

Troublemakers 211

Chapter 211 How dare you tell lies

Lan Feiyun also panicked: "I don't know what happened. I don't know who leaked the news to the paparazzi. Originally, they just wanted to force the mother and son to leave. Who knew that Li Zhenting would help."

Now the situation is out of control.

"Mom, what do you think I should do." Shen Mei was so anxious that tears flowed down her cheeks, "If Li Zhenting knew about the past, he would definitely kick Lan Lan and me out."

Lan Feiyun's eyes were shining brightly, and he drank in a low voice: "Why panic, isn't this a step yet? Remember, Lan Lan is the biological daughter of you and Li Zhenting, you have to make good use of this, other things, I'll help you out."

Shen Mei was still talking, when suddenly the doorbell rang.

"Mom, it's not good, Li Zhenting must have come to settle accounts with me." She was terrified.

"Don't be afraid, remember what I said, don't panic, use Lan Lan well, and get Tintin's hair or nails immediately and give them to me, I will be useful." Lan Feiyun whispered, eyes shining cold light.

"Oh, good." The knock on the door became louder and louder, Shen Mei had no time to think about something and agreed, and hung up the phone in a panic.

She walked back and forth in the room for several steps, and took a few deep breaths before opening the door.

Li Zhenting's tall and straight figure appeared at the door.

"Zhen Ting, you're here." She pretended to be surprised, opened her arms, and flung herself up softly, begging for a hug with a coquettish smile.

Li Zhenting pushed her away, with a serious face: "Meimei, let me ask you, was it really you that night six years ago?"

"Yes." Shen Mei blinked her innocent eyes, and asked shyly, "Zhen Ting, you kept calling my name that night, did you forget?"

A cold light flashed in Li Zhenting's eyes, and suddenly he reached out and grabbed her throat: "How dare you tell lies!"

Shen Mei's heavily made-up face immediately turned purple, she looked at him pitifully, and shed tears: "Zhen Ting, I'm not lying, we were together that night, and it was that night that we had Lan Lan."

The word 'Lan Lan' made Li Zhenting's body tremble, his heart softened, his mind instantly woke up, and he let go of his fingers.

"What's the matter with that dick? Did you give birth to dick?" He couldn't get rid of his anger, and asked sharply, "You should know my character. I hate people lying to me and deceiving me the most."

Shen Mei lowered her head, concealing the flash of panic in her eyes, and suddenly covered her face and burst into tears.

"Zhen Ting, it was my fault. I lied to you. It is true that Ding Ding was not born by me, but that night, I was indeed with you. You saw it too. Because a friend came that night, I accompanied you. She had a few drinks, and it was already late when she arrived at the hotel. The door was ajar, so I walked in directly, and then saw you lying on the bed very uncomfortable, and kept calling my name, I felt so distressed, so I ran up to see what was wrong with you, but as soon as I got up, you hugged me and started to take off my clothes..."

She spoke intermittently, and at the end, her face was blushing.

Suspicious clouds surged in Li Zhenting's eyes, Ding Ding really wasn't her child, then it was Shen Ning's.

"You wait here for me first." He stood up suddenly and walked outside.

Someone drugged him when he was having a party that night. Could it be that person... Shen Ning?

In the hallway.

Shen Ning just took care of Ke Ke and came out of the shower.

The little guy is holding her hand and jumping up and down.

Li Zhenting raised his eyes, his eyes lit up, and his black pupils glowed softly.

Wearing the expensive T-shirt on Coco, the little guy's skin looks fair and tender. There are a pair of **** eyes embedded in a round face. They are particularly black and bright after the shower, flickering, and the corners of the lips are slightly raised.

It's so cute!

Chapter 212 Can you treat Mommy better?

"Son." Li Zhenting took the initiative to speak, his eyes were bright and soft.

"Daddy."

Coco also barked politely.

"Are you hungry?"

"Well, sort of."

Little Keke smiled while touching her round belly.

Actually, he is not very hungry, but Mummy must be, because Mummy only ate a steamed bun early in the morning and left all the delicious food for him.

"Let's go, I'll fry steak for you." Li Zhenting grabbed Coco's little hand from Shen Ning's hand and left.

Coco stood still.

"Daddy, can you be nice to Mommy? Mommy takes us very hard."

When Li Zhenting snatched Ke Ke's little hand from Shen Ning, Ke Ke clearly saw his indifference to Mommy and was very upset.

Is it hard work!

The corners of Li Zhenting's lips could not help but sneer. Of course it was hard for her to bring up two children, but the hard work was not all for raising his children. She should find another man to take pity on.

However, for the sake of his son, he still said: "There is everything in the refrigerator, if you want to eat, make it yourself."

Shen Ning pulled the corner of his lower lip and didn't speak, but still followed.

Mainly because of her son, she was worried that Ke Ke would not be used to Li Zhenting's cooking. After all, in those years, he had never touched Yang Chunshui, so it was hard to believe that he could cook delicious meals.

Li Zhenting took Coco to the kitchen, opened the freezer, and there were all kinds of steaks, large and small, and after he let Coco choose it himself, he began to fry the steak and fried spaghetti.

Not to mention, the steak he fried was tender on the inside and charred on the outside, which looked very tempting.

Seeing her son eating deliciously, she relaxed a little and ordered a bowl of noodles for herself.

"Come with me." After eating, Ke Ke was dragged by Ding Ding to play, and Li Zhenting took Shen Ning's arm and dragged her into the study.

"Boss Li, please speak carefully if you have something to say, and don't talk about it." Shen Ning shook off his hand, pulled the clothes on his arms, and spoke angrily.

"Shen Ning, I'm asking you, please answer carefully, otherwise, you will never see Ke Ke and Ding Ding again." Li Zhenting's expression was cold and domineering.

"Why? No one can take my son away."

This offended Shen Ning's sensitive nerves, and immediately glared at each other.

Li Zhenting smiled coldly: "You should understand my wrist."

Just a few words instantly made Shen Ning's hair stand on end.

Of course she understands the method of living Hades.

When she thought about not seeing Ke Ke and Xiao Xiao, she was short of breath and her head was lowered a lot.

"Then please tell me."

"Coco and Ding Ding are twins?"

"Yes."

"Are they my children?"

"if not?"

"When did you get pregnant?"

"President Li, don't you know when I'm pregnant?" Thinking of his brutality and plunder that night, she bit her lips tightly in hatred.

The corners of Li Zhenting's lips curled up slightly: "I don't know anything, it's very boring."

Shen Ning was taken aback for a moment, then realized, blushed, picked up the book on the table and threw it at him:

"You, shameless."

This man is really shameless!

Li Zhenting raised Erlang's legs, stretched out his fingers, easily took the thrown book, held it in his hand and turned it over, the corners of his lips floated to wipe imperceptible tenderness.

In fact, the memory left for him that night is very good.

"Shen Ning, did you put something in my wine that night?" Suddenly, he put down the book, leaned forward, and stared at her coldly.

Shen Ning was stunned for a moment, and laughed so **** angrily.

Chapter 213 is not an illusion!

"Li Zhenting, you think highly of yourself. In my eyes, you are not worthy of me."

"Really? Then why did you just appear at my door?"

Shen Ning's eyes were red, if she hadn't asked him to treat her mother that night six years ago, how could she have gone there!

"Li Zhenting, six years ago, I was your wife. It was reasonable for me to go to you when you didn't come home at night. What do you want to doubt?" Shen Ning was expressionless, "If you don't believe that the child is yours, I suggest you do it. DNA paternity test."

She turned and left.

Mother's death will always be a thorn in her heart. She will never forget this man's indifference.

Looking at the woman's indifferent back, Li Zhenting looked very similar to that night regardless of her height, fat and thin, and her unbearable waist. No wonder he felt that way when he saw her several times. It was not an illusion!

What about Shen Mei?

She also gave birth to Lan Lan.

He pondered for a moment, stood up and strode outside.

Shen Ning sat in Ke Ke's bedroom and was stunned. Thinking of Ke Ke still playing downstairs, she wanted to see how the child was doing. After all, Shen Mei was still in this family, so she was worried.

But just after walking out, he saw two Baobiao standing there straight at the elevator entrance, expressionless.

She froze for a moment, then continued to walk towards the elevator entrance.

"Miss Shen, please stay."

"What do you mean? Is this preventing me from going downstairs?"

"Miss Shen, President Li confessed that you can't go downstairs or be with the children without his permission."

"..." Shen Ning was startled, and after he realized it, he cursed angrily: "Li Zhenting, are you crazy? You are imprisoning me in disguise and restricting my personal freedom. I want to sue you."

She yelled at the two Baobiao:

"Get out of the way, otherwise, I'm going to call the police."

But the two Baobiao remained motionless.

Shen Ning tried to go forward and press the elevator button.

But he stood straight in front of him.

She walked towards the stairs angrily.

At the top of the stairs, there are also two young and strong Baobiao standing there, like a sculpture.

Shen Ning completely gave up now.

She had to go back and call Li Zhenting, but Li Zhenting's **** immediately hung up on seeing her call. After calling several times, he even set her call to reject.

Shen Ning was so angry that his heart, liver and lungs hurt, and he wanted to call the police, but the Li family is a prosperous family, and it is also the home of her two children. If it really broke out, it would not be good for the Li family, and it would not be good for the children.

So

She rushed to Li Zhenting's bedroom and threw all his clothes on the ground.

Later, Diu was tired and fell asleep on the bed.

Afternoon.

A Bentley business luxury car slowly drove to the entrance of the villa.

The door opens.

A man in his sixties, slender, well-dressed, and with exquisite features came out.

"Wanqing, quickly bring me my good grandson." Li Jinyao shouted with a smile as soon as he got out of the car door.

He saw the news about Coco in the newspaper today. When he learned that he had twin grandchildren, he was shocked and excited, and immediately returned by private plane.

Butler Luo came out respectfully when he heard the voice, and said with a smile, "Sir, you are back. Madam hasn't returned from church yet. Come in quickly. The two young masters are playing games in the back garden."

"Hurry up, let them come and see me." Li Jinyao couldn't wait to see his own grandson.

Chapter 214 You are really my little grandson

Butler Luo agreed with a smile, and walked quickly towards the back garden.

Shen Ning actually gave birth to a pair of twins for the young master. Now that the husband and wife are home, it's time to give her some compensation.

If... the young master can tie the knot with the young mistress and have a family reunion... that is what he would like to see the most.

"Young master, go back quickly, your grandpa is back." Steward Luo shouted at the two little guys who were playing with drones.

"Ah, grandpa is back." Ding Ding lost the drone and ran away pulling Ke Ke.

Coco is a little confused, who is grandpa? He's never seen it.

"Grandpa is so kind, he will agree to anything I want, but he is not in good health, and has been staying in the United States to recuperate." Ding Ding said to Ke Ke while running.

Coco finally understood why he had never seen Grandpa.

After a while, the two little guys ran into the living room like a gust of wind.

Li Jinyao just sat down on the sofa when the nanny brought a cup of tea, and he took a sip when he heard the sound of chaotic footsteps.

When he looked up, he was stunned.

Two identical little guys ran towards him.

"Grandpa." Ding Ding and Ke Ke yelled together. The two little guys were sweating profusely from playing, and their bodies were soaked. .

"Hey." Li Jinyao was so excited that his heart melted, he agreed, immediately put down his teacup, took out his reading glasses from his pocket, put them on, and looked at the two little guys carefully.

Looking at this, I felt a burst of excitement again.

These two little guys really resemble Li Zhenting's facial features!

"Come on, let grandpa hug you." He immediately stretched out his hands to them.

"Grandpa." The two little guys ran into his arms at the same time.

"Let grandpa see who is Ke Ke and who is Ding Ding." Li Jinyao smiled cheerfully, looked at Ke Ke after a while, and Ding Ding after a while, and asked kindly.

Ding Ding proudly raised his head: "Grandpa, who do you think I am?"

"You are Keke." Li Jinyao touched his little head, deliberately guessing wrong.

In fact, he has already seen who is Ke Ke and who is Ding Ding.

Although the two little guys look exactly the same, Ke Ke looked at him with unfamiliar eyes, while Ding Ding looked at him calmly and accustomed to it.

He deliberately guessed wrong to tease Ding Ding.

"Haha, Grandpa guessed wrong." Ding Ding laughed and shouted triumphantly, "I am Ding Ding, he is Ke Ke."

"Really." Li Jinyao immediately kissed Ke Ke, looked at him, and asked lovingly, "Is your name Ke Ke?"

"Yes, Grandpa." Ke Ke nodded her head, her big nimble eyes blinked, and her milk voice was sweet: "Grandpa, you are so kind and kind, I fell in love with you immediately."

"Really, you are really my little grandson, you are so good at talking." Li Jinyao had never been praised so much by his little grandson, and he was so excited that tears filled his eyes.

Although the former Ding Ding was also close to him, Ding Ding almost never said a word, his face was expressionless all day long, and his character was very similar to Li Zhenting, but most of the time he was trying to curry favor with his little grandson.

But now that Ke Ke's mouth is so sweet, it really softens his heart.

"Coco." When he was so happy that he was about to speak from ear to ear, Li Wanqing rushed in, shouting excitedly as soon as he came in.

When she was still in the church, the nanny told her the good news. She was so excited that she hurried back after the prayer was over.

Chapter 215 Jealousy to the extreme

"Grandma." Ke Ke was still familiar with Li Wanqing, and she called out affectionately, obviously a lot less restrained.

"God, my little grandson is really the same." Li Wanqing was so excited that she hugged Ke Ke from Li Jinyao's arms, completely ignoring her husband who came back from a long way. It was sweat, and he immediately ordered distressedly: "Mother Ying, quickly bring some towels for the child, she is sweating all over, and it is easy to catch cold under the air conditioner."

Yingma immediately brought some soft towels.

Li Wanqing wiped the sweat off Ke Ke and Ding Ding's faces with a towel, and then put the towel on the children's backs.

At this time, Little Keke hugged her head and whispered in her ear: "Grandma, we have met before. At that time, I beat your back and legs for you."

Li Jianqing was stunned for a moment, and suddenly realized, she patted Ke Ke's little **** with her hand, her face was full of affection: "You, you are so naughty, you didn't tell grandma earlier, so your father and I were worried that Ding Ding's old illness would relapse Woolen cloth."

"I'm sorry." Keke scratched her head, "But I can't help it, whoever made the scumbag daddy not like Mommy, he still wants to marry that woman."

Li Wanqing was taken aback when she heard this, and her face darkened.

Li Jinyao looked at her and hurriedly asked, "Wanqing, what's going on?"

"Grandpa, grandma, hello." Before Li Wanqing could answer, Lan Lan happily ran down from the corridor and ran towards Li Jinyao and Li Wanqing with open arms.

It turned out that Shen Mei knew that Li Jinyao had returned home, and soon took Lan Lan downstairs, but she was still on the corridor when she saw Li Jinyao holding Ke Ke and Ding Ding, with a surprised and doting look on her face, and she was extremely jealous.

Lan Lan didn't dare to run down as usual. Today she saw her mother crying, and she knew a brother named Ke Ke, who looked exactly like Ding Ding, and returned to Li's house.

She vaguely knew that Daddy didn't seem to love Mommy very much.

She also became less confident.

At this moment, Shen Mei pushed her down, signaling her to go down to please her grandparents.

She immediately ran downstairs with short legs.

"Yo, it's Lan Lan." Li Jinyao also loved Lan Lan when he saw Lan Lan.

This little granddaughter is eccentric. Although she is a bit willful, she is also cute. As long as it is his granddaughter, he likes it.

Lan Lan ran into Li Jinyao's arms, and Li Jinyao picked her up with one hand and sat on his lap.

"Grandpa, do you love Lan Lan?" Lan Lan held Li Jinyao's head in both hands, kissed him on the cheek, and asked coquettishly.

"I love it, of course I love it." Li Jinyao nodded immediately.

"Where's grandma?" Lan Lan looked at Li Wanqing delicately again, begging for a hug.

Li Wanqing had no choice but to put down Ke Ke and hugged Lan Lan, smiling lovingly: "Of course I love it, no matter who it is, as long as it is my grandchildren, I love them all."

"Thank you grandma, I love my grandparents too, Daddy and Mommy." Lan Lan's mouth was as sweet as honey.

The two old people were also amused by Lan Lan for a while.

"Huh." Ke Ke and Ding Ding glared at her, and snorted coldly, they really hate this little girl, who competes with them everywhere, hate, really hate it!

"Uncle, Auntie, you are back." Shen Mei came down from downstairs with a coquettish smile on her face.

When Li Wanqing saw her, the smile on her face disappeared.

Li Jinyao was okay, and nodded politely to her: "Meimei, where is Zhenting?"

"Uncle, he just went out. I called him and said he would be back soon. He said he would clean you up." Shen Mei replied meekly.

"Hey, what's the wind for me, Keke will go home today, it's a great day for our Li family, we should go out to have a reunion dinner and celebrate." Li Jinyao was very emotional and very happy.

Li Wanqing also nodded.

When everyone was sitting together and laughing happily, Li Zhenting strode in from the outside.

Chapter 216 Mommy will never forget Coco

"Daddy." Lan Lan was the first to rush forward with open arms.

"Lan Lan." Li Zhenting bent down and hugged her, and after greeting Li Jinyao, he walked to Ke Ke and Ding Ding and sat down, hugged the three of them into his arms, and said with a smile: "Dad, today is indeed a happy day, I have reserved a private room at the Blue Sky Hotel, let's go and celebrate as a family."

"Okay." Shen Mei was very happy, and immediately went to hold the children's hands enthusiastically, wanting to take them outside to take Li Zhenting's car.

"Don't touch me." But when her hand just touched Ke Ke, Ke Ke immediately shook off her hand, her face full of vigilance, "I don't want you to hold me, I want Mommy."

Everyone was taken aback.

Ke Ke suddenly thought of Shen Ning when he mentioned 'Mummy'.

It's too bad, he was only playing by himself just now, and he hasn't seen Mommy for a long time.

Where did Mommy go? Will he be driven away by the scumbag daddy?

"Mommy, Mommy." He yelled suddenly, stood up and ran upstairs.

Hey, I'm so playful, how could I forget Mommy.

He is in a hurry.

Li Zhenting immediately followed and grabbed him, and said, "Ke Ke, your mommy is doing well upstairs, let's go out for dinner first."

"No, I don't believe it. I will only go if I see Mommy and go with her." Ke Ke shook off his hand and looked at him warily.

"Yes, I want to see Mommy too, otherwise I won't go." At this time Ding Ding also ran over and threatened.

Li Zhenting shrank in his heart.

At this moment, the children's eyes were full of distrust and doubt towards him, as if Shen Ning had been bullied by him, and his sensitive heart was very hurt.

But he could only say softly: "Boy, don't worry, your mommy is resting upstairs. If you don't believe me, I will let her come down."

After finishing speaking, he called Baobiao upstairs.

Coco and Ding Ding immediately looked upstairs with their heads up.

Shen Ning woke up early.

Laughter came from downstairs from time to time.

She has been squatting on the corridor looking downstairs.

What a harmonious and beautiful big family this is, rich and friendly, grandparents are very kind to the children, and Li Zhenting can be regarded as loving children. Coco has completely rejected Li Zhenting before and now accepts him.

Ke Ke is talented and intelligent. If he can have a father like Li Zhenting, it is undoubtedly the best. He will get the best education and training immediately, and he will definitely have great achievements in the future.

She looked at the alluring woman downstairs, her eyes gradually turned cold.

Without her, she might not be so stubborn.

Although she was asked to abandon Hang Hang, she was painful and unwilling.

Hang Hang has been like a small lighthouse illuminating her life these years. Without him, she really doesn't know if she can go on.

But now, for the safety of the children, she can't let go.

After Baobiao walked away, she stood up and walked slowly downstairs.

"Mommy." Seeing her, Coco shouted happily, twisted her buttocks, and ran towards her with open arms.

"Coco." Shen Ning felt warm in his heart, squatted down, opened his arms and welcomed his son into his arms, with a happy smile on his face.

"Mommy, I'm sorry, I actually forgot Mommy." Keke was a little embarrassed, holding Mommy's face with both hands, and gently stroking Mommy's cheek with her little finger, feeling extremely guilty.

Shen Ning's heart was soft: "It's okay, Keke forgot Mommy, Mommy will never forget Keke, Keke has to remember, no matter where you go, Mommy will never forget you, you have to pay attention to yourself Be safe, take care of yourself."

Her eye circles were red, she hugged Ke Ke, put her face on the child's chest, tears rolled down from the corners of her eyes.

Chapter 217 As long as Mommy doesn't like it, I don't like it

"Don't worry, Mommy, Coco will never forget you in the future." Coco sensed that Mommy was in a bad mood, and immediately patted her chest to assure her, and whispered in her ear, "Mommy, if you don't like Here, then let's go, I won't be with scumbag daddy."

Shen Ning was taken aback for a moment.

"Baby, there are many delicious and fun things here, don't you like them?"

Coco shook her head decisively: "As long as Mommy doesn't like it, I don't like it."

Shen Ning's eye circles were red, and a huge sense of relief surged in his heart.

"Shen Ning." Li Jinyao came over at this time, looked at the former daughter-in-law, with very complicated emotions, and called out gently.

In his heart, because his son didn't love her, he felt that the Li family had treated her badly!

"Hello, Uncle." Shen Ning held Ke Ke's little hand and stood up, greeting him politely.

"Thank you, thank you for giving birth to two sons for the Li family." Li Jinyao thanked him sincerely, with a gentle and sincere attitude, and warmly invited, "Let's go, let's have dinner together to celebrate."

"No need, I'm not hungry." Shen Ning shook his head and refused.

"Mum, if you don't want to go, I won't go either."

"Yes, I'm not going either."

At this time, Keke and Ding Ding saw that Mommy was not going, and they immediately stood with Mommy as if they had discussed it, expressing that they would not go to dinner.

"Shen Ning, go to dinner with us. You see how interested the children are. If you don't go, they will be disappointed. Even if it's for the children, go together. Jinyao and I have never put you down." Be an outsider." Li Wanqing persuaded enthusiastically.

"That's right, sister, we are all one family, let's go together." Shen Mei walked over and took her arm very enthusiastically.

Shen Ning didn't even look at her, he helped her hand off, feeling helpless in his heart, if he didn't go, Ke Ke and Ding Ding wouldn't go, then this meal would lose the value of reunion.

She looked sharply.

This dog man's eyes were deep and unpredictable, and his handsome face was covered with a dark light of unknown meaning.

"Okay." She reluctantly agreed.

Of course, she doesn't care what Li Zhenting thinks at all. What she cares about is her two sons. She doesn't know how long she can stay with them. Right now, it's just a second.

"Yeah, let's go to dinner." Ke Ke and Ding Ding jumped up, happily took Shen Ning's hand and walked outside. Everyone was happy and went to eat lively.

At the dinner table, Ke Ke and Ding Ding pushed Shen Mei aside, and pulled Shen Ning to sit beside Li Zhenting.

Li Zhenting sat heavily.

The intimate appearance of Shen Ning and Ke Ke, Ding Ding really made him a little jealous.

He felt that he was just an outsider, very upset, but there was nothing he could do.

Who told the sons not to see him.

In order to take care of the children's emotions.

On the surface, he still maintained the proper courtesy to Shen Ning.

Shen Mei was pushed aside, angry and jealous, the whole meal was tasteless, she couldn't wait.

It was the first time for Ke Ke to sit with Mummy and eat together, and she was very happy.

He climbed onto Shen Ning's lap for a while, and then crawled over and sat on Li Zhenting's lap, blushing with excitement.

Li Zhenting also took this opportunity to get close to Ke Ke, win his heart, and give him some delicious food from time to time.

Ke Ke refused because Daddy treated Mommy well.

When Ke Ke climbed onto him again, he held his little hand for fear that he would fall.

Coco's little hands were soft, fleshy, and very comfortable. He stroked his son's immature fingers, and suddenly frowned.

Chapter 218 Do you still want to hit me?

For a child who was only five years old, his fingers were a bit rough. He turned over and saw that there were calluses and scars on Coco's fingers.

Some scars look like new wounds healed!

Li Zhenting was instantly furious.

Shen Ning, what kind of life did my son live with you!

It seems that you must not let Coco follow you any longer.
on the way home.

Li Zhenting and Shen Ning sat in the back seat.

This time, it wasn't arranged by the sons, but he deliberately sat down.

Shen Ning originally wanted to sit alone with the two children, but he didn't expect Li Zhenting to come up.

What made her even more uncomfortable was that when Li Zhenting came up, he actually carried Ke Ke and Ding Ding to the RV behind.

Ke Ke watched Daddy and Mommy sitting alone in a space, all smiling without objection.

"Shen Ning." Li Zhenting sat next to Shen Ning like a mountain, with a straight face, an appearance of being cold and repelling people thousands of miles away, and his magnetic voice did not have a trace of warmth.

There was a slight sneer at the corner of Shen Ning's lips.

"I don't care how much Keke and Ding Ding need you now, but that's only temporary. Keke is the seed of our Li family. I will never give you up to raise me, and I will never marry you because of it. Please be self-aware. Moreover, I will let Keke and Ding Ding stay away from you slowly, adapt to the days without you, until I completely forget about you."

Li Zhenting's voice was cold and heartless, shooting towards Shen Ning's chest like a sharp arrow.

He can't tolerate such a scheming woman.

Since she returned to the imperial capital, she has been approaching him step by step, not only taking away all the shares of Gucci Perfume Group, but also secretly instigating Ke Ke to sneak into Li's house and disturb his life.

He is very disgusted with women who even use children.

No matter how kind she pretends to be, it won't affect his judgment. He won't let her do what she wants.

Shen Ning's chest suddenly throbbed violently.

What a cruel and heartless man, even wanting to deprive her of her son's love one by one, has he ever thought about the children's feelings?

She sneered: "Mr. Li, I have no interest in the young mistress of the Li family, and I don't even have any feelings for an arrogant man like you. As a mother, I just want my children to get the maternal love they deserve. If you can give me the custody of Ke Ke and Ding Ding, I will immediately take them away from you and never appear in your sight again."

"Then you are dreaming." Li Zhenting's face became terribly stern in an instant, "Do you know why I sent Baobao at home? It's because you have a history of running away with Ke Ke, so I have to be on guard

against you. You took my sons and ran away. In order to take into account the feelings of Ke Ke and Ding Ding, I will allow you to stay in Li's house for a while, but the premise is that you must cooperate with me honestly, otherwise, I will let you never see each other again Not to the children's side."

Shen Ning trembled with anger.

This **** man.

She couldn't suppress her anger any longer, and raised her hand to hit him hard in the face.

"You still want to hit me?" Li Zhenting grabbed her hand, pressed her on the seat, put all the strength on her body, and sneered, "Shen Ning, I advise you to accept my arrangement honestly." , In this way, I will make your life better for the sake of the children, otherwise, I will only make your life worse than death, if you don't believe me, then try it."

He lifted her chin with his fingers, the fingertips were so cold that Shen Ning shivered.

She pushed him away with all her strength, her anger made her lose her mind, and she grabbed his face with her fingertips.

Chapter 219 Got scratched by a mad dog

Li Zhenting dodged his head, but was no match for an angry mother's counterattack.

As soon as he avoided his head, the woman's left finger quickly grabbed it. In an instant, the fingertips slashed from his head to his neck... Li Zhenting felt a burning pain in his neck, and when he reached out to touch it, there were bloodstains.

He was furious, and pressed Shen Ning severely under his body.

Shen Ning resisted desperately, and for a while, the two fought non-stop inside.

"Daddy, Mommy, we're here, come down quickly." The two were just fighting each other inside, not knowing that the car had already stopped, and they didn't stop fighting until Ke Ke and Ding Ding yelled outside.

After the two looked at each other hostilely, Li Zhenting opened the car door.

They got out of the car back and forth.

But what Shen Ning didn't expect was that when she looked up, she saw everyone standing outside the car looking at the two of them, each with strange eyes, especially Shen Mei, whose eyes were about to burst into flames.

What they didn't know was that after the car stopped, when they were fighting hard in the car, the body was shaking, which made them all notice this.

At this time, Shen Ning's hair was messy, and his clothes were also messy.

Li Zhenting's sharp suit looked messy, and his always smooth western-style hair was also messed up at this time.

In this situation, it's hard not to think of what they did in the car just now!

Shen Ning's mood was extremely bad, and he didn't have the heart to worry about other people's emotions.

She lowered her head and walked over to take Ke Ke and Ding Ding's little hands, and walked quickly towards the villa.

She was right, that **** Li Zhenting would not let her go, what she can do now is to spend more time with the children, every minute and every second, from now on, she can only take one step at a time.

"Zhenting." Shen Mei walked up to Li Zhenting's arm in aggrieved manner, clinging to him like a bird, and suddenly exclaimed: "Zhenting, what's wrong with your neck?"

Li Zhenting combed her hair with one hand, pinched her face, and smiled: "It's nothing, I was scratched by a mad dog."

"Zhenting, go back and wash it, it will cause inflammation." Shen Mei said distressedly, and walked forward holding his arm. The two looked very affectionate and intimate.

Li Zhenting's gloomy eyes kept falling on the back of Shen Ning who was walking in front, leading the two children and walking with his head bowed.

The woman treats the intimate and ambiguous interaction between him and Shen Mei as if it doesn't exist.

He snorted coldly, put his arms around Shen Mei's waist, and the two went upstairs with smiles on their faces.

Li Wanqing stood behind and watched her son's actions. Just now, she thought that her son and Shen Ning had gotten better. Knowing the son is like a mother. Looking at it now, it seems that there is no intention of getting better, or even worse, even if they have Neither did the two children in common.

Thinking of Ke Ke and Ding Ding, she felt very lost.

"Wanqing, does Zhenting know what he's doing? It's not a good thing to go on like this." Li Jinyao was also full of thoughts, with a solemn tone.

Li Wanhua gave him a hard look: "He's not your good son, he hasn't been educated well since he was a child."

When Li Jinyao heard this, he immediately complained: "Wanqing, didn't you always teach Zhenting, why are you blaming me instead?"

Li Wanqing didn't bother to talk to him, and left directly.

Li Jinyao also followed.

the next day.

When Shen Ning woke up, Li Zhenting had already gone to work.

Coco is still staying at home because she hasn't gone through the enrollment procedures yet.

After Shen Ning finished washing, she wanted to go downstairs to find Keke. Unexpectedly, as soon as she reached the elevator, she saw two Baobiao guarding there, and told her that Boss Li didn't allow her to go out, so she could only stay upstairs. .

Shen Ning was so angry that he called Li Wanqing.

Chapter 220 There is something wrong with this drink

"Ning Ning, don't worry, I'll call Zhen Ting right away." Li Wanqing hurried over after hearing the news, and couldn't laugh or cry when she saw a few Baobiao. She immediately appeased Shen Ning and called Li Zhenting.

Li Jinyao also followed.

Under the pressure of his parents, Li Zhenting finally made a concession and retreated the four security guards to the gate of the villa.

In this case, Shen Ning's activity space will be expanded from the upstairs to the villa, but he must not go out alone.

So far, facing such a powerful son, Li Jinyao and his wife can only sigh, helpless.

After all, Li Zhenting is now the youngest and most promising entrepreneur in the entire imperial capital. His black-bellied Lei Ting's methods and influence make even them bow their heads.

Seeing that she could go downstairs to stay with Ke Ke, Shen Ning didn't mind it for the time being. After going downstairs to have breakfast, she played with Ke Ke all the time. When it was almost noon, she made several delicate dishes and made bone soup. Invite Li Wanqing and Li Jinyao to have a delicious lunch together.

At noon, she took a nap with Ke Ke, and when she woke up, she didn't see Ke Ke, so she hurriedly got up to find him.

As far as she is concerned, there is always a sense of restlessness in this home, which cannot reassure her.

Passing by a tea room, I suddenly heard a noise inside, so I turned my head to take a look.

Seeing this, her eyelids jumped up suddenly.

I saw Shen Mei mixing drinks inside, originally there was nothing to make a fuss about, but she looked flustered and her whole body was tense, as if she was doing something shady, she immediately became vigilant and quickly dodged aside.

Soon, Shen Mei took out a bag of white powder from her small bag, looked around, then quickly poured it into the drink and stirred it.

Shen Ning's nerves tensed up.

What is this white powder?

She frowned, and when she was thinking about it, she saw that Shen Mei had already picked up her drink and walked outside.

no!

There is something wrong with this drink.

At the moment she quietly followed the past.

Not long after walking, she came to the game area.

Only seeing the game area, Shen Ning's eyelids jumped up again.

Now Ding Ding and Lan Lan haven't finished school yet, and there is only Ke Ke in the whole family.

Obviously, there is only Coco in the game area at this time.

Then is this drink for Coco?

Soon, she saw Ke Ke who was sweating profusely playing with the drone, and her heart tightened.

"Ke Ke, are you tired, come and drink a drink to quench your thirst." Shen Mei smiled kindly at Ke Ke.

"Don't drink." Ke Ke picked up the remote control and ran away without even looking at her.

Shen Mei immediately chased after her.

"Ke Ke, grandma said that you are too tired from playing, and you must drink a drink to replenish your energy." Shen Mei was extremely gentle, and repeatedly found reasons to let Ke Ke drink drinks.

Unexpectedly, Ke Ke didn't pay attention to her at all, and said angrily:

"Ugly witch, get out of here, I won't drink your drink."

Coco has long been wary of her.

"Bitch, how dare you be so ignorant of good and evil." Shen Mei suddenly became angry from embarrassment, her patience gradually lost, and she finally showed her teeth-stretching face. She suddenly grabbed Ke Ke's back collar and pulled it back fiercely, causing Ke Ke to fall down. When it fell on her, she immediately grabbed the child by the throat and shouted angrily, "You have to drink it for me today, otherwise, I will kill you."

Ke Ke whimpered, his little face turned purple instantly, but his little mouth was tightly pursed, and he glared at her angrily.
