

Troublemakers 1501

Chapter 1501: Conspiracy 1

"Aunt Dong, please take me back to Shaw's Villa today to take a look." Early in the morning, Shen Ning said to Aunt Dong.

Now that Li Zhenting is on a business trip and there are many nannies and special care workers at home, she is relatively free.

Once people are free, they will have some strange thoughts and always want to figure out something.

"Okay." Aunt Dong also wanted to go home and have a look. Besides, the Shaw Villa belonged to Shen Ning. There was nothing wrong with her wanting to go home and have a look. It might remind her of something, so she agreed.

After breakfast, Shen Ning and Aunt Dong sent the children to Blue Whale Kindergarten. After sending them into the kindergarten, Shen Ning navigated the Shaw Villa and drove away.

Lan Lan stood on the campus and watched Shen Ning's car drive away, and immediately took out her mobile phone.

...

Li's Castle.

A luxury car stopped at the gate, the door opened, and Shen Mei stepped out grandly.

"Hello, young lady." As soon as the security guard at the gate saw her, he immediately smiled and came forward to salute her.

Shen Mei nodded and waved to him.

The door slowly opened.

She walked inside.

Along the way, whenever any nanny or cleaner met her, they would greet her politely with a smile on their face.

Shen Mei is extremely jealous!

I didn't expect Shen Ning's status in this family to be so high!

When she was at Li's house, these nannies and cleaners would hide as far away as they could when they saw her. Now, when they saw Shen Ning, they all felt like they were seeing their mother, with fawning expressions on their faces.

She tensed her face and took a detour toward the path.

After all, she is not Shen Ning. The plan has just begun, so it cannot be too ostentatious. The fewer people see it, the better.

Today is because Lan Lan goes to school, so she can only show her face and come in. Soon, she arrived at Li Zhenting's villa.

The door is open.

When she walked in, Sister Wang and the nanny were busy in the kitchen.

She lowered her head and quickly came to the elevator and pressed the elevator button.

After the elevator door opened, he ducked in and went directly to Shen Ning and Li Zhenting's wedding room.

The wedding room is so big and luxurious!

Shen Mei locked the bedroom door and stood in the middle, looking at the room.

This used to be Li Zhenting's bedroom. At that time, it was all gray, and the clothes and decorations inside were clean and neat, with a coldness that she couldn't conquer.

Countless times, she dreamed of moving in. Many times, she even used a honey trap and almost took off her clothes, but Li Zhenting was still indifferent to her.

Once, she pretended to be drunk and stayed in his room.

Li Zhenting insisted on taking her away.

He arranged the best princess room for her here and gave her a lot of jewelry and brand-name bags, but she just couldn't sleep on the same bed with him and love her like a couple.

At that time, she was filled with hatred and anger, and even wanted to threaten him with suicide, but she could not succeed.

He was indeed very nice to her, but he only treated her like a sister, which was not the kind of kindness she wanted!

She walked to the oversized bed, sat down, and stroked the soft sheets, with sparks in her eyes.

Shen Ning, why are you so lucky?

She picked up the pillow on the bed and threw it to the ground. Without venting her hatred, she threw down all the things on the bed. Then she lay on the mattress worth six to seven million, picked up the remote control and operated it as a mattress. When she rose, she felt like she was floating on the clouds.

After tossing on the bed for a long time, she went to the shower room, which was even more empty than a room. She stood there imagining Li Zhenting taking a bath here. A wave of heat surged through her body. After a while, the thought appeared in her mind again. The scene where Shen Ning and Li Zhenting rejoice together.

"Ah." She raised her hand and picked up a soap dish and threw it to the ground.
