

Troublemakers 251

Chapter 251 You must not deal with my son

"Daddy, don't you want to buy Mommy a gift? She suffered so much when she gave birth to me and Ding Ding. All these years, in order to raise me, I ate steamed buns every day, worked everywhere, and was bullied. You shouldn't make up for her Is it?" Li Zhenting was swiping his phone to read job information, when Ke Ke walked up to him and asked unceremoniously.

Li Zhenting was taken aback for a moment, and then said: "Coco, it's not that I don't want to buy it, it's that your mom doesn't want it, and I can't help it."

Just now, he had signaled Shen Ning to choose a gift, but she only replied coldly with two words: "No."

He can't help it.

"Why don't you go and persuade your mommy." He said helplessly.

"No, you let her choose the gift by herself. It's too dishonest. You have to buy it yourself, and then give it to her. If she doesn't want it, I will help you."

Li Zhenting was a little embarrassed: "But I don't know what gift your mommy likes."

"Buy a mobile phone, Mommy's mobile phone is a little old, but she has been reluctant to change it." Ke Ke sighed, not even knowing what his mommy likes, no wonder mommy doesn't like him.

Li Zhenting heard this, squeezed his little face, stood up and walked towards the mobile phone store.

Ke Ke smiled happily, and went to help Xiao Xiao get presents again.

After a while, Li Zhenting came over with a beautiful gift box.

As soon as he came over, he sat down next to Shen Ning.

As soon as the man sat down, there was a strong aggressiveness in the air, like a wild beast approaching its prey.

Shen Ning's whole body tensed up, his back straightened.

Immediately moved to the left, keeping a certain distance from him.

But as soon as she moved away, the man stuck to her.

"What are you doing?" Shen Ning raised her eyes and glared at him.

There is a row of rest chairs here, he can sit anywhere, but he has to sit next to her, and they are so close together, so what if it's not intentional?

Li Zhenting coughed lowly, and said in a low voice: "You think I want to, there is no way, your son must ask me to buy you a gift, if he doesn't buy it, he will say he doesn't recognize me as a father, I When I heard it, how could this work, so I had to go and buy you a mobile phone."

He said, pointing to the exquisite gift box in his hand.

Shen Ning was stunned.

Ke Ke actually forced Li Zhenting to buy her a gift? When did this guy get so courageous that he would do such a difficult thing without her consent.

She looked up at Ke Ke.

Coco is also looking this way, his eyes seem to be watching Li Zhenting, and in fact, that's exactly what he means.

"I don't want it, you go back, this little guy's skin is itchy, I'll take care of him then." Shen Ning said angrily.

"No, you must not deal with my son. I don't want to. Besides, if you do this, you will only hate me to death." Li Zhenting stopped immediately, and his face was full of grievances: "Shen Ning, I really doubt that you are You are not using this method to keep Keke away from me, so as to seize his custody. If so, then you are too dishonorable, it is not fair to me, I am not convinced. "

As he spoke, he moved closer to Shen Ning, almost sticking to her body.

Shen Ning was angry and angry at this moment. Where did this man think of? When did she think of using this method to win the custody of Ke Ke.

And being made such a fuss by him, she didn't even care that she was almost pushed to the side of the bench by him, let alone his body clinging to her, and only thought about how to refuse this gift.

So far, she never thought that Li Zhenting would give her a gift, and she never thought of accepting his gift.

Chapter 252 Daddy and Mommy shake hands intimately

"Come on, take it." At this moment, Li Zhenting took Shen Ning's hand and put it on his lips, kissed it, and stuffed the gift into her hand.

Shen Ning immediately retracted his hand.

"Don't make trouble, my son is watching." Li Zhenting held her hand tightly, and said in an intimate voice, "Ke Ke said that I must be sincere and not just pretend, so please give me some face, please, first Take it, otherwise, Keke will think that I am just pretending in front of you. He is not satisfied, and then I will have to buy another gift. This gift is a lot of money. I will feel distressed. After all, I The money didn't come from the wind."

As he spoke, one hand fell on her waist and rubbed it, and his whole body was close to her body.

Shen Ning was angry and anxious, and was about to push him away.

"Don't move, my son is here."

She looked up, and Ke Ke was looking at them with a smile, as if she was satisfied with their current intimacy, and what made her even more embarrassed was that even Ding Ding and Xiao Xiao looked at them with smiles on their faces .

She understood the thoughts of these little guys at once. They hoped that she and their daddy could love and reconcile.

Which child doesn't want Daddy, Mommy and He Meimei.

She sighed, and loosened her clenched hands into fists. She could only let the dog man hug her, but in her heart she wanted to punch his eyes out.

Li Zhenting succeeded, the corners of his lips slightly raised.

"Great, Daddy and Mommy shook hands intimately." Here, Ding Ding is very happy.

"Yes, Daddy seems to love Mommy very much, and they are getting closer." This time even Xiaoxiao agrees, with a happy smile on his face, "Brother, your method is very effective gone."

"Well, this is just the beginning. I heard from experts on the Internet that it takes a long time to fall in love with each other in a situation like daddy and mommy. Therefore, don't be too happy too early, keep working hard, and I see daddy His smile is a bit fake, it's probably an act of pretense." Ke Ke was not so optimistic.

"Brother, do you have any other options?"

"Of course, we will create more opportunities for them to stay alone together in the future, so that the effect will be better." Coco smiled confidently.

"Okay, let's work hard together." Both Ding Ding and Xiao Xiao nodded emphatically.

night.

Xiao Xiao is very happy. This is the first time she has received so many gifts that she likes. Although Li Zhijun also gave them to her before, they were not chosen by her, and she was not so satisfied.

After taking a bath, the three little ones were playing on a bed in beautiful pajamas.

"Mommy, can you play 'Moonlight' for us?" When Shen Ning came in in her pajamas, Ke Ke's round face turned into a chrysanthemum and made this request.

Daddy likes to listen to this song the most. That night, at the ugly woman's birthday dinner, Mommy was forced to play this song. At that time, Daddy had an obsessed expression on his face.

Ke Ke, who is big as a kid, wants to give more play to Mommy's charm, so as to attract Daddy more.

Shen Ning was about to refuse.

Unexpectedly, Ding Ding and Xiao Xiao said at the same time: "Mommy, I want to hear it too."

Shen Ning was stunned, suddenly feeling powerless.

The children's praying eyes made her unable to refuse.

She doesn't know how long she can get along with Ke Ke and Ding Ding.

Ding Ding's room has a piano.

She hesitated for a while and then walked towards the piano.

only

As soon as he turned around, he saw a small head poking out the door.

She was taken aback for a moment, isn't this Lan Lan?

Lan Lan shrank her little head back immediately after seeing her.

She paused and walked outside.

Lan Lan was standing by the corner in her pajamas, her face was full of loneliness, she immediately lowered her head when she saw her.

Chapter 253 Pulled her into his arms

"Lan Lan, do you want to come in and play?" Shen Ning slightly bent down and asked kindly.

No matter what, Lan Lan is also the child of her half-sister, so she can be regarded as her biological niece.

"Yes." Lan Lan nodded, "But they don't like me."

Shen Ning smiled slightly and touched her head: "No, believe me, as long as you treat them sincerely, they will treat you sincerely too. Come, come in with me."

She held out her hand to her.

Lan Lan reached out and took her hand.

Shen Ning led her in and walked in.

The three little guys immediately turned cold.

"Ke Ke, Ding Ding, and Lan Lan are your younger sisters, you have to get along well with her, understand?" Shen Ning held Ke Ke, Ding Ding and Lan Lan's little hands tightly together, and said earnestly, "Brothers and sisters should be united and friendly." , help each other, only tolerance can tolerate others, only thickness can carry things, a drop of water cannot form an ocean, and a single tree cannot form a forest. No matter what happens, you must unite closely, support each other, and grow together."

"Okay." Coco and Ding Ding nodded reluctantly.

"Lan Lan, sit up, let's listen to my mommy playing the piano together." Ke Ke was still sensible, and he crawled to the side with his little **** up, giving Lan Lan an empty space.

"Thank you, Ke Ke." Lan Lan immediately climbed up and sat down beside Ke Ke, with a charming smile on her face.

Shen Ning began to sit in front of the piano and play for the children.

Beautiful notes were played between Shen Ning's fingers, the moon was like a pan, and the earth was silent.

The children were fascinated when they heard it. It was such a quiet night, quietly enjoying the beautiful music, which was a hundred times better than what they heard at the noisy banquet that day.

One song is over.

When Shen Ning woke up from the artistic conception, he saw a pair of Tomford soft-soled sleeping shoes, with slender and white toes, and above that was a man's **** foot hair...

She looked up suddenly in shock.

Li Zhenting was standing in front of her, his eyes were as deep as the sea, and there was a rare tenderness between his brows.

She was so frightened that she stood up and left.

"Xiaofeng." Li Zhenting grabbed her and pulled her into his arms.

He hugged her gently, as carefully as holding a perfect jewel, extremely precious.

Shen Ning immediately felt a warmth like a warm spring breeze hitting her body, very intoxicating, which she had never enjoyed before, and she was in a trance for a while.

"Xiaofeng, is that you?" Li Zhenting murmured, a gentle spring light surged in his pitch-black pupils, and he touched her cheek with his fingers.

Shen Ning looked at him a little stupidly.

The ceiling lamp hit his handsome and extraordinary face, casting a layer of warm colors on him, covering up his original sharp edges and corners, leaving only an intoxicating gentleness.

She had never seen Li Zhenting like this before, and she forgot to push him away for a moment.

"Xiaofeng." The man hugged her tightly, and pressed her face to his strong chest, intoxicated.

Shen Ning heard the man's strong heartbeat, he was momentarily confused, and closed his eyes slightly.

If he can treat her like this, she really doesn't want to tell whether he is a man or a demon, and she just wants time to stop here.

pity.

The person he was looking for was not her, what he was saying was the name of another woman.

She began to struggle.

But the man seemed to be in a state of confusion, the more the woman struggled, the more excited he became.

After a while, he locked her tightly in his arms, lowered his head, pinched her chin with his fingers, and looked at her flushed cheeks and those sparkling eyes, his blood was boiling, his breathing was short, and his rose-colored lips were soft. The kiss bit her red lips... from shallow to deep, gradually deepening.

Chapter 254 Who sent the flowers?

Shen Ning was short of breath.

The man's kiss was like a spark that swept across her face, neck, and then down, sweeping towards her.

Shen Ning was as weak and helpless as a kitten, and Li Zhenting's hot palm reached into her pajamas...

"Don't." Just as Shen Ning's consciousness quickly collapsed and was on the verge of the abyss, her powerful reason woke her up instantly, and she saw a pair of red eyes full of longing.

This man can do this!

The kids are still there!

She pushed him away hard and stepped back.

Looking around, fortunately, the children are long gone!

"How could you do this to me?" she asked angrily.

"What's the matter?" Li Zhenting licked his lower lip, his voice still hoarse.

He already knew the kids were gone. "

"You, do you know who I am? How dare you treat me like this, it's too much." A man who called another woman's name kissed her, but she didn't beat him up, did she forget the past? ?

"Oh, that, I know now." Li Zhenting replied calmly with a smirk on his lips.

"Know what a ghost...how shameless." Shen Ning gritted his teeth and cursed, then turned and ran outside.

The corners of Li Zhenting's lips raised slightly, sucking on his sleeping shoes, he leisurely went to sleep in the bedroom.

This night, Shen Ning suffered from insomnia.

The children were sleeping on Ke Ke's bed, while she was lying on Ding Ding's bed, rolling over and over, her mind was full of images of Li Zhenting kissing her, and the familiar breath from his lips and tongue constantly invaded her, making her brain more and more Excited, but the name of 'Xiaofeng' he called was more like a devil and frightened her.

I don't know when, when she fell asleep in a daze, her ears were full of roaring noises and the weightless pain of being thrown into the clouds.

So much so that when I woke up in the morning, my blood was cold all over my body.

She had that nightmare again.

"Mummy, did you not sleep well last night?" At the entrance of the kindergarten, Xiao Xiao asked worriedly while stroking Shen Ning's two big dark circles. Little girls are always sensitive.

"No, Mommy slept well, don't worry." Shen Ning smiled slightly.

"Mommy, is Daddy bullying you again?" Ke Ke asked with concern from the side.

Shen Ning quickly shook his head: "No."

"Mum, if Daddy bullies you, tell us and we will take care of him." Coco patted her chest, "From now on, I will protect you and prevent anyone from bullying you."

Shen Ning's eyes were moist, and she was very pleased with the child's sincerity.

President's Office of Li's Group.

Li Zhenting crossed his legs, looked at the document absently, and Shen Ning's face flashed in his mind from time to time.

He pursed his lower lip, the sweetness of a woman was still on his lips, and there was an inexplicable fever on his body. After a while, he picked up the phone.

"Xinhe Flower Shop? Please order me a bouquet of roses..."

At ten o'clock in the morning, Shen Ning was busy in the office. Suddenly, a flower girl walked in and brought her a large bouquet of delicate roses.

She's weird.

"Who sent the flowers?"

The flower girl shook her head and smiled: "The customer does not want to reveal his name."

Damn it!

Shen Ning squinted his eyes, and hurriedly looked at the flower lottery, only to see a word of blessing written on it, but it was not signed.

Strange, who would give her flowers out of nowhere?

She tilted her head and thought for a while, but Li Zhenting's **** devilish face automatically popped up in her mind, which made her shiver in fright.

Immediately returned the flowers.

Chapter 255 Don't accept it if you have the ability

Shen Ning opened the drawer.

Inside lies an exquisite mobile phone case.

That was the birthday present that Keke forced Li Zhenting to buy her yesterday.

Her eyes are a little cold.

Although not many people will give her gifts in this life, as long as she is willing, someone will still be willing to give her gifts. There is really no reason for my son to force a man to buy her a gift.

She put the phone case in her bag and was ready to return it to Li Zhenting whenever she had a chance.

She will not be rare for his gift.

While thinking about it, suddenly the doorbell rang.

"Come in."

The door opened.

A young man in a suit and leather shoes, as gentle as jade, walked in full of energy.

"Ning Ning."

"Mr. Jing." Shen Ning stood up in surprise, "Please sit down."

She hurriedly poured tea for him herself, very enthusiastic.

Jing Chenxi looked at her after sitting down, and asked with concern: "Ningning, how are you doing these days?"

"It's okay." Shen Ning reluctantly nodded.

"I've seen your matter on the news." He pondered for a while, "Do you need my help?"

Shen Ning shook his head immediately: "No need, I will find a solution myself."

solve?

Jing Chenxi's eyes were gloomy, and she and Li Zhenting had almost no chance of winning if they robbed the child.

"Ningning, maybe everything is the best arrangement, you don't have to worry too much, Li Zhenting still loves children."

"hope so."

Shen Ning pursed his lips, unwilling to continue this topic, and smiled:

"By the way, Mr. Jing, Uncle Marley mentioned you a few days ago, saying that you have helped our company a lot. Thank you so much. I am going to invite you to dinner."

Jing Chenxi smiled: "If you want to invite me to dinner, how dare you be kind. It's better to hit the sun than to pick the sun, how about today?"

Shen Ning was about to answer, when suddenly, the doorbell rang again.

She pressed the button to open the door.

Soon, the flower girl came in with another bouquet of flowers.

Shen Ning looked at Jing Chenxi: "Mr. Jing, did you send the flowers?"

Jing Chenxi immediately shook his head: "No, it's not me."

Shen Ning frowned, how strange, who sent her flowers!

"Miss Shen, the guest said that you must accept the flowers, otherwise, he will keep sending them over." The flower girl put the flowers in front of her with both hands, and replied to the guest.

Shen Ningxiu frowned even tighter, her tone was domineering, really like someone, could it be him?

She took out her mobile phone and clicked on Li Zhenting's profile picture.

The man's profile picture is black and white, and he is cold, decisive and domineering. Whenever he sees this WeChat profile picture, Shen Ning can't help but feel chills all over his body.

"President Li, may I ask, did you send the flowers?" She asked tactfully.

Li Zhenting was sipping a cup of fragrant tea, looking at the words that popped up, the corners of his lips curled up slightly.

Hey, this woman actually thought it was him. She dared not accept it because she was flattered.

He pondered.

Unexpectedly, Shen Ning seemed to guess that it was him, and sent another sentence: "A man dares to act bravely, so he admits it, like a thief, is it interesting?"

Li Zhenting was very annoyed now.

He Li Zhenting gave flowers to women, it was a great honor for women, do you still need him to act like a thief, how many women in the whole empire dreamed that he could give them flowers.

This woman really doesn't know what to do.

He sent a line of words annoyed: "I sent it, why? Don't dare to accept it?"

Sure enough, it was him!

Shen Ning couldn't figure it out for a while, why did he send her flowers? It's not like trying to humiliate her again.

While she was silent, Li Zhenting quickly sent a message: "Your son asked me to give it to you, don't accept it if you have the ability."

Chapter 256 I have already bought a new one

Shen Ning was taken aback for a moment, and then he suddenly understood.

It turned out that Ke Ke forced Li Zhenting to give her flowers again.

Hey, this kid!

She immediately apologized: "I'm sorry, I blamed you wrongly, I will thank you on behalf of Keke now, but don't take your child's words seriously, and don't send them over in the future, I will find time to chat with him."

"Don't do it, it's just a bouquet of flowers. I'd rather waste this money than you sow discord between me and my son."

"You..." Shen Ning got angry, you **** man!

"Okay, then I'll accept it." She had no choice but to send a line and put down the phone.

Not long after putting down the phone, Secretary Li came over. She came to inform Shen Ning to hold a sales meeting.

As soon as she came in, she saw the handsome Jing Chenxi sitting on the sofa, her eyes lit up, and she immediately greeted him politely.

Jing Chenxi smiled and nodded to her.

Heh, he is so graceful and handsome.

Secretary Li was a little flattered.

"It seems that Mr. Shen's business is very good, and the business is good." Jing Chenxi stood up with a smile, and looked at his watch, "Okay, I have something to bother you, but."

He looked at Shen Ning with bright eyes:

"You agreed to treat me to dinner, so don't go back on your word."

Shen Ning pursed her lips and smiled: "Don't worry, I will definitely invite you."

"Okay, then I'm looking forward to your call." Jing Chenxi smiled, said goodbye and walked outside.

Shen Ning sent him to the elevator.

"Mr. Shen, Mr. Jing really cares about you, don't you think about it?" Just after Jing Chenxi left, Li Mengqing came up and asked playfully.

"Go to work hard, don't worry about it." Shen Ning gave her a white look.

Li Mengqing smiled: "I have a sixth sense, Mr. Shen is going to be lucky recently."

"Nonsense." Shen Ning couldn't laugh or cry with her. In her life, she never thought that she would have good luck, and the only peach blossom had been destroyed to wither long ago.

"Really." Li Mengqing was very serious, "My sixth sense has always been very accurate."

Shen Ning didn't bother to talk to her, and went straight to the meeting.

Li Mengqing shrugged, smiled, and followed her to the meeting.

In fact, what she said is not groundless. Recently, entertainment news has been full of gossip about Shen Ning and Li Zhenting. Only then did she know that Shen Ning was actually Li Zhenting's ex-wife, and she had already given birth to a pair of lovely ones for him. child.

Bagua news said that recently Li Zhenting drove away Shen Mei because of her.

She really envied Shen Ning.

The two most powerful men in the entire imperial capital fell in love with her, and they were secretly glad that they followed the right person.

In the afternoon, Li Zhenting's car parked downstairs early.

but

He waited for a long time before slowly walking up to look for Shen Ning, he didn't want Shen Ning to think that he came to see her earlier.

"Boss Li, I returned this phone to you." As soon as Shen Ning got in the car, she returned the phone he bought to her last night.

Li Zhenting's face darkened.

"Don't you take it apart and have a look?"

"No need, it won't be easy to return after dismantling."

Refund? Li Zhenting's face darkened again.

"Aren't you afraid of Keke knowing? Obviously he saw that I bought you a gift, but you are still using an old mobile phone."

"No, I've already bought a new one." Unexpectedly, Shen Ning spoke surprisingly.

Li Zhenting was stunned: "Is what you bought the same as what I bought?"

"It's all the same brand, he won't know."

Li Zhenting kept a cold face, in order not to get his gift, she really did everything she could!

He never thought that Shen Ning would be so arrogant and stubborn!

Chapter 257 Vigilance is quite high

"It's up to you." Li Zhenting snorted coldly, threw the mobile phone into the drawer of the car, and drove with a cold face. Shen Ning also lowered his head to look at the mobile phone, without saying a word all the way.

Next, for a week in a row, Shen Ning received roses.

The fragrance of flowers lingers in the office.

And Gu Qili's employees began to whisper in private.

These days, Li Zhenting would come to pick her up on time every afternoon, coupled with the embellishment of the entertainment media, for a while, there were rumors that Shen Ning drove Shen Mei away as a superior, and there were various details about her relationship with Li Zhenting. guesswork.

Although no one said anything in front of her, Shen Ning still sensed it sensitively.

However, she was very calm.

She is not afraid of the shadow slanting, she has nothing to do with Li Zhenting, the current entanglement is only for the child, after the child's matter is resolved, she will stay away from him, but when she thinks of the child, she feels very disturbed.

To this day, because Li Zhenting is involved in the custody of Ke Ke, no lawyer dares to take her case.

On this day, Li Zhenting came back from a meeting, and as soon as he opened the drawer, he saw the mobile phone box given to Shen Ning.

He hesitated for a moment, picked up the phone case, opened it, and a beautiful pink phone inlaid with diamonds appeared in front of him.

The woman didn't want such an expensive mobile phone, and she didn't even take it apart.

She is really noble!

He sneered, and suddenly felt that during this period of time, although they lived at home together and went to pick up and drop off their children, that was all.

She kept a respectful distance from him, as cold as ice, and only smiled a little on her face except when there were children around. At other times, he was an invisible person to her.

Although he also offended her a few times, she avoided them skillfully, or treated it as if it never happened.

If you are destined to meet thousands of miles away, but if you don't have the destiny to meet each other face to face, that's probably how it is.

For a moment, his man's pride seemed to have been hit in some way, and he was very uncomfortable.

He lowered his head and pondered for a while, and suddenly an unpredictable smile appeared on the corner of his lips. He picked up the mobile phone, put the mobile phone number in it, and entered a string of numbers in the WeChat search.

Soon, an avatar with the nickname 'Tranquility' appeared in front of him, and it was Shen Ning's.

He used this mobile phone number to start adding her as a friend.

But after adding it for a long time, there was no response, so he tried to add it again, but she refused to approve it.

Dead woman, the vigilance is quite high.

After thinking about it, he sent a note: Mr. Shen, I am Lawyer Niu.

This time, Shen Ning passed quickly.

"Hello." She immediately sent two words.

The corners of Li Zhenting's lips curled up, and he snapped his fingers.

"Hello, Mr. Shen." For some reason, this time, when he communicated with her as a stranger, he involuntarily lowered his posture, and chatted with her as an equal.

"Do you have anything to do with me?" Shen Ning thought for a long time over there, but she couldn't remember when she met such a lawyer surnamed Niu, but she had been to Hengyun Law Firm many times, so it must have been recommended by him. , therefore, the attitude is very polite.

"It's something." After thinking about it, Li Zhenting tentatively said, "Haven't you been looking for a lawyer all the time?"

"Yes." Shen Ning looked at it and immediately asked, "Are you from Hengyun Law Firm?"

Li Zhenting smiled: "Yes."

Very good, she has already set out her words.

However, this woman has been secretly looking for a lawyer. It seems that she intends to fight him for Ke Ke, what a **** woman.

Chapter 258 Is he that scary?

"Hello, Lawyer Niu." Shen Ning immediately became enthusiastic.

She has been to Hengyun Law Firm many times. Every time she first went there, the lawyers there were very enthusiastic, but when they learned that the person she was going to sue was Li Zhenting, they all flinched. Dare to take over, even if her lawyer's fee is 10% higher, no one will dare to take over.

She was troubled by it.

did not expect

Now that someone who is not afraid of death came to him on his own initiative, this is simply a great thing. Immediately my spirits are refreshed, and I am naturally very enthusiastic about this 'warrior'.

"Miss Shen, what kind of lawsuit do you want to entrust our law firm to file?" Li Zhenting asked deliberately over there.

Shen Ning's heart sank when he heard it. It turned out that this lawyer Niu didn't know who she was going to sue with. If she said Li Zhenting, he might be scared and retreat immediately.

"Hey, Lawyer Niu, you are new here. I'd better stop talking about it. I'm afraid you won't be able to bear it after hearing this, and you will be frightened and stupid, and then you won't accept it." She was a little discouraged and looked down.

"Why?" Li Zhenting expressed surprise.

"Because there is no one in this world who is not afraid of death, everyone is for profit, and no one insists on fairness and justice."

Uh, Li Zhenting couldn't help being amused, but Shen Ning, who had always been stubborn and arrogant in front of him, was now disappointed.

His heart tightened inexplicably.

Until then, he realized that he actually didn't want to see her sad, disappointed and sad.

"Oh, I promise you, I am not a person who is afraid of death, I will help you fight the lawsuit to the end."

"real?"

"certainly."

"Where is Lawyer Niu from?"

"Emperor Capital."

"Which university did Lawyer Niu graduate from?"

"Graduated from the American Law School, specializing in the legal industry for more than ten years."

Shen Ning immediately gave him a big thumbs up.

"You just came back from the United States, and you are new to Hengyun?"

Only newborn calves are not afraid of tigers, and only ignorant ones are fearless.

"I really didn't just come back from America, but I did just enter Hengyun."

No wonder.

Shen Ning sighed: "Forget it."

Hengyun is a well-known law firm in the imperial capital. The veteran lawyers who have worked there for many years dare not take her case, so this newcomer should forget it.

She didn't plan to talk to him anymore.

Immediately typed "Sorry, I have something to do" and logged off.

This woman, Li Zhenting was so seduced by her that his heart was lifted.

How dare she underestimate him!

He insisted on playing.

After Shen Ning hung up the phone, he immediately called the director of Hengyun Law Firm and asked him to help with the new entry procedures. Of course, it was just a temporary job, and then he applied for a work permit.

After everything was settled, he began to chat with Shen Ning uninterruptedly.

Maybe Shen Ning couldn't find a lawyer. In short, she didn't block him, and sometimes chatted with him.

After a continuous period of time passed, she was moved.

"Lawyer Niu, it's not that I don't trust you, but it's really difficult, and I'm afraid you will be wronged." She said this.

"Let's talk about it first, maybe I can solve it."

Shen Ning thought for a while and said directly: "Do you know why it is so difficult? Because the person I want to sue is Li Zhenting, the richest man in the imperial capital."

Li Zhenting froze for a moment and asked, "Is he that scary?"

"Of course, he is a perverted big devil. He is unreasonable. He took my son away. I will never let it go like this."

Li Zhenting: "..."

Chapter 259 But she is also his own daughter!

"Lawyer Niu, my son is my spiritual support. I can't live without him. I have suffered so much for him. I can't lose him." Shen Ning was very emotional.

"The Li family has so much property and power, don't you think it would be better for your son to follow his father?"

"No, I would rather be with a beggar mother than with an official father, do you understand this sentence?"

Li Zhenting was silent over there.

"Do you still dare to take this case?"

"Is Lawyer Niu here?"

...

After Shen Ning asked a few words, there was no response. She smiled wryly and logged off.

In the Rolls-Royce luxury car.

Shen Ning sat expressionlessly.

Li Zhenting's eyes were gloomy, and he drove leisurely, and from time to time, he glanced at the woman sitting in the back seat.

Today, she was in a particularly depressed mood. Ever since she saw him, she was unwilling to even give him a perfunctory expression, and kept a straight face.

From Gu Qi to the kindergarten, he was completely regarded as an invisible person.

As soon as the car stopped at the entrance of the kindergarten, she opened the door and walked out.

Many parents stood at the gate of the kindergarten, most of them were smiling and chatting happily.

Shen Ning stood alone on one side, staring blankly at the kindergarten, his thin figure was particularly lonely and cold.

The bell rang for the end of get out of class.

The children came out holding hands and lining up.

"Mummy." Coco and Ding Ding saw Mummy standing at the gate at a glance, and immediately cheered.

Shen Ning lowered his head and wiped away the tears on his face, showing a kind smile.

The two cool, cute and soft little guys, with bright smiling faces, rushed towards her with short legs.

Her heart is warm.

"Coco, little one." She immediately squatted down, opened her arms and hugged the fleshy bodies of the two little guys, full of joy.

"Thank you, Mommy, for picking us up." Coco smiled.

Although Ding Ding is not good at speaking nice words, the smile on his face is also very sunny.

"Let's go." Shen Ning stood up, took their hands one by one, and prepared to walk towards the Rolls-Royce.

"Daddy." But before they drove away, they heard Lan Lan's cheers from behind.

Shen Ning turned his head.

Today, Li Zhenting also got off the car at some point, and stood not far from them. When Shen Ning hugged Ke Ke and Ding Ding with both hands, Lan Lan also ran towards Li Zhenting.

With a gentle face, Li Zhenting hugged Lan Lan.

"Daddy, I love you so much." Lan Lan hugged his neck with both hands, and said coquettishly.

"Daddy loves you too." Li Zhenting kissed her little cheek.

Shen Ning looked at him coldly.

His love for Lan Lan is beyond doubt, just like his love for Shen Mei.

She took Ke Ke and Ding Ding's little hands and walked towards the car. In fact, at this moment, she wanted to leave like this with the two children.

But strength does not allow it.

"Ke Ke, Ding Ding." Li Zhenting followed.

"Daddy." The two little guys shouted reluctantly.

Daddy's affection for Lan Lan made them feel partial, and they were very unhappy.

"Brother." At this moment, a small voice suddenly came from over there.

Everyone turned their heads away, Xiaoxiao was standing lonely under the tree over there with a small schoolbag on his back, looking at this side eagerly, but he dared not come up.

Shen Ning's heart burst instantly.

"Xiao Xiao." Ke Ke and Ding Ding immediately ran towards her and held her hand, "Let's go home with us."

But Xiaoxiao stood still.

She has lived in Li's Castle for many days, and Li Zhenting was still asking her yesterday when her mommy would come back from a business trip, and she couldn't answer.

Li Zhenting doesn't like her.

What he likes is Lan Lan.

But she is also his own daughter!

Chapter 260 I want you to drive her away

"Daddy doesn't like me, he doesn't want me to go back with you." There were tears of grievance in the little big eyes.

"Don't worry about him, we are here."

Ke Ke and Ding Ding took her hand one by one and came to the front of the luxury car.

"Xiaoxiao, isn't your mommy back?" Li Zhenting asked strangely when he saw Xiaoxiao.

Xiaoxiao is smart and well-behaved, much more sensible than Lan Lan, and he also likes this little girl, but she is someone else's child after all, so he has no reason to take someone else's daughter home.

And she has been living in his house for a long time.

"No, she hasn't come home yet." Xiao Xiao pouted and looked at Shen Ning, with tears in her eyes.

She loves spending time with mommy and brothers.

"Oh, your mommy's heart is really big, leaving such a young daughter at home, she won't come home for ten days and a half months." Li Zhenting was a little helpless,

"Then when will your mommy come home?"

Xiao Xiao looked at Shen Ning again, shook her head: "I don't know."

"Okay, then you and Coco Tintin can go to our house." Seeing the lonely look of the little girl, Li Zhenting nodded in agreement.

"Thank you, Uncle." Xiao Xiao happily followed Ke Ke Ding Ding into the car.

Ke Lanlan was unhappy, pouted.

"Daddy, why do you always agree to let her live in our house? I don't like her." She whispered dissatisfiedly in Li Zhenting's ear.

Li Zhenting touched her little head and started the car.

Dinner time.

"Xiao Xiao, this is what I like to eat, why did you pick it up?" Xiao Xiao picked up a beef ball, Lan Lan immediately shouted ferociously, and knocked out the little chopsticks with her hand.

The little chopsticks fell to the ground, stunned, and then he was so angry that he patted Lan Lan backhand: "Why did you do this? Tell me earlier if you don't let me eat beef balls."

Lan Lan burst into tears immediately.

"Daddy, she dared to **** my beef **** and beat me, I want you to drive her away, I don't like her living in our house." Lan Lan made a fuss at Li Zhen, crying so hard that her nose twitched .

Li Zhenting gave Xiao Xiao a gloomy look.

This little girl is quite courageous, she even dared to beat his daughter while living in his house.

Xiao Xiao was so frightened by Li Zhenting's glance that she shrank back, looking at Shen Ning uneasily.

"Lan Lan, Xiao Xiao is a guest. There are so many beef balls, so what if I give her one. Children must know how to be courteous and respect guests." Li Wanqing really couldn't understand Lan Lan's arrogant appearance, and immediately criticized it.

Lan Lan threw away the chopsticks and cried: "Then I won't eat, let's give all of them small snacks. I know you don't like me. If you like cocoa, it's fine. Now even other people's daughters like it. I don't care about this family." I can't stay any longer, I'm going to find Mommy."

She cried and climbed off the chair and was about to go out, but her eyes were on Li Zhenting.

Li Zhenting waved to her: "Lan Lan, come to Daddy."

Lan Lan ran into Li Zhenting's arms with her mouth curled up, crying even harder.

Li Zhenting picked her up and sat on his lap, wiped her tears and said softly: "Lan Lan, be good, don't cry, Daddy will take you to eat hand-made beef ***** and beef intestines, okay?"

"Okay." Lan Lan nodded emphatically, "Better Daddy, I love Daddy."

Li Zhenting smiled: "Then Lan Lan is not allowed to cry."

"Daddy, I won't cry anymore." Lan Lan opened her mouth wide and cried a few more times, but she really stopped crying.

The servants next to him all laughed.
