

Troublemakers 241

Chapter 241 Now he has no intention of making money

"Mr. Li, if you want to find fault with me because of Lan Lan's affairs, then let me tell you, I'm not that mean and vicious, and I won't attack a five-year-old girl." Shen Ning only thought that Li Zhenting was going to Out of anger for Lan Lan, he immediately spoke angrily.

Looking at her, Li Zhenting sneered: "Didn't you always get along well with the children, why, now you have stumbled."

Shen Ning turned around and left, not wanting to argue with him.

Looking at her stubborn back, Li Zhenting raised the corners of his lips slightly.

In the car just now, he had already checked the surveillance, and he was sure that Shen Ning's actions were very light, and that she sent a hairpin to Lan Lan, showing goodwill, and would not do such a stupid thing.

Lan Lan likes to play tricks and lie since she was a child, he is very clear about this.

Besides, now that her mommy has been driven away, she is in a bad mood, so it is normal for her to act like that.

Don't sit if you don't sit! Does he still care about her riding in a car?

He started the car and headed towards Li's Group.

Gucci Perfume Group.

"Ning Ning, this is the sales volume of the perfume after it was launched, please take a look." As soon as Shen Ning came to the office, Marley was already waiting for her, and immediately handed her a stack of data.

Marley's consistent work style is shrewd, concise, and crisp.

Shen Ning took it and looked through it, very satisfied.

"Uncle Marley, is there someone in the company making trouble during this time?" After she put the form down, she couldn't help but feel very preoccupied.

Since Shen Mei was kicked out of Li's Castle, there has been no news for several days, and Lan Feiyun has made no other moves. She doesn't believe that the mother and daughter will give up easily.

Now that Gucci perfume is very popular, it is impossible for them not to know.

"No, don't worry, with me around, no one would dare to make trouble." Marley immediately spoke confidently.

Shen Ning nodded with a smile.

If it was someone else, she wouldn't be afraid, but Lan Feiyun's mother and daughter are not ordinary cunning and vicious.

"Ningning, the Imperial Capital Autumn Fair will be held at the Yimin Exhibition Hall on the 15th. We should use this opportunity to vigorously promote our products. This is a rare opportunity, only once a year."

"Yes, I thought so too."

"Okay, let's hurry up and mix some new varieties out these days. Some time ago, I figured out according to your mother's previous recipe, and actually combined more than 20 new varieties. Your mother is a genius!" Marley said, standing up and ready to act.

Shen Ning also turned on the computer to start working.

"By the way, Ningning, thanks to one person these days, he has given us a lot of help, you should thank him." Marley had just walked a few steps, and suddenly turned around again.

Shen Ning was taken aback for a moment, and hurriedly asked, "Who?"

"Mr. Jing, Jing Chenxi."

Marley smiled slightly,

"During this period, he often came to ask about the difficulties in the company's development. In our advertising investment, we didn't have so many resources, but he used his contacts..."

Jing Chenxi!

Shen Ning was dumbfounded.

During this time, she almost forgot about him.

She thought he had reconciled with Miss Jiang Xinyun, but she didn't expect that he was still helping her secretly.

Li Group.

"Professor Luo, how can I get the children to be close to me?" Li Zhenting was very distressed. Now he has no intention of making money, so he handed over the company's focus to the vice president, and he began to study how to make Ke Ke and Ding Ding Get close to yourself.

These days, he is not a human being inside and outside Li's Castle.

Not only the children ignored him, even his mother and father were indifferent when they saw him.

Although he is a lofty CEO, he also needs love, okay?

Chapter 242 Go pick up the kids together

Dr. Robert crossed his hands and shrugged: "Mr. Li, family affection and love are the only options."

"But I really gave them enough love and affection, but they still don't accept me."

"Then have you ever thought about why they are unwilling to accept you?"

"this..."

Shen Ning's face flashed in Li Zhenting's mind, and he remained silent.

Last night, he fell asleep very late.

Regarding the issue of Ke Ke... He can **** the custody of Ke Ke, Shen Ning is by no means his opponent, but Shen Ning is the children's mommy, the children need mommy to grow up, they will miss mommy, Besides, Shen Ning will not give up.

The result of vicious conflict between parents is bad for children's physical and mental health... He doesn't want to see a child with a bad character, just like Tintin before.

I have to say that Ding Ding has really improved a lot now. If he was a little ice cave, he is now a little sun, warm and cute.

He hopes that all his children are so sunny and healthy!

Four thirty in the afternoon.

Shen Ning is busy in the office.

Sudden

The office doorbell rang.

She pressed the unlock button.

The door opened.

A man in a suit and leather shoes strode in.

Shen Ning was concentrating on his work, and didn't see clearly who came in.

"Shen Ning." Li Zhenting stood still in front of her, watching the woman working hard and speaking slowly.

Shen Ning shook his body and raised his head.

Li Zhenting stood in front of her, the hand-made suit was straight, pressed on his tall and strong body, it was majestic, full of high-end sense, the stern eyes were gloomy, and the unstoppable noble aura all over her office instantly gave her office It looks a lot taller.

"What? What are you doing here?"

"Let's go, let's pick up the child together." Li Zhenting's tone was rare and gentle.

"Pick up the children? Didn't you tell the driver to pick them up?" She heard him tell the driver early in the morning, and picked up the children back in the afternoon.

Li Zhenting's eyes darkened: "Wouldn't it be better for Daddy and Mommy to pick up the child together?"

"Oh, of course." Shen Ning was stunned and immediately agreed.

She is ashamed of Ding Ding, and he is ashamed of Ke Ke. She doesn't know what will happen in the future, but if Li Zhenting is willing to cooperate with her to pick up the children and give them compensation, why not do it.

She immediately stood up.

"During this time, we are responsible for picking up and dropping off the children together." Along the way, Li Zhenting uttered few words, but the words he spit out suddenly were golden sentences, which made Shen Ning have to look at him with admiration.

We must know that a big entrepreneur like Li Zhenting has to make many decisions every day, and every decision will affect the development of the company, and he is busy almost every day.

He was able to put down his work and pick up the children from school during the prime time, which is already a very good performance, why should she not agree.

"Okay." She nodded.

The gate of Blue Whale Kindergarten.

When Li Zhenting drove over, Shen Ning saw four children standing in a row at the gate waiting for them from a distance.

She was stunned.

Among the four children, Xiao Xiao was standing in the middle, holding Ke Ke and Ding Ding with one hand.

Lan Lan stood alone on the far left, pouted.

By the way, why is Xiaoxiao here?

Shen Ning's heart jumped inexplicably.

"Daddy, Mommy." As soon as Li Zhenting's car stopped, Ke Ke and Ding Ding ran over cheerfully, holding hands.

Chapter 243 I have to take her home

"Daddy, the little mommy is on a business trip. There is no one in her house. I want to take her to our house for a few days, okay?" Li Zhenting asked.

Shen Ning was taken aback for a moment, and quickly understood the little guy's thoughts. He didn't want his sister to stay there alone and be left out. He wanted to have a family reunion.

Her eyes are moist.

Xiao Xiao also looked at Mommy, and curled her mouth.

Shen Ning felt distressed seeing her aggrieved appearance.

She shook her head at her.

Xiaoxiao quickly read her thoughts.

Mommy doesn't want her to appear here, and doesn't want her identity to be known by Daddy.

But she didn't care, she wanted to stay with Mommy and Cocoa.

She nodded her head to her, meaning to reassure her that she would not let Daddy know her background.

Shen Ning was very helpless.

"Then there is no one else in her family?" Li Zhenting was very surprised, a five-year-old girl, her mother is on a business trip, so there must be an adult at home.

"No." Ke Ke immediately spoke for her, "Xiaoxiao is very poor. She has never seen Daddy the **** since she was born. Only Mommy takes her to live. Now that Mommy has to earn money to support the family and go on a business trip, she will stay at home alone, without food, let's take her back to our house for a few days, okay?"

Coco is confident.

Li Zhenting looked at the little girl, the little girl has snow-like skin, two big red phoenix eyes, and delicate facial features like an angel lost in the world, she is really beautiful.

Such a little girl has never seen her daddy since she was a child, this daddy is too unreliable.

"It's okay, but I have to tell her mommy. Although her mommy is on a business trip, she will contact her anyway. If she can't find it, she will be anxious." Li Zhenting was a little worried, and sent someone else's daughter. If you bring her to live in your own home for a few days, at least you have to ask her parents for permission.

"Yes, parents must agree to it. It's not a trivial matter." Although Shen Ning also hoped that Xiaoxiao could be with her, it's better not to get involved in places like Li's Castle, not to mention, She stayed here to wait for an opportunity to grab the custody of Ke Ke.

"It's not the first time for Xiaoxiao to come here. She is my good friend. Anyway, whether you agree or not, I have to take her home." Ding Ding became angry, and said arrogantly, her posture was exactly the same as that of Li Zhenting.

"Then you call her mommy." Li Zhenting still didn't let go.

"Her mommy can't pick her up on the plane."

Li Zhenting still wanted to talk, but Ding Ding and Ke Ke took each little hand and got into the car.

Li Zhenting had no choice but to start the car.

Xiao Xiao sat next to Mommy as soon as she came up, her little eye circles were red.

Shen Ning felt sour in his heart, and clenched her little hand tightly.

Through the rearview mirror, Li Zhenting saw the three little ones sitting next to Shen Ning in the back seat, and they were very friendly, which once again proved that Shen Ning was very good at dealing with little guys and was born with popularity.

Although Lan Lan was not very close to her, it was because of her mother. Last time, Lan Lan also liked Shen Ning when they met on the beach.

It seems that in this regard, he has much to learn from her.

Li Zhenting first took the four little ones to a very high-end restaurant, where the fantasy ghost city made the children cheer non-stop.

They were playing around inside.

Shen Ning and Li Zhenting were outside.

"Here, wipe Lan Lan's sweat later." Shen Ning took out a stack of tissues and handed them to Li Zhenting.

She didn't dare to wipe Lan Lan's sweat, for fear that she would complain.

Chapter 244 None of them like me

Li Zhenting took it.

After a while, the three little ones, who were sweating profusely from playing, came over in line for Shen Ning to wipe their sweat, drink water, and while wiping their sweat, Ke Ke and Ding Ding massaged each other a few times, making a fuss non-stop, but no matter how they played, they take care of Xiaoxiao very much, for fear of bumping into her.

Little don't mention how happy she is!

After Shen Ning wiped their sweat off, everyone put a soft towel on their backs.

At this moment, Ke Ke, Ding Ding and Xiao Xiao opened their arms and begged Shen Ning for a hug.

Shen Ning smiled slightly, and hugged them one by one.

They were so happy that they ran towards the amusement city again.

Ke Lanlan just stood on the right, with his head down.

Originally, she played with the three of them, but the three of them obviously deliberately excluded her, and she felt very lonely, especially when Shen Ning hugged them, she felt even more lonely.

"Lan Lan, why don't you go play?" Shen Ning looked at the lonely child and couldn't bear it. At the beginning of human beings, nature is kind. Every child is born kind. If there are bad habits, it is because they have not been educated well. She is an adult, and she should have a love for children.

"They don't like me." Lan Lan's small eye circles were red.

"Then why don't they like you?" Shen Ning asked kindly.

Lan Lan bowed her head and remained silent.

"Lan Lan, can I hold your hand?" Shen Ning looked at her and asked in a low voice.

Lan Lan blinked with big confused eyes, and stretched out her hand to Shen Ning.

Shen Ning smiled and shook her hand:

"Lan Lan, the most important thing to be a good boy is to be honest and kind, and be kind to others, so that others will like you."

"Really?" Lan Lan looked at her with guilt in her eyes.

In the morning, the hairpin she gave her was very beautiful, she liked it very much, and she really didn't pinch her hair. It was Mommy who made her do this, and Mommy told her to fight Shen Ning everywhere.

Actually, she likes this aunt and thinks she is more kind than Mommy.

"Well, yes." Shen Ning smiled slightly, she saw the guilt in the little girl's eyes, she didn't point it out, but shook her hand heavily, and brought her a bottle of drink.

"Thank you, Auntie." Lan Lan took the drink and drank it.

Li Zhenting has been watching from the side. When he saw the children's rosy faces, he was happy from the bottom of his heart. When he saw the interaction between Lan Lan and Shen Ning, he stood thoughtfully.

In the evening, after the children played games together for a while, Li Zhenting looked at Xiaoxiao and asked, "Xiaoxiao, haven't you contacted your mommy yet? Does she agree with you to live here? If not, uncle Let me take you home now, okay?"

A black shadow immediately formed on the small pink round face, staring at Shen Ning with **** eyes.

Shen Ning turned his head away.

"Brother, I don't want to go back." Xiao Xiao looked at Ding Ding and Ke Ke again.

Ke Ke immediately hugged her sister and patted her on the back: "Don't go back, it's agreed, you stay here and sleep with me."

The servants next to him laughed.

This young master can take care of girls at such a young age, look how caring he looks, really like a little man treats his girlfriend.

Lan Lan, who was standing beside her, had jealous eyes in her big eyes.

Since Ke Ke and Ding Ding received Xiao Xiao from the kindergarten, she has been unhappy. Her eyes look at Xiao Xiao with hostility, and she wishes Xiao Xiao to leave quickly.

Ding Ding also came up to hug Xiaoxiao, and said in a baby voice, "Xiaoxiao, tonight, you, brother, and me, the three of us will sleep with Mommy."

"Really?" The little eyes were black and bright, exuding a strange brilliance, and they opened their arms and rushed towards Tintin.

Ding Ding didn't expect Xiao Xiao to be so excited, he couldn't stand firmly, and was thrown backwards by Xiao Xiao. Fortunately, Ke Ke who was standing behind reacted in time and held Ding Ding with his body, so he didn't fall down.

Everyone laughed out loud.

At this time, Ke Ke walked aside with his small mobile phone and called Aunt Dong. After a while, he gave the mobile phone to Li Zhenting: "Here, little parent, you can answer it."

Aunt Dong has already heard about the things here, thinking that Xiaoxiao is also a child of the Li family, it would be good if she can stay with Shen Ning for a few days, after all, Xiaoxiao hasn't seen the emotions between mommy and brother these days. It has dropped a lot.

Immediately, Li Zhenting told Li Zhenting that he had some private affairs in his hometown and entrusted him to take care of Xiaoxiao for a few days, so Li Zhenting did not speak.

Chapter 245 You should go and praise Mommy

Ding Ding's bedroom.

The heads of the three little guys were squeezed together.

"Now that ugly witch has been driven away, and Mummy is here, we have to quickly find a way to make Daddy fall in love with Mummy, so that our family can be together." Coco lowered her voice and said.

"But, Daddy is such an idiot, and has no manners. He always bullies Mommy, what a headache." Ding Ding patted his little head, "How about the three of us resist together, don't let him be Daddy anymore, If they go to court and a judge asks our opinion, we will say in unison that we should choose Mommy and not him."

"Too naive." Coco shook his head: "Daddy is rich and powerful, and he can hire a barrister. As long as they fight, Mommy will definitely not be able to beat Daddy. With Daddy's wrist, he will use tricks at will." Otherwise, why doesn't Mommy want Daddy to know that there are me and Xiaoxiao, because she is afraid that Daddy will **** us away, so our little kid's decision is useless."

"Hey." Xiaoxiao sighed next to him, "You don't understand Daddy, I've already read Daddy's heartfelt words, in fact, Daddy already has a woman he loves in his heart, and no one loves her except her, this It's the reason why he treats Mommy badly, the love between adults is always so complicated."

"Then there is no way for us to make Daddy fall in love with Mommy!" Coco and Ding Ding were distressed.

"I just find it strange. Mommy is excellent and beautiful. Why is Daddy always so stupid? That woman is already dead. Why is he still in love with her? Can she be eaten?" Xiao Xiaodu pouted, very dissatisfied with Daddy.

"Well, let's create opportunities for them to fall in love slowly."

"Then how to create opportunities? I don't understand this." Ding Ding was at a loss.

"Hey, I don't understand either, but we can look it up online."

"Yes, that's it."

The heads of the three little guys got together again.

Li Zhenting is busy in the study. Today, he got off work more than an hour early to pick up the children. There is a major project that needs his approval, so he has to make it up at night.

After a while, he felt his eyes were dry and swollen, so he rubbed them with his fingers.

"Daddy, please drink a cup of cassia seed tea to clear the liver and improve eyesight."

"Daddy, there are also blueberries and apples, eating them is good for your eyes."

Coco and Ding Ding came in one after the other, each holding a plate in his hand, and placed tea and fruit by his table.

After Li Zhenting was stunned for a moment, he was flattered.

The sons are so kind to me, you know they were hostile to me yesterday.

"Thank you Keke, Ding Ding." He immediately smiled and gave them a thumbs up: "That's great, I know I care about Daddy."

However, he was a little surprised.

How does this kid know that his eyes are uncomfortable?

It was delivered just right.

Especially this kind of tea and fruit. That year, when he was lying in the hospital with an eye injury, Xiaofeng often gave him these foods, always saying that eating them was good for his eyes.

"Daddy, Mommy asked us to send this. She said that your eyes were hurt, so you should eat these. You should go and praise Mommy." Coco saw his intentions and attributed all the credit to On Shen Ning.

Li Zhenting was stunned for a moment.

Ke Ke and Ding Ding looked at each other and ran out quickly.

"This trick should have some effect." After returning to the bedroom, Ke Ke and Ding Ding asked each other unconfidently.

"possible."

"Xiao Xiao, thank you for reading Daddy's mind."

Ke Ke and Ding Ding gave Xiaoxiao a thumbs up.

A bright smile appeared on Xiaoxiao's face.

Chapter 246 is unnecessary

"Keep going." Coco and Ding Ding clapped their hands.

And the actual process is like this:

Li Zhenting was working in the office, his eyes were uncomfortable, and he was staring at the photo frame on the desk in a daze.

The little thief poked his head over and read his mind.

So she told Coco and Ding Ding.

Coco, Ding Ding immediately went downstairs to find Mommy, saying that his eyes were uncomfortable.

After checking their eyes, Shen Ning made them a cup of cassia seed tea, and cut apples and blueberries for them to eat.

The two little guys served half of it for themselves and ate it, and gave the other half to Li Zhenting.

Looking at the tea and fruit in front of him, Li Zhenting was in a daze.

'Xiaozhen, drink some cassia seed tea, this is specially made for you, it's good for your eyes. '

'Xiaozhen, I washed the blueberries, eat more, it's very good for the eyes. '

Xiaofeng's words were soft and very gentle. At that time, he was plunged into darkness, almost like a bright light illuminating his whole world.

These years, he has been thinking, if he was really blind that year, would she guard him, and then they would never have to separate again.

He stood up and walked outside.

Tonight the moon is very round and bright, soft and hazy.

Li Zhenting stood in the long corridor staring at the fragrant tree shadows in the dark in a daze.

Sudden

There was a slight sound.

He turned his head.

Under the light in the corridor, Shen Ning was sitting there working on his laptop.

She moved a stool and sat on a low chair, her expression so focused that she didn't see Li Zhenting coming out.

Li Zhenting froze for a moment, then frowned.

How could this woman work in the corridor? Not to mention that the light is not bright enough to damage the eyes. Sitting outside like this, with some bugs flying over, is as uncomfortable as it is.

There are plenty of rooms in his villa, why don't you stay in the room? After thinking for a while, he walked towards her.

"Shen Ning, why are you sitting here?"

Shen Ning raised his head when he heard the voice, looked at Li Zhenting for a while, and said, "Mr. Li, I am here to watch the computer. This radiation will not affect your son."

After Li Zhenting was startled, the corners of his lips twitched.

It turned out that she came to the balcony because she was afraid that the computer radiation would affect her son.

But his family has a lot of houses, so he must nest in this corridor.

"Can't you find a room?"

"NO, I have not."

Li Zhenting's face darkened.

"Did no one tidy up your room?"

"No, it's not necessary." Shen Ning stared at the computer, "I'll be done in a while."

When Li Wanqing consulted her that day and asked her to choose a house, she refused. Later, she would not go to other rooms casually, after all, this place does not belong to her.

She won't stay here for long.

Li Zhenting frowned, and his Mo pupils darkened.

This woman is really a bitch, making her look like a child bride. He never thought of abusing her.

"Ah." Just as he was about to speak, suddenly, a centipede appeared out of nowhere and fell onto her computer. Shen Ning was so frightened that his face paled. With a scream, he got up and hugged her. A wall next to it was trembling.

Since she was a child, she has been most afraid of centipedes.

Li Zhenting looked at the centipede calmly, the corners of his lips raised slightly.

"Are you alright?" After a while, Shen Ning was still trembling in his arms, and buried his head on his chest. The centipede had already been scared away by her. Although the warm and fragrant jade was in his arms, he still made a joke up.

Chapter 247 I didn't mean to

Shen Ning was startled when he heard Li Zhenting's voice, and immediately went to look at the wall. After seeing it, he was dumbfounded.

It turned out that she hugged Li Zhenting in panic, and in order to prevent her feet from being stained by centipedes, she instinctively wrapped her legs around the tight waist of the man.

This pose is simply too ambiguous.

She was so frightened that she loosened her hands and fell downwards.

Just when she was about to fall to the ground, a powerful hand grabbed her.

She stood up and raised her eyes to meet the man's gloomy eyes.

Shen Ning was dumbfounded.

The man raised his head slightly, his eyes were like a deep pool, bottomless. Once, in this deep pool, she went back and forth many times and couldn't get out. The deeper and deeper she sank, the pain was unbearable.

Li Zhenting looked at her terrified little face, and there was a rare soft light in his dark eyes.

"Ah, I'm sorry, I'm sorry." Shen Ning pushed him away and apologized repeatedly, "I didn't mean to."

"Brave." Li Zhenting snorted, "I'm afraid to stay here, this is not a good place to work."

The balcony of the promenade has no sealed windows, and some unknown bugs will fly in from time to time.

"This time it's a centipede, next time it might be a snake." He threatened fiercely.

Shen Ning was so frightened that he quickly lowered his head and put away the computer, and ran away as if fleeing.

Looking at her back, Li Zhenting raised the corners of his lips and walked towards the children's bedrooms.

He came to Tintin's bedroom first.

When the door is pushed open.

I saw Ke Ke, Ding Ding and Xiao Xiao. The three little guys were huddling together on the same bed. Xiao Xiao slept on Ke Ke's arm, but his hands were around Ke Ke's neck. Tin Ding, who never liked being touched, let the little general go. A foot rests on his body.

The three little guys huddled together and slept soundly.

He froze for a while.

This Xiaoxiao is really a good friend of Ding Ding and Ke Ke.

Their relationship is so harmonious, it doesn't look like classmates, but like brothers and sisters.

He smiled slightly and walked out.

"Miss Ying, have you brought my pajamas?" Just as he was passing a guest room and walking to the study, he heard a quiet voice and the sound of rushing water coming from inside.

Shen Ning is taking a bath inside.

He paused.

It turned out that after Shen Ning moved the computer back to the room, he was no longer in the mood for work. He thought about taking a shower and going to bed early, and going to the unit to work overtime tomorrow.

But the children were already asleep in Ding Ding's room, so in order not to wake them up, she had to go to Coco's room.

After she took off her clothes, she realized that her pajamas were not here, so she called Sister Ying in the bathroom and asked her to bring them up.

When I heard the noise, I thought it was Sister Ying coming up.

Li Zhenting stood, the sound of rushing water stimulated his nerves.

Inexplicably, the madness of that night six years ago flashed through his mind. Her youthfulness and firmness immediately made his blood boil, a wave of heat flowed in his heart, his throat felt dry for a while, and he walked in by accident.

"Sister Ying, give me the pajamas quickly." Shen Ning could hear the sound of running water, and didn't know that it was Li Zhenting coming. After hearing the sound of footsteps, he opened the glass door and stretched out a smooth belt. Arms with water drops come out.

Li Zhenting's eyes fell on this hand, and there was an obvious scar on the wrist, which was left by her suicide a few days ago.

He suddenly felt pity, and reached out to hold her hand, stroking the scar with his fingertips.

Shen Ning suddenly felt something was wrong.

Not only did she not get the pajamas with her outstretched hand, but it was held by a big palm, which was big and very hot.

Chapter 248 also held her hand by the way

"You, why are you here? Get out."

Shen Ning hurriedly withdrew his hand, but was grasped by the big one. Through the water droplets on his face, he saw the figure of the man standing outside the glass door of the bathroom.

His eyes were burning.

She panicked, and quickly took the towel with one hand to cover her chest, while the other hand was held tightly by him, and she took it back with all her strength.

"Li Zhenting, you are so shameless, get out of here." Shen Ning was furious and scolded him.

"It's just an airport, what's there to see." Li Zhenting smiled lowly, glanced at her again unscrupulously, and walked out after muttering.

Shen Ning was so angry that his face was hot and his heart was beating, but she still heard this sentence.

The dog man actually said that she is an airport, obviously she is C, okay!

This man must have done it on purpose! Color ruffian!

At this moment, Sister Ying hurried over with her pajamas.

She took it over, very annoyed, she was taken advantage of by that man for no reason and acted like a good boy.

If this happens again next time, she will not spare him!

The next day, early in the morning, as soon as Shen Ning got up and walked to Ding Ding's bedroom, he saw Li Zhenting walking over.

The man was wearing pajamas, the belt was loosely tied across the shoulders, and he looked lazy, with the well-developed chest muscles on his chest.

Shen Ning thought about what happened last night, tensed his face, pretending he didn't see him.

Li Zhenting was in a surprisingly good mood.

"Good morning." He took the initiative to greet her, his magnetic voice was particularly pleasant.

Shen Ning pursed his lips, it was really unlucky to meet him early in the morning.

She lowered her head to push Ding Ding's bedroom door.

"Don't worry, it's still early, let the children sleep for ten more minutes." Li Zhenting grabbed the bedroom door handle first, and of course, he also held her hand by the way.

The warmth of the man's palm immediately passed from his hand, which inexplicably made her nervous this early in the morning.

She flicked his hand away, turned around and walked downstairs.

Li Zhenting shook his palms and tilted his head to look at her back.

This woman's aura seems to be getting bigger and bigger.

He hooked the corner of his lips, turned and returned to his bedroom.

Blue Whale Kindergarten.

"Hey, did you see? Daddy's eyes on Mommy are not so cold anymore, and today he even looked at her a few more times." Ke Ke will always be the most observant child. Immediately said to Coco and Xiaoxiao.

Xiaoxiao didn't seem to wake up yet, her eyes were a little hazy, after hearing what Coco said, she blinked her eyes desperately several times, and Xiaozui smiled.

Ding Ding was walking coolly, with no expression on his face, but after hearing what Ke Ke said, his dark eyes sparkled.

"Let's keep working hard, I believe Daddy will fall in love with Mommy in a short time." Coco's self-confidence is getting stronger and stronger.

Unexpectedly, the smile on Xiaoxiao's face disappeared, and she sighed instead.

"What's wrong with you little one?"

"I'm afraid that after Daddy falls in love with Mummy, Mummy won't love Daddy anymore." The little girl pouted and raised her eyes to the sky.

"How could it be? I heard from my grandparents and the housekeeper, Uncle Rob, that Mummy has always loved Daddy very much." Ding Ding disagreed.

"Why not? Could it be that boys are only allowed to bully girls, and girls can't have their own choices? Then you can see, anyway, Daddy hurt Mommy's heart too much, and Mommy's heart has long been cold." Little looks like a little adult.

Lan Lan walked last, pouted her lips, and looked coldly at them talking in a low voice from time to time.

No matter what the three of them say, they won't tell her, hate, really super hate!

"Xiao Xiao, let's go, I'll take you to Lantian Kindergarten." After a while, Ke Ke pulled Xiao Xiao aside and walked towards another small door.

Blue Sky Kindergarten and Blue Whale Kindergarten are connected by a corridor, and you can enter Blue Sky Kindergarten through another small door. In order not to make Daddy suspicious, Ke Ke can only take Xiao Xiao into Blue Whale Kindergarten first.

Shen Ning stood aside, until a small figure appeared in Lantian Kindergarten, and she walked outside with confidence.

She knew that clever cocoa could solve this problem.

Chapter 249 Crying into tears

"Get in the car, I'll see you off." Shen Ning was walking along the kindergarten road towards the bus stop outside. Behind him, Li Zhenting's Rolls-Royce followed. He rolled down the window and spoke to her.

"No need, President Li, we disagree, you go first." Shen Ning didn't turn his head, but after answering a few words, he quickened his pace and walked outside.

Sitting in the driver's seat, Li Zhenting looked at Shen Ning's indifferent back, stroked his chin with his fingers, and suddenly felt that this woman seemed not easy to approach.

However, so what, didn't she want to climb into his bed but was abandoned by him in the end!

He stomped on the accelerator and drove forward, deliberately driving the car to float when passing Shen Ning.

This woman is so stupid. He sent her off in a luxury car, but she refused. Any other woman would have climbed up.

This day was another very busy day for Shen Ning.

At four o'clock in the afternoon, Li Zhenting also came to pick her up in person like yesterday, and then they went to pick up the children together.

"Daddy, Mommy, the teacher said that there is a very good movie recently called 'Mom Loves Me Again', and I want to watch it." After getting in the car, Ke Ke climbed to the front seat and stretched out her little head to plead with Li Zhenting.

"Yes, I want to see it too."

"I want to see it too."

Ding Ding and Xiao Xiao also spoke in unison.

"Well, okay, Daddy will take you to see it right away." Seeing that the children were so interested, Li Zhenting immediately drove the car towards the most luxurious movie theater in the imperial capital.

"Daddy, Mommy, you have to watch it with us. The teacher said that this movie is very educational, and it will be the best if you go to see it with Daddy and Mommy." Keke suggested loudly before getting off the car.

"Okay." Li Zhenting answered straightforwardly.

But Shen Ning hesitated.

Actually, she is very happy to watch movies with her children, especially when all three children are present. This is a rare opportunity.

But she didn't want to stay with Li Zhenting.

"Mommy, let's go." Ke Ke came up and took her hand and dragged her down.

Unable to bear the children's wishes, after Li Zhenting parked the car and left, Shen Ning took the children towards the cinema.

This is indeed a good movie.

The movie tells the story of a little boy who was abandoned by his rich father and grew up with his mother. He thought that the mother and son would live together forever, but later, the boy's father married a rich woman who was barren. After the boy's father and his grandparents knew of his existence, they were overjoyed and started a conspiracy to seize the son.

The scene where the boy and his mother parted was tear-jerking.

The whole movie theater is crying.

Because this story is very similar to the situation of Shen Ning and the children, Shen Ning was moved by the scene, and even cried into tears.

Coco, Ding Ding and Xiao Xiao also cried.

But they only cried halfway before they were pulled away by Coco.

Coco's main purpose this time is to create a space for daddy and mommy to be alone, and he thinks this kind of movie is of great educational significance to scumbag daddy, so it's better for the three of them not to be light bulbs.

"It's just a movie, it's made up, so there's no need to cry like this." Li Zhenting handed the tissue to Shen Ning, and couldn't help laughing.

Women are like this, emotional animals, compassionate at every turn.

"What do you men know, except that you know how to plant seeds, you don't need to worry about other things. It's hard to wait for the children to grow up to **** them. Have you ever considered the pain of women? It's the most shameless." Shen Ning hated while wiping tears Open your mouth unevenly.

Li Zhenting was stunned, wasn't he scolding him in a disguised form, and his face felt a little awkward.

What the hell, why does he feel like he's fallen into Coco's ditch?

Chapter 250 This is so unfair

"Father also loves children, you can't knock down all the men in the world with one stick, right? It's not easy for men." Li Zhenting's face darkened.

"That's not love, it's selfishness." Shen Ning said sarcastically.

Li Zhenting's face turned cold.

Shen Ning simply turned around and ignored him.

Li Zhenting didn't want to continue this topic, so he took out his phone.

On the way back.

Shen Ning's eye circles were red.

Ke Ke, Ding Ding and Xiao Xiao sat in a row, looking at each other.

Mommy is so pitiful!

Daddy is really sorry for Mommy!

"Daddy, I want to go to the mall." Ke Ke suddenly spoke to Li Zhenting in a childish voice.

"Oh, what are you going to buy?"

"Daddy, don't you think you should buy me a gift?" Ke Ke glanced at Lan Lan who was sitting in front of her. It's so unfair to dress so generically.

Li Zhenting froze for a moment, and laughed quickly: "Okay, you just returned to Li's house, Daddy should buy you a gift, let's take you there now, don't worry, I, Li Zhenting, have a new son, and I will announce it to the public at that time Yes, and there will be a grand dinner for you."

Coco curled his lips, he didn't need any gifts, the reason why he did this was just to let Daddy send a gift to Mummy, to make Mummy happy.

Mommy has already given birth to three children for him, but the ugly witch only gave birth to Lan Lan.

But Mommy is living so hard now, she has to go to work to earn money every day, and that ugly witch doesn't have to do anything, she is full of jewels, it's so unfair, why!

Li Zhenting turned the car around and drove towards the largest and most expensive store in the imperial capital.

"Coco, you can choose any gift you want." Li Zhenting was trying to curry favor with Coco at this time, so naturally, he was responsive to him and had a very friendly attitude.

"Whatever." Coco's answer was perfunctory.

Li Zhenting thought he was embarrassed, and patted his head: "Choose whatever you want, don't be afraid of the price, Daddy will buy it for you."

Ke Ke heard the words and held her little hand: "Let's go, let's go pick out gifts."

Xiaoxiao was a little timid, her bright black eyes looked at such a luxurious shopping mall, she was so dazzled that she even forgot to speak.

"Xiao Xiao, this schoolbag is very beautiful." Coco saw a pink schoolbag that was suitable for Xiao Xiao, so she took it.

look up

I saw the little big eyes falling on a sky blue princess dress in the clothing area over there, full of envy.

He smiled, took her hand and walked over there. Without saying a word, he asked the waiter to take off the skirt and wrapped it up and handed it to Xiao Xiao.

Xiao Xiao looked at the skirt and dared not pick it up.

Now she is not Li Zhenting's daughter, will he buy it for her!

Her big eyes were full of confusion.

"Take it, what are you afraid of." Coco forced it into her hand, and said in her ear, "You are also Daddy's daughter, if you don't spend his money, his money will be given to Lan Lan and that ugly witch." It's spent, he hasn't bought you a gift yet when you grow up so big, take it quickly."

Xiao Xiao heard the words and glanced at Li Zhenting over there. He was looking at the gift and didn't care about her buying the gift at all.

She took it carefully.

Coco is out of control.

He took Xiao Xiao to buy beautiful hair clips, head accessories, small high heels, and even underwear. He is really a caring brother.

As for himself, he didn't buy much.
