

Troublemakers 221

Chapter 221 Her son is definitely not easy to bully

Shen Mei sneered: "Bitch, it's as disgusting as your **** mother, if you don't obey me, I'll let you **** strength."

She began to pinch Coco's mouth with her fingers, trying to open his mouth, while the other hand pinched Coco's throat even harder.

Ke Ke's forehead was instantly bruised, and he waved his hands, whimpering.

"Bitch, stop." Shen Ning has been following behind Shen Mei to see what tricks she is up to. In order not to be discovered by her, she kept a certain distance, and did not react until Ke Ke was choked by her throat. With a yell, he rushed over immediately.

But at this moment, Shen Mei's eyes were already red, and she was moving faster than her. When she ran close, she was already pinching Ke Ke's mouth.

Shen Ning first saw Ke Ke's face was purple, his whole body was tense, his little hands were dancing in the air, the blood all over his body seemed to be solidified, his heart seemed to be split in half, and bleeding flowed, his eyes were blood red, and his eyes were full of blood. With a shout, he rushed towards Shen Ning like an angry lioness.

With a bang, Shen Ning grabbed Shen Mei's throat and slammed her to the ground, turned over and rode on her body, her whole body tightly stuck to her throat like crazy.

This vicious woman dared to murder her son!

She doesn't want to live.

Today, even if it costs her life, she must drag this woman to let her understand that her son is definitely not easy to bully. This time, she will completely scare her.

Shen Mei's eyes widened, trembling with fear.

What a terrifying face in front of me, the facial features are as tight as iron, the eyes are blood red, the light from the eyes is as blood red as a knife, it seems to burn her to death.

She shivered all over, her breathing became shallower and shallower, and she realized that she might die at the hands of this mad woman.

"Mum, let go, she's going to die." Shen Ning didn't wake up until Ke Ke called out from the side, and let go of her hand.

Shen Mei got up as if fleeing, and covered her neck with her hands, gasping for breath, as if walking around from the gate of hell.

Shen Ning immediately rushed to pick up the drink on the ground.

Shen Mei's face was pale, and she rushed forward one step ahead and kicked the drink to the ground.

"Bitch, what did you add to your drink?" Shen Ning asked angrily.

"There is nothing, I just care about him and give him a drink." Shen Mei panicked, turned around and ran away.

"Bitch, I can't see anything. You can run away like a monk, but you can't run away from the temple." Shen Ning screamed angrily.

She will never let anyone harm her baby.

Li Zhenting, this dog man is really blind, how could he fall in love with such a vicious woman.

How could his eyes be so blind.

What she killed was her son, but it was also his child.

Shen Ning hugged Ke Ke into his arms, a long red mark was strangled on the little guy's neck, and several nail bruises were also pinched out on the cute little mouth.

"Ke Ke, you did the right thing today. You didn't drink that bitch's drink. You must be careful of her in the future and remind Ding Ding that this woman has vicious thoughts and will never let you and Ding Ding go." Her tears burst out, I regret it so much, I regret that I should not have brought Ke Ke and Xiao Xiao back with me, instead I pushed my son into the flames.

She stood up and ran towards the villa with Coco in her arms.

But she said that after Shen Mei slipped into her bedroom in a panic, she was so anxious that she didn't know what to do! Going back and forth in the house.

Just now, she never expected her behavior to be seen by that **** Shen Ning. This is good, that woman will definitely not give up, and she will definitely go to Li Zhenting to complain.

what to do?

I just saw her falling asleep upstairs, why did she come down all of a sudden?

Chapter 222 Shen Ning committed suicide

After thinking about it, she decided that the villain would sue first, picked up the phone and started calling Li Zhenting.

Immediately after Shen Ning came back with Cocoa, he took a few photos of the child with his mobile phone to leave evidence, and then smeared Cocoa's wound first.

She wanted to take the child to find Li Zhenting immediately, but Bao Biao was guarding the door, so she couldn't go out.

Soon, she also started calling Li Zhenting.

President's Office of Li's Group.

Li Zhenting was depressed.

For a whole day, he couldn't concentrate on his work.

Through the monitoring of the Shengtian Hotel, it was determined that the woman he raped was Shen Ning on the night six years ago. Shen Ning probably left at five o'clock in the morning, and then Shen Mei came in... that is to say, that night, he had **** with two women at the same time.

Also made them pregnant at the same time.

This result made him shocked and helpless.

But when things got to this point, he couldn't help it.

At this time, the phone rang.

"Zhen Ting, come back quickly, Miss Shen committed suicide." As soon as he answered the phone, Butler Luo's nervous and anxious voice came from the other side.

"What?" Li Zhenting stood up in shock.

"Miss Shen and Shen Mei had a falling out over the children today. In a fit of anger, Miss Shen cut her own veins with a knife. The situation is critical now. Come back quickly."

Li Zhenting was stunned, his face livid.

That woman Shen Ning committed suicide because of such a trivial matter, is she already crazy!

In fact, before this, Shen Mei had already called him to complain. She said that she wanted to establish a good parent-child relationship with Ke Ke, so she took a drink for Ke Ke who was playing a game, but Shen Ning found out. Jealousy, he beat her up and almost strangled her to death.

Shen Mei also took the video for him to watch.

Li Zhenting was very angry when he heard that, and he had no doubt that that arrogant woman could do such a thing. After all, when she was in the car yesterday, she wanted to beat him like crazy.

Even he dared to fight, let alone Shen Mei.

Therefore, when Shen Ning called later, he didn't answer the phone and hung up directly.

He is busy with business affairs every day, and he really doesn't have the energy to entangle the two women over such trivial matters.

But not long after, she committed suicide!

"Okay, I'll be right back." Li Zhenting immediately hung up the phone, cursed "dead woman" angrily, and strode outside with a livid face.

Let's ignore it, after all, this is human life, Shen Ning is also the mother of his two sons, he is afraid that his son will hate him when he grows up.

Don't worry, it's so irritating that he committed suicide just because of such a **** thing, it's too despicable!

Women are such a troublesome species!

Li's Castle.

When Li Zhenting hurried back, Housekeeper Luo was standing at the door waiting for him in a hurry.

"Master, madam and mister have gone to church. Go and see Miss Shen, she has lost a lot of blood." Butler Luo's face turned pale and trembled all over. He had never seen a woman who was so fearless of death. He picked up the knife and cut his own wrist.

Li Zhenting ran upstairs.

In the study.

Shen Ning was lying on the sofa, his face was pale and his hair was messy.

A bloodless hand lay horizontally outside the sofa, and there was still blood dripping from the wrist.

There was a large pool of blood on the ground.

She is like a rag doll that has been drained of her true energy, lying weakly, her beautiful big eyes are wide open, motionless, she has been staring at him closely since he came in, the hollow pain in her eyes made him I couldn't help shivering.

The strong smell of blood stimulated his nerves.

He lowered his head, picked up Shen Ning, and ran towards the hospital. Along the way, he was so anxious that he ran a red light and sent Shen Ning to the emergency room in the shortest possible time.

Fortunately, it was discovered in time, and the wound was not too big. After the doctor checked Shen Ning, cleaned the wound, disinfected the wound and stitched the needles, he was transferred to the ward and started the bottle transfusion.

Chapter 223 Don't you feel bad?

"Shen Ning, what on earth are you going to do?" After the doctor left, only Li Zhenting and Shen Ning were left in the ward, and Li Zhenting was furious.

It's really outrageous, is this suicide just for fun?

Sudden

Shen Ning opened his weak eyes.

Before Li Zhenting could react, Shen Ning suddenly rolled down from the bed and knelt down in front of him.

"Mr. Li, please, give me back Coco and Ding Ding, they are my children, please." She kowtowed to him suddenly, crying and begging.

Li Zhenting took several steps back in fright, and was stunned.

Just now, she still had an infusion needle inserted into the back of her hand, and she rolled down so straight, without any concern for the wound on her wrist. When he came, he had already heard Butler Luo talk about her suicide. It shocked him beyond compare.

"Mr. Li, I'm not afraid of death or suffering. I can raise Keke and Tintin. I don't want glory and wealth in this life. I just want to bring up my children safely. You are so young and handsome, and you have the right to You are powerful, as long as you are willing, there will be a lot of women who will bear children for you. Why bother to **** a child born to a woman who does not love me? Please let me go, I will be grateful to you. "

She looked up at him with tears in her eyes, extremely humble, the stubbornness and arrogance in front of him were all gone, only her weak pleading and the bottomless pain and helplessness in her eyes.

Only then did Li Zhenting realize the seriousness of the problem, and asked in a deep voice: "Shen Ning, what do you mean? Do you mean that Keke and Ding Ding can't grow up safely by my side?"

"Yes." Shen Ning looked up at him with eyes red and swollen from crying, with a very firm expression.

"Speak clearly."

Shen Ning smiled coldly, and told him everything he had seen, and finally said with bloodshot eyes: "President Li, although you don't love me, Ke Ke and Ding Ding are both your biological sons, don't you Are you distressed? I have a photo of Ke Ke being strangled by Shen Mei, and the bottle of drink. There must be something in it. Please check it out. I traded my life for you to come back and listen to my opinion. Believe it or not, but I just want to tell you that if you don't find out and make a decision, you will regret it later."

Li Zhenting stood blankly.

He never dreamed that things would be so serious.

Shen Mei dared to harm his son!

But before that, Shen Mei had already explained everything to him.

Obviously, one of the two of them must be lying about this matter. As for who, he can't tell.

But it's about his son's safety, he won't ignore it anymore.

"How about this, you go to the hospital bed first, and I will investigate clearly." Li Zhenting bent down, hugged Shen Ning and put him on the hospital bed.

The back of the woman's hand was oozing blood, which was terrifying.

When he was about to get up and call the doctor, Shen Ning suddenly grabbed his clothes tightly, stared at him with dry, bloodshot eyes, and said in a trembling voice:

"Li Zhenting, I know you don't love me, but everything I do is only for our children, if not for the children, I will never appear in front of you again, let alone disturb you and Shen Mei Love, but I am also a mother, I love my children, and the children are innocent, I will not allow anyone to hurt them, otherwise, I will do my best."

She spoke word by word, using all her strength in every word, and blood was oozing from her wrist, bright red as seductive as a devil.

Chapter 224 Can you really make decisions for me and Mommy?

Li Zhenting's pupils constricted, his eyes were piercing:

"Shen Ning, it's useless if you just use bitter tricks in front of me. I don't care if you die or not. You love children, and I love children even more. You said you would give Coco and Tintin to you. Let me ask you, What did you use to raise them? What kind of life did Ke Ke live with you? I will definitely find out what happened today, and I will never wrong any good person."

After he finished speaking, he turned and strode away.

Shen Ning was lying on the hospital bed, with a poignant smile on the corner of his lips.

Of course he wouldn't care if she died or not, and she never cared about it, but if she died in the Li family, with the Li family's social status, she didn't believe that the Li family wouldn't care! I don't believe that Mrs. Li doesn't care!

Old lady Li is Li Zhenting's most respected elder, he will not be careless.

For her son, even if she shed the last drop of blood, she will do her best.

Li's Castle.

"Coco." Li Zhenting ran in three steps and two steps.

Coco is sitting on the sofa, his eyes are dull and his expression is listless.

Today, Mommy committed suicide because of him. Although Butler Luo pulled him away so that he could not see it, the news alone could make him dejected and in great pain.

His favorite mommy committed suicide to protect him!

But he couldn't help her.

He always thought that he could help Mommy as long as he worked hard and learned his skills well, but now, he was useless at all! He is very frustrated!

"Cocoa."

Li Zhenting walked up and hugged his son into his arms, raised his little head and began to examine his neck and mouth carefully. When he saw the little guy's delicate neck with pinch marks and many bruises on his mouth, his eyes widened. Guang was shocked, and his whole body exuded a terrible jitteriness.

"Ke Ke, tell Daddy quickly, where did your injuries come from? To be honest, don't be afraid, Daddy will make the decision for you." Li Zhenting's eyes were soft, and he asked gently.

Coco looked at him blankly, and said coldly: "Can you really make decisions for me and Mommy?"

"Of course, as long as you are right, Daddy can make decisions for you." Li Zhenting had a serious face.

"Okay." Coco told the whole story.

"Son, you didn't lie, did you?" Li Zhenting was very angry, but he still asked anxiously for fear of making a mistake.

Ke Ke was furious, and struggled to push him away: "Since you don't believe me, why ask me? You are a big bad guy."

Looking at his son's sad and disappointed expression, Li Zhenting's heart trembled, and he squeezed Ke Ke's hand tightly: "I'm sorry, Ke Ke, just wait to hear my news."

He stood up and walked back.

In the bedroom, Shen Mei sat on the sofa with a pale face and a trance.

That **** Shen Ning committed suicide, she successfully attracted Li Zhenting's attention, he ran back so quickly, picked her up and sent her to the hospital.

It is conceivable that Shen Ning will never let her go, and will definitely do everything possible to tell Li Zhenting about her crimes.

She trembled all over, regretting that she was too hasty and shouldn't take revenge on them so quickly.

But Shen Ning gave birth to two sons for Li Zhenting, which is the biggest threat to her. She will never allow others to **** Li Zhenting away. She must be the young mistress of the Li family.

While she was panicking, the doorbell rang suddenly and hurriedly.

She stood up abruptly, her heart beating wildly.

Ge Di.

With a loud bang, the door was kicked open from the outside.

Li Zhenting with gloomy eyes appeared at the door.

Against the light, the man's side face was cold and stern, his jaw line was tense, every cell in his body was bursting with terrifying anger.

Her heart beat faster, her face was pale, she took a few steps back, leaned softly against the wall, and held the sofa with her hands.

Chapter 225 I don't want to see you anymore

"Zhenting, you...me." Shen Mei spoke incoherently.

For so many years, although she is not a genuine young mistress in the Li family, her status is similar to that of the young mistress. Li Zhenting treats her favorably. As long as she wants anything, he will agree to it, even if she makes a mistake. It's not a matter of principle, he can forgive her.

But today, he is obviously different, all that exudes from his body is the breath of death.

She shivered in fright, stood up, with a smile on her face: "Zhen Ting, I..."

"Tell me, what happened to Ke Ke's injury? What happened today?" Li Zhenting shot her cold eyes and spoke murderously.

Shen Mei trembled in fright, and wanted to argue: "Zhen, Zhenting, I, I really, didn't..."

"Shen Mei." Li Zhenting's eyes were full of huge anger, and he shouted angrily, "I have found the surveillance."

"Ah, Zhenting." Shen Mei suddenly threw herself on her knees, moved over and hugged Li Zhenting's thigh, "I really didn't mean it, I just don't want to lose you, I don't want that **** and her child to **** you away, I love you."

"You are so bold." Li Zhenting's eyes were shocked, "What did you add to Coco's drink?"

He did check the surveillance just now, but he couldn't find it in the tea room, and the game area, the area where Shen Mei killed Cocoa was also in the blind spot of the surveillance, so he couldn't find it.

But it didn't bother him.

When the game area was first built, the children were still young. In order to keep an eye on the children, he installed a 360-degree surveillance camera with no dead angles on his mobile phone. He happened to use it today, and he also saw Shen Mei's pinch. The whole process of harming cocoa.

He was so angry that he turned around and ran towards Shen Mei's room.

"No, I didn't add anything, don't listen to that bitch's instigation." Shen Mei hugged his thigh in fear, her face was full of tears, she was very pitiful.

"Really." Li Zhenting's cold pupils shrank, and his voice seemed to float out of hell, "I have already ordered someone to shovel out that concrete floor and send it for testing. You understand the consequences."

Both are mothers, Shen Ning did not hesitate to harm herself for the sake of the child, but she added harmful substances to the child's drink, no wonder Ding Ding has no feelings for her for so many years.

And even if Ding Ding only met Shen Ning a few times, he would still have such a big attachment to her. It turned out that he didn't understand why, and always thought that Shen Ning was deliberately seducing his son with ulterior motives. Now it seems that this is family affection It happened.

This is the real mother and child!

He raised the foot that was being held by Shen Mei and kicked it out fiercely. Shen Mei was thrown far away in one fell swoop, her head hit the wall, her eyes were full of stars.

"Shen Mei, just wait for the result." He finished speaking without warmth, turned around and left.

"No, Zhen Ting." Shen Mei rushed over to hug him in panic again.

If he left like this, once the result came out, his methods would be extremely cruel, she was afraid.

"Zhen Ting, I really didn't put any poison, I just added some heavy metals to make the children stupid, and I don't want their lives, because they always resist me, and I was also forced." The lost Shen Mei confessed honestly.

Li Zhenting was so angry that he slapped her in the face with a backhand.

"You vicious woman, how dare you do such a cruel thing to my son, get out of here. From now on, I don't want to see you again, and you are not allowed to appear in my house again."

His angry hands clenched into fists, rattling loudly.

Chapter 226 I will find a way to solve it.

"Ah." Shen Mei screamed, covering her face, trembling as if being shocked by an electric shock, and blood flowed from her mouth.

Li Zhenting is going to drive her out completely, so their wedding must be a mess!

No, she cried, piercingly.

After much difficulty, she had the opportunity to be Mrs. Li, but because of this, she was going to be kicked out.

Too unwilling.

She beat the ground with her hands, her eyes were blood red, she screamed and cried in agony, but no one came to pay attention to her.

In the study.

Li Jinyao and Li Wanqing sat with serious faces.

They already knew everything, and the old man was terrified and in pain.

Shen Ning commits suicide, but Ke Ke's lovely child is actually framed by Shen Mei. Such a horrible scene appears in the mansion, it's too scary.

They must not let things go on like this.

"Zhen Ting, you are a man, you have to find a way to solve this matter, I don't want this kind of thing to happen again, and I don't want the old lady to know, otherwise, you will lose your position as the heir of the Li Group." Li Jinyao spoke sternly.

He never thought that his son's emotional life would be so embarrassing. It used to be just jealousy, but now the nature has changed. It will be terrible if this continues.

"Dad, Mom, don't worry, I will find a solution." Li Zhenting was silent for a while, stood up with a dark face, turned around and left.

"Zhenting, Shen Ning gave birth to a pair of lovely sons for our Li family. I hope you will not let her be wronged, and don't let the children leave a shadow in their hearts. For children, the mother is the greatest." Li Wanqing He stood up abruptly and instructed earnestly.

"I see." Li Zhenting was silent for a while, agreed, and opened the door.

"Zhen Ting, mother-in-law, father-in-law." But just as the door opened, Lan Feiyun ran over panting, holding a file bag in his hand.

Li Zhenting's face darkened. He had never had a good impression of this greedy woman, but it was only for the sake of marrying Shen Mei that he perfunctory her.

"Zhen Ting, I heard that you are going to drive Mei Mei out, please don't do this, she just loves you too much and did some stupid things, but she has a good heart and loves you." Lan Fei As soon as Yun saw Li Zhenting, he immediately begged for mercy.

"roll."

Li Zhenting yelled angrily, and was about to pass her.

"Zhenting, I know it's wrong for Meimei to hit Keke, but Ding Ding and Keke have never respected her like other children, this is all caused by that **** Shen Ning, don't let her take advantage of you. "

"Security." Li Zhenting's face was gloomy, his body exuded extremely low air pressure, his eyes were like a knife with a dangerous breath of death, and he yelled angrily, without any emotion.

Lan Feiyun was startled and took several steps back.

Li Zhenting walked over quickly.

"Zhen Ting, although Shen Ning gave birth to a pair of sons for you, Meimei also gave birth to a daughter Lan Lan for you. Ke Ke and Ding Ding are your sons, and Lan Lan is also your biological daughter. I just abandoned Meimei, and Lan Lan also needs Mommy to take care of her. Although the son is important, the daughter is also a treasure in the palm of your hand. You have to have a bowl of water." Lan Feiyun chased after her, holding up the paternity test in her hand, "This is the paternity test between Lan Lan and you. Please take a good look at it. I hope you can think about it."

Li Zhenting's footsteps stopped.

Chapter 227 Good news

Shen Ning slept so deeply this time, it was so dark!

During this period of time, I was really exhausted, and in addition to bleeding so much, I didn't wake up for a whole day and night.

When he opened his eyes again, a bright glow fell from the sky, illuminating the entire ward.

"You're awake." A voice came from beside him.

She turned her head away with difficulty.

Butler Luo was standing at the head of the bed, looking at her with concern.

"Butler Luo." She struggled to get up.

"Hurry up and eat something, Madam loves you very much, and ordered the kitchen to make a lot of nutrition for you." Butler Luo smiled.

"Where's Coco?" What Shen Ning cares about is the child.

"Great news, I'm about to tell you the good news. The young master punished Shen Mei yesterday and kicked her out. From now on, the two young masters, Ke Ke and Ding Ding, will no longer have to stay with that vicious woman." Luo Luo The butler was very excited, since Shen Mei wasn't at home, his work was much easier.

Shen Ning was slightly relieved when he heard this.

It seems that Li Zhenting's eyes have not been completely covered, nor are they hopeless. He still cares about the child.

But because of this, she couldn't completely let go of her heart.

Because, Shen Mei also gave birth to Lan Lan for him.

He also loves Lan Lan very much.

In this case, Shen Mei may reverse at any time and come back again.

As long as she comes back, Coco and Tintin will be a disaster.

In fact, she has always considered the issue of cocoa's ownership.

Ke Ke is a descendant of the Li family, if he returns to the Li family, it will not be a bad thing for him, at least it will be better than following her, but the prerequisite is that Shen Mei must not stay in the Li family.

She looked outside, her eyes became more resolute and cold.

For the sake of Ke Ke and Ding Ding, she cannot leave the imperial capital with Aunt Dong and Xiao Xiao, she must stay and protect the children.

At this moment, the mobile phone placed by the bed rang.

She saw that it was Uncle Marley calling, and immediately picked it up.

"Ning Ning, good news. The new product was sold out in less than an hour after it was launched today. Now orders are skyrocketing, and there are rush orders everywhere. We have to speed up production and use this shareholder style to strive for it to explode. See you again." Marley was excited like a child over there.

"Really, that's great." Shen Ning's eyes lit up, and her spirit improved a lot, but then, she thought of something, and her heart sank rapidly.

Uncle Marley doesn't know that she has been forced by Shen Mei's mother and daughter to sign the **** contract: 90% of all the money Gu Qi earns will be given to the greedy mother and daughter.

However, she has a way to deal with it.

In the past, she was afraid that Keke would be snatched away by Li Zhenting after he found out, but now that it has been snatched away, she doesn't have to worry about it anymore.

"Ningning, have you finished your work? When can you come back to the company?" Marley asked over there.

Shen Ning pondered for a while: "Just these two days, my business is almost done."

"Okay, then I'll wait for your return."

"Um."

After hanging up the phone, Shen Ning couldn't calm down for a long time.

Gu Qi finally saw the light, and she believed that everything would gradually get better.

After breakfast, the doctor came over to check the wound, determined that the problem was not serious, prescribed some medicine, and she could be discharged from the hospital.

She called Aunt Dong first.

Aunt Dong and Xiao Xiao are still living in a hotel in the suburbs.

She asked Aunt Dong to take Xiaoxiao back to the original apartment and wait for her news.

After hanging up the phone, she was about to pack her things when footsteps sounded in the corridor.

Caught off guard, her heart beat violently.

The tall figure of the man walked in quickly.

Turning around, Li Zhenting's so handsome face appeared in front of her.

She took several steps back and looked at him indifferently.

Chapter 228 Inviting her to dinner for the first time

"Are you ready?" Li Zhenting's eyes were gloomy, and he spoke in a low magnetic voice, he suddenly reached out and grabbed her wrist, holding it in front of his eyes for a closer look, "Well, it's fine, let's go home first."

He turned and left.

go home?

Shen Ning's lips curled into a thin sneer, that was not her home, but her two sons were there, so she had to go there first.

She hesitated for a while, and walked behind him.

The expensive Rolls-Royce Phantom was parked downstairs, attracting the envious eyes of many patients and their families.

As soon as Shen Ning and Li Zhenting approached, the eyes of those people fell on her face, full of envy, jealousy and hatred.

She couldn't help but smile wryly.

Power can make people obsessed, no wonder Shen Mei and Wu Lili are so unscrupulous.

She was sitting in the back seat of the car, expressionless.

Li Zhenting drove the car himself.

The pain in the wrist still comes from time to time, and when she occasionally raises her eyes, she will see the man's straight back and his skillful and graceful driving posture.

Six years ago, she was hopelessly obsessed with him, but now seeing him, her heart was icy cold, nothing but pain.

Unknowingly, the car stopped.

She opened the car door and got out.

Ge Di was stunned.

What caught my eye was not Li's Castle, but the largest six-star hotel in the entire imperial capital, the Jinmao Hotel.

...

She raised her puzzled eyes.

Li Zhenting said calmly: "I blamed you this time. You have just been discharged from the hospital. I'm here to welcome you and treat you to dinner."

Invite her to dinner?

Shen Ning was stunned, this man couldn't even say an apology, but invited her to dinner.

Ah!

This should be the first time Li Zhenting invited her to dinner.

She committed suicide in exchange for it.

Does she need it?

"No need, Mr. Li, I just want to see the children." She immediately refused indifferently.

Li Zhenting was stunned for a moment, this place is a good place for eating delicious food that thousands of women dream of.

Sitting in front of the floor-to-ceiling glass of the 88th-floor super high-rise building, overlooking the scenery of the entire imperial capital while eating delicious food, the food is famous all over the country, which is romantic and charming and can enjoy the best taste.

She was unwilling!

His eyes turned cold.

He Li Zhenting invited women to dinner, and no woman dared to refuse.

She refused, she was really not afraid of death.

"Boss Li, please get in the car and go back." Shen Ning got into the car without even taking a second look at the place, leaving Li Zhenting standing still.

A cold air gathered on Li Zhenting's face.

Shen Ning's refusal made him very embarrassed.

However, this woman has always been so ignorant.

He got into the car with a dark face, and said coldly: "You didn't want this, don't blame me for being unkind."

Is it human?

Shen Ning wants to laugh, does she still have favor in his heart?

As long as her son can return to her side safely, that would be the best favor.

Li Zhenting started the car.

Li's Castle

Li Jinyao and his wife welcomed her warmly, and ordered the chef to cook a table full of dishes for her.

Shen Ning didn't care about eating at all. She was more concerned about Coco. She checked the scars on Coco's neck and mouth in detail. Fortunately, Li Zhenting had already given him medicine last night, and he is almost healed now.

"Ning Ning, I would like to thank you for saving my grandson this time." After the meal, Li Wanqing personally sent Shen Ning upstairs, and said very ashamedly.

Shen Ning forced a smile: "Auntie, Ke is my child. As a mother, this is what I should do. I just hope that this will not happen again in the future."

"Don't worry, it will never show up. Now Shen Mei has been driven away by Zhenting, and Baobiao at home has also been removed. You can rest assured to live here. I will have everything, and in the future, Ding Ding and Ke Ke will be equipped. Protected by four strong Baobiao." Li Wanqing solemnly promised.

Shen Ning was relieved to see that there were no more Baobiao standing guard upstairs.

At this point, she felt that this family has a warm atmosphere, like a normal family.

Chapter 229 Negotiation

Two o'clock in the afternoon.

Shen Ning was practicing calligraphy with Ke Ke when the nanny came over.

"Miss Shen, the young master invites you to his study."

Shen Ning was taken aback for a moment, and immediately replied: "Okay."

It turned out that Li Zhenting didn't go to work today, it's good, she was also planning to find him.

After she assigned some homework to Coco, she walked towards the study.

The door of the study room was ajar.

She knocked on the door.

"Come in." Li Zhenting's simple and powerful voice came from inside.

She opened the door and walked in.

The man was sitting in front of the desk. The snow-white casual shirt made him look heroic, and the profile of his profile was perfect.

This man is indeed God's favorite, and almost all the advantages are bestowed on him.

"President Li."

"Please sit down."

Li Zhenting's slender fingertips pointed to the soft chair next to the opposite desk.

Shen Ning sat down.

Since she came in, this dog man's gaze has been unscrupulously falling on her face and body, which makes her very uncomfortable, always feels that there is something bad about her body that he has seen, which makes her The momentum was forced to shrink a little.

"Tell me, what do you want? Offer your conditions." As soon as she sat down, Li Zhenting put her elbows on the desk, leaned forward, and stared at her intently. The overwhelming advantage came straight to the point.

Shen Ning was startled: "What conditions?"

Li Zhenting chuckled.

This woman really knows how to pretend.

Since she came back, she has been planning step by step. She has come up with so many tricks, isn't she just trying to get something.

He has plenty of money.

As long as the son can belong to him, she can promise anything.

This matter must be settled today!

"Money, house, or shares, as long as you mention it, I can give it to you. There is only one premise, and it belongs to me." He said word by word.

Shen Ning's face turned red and blue when he realized it.

This man actually wanted to use money to get rid of her, to buy her affection for her son and the grace of childbearing and upbringing for so many years.

It's so funny.

Coco is her darling, the meat that fell from her body, no matter how much money you have, you can't buy it back!

The world of the rich is ugly!

"I'm sorry, I don't want anything." She put on a straight face and resolutely refused.

Li Zhenting's face darkened: "Shen Ning, you know that I have a bad personality, sitting down to talk to you now is giving you a chance, I hope you can cherish it."

Shen Ning smiled coldly: "President Li, my personality is not very good either. To me, my son is everything, and no one can take him away in any way."

"You..." Li Zhenting suddenly became angry from embarrassment, and his voice was extremely cold: "I am giving you a chance now for the sake of my son. Don't provoke me, otherwise, your son will not get it, money, or anything. will not have."

"Listen to Mr. Li, what he means is that he wants to rob by force. Don't forget, this is a society ruled by law, and no one can be above the law." Shen Ning blushed, and his tone was firm and tough.

Li Zhenting was suffocated and very annoyed.

"Shen Ning, you should know that even if we have a relationship between husband and wife, it is impossible for me to marry you. There is no basis for any relationship between us. If you are self-aware, take the money and leave, it will be to you, me, Ke Ke is fine, don't worry, when Ke Ke grows up, I will tell him that you are his biological mother, and I will not object if he is willing to recognize you at that time, but now, you have to give up the custody of Ke Ke, if you If you continue to be stubborn, then I will let the law tell you who the son should belong to, be smart, and stop making unnecessary struggles."

He spoke with great confidence, with contempt from aloofness.

Chapter 230 Don't rush to reject me

Shen Ning felt chills all over his body, a chill ran from the soles of his feet to the top of his head, and his limbs were trembling.

"President Li, let me also tell you that I am not even afraid of death, let alone your threats. I have no interest in Mrs. Li or you at all. Illusion, then I apologize to you now, but please rest assured, from now on, it will never happen again. What I care about now is only the physical and mental health of the children. They are still young and should be treated kindly. Please understand me as a mother. ."

Her eyes were empty, her whole body was cold, and her beautiful face was engraved with the alienation and indifference of being thousands of miles away. She looked like a goddess who had stepped out of the eternal ice peak. At that moment, she was so pure that no one dared to look up to her.

Li Zhenting suddenly felt an inexplicable panic, as if some treasure in his heart was being lost.

He suddenly had a feeling that he wanted to reach out and hold her, but he couldn't hold her. The woman was as slippery as silk, which made him unable to grasp it.

He had to admit that he was already overwhelmed by this woman who was not afraid of death.

He is as proud as he is. He is the youngest and most promising entrepreneur in the entire imperial capital. His business territory covers the entire imperial capital, and even expands to the whole world.

How could he care about a woman when he was so young and energetic.

"Shen Ning, what good is Ke Ke following you? Do you still want him to follow you and be kidnapped again? Are you really doing it for the children?" Li Zhenting seized this gap and fought back forcefully.

Shen Ning turned pale, and immediately retorted: "Li Zhenting, Ke Ke has been with me for six years and hasn't been kidnapped. Why was he kidnapped as soon as he came back to you? Shouldn't you think about it?"

This matter, if he doesn't come to her, she will ask him to find out. She absolutely doesn't believe that the gangster kidnapped Ke Ke just for money.

Li Zhenting sneered: "Don't worry, the police are investigating, and I will follow up without you reminding me. If someone really dares to deliberately kidnap my son Li Zhenting, then he will kill himself."

"That's good, I hope you will do what you say."

"Don't worry about it." Li Zhenting stood up and paced to Shen Ning, with a strong voice:

"Shen Ning, you'd better give up the custody of Ke Ke, don't fight against me, don't you still have a daughter, you can take her to find her real father, if you insist on snatching Ke Ke from me. If you don't have custody rights, then we can only meet in court, and then, I'm afraid that if you lose your wife and lose your army, even your daughter will suffer along with it."

When Xiaoxiao was mentioned, Shen Ning's face turned pale, and his heart burst into pain.

Such a strong man, if he knew that Xiaoxiao was also his daughter, then he would definitely grab her without hesitation.

She believes in the power of capital, and even more in his wrist.

Confronting him, she basically has no chance of winning. She consulted a lawyer, and even the lawyer shook her head.

But she must not lose Coco and then lose Tiny.

"Li Zhenting, you have money and power, you can buy everything, but unfortunately, you will never be able to buy my son's heart. In this world, not everything can be bought by you." She clenched her fingers, biting lip.

"Really." The corners of Li Zhenting's lips curled up viciously: "You mean you won't follow me? Well, I will convince you."

He turned around and walked out. After walking a few steps, he turned around again and reminded with a 'kind heart':

"Shen Ning, you'd better think about the advice I gave you. Don't rush to reject me. You can come to me at any time when you think about it. It's still the same sentence. You can set the conditions as you like, and you must let go, son. From now on, you are free, I only give you half a month to think about it, during this time you can go to Li's Castle to accompany the children at will."

After speaking, he strode away, leaving the cold air to her.
