

Three Little Troublemakers Turned the World Upside Down After My Divorce Chapter 19: President Li's eyes are always blind

Chapter 19 President Li's eyes are always blind

"I believe it, of course I believe it." Shen Ning folded his arms and said sarcastically, "President Li is ruthless, powerful, and ruthless. Ask the reason, is it directly qualitative?"

"What do you mean?"

"What do you mean?" Shen Ning raised his eyebrows, "I really don't know if President Li is pretending to be stupid or in a daze. Let me ask you, before I hit her, did you know what she did to me?"

Li Zhenting was silent for a while, and suddenly pushed Shen Mei away from his arms, examining her with cold eyes.

Shen Mei panicked and immediately explained with tears:

"Zhen Ting, early in the morning, she asked the secretary to take and destroy all the perfumes in the warehouse that I had planned to sell. I got angry and said a few words to her, and she chased me out and beat me."

She said it so pitifully, the pear blossoms were raining, so miserable!

Li Zhenting's sinister eyes narrowed, with a cold star shining.

"President Li, you'd better ask Secretary Li first, she is always there." Shen Ning said with a sneer.

Secretary Li, who was standing stupidly beside him, had long been terrified by this scene, and shivered with fright when he met Li Zhenting's cold eyes.

"Say." Li Zhenting drank in a low voice.

Secretary Li opened his mouth and was about to speak, but when he raised his eyes, he saw Shen Mei's stern warning gaze, and broke out in a cold sweat from fright.

In the past few days, there have been rumors in the company that Boss Li is going to marry Boss Shen. How would she dare to offend the future Mrs. Li? Besides, she has long been Shen Mei's confidant.

"Boss Li, Boss Shen is right." She cleared her voice and answered in a low voice.

Li Zhenting's face was horrified.

"Zhen Ting, drive my sister away quickly. Six years ago, you divorced her. She has always held a grudge. She clearly came back to avenge her revenge. Now she is targeting me everywhere, scolding or beating me. If you don't drive her away, I will be killed by her.

Also, I have already sent someone to the United States to investigate. Ms. Daisy is the only daughter of Lin Zhenxun, a wealthy overseas Chinese businessman, and my sister is just a poor refugee. Someone once saw her begging on the street. She is simply an impostor. Miss Qianjin, don't let her fool you. "Half of Shen Mei's **** almost hung on Li Zhenting's arm, she complained pitifully.

The ice in Li Zhenting's dark eyes became heavier and heavier.

In fact, these days he also sent people to the United States to investigate Shen Ning's situation for the past six years, but the personal records about Shen Ning were completely blank, and there was nothing to check. Miss Daisy was indeed Lin Zhenxun's daughter, an internationally renowned Perfume specialist.

As for whether Miss Daisy is Shen Ning, it does look a bit like it from the photos, but that's all, other things are still to be confirmed.

Moreover, the identities of Shen Ning and Miss Daisy are too far apart, they cannot be the same person!

"Shen Ning, if you are here to make trouble sincerely, I advise you to leave immediately. Seeing that you were once a husband and wife, I will let you go, but if you insist on making trouble, I can send you to prison in minutes. Forget, this is the imperial capital, my territory, not the country of America, you won't be able to stay if I say a word." Li Zhenting's voice was not loud, but the deterrent force was strong enough.

Shen Ning sneered when he heard this: "President Li's eyes will always be blind, and even medicine can't cure them."

Li Zhenting shook his body, and immediately blurted out: "What do you mean by that?"

"It's not interesting." Shen Ning said coldly, "Mr. Li, our cooperation is going to be difficult, please hire someone else, I can't do it."

She turned and left.

Li Zhenting suddenly rushed up and grabbed her arm, and pushed her hard against the wall.

Shen Ning only felt a pain in his back, and the pain made his face change color.

She glared at him fiercely.
