Chapter 15 You Offended Me Today

Li's Castle.

In the bedroom.

Lan Lan wore a beautiful dress, holding Coco's toys and throwing them one by one like a fairy, and quickly threw them all over the floor.

Every time she threw one, she happily spun around with the hem of her skirt.

Coco was so angry that he pointed at Lan Lan and asked angrily, "Why did you do this?"

Lan Lan blinked her big eyes, and said arrogantly: "Because, because I like it."

Coco laughed angrily: "You can do whatever you like, you think you are the empress? No, the empress can't do this either. Let me tell you, you offended me today, and the consequences are serious, understand?"

Lan Lan held up the hem of her skirt and turned around again, giggling indifferently: "Oh, if you offend me, you will offend me. What can you do to me?"

In the past, she was the only one who bullied Ding Ding. Apart from being cold to her, Ding Ding couldn't do anything to her. Besides, Mommy always protected her.

Ke Ke gritted her teeth with a flushed face, she understood the scheming of this little villain.

Yesterday he called Xiaoxiao and asked her to go to Aude Comic City to bring Ding Ding back home. He learned from Xiaoxiao that Ding Ding was bullied by a little girl named Lan Lan, and she slapped her before leaving in anger. ran away from home.

Hmph, little villain!

I'm not Tintin, it depends on how long your arrogance can last!

"Student Lan Lan, I order you now, pick up all the toys and put them away for me." Ke Ke gave the order to Lan Lan, and began to count: "One, two, three..."

Lan Lan shrugged and looked at him with disgust: "What are you pretending to do, you're going to die when Mommy comes back."

But before she finished speaking, Ke Ke rushed over like a ghost and pushed her down on the bed, and the chubby hand swung her **** and hit her: "I let you bully people, let you throw my toys, Let's see if you dare in the future."

"Oh, it hurts so much." Lan Lan was beaten and cried loudly, clutching her hands, crying so hard that she couldn't breathe.

The housekeeper and servants panicked outside.

"What's going on? Get the mechanical key to open the door." Soon, Li Zhenting's calm and majestic voice came in from outside.

Ke Ke was taken aback, it's not good, the scumbag is back!

He rolled his eyes wide and suddenly fell to the ground, crying and rolling.

The door opened, and Li Zhenting rushed in first, and his tall figure brought a chill.

In the bedroom.

Toys were thrown everywhere, one of the two little milk babies lay on the bed crying to death, the other fell to the ground crying and rolling.

With a tense face, he walked over, pulled Lan Lan up, and questioned: "Lan Lan, Daddy didn't criticize you last night, but you went so far as to bully Tintin again, you really don't know how to deal with it." you."

Lan Lan opened her mouth, angry and anxious, her little face was swollen purple.

God knows how wronged she was. This time, even though she was the one who caused the trouble first, she didn't take advantage of it, and she was even beaten.

But Daddy was so scary right now, she didn't even dare to speak.

"Li Zhen, don't scare the child, she is not sensible..." Shen Mei ran over and hugged Lan Lan distressedly, and Lan Lan burst into tears as soon as she threw herself into Shen Mei's arms.

"Shut up." Li Zhenting's eyes were sharp and cold, and he shouted at Shen Mei: "Don't think I don't know what happened yesterday? Lan Lan slapped Ding Ding yesterday."

Shen Mei opened her mouth, not daring to speak.

Of course she also understands her daughter's arrogance.

Coco was already hugged by the servants.

He wiped his eyes, walked to Li Zhenting's side in a very sensible way, took his big hand, and persuaded in a childlike voice: "Daddy, the child is still young, just say a few words, just change it later."

Li Zhenting looked at Ding Ding's aggrieved and sensible appearance, sighed, hugged him, and said to Shen Mei: "Today, Lan Lan was punished to stand for an hour, and you have to educate her well in the future. If this kind of thing happens again, you won't It would be such a light punishment."

After speaking, he carried Coco and walked towards the study.
