

Three Little Troublemakers Turned the World Upside Down After My Divorce Chapter 16: a little pain in conscience

Chapter 16 Conscience hurts a bit

"Mum, I'm so angry. You and Daddy have offended me. When you get old, you can rely on Ding Ding. I won't care about you. I'm so sad." Lan Lan really ate it this time. The dumb Kuai couldn't say anything, so he choked up and said a threatening word, then fell into Shen Mei's arms crying.

At this time, the servants and staff, including Shen Mei herself, felt that Lan Lan had bullied Tintin, and no one cared about the little girl's crying at this time.

Shen Mei's eyes just fell on the back of Li Zhenting hugging Ding Ding and leaving intimately, there was a sore and cold look in his eyes, no doubt, Li Zhenting loved Ding Ding...

The face of Shen Ning flashed in her mind... If Li Zhenting discovered the parent-child relationship between Shen Ning and Ding Ding, then she would fall into the endless abyss of **** from now on, and there would be no possibility of turning over!

Shen Ning, you bitch, why did you come back?

Zhen Ting is finally going to marry me now, and I will never let you spoil my good deed! Don't blame me for being cruel then!

She clenched her fists.

Ke Ke was held in Daddy's arms, and she grinned.

Yeah, this time, a complete victory! Lan Lan lost completely!

Hmph, manly man, if he can't even deal with a woman, how can he protect His Majesty Mommy!

The night was dark.

Ko Ke had a big sleep during the day and was in good spirits at night.

He was about to sneak into Tintin's playroom to play with toys at a pace that he didn't recognize. When he passed a study room, he suddenly heard voices coming from inside.

"Boss Li, the company's computer system has not been repaired yet. The hackers are very cunning and hidden very deeply." Yang Guo, the computer engineer in charge, was reporting his work trembling inside with a mournful face.

He has dealt with computers for so many years, and this is the first time he has encountered such a strange thing. He has led all the computer engineers to search for a day and a night, but they have not found the problem, which is very bad!

He can only report the situation to Li Zhenting truthfully.

Li Zhenting's face was grim, and he asked in a deep voice, "Where is the hacker's IP address?"

"Mr. Li, the tracking shows that the IP is from the United States, and it is because of this that it cannot be cracked." Yang Guo's voice was crying.

Li Zhenting had sharp brows and a dark complexion.

By the window.

Ko Ke pricked up his two big ears and was listening earnestly. The words 'computer system' and 'hacker' made him pat his head involuntarily.

Oops.

He forgot to unlock the computer system of Scum Daddy's company because he was greedy for toys.

It's been two days and one night. I don't know how much money the company has lost.

He touched his chest, alas, my conscience hurts a bit!

Although the scumbag bullied Mommy, he agreed to marry Mommy yesterday! And it's not too bad for him! At least maintained him today!

If he really married Mommy, they would be a family.

A family should love each other.

He still treats him like this, which is a little too much.

He thought about it and had an idea.

"Cough, cough." After Yang Guo left for a while, the little guy walked into the study with his hands behind his back and cleared his voice.

Li Zhenting was very busy, and when he looked up and saw that his son was still up, he immediately bluffed: "It's so late, why haven't you slept yet?"

"Daddy, did something happen to your company?" Ke Ke asked with a smile on his face.

"It's something, but it has nothing to do with you, go to sleep." Li Zhenting didn't lift his head.

"Daddy, can I borrow your computer?"

"What are you doing?"

"The kindergarten teacher assigned an assignment on Dingding, and I want to use it." The little guy didn't blush and was not panting, and he lied quite slickly.

"Then you can use it, but hurry up." Li Zhenting buried himself in the documents and agreed.

Little Coco immediately happily climbed onto the computer chair with short legs. After a while, he clapped his hands and climbed down, and said in a childlike voice, "Okay, Daddy, I'm going to bed."

"Well, don't kick the quilt." Li Zhenting looked at the cute little guy's back and ordered kindly.

I don't know why, but in his heart, he is particularly partial to this son.

Six years ago, Shen Mei bore him a son and a daughter: Ding Ding and Lan Lan.

Ding Ding has a cold temper, arrogant and cold, not only the facial features are exactly the same as him, but also the personality is very similar.

Lanlan people have a sweet mouth, cute and well-behaved.

In private, he always felt that his son was closer to him and paid more attention to him.
