu Qixiong was indeed true, and even Zhu Qixiong himself admitted it.

This is the thorn in her heart.

She didn't want to be angry, so she wanted to ignore it, but if one day Liang Ruqi posted those photos on the media network, it would be an earthquake and tsunami for Li Zhenting and the Li Group, and they would be completely destroyed.

At first, the only way was to prevent them from getting married, but Li Zhenting was stubborn and there was really nothing she could do!

She shed obscure tears.

Finally, after thinking about it, I clicked on the pictures with trembling fingers. After just looking at them for a while, my vision went dark and I dropped my phone heavily on the ground.

Chapter 1484: wedding 62

Shen Ning and her children stayed with the old man and his wife at Li's old house for more than an hour. Seeing that they were a little tired, Shen Ning took her children and left home.

As soon as I got home, I saw Li Wanqing walking in from the outside with a cold face.

"Mom." Shen Ning immediately stepped forward to greet her warmly.

Just when she was at Li's old house, she heard that Li Wanqing had passed by. She was thinking of coming back with her, but she couldn't find anyone. It turned out that she had come back on her own.

"Yeah." Li Wanqing glanced at her, said coldly, "Yeah," and went to greet the children, leaving her alone.

Shen Ning didn't care either. She smiled and watched the children and grandma getting into a ball, feeling very happy in her heart.

Li Wanqing loves her children, which is obvious to all.

It was time for Xixi and Beibei to drink milk powder. She followed Aunt Dong upstairs to get busy. After a while, she came down with two prepared milk powder bottles.

"Shen Ning, what's going on with Lan Lan? Why did you drive her out of the car halfway?" As soon as she went down and fed the bottles into the two children's mouths, and watched them wolfing them down with a smile, she heard Li Wanqing He asked with a cold face from the side.

She was startled and turned her head.

Lan Lan was sitting next to Li Wanqing and looking at her maliciously.

She immediately understood that Lan Lan was complaining to Li Wanqing.

"Mom, Lanlan slapped Xixi for no reason. Not only does she have no regrets, she also has a very bad attitude. I can't help it. Xixi is so young, so I have to seek justice for her." Shen Ning replied helplessly.

Li Wanqing said with a sullen face: "Lan Lan said that you gave all the delicious snacks to Coco, Ding Ding and Xiao Xiao, and refused to give them to her. She beat Xi Xi in revenge for you. Lan Lan is just a child, and she is also our Li family. "My granddaughter, and you are an adult, even her stepmother, how can you do this? No matter what, you must treat everyone equally, otherwise, the child will easily do extreme things when he is still young."

Shen Ning was stunned. Lanlan actually complained like this!

The children took out the snacks and ate them together. No one said not to give them to her. She even gave her a piece of Swiss roll.

But now she actually said that she would not give her snacks, which is really confusing the right and wrong.

"No, grandma, my mommy gave it to her, and we didn't say we wouldn't give it to her. She hit my sister on purpose."

Xiao Xiao was not happy after hearing this, and immediately defended Shen Ning.

"Yes, madam." Xiao Li also spoke from the side to confirm Xiao Xiao's statement.

"Xiao Xiao, go do your homework quickly." Li Wanqing ordered Xiao Xiao with a serious face.

Xiao Xiao curled her lips and didn't want to go.

"Go." Shen Ning saw that Li Wanqing was very angry, so she pushed Xiaoxiao.

Xiao Xiao glanced at Mommy worriedly before leaving reluctantly.

"Shen Ning, even if you didn't mean that. But Lan Lan did such an extreme act to express her happiness because she was ignored. You are an adult and you have to take full responsibility. Moreover, even if

Lan Lan made a mistake, you can't I threw her out of the car on the street. What if something happens? Can you take responsibility?" Li Wanqing asked aggressively.

"Mom, I didn't abandon her on the street, I just didn't want her to be with my children. As long as she was around, she would always have trouble with the children. I just wanted Xiao Li to take a taxi to bring her back. " Shen Ning explained patiently and feebly.

"Hey, the more you treat Lan Lan like this, the more dissatisfied she will be with you. The children will not be able to live in harmony in the future. The children are still young, so there is no need to have an overnight feud. Let them fight together, adults. Just give him some kind guidance. How can you isolate a child like this? This will only make Lan Lan feel sad. Originally, you are all a family in this family. She is the only one without a mommy. She is also human if she feels uncomfortable. It's only natural that you, an elder, not only don't comfort her at this time, but also isolate her in order to protect your own children. What do you want her to think?" Li Wanqing just scolded her without asking.

"Mom, I'm sorry, I will pay attention to it in the future." Shen Ning could not defend herself. Just as Li Wanqing said, Lanlan is still a small and vulnerable group. She should be the focus of attention, and she and the children have received enough attention from Li Zhenting. Love, she should be polite to Lanlan, so she could only apologize.

Chapter 1485: wedding 63

"Shen Ning, Shen Ning, I think you are a very good person. I don't know why you have become like this now. You lie constantly, promise me things and then go back on your words. You can't even tolerate a child, so how can you do it? What about other people's stepmothers? You have to know that our Li family is the richest family. We must not only pay attention to our social image, but also avoid negative scandals. Otherwise, our family will be ruined in a minute. Every move we make must be within the standard. You can't go out of your way, and you can't let anything bad happen to people, understand?" Li Wanqing said with a heartbroken lesson.

Shen Ning stood blankly, speechless as she listened to her mother-in-law's lecture.

Just then a nanny came over with tea. When she bent down, she accidentally put the tea cup on its side and some tea was poured out.

"What's wrong with you? You can't hold a cup of tea, so what are you going to eat? Are all our Li family members idle?" Li Wanqing stood up and immediately scolded the nanny, then picked up the cup and threw it **** the ground and left angrily.

The tea cup fell to the ground and broke into pieces, and the tea splashed all over Shen Ning's trousers.

Shen Ning's face turned pale and he was dumbfounded.

Everyone can see that although Li Wanqing threw the teacup out of anger at the nanny, in reality, it was just for Shen Ning to see and directed at her.

At this point, Li Wanqing didn't like Shen Ning, and even lost his temper with Shen Ning, and the news of angrily scolding her spread in Li's castle.

As for why Li Wanqing, who has always been gentle and never loses her temper, and has excellent self-cultivation, treats Shen Ning like this, no one knows the reason!

In the guest room upstairs.

Shen Ning sat on the bed, tears streaming down her face.

Li Wanqing's anger towards her made her extremely painful and sad!

Aunt Dong stood on the stairs and saw all this, her whole heart froze.

In the past, when Li Zhenting was not good to Shen Ning, he still had his mother-in-law to protect him, and he would be somewhat warm. But now Li Wanqing's attitude towards her has completely changed. Can he still stay in this family?

Hey, it's really hard to guess the hearts of rich people! It's uncertain!

"Ning Ning, don't be sad, it's not good for your health." Aunt Dong gently patted Shen Ning on the shoulder and comforted her. "Aunt Dong, please, please don't leave, please stay here with me? I'm afraid." Shen Ning snuggled into her arms, tears streaming down her face.

Aunt Dong originally planned to leave here tomorrow, but now seeing Shen Ning's pain, she felt very sad and didn't feel comfortable leaving.

She has watched this girl grow up. Now she has no natal family, and her life is so difficult in her in-laws' family. What will happen to her if she leaves?

She decided to stay and help her.

"Don't cry, child, I will stay with you. Don't worry, Aunt Dong will take care of everything." She used a tissue to gently wipe the tears on her face, comforting her.

"Thank you, Aunt Dong." Shen Ning lay on her shoulder with tears in her eyes.

Aunt Dong gently stroked her head.

"Ning Ning, your mother-in-law used to be a very open-minded person and was very kind to you. Now she suddenly becomes like this. Something must have happened or there must be some misunderstanding. Let's pay more attention in the future. She is dissatisfied with you in any aspect, and then we will change it. You should be more filial to her as much as possible and care about her more. People's hearts are full of flesh. As long as the misunderstanding is eliminated, she will definitely treat you as well as before. Yes, after all, you gave birth to five children for the Li family and are her only daughter-in-law, so she has no reason to treat you badly." Aunt Dong analyzed this.

"Okay, I understand." Shen Ning nodded.

Since ancient times, the relationship between mother-in-law and daughter-in-law has been difficult to get along with. If you want to handle the relationship well, you have to work hard to win her favor.

She has been without a mother for a long time. I wish Li Wanqing could still treat her as a daughter like before.

She decided to behave well starting from tomorrow and try her best to please Li Wanqing.

Chapter 1486: wedding 64

night.

The family sits at the dining table and eats.

"Mom, this is the mushroom chicken soup I made. It's light with less salt. You can try it." Shen Ning cooked the mushroom chicken soup for Li Wanqing herself, scooped out a bowl, and put it in front of her with both hands.

"Thank you." Li Wanqing glanced at Li Zhenting who was sitting next to him, and her expression softened.

"Mom, I'll cook what you want to eat tomorrow." Shen Ning stood nearby and asked with a smile.

Li Wanqing used to like eating the dishes she cooked, especially the mushroom chicken soup, so tonight, she immediately came down and cooked this dish.

I hope she likes it!

"No need, just take care of the children." Li Wanqing still had no expression on her face, but her words were still polite.

"Mom, don't worry, I will take good care of the children." Shen Ning smiled, turned around, poured another bowl of chicken soup, put it in front of Lan Lan, and said kindly: "Lan Lan, have some soup."

Last time, she also said she liked this soup!

"No, I won't eat your cooking, it's annoying." Unexpectedly, as soon as she put it down, Lan Lan suddenly pushed it with her hand, causing the soup bowl to overturn and all the soup spilled out, hitting Shen Ning and the little girl sitting next to her. Small body.

"Ah, it hurts." Xiaoxiao was immediately burned and cried.

Shen Ning's face changed color.

Aunt Dong immediately brought a towel and wiped Xiaoxiao distressedly. She glared at Lanlan with dissatisfaction.

"Lanlan, what are you doing?" Li Zhenting was furious and yelled at Lanlan.

Lan Lan curled her lips and burst into tears. She ran to Li Wanqing and said pitifully, "Grandma, Daddy doesn't like me anymore."

"Lan Lan, you've gone too far." Li Zhenting saw this scene with his own eyes and was extremely disappointed in Lan Lan. He didn't expect that this little girl was still so bad. "Who can like you if you do this? Why are you crying? Come and give it to you." Aunt Ning and Xiaoxiao apologize."

"No, I don't apologize." Because Li Wanqing was there, Lan Lan became bolder and immediately said something.

Li Zhenting put his chopsticks down on the table and came over to teach Lan Lan a lesson. "Zhen Ting, sit down, don't get so angry and scare the child." Li Wanqing hugged Lan Lan into her arms and spoke calmly.

"Mom, didn't you see what Lan Lan did just now? If you continue to protect her, she will bring down the family."

"It's not that powerful. How can a little girl break up a house? It would be easier to break up a house if someone doesn't behave badly." Li Wanqing wiped Lan Lan's tears with a tissue without raising her head.

Li Zhenting was so stunned by Li Wanqing that he couldn't speak for a while.

He really didn't understand how his mother could become such a person! No distinction between right and wrong!

"Zhenting, Xiaoxiao and I are fine. Come and have a meal quickly. Lanlan is still young, so she can educate her slowly." Shen Ning walked over and took Li Zhenting's hand and said softly.

"Ning Ning, are you burned?" Li Zhenting regained consciousness and immediately picked up Shen Ning's hand and looked up and down.

"I'm fine, don't worry." Shen Ning smiled and shook his head.

Li Zhenting hurriedly walked to Xiaoxiao again.

"Xiaoxiao, does it hurt?" he asked distressedly.

"Daddy, Mommy, it hurts so much. Lanlan is so bad." Xiaoxiao cried and twitched her shoulders.

Li Zhenting picked up her little arm, which had already been burned red. Instantly, her whole face became even more gloomy.

"Xiao Xiao, Mommy will take you to the family doctor to apply some medicine." Shen Ning walked over and saw that the delicate skin on the back of the child's hands was very red. She was worried that it would become inflamed and leave scars in the future. She picked up Xiao Xiao and walked out distressedly. go.

"Ning Ning, let me hold you." Li Zhenting immediately followed.

"Lanlan, you bad guy, after beating Xixi today, you burned Lanlan and our mommy. I'm going to beat you to death." Coco's hand clenched into a fist and he was about to rush over to beat her.

Lan Lan was so frightened that she retracted her head into Li Wanqing's arms.

"Keke, don't mess around, eat quickly, have breakfast and go to rest." Li Wanqing scolded Keke with a serious face.

Chapter 1487: wedding 65

"Grandma, why are you protecting Lan Lan? It's obviously her fault." Ding Ding also got angry and asked loudly.

"What do you kids know? You're going to have a rest after dinner." Li Wanqing glared at them with a serious look on her face.

Coco and Ding Ding pursed their lips in dissatisfaction, took a few mouthfuls of rice, threw down their chopsticks, and left angrily.

Looking at the children like this, Li Wanqing sighed heartbrokenly and shook her head.

All this was like a knife stuck in her chest.

"Ning Ning, let me hold the baby." Outside, Li Zhenting followed up and took Xiaoxiao from Shen Ning's hand. However, when he raised his eyes, he saw tears on Shen Ning's face. He felt very guilty and distressed for a moment, "I'm sorry. , Ningning, I didn't protect you well, I will educate Lanlan well."

Shen Ning lowered his head and said nothing.

"Xiao Xiao, don't worry, Daddy will criticize Lan Lan when he gets back." Li Zhenting bent down and kissed Xiao Xiao's forehead again.

"Daddy, grandma has changed. I don't like her anymore." Xiaoxiao said with a pale face and dissatisfaction.

Li Zhenting immediately said: "Grandma has always liked you the most. Don't misunderstand grandma, she will not change."

"No, she has just changed. Now she only likes Lanlan and doesn't like Mommy. She is not good to Mommy. She even scolded Mommy today for breaking something at home." Xiaoxiao objected. Speak directly.

"Xiao Xiao." But before she finished speaking, Shen Ning immediately stopped her, "Don't talk nonsense."

Xiao Xiao pouted and said nothing, but his face was full of grievances.

"Ning Ning, did mom scold you at home today?" Li Zhenting immediately asked nervously.

"No, mom is very good to me, how could she scold me." Shen Ning felt heavy and shook her head with a smile on her face.

Li Zhenting was silent.

After a while, the family doctor applied scald ointment to Xiao Xiao. Fortunately, Shen Ning was wearing pants and his skin was not injured. However, Li Zhenting was worried. He pulled Shen Ning to check wherever he could. After a while, His face darkened.

"Ning Ning, where did the injuries on your neck and shoulders come from?" he asked immediately.

"Daddy, it was Lan Lan who caught him." Xiaoxiao immediately complained. "Lan Lan arrested you again?" Li Zhenting was very annoyed.

"It's okay, kids are not sensible." Shen Ning didn't want to talk about this matter at all, she just wanted to calm down the storm as soon as possible.

A cold light flashed in Li Zhenting's eyes. Seeing that Shen Ning didn't want to talk about it, he didn't say anything and just carried Xiaoxiao back.

The two of them were silent along the way.

The aura on Shen Ning's body was obviously depressed and dull.

"Ning Ning, take Xiaoxiao up first and let the children go to bed early." After returning home, Li Zhenting handed Xiaoxiao to Shen Ning and pressed the elevator button for them.

After the elevator door opened, Shen Ning walked in with Xiaoxiao in her arms.

It wasn't until the elevator reached the second floor that Li Zhenting turned around and called Butler Luo over to ask what happened today.

He walked towards Li Wanqing's bedroom without hesitation.

"Mom, why are you doing this to Shen Ning?" Li Wanqing seemed to know that he would come to her. She was sitting on the sofa reading the newspaper. The door was ajar. Li Zhenting opened the door and asked directly.

Li Wanqing adjusted her glasses on her nose, glanced at him and asked, "What did I do to her? Did she tell you?"

"Mom, she won't tell me these things, but she is not the only one in this family."

"Are you going to cause trouble for me?" Li Wanqing raised her eyebrows.

"Mom, I just can't figure it out. It was you who always liked her and asked me to chase her. Now that I have succeeded, why don't you know how to cherish her?"

"Cherish and cherish what is worth cherishing. Not all bad things are worth cherishing." Li Wanqing said nothing nice. Thinking of those photos of her and Zhu Qixiong having sex, she was really angry.

She originally forgave her, and as long as she behaved herself in the future, she would treat her as well as before.

But she was too disappointed.

Chapter 1488: wedding 66

"Mom." Li Zhenting's voice became louder, "How could you say that about Shen Ning?"

"She is that kind of woman. I am being honest and did not slander her." Li Wanqing shot back.

"Mom, you are really unreasonable." Li Zhenting was very angry, "I already understand what happened today. It was Lanlan who hit Xixi first. It was her fault. Shen Ning was right to handle it that way. Lanlan has always been a willful and domineering person. The little devil's behavior is getting more and more erratic now, and her attitude is even worse. If I don't deal with her, she will become more lawless. I was not here at the time. If I were here, I would also teach her a lesson, and I would also teach her a lesson. What's worse, Shen Ning just wants to avoid conflicts. Don't you know, Lan Lan bit Shen Ning's hand a few days ago. If you protect her like this, you will only hurt her."

Li Wanqing looked at her son's angry expression and lowered her head in silence.

She knew better than anyone what happened to Lan Lan, but what Shen Ning did violated the most basic moral principles. How could she endure it?

"Zhen Ting, you didn't listen to me at the beginning, otherwise, this would never have happened." After a while, she spoke sadly.

"Mom, am I right to listen to you? What about the children? What should I do?" Li Zhenting was excited, "Shen Ning has suffered so much because of me. She gave birth to five children for our family. Now She was injured and her memory was lost. If I leave her behind, will I still be a human being?"

"But she..."

"Mom, if you don't like Shen Ning or you still treat her like this in the future, then I can only take her and the children away from here." Li Zhenting interrupted her and declared solemnly.

"Zhen Ting, do you even want your mother?" Li Wanqing turned blue and shed tears, "Zhen Ting, do you think your mother wants this? There is nothing you can do about it. I am thinking about you and the Li family."

She didn't know whether to tell him about Shen Ning and Zhu Qixiong's messing around again, and she was even more afraid that he wouldn't be able to bear the blow.

"Also, Mom, I'm going to send Lan Lan to study abroad." Li Zhenting then said, "I've been thinking about this for a long time, and I've made the decision a long time ago."

Li Wanqing's eyes widened: "Zhen Ting, Lan Lan is your daughter too."

"I know that just because she is my daughter, I want to send her to school so that she can get an education and change her bad habits. From tomorrow on, I will go to her school and find a good teacher for a month. Send it over later."

"Zhen Ting, Ke Ke, Ding Ding and Xiao Xiao will not be sent, but Lan Lan will be sent. She is still young and will be worried."

"Wrong, if she continues to stay in this home, she will have trouble in her heart. I have already decided, you don't need to say anything." After Li Zhenting said that, he turned around and left. When he walked to the door, he turned back and said, "Mom, I still say the same thing, if you don't like Ning Ning and want to make things difficult for her, then I will take her and the children to live outside."

He finished speaking and strode away.

Li Wanqing couldn't lift it up in one breath and almost died.

A bright moon hangs high in the night sky.

In the corridor.

Shen Ning stood holding the railing, his eyes filled with sadness.

Such a life is not what she wants, so what does her persistence mean?

Suddenly, at this moment, she had never wanted to know her past and regain her memory.

She wanted to know whether her choice was wrong or right!

"Ning Ning." The door opened and Li Zhenting walked in. He didn't see Shen Ning in the bedroom, so he started looking everywhere until he came to the balcony and saw her standing there lonely. Instantly, he felt pity in his heart. With heartache, he hugged her from behind.

Shen Ning closed her eyes.

"Ning Ning." Li Zhenting hugged her into his arms, lowered his head to kiss her cold face, and embraced her completely with his broad chest.

"Shanshan." Shen Ning's face gradually became flushed with happiness, and she couldn't help but hugged his neck.

The two hugged and kissed each other sweetly.

Li Zhenting couldn't wait to pick her up and walk to the bed... That night, he was gentle and considerate, and extremely heroic, while she was as tender as water and as glue as paint.

A good night goes by so fast.

When I opened my eyes, it was another golden sunny day.

Shen Ning felt the warmth and sweetness in Li Zhenting's deep love and forgot those unpleasant things.

Early in the morning, she dragged her aching legs to the kitchen to prepare breakfast for everyone.

She made thin-skinned crystal dumplings, cooked polenta, and made a large table of fragrant pastries. Everyone had something to eat and drink.

When Li Zhenting woke up, he didn't see Shen Ning beside him. He stretched out his hand and touched it. The sheets next to him were cold, indicating that she had been up long ago.

Last night, they worked tirelessly... He got up quickly.

In the kitchen, Shen Ning was busy, and Aunt Dong was helping out next to her, and everything was in full swing.

"Ning Ning, why did you get up so early to make breakfast? Go up and have a rest. Just leave this to the person in charge of the kitchen." Li Zhenting immediately stepped forward, hugged her from behind, and said distressedly.

"It doesn't matter. The children said the food I cooked was delicious, so I will cook it for you. Besides, mom also likes the food." Shen Ning smiled slightly.

"But it's too hard for you. Our young mistress of the Li family doesn't need to do this work. You just need to take care of the children." Li Zhenting was still unwilling to let Shen Ning do the housework himself.

"You have to be more careful about what you eat. Don't worry, I have my own sense of discretion. I won't get tired." Shen Ning smiled, but still refused to put down what he was doing.

"Then let me help you." Li Zhenting had no choice but to let go of Shen Ning and started to help her.

Shen Ning didn't want him to help, but he could either pull Shen Ning up together, or he would help. In desperation, she had no choice but to agree.

Aunt Dong smiled and stepped aside, leaving the space to the couple. Li Wanqing saw this scene when she came over. The young couple were busy in the kitchen, dividing the work and cooperating very well.

Her eyes were a little moist. At this moment, she seemed to see the old Shen Ning again, virtuous, gentle, diligent and considerate. This was the picture of loving love between her son and daughter-in-law that she had always dreamed of.

only...

"Mom, come and have breakfast." Shen Ning turned around with the prepared breakfast and saw Li Wanqing standing at the door of the kitchen, and immediately greeted her affectionately.

"Okay, thank you for your hard work." She replied and walked over.

At this time, Sister Wang and the children also came down from upstairs.

The family gathered around the dining table and had a hearty breakfast, which was very warm and loving.

After breakfast, Li Zhenting and Shen Ning sent the children to the kindergarten. When they got off the car, Li Zhenting called Lan Lan aside and said to her seriously:

"Lan Lan, you write a letter of reflection and repentance today, and apologize to your Aunt Shen Ning and Xiao Xiao for your behavior yesterday. Otherwise, from now on, you will be taken to and from school by Aunt Li alone, and Daddy will not I'll pick you up again."

When Lan Lan heard this, she was frightened and burst into tears.

"I'm sorry, Daddy, I let you down."

"You didn't disappoint me, but you made your Aunt Shen Ning disappointed and sad. She tried every means to make you happy, but it was wrong for you to treat her like that. You must apologize to her. At the same time, you also hurt the little girl. Xiao, you burned a big part of her arm. Think about it, if it were you who got burned, wouldn't you be hurt and sad? Lanlan, you have to remember, if you just let daddy down, , Daddy can forgive you, but your current behavior has hurt many people and cannot be forgiven, understand?" Li Zhenting said seriously.

"Okay, Daddy, I'll correct it." Lan Lan immediately nodded in agreement.

"This time, you must sincerely change. If you don't change, then daddy will keep his word." Li Zhenting knew her nature and explained it again and again.

"Don't worry, Daddy, I will change it."

"Well, let's go in." Li Zhenting nodded.

When he saw the children all going in, he turned around and got into the car.

"Shanshan, I'll take a taxi back. You go to work quickly. Don't be late." Shen Ning refused to get in the car for fear of delaying his time to go to work.

"No, it's not safe to take a taxi, and it's early." Li Zhenting refused and insisted on sending Shen Ning home.

Shen Ning had no choice but to get in the car and follow him back.

Actually, Shen Ning wanted to go to Shaw's Villa and retrieve her past memories. Aunt Dong had told her some things about her past life in the past few days, so she wanted to go and have a look.

Li Zhenting went to work after sending her home.

The house has become much cleaner after the children went to kindergarten. The weather outside is very good. Shen Ning thought about taking the little ones to the garden to bask in the sun and take a walk.

"Ning Ning." After she pushed the two-seater stroller for a while, she saw Li Wanqing walking towards her. Under the warm sunshine, her face was not so serious, and even a little friendly.

"Mom." She smiled at her.

"Ning Ning, Xixi and Beibei are so happy." The two little guys stared at their calves in the stroller. Li Wanqing came forward and bent over to tease the two little guys. The two little guys grinned. Smiling at her, her heart melted.

"Yes, they like to go out for a walk." Shen Ning agreed with a smile.

After a while, Li Wanqing stood up and pushed the trolley with Shen Ning. The mother-in-law and daughter-in-law walked and chatted.

"Ning Ning, do you remember Zhu Qixiong?" Li Wenqing asked deliberately, looking at Shen Ning's face.

Zhu Qixiong?

Shen Ning was stunned for a moment, and suddenly remembered that on the night of the wedding, when she and Li Zhenting were stopped by the group of friends to drink, it was Zhu Qixiong who stood in front of them and allowed them to escape smoothly, and she smiled at the moment.

"Remember, he is very enthusiastic."

Li Wanqing asked calmly: "Is he just very enthusiastic?" "Yes." Shen Ning nodded and said frankly, "I heard from Aunt Dong that he and I used to be good friends."

Li Wanqing narrowed her eyes: "What about now?"

"Because I forgot about him, and now I have no contact with him." Shen Ning was a little embarrassed, because she had forgotten her friends now due to her amnesia.

"Is there really no contact?"

"Of course." Shen Ning smiled, "I have to take care of the children every day now and I don't have time to contact him. If I recover my memory one day, I still want to contact him. After all, we are all friends."

She has no distracting thoughts and speaks frankly.

Li Wanqing looked at her, thought for a moment, and said, "Ning Ning, if you need anything in the future, just ask. I'm sorry for my attitude towards you yesterday, and I hope you won't take it to heart."

The gloom in Shen Ning's heart disappeared immediately, she took Li Wanqing's hand and said sincerely: "Mom, you are the elder, why should I care? Besides, you also think about this family, you taught Shanshan so well, for allowing me to have a husband who loves me so much, it's not too late for me to thank you. If I do something bad in the future, just point it out and I will definitely correct it with an open mind."

"Yeah. Good boy." For a moment, Li Wanqing was also very moved. Isn't this kind of daughter-in-law what she dreamed of? It would be great if that didn't happen.

"Okay, we are a family that loves each other. Let's work hard for this family together, so that Zhen Ting can devote all his energy to his career and carry forward the Li family's family business." Li Wanqing tightened Shen's hand. Ning's hand, the two looked at each other and smiled.

In the study.

Li Wanqing stood in front of the window and fell into deep thought.

How could Shen Ning, who was gentle and filial and newly married to her son, seduce Zhu Qixiong again? There must be something wrong here!

Moreover, these pictures were sent to her by Liang Ruqi. That woman has absolutely no good intentions!

Li Wanqing has also been in the business world. She is not a short-sighted woman. She feels that some issues must be clarified as soon as possible and cannot be delayed any longer, otherwise bad things will happen.
