

## Troublemakers 191

Chapter 191 Who is his daddy?

"You guys go down first, I have something to tell her." Li Zhenting ordered with a blank face.

As soon as Li Zhijun heard this, he immediately got out of the car with Tintin in his arms.

That's fine too, if Shen Ning can take the initiative to tell him that the child is his, he will be willing to order it, and he will not force him to come over with a knife around his neck like now, and will try his best to save Keke. .

Leng-Blood also jumped out of the car.

Outside, five young and tough men dressed in black were gathering.

Soon only Li Zhenting and Shen Ning were left in the car.

"I'll ask you a few questions, and you answer them truthfully, otherwise, you can only be responsible for your son's life and death." Li Zhenting said coldly.

"Okay." Shen Ning's voice was as low as a mosquito screeching.

"What's your son's name?"

"Cocoa."

"Who is his father?" Li Zhenting asked coldly.

It's not that he has a heart of stone. A four or five-year-old child was kidnapped. As a responsible and righteous entrepreneur, it's normal to help, but for some reason, he just didn't want to save Shen Ning's son who was born to another man. .

Shen Ning shrank her heart, and looked at him with a guilty conscience.

"Say it quickly." He frowned, and said impatiently, "You should know that I am a businessman, no matter what I do, I have to weigh the effort and the return. I don't have to save other people's sons. It is the duty to save him."

Shen Ning tightly twisted the hem of his clothes with his fingers, biting his lips.

Cocoa belongs to her and is her lifeblood.

For so many years, she dragged him up like \*\*\*\* and piss, and she suffered so much. If she told him the truth today, she would probably leave her in the future.

And the most important thing is that a woman like Shen Mei is going to be his stepmother, which is pushing his son into the fire pit.

"Why don't you speak?" Li Zhenting was very annoyed, "Is it Jing Chenxi's or Li Zhijun's? Tell me quickly."

"Neither." Shen Ning replied in a low voice.

Li Zhenting snorted coldly with disdain: "You don't know who the father of the child is, do you?"

Shen Ning's face became hot, and he suddenly raised his head: "Mr. Li, yes, I really don't know. I was in a desperate situation that year. I went to the hotel to ask for help, but was raped by a bully and robber."

Thinking of that night six years ago, her heart was sour, her eyes were filled with tears, and there were little stars in the tears.

"Hey, you're promiscuous, and you still blame the man, thanks to you being able to say it." Li Zhenting sneered.

For some reason, after learning that the child was not Jing Chenxi's, he felt much better. He opened the car door and gritted his teeth, "Today I came to save your son for Tintin's sake. Remember that?" ."

He jumped out of the car.

"Daddy, please save Keke, please save him." Ding Ding stood nervously in the darkness, when Li Zhenting got out of the car, he immediately ran over and threw himself into his arms, his face turned pale, and he was tense. Pulling his clothes tightly, he murmured begging.

Seeing his son like this, Li Zhenting was very distressed, worried that this tense environment would cause his old illness, so he hurriedly hugged him into his arms, and said in a friendly voice: "Don't worry, Daddy has already called the police, and he brought such a baby with him." If more people come, they will definitely rescue Ke Ke."

"Thank you, Daddy." Ding Ding thanked him rarely.

Li Zhenting sighed in his heart, his son was raised for nothing, and he completely turned to outsiders.

But no matter what, he is his precious son, so he still feels distressed.

Chapter 192 Otherwise, you will really regret it.

"Lengxue, take someone to search the houses in front. I will stay here to protect Tintin, and report to me in time if there is any situation." Li Zhenting ordered Lengxue.

In this kind of environment, Ding Ding also followed. Of course, his son is important.

He had to protect his son first. As for Ke Ke, he had already brought someone to rescue him, so he was worthy of him.

With a cold-blooded promise, he immediately ran towards the private house with the five young people.

Li Zhijun couldn't help but roll his eyes at him when he saw his calm, indifferent appearance.

This man, Ding Ding is his son, isn't it possible that Keke is not?

"What about you, didn't you yell to follow me to save people? You yelled quite loudly. Why don't you go now?" Li Zhenting looked coldly at him standing in the darkness and huddled into a ball. Li Zhijun, who was blown into a chicken nest by the wind, asked with a sneering smile in his eyes.

Li Zhijun shrank his head, looked at the dark night where he couldn't see his fingers, and he was really scared in his heart.

He has been afraid of the dark since he was a child...

"Cousin, whether I go or not is not the point, but as for you, if you don't go, you can't justify it." He chuckled.

Of course you have to save your son!

But Li Zhenting smiled indifferently: "I have to protect my own son first, and other people's sons, just do my best."

Li Zhijun's peach blossom eyes widened when he heard it, and Shen Ning, the co-author, hadn't told him the truth yet.

It's such a dark night, and such a dangerous gangster, if he doesn't go, what happens to him, he will really regret it.

Sudden

He snatched Ding Ding into his arms and said, "Cousin, I'll help you take care of my son. Go and save Keke, otherwise, you will really regret it."

After speaking, he quickly got into the car with Tintin in his arms, and locked the door behind him.

Li Zhenting was so angry that he shook his fist outside.

But in the end, he hesitated, and strode into the darkness.

"Thank you, Ding Ding." As soon as Li Zhijun got into the car, Shen Ning took Ding Ding from his arms, fondling his tears.

If it wasn't for Ding Ding, that \*\*\*\* Li Zhenting would definitely not have come to save Ke Ke. She really has to thank him.

"Mommy, don't cry. Don't worry, I will let Daddy rescue Keke." Ding Ding wiped away Mommy's tears with a tissue.

Shen Ning hugged Ding Ding tightly in his arms.

But said that when Ke Ke opened his eyes, he had a splitting headache, his eyes were dark, and his body hurt everywhere, as if he had been broken.

He struggled to get up, only to find that his hands and feet were tightly bound and he couldn't move.

"Mommy, Mommy." He pursed his lips and called.

It was so cold, he felt like he was sleeping on the cold floor, and there was still a strong stench coming from his nose.

Where is this!

The smart little guy thought about it and realized that he was in danger.

During the day, he was playing with cars in the community, when suddenly a man reached in and took his car away, and talked to him affectionately, asking him to come out and say he wanted to race with him.

He ran out believing it was true, but was knocked out by that scoundrel the moment he got out.

He was too careless, he didn't listen to Mommy, he talked to a stranger, and he fell into the trap.

Mommy must be very anxious now, and Xiaoxiao must be terrified too!

Baby Coco calmed down after screaming a few times, and began to climb up with support and rub the noose on the wall with his hands.

Not long after, heavy footsteps came from outside.

Not good, here comes the bad guys.

He closed his eyes and fell to the ground.

soon

The sound of footsteps came to the door, accompanied by a gust of cold wind, and two men came in.

Chapter 193 Who is your daddy?

"Brother, the fire is here, it's time for this little guy's mommy to bring the money." Hei Qi took a flashlight and shone on the sleeping Ke Ke, feeling a little out of control.

Hei Jiu sat down on a chair in the middle, looked at the begging words Shen Ning kept sending over on his mobile phone, and nodded: "Well, wait a little longer, if they don't push them to the extreme, they won't believe it." If a child is in danger, he will not willingly send money."

"Brother, do you think we will destroy the original plan if we want this 100 million, after all, the woman has already given us the money." Hei Qi was a little uneasy, this matter has violated the rules of the world.

Hei Jiu sneered: "Lao Qi, you are too cowardly, that girl only gave 30 million, and the fourth master had to share half of it, what do you think we can earn? What we are doing Getting shot, who doesn't make money? I've made up my mind, after I make a lot of money this time, I'll go abroad with the mother and son's plane, enjoy life, and I've already got the passports."

"Gao, Master Jiu is brilliant." Hei Qilie smiled and gave him a thumbs up.

Ke Ke understood clearly that the two men wanted money. Judging from their tone, there should be a woman behind her who paid them to kidnap him and send them abroad together.

Really vicious!

Usually he has watched a lot of detective films, and he knows that at this time he must be calm and resourceful to buy himself time. Coupled with the courage and calmness in his bones, he is actually not so scared anymore.

He rolled his eyes, yawned loudly, and suddenly shouted loudly with intentional fear: "Mommy, Mommy, where are you, come here quickly, I'm so scared, it's so dark here."

"Hey, the little guy is awake." Hei Laoqi immediately stood up when he heard the child's voice, took a flashlight to shine on Coco's face, and smiled, "Don't cry, little guy, your mommy will come to save you later. "

Coco struggled to sit up and saw two men in black with fierce faces, one was lean and lean, the other was full of beards and had a thick face.

"Uncle, who are you and where is this place?" He asked intentionally flattering, with a sweet mouth, "Uncle, you are so handsome."

He yelled 'Uncle' one after another, his mouth was so sweet that it flowed like honey.

Hei Laoqi smiled: "Little guy, your mouth is quite sweet. Remember, we are your uncle, you stay here and wait for your mommy to come and redeem you. Be good, we won't do anything to you, otherwise, We want to deal with you, this desolate country, and killing you, a brat, is a piece of cake."

"Master, please don't kill me, don't want my mommy's money, okay? My mommy is so pitiful, please let her go?" The villain's words made Keke a little scared, and pouted cried pitifully.

"Let her go? Then who let us go? If you want to blame, you can only blame you for offending someone, bad luck." Hei Laoqi sat down and sneered disdainfully.

After a pause, Coco said childishly:

"Grandpa. In fact, it is useless for you to kidnap me and threaten my mommy. My mommy has no money at all, but if you threaten my daddy, there will be a lot of money. I guarantee you will make a fortune ."

Hei Laojiu and Hei Laoqi were startled, they looked at him together, and asked almost in unison: "Who is your father?"

"My daddy is Li Zhenting, the richest man in the imperial capital." Coco spoke proudly with his daddy's handsome and dignified appearance flashing in front of his eyes.

Chapter 194 How about cooperating with me to lie to Daddy?

The two black bosses were stunned.

"Your daddy is Li Zhenting?" They asked in disbelief.

"Yes, I am an honest child, and I never lie." Coco nodded vigorously, her immature face was cute and soft.

The two men stared wide-eyed for a while, then looked at Ke Ke again to size him up.

Generally speaking, in this situation, children will cry out loud when they see them.

But the little guy not only didn't cry, but was very calm and cute, and he could talk to them actively.

This really doesn't look like a child from an ordinary family.

"Boy, you are very smart, but we will not be fooled by you, I am not a three-year-old child." Hei Jiu said roughly.

Hmph, you are not a three-year-old child, but I am a five-year-old kid!

Of course I won't blink my eyes to lie to you!

"Grandfathers, if you don't believe me, you can check it online. I look exactly like Daddy, and you can tell that I am Li Zhenting's son." Coco answered confidently and gave them some advice.

Hei Jiu immediately sat up straight.

That's right, Li Zhenting is the richest man in the imperial capital, and he often appears on TV. Not to mention, this little guy looks a lot like him.

They quickly opened Baidu search.

soon

A photo of Li Zhenting appeared on the phone.

Almost no need to look carefully, just glanced at it, and they were dumbfounded.

It's over, they kidnapped the son of the richest man here, what should we do? Li Zhenting will definitely not let them go.

"Boy, you said you are the son of Li Zhenting, how could you live in such a dilapidated neighborhood?" Hei Qi still felt unbelievable at this time.

"Hey." Ke Ke couldn't help but sighed, "It's a long story, the main reason is that my daddy is too scumbag, and that bad woman Shen Mei fooled my mind, which caused me and Mommy to be in such a miserable situation now."

He raised his little head: "Grandfathers, don't hurt my mommy, she is too pitiful, go directly to Li Zhenting, he has a lot of money, just ask him for it."

"You put it lightly, as long as your father doesn't kill us, and ask him for money, will he be willing." Hei Qi glared at him ferociously.

"Yes." Ke Ke nodded emphatically, "So, you might as well cooperate with me now, only in this way, my daddy will be willing to pay a lot of money, I promise it will work."

"Cooperate with you?" Hei Jiuyin smiled, "You little brat, you really think we are stupid! How can there be a son in this world who cooperates with gangsters to deceive me!"

Ke Ke puffed out her small chest, and her milk voice was very confident: "Master, I didn't lie to you, I hate my daddy so much now."

There was a gloomy cold light in Hei Laojiu's eyes.

"Master, really, I won't lie to you." Coco looked very old-fashioned, "To tell you the truth, I hate my daddy more than anyone else now, and I wish all his money would be cheated by bad guys." go."

"Okay, you're a bad boy." Hei Jiu put his arms on his chest and looked at him with his head tilted, "Why should I trust you?"

"Master, my daddy is so scumbag, he doesn't love my mommy at all, he always has hot fights with other women outside, my mommy took me away because she was very sad, later, my mommy worked part-time in the United States It was hard work to bring me up, but my scumbag father still wants to marry another woman. I am really angry, and I don't want him to marry that bad woman. Therefore, I wish that all his money would be cheated out by others. , that bad girl will leave my daddy, isn't that good?" Ke Ke said it in one breath, without changing his face or heartbeat, and his face was full of anger, as if he really hated Li Zhenting to death.

The two men read Li Zhenting's profile again after hearing this, and confirmed that he does have a son and a daughter. Although there is no photo, the child's face, which is exactly the same as Li Zhenting's, is the best evidence.

Chapter 195 Uncle, I'm about to pee

"Grandpas, my daddy is very powerful. He has learned the martial arts and is a champion of martial arts. He also has many Baobiao under him, all of them are super powerful. You can't beat them. As long as they come, you will die Now, you should hurry up and choose to cooperate with me, I will ask him for money for you." Coco's nimble black eyes rolled, analyzing with reason.

The two men seemed to have lost their minds, talking quietly, thinking about something.

"How is it? Do you want to cooperate with me?" The little guy urged, with ropes tied to his hands and feet, which hurt so much.

At this moment, the phone rang.

Hei Jiu looked down and saw a message, which said: "Don't hurt the child, I have brought money here, if the child makes a mistake, you will not only get no money but also go to jail. Signed: Li Zhenting."

"It really is him!" The faces of the two changed color.

"I didn't lie to you. If you don't cooperate with me, you will only die. My dad is shrewd and black-bellied. If you are caught by him, you will have no way to survive." Coco was proud.

"Little bastard, if you lie to us and you don't get any money, we'll chop you into eighteen pieces and throw them into the sea to feed the fish." Hei Jiu's eyes flashed fiercely, threatening viciously.

Ke Ke pursed her lips: "Master, don't scare me, children's hearts are so fragile."

The corners of Ah Jiu's lips twitched.

"Boy, well, we will cooperate with you and cheat your scumbag out of his money. Tell me, what should we do next?" Hei Qi stepped forward and knelt down in front of him.

"Master, this rope hurts my hands and feet, can you untie the rope for me first?" Ke Ke smiled flatteringly at him, showing a row of fine white teeth.

"Boy, do you want to run away?" Hei Jiu smiled coldly.

"Master, didn't you agree to cooperate with me? This is the attitude of cooperation. I betrayed my father and made money with you. It is much more cost-effective than if you tied me up." Coco was a little angry, pouted with a small mouth, "And I'm just a five-year-old child. If you two adults are here, can I escape?"

Hei Jiuyin smiled, and nodded towards Hei Qi.

Hei Qi began to untie Coco's hands.

After all what a five year old can do!

"Little guy, I will untie your hands, and then you will have to ask your daddy for more money."

"Don't worry, if a gentleman says a word, a four-horse horse is hard to chase." The rope was loosened, and Ke Ke's arms were numb, and it took him a long time to feel a little bit of consciousness, and he patted his chest for assurance.

After a while, Ke Ke crossed her short legs again, her little face was flushed, and she said pitifully:

"Master, I'm going to pee, can you help me untie the rope on my leg?"

"No, just pee

Hei Jiu directly refused, he was much more vigilant than Hei Qi.

"Master, this is so unhygienic. Mommy said that I have to go to the bathroom to pee, and I can't pee like this." Ke Ke wrinkled her little round face, "My good man, please let go of my legs. At that time, I will ask Daddy to give you one million more."

The number of one million really caught the eyes of the two men.

but

They wouldn't trust a four or five year old kid.

Li Zhenting is notoriously black-bellied and shrewd.

"Then I will give you the money and then I will untie you. Let's tie it up now." Hei Jiu smiled sinisterly, and said to Hei Qi: "Take him outside to pee."

"You're so stingy." Ke Ke sat listlessly, covering her feet with her hands, with a mournful face.

Hei Qi picked him up and walked outside.

## Chapter 196 I want to eat big chicken drumsticks

In the dark night sky, the rain is getting heavier and heavier.

"Boy, pee quickly." Hei Qi took off Ke Ke's pants.

"Master, don't look at me, I'm very shy." Coco blinked her big eyes and said harmlessly.

I'll go, this little \*\*\*\* can handle things quite well!

But thinking that he is the young master of the Li family, he is more particular than ordinary people, so Hei Qi agreed, grabbed him tightly with one hand, and really moved his eyes away.

"Master, don't peek." Ke Ke reminded me gently.

Hei Qi didn't bother to talk to him!

He really wanted to pee, and he took a long time to pee heartily.

"Happy." He shouted cheerfully after Coco pulled up his pants.

Hei Qi couldn't help but chuckled, and carried him in.

"Master, I want a drink of water." Ke Ke licked her chapped lips, her \*\*\*\* eyes were milky and cute, making it impossible to refuse!

"Okay, here, here you are." Hei Qi took out a bottle of mineral water, uncovered the bottle cap, and handed it to him.

Coco immediately took it and drank it.

So comfortable!

"Master, I'm cold and hungry now, can you give me something to eat? Don't worry, I promise to return it to you ten times when my daddy comes."

Ke Ke just stopped for a while, and then spoke again.

Hei Qi gritted his teeth: "Okay, you are the uncle, I will get it for you."

He walked out...

"Hey, grandpa, I want to eat big chicken drumsticks." He shouted loudly behind him.

"...Your uncle, if you don't get any money later, let's see how I cook you up." Hei Jiu smiled sullenly beside him.

"Don't worry, my daddy will definitely give it to me." Ke Ke jumped a few times with both feet, and sat down comfortably on a broken chair.

After a while, Hei Qi came back with some food.

"Little guy, eat quickly, send a message to your dad after eating, and ask him to transfer us a sum of money first." Hei Qi threw the food on Coco, Coco picked it up and opened it, yeah, there is really drumstick.

Being kidnapped by the bad guys, you can still eat chicken legs. This kind of treatment is not bad.

"Thank you sir, I'll start eating then." Coco picked up the chicken leg and bit it.

It might be because he was hungry, but he actually thought the chicken drumsticks were so delicious.

After a while, he was finally full, burped and stretched.

When Hei Qi wanted him to send a message to Li Zhenting, the little guy suddenly lay down on the ground: "Master, I'm so sleepy, go to sleep first."

After speaking, he closed his eyes comfortably.

"Hi, little guy." Hei Qi called his name.

But he was already in a deep sleep, and he couldn't wake up no matter how much he screamed.

"This kid has such a big heart." Hei Qi was both amused and annoyed.

"Let's go out and have a look first." Hei Jiu looked at the darkness outside and stood up.

"good."

The two men walked lightly towards the outside.

"No, someone has already arrived." But as soon as they walked outside, they saw two off-road vehicles driving towards this side of the main road. They were aggressive, and their high beams were flashing, which was particularly dazzling.

"Strange, I haven't sent them the address yet, how did they find this place?" Hei Jiu's face changed color.

"Brother Nine, let's move out of here quickly." Hei Qi became flustered, and the two immediately turned around and entered the warehouse.

in.

Coco wasn't asleep at all. As soon as they came in, he half-closed his eyes and looked at them.

They were in the light, and he was in the dark.

He saw the flustered expressions on their faces, and he was secretly happy.

Mummy once said that to look at a person is to look at their eyes, and the eyes can best reflect the true inner thoughts.

It seems that they have encountered a difficult problem, and it is very likely that Daddy has already found here.

Chapter 197 We were fooled by that little bastard

While Ke Ke was thinking about it, Hei Qi came over and lifted him up, then tied him up again with a rope and carried him on his shoulders.

They headed outside.

It was a dark night, and the raindrops hit the body with a chill.

Coco's eyes widened.

Sure enough, there were two domineering off-road vehicles parked on the main road over there, and the aura looked like it belonged to Daddy.

He has confidence.

Of course.

It is impossible for him to wait for his father to come to rescue him. He still doesn't know that he is his son, and these two men are extremely vicious. It will be troublesome if they accidentally cut him into several pieces. He still wants to grow up and protect him. Mommy and sister.

Soon, he was moved to a warehouse in an alley, which was even more secretive.

"Let's go, let's go out to investigate again." After Hei Qi and Hei Jiu threw Coco on the ground, they walked outside.

Coco immediately sat up.

He tried \*\*\*\* the tied rope, secretly happy, fortunately, the rope in his hand was not tied as tightly as last time.

You must save yourself and find a way to escape.

I don't know how anxious Mummy and Xiaoxiao are now.

Besides, Li Zhenting doesn't even know that he is his own son, so he can't be counted on him.

Since he was a child, his mother told him that a man must be strong and independent!

He must find a way to escape from here as soon as possible.

He tried his best to break free from the ropes tied to his hands. This Taekwondo was really not in vain. After a while, the ropes on his hands were loosened...

But Li Zhenting came to a residential area and an abandoned warehouse, and his eyebrows were tightly frowned.

At present, the kidnapers have not sent the specific address, and it is dark and raining. In such a large area, where did the kidnapers hide the child?

He took out his mobile phone to call the kidnapper, and the phone there indicated that it had been turned off.

"President Li, I have already inspected it. There are many abandoned warehouses and private houses here, and there are many alleys. It is not easy to find one by one." Leng Xue rushed over.

Li Zhenting's sharp eyes looked around for a week, and whispered: "Separate and search in four directions, search in a carpet style, and then move closer to the middle, and listen to my code."

Leng Xue immediately led his men into the darkness.

Li Zhenting checked the terrain, walked to a high \*\*\*\* and looked at it, and found that there was a place with messy footprints, so he strode towards it.

Half an hour later.

"Yeah, it's finally untied." Ke Ke stretched out her hands, threw the rope to the ground, and immediately walked outside lightly.

"Ninth brother, this is troublesome, someone came here to search."

"Damn, how could it be so fast? Could it be that little guy betrayed us?"

"Impossible, he didn't even sell his mobile phone." Hei Qi was puzzled.

"Quick, let's take the little one with us." Hei Jiu turned around and shouted in a low voice.

As long as this little guy is still in their hands, there is hope, and Li Zhenting will never disregard the child's life.

They turned back in a hurry.

But when they pushed open the dilapidated warehouse, they were all dumbfounded.

The little guy is gone!

"No, we were tricked by that little bastard." Ah Jiu looked at the underground rope and couldn't help but cursed loudly.

"Hurry up and chase." Ah Qi yelled, turned around and ran outside.

A four or five-year-old kid is in this dark place, and it's raining. I don't believe where he can go.

On a muddy path, Ke Ke is running fast.

There is a light in the front.

Mummy said, where there is light, there is hope!

He sprinted that way.

Chapter 198 Tortoise grandchildren, go to hell

"Little bastard, stop for me." After running around, Hei Qi and Hei Jiu couldn't find Ke Ke, and turned back hurriedly. Not long after running back, he saw a figure of a little guy running in front of him. Immediately shouted loudly.

"Mommy, Mommy." Coco was really scared at this moment.

He tricked the two demons, and if they fell into their hands again, they would surely cut him into pieces.

Thinking that he would be cut into several pieces by them and thrown into the sea to feed the fish, he was so frightened that the hairs all over his body stood on end.

Here, Li Zhenting raised his foot and kicked open a dilapidated warehouse.

There is no one inside, and the head is lowered. There are ropes and leftover mineral water on the ground.

It seems that just now, Coco and those gangsters are here.

He turned and ran outside.

Not long after running away, a child's cry was faintly heard in the night: "Mummy, Daddy, come and save me."

He was stunned for a moment, the voice was so familiar.

Immediately shine the powerful searchlight in his hand there.

This photo made me gasp.

In the dark, a little guy is running desperately.

Behind him, two tall men were chasing after him.

A cold light flashed in his eyes, and he immediately rushed towards them like flying.

"Little bastard, how dare you lie to us." No matter how hard Ke Ke ran, he was only a five-year-old child. How could he be able to match two strong men? In the middle, the two men became angry with embarrassment.

Keko flew into the air, terrified, and cried loudly: "Mommy, Daddy, come and save me."

"Little guy, ask your daddy to send money here immediately, otherwise, you will die." Hei Jiu said angrily, grabbed Ke Ke and swung him around, Ke Ke was turned upside down, his internal organs were rolling, and he couldn't help vomiting .

"Put down the child." Behind Ge Di, Li Zhenting's screaming voice came through the cold wind extremely fiercely.

Hei Jiu immediately turned around, blocked Ke Ke in front, and shouted loudly:

"Don't come here again, I will kill the child if I come here again."

They raised the child on top of their heads, viciously.

Li Zhenting stopped in his tracks.

"Little guy, if you want to survive, let your daddy pay you and \*\*\*\* us to leave safely before letting you go." Hei Qi fixed his eyes on Li Zhenting, waved his hands and shouted at Ke Ke.

Coco was dizzy again and vomited out.

"Don't hurt the children, I'll transfer the money to you immediately." Li Zhenting's eyes were piercing, and he took out his mobile phone.

Coco saw the majestic and domineering Daddy in mid-air. At this moment, Daddy was like a dazzling star in his mind, like a god.

With Daddy around, he is not afraid anymore.

"Don't transfer the money." Suddenly, Ke Ke, who was carried in mid-air, took a steady breath and then spitting the vomit residue in his mouth into the eyes of Hei Qi next to him, "Grandchildren, go to hell."

Hei Qi yelled and covered his eyes.

Almost in seconds.

Ke Ke's small body turned vigorously in the air.

Hei Jiu, who was catching him, didn't expect a five-year-old child to have such great strength. When he let go of his hand, the child fell to the ground.

"Coco be careful." Li Zhenting was stunned and shouted loudly.

But at this moment.

The fallen Ke Ke suddenly kicked Hei Qi's chest hard with a spinning leg.

Hei Qi was kicked and fell to the ground on the spot.

Leng Xue who rushed over immediately went up and stepped on his chest, capturing Hei Qi alive on the spot.

"Your uncle, how dare you kidnap me." At the same time, Ke Ke turned around again and kicked Hei Jiu's head with both feet.

The whole movement is only in seconds, and the skill is agile.

Hei Jiu was kicked heavily in the face and screamed loudly.

Coco landed on the ground swiftly and ran outside quickly.

But Black Nine is no better than Black Seven, he is much more flexible.

At this time, the vicious man took out a long knife from his body, rushed up from behind, and slashed at Ke Ke.

Chapter 199 Please drive us back immediately

"Stop." Accompanied by a sharp shout, the moment Hei Jiu's knife fell, Li Zhenting struck out, leaped up, and kicked the man's wrist.

The knife was kicked flying far away and fell to the ground.

Immediately afterwards, Li Zhenting turned around and punched Hei Jiu \*\*\*\* the bridge of the nose.

instant

Blood spurted out like a pillar.

Hei Jiu screamed and howled like a wolf, with a fierce light in his eyes, and took out a piece of iron chain from his body to attack Li Zhenting viciously.

Li Zhenting smiled coldly, dodged and dodged, looked at the right time, and suddenly flew up several kicks, kicking Hei Jiu in the chest.

With a "wow", Hei Jiu spat out a big mouthful of blood, and his eyes turned black.

Li Zhenting gave a sinister smile, and punched him again, knocking him to the ground, unable to get up again...

The man who doesn't even spare children, deserves his death!

Over there, Leng Xue led five men and gathered towards this side after searching, and the police car also roared over.

But said that Ke Ke ran forward desperately, not daring to stay for a moment.

He didn't know that Daddy had already knocked down those two ferocious men in the back, he only knew that he wanted to run forward, wanting to find Mommy.

Mommy will definitely come to save him!

On the main road, the high beams of two off-road vehicles flickered from time to time, as if Mommy was waving to him.

He moved faster.

Here, as soon as Li Zhenting left, Shen Ning became anxious after only sitting in the car for a while. Thinking about the scene of Ke Ke being abused by the bad guys, her heart was twisted like a knife, and whether Li Zhenting would try her best to save her also made her panic disturbed.

After a while, she handed Ding Ding to Li Zhijun, and ran towards this direction regardless of his obstruction.

After going around the residential area for a few times, she faintly heard the sound of fighting here, and rushed here immediately.

On a trail that connects to the main road.

She braved the light rain and ran to the place where there was a sound.

Didn't run for long.

Ge Di

I saw a figure of a little guy running towards her not far away.

The figure of the little guy is very familiar, it looks like Coco at first glance.

"Coco, Coco." She cried out in surprise.

"Mommy." Coco, who was running furiously, could no longer tell the difference between south, east and north. He thought he was hallucinating the moment he heard Mommy's voice, but amidst Shen Ning's constant yelling, he finally heard clearly that it was Mommy. Come, waved and shouted happily.

Mother and son finally hugged each other tightly.

only

Both of them were too nervous and excited, and their bodies were still shaking when they hugged each other.

"Mum, let's go quickly, those behind are all big villains." Soon, Ke Ke pulled Shen Ning and ran away.

Shen Ning glanced behind him, there were several flashlights shining in the dark night, and he didn't know who they were.

She didn't dare to think too much, took Ke Ke's hand and ran towards the off-road vehicle.

"Hurry up, get in the car." The mother and son just ran to the off-road vehicle, and Li Zhijun, who was anxiously walking back and forth beside the car, immediately opened the door for them.

"Zhijun, please drive us back immediately." Shen Ning said to Li Zhijun as soon as he got into the car with Coco in his arms.

Li Zhijun was stunned for a moment, but he didn't react: "What's the hurry, my cousin and the others haven't come yet, so wait a little longer."

"No, we have to go." Shen Ning shook his head, looking out of the car window from time to time, "Zhijun, please, please drive away, otherwise it will be too late."

Li Zhijun immediately understood her thoughts and remained silent.

She didn't want Li Zhenting to see Ke Ke.

But if they leave like this, wouldn't it be crossing the river and tearing down the bridge?

Li Zhenting will definitely kill him.

He hesitated.

Chapter 200 It's better to offend to the end!

"Zhijun, is this the last time I beg you?" Shen Ning begged bitterly.

"Okay." Li Zhijun gritted his teeth suddenly, "Sit down and leave right away."

He stepped on the accelerator, started the car, turned around and sped forward.

"Ke Ke, are you injured?" It wasn't until the car drove a long way that Shen Ning held his lost son tightly and asked anxiously in a hoarse voice, checking his body.

"Mum, don't worry, I'm fine." Ke Ke patted her chest.

"Brother, they didn't beat you, did they?" Ding Ding also stretched out his small hand to gently hold Ke Ke's hand, and asked worriedly.

"Don't worry, they still want to embarrass me with their IQ. They have no door. Not only did they not hurt me, but they even ate me a big chicken drumstick."

Ding Ding could hear admiration on his face, wishing he could be \*\*\*\* with him.

"Ke Ke, you are awesome." Listening to her son's words, Shen Ning was really proud of having such a smart son, she stroked Ding Ding's head and whispered to Ke Ke, "Ke Ke, Ding Ding is very worried about your safety, It's so late and you still insist on following him for rescue, you really have to thank him."

She didn't tell Ke Ke that Li Zhenting didn't want to save him, and Ding Ding threatened him with suicide before agreeing to save him, for fear that he might misunderstand Daddy badly.

Ke Ke immediately hugged Ding Ding's forehead and kissed it, and thanked sweetly: "Thank you Ding Ding."

The two brothers looked at each other and smiled.

Shen Ning looked at her two sons with relief. Their intimacy made her very happy.

She thought, if the two brothers could stay together forever, how wonderful it would be to love each other!

But how is that possible!

After assisting the police over there to catch criminals, Li Zhenting took care of some things and made sure he was all right before striding towards the main road.

But

When he came to the main road and took a look, he was dumbfounded!

I saw that there was only one car left on the road, and the other car was gone.

He immediately dialed Shen Ning's number, but unexpectedly, Shen Ning's phone was turned off.

His face instantly became terribly gloomy, and he gritted his teeth in anger!

Shen Ning, you don't know what to do. I saved your son, but you just left without even saying 'thank you', and even took my son away. What do you mean?

He immediately called Li Zhijun.

Li Zhijun saw that it was Li Zhenting who lived the King of Hades, his face turned pale with fright, and he stuttered:

"Cousin, cousin, Keke... was frightened, I will send the children home first, you... come back slowly."

"Send them home?" Li Zhenting frowned, and shouted angrily, "Li Zhijun, you are so bold that you took them away without my permission. I order you to come back immediately."

Li Zhijun grimaced and agreed with an 'hmm', but drove the car even faster.

This man was furious, if he really went back, he would have to eat him.

Anyway, I have already offended, so it is better to offend to the end!

He drives the car very fast.

Li Zhenting roared angrily: "I limit you to appear in front of me immediately within 20 minutes, otherwise, I will make your \*\*\*\* bloom."

Li Zhijun moved his buttocks, feeling a pain for no reason.

At this time, Ding Ding crawled over from the back seat, snatched his mobile phone, and put it to his ear:

"Daddy, I'm so sleepy, I'll follow Teacher Shen first, cousin, Keke is home."

The little guy's voice was sleepy.

He really can't be blamed, it's already midnight now, and Ding Ding usually fell asleep at this time. Now that Ke Ke's danger has been lifted, he feels drowsy as soon as he relaxes.
