

Troublemakers 171

Chapter 171 She has a careful plan

"No matter where she moves to, anyway, she will not leave the imperial capital." Lan Feiyun snorted, "Ding Ding is her son, she will definitely use him to do something, you have to be careful."

"Mom, will she move back to that white villa, after all we have already returned it to her."

"Could she be so stupid? Doesn't moving there mean moving back under our noses?" Lan Feiyun gave her daughter a blank look, she is so old and doesn't have any brains, no wonder she can't handle Li Zhenting after such a long time up.

Shen Mei pursed her lips.

"Now we can't coerce her anymore. This woman is very ghostly. She is no longer the same as she was six years ago. Be careful." Lan Feiyun nodded her forehead, "Remember, these three Every day is your ovulation period, this is an opportunity, perform well, if you get pregnant, you don't have to be afraid of anything."

Shen Mei blushed when she heard this, and nodded shyly.

Seven o'clock in the evening.

Ding Ding sat on the sofa and looked forward to it.

Mommy should come over to accompany him.

Last night, Mommy fell into the swimming pool. I don't know if she's in better health. Yesterday, there was a small story. Daddy doesn't love Mommy at all, so the villain will definitely not visit Mommy.

He has to see Mommy well before he can feel at ease.

Today he bought a lot of supplements online, and he asked the courier brother to deliver them to his bedroom. When Mommy comes over, he will prepare to supplement her body.

"Brother, are you waiting for auntie here?" After a while, Lan Lan ran down wearing a beautiful nightgown and sat down beside him.

"What are you doing here?" Ding Ding asked displeased.

He was waiting for mommy, and Shen Ning was not her mommy, so what was she doing after her!

"I'll wait for Auntie with you too, I want to play games with you." Lan Lan said enthusiastically.

Ding Ding pouted.

However, Lan Lan's performance these days is not bad, she doesn't act like that and bully others.

If she likes it, let her do it!

The two of them sat side by side on the sofa, watching TV and waiting for Shen Ning to come over.

"Ding Ding, Lan Lan, go back to your room early today and go to sleep." After a while, Shen Mei came down and ordered with a straight face.

"No." The two little ones replied in unison.

Shen Mei's face darkened: "It's already dark, and I have to go to kindergarten tomorrow, go to bed early."

This time, she was very strict with Lan Lan.

Lan Lan pursed her lips: "Mum, it's too early, I can't sleep."

Ding Ding even objected loudly: "It's not yet seven o'clock, I have to wait for Teacher Shen to come to teach me, so I don't want to sleep."

"Class?" Shen Mei sneered, "What class can she come to with you? It's just to brainwash you so that you don't like me as a mommy. I tell you, she won't come today. Don't wait, hurry up Go to sleep."

That **** has already moved, so why would she come here at night!

"No, she comes every night, and she will definitely come today." Ding Ding firmly believed that Mommy would come to accompany him, so of course he refused to sleep.

Lan Lan didn't want to go to bed so early, because she couldn't fall asleep at all.

So both little ones sat still.

Shen Mei was furious.

Tonight, she has a careful plan, that is, she will spend a good night with Li Zhenting.

She has ordered the kitchen to prepare his favorite meal and sent it to her bedroom, and prepared a bottle of Ferrari red wine.

Li Zhenting was driving back. Today, when she called him, he readily agreed.

She was overjoyed and believed that she could handle him tonight.

Thinking that the two of them are going to be thick and sweet, they will spend the spring night together. Her whole heart has sprouted, how can she tolerate two brats ruining her beautiful plans for the evening.

Chapter 172 This is also the question she is most afraid of

"Ding Ding, Lan Lan, I'll count to three, if you don't go to bed, watch how I deal with you." Shen Mei roared savagely.

Lan Lan had never seen Mummy get so angry at her, she was frightened, stood up, went to Latin Ding's hand, and wanted to pull him up.

But Ding Ding didn't want to, her mommy hasn't come yet.

"Ding Ding, if you are disobedient, then I will close the door of the villa, so that your teacher can no longer come in." Shen Mei was ruthless.

Ding Ding was also scared when he heard it, so he could only mutter 'hate', and was dragged upstairs by Lan Lan.

Shen Mei became happy now, looked at her watch, and saw that Li Zhenting was coming back soon, and was busy dressing up carefully.

It was already half past seven when Li Zhenting got home.

As soon as I entered the living room, I saw that the lights in the hall had been turned off, and only the night light in the corridor was on.

Nanny servants, even the two children disappeared.

At this time, whenever he comes back, Ding Ding will always sit on the sofa and play, and Lan Lan will yell "Daddy", and run towards him with open arms and a smile.

Now the whole house is gloomy and looks very weird.

He frowned and walked upstairs.

As soon as I walked to the entrance of the corridor, I smelled a faint fragrance, which was very fascinating.

"Zhenting." Shen Mei was standing at the entrance of the corridor to meet him, her eyes were shining, and she ran over to hold his arms in surprise, with a bright and charming smile on her face.

"Meimei, let go." The woman's soft body pressed against him tightly, murmuring, the misty fragrance became stronger and stronger, Li Zhenting was in a trance for a while, but he soon woke up and pushed her away .

"Zhen Ting, you are hungry, I have prepared a sumptuous dinner for you." Shen Mei didn't care, but took him by the arm and led him to her room.

In the bedroom, the pink lights are shaking, and the charming aroma is lingering.

Li Zhenting took a few deep breaths to stabilize his emotions. When he looked up, he almost spit out a nosebleed.

I saw the woman in front of me wearing a nude-colored lace dress, her body was studded with diamonds, she was **** and charming, her whole body shone with brilliance, especially the sensitive parts were faintly visible.

But any normal man would bow down under her pomegranate skirt at this moment, no matter what.

Shen Mei smiled slightly, looking at Li Zhenting charmingly and coquettishly from time to time. Tonight, this dress is her magic weapon for attacking him.

She believed that she would succeed in capturing him.

only

Soon, she was disappointed.

After taking a few deep breaths, Li Zhenting pushed her hand away, his face indifferent.

She will never know that what Li Zhenting loves is definitely not her enchanting and **** style, but what he pays attention to is the fit of soul.

Especially after this period of time, his affection for her has long since dropped to the lowest level.

"Shen Mei, sit down, I have something to ask you today." With an indifferent expression, Li Zhenting pulled her to the sofa and sat down.

"Zhen Ting, what's the matter?" Shen Mei's face changed slightly, but she still asked charmingly.

"Shen Mei, there's something I've wanted to verify for a long time, and I hope you can tell the truth." Li Zhenting said in a deep voice, and spoke slowly.

This is why he promised her tonight.

Hearing the man's indifferent tone, Shen Mei inexplicably felt a chill, and all her emotions retreated.

But she still has a cute face:

"Zhen Ting, tell me, I will know everything and say everything."

"Okay." Li Zhenting nodded, and suddenly asked: "Shen Mei, let me ask you, I hurt my eyes that year, did you really save me and take care of me? Is that girl really you? "

"..." Shen Mei was stunned for a moment, never dreaming that he would ask this question, this is also the question she is most afraid of.

"I..." She faltered with a pale face.

Chapter 173 Only blame me for loving you too much

"To tell the truth, I want to listen to the truth." Li Zhenting fixed his eyes on her, and said in a cold tone, "You should know my character."

"Zhen Ting, I... I." Shen Mei lost her mind for a moment and was shocked.

"Shen Mei, I have already agreed to marry you. The reason for marrying you is not because you are the girl who saved me and took care of me, but because of responsibilities and obligations. After all, you have given birth to a child for me." A girl, for the sake of the children's happiness, as long as you treat the children well and bring them up, I will fulfill my promise. In fact, I just want to confirm today. If you don't tell the truth, you are doing me wrong. If you are not honest, then our engagement will have to be cancelled, it depends on your attitude." Li Zhenting said slowly.

Back then, when he learned that the girl was Shen Mei, he was overjoyed and excited, and loved her very much, but as time went by, he felt more and more that she was not that girl.

Love is delicate and sensitive, and only those who truly love can feel it.

Shen Mei is very different from that girl, no matter how different she is.

But he was not reconciled, and still wanted to prove why she pretended to be that girl to deceive him, just like last night, she asked Shen Ning to pretend to be her to play the piano, which is obviously deception.

He stared at her suspiciously.

Shen Mei gradually calmed down from panic.

Li Zhenting's attitude was in her expectation.

She was always afraid that Li Zhenting would expose this secret and abandon her, but now it seems that she still won, the more he was so frank with each other, the more it meant that he had really let go of that relationship and was ready to face reality positively.

After all, she is the mother of his two children.

"Zhen Ting, please forgive me." She lowered her head, twisted the hem of the empty clothes uneasily with her fingers, and confessed with tears: "It's only because I love you so much, you were drunk and asked all the time Am I Xiaofeng, I know she is your true love, the woman on your heart, but I didn't want you to feel so uncomfortable at that time, and I wanted your love too much, so I admitted it, but you never asked again afterwards Me, I forgot about that too."

She leaned her body close to him, wrapped his hands around him, and said in an extremely gentle voice:

"Zhen Ting, come out, people have to look forward, she is dead, you have to think about Ding Ding and Lan Lan no matter how uncomfortable they are, they are still young and need fatherly love, and I love you so much You, you are willing to die for you, you have to believe that I will never be worse than her."

As she spoke, she quietly looked at the man's face, tears streaming down her face.

"Zhen Ting, who hasn't had the feelings of an ignorant teenager? Forget the past. From now on, we will love each other and form a perfect family. This is better than anything else." Shen Mei threw herself into his arms, crying .

With a blank expression on his face, Li Zhenting slowly helped her up, and said indifferently: "You can take care of the children at ease, and the wedding will be held as usual."

He stood up and walked outside.

"Zhenting..." Shen Mei wept with joy from behind.

Ding Ding's bedroom door.

When Li Zhenting came over, he saw a group of small figures sitting close to the door, with their hands hugging their knees, looking very lonely.

His heart tightened.

"Ding Ding, what are you doing sitting here?" asked in surprise.

"Mummy forced Lan Lan and me to go to sleep, but I just want to wait for Teacher Shen." Ding Ding said in a low voice.

Li Zhenting was taken aback, and hurriedly asked: "Is Teacher Shen not here?"

"No, she must have fallen into the water yesterday and drowned." Ding Ding replied with her mouth curled up, her eyes were red.

He won't have a mommy anymore! How miserable!

Chapter 174 I just want Mommy to accompany me

"It's nothing." Li Zhenting's handsome face sank, "Daddy rescued her and sent her to the hospital. She's fine."

"You're lying." Ding Ding retorted loudly, "She comes to accompany me every night, why doesn't she come today? It's clear that she has been drowned."

Ding Ding pursed his lips, and tears flowed out in strings.

Looking at his heartbroken appearance, Li Zhenting couldn't laugh or cry, so he had to take out his mobile phone to call Shen Ning.

But after he called several times, he was told that the phone had been turned off.

He frowned.

Is there any rules for this dead woman? It is obviously her time to accompany Ding Ding. Not only did she not come, but she didn't even ask for leave. What does this take him for?

"Let me just say, she's already dead." Seeing that his father couldn't find Shen Ning, Ding Ding decided that she was dead, and started crying even more, until his little nose shrugged.

"Ding Ding, Daddy assures you that she is not dead." Li Zhenting had no choice but to swear.

But Ding Ding didn't believe him at all, and just cried harder.

When Li Zhenting was helpless, there was suddenly the sound of hurried footsteps downstairs.

Li Zhenting's face was unconsciously stained with joy, even though the footsteps were hurried, he could still recognize Shen Ning's footsteps at once.

"Ding Ding." Shen Ning was sweating profusely. Today, she has been busy moving all day. The suburbs are a bit far away, and the road conditions are not so good. The traffic jam made the taxi late. When she ran up, she saw Ding Dingman With tears on her face, she was looking at her, and the stars were shining in her dark eyes, and she was so soft that her heart almost melted.

Come here in such a hurry because she was afraid that the little guy was waiting for her. Sure enough, her son was still waiting for her. The child's infatuation was enough to make her gratified.

"Auntie." Ding Ding finally showed a pure smile on his ridiculously beautiful face, and stretched out his hands to her, "So you are not dead."

Shen Ning was taken aback, and rushed forward to hug him into his arms: "Auntie is alive and well, how could she die? For Tintin, Auntie will find a way to live."

What she said is true. For the sake of the children, she will do everything possible to live well and not let her children be bullied by bad people.

As soon as Ding Ding's small body fell into her arms, she became quiet and obedient. Shen Ning had no resistance at all, picked up the child and walked towards the bedroom, whispering softly: "I'm sorry, Ding Ding, Auntie was stuck in traffic today, so the delay It's time, and I will come on time next time."

"Auntie, you have to come here every day, I can't see you can't sleep." Ding Ding's voice is delicate, with a slight ending, especially cute and soft.

Shen Ning's heart softened into a ball. She put Ding Ding on the sofa, pinched his nose, and smiled softly: "You are a little man, and you need someone to accompany you. This habit is not good."

"I don't care, I just want Mommy to accompany me." Ding Ding put his small mouth close to Shen Ning's ear and whispered.

Shen Ning smiled sweetly.

Suddenly, he felt a beam of cold light hit him, and when he raised his eyes, Li Zhenting was standing there with a cold face.

But she just glanced at him indifferently, and after a while, she began to get busy.

Looking at them as close as mother and child, Li Zhenting stood thoughtfully.

"Auntie, can you stay and sleep with me tonight?" After a while, he also went to the bathroom to take a shower. Face, pleading solemnly.

Chapter 175 Can this guy be normal again!

"No, Auntie is going home." Shen Ning smiled and shook his head.

"No, I want you to stay." Ding Ding began to take her hand and shake it coquettishly.

Shen Ning still refused, but when he raised his eyes, he saw Li Zhenting coming out of the bathroom.

The man's nightgown was slightly open, his chest was muscular, his eight big abdominal muscles were strong, and his whole body was a symbol of strength. He could not help feeling a little hot in his ears, and hurriedly avoided his eyes.

How could she stay? Ding Ding slept with Li Zhenting. Does she want to share a room with this devil?

"Daddy, okay? Let auntie stay and sleep with me for one night." At this time, Ding Ding turned around and begged Daddy when he saw that Shen Ning didn't agree.

He thought that the reason why Mommy disagreed was because Daddy, a big villain, treated Mommy badly, so he went to ask Li Zhenting.

Shen Ning looked at him coldly.

This man doesn't have the slightest liking for her. It just so happens that he will definitely refuse, so Ding Ding will give up.

But Li Zhenting stood beside him, with the corners of his lips curled up: "Ding Ding, it depends on whether you, Mr. Shen, are willing."

"Then Daddy agreed." Ding Ding laughed happily when he heard the words, and immediately sat up and looked at Shen Ning, "Auntie, Daddy agreed, you can stay and sleep overnight."

Shen Ning was in a daze!

Can Li Zhenting be normal?

Shouldn't he firmly oppose it!

This is not playing cards according to common sense!

"Mommy, please stay." At this moment, Ding Ding's little head arched into her arms, hugging her like a baby, never letting her go, and begging in her ear.

Shen Ning was anxious and helpless.

In this case, a man and a woman, although there is a child by their side, what difference does it make to share a room with a man?

She can't!

But Ding Ding made up his mind not to let her go, so he just grabbed her clothes.

"Tell me, how much does it cost to spend a night with the child?" At this moment, Li Zhenting was leaning on the desk with his arms crossed, adding fuel to the fire.

"You... despicable." Shen Ning was irritated, is she doing it for money?

Li Zhenting smiled elegantly: "I can do whatever I want, you can decide for yourself."

Shen Ning gritted his teeth: "It's fine for me to stay, then get out of here."

She is very happy to accompany the child, but if he wants to participate, I'm sorry, she doesn't like it.

Li Zhenting's face turned cold, and he sneered: "Do you think I'm happy?"

After speaking, he turned and walked towards the study.

Seeing that he was gone, Shen Ning immediately ran over and locked the door, and stared at Ding Ding. Suddenly, the two looked at each other and smiled, raised their hands, and clapped each other.

Ding Ding handed the phone to Shen Ning, and Shen Ning picked it up.

They started calling Coco, Xiaoxiao.

Actually, Shen Ning's new home is a little far away from Li's Castle, and Aunt Dong is worried that it will be unsafe for her to travel back and forth, so she is also happy for her to stay.

In this way, after Ke Ke and Xiao Xiao agreed, Shen Ning went to take a bath without any worries and prepared to sleep with Ding Ding.

In the dead of night, Li Zhenting opened the door of the room after overtime in the study.

In the bedroom, Ding Ding was sleeping in Shen Ning's arms, and Shen Ning hugged him with both hands.

The elder and the younger were intimate and slept deeply, just like a mother and son.

For a while, he stood in a daze.

The night light outside the window shone in faintly, falling on the face of the sleeping woman.

It was a small and delicate face. Whether it was separated or taken apart, the facial features were very delicate. The skin was like snow, but the eyebrows were tightly knitted, as if full of thoughts and sorrows.

He felt a little pity in his heart, and he couldn't help stroking his fingers up, smoothing her beautiful eyebrows little by little. Until this moment, he suddenly discovered that he actually still had some feelings for this ex-wife.

Chapter 176 A woman who doesn't know what to do.

The next morning, Ding Ding woke up with a smile on his face. This night, he slept soundly and comfortably. When he woke up in the morning, his eyes were dark and bright, and he was particularly energetic.

This is the first time that Li Zhenting and Shen Ning went to send him to kindergarten together.

He was so happy, he changed from his previous aloof image, his chest was raised high, his head held high, and he was full of air.

He no longer envies that others have daddy and mommy to pick them up, because he has one too.

"Auntie, can you pick me up from school with my daddy?" The kid is really greedy. After Ding Ding was sent to school by mommy and daddy, this feeling is so good, he is not willing to give up, but also hopes that daddy Mommy was able to take him home.

Shen Ning looked at the child's Hei Liang expectant eyes, and felt pain in his heart, thinking of Ke Ke and Xiao Xiao.

She turned her head away.

Lantian Kindergarten is also full of parents and children, but her little Cocoa is no longer seen.

Her eyes are a little moist.

"Get in the car." At some point, Ding Ding had already entered the kindergarten, and Li Zhenting drove the car to her side, with a deep magnetic voice.

Shen Ning looked back at him.

Yes, which child doesn't want to be picked up by mommy and daddy?

But her three children have never had the affection that ordinary children can easily have.

Under Li Zhenting's repeated urging, she got into the car in a daze.

Li Zhenting took her to the dining hall of a five-star hotel.

"Ding Ding has changed a lot during this time. You have contributed a lot. Today I will treat you and reward you." After they sat down in a quiet private seat, Li Zhenting spoke with rare affirmation.

"No need, this is what I should do." Shen Ning finally came to his senses, and immediately replied indifferently, stood up and was about to leave.

She didn't want to dine with this noble man in such a high-end luxury hotel.

Li Zhenting has grown up so big, and has never been rejected by a woman. Shen Ning's decisive refusal made him lose his face. He immediately turned black and ordered: "Shen Ning, sit down and have breakfast first."

Shen Ning still didn't sit down obediently, but turned around and left.

Li Zhenting's face was full of displeasure. If this were Shen Mei, I don't know how happy he would be.

This woman is really cocky.

"It's just a breakfast. Why are you guilty? If it wasn't for Ding Ding, do you think I would have breakfast with you?" After being rejected, he became furious, his tone full of indifference and sarcasm.

Shen Ning smiled coldly, he didn't want to, but she didn't care too much!

She walked out arrogantly, not taking him seriously at all.

Li Zhenting sat with a dark face.

The back view of the woman resolutely leaving made him feel abandoned for the first time.

A woman who doesn't know what is good or bad.

He got up angrily, picked up his briefcase and strode away.

Shen Ning was walking quickly towards the bus station.

Sudden

A car came straight from behind.

"Ah." She screamed in fright, her face changed color, and she knelt down with her head in her hands.

The car passed her, only a fist away.

"Crazy." When Shen Ning raised his head with a pale face, he saw Li Zhenting's car passing by her quickly, and he seemed to be able to see the man's dark face through the window glass. Patting his chest, he took several deep breaths before walking towards the bus stop.

afternoon.

She was still busy in the company, and that guy Li Zhenting called and said that he promised Ding Ding in the morning to pick him up from school together.

This time, Shen Ning didn't refuse, and sat in his car obediently.

Chapter 177 Why such a face?

Li Zhenting had a stern face, in a bad mood.

After Shen Ning got into the car, he didn't say a word. Before she could sit still, he started the car in retaliation, causing Shen Ning to almost fall on the car.

Shen Ning pursed his lips and looked at him coldly.

It's really strange, why is this man so angry?

Isn't it just that he refused to have breakfast with him in the morning, but isn't this what he wants? He shouldn't be too happy, why is he such a face?

However, she doesn't care, this man has always been moody.

"Daddy, Auntie." As soon as the car arrived at the kindergarten, Shen Ning saw the little guy standing at the gate of the campus with his schoolbag on his back, looking forward to it. He soon saw Li Zhenting's luxury car, and immediately waving to this side and shouting loudly.

Shen Ning had a friendly smile on his face, and his heart was full of warmth.

Even before the car stopped, she opened the door and ran down, opened her arms, and ran to hug Tintin.

The mother and son smiled happily, and after kissing each other, they walked towards Li Zhenting's luxury car holding hands.

Li Zhenting sat in the driver's seat and looked at them coldly.

Shen Ning had a bright smile on her face, a smile that came from the bottom of her heart. She smiled and bent down to listen to the child's words.

And Ding Ding smiled innocently while gesticulating with his small hands, and chattered.

The two whispered from time to time, not knowing what they were talking about.

Although Li Zhenting disdained Shen Ning, he was still shocked deep in his heart at the moment.

Ding Ding has really changed, like a different person.

He used to be tall and cold, not talkative, cold to everyone, and sometimes he would get sick.

But now, although he can be cruel, when he is with Shen Ning, he talks and laughs, very warm, and even the servants at home praise Tintin for being more polite.

He can no longer see any symptoms of depression in the child. He is just a cheerful and optimistic child.

Such a **** was something he never even dared to dream of before.

For a child to undergo such a big change in such a short period of time, he really cannot underestimate Shen Ning.

Soon, Shen Ning took Ding Ding's hand and got into the car.

He started the car, and through the rearview mirror, Shen Ning and Ding Ding were chatting and laughing in the back seat. Shen Ning asked Ding Ding about the interesting things that happened in the kindergarten from time to time, and Ding Ding described it carefully. Shen Ning listened patiently and added a sentence from time to time. , the two were smiling, Shen Ning would always point it out in time whenever they encountered a problem of principle, and Ding Ding also listened to her opinions very seriously.

Since getting in the car, except for calling him 'Daddy', Ding Ding completely treats him as air at other times.

He had a sullen face. If the little **** Ding Ding hadn't had a face exactly like his, he really doubted whether he was his own!

After dinner, Ding Ding even offered to let Shen Ning go first.

Li Zhenting was very surprised, and squinted his eyes to look at him. Sure enough, he and Shen Ning were whispering to each other, obviously, they had discussed it.

He snorted coldly.

Shen Ning left quickly, thinking of Ke Ke and Xiao Xiao, she walked fast.

Second floor.

Standing in front of the floor-to-ceiling glass windows of the study, Li Zhenting looked at the back of Shen Ning walking out lightly with a small bag on his back, narrowed his eyes, took out his mobile phone, and made a cold-blooded call.

"President Li."

"Cold-blooded, go and check Shen Ning's living conditions in the past six years, the more detailed the better."

"good."

...

Shen Ning got out of the bus after taking a bus, and called a parked passenger motorcycle on the side of the road.

ten minutes later.

The motorbike driver drove her to a stop downstairs of a half-new apartment building.

Shen Ning jumped out of the car and reached into his bag for the key to find the access control card.

"Ning Ning." Suddenly, a man's voice came from behind.

Shen Ning shook his hands in fright, the key fell to the ground, and his face changed color.

Chapter 178 The Huge Secret

"Ning Ning, so you moved here." Li Zhijun twisted his waist, raised his orchid fingers, and smiled all over his face, with the corner of his lips smeared with the pride of having discovered his secret.

Shen Ning turned pale: "Zhijun, how did you find this place?"

She moved to this place with great difficulty, and was discovered by Li Zhijun in just one day, which made her very worried.

"Of course I followed you here." Li Zhijun's peach blossom eyes sparkled, and he smiled thieflly, showing two big dimples.

"Why are you following me?" Shen Ning asked through gritted teeth, wishing to beat this man away, he is really a playboy, he doesn't know the sufferings of the world, but he does things like stalking women.

"Ning Ning, I followed you because I cared too much about you. In fact, I have always had a good impression of you. When you were my cousin, I wished I could clean up my cousin. He is too disrespectful. I understand pity and love, and you are so aggrieved to marry him." Li Zhijun's eyes showed regret, which was quite serious.

Shen Ning saw that he had no malice, so he asked, "Is there anyone else besides you who knows?"

"No, I'm the only one who knows, and I just found out." Li Zhijun shook his head.

Shen Ning breathed a sigh of relief, and was about to send him away, telling him not to come again, when suddenly, the door of the apartment opened from the inside.

"Mummy." Ke Ke cheered and rushed over from the corridor, running towards Shen Ning with open arms.

Shen Ning was stunned.

Li Zhijun was also shocked.

"Ding Ding." He looked at Ke Ke and screamed, his face full of surprise.

Shen Ning actually brought young master Ding Ding here. It turns out that there is such a huge secret hidden here, no wonder she panicked when she saw him.

"Who are you?" Ke Ke rushed into Mummy's arms and revealed half of her face to look at the unmasculine monster in front of her, her big eyes were full of vigilance.

"Ding Ding, you don't even know me? I'm your cousin, dear, absolutely dear." Li Zhijun was surprised to see the strangeness in Ke Ke's eyes.

"I don't know any cousin, get out of here, you are not welcome here, and you are not allowed to disturb my mommy." Coco clenched her small fists, full of hostility.

Mommy?

Li Zhijun was completely dizzy.

Didn't Ding Ding be born by Shen Mei? Why did she call Shen Ning her mommy? Even though he thought he was quite flexible, he was in a fog at this time, and he couldn't figure out the world.

"Ke Ke, you go home first, Mommy will come up later." Shen Ning was out of control at this time, and hurriedly lowered his head and whispered to Ke Ke, pushing him to let him go home first.

Because she didn't go to kindergarten, Ke Ke stayed at home all day and was very bored. She finally saw Mummy coming back from the balcony, and rushed out happily, but she didn't expect to see a fancy man entangled Mummy.

He was very unhappy. He turned his head and made a big grimace at Li Zhijun, sticking out his tongue and shaking his fists: "If you dare to bully my mommy, I will beat you to the ground."

After finishing speaking, he made a Yiquan move.

Li Zhijun stared at the back of the little guy dumbfounded. Although this kid has the same face as Tintin, his behavior is completely different from the same person.

"Shen Ning, what's going on?" As soon as Ke Ke left, Li Zhijun looked at Shen Ning suspiciously.

Shen Ning hesitated for a while as if he had made some decision, gritted his teeth, and said, "Zhijun, come with me."

She led Li Zhijun towards his luxury car.

The two got into the car.

Chapter 179 I will definitely keep a secret for you

"Zhijun, there is something I want to tell you, but you have to promise not to tell anyone, including your aunt and all relatives." In the car, Shen Ning clasped his hands together, begging Li Zhijun with tears in his eyes, "If you can't agree, then please go now, and treat everything today as if you didn't see it, and don't care about my affairs from now on, I will thank you."

Speaking of this, she suddenly lay on the back of the car seat and burst into tears.

Li Zhijun panicked.

In his life, he has never been in good shape, and he has never encountered such a thing.

For a while, I was curious and at a loss.

But the painful and helpless expression of the woman at this time made him more sure that Shen Ning must have encountered difficulties.

The man rushed forward with heroism.

"Ningning, don't worry, I will definitely keep the secret for you, just tell me if you have any difficulties, and I will do my best to help you." He patted her on the back with a gentle tone.

He has always had a good impression of Shen Ning. Ever since she was abandoned by her cousin, he even heard that she was dead. At that time, he was very sorry.

Although she is not dead now, the apartment she lives in is far away in the outskirts of the city, and it is half old and not new. It must be a miserable life.

"Then you swear to God." Shen Ning wiped away his tears, pointed to the sky outside and said worriedly.

"I, Li Zhijun, swear to God, if I break my promise and reveal the secret, I will be bombarded by five thunderbolts, and I will die with regret."

Shen Ning saw that he swears viciously, and the matter has come to this point, so he can only take a gamble and choose to believe him.

Actually, even if he didn't believe him, he had already discovered Coco's secret, and he couldn't hide it.

Instead of being exposed by him, it is better to tell him and seek his help.

So, he explained his affairs concisely.

"Oh my God, Shen Ning, you are so great." Unexpectedly, Li Zhijun screamed and looked at Shen Ning in disbelief, "So you gave birth to triplets for my cousin, and my cousin's life is also at stake." That's great, if it were me, I would die of joy."

"Hey, remember the poisonous oath you made." Shen Ning looked at his exaggerated expression and reminded him nervously.

After Li Zhijun giggled, his face was serious, and he admired Shen Ning even more.

"Cousin, in fact, you can choose to tell the truth. Although my cousin doesn't love you, he definitely loves children, and he won't ignore Coco."

"No." Shen Ning shook his head with a pale face, "If I could tell him, I would have told him a long time ago. He must never let him know about the children. You should know that I have nothing in this life, only Keke and Xiaoxiao. If your cousin finds out, he will definitely **** the children away, he is a devil, I must not lose my children, and that wicked girl Shen Mei will not let my children go."

Speaking of this, Shen Ning cried again in pain and despair.

"Oh, don't cry, don't worry, I won't say it, and I will help you." Li Zhijun was most afraid of seeing a woman cry, so he hurriedly spoke to comfort her.

He couldn't imagine how much grievance and pain she had suffered in these years. The balance in his heart was completely in favor of her, and his conscience made him decide to help her.

"If you tell the truth, the child and I will not be far from death." Shen Ning said again, sobbing.

"Ningning, don't worry, if I tell you, you can hack me to death with a knife." Li Zhijun had no choice but to swear to God.

Shen Ning almost burst into tears when he heard the 'poof'.

"Okay, anyway, you are the only one who knows about this at the moment. As long as it is leaked, I will settle accounts with you."

Shen Ning finally put away his tears.

Chapter 180 is really shameless to the extreme!

"Okay, if I break my promise, you can punish me as you like, come on, wipe your face quickly, and take me to see my little nephew and sister." Li Zhijun hurriedly took a tissue to wipe Shen Ning's tears courteously.

Shen Ning snatched it over and glared at him: "What's the hurry, I can't keep the secret, I'll really kill you with a knife."

Li Zhijun chuckled.

He never dreamed that today's unintentional stalking would drag him into a battle for a son. Later, he regretted that he should have followed him today. Even if he followed him, he should immediately Get away instead of learning about the secret.

That **** Li Zhenting is really a devil.

Curiosity killed the cat!

In the next few days, Li Zhijun would come to play with Ke Ke and Xiao Xiao every day, and buy them all kinds of toys and delicious food. It didn't take long before he and Ke Ke became "friends of life and death". Those who call themselves brothers and sisters have a great time.

Shen Ning saw that Li Zhijun not only kept the secret, but also had a similar taste with Cocoa, and was happy to see the results, so he was relieved.

In this way, while she was going to work, she took time to take care of Ding Ding, and then came back to accompany her son and daughter. Although it was hard work, it was peaceful.

On this day, she was working in the office, when suddenly, the lady at the front desk told her that there was a woman looking for her outside.

She was taken aback, and before she could speak, she heard the sound of high-heeled shoes coming from the corridor, followed by the chasing voice of the lady clerk: "Miss, please stay, we haven't asked Mr. Shen for permission yet."

"What a fart Mr. Shen, she's just a bitch."

The woman's voice was sharp and harsh, with extreme contempt.

Shen Ning's nerves immediately became tense, his face changed color, and he looked coldly outside the door.

Soon, Wu Lili appeared at the door of the office in a coquettish dress.

"Shen Ning, I'm here to take back the Shao family property." Wu Lili spoke viciously as soon as she saw her.

Shen Ning asked coldly: "What property?"

Wu Lili smiled disdainfully: "Stop pretending, Shen Mei's mother and daughter have already transferred the white villa to you. That villa was originally Shaw's family property. Your grandmother gave it to your mother back then. Now that your mother is dead, I will give it to you." It will be taken back."

Shen Ning was startled for a while before realizing that the property Wu Lili mentioned was actually the white villa and her mother's dowry.

She is here to seize the family property!

Suddenly, she was so angry that blood rushed to her head.

Last time, she could give her the bank card that grandma gave her, but this white villa is her mother's dowry, why should she give it back? How brazen to the extreme!

"Wu Lili, did you eat kohlrabi last night? Have you dreamed of Huang Liang? My mother's dowry, after so many years, should be given back to you? What are you? Do you want it? My mother was at Shaw Brothers at that time, you don't know which corner you are in, so why should you take it back? After you take it back, can I give you that little boy?" Shen Ning yelled angrily, hitting the nail on the head.

Thinking of Ke Ke being beaten by her, and the scandal of her having an affair with that little boy in Li's Castle that day, I was so angry and disgusted to the extreme, "I haven't told my uncle about the good things you did, yet you dare to beat my mother's dowry!" Do you really think that I am easy to bully?"

"Hmph." Wu Lili smiled brazenly and snorted coldly, "Shen Ning, your mother emptied Shaw Brothers back then, shouldn't I take back that villa? Tell you, Shen Ning, you'd better be honest Transfer the ownership of the villa to me, otherwise I will make you miserable."

Speaking of this, she smiled sinisterly, took two steps forward, and said in a low voice: "Your family is okay now, he looks exactly like Tintin, and he is Li Zhenting's son at first glance. Now, as long as I tell Li Zhenting the news, Do you think you can still get the custody of Ke Ke? Tell you, be sensible, transfer the ownership of the villa to me quickly, otherwise, I will make you lose your son in minutes. "
