

Troublemakers 21

Chapter 21 okay? give me a word

"President Li, how are you? The facts are already in front of you." Shen Ning had a mocking smile in his eyes, his brows were cold, and his voice was sharp.

Li Zhenting's face was gloomy, his thin lips curled up in a cold arc, and he ordered in a deep voice:

"Immediately dismiss Secretary Li."

"Okay." Shen Mei's arrogance was completely gone at this time, and she immediately nodded in agreement, as if the crime was really Secretary Li.

"Haha..." Shen Ning couldn't help laughing: "President Li's method of handling the problem is really strange. This matter has nothing to do with Secretary Li from the beginning to the end. You actually fired her. Is this fair to her?"

"She concealed and did not report, and her nature is bad."

"Hey." Shen Ning kept saying coldly, "Even if they conceal it and don't report it, it's to protect their President Shen. This kind of loyalty is commendable. For such a mistake, it's fine to record a demerit and punish it. It can't reach the point of dismissal, tsk tsk, Boss Li's appearance of protecting his shortcomings is simply clumsy."

"Then what do you want?" Li Zhenting suddenly had a wicked smile on his lips.

Shen Ning smiled contemptuously.

You just want to keep Shen Mei safe, but I won't let you!

"President Li." Shen Ning raised her eyebrows, her tone was firm, "Just now you also saw that it was Shen Mei who first splashed my face with phosphophthalate, obviously wanting to ruin my face, this nature is too bad I'm going to send her to the police station for conviction."

"No, Zhen Ting, I didn't even know that it was filled with phosphophthalate liquid. At that time, she said that she would destroy the perfume I worked so hard to develop, and that Gucci was going to be poured. I splashed it on her face unintentionally, not on purpose." Shen Mei panicked and explained while holding Li Zhenting's hand with tears in her eyes.

Shen Ning smiled disdainfully: "No matter how much you justify, you can't cleanse your sinful heart. Sophistry is useless in front of evidence."

"But you also slapped her." Li Zhenting avoided talking and spoke lightly.

"Ha." Shen Ning laughed angrily again, "Mr. Li, you are pretending to be confused with your understanding. You are too calculating. What Shen Mei splashed on my face today was poisonous liquid. What's the point of slapping her in anger? Or, I'll pour this liquid on her face now, and then let her slap me, so that we can settle the matter, how about it?"

After finishing speaking, she really went back in and took out a bottle of phosphophthalate liquid.

"Zhen Ting, I really didn't do it on purpose, you have to trust me." Shen Mei panicked. If the liquid really splashed on her face, it would disfigure her face in minutes. Without her pretty face, why should she She can still be Mrs. Li.

She was shaking with fright!

Li Zhenting's thin lips were pursed tightly, and the cold and noble aura around him suppressed the air pressure to an extremely low level.

As an elite businessman who has experienced many battles, he has long been aware of the right and wrong.

"Mr. Li, can you do it? Give me a word." Shen Ning shook the liquid bottle in his hand, his eyes were as cold as a knife.

"She's your sister." Li Zhenting said slowly.

"Sister?" Shen Ning really wanted to laugh wildly, "Just her? Don't spoil the beautiful word "sister."

She killed her mother, robbed her husband, and pushed her into the sea. Can this be considered a younger sister? If the evidence is convincing, she will send her to the police station and go to jail now, and she will never let her live another day!

Li Zhenting was startled by the anger in Shen Ning's eyebrows.

What kind of anger is that, despair, sadness, pain, numbness, so much so that his heart twitches!

"Li Zhenting, to tell you the truth, if you don't deal with Shen Mei today, then our cooperation will come to an end, you can figure it out yourself, and I will also send the evidence to the police station." Shen Ning let out viciously. Harsh words.

Li Zhenting was silent for a while, and suddenly said: "Okay, I promise you."

Babies, please give more comments, comment and leave a message, Sister Yanzi is waiting for you!

Chapter 22 I must repay this hatred

"Shocking." Shen Mei screamed, her whole face was pale, her expression was in a trance, and her eyes were almost desperate.

Today's surveillance footage did prove that she lied. She slapped Li Zhenting in the face and lost his face.

His character, she understands.

There is no room for sand in his eyes.

She really underestimated Shen Ning's wrist.

Now she has completely changed, she is no longer the woman who allowed her to be weak and bully.

"Zhen Ting, you must trust me... I didn't mean to..." She held his arm with tears streaming down her face, pleading.

Li Zhenting frowned, and withdrew his hand indifferently.

"Shen Mei, you did something wrong today. You are an adult and you must be responsible for your actions. You should find a way to ask Shen Ning for forgiveness." He said coldly.

Shen Mei took a big step back.

"Get out." Suddenly, Li Zhenting shouted in a low voice.

At this moment, he has never hated Shen Mei so much!

Shen Mei was startled for a moment, then suddenly realized that she turned around and ran outside.

"Shen Mei, don't go, this matter is not over yet." Shen Ning saw that she was in a hurry, with a cold light in her eyes, and she was about to chase after her.

But her arm was caught by Li Zhenting.

"Li Zhenting, you bastard." Shen Ning roared angrily.

This **** actually let Shen Mei go!

Li Zhenting smiled wickedly, lifted her chin with one hand, stared directly at her face with icy eyes, and parted her thin lips lightly:

"Don't worry, I will definitely give you fairness and justice, but before that, I also need to know whether your actions are reasonable and compliant. After all, in my eyes, you are only Shen Ning now, not Miss Dasiy, who knows if you fake Miss dasiy? Also, does your perfume formula work? Can it be successful? Are you cheating me? I don't know anything now, you said in this case, how can I be fair and just for you."

"Then how do you want to prove it?" Shen Ning asked angrily.

"Of course it's a market test. If you really have the ability to make Gucci perfume popular with the public and restore it to its former glory, I will recognize you regardless of whether you are Miss Dasiy or not."

"Okay." Shen Ning gritted his teeth, and agreed to him coldly, "But Mr. Li, if I can make Gu Qi succeed, will Shen Mei let me handle it?"

Li Zhenting's eyes darkened, and he stared at her contemptuously.

"How is it?" Shen Ning was aggressive.

"Of course, I promise you, she made a mistake and should be punished." He nodded.

In the past, this meek and kind-hearted woman with low eyebrows and downcast eyes, who seemed to be bullied by anyone, turned out to be a black-bellied and shrewd bone spirit, treacherous and scheming.

"Then you remember it well, I must repay this hatred." Shen Ning turned around and strode out with a harsh sentence.

Today, Shen Mei poured phosphophthalate on her face. Although there is surveillance to testify, the real power of Gu Qi is still in Shen Mei's hands after all. She will destroy the evidence soon, even if she just took a photo with her mobile phone to leave evidence, but after all, it is not first-hand evidence, and she just came to the company, and no one testified for her, so even if she was sent to the police station, she would not be able to bear any punishment in the face of Shen Mei's sophistry.

But if Li Zhenting's support can be obtained, it will be much easier to take revenge on her.

After a little calculation, she had an idea in her heart.

Li Zhenting stared at her back, frowning tightly.

He had already chosen to believe her in his heart for what happened today.

But now that Gucci perfume has reached a critical moment of life and death, a change must come next.

If the two shareholders, Shen Ning and Shen Mei, had internal strife at this time, and even brought trouble to the police station, it would not only be detrimental to internal cohesion and unity, but would also greatly reduce Gu Qi's image, which would be detrimental to the company's future development.

This was his original intention to protect Shen Mei.

Besides, Shen Ning's anger is too heavy. What has she experienced in these years, why did she have to incur Shen Mei's death!

Chapter 23 Don't Kiss My Mommy

Zhengsheng Apartment.

"Ding Ding, Your Majesty is beautiful and gentle, you are not allowed to kiss her after seeing her, understand?" Sitting opposite Ding Ding, Xiao Xiao told her very seriously and proudly.

Ding Ding snorted coldly!

What the hell, he doesn't like to kiss other women, he even wants to avoid his own mommy, Shen Mei.

"Hey, don't be disrespectful to my mommy, my mommy is Her Majesty the Empress." Xiao Xiao immediately read his thoughts, stared wide-eyed, and lectured dissatisfiedly.

'Her Majesty the Queen, why didn't you say it was Wu Zetian! Neuropathy.' Ding Ding gave her a blank look, and continued to play with the tablet with his head down.

"Ding Ding, you are too much." Ding Ding's attitude really angered Xiao Xiao, and she shouted dissatisfiedly.

"Please, that's your mommy, not my mommy. I'm not interested in other people's mommy and all women, including you." Ding Ding said impatiently, stood up and walked aside.

When I heard it, I was so angry!

The day before yesterday, Keke told Xiaoxiao that he was lurking next to the scumbag daddy as Tintin and was waiting for an opportunity to avenge Mommy. Mommy must not know about this.

Although Ding Ding is her real older brother or younger brother, this guy is unreasonable and has a weird personality, and there are some things that he can't let her know for the time being!

For example, they are brothers and sisters, her mommy is also his mommy, etc.!

Besides, since taking him home the night before, Mommy has left early and returned late for the past two days. When they came back, they had already fallen asleep, and when they left, they hadn't woken up yet.

Ding Ding hasn't seen Mommy yet!

"Ke Ke, Xiao Xiao, I'm back." At this moment, the door suddenly opened, and Shen Ning walked in with a bag of fruit and a smile.

"Mommy." Xiao Xiao cheered immediately, ran forward to fetch slippers for Shen Ning, dragged her hand and pressed her to sit on the sofa, brought her boiled water, then climbed onto the sofa and smiled. Pressing her neck and thumping her back, she was extremely busy.

Shen Ning took a sip of boiled water, and all the fatigue and hard work of the day were gone.

"Ke Ke, come here, Mommy bought your favorite fruit, take it to Xian Xian to eat." After a while, Shen Ning saw that Ke Ke was just sitting there playing with her mobile phone, and didn't come to get close to her, which was a bit strange.

When she comes home from get off work on weekdays, this pair of sons and daughters greet her happily. One massages her back and the other beats her legs. They are very attentive.

The family is often the happiest at this time.

Available today.

Ke Ke didn't even look at her, but sat there alone and played the game dully, with indescribable indifference and aloofness all over her body.

Inexplicably, a face of a man exactly like Ke Ke appeared in Shen Ning's mind.

Today she has been fighting this man for a long time.

She tilted her head to look at her son and sighed.

Ke Ke is becoming more and more like Li Zhenting, even his cold and unkind temperament is exactly the same.

Her heart sank.

As long as Coco like this appears in front of Li Zhenting, or as long as he appears in front of the media, their parent-child relationship will be exposed without a doubt.

If Li Zhenting, the King of Hades knew that he had a son, he would definitely come over and **** Keke desperately... and Shen Mei, Keke must never appear in front of this vicious woman, otherwise, it would be very dangerous.

"No." Ding Ding answered two words coldly, without even looking at her.

Shen Ning was taken aback, what happened to this kid today.

Chapter 24 Mommy, have you been beaten?

"Ke Ke, Xiao Xiao, go to rest early, and I will send you to kindergarten the day after tomorrow." Shen Ning thought it might be because the children were in a bad mood at home, and immediately smiled.

"Are you going to kindergarten?" Sure enough, Ding Ding raised his head, "Which kindergarten is it?"

He is currently in Blue Whale Noble Kindergarten.

He didn't like it at all, though!

"Blue Sky Kindergarten." Shen Ning smiled, sure enough his son still wanted to go to school.

Ding Ding's eyes lit up, he likes Lantian Kindergarten, which is not bad!

"Mommy, what's wrong with your face?" Suddenly, her little soft fingers touched Shen Ning's face, and she exclaimed.

Mommy has five finger prints on her face. Isn't this slapped by someone?

The little and big almond eyes immediately turned red.

Shen Ning was taken aback.

Because she was beaten by Shen Mei the day before yesterday, she went home late on purpose these two nights, just because she was afraid of being discovered by the children. She can't remember how much trouble a single mother and two children suffered when she was in the United States. Every time, the two little guys would worry about her with trepidation. Over time, they developed very sensitive personalities, and she could only try her best to bear the misfortune herself, not daring to let them see it.

I thought that today, the wound on her face had healed and she was fine, but she was still noticed by the careful and sensitive Xiao Xiao.

"Mommy, have you been beaten?" Xiao Xiao sniffed, crying in her milk voice.

Shen Ning immediately turned his face away.

"Xiao Xiao, it's nothing, Mommy is amazing, no one would dare to hit Mommy." She smiled and picked her up, and kissed her little cheek.

"No, Mommy lied to me." Xiao Xiao turned around, cupping Mommy's face with both hands to see what happened.

Shen Ning had no choice but to explain: "How could Mommy lie to you? I had some allergies on my face after eating shrimp yesterday, but I'm fine now."

"Is that so?" A trace of doubt flashed in the little beautiful eyes, and she nodded sensibly: "Mummy, if someone dares to bully you, my brother and I will never let them go."

"Thank you, Xiaoxiao, Keke." Shen Ning felt warm in his heart, "Okay, it's getting late, Mommy has to work overtime, you guys go to rest."

She took Ke Ke and Xiao Xiao to the shower room, and after a while, the children went to the bedroom to sleep by themselves after taking a bath.

She got into the study and began to immerse herself in making perfume formulas all night.

Didn't Li Zhenting want her to prove the success of the perfume? Not only did she want to restore her mother's old formula, but she also had to concoct several new varieties based on her mother's old formula to strive for success in one fell swoop.

She picked up the black document bag that her grandmother had given her on the table, and took out her mother's perfume formula.

Sudden

A card falls out of it and lands on the table.

She froze for a moment.

Pick it up immediately and have a look.

It turned out to be a VIP bank card.

It has her name written on it.

After she was stunned, she quickly rummaged through the black bag.

Sure enough

Soon found a note.

Looking carefully, tears filled my eyes!

The note was left by her grandmother Jun Meizhen:

Ning Ning, this is the last time grandma will help you. I have left my savings to you and put all the money in the bank card. Although it is only 10 million, I hope it can solve your urgent needs.

I hope you can take care of your two children, find a man who loves you, and live happily ever after.

The password is your mother's birthday. I hope you will develop the Gucci perfume shop as soon as possible and avenge your mother.

Come on, grandma believes in you.

Chapter 25 I slept soundly for the first time.

"Grandma." She stroked the bank card with her fingers, sobbing.

In those years in the United States, she had a really hard time. She had to complete her studies and raise two children. Basically, she was either washing dishes in a restaurant or working as a salesperson in a supermarket during the day, and she devoted herself to studying at night.

Now that I think about it a little bit, it is full of bitterness.

Now returning to the imperial capital, everything is starting from scratch, and it is difficult.

In this world, only grandma can give her a little love!

She wiped away her tears and carefully put away the bank card.

She can't ask for money from grandma. Grandma is sick all over now, how can she ask for money from her old man? My mother is already unfilial, and the two uncles and aunts can't be counted on.

Thinking of her uncles and aunts at first, her eyes were covered with coldness, and she carefully put the bank card in, planning to visit her old man before returning it to her after the busy period.

Right now, only by making Gucci perfume bigger and stronger as soon as possible, and fulfilling my mother's wish, can I solve my urgent needs in life.

She lowered her head and began to carefully prepare the formula, trying to speed up the formulation of the perfume formula.

The night was getting darker and darker. At some point, there was a thunderstorm, lightning and thunder.

Shen Ning yawned, finally stood up and walked towards the bedroom to get ready to sleep.

The apartment is very small, with only one bedroom and one living room.

She walked towards the only bedroom.

"Daddy, Daddy." As soon as he approached the bedroom, he heard a cry, Shen Ning was startled, and bent over to have a look.

Both Ke Ke and Xiao Xiao slept deeply, and Xiao Xiao slept with a sweet smile on his face, so soft and cute.

Ke Ke was different. Although he was asleep, his immature face was twisted into a ball, his mouth was flattened, and he was crying in his dream. His little fingers were tightly clutching the quilt, as if he was afraid of something.

Shen Ning's heart tightened.

"Coco, Coco." She immediately put her hand on Ding Ding's forehead, stroked it gently, and patted his chest with the other hand.

"Daddy, I'm afraid, I'm afraid." Ding Ding opened and closed his small mouth, and closed his eyes tightly.

Shen Ning's heart tightened suddenly, and he bent down to caress the little guy's face, feeling extremely sour.

This child actually called Daddy in his dream!

But where is his daddy?

Li Zhenting's arrogant and indifferent face flashed before her eyes, and she felt a chill in her heart. She climbed onto the bed and hugged Ke Ke tightly in her arms.

The child misses his daddy, but that daddy has never been your daddy. He already has his own child and another woman! That vicious woman!

She can't tolerate you!

She looked down at the child's cool face, with fear in her brows and eyes, and a look of maturity that didn't match her age. Heartbroken, she hugged Coco and fell asleep.

This night, Ding Ding spent the whole night in Shen Ning's arms. Shen Ning comforted him from time to time, surrounded by deep maternal love.

Ding Ding slept soundly for the first time in such a big age.

Shen Ning got up just after dawn.

Today, she will gather all Gucci perfumers for a meeting, and start the research and development work ahead of schedule.

She first put rice in the rice cooker to make porridge, then put the steamed buns she bought yesterday into the steamer, and boiled a few eggs.

After finishing all this work, when he was about to leave the kitchen door, he looked up and was shocked.

I see

The kitchen door.

Coco was standing there in her pajamas, her face was in good spirits, and her two dark eyes were shining brightly at her.

Chapter 26 The retribution came too fast!

"Ke Ke, why did you wake up so early?" Shen Ning immediately stepped forward and asked kindly.

Ding Ding lowered his head shyly.

How to do it?

He likes the little mummy a little bit!

The little mummy is really beautiful and gentle. This is the first time he feels that a woman is so beautiful. The maternal love she brings to her makes him more than ever attached.

It turns out that the embrace of Mommy is so soft and comfortable.

He slept very soundly last night. He used to wake up in the middle of the night with a start. After waking up, he would be very scared, afraid of the dark, and also afraid of the big devil. But last night, when he woke up, he found that he was sleeping in a small bed. Mommy's arms.

Mommy hugged and comforted him. He was not afraid at all, and fell asleep peacefully.

He looked at the gentle smile on Shen Ning's face with his bright black eyes, Shen Mei's face inexplicably flashed in his mind, and the light in his eyes dimmed a little bit.

Hey, if only my mother could be so gentle and beautiful.

"Ke Ke, what's wrong with you?" Shen Ning stroked his face, "Are you hungry?"

"No." Ding Ding shook his head, and suddenly summoned up his courage to say, "Can I kiss you?"

Shen Ning was taken aback for a moment, then smiled.

This little guy must have had a nightmare last night!

"Yes, of course I can." She immediately picked up Tintin, carried him to the sofa and put him on her lap, narrowed her eyes, and said kindly: "Come on, kiss Mommy."

Ding Ding closed her eyes and pursed her red lips, held Mommy's face in both hands, kissed her forehead lightly, and then was about to climb down.

"Haha." Shen Ning was very happy, took advantage of the situation and hugged Ding Ding tightly, kissed him several times, and put his face into his arms to make him happy.

Ding Ding laughed happily for the first time.

After the mother and son were intimate for a long time, Shen Ning put down Ding Ding, stroked his head, coaxed him into the bedroom and went to sleep again, then she picked up her bag and hurried to work.

Early in the morning, when Shen Ning arrived at the gate of the company by bus, he saw many people around the gate, and one of the men was yelling and cursing:

"Tell your boss to come out. Your perfume is poisonous. I was allergic after wearing it last night. I almost died. You have to compensate me."

"It's really wicked. The decades-old brand is so deceitful. I'm going to sue you."

...

The more the man scolded, the more excited he became, and he kicked the glass of the door.

With a "wow", the glass of the door shattered and scattered all over the ground, causing everyone to scream.

Shen Ning's face changed color, as expected, if he did many unrighteous actions, he would kill himself!

Retribution came too fast!

She was so anxious that she was about to speak, when she raised her eyes, she saw Shen Mei hiding inside and looking out. Seeing the man going crazy, she quickly ran inside.

Shen Ning shook his head and was about to step forward to stop him.

Suddenly there was a roar of a motor.

Everyone turned their heads.

I saw a premium version of Rolls Royce parked there.

Li Zhenting!

The most noble and prominent man in the entire imperial capital!

He came so early, sitting in a luxury car.

The noisy crowd fell silent.

Everyone didn't know what was going to happen in the next second, so they all banned Nuo Hantan!

The man turned around and saw Li Zhenting's luxury car, not only did not scare him off, but became even more excited.

"Mr. Li, I didn't expect that the richest man would do such things like cutting off children and grandchildren. Let me tell you, don't think that I'm afraid of you because you are rich and powerful. If you don't give me a satisfactory answer today, I will die with you." Anyway, I'm not afraid of wearing shoes when I'm barefoot." He stood in front of the luxury car with his hands outstretched, cursing non-stop.

Chapter 27 is no different from the devil!

Li Zhenting's eyes were like eagles, but their eyes were indifferent.

He slowly took out his phone and tapped it a few times.

Soon, the car window was rolled down, and he shouted in a deep voice: "Get out. If there is indeed a problem with the company's products, go to the company's legal counsel to go through legal procedures, and the company will solve it fairly and reasonably."

But this man just wanted to take the opportunity to make some money. He once heard that because of the quality of the perfume, Li Zhenting paid a customer a sky-high price.

Right now, he wants to give it a try as he is impoverished.

Instead of leaving, he put his hands on his hips and continued to play tricks.

A cold light flashed in Li Zhenting's eyes, and he stepped on the accelerator suddenly.

The car roared sharply and rushed towards him.

The man was so frightened that he stood there blankly.

"Quick, get out of the way." Shen Ning's heart was about to jump out, and he rushed over to push the man violently.

The man was pushed far away and fell to the ground.

Li Zhenting's luxury car roared towards him like an off-string arrow, and finally passed him only a fist away.

The man woke up in fright, and there was no one behind him, crying loudly.

It is conceivable that if Shen Ning hadn't pushed him, the current him would probably be bleeding all over the ground, and he had reported to Lord Hell.

Shen Ning stood numbly, the blood all over his body instantly cooled down.

This was the first time she saw Li Zhenting acting so fiercely outside, he was no different from a devil!

She thought of her mother's death, and couldn't help shivering.

What would such a cold-blooded and cruel man dare not do?

In the car.

Li Zhenting glanced at her faintly with the falcon's eyes, and the cold air in his eyes seemed to send out a sizzling cold air in the air, freezing the air into ice cubes.

As soon as he stepped on the accelerator, the steering wheel turned left, and the luxury car headed towards the underground garage quickly.

The man didn't dare to make trouble anymore, and ran away rolling and crawling.

Everyone's face changed color, and they dispersed quietly.

Shen Ning was in a trance, his heart was pounding, he walked into the lobby and entered the elevator.

After a while, the elevator door opened.

She raised her eyes, and a handsome face appeared in front of her.

Li Zhenting was staring at her gloomily.

"Ah." Shen Ning was startled and took several steps back.

Looking up, it turned out that in a trance, she actually walked into the president's special elevator.

However, she is now half of the company's shareholder, so it's not an exaggeration to take the president's special elevator.

But she never wanted to ride the same elevator with this devil.

Just when she was thinking about running away, Li Zhenting had already stepped in, raised her hand and pressed the elevator button on the eighth floor.

The elevator door slowly closed.

She bit her lip to hold her breath, and deliberately stepped back a few steps, keeping the furthest distance from him.

Li Zhenting's face was tense, his whole body exuded a frightening coldness, and there was a dull oppressive feeling in the cramped space, which was suffocating.

"President Li." After a while, Shen Ning spoke up.

As a half shareholder of the company, she felt that she couldn't turn a blind eye to this situation and had to correct something. After all, Gu Qi was her mother's whole effort!

"Um."

"You can't treat the company's customers like this." She was full of righteousness, "The customers are allergic to perfume, which means that the quality of our company's perfume has problems. We must treat customers politely, strive to make corrections, and establish a good brand image."

Li Zhenting sneered coldly: "Childish, the kindness of a woman."

Shen Ning argued hard: "Business must convince people with virtue, not violence. Gu Qi must not be so bloody. If this continues, it will be unpopular."

Chapter 28 Li Zhenting, you devil!

Li Zhenting stared at her dangerously: "Do you know who he is? Is he really allergic to Gucci's perfume?"

Shen Ning was taken aback.

It seems that most of Gucci's sales groups are wealthy ladies in the upper class. Of course, there are also high-end men's perfumes, but this man is really not suitable for Gucci's perfumes, and he doesn't look like a rich man in his clothes.

"That doesn't prove that he is a bad guy." Shen Ningyi was not convinced, "If you kill him today, Gu Qi will be done. Even if you have great abilities, there is no mercy."

Li Zhenting glanced at her coldly, and was too lazy to talk nonsense with her.

This man has a criminal record, and basically came to blackmail him. He has come to make trouble several times, and this time it was even more excessive. He even smashed the door of the company. If he dared to play tricks in front of Li Zhenting, he would die!

If you don't let his soul fly away today, in the future, he will definitely make Gu Qi fly away!

According to Li Zhenting's methods, it would be considered kind to deal with him like this!
certainly

Li Zhenting's driving skills have reached the point of perfection.

Even if Shen Ning didn't push the man, he would pass him by a fist distance, scaring him to death.

However, he won't tell this self-righteous woman.

"President Li..." Shen Ning stubbornly continued to speak.

At this time, the elevator has reached the eighth floor.

Li Zhenting frowned slightly, this woman is very annoying!

As soon as the elevator door opened, he strode out.

Suddenly, an unpredictable smirk appeared on the corner of his lips, and he raised his hand and pressed the elevator button forcefully.

Shen Ning was about to go out with him.

Sudden

The elevator door closed quickly, almost crushing her body.

She screamed and bounced back in fright.

tilt moment

All the elevator lights in the elevator went out, and it was pitch black.

Before she woke up from fright, the elevator fell down quickly like weightlessness.

"Ah." She turned pale, screamed in fright and squatted down with her head in her hands, trembling all over.

Until there was a loud 'boom' in my ears, the whole elevator was hit hard down, and then bounced up quickly.

Shen Ning was overturned and fell to the ground, his head hit the elevator door, and the stars flashed in front of his eyes.

Fortunately, at this time, the elevator door opened.

Her face was pale, and she knelt and crawled out as if she had seen a ghost.

Standing in front of the monitor in the president's office, Li Zhenting looked at the panicked woman who crawled out on her knees on all fours, the corners of her lips raised involuntarily.

It turns out that she is also afraid sometimes!

This woman is full of evil spirits all day long, if she doesn't frustrate her prestige, she really thinks that she can turn the world upside down!

Until Shen Ning confirmed that he had escaped from the soul-snatching elevator, he was still squatting on the ground panting heavily, his forehead covered in cold sweat.

Devil, Li Zhenting, you devil!

Shen Ning stood up and clenched her teeth, her face flushed red with anger, and she clenched her fists tightly.

She saw Li Zhenting's dead **** with her own eyes, and finally added a 'egg' finger fiercely to the elevator button, and she did not know where it was touched, causing the elevator to lose control.

He clearly wanted to kill her!

Sure enough, she is as bad as Shen Mei!

She didn't dare to take the elevator anymore, so she went up the stairs angrily.

But when she climbed to the eighth floor out of breath.

But I saw Li Zhenting sitting on the sofa in her office calmly and calmly, his brows were light, as if what happened just now had nothing to do with him.

Shen Ning rushed in with a dark face, threw the key on the desk, and was about to get angry and curse.

Li Zhenting cast a cold gaze.

She froze for a moment and froze.

There is nothing that a man like Li Zhenting can't do. Before the big revenge is avenged, it's better not to be too aggressive and provoke him less. It doesn't matter if she dies, but there are still two little milk babies waiting for her to feed. There is a mother's death...

She stood expressionless, looking directly at the devil.

Chapter 29 I Promise You

Li Zhenting raised his legs leisurely, lit a cigar, and took a puff gracefully. His magnetic voice was particularly pleasant:

"You report on your work plan now."

working plan? Shen Ning couldn't change.

"How not?"

"Yes." Shen Ning suddenly came back to his senses. It turned out that Li Zhenting came to Gu Qi so early to hear her work plan.

I have to say that he is still very competent at work, he does it himself, and there is no room for sloppiness.

She pursed her lower lip, immediately explained her next work plan, and finally said:

"President Li, I need your help with something. I'm going to hold a large-scale tea party, targeting all the upper-class wealthy ladies in City A."

Li Zhenting has been listening very carefully, and when he heard the last thing, he stared at her without blinking.

"How? Is it okay?" Shen Ning looked at him nervously.

Li Zhenting nodded slightly: "Okay, I promise you."

"Then thank you, President Li." Shen Ning finally forced a fake smile on his face, and thanked him hypocritically.

Only with his help can we invite wealthy ladies from the high society in the imperial capital, and they are the real consumers of Gucci. My mother once said that consumer groups are very important, and we must prescribe the right medicine!

Li Zhenting gave her a meaningful look, stood up, and walked out with his tall body.

As soon as he turned around, the smirk on Shen Ning's face disappeared, and his eyes turned into sharp knives, wishing to fly directly from behind and pierce his heart.

Ge Di

Li Zhenting turned around.

Shen Ning's face froze, preserving a strange face.

Li Zhenting's rose-colored lips pursed into a beautiful arc, and he said lightly: "You work hard, and if you get good grades, I will reward you. Here, I will reuse whoever has talent."

After speaking, he turned around and strode away.

Hmph, Shen Ning snorted coldly with disdain.

Use what you have? Go to hell.

Is Shen Mei talented? I see you are enjoying it.

Downstairs.

"Zhenting." As soon as Li Zhenting came downstairs, Shen Mei stepped on the sky and rushed up with all kinds of charms.

Li Zhenting looked at her and frowned: "Why did you come to the company?"

"I... I don't trust Shen Ning... I always feel that she is uneasy and kind." Shen Mei was worried.

"Remember, try to take Ding Ding and Lan Lan at home as much as possible in the future, and help them with their homework. The company will not use it for the time being, and stay away from Shen Ning." Li Zhenting ordered in a deep voice, raised his hand, looked at his wrist, and strode towards the luxury car went.

After a while, he drove away in a luxury car.

Shen Mei stomped her feet angrily.

The company didn't let her come over, wouldn't that just give that **** Shen Ning a chance to seduce her fiance, so she wouldn't do it!

Thinking of Shen Ning, her eye circles turned red.

After so many years, she has known Li Zhenting well.

He has changed, he no longer hates Shen Ning when he sees her, and now he even admires her a little bit.

Just like today, originally he wouldn't come over, but he came early, obviously, it was for Shen Ning!

This is a very bad sign!

She gritted her teeth.

Bitch, how dare you come back and harm me, I won't let you succeed! I want to make your death worse than last time!

Li's Castle.

"Brother." Ke Ke connected the phone call from Xiao Xiao, and Xiao Xiao's pink face immediately appeared in the video.

"Little." Ke Ke smiled.

"Brother, Mommy was beaten, come back quickly." Xiaoxiao was crying, her face full of anxiety.

Chapter 30 You have to talk to me

Coco immediately changed color: "Mummy was beaten? What's going on? Explain clearly?"

"Brother, when Mommy came back last night, when I beat her back, I saw finger prints on her face. It was obvious that someone had beaten her, but Mommy refused to admit it. She insisted that she was allergic to shrimp, but that was clearly the result of being beaten. They were beaten." Xiao Xiao pouted, her eyes clouded with mist.

Ke Ke blushed with anger: "Tell me, who hit Mommy? It's disgusting."

"It seems to be someone named Shen Mei." Xiao Xiao worked hard to read Shen Ning's inner voice at that time.

"Shen Mei?" Ke Ke clenched her fists.

Isn't this Lan Lan's mommy!

He has lived in this house for three days, and the servants mentioned this name several times.

but

He hasn't actually spoken to her yet.

When she saw her several times, she didn't even look at him, she was cold.

Ke Ke didn't bother to talk to her.

It's just that he thinks Tintin is so pitiful!

You must know that his current identity is Ding Ding, and Shen Mei is Ding Ding's biological mother in name.

But it seems that she doesn't take Ding Ding to heart at all.

No wonder Ding Ding doesn't like staying in this house anymore.

This is too cold and ruthless, hey, I don't know how little Ding Ding grew up.

Ke Ke thought of her mother, Shen Ning. She would ask about his and Xiao Xiao's life every day, spend time with them, and think about them in every way, in case they were hungry or cold. It was really heart-warming.

Mommy is so kind, he will never allow anyone to bully her.

"Xiao Xiao, don't worry, I'll be right back." Ke Ke hurriedly comforted her, but before she finished speaking, the door was pushed open.

He looked up.

I saw Lan Lan walking in wearing a beautiful princess dress, with her hands behind her back.

"Okay, brother, I'm waiting for you, I miss you so much." Xiao Xiao couldn't see the scene on Ke Ke's side over there, so she spoke childishly on the phone again.

Lan Lan heard a small voice at once, and immediately ran over to grab Ke Ke's phone and watch, and asked vigilantly:

"Ding Ding, who are you talking to?"

Ke Ke dodged it by raising her hand, and immediately turned off the phone.

Ke Lanlan finally saw a beautiful little girl in the phone watch, and was very upset.

"None of your business." Ke Ke straightened the phone and watch, and asked dissatisfiedly: "Who told you to come in without knocking?"

"Who is she?" Lan Lan didn't answer, but pointed to the phone watch and asked about Xiao Xiao inside.

"I won't tell you." Coco replied coldly, and warned: "In the future, you are not allowed to enter my room without knocking."

"I just want to come in, I'm going to come in, tell me, who is she?" Lan Lan kept yelling, asking nonsense.

"Crazy." Keke became impatient, gave her a blank look, lowered his head and played with an Ultraman, and ignored her.

"Ding Ding, I order you not to play Ultraman, you must talk to me." Lan Lan said domineeringly.

"I hate it, I hate it very much." Coco glared at her, picked up Ultraman and ran out.

Lan Lan pouted at the back, teary and extremely unwilling.

Ko Ke deliberately flew the Ultraman above his head, while running and playing, and ran out of the front yard of the villa after a while.

But standing in front of the villa and looking at it, he was dumbfounded.

This old castle is comparable to a kingdom, with a large area, it is difficult to escape.

Then how will he go home!

"Ding Ding, is my dress pretty?" Just when he was in trouble, Lan Lan ran over again suddenly. This time, she changed into a Barbie dress with puff sleeves, and held the skirt in both hands and twirled in front of him proudly. asked delicately.
