Chapter 181 She has given birth to two children

Shen Ning was so angry that he trembled all over.

"Asshole, there's no such thing, get the **** out of here." She slapped the table and yelled. "Come here, drive this **** out, and never set foot in Gu Qi again."

Soon, two security guards ran in.

"Hurry up and drive her away." Shen Ning shouted angrily.

Two security guards held Wu Lili up and threw her outside like a chicken.

"Shen Ning, wait, I will definitely make you regret it, you bitch." Wu Lili was thrown outside by the security guards, she clapped her hands and shouted outside.

It turned out that Wu Lili had been observing in secret since she revealed the news about Ke Ke to Lan Feiyun's mother and daughter. Later, she found that they did not dare to tell Li Zhenting the news about Ke Ke, but just took the opportunity to cheat Shen Ning. In order to take advantage of this opportunity to make a windfall.

Coincidentally, Shen Ning took back the white villa, and she immediately put her mind on it, but what she didn't expect was that this time, Shen Ning would not take this set.

Could it be that she doesn't care about Coco anymore? Or has she reached an agreement with Shen Mei's mother and daughter?

She got up from the ground and left bitterly.

Li's Group leisure area.

Li Zhenting was practicing boxing with his upper body bare, sweat dripping from the tight skin on his chest in a straight line.

On the other side, Leng Xue opened the door and walked in.

"President Li, Miss Shen's information on the United States six years ago is still blank, as if it was deliberately hidden."

Li Zhenting punched the sandbag hard, and the sandbag was hit to the wall and bounced back violently.

He held his right wrist with his left hand and twisted his fist, sweat dripping down the mermaid.

"Why did this happen?" His sword eyebrows were tightened, and his eyes were sharp.

"There are only two situations. One is that Shen Ning has been an illegal immigrant from the beginning and has not been registered there, so there is no way to check. The other is that someone deliberately hid her identity information. If this is the case In such a situation, it is the work of an expert." He analyzed coldly and rationally.

Li Zhenting's eyes shone with a sharp light.

If it is the second situation, then apart from Jing Chenxi, it seems that there is no one who can hide Shen Ning's identity.

But why did Jing Chenxi do this? There is only one possibility, and that is that there is something shady between them.

His eyelids twitched before he heard Leng Xue continue: "Mr. Li, there was no information about Shen Ning's situation in the United States six years ago, but I have found some information about her situation after she came to the imperial capital. According to my investigation, in Zhengsheng Apartment At that time, she already had two children, about four or five years old."

Li Zhenting was picking up a bottle of vitamin water, unscrewed the cap and raised his head to drink, when suddenly his whole body shook, the water bottle in his hand fell to the ground, and the water splashed everywhere.

"You said Shen Ning is married and has children?" He gritted his teeth with a gloomy face.

"I don't know if I'm married or not, but it must be true that I had two children." Leng Xue replied.

Li Zhenting hesitated, and the corners of his lips formed a cold arc.

No wonder her six years of life in the United States will be blank. It turns out that in these six years, she has already given birth to two children for other men. The children are four or five years old, and the timing is just right.

If you look at it this way, her child is probably Jing Chenxi's.

Now that Jing Chenxi and the ship tycoon's daughter are discussing marriage, then her childbirth is considered a scandal, and of course the scandal must be covered up.

There was a cold light in his eyes, and he waved his hand: "Go down, this matter ends here."

A woman who has already given birth to two children for other men, no matter what she is, he doesn't need to bother to find out.

Such a woman is dirty in his eyes.

Leng Xue agreed and left.

Li Zhenting was suddenly upset, so he picked up a towel and put it on his body and walked towards the outdoor swimming pool outside.

By the swimming pool, he took a breath, closed his eyes, and jumped into the swimming pool.

Chapter 182 The person she loves the most is you

Jinyuan Cemetery.

Shen Ning knelt in front of his mother's tombstone, tears streaming down his face.

"Mom, I'm sorry, I can only take Coco with me first, Xiaoxiao has left the imperial capital, your vengeance will be postponed, don't worry, I will avenge your vengeance for you, but there is no way now, those bad guys want to harm Coco, I have to protect the child." She stroked the tombstone with her fingers, feeling the pain in her heart.

Even if she exhausted all her strength and regained everything, she was still outnumbered and had to bow to reality.

Wu Lili, that brazen woman, went directly to the company to threaten her with Ke Ke and ask her for her mother's dowry.

These vicious women will not let her and the child go.

For the safety of the child, she can only leave the imperial capital temporarily, and then find a chance to come back to avenge her mother.

She thought her mother would understand her.

Streamer Cafe.

Jing Chenxi was sitting by the window, drinking coffee leisurely while looking at his mobile phone.

After a while, a gorgeously dressed woman came in with a luxurious bag.

"Boss Jing, you are really getting more and more handsome." Shen Mei sat down beside him, winked at him, raised her lips and smiled, fawning on her.

Jing Chenxi frowned, and a look of disdain flashed across his brows, and asked, "Miss Shen, what's the matter with you asking me out?"

Shen Mei smiled slightly: "Mr. Jing, let me ask you, do you want to marry my sister?"

Jing Chenxi said coldly: "Whether I want to marry your sister or not, that has nothing to do with you. You asked me out today just for this?"

"Yes, I want to help you." Shen Mei nodded.

Jing Chenxi sneered: "Put away your little thoughts, it's not your turn to help me with my affairs."

He stood up to go.

Shen Mei hurriedly stopped him and asked, "Boss Jing, do you want to give up on my sister now? If so, you will regret it."

"What's the meaning?"

"Mr. Jing, you and my sister are very suitable, and you love each other. You have missed it once. If you miss it again, you will regret it for life."

A trace of sadness flashed in Jing Chenxi's eyes, and he said coldly: "Your sister only has your fiancé, Li Zhenting, in her heart. She has never loved me. It is useless for me to regret it, but I will love her forever and treasure her in my heart." From the bottom of my heart, this is the love between me and her, a superficial woman like you will not understand."

He turned around and walked away.

"Mr. Jing, why don't you fight for it but keep it in your heart? How hard it must be." Shen Mei said behind her, "Actually, the person my sister loves the most is you."

Jing Chenxi paused, and turned around: "What are you talking about?"

"I said, the person my sister loves the most is you. Believe me, she has always loved you deeply. It's just that she has something on her mind and doesn't want to confess it to you." Shen Mei hurriedly replied.

Suspicion of disbelief floated in Jing Chenxi's eyes: "Shen Mei, you must speak with evidence, don't talk nonsense here."

"I didn't talk nonsense." Shen Mei smiled, and took out a diary from her bag, "This is the diary my sister wrote in those years. A diary is the most true expression of a person's feelings. Take it Look, you'll know if I've lied to you."

Jing Chenxi's eyes lit up, he reached out to take the diary and flipped through it casually, joy flashed across his face, he carefully put the diary into his briefcase, and said, "Okay, then I'll go back and have a look, if it is Really, I will return your favor in the future."

He turned and strode away.

Shen Mei's fingertips wrapped around the hair on her chest, and a weird smile floated on the corner of her lips.

Chapter 183 Coco is gone

Inside the apartment.

"Mommy, are we leaving here soon?" Ke Ke was dismantling a toy car, sweating profusely. Recently, Li Zhijun gave him many good toys, and he had a great time.

Shen Ning was also sorting things aside, also sweating profusely.

"Yes." Shen Ning smiled slightly, "Let's go back to the United States first, and then visit Grandma after a while."

Ke Ke stopped dismantling and assembling the car, blinked her big eyes and thought for a while, then ran over with a tissue to wipe the sweat off Shen Ning's forehead, and asked childishly, "We're leaving, what about Uncle Zhijun? "

In the past few days, he has established a deep relationship with Li Zhijun. Once he wants to leave here, he will feel a little lost, and he feels that he misses him a lot.

Shen Ning stroked the little guy's face: "Cousin Zhijun's home is here, he can only stay here, our home is not here, we have to leave here, unless it is close relatives, family members, Only then can we stay together forever, otherwise, we can't force it, understand?"

"But cousin and we are also relatives." Ke Ke has grown up so much that no one has treated him so well. He really likes Cousin Zhijun very much.

"But he is not our close relative. He has his own life. If we force him to be with him, what about his relatives, parents, wife, and children? They will be unhappy." Shen Ning answered patiently.

"Okay." Ke Ke agreed with disappointment.

Shen Ning sped up his actions, and after a while, after finishing his family affairs, he booked a plane ticket for tomorrow before rushing to Gu Qi to say goodbye to Uncle Marley.

But when she just came to Gucci's office to clean things up, her cell phone rang suddenly.

She picked it up and saw that it was Aunt Dong calling, her heart skipped a beat for no reason, and she picked it up immediately.

"Miss, it's not good, I'm gone." As soon as the call was connected, Aunt Dong started crying there.

Shen Ning's face turned pale.

But because it happened once last time, she calmed down a lot, smiled and said: "Aunt Dong, don't worry, don't you disassemble and assemble the car at home?"

"Yes, but as soon as you left, he took the packed car and Xiao Xiao went down to the community to play, but within half an hour, Xiao Xiao ran back in a panic, saying that his brother was tricked by some men in black. Next to a car, a few men got down there and packed my brother away in a sack." Aunt Dong cried in despair, "I went down to look for it immediately after hearing this, but I searched the entire apartment and couldn't find Coco. Miss, come back quickly, something really happened this time."

After finishing speaking, she burst into tears inside.

Shen Ning's eyes darkened when he heard it, and he almost fell to the ground.

"Okay, Aunt Dong, don't worry, I'll be right back." She put down her things and ran after a word of comfort.

From home to Gu Qi, such a thing happened in less than two hours. If it is true, then her plan is still a step behind.

Those people are so vicious.

When she thought of her son falling into the hands of those villains, her whole body seemed to have been sucked out of her true energy, her feet were so weak that she couldn't even lift her feet, and her eyes turned black again and again.

"Coco." She cried out with tears in her eyes, and ran out staggeringly.

After finally calling a taxi and rushing home, when I got out of the car, I saw Aunt Dong running and shouting under the apartment, her white hair was blown to pieces by the wind, which was very tragic.

At this moment, her heart felt like being whipped, dripping with blood.

"Aunt Dong." She ran towards Aunt Dong, and when Aunt Dong heard her voice, she ran towards her as if she had seen all hope, and hugged her, tears streaming down her face, "Miss, you are finally back."

Chapter 184 Who do you take me for?

"Aunt Dong, don't worry, maybe Keke has gone to play somewhere else and will be back in a while." Seeing Aunt Dong in pain, she could only comfort her softly.

"No, it won't happen, this time it really won't happen." Aunt Dong shook her head again and again, losing her voice in pain, "Xiaoxiao saw him kidnapped by two men in black with her own eyes."

Shen Ning's eyes shone with ice, and said softly: "Well, Aunt Dong, you go upstairs to take care of Xiaoxiao first, and I will go to the property management."

Xiao Xiao probably was frightened at this time!

Aunt Dong nodded with tears, and went upstairs with heavy steps.

Shen Ning immediately found the property management and explained the situation of Ke Ke's disappearance.

The property management attaches great importance to it, and sent a few security guards to search the complex. The apartment complex is not big, and it is true that Coco was not found. I went back to check the surveillance, and there was no suspicious person entering the complex. district.

"Miss Shen, your child has only been missing for three or four hours, and no suspicious person has entered the community. Therefore, I suggest you go to a nearby place first and look for it. It hasn't been more than 24 hours since the police. The police will not accept it." The property manager said solemnly.

Shen Ning ran out after hearing the words.

"Coco, Coco." She shouted and searched around the neighborhood.

soon

In a remote weedy field next to the community, a car was lying there. She hurried over to pick it up and saw that it was the detachable toy car in the morning.

The car obviously fell heavily, losing two wheels.

"Coco, Coco." She cried out in pain.

But the leaves are fluttering, and there is no echo.

She took out her phone to take a picture and ran towards the house.

"Xiao Xiao, take a look, is it in this place that those two men kidnapped Ke Ke?" Shen Ning showed Xiao Xiao the pictures taken with his mobile phone.

Xiaoxiao just looked at it and then nodded while crying.

"Xiao Xiao, tell Mommy quickly, what's going on?" Shen Ning asked anxiously, wiping away her tears.

Xiaoxiao sobbed: "Mommy, I don't know why, my brother and I were playing in the community, he played with the car, I played skipping rope, and for some reason, my brother's car rushed out of the railing, He ran out to pick it up, and when I turned around after jumping, I saw two men in black put

cocoa into a big bag and threw it into the car. I shouted loudly, those two men jumped After entering the car, the car drove away."

The little novel ended up crying loudly.

Aunt Dong also burst into tears.

Shen Ning stood blankly, anxiety, panic, and pain all rushed into his mind, and for a moment he felt dizzy.

Thinking of Ke Ke falling into the hands of those vicious villains, her heart hurts like a knife.

Holding the mobile phone in a daze for a while, I don't know what to do?

Disappointment and panic made her crumbling.

Sudden.

She thought of something and dialed the phone immediately.

"Ning Ning, what's the matter?" Li Zhijun was playing mahjong with a group of rich second generations in a bar. When he saw Shen Ning's call, he immediately picked it up.

"Tang Zhijun, let me ask you, have you told others about Keke's secret and our address?" Shen Ning asked in a hoarse voice as soon as the call was connected.

Li Zhijun was taken aback: "Ningning, who do you think I am?"

"But do you know? Ke Ke is missing now, and I can't find him anymore." Shen Ning shouted uncontrollably, "Since I moved here, so far, only you know this address."

Chapter 185 Please don't hurt children

Li Zhijun was dumbfounded when he heard that, and immediately dropped the mahjong in his hand, and stood up: "Ning Ning, what's going on, please explain clearly."

So, Shen Ning told the story of Ke Ke's disappearance.

Li Zhijun turned around and ran away when he heard this.

"Hey, Brother Jun, you called us here, you let us go." Several buddies shouted dissatisfiedly, "You want to call us, too."

Tang Bofei didn't bother to talk to them.

Deji Apartment.

"Ning Ning." When Li Zhijun rushed over, Shen Ning was sitting slumped on the sofa, holding his head in his hands, motionless, and he ran up.

"Zhijun." Shen Ning raised his head, his face was pale, his eyes were dull, the hair on his forehead was drenched with sweat and messed up, his whole body was in a state of embarrassment and pain and anxiety, "Ke Ke disappeared, he was kidnapped by those bad guys ."

She slapped herself on the head with both hands: "I didn't take him well."

"Ning Ning, don't worry, I have everything." The woman's pain made Li Zhijun feel heroic in an instant. He grabbed her hand and patted his chest to promise, "Please believe me, even if I betray myself, I won't do it." betray you."

"Zhijun, if something happens, I don't want to live anymore." Shen Ning looked at him and murmured.

Li Zhijun had a serious face: "Don't talk nonsense, Keke is so smart, how could something happen, don't worry, I will contact the police now."

He called a good buddy in the police station.

That buddy was very righteous, and immediately drove over in a police car.

Shen Ning's heart finally calmed down a little.

But after some investigation, the police found that the place where Ke Ke was missing was the blind spot of monitoring, and there was no suspicious place to be found. It is very difficult to solve the case immediately.

At this time, time is life, and secrets must be contested!

Shen Ning fell into anxiety and pain again, with tears all over his face.

Xiaoxiao was so frightened that her face turned pale and kept crying because her brother was kidnapped by the bad guys.

Aunt Dong also shed tears, and the whole family was miserable.

Li Zhijun's bohemian heart, which does not eat the sufferings of the world, is also tightly clenched at this moment, feeling sad for this beautiful girl's misfortune.

Seeing her about to collapse, I was really worried about whether she could hold on.

But he himself can do nothing.

Later, they all searched in different directions, until the sun went down and they couldn't find any trace of cocoa.

They all had to go home, collapsed on the sofa, and forgot to cry.

Sudden

A mobile phone rang in the silent air.

is the voice of a short message.

Shen Ning sat up like a spring, picked up the phone and turned it on. Soon, his face was pale and his hands were shaking.

"The child is in our hands, don't call the police, I want the child to bring over 100 million yuan before negotiating terms, otherwise, tear up the ticket."

"Ke Ke, my poor Ke Ke." Shen Ning yelled in pain, and quickly dialed back the mobile phone number, but no matter how he dialed, the phone was turned off.

Li Zhijun immediately snatched Shen Ning's cell phone to take a look, and gritted his teeth angrily: "Shameless madman, is there any law for this?"

Shen Ning began to send messages like crazy: Brother, please don't hurt the child, he is only five years old, I can promise you whatever conditions you want. "

"Tell me the address, and I'll send you the money right away."

...

She kept sending good words, just begging them not to hurt Coco.

But there was no reply from there.

Shen Ning gritted his teeth, stood up and ran outside.

Chapter 186 Only one person can help you

Li Zhijun grabbed Shen Ning: "Ning Ning, calm down, don't mess yourself up at this time."

"Can I calm down? Keke is only five years old." Shen Ning scratched his head anxiously, thinking of the child being bullied by bad guys, his heart felt like a knife.

"You can't panic at this time, you can only outsmart." Li Zhijun paced in the living room.

After a while, he stopped in front of Shen Ning with a serious face: "Ning Ning, at this time, there is only one person who can help you."

"who?"

"The child's own father, Li Zhenting."

"No." Shen Ning instantly shrank back a few steps as if being burned by fire, shaking his head like a splashing drum.

If Li Zhenting is allowed to save Keke, then everything will be revealed, and from then on, she will lose Keke.

"Shen Ning, think about it carefully." Li Zhijun sighed, "I understand your thoughts, but Keke is already in deep danger at this time, at this time, except for Li Zhenting, no one else really has the ability to rescue Keke Come on, even if you call the police, it's hard."

Shen Ning grabbed his hair tightly with both hands: "They are going to deal with me, let me go, they can do whatever they want, as long as Keke is fine."

Li Zhijun smiled wryly: "Shen Ning, let me ask you, do you have 100 million? No, but they asked for 100 million, and this is only the first condition. You can't even imagine what conditions will follow. Yes, okay, even if you get a hundred million, do you think that if you just rush over like this, Keke will be safe? Wrong, they will only get worse, and they will also arrest you at that time. You are calling yourself a trap,

Those are villains from the underworld, even the police can't do anything to them, not only will they not be able to save Ke Ke, but they will also find you, have you ever thought about Xiao Xiao?"

Shen Ning stood blankly with a pale face.

"Ningning, I sympathize with your difficulties, so I have been keeping this secret for you, but now, is the child's life important, or is it important that you lose the child's custody? If Ke Ke returns to Li's Castle, then he is Li The young master of the family has a bright future in the future, so treat him well, maybe, he will no longer belong to you, but you are his real mother, and you brought him up with your own hands. No one can erase this blood relationship. "

Shen Ning wrung his hands, engaged in a fierce ideological struggle.

"But even if I go to ask him now, I'm afraid he may not be willing to save Keke. He is very unfriendly to me, and he will definitely think that I am deceiving him." Shen Ning's blood-red eyes were filled with deep helplessness and pain.

Li Zhenting's cold heart has never been softer for her. Would he care about her and her child?

After walking around the room again, Li Zhijun said: "Well, I'll ask him first, if I can keep Coco's secret, then I will do my best to keep it, but if there is no other way, then I can only tell the truth. If he is still such an **** after the truth, then I can only ask the old lady and old man of the Li family for instructions, who in a wealthy mansion does not want to have many children and grandchildren."

Shen Ning nodded silently.

The two walked out.

President's Office of Li's Group.

Li Zhenting had a meeting all day long, and as soon as he sat down, Li Zhijun walked in.

He glanced at him, and asked coldly, "What are you doing here?"

"Cousin, I'm in trouble, and I want to ask you to help me." Li Zhijun was anxious, and he changed from his usual sloppy look to look very serious.

Chapter 187 What if it's your son?

"Tell me, which woman came to the door again, how many months?" Li Zhenting gave him a cold look and snorted disdainfully.

Uh, he was really right, it was indeed about children!

But, it's not his child! But his son!

Li Zhijun chuckled, scratched his head with his hands, and said with a bitter face, "Cousin, I'm really in trouble this time, please help me, and I will repay you like a horse in the next life."

"Stop talking nonsense, say fart quickly, I still have things to do." Li Zhenting was already impatient.

Li Zhijun thought for a while and said cautiously: "That's right, cousin, my friend's son was kidnapped..."

Li Zhenting narrowed his eyes and squinted at him: "Is it your friend's son or your son?"

"That's my son." Li Zhijun thought about Shen Ning's painful appearance. If he knew Ke Ke's true identity, this guy would definitely have to fight for Ke Ke's custody. Shen Ning is indeed too pitiful. He decided to take it upon himself first, taking every step he took.

"Your son?" Li Zhenting coughed a few times, "You have a son? An illegitimate child? Why haven't I heard you mention it?"

"Cousin, that is indeed my son. He is five years old and has been kept outside..."

"Asshole, no wonder Huixian wants to divorce you." Li Zhenting suddenly grabbed the clothes on his chest, and was about to hit him with his fists raised.

"Forgive me, cousin." Li Zhijun put his head in his hands, "Heaven and earth conscience, you can't blame me for this."

Li Zhenting slammed his fist on the desk and said angrily, "I can't blame you, did the woman get pregnant by herself?"

"Cousin, let's talk about how to get pregnant later. The most important thing now is that my son was kidnapped by bad guys. It's so miserable. Those people threatened that I would bring 100 million in funds and promise them other conditions. But how can I have so much money? As you know, all my money is controlled by Huixian. Brother, dear brother, you have to help me. My child is in dire straits. Think of a way for me ." Li Zhijun wailed loudly, the horror was unbearable.

Li Zhenting smiled coldly: "Are you sure that's your son?"

"certainly."

"Then send me his photo and birth certificate. If it is true, I will go back and ask my mother before deciding whether to save him." Li Zhenting was not so easy to fool, and immediately spoke lightly.

Now Li Zhijun was dumbfounded.

"If not, then get out. I won't save other people's bastards. I don't have time to play such boring games with you." He picked up his uncle's badge and began to look at the computer files.

"Cousin, do you need to be so ruthless?" Li Zhijun said with difficulty, "He is still a five-year-old child, no matter what happens, he is still alive. Can you refuse to save him?"

"Why do you need to save people? People are in distress every day in this world. I will save them one by one. Can I save them?" Li Zhenting said indifferently, "Do you really think that I have nothing to do after eating and have to save people every day? I'm just a businessman. , the nature of a businessman is to make money, not to mention a hundred million, do you think my money is all falling from the sky?"

Li Zhixiong's eyes widened: "What if it's your son?"

"Nonsense, can my son be kidnapped by the kidnappers?" Li Zhen Tingjun's face was covered with a gloomy cold light: "You kid is not finished, get out, waste my time, I will ask someone to blow you out ."

Li Zhijun was dumbfounded.

This guy's heart is not ordinary cold-blooded.

If you want to fool him, there is no way.

It seems that there is only the truth!

But just as he was still talking, two security guards came up.

The two security guards rushed over, grabbed his arm one by one to support him, and walked out.

Chapter 188 That **** is gone

"Cousin, don't do this, you will regret it later." Li Zhijun shouted.

But there was a sound of closing the door with a 'bang' from behind, and Li Zhenting had already locked the door of the office heavily.

Li Zhijun was carried outside by two security guards and thrown onto the square like a chicken.

"Bastard, you must die hard. Don't blame me for your son's accident." Li Zhijun rubbed his painful buttocks and got up and walked away dejectedly.

While Shen Ning was sitting in the car and waiting anxiously, he saw Li Zhijun climbed into the car in a mess, and his heart sank immediately.

"That **** Li Zhenting is too arrogant, this **** will be slapped in the face sooner or later, and he will regret it to death.", Sitting in the driver's seat, he gritted his teeth and scolded.

A sad smile appeared on the corner of Shen Ning's lips.

That is to say, how can a man like Li Zhenting who is cold-blooded from body to heart care about the son she gave birth to him? What he cares about is Ding Ding and Lan Lan who were born for him by Shen Mei. If one day he knows that Ding Ding was also born by her, I'm afraid even Ding Ding won't like it anymore.

She lowered her head, tears falling like raindrops.

"Ning Ning, don't worry, time is running out now, I thought about it, you should beg him yourself, if he knows that Ke is his son, he will run faster than a rabbit." Li Zhijun thought After thinking about it, he said.

Shen Ning raised his head: "You said he didn't know that Ke was his son?"

"Yes, in order to protect you, I only said that I was my son at first, but he kicked me out. This bastard, you really don't give me face." Li Zhijun was so angry that he told what happened just now. .

Shen Ning was amused and annoyed, but Li Zhijun was also thinking of her!

Actually, she also thought it over just now. Compared with Ke Ke's life, custody is really nothing. Moreover, Ke Ke is a warm and caring child who values love and righteousness. He will never forget her as a mother.

Therefore, no matter what the price is, she will ask Li Zhenting to rescue him!

She opened the car door and ran towards the Li Group.

But as soon as she ran to the president's office, the secretary told her that President Li had already left.

She was about to break in after a daze, and she didn't believe that he would leave so soon.

But the secretary pointed to the elevator all the way down.

Shen Ning turned around and ran outside.

Only he can sit on the special ladder for the president, and he really left!

Underground garage exit.

As soon as Shen Ning ran over, he saw a limited edition Rolls Royce galloping out of it, heading outward.

She was about to wave her hand, when the car rushed to the street like an arrow flying off the string.

"Shen Ning, hurry up, that **** has already left." Li Zhijun sat in the driver's seat and saw Li Zhenting's car passing by his car, and immediately opened the window and shouted at Shen Ning.

Shen Ning ran over with all his strength and climbed onto the starting grid.

Li Zhijun quickly started the car and chased after Li Zhenting's car.

Li Zhenting's driving skills are really not a cover, maybe he has already found that Li Zhijun is following him, and he used his elusive driving skills to get rid of Li Zhijun in a few strokes.

"Zhijun, let's go to Li's Castle." Shen Ning thought of Li Wanqing, and now she can't care about anything.

Li Zhijun seemed to have thought of this too, stepped on the accelerator and headed towards Li's Castle.

Li's Castle.

"Ding Ding, Lan Lan." Li Zhenting walked in with a set of toys in one hand.

A new drone was released today, and he immediately bought one for Ding Ding. In case Lan Lan had ideas, he also bought her a Barbie doll.

"Daddy." Lan Lan cheerfully greeted him, hugging and demanding kisses.

Ding Ding was sitting on the sofa playing games, and just called softly: "Daddy."

Chapter 189 Daddy, you must save Coco immediately

"Boy, do you like it?" Li Zhenting handed him the drone, hugged Lan Lan and sat down beside him.

"It's okay." Ding Ding took it, "Thank you Daddy."

"What do you want to eat, Daddy will take you out to eat delicious food today." Li Zhenting rubbed Ding Ding's little head and asked affectionately.

Ding Ding raised his dull eyes: "I want to wait for Teacher Shen to come over."

Li Zhenting's face darkened. No matter how nice this boy is to him, his heart will always only be Shen Ning. I really don't know what method that woman Shen Ning used to take away his son's heart.

While he was feeling unhappy, suddenly, a woman ran in from outside, panting.

He saw that it was Shen Ning, and Junyi's face instantly darkened.

"President Li, please save my son." Shen Ning was out of breath, put his hands on his chest, bent down, and was very humble.

Li Zhenting was stunned for a moment, with a sneer in his eyes: "Shen Ning, you finally admit that you have a son."

"Yes, President Li, please save him, he was kidnapped by the kidnapers, and he is in critical condition now." Shen Ning's eyes were full of painful tears, and his face was pale.

Li Zhijun also ran in at this time.

"Do you want a ransom of 100 million?" Li Zhenting glanced at the two of them, and the sneer in his eyes was even worse.

Li Zhijun just ran to his office to say that his son was kidnapped by gangsters, and Shen Ning came again.

While still on the road, he saw Li Zhijun's car following him.

These two people are simply gods, and they actually took him for a fool.

"Yes, yes." Shen Ning nodded repeatedly.

Li Zhenting had a sneer on his face: "It's really strange, your son was kidnapped, what's none of my business? Why do you want me to rescue him? Who are you to me?"

One sentence made Shen Ning choke.

"Cousin, you have to go, otherwise, you will definitely regret it." Li Zhijun said solemnly, "I admit that I lied to you just now, but the child belongs to Shen Ning, and I am begging you on behalf of Shen Ning, Coco was kidnapped."

He didn't say that Ke Ke is Li Zhenting's child. After all, this is a matter between Li Zhenting and Shen Ning, and it would be better for them to say it themselves.

"Haha." Li Zhenting laughed angrily, "Why are you looking for me so confidently? What do other people's children have to do with me?"

Li Zhijun looked up at the sky when he heard it, this guy will have a good time when he hits the face next time.

Unexpectedly, Shen Ning hadn't had time to speak, when Ding Ding heard that something happened to Ke Ke, his face immediately changed color, and he ran over and asked:

"Auntie, did you say that Ke Ke was kidnapped?"

"Yes." Shen Ning touched his head, not because she wanted to worry him, but because of the situation, she had no way to avoid him, so she had to admit it in tears.

Ding Ding was stunned, and suddenly shouted loudly at Li Zhenting: "Daddy, you must rescue Keke immediately."

Li Zhenting said angrily: "Boy, what do you mean by being a father? Do you have to save if you say you want to save it?"

"Yes, you must go to the rescue." Ding Ding said confidently, "If you don't go to the rescue, then I will go, just don't regret it then."

After speaking, he took Shen Ning's hand and left.

"Stop." Li Zhenting was furious, and shouted: "Ding Ding, you dare to try without my permission?"

This kid's heart is always towards others, it really makes him angry!

Unexpectedly, Ding Ding's neck was swollen, and his immature voice comforted Shen Ning: "Auntie, don't worry, I won't ignore it."

After speaking, he suddenly rushed to the coffee table and took out a fruit knife and put it on his neck, threatening: "Daddy, are you going to save Keke? If not, then I will commit suicide and leave you without a son."

When he said this, everyone was shocked.

Chapter 190 Is the child born to this **** yours?

"Asshole." Li Zhenting was so angry that he almost jumped up.

This little **** is actually forcing him to die. He's like this at such a young age, it's worth it!

"Daddy, you can choose yourself, either lose me, or save Keke." But Ding Ding's will is very firm, and his milk voice is very strong.

Shen Ning stood beside the child, his heart almost stopped beating, especially the sharp knife was facing the delicate skin of the child's neck, as if it would pierce into it at any moment.

Her hands were shaking and she was dizzy.

"Ding Ding, be obedient, put down the knife quickly."

"No, I can't just ignore Keke." Ding Ding replied stubbornly and loudly, completely displaying a fearless heroic sacrifice.

Li Zhenting was so angry that his teeth cracked.

Ask him to save the child Shen Ning had with a wild man, he really can't do it!

"Cousin, you are capable and powerful, hurry up and save Keke, it will be a blessing for Ding Ding." Li Zhijun persuaded earnestly from the side.

"Bastard." Li Zhenting became even more annoyed when he heard Li Zhijun's voice, and suddenly grabbed the clothes on his chest, lifted him up and pushed him down on the sofa, and shouted angrily, "Is the child born by this **** yours?"

Li Zhijun almost spat out old blood when he heard it, where did this guy think, he didn't even know the seeds he sowed himself!

"Ah." Suddenly, Ding Ding cried loudly from the side.

Li Zhenting's body shook, and he turned around in a panic.

I saw Shen Ning holding the fruit knife tightly in both hands, holding it high above his head, while Ding Ding simply lay on the floor rolling and splashing, crying and shouting: "Daddy, if you don't save Keke, I won't recognize you This daddy is gone."

He breathed a sigh of relief.

It turned out that all Shen Ning's attention was on the fruit knife on the child's neck. When Li Zhenting grabbed Li Zhijun and roared, Ding Ding was still a little afraid of Daddy and lost his mind. She took this opportunity to **** the fruit knife.

After Ding Ding reacted, he began to cry and cry.

Li Zhijun stood up angrily and shook his head.

It is very difficult to shake someone like Li Zhenting who is proud of his talents, but no matter what, Ke is a descendant of the Li family, and he can't just ignore it. Just when he was going to find Li Wanqing.

Sudden

"Cold-blooded, take someone with me to rescue people immediately." Li Zhenting picked up the phone, dialed the number, and ordered through gritted teeth.

He was overjoyed.

Li Zhenting put away his phone, gave Shen Ning a hard look, turned around and left.

"Daddy, I'm going too." Ding Ding didn't worry about Daddy anymore. He was afraid that this big villain would slip away halfway, so he had to go with him.

Shen Ning's whole body was chilled by Li Zhenting's stare, and he flinched.

At this time, in order to save her son, she had no choice but to turn to this man for help and swallow her anger!

Ding Ding took her hand and followed.

Li Zhijun also ran up.

On a majestic amphibious desert off-road vehicle, Leng Xue was driving in front, Li Zhijun was sitting in the co-pilot seat, Li Zhenting took Tin Ding, and Shen Ning sat in the back row.

Since getting in the car, Li Zhenting had a gloomy face, and he almost didn't even look at Shen Ning. His noble, cold and arrogant aura made the air pressure in the whole car extremely low.

Shen Ning tried his best to shrink himself aside to reduce his sense of existence, but he could still feel the man's terrifying death breath from time to time.

She lowered her head, tears streaming down her face, her mind was filled with all kinds of unbearable consequences of Ke Ke being kidnapped by the robbers, did she get hurt? Is it cold or hungry? What kind of torture and ill-treatment did you suffer?

In the dark night, it began to rain lightly, bringing the chill of early autumn.

Her heart was tightly clenched into a ball.

Not long after, the car stopped in a remote suburb.

This address was detected by Li Zhenting using high-tech methods based on the information in Shen Ning's mobile phone. The kidnappers are probably in this area.
