

Troublemakers 291

Chapter 291 He is indeed a perverted big devil

"I heard you say this, and I feel that your ex-husband is still a good man who values love and righteousness. He is not as big a devil as you said, he is perverted."

"Hey, hey." Shen Ning heyed twice, "He is indeed a perverted big devil, ruthless and ruthless, of course, he will not do this to children and the woman he loves, but he is like that to me, in this life I don't want to have anything to do with him again."

Li Zhenting stared at the phone, the corners of his lips twitching.

"It's not good for you to hate a man like this. After all, he is the father of your child. Moreover, I saw him on the news. He is handsome, handsome, caring, and often does charity. Without you It's so unbearable." Li Zhenting tried hard to improve his image.

However, Shen Ning didn't listen to his compliments at all, and just said: "That's what he pretended in front of outsiders. He looks like a dog, but in fact he has a bad stomach and is very treacherous."

"Uh." Li Zhenting's face was darker than the bottom of the pot.

He is so unbearable in her image, is this an enemy from a previous life?

"I will never forget the moment when he was ruthless to my mother. If there is an afterlife, I would rather never know him." Thinking of her mother's helpless death six years ago, the hatred in her heart welled up again .

The more Li Zhenting looked at it, the colder he became.

This is the first time he knows that Shen Ning not only has no love for him, but also hates him, to the point of death.

He felt cold all over his body.

"Maybe he has something to hide?"

"Unspeakable secret? Hey, his unspeakable secret is to solve his physical needs. I was his wife at that time, but he never touched me. He would rather go outside to have a baby. He didn't care that my mother was seriously ill in the hospital, and he I made a man with his beloved woman in the hotel, and I could only watch my mother die..."

Shen Ning couldn't continue talking.

My mother was murdered and pushed down from upstairs. Although the Thunderstorm Army's investigation has not yet come to fruition, she will definitely find the murderer and bring him to justice.

Of course, she wouldn't casually confide these things hidden in her heart to a man she had never even met face to face.

Scolding her ex-husband is just venting her hatred.

And this Lawyer Niu who fell from the sky made her more and more flustered.

He could always tell her what was in her heart step by step, which made her feel faintly uneasy.

"Okay, I'm going to bed, I have heavy work to do tomorrow, good night." She sent a message and hung up the phone.

This night, she slept soundly with her three children in her arms, but in her sleep, Li Zhenting turned into a **** bear, with a ferocious face as black as an iron pot, and opened her **** mouth at her from time to time. However, she Not afraid of him at all, the more he is like this, the more comfortable she sleeps.

the next day.

When Shen Ning rushed to the company, Uncle Marley told her another piece of good news.

All the perfumes produced were sold out in the market, and now the company has to put in full effort to produce perfumes to meet market demand.

Shen Ning was refreshed when he heard it.

"Uncle Marley, I have something I have to tell you." She said worriedly.

"What is it?" Marley sat down across from her.

So, Shen Ning told the story of being forced to sign the contract by Shen Mei's mother and daughter last time.

"It's so hateful." After hearing this, Marley slapped the table angrily.

"Uncle Marley, don't be in a hurry. I already have a plan for this matter. The safekeeping will make it impossible for them to get any money, and they will also be in debt." Shen Ning said confidently.

Marley's eyes lit up.

Chapter 292 Stealing

"So what are you going to do?" Marley asked eagerly.

Shen Ning pondered: "I want to register a new company, isn't Gucci's new product just starting..."

"Are you trying to move all of Gucci to the new company?" Marley said, his eyes lit up.

"Yes." Shen Ning nodded affirmatively, "This is the only way right now."

"But the Gucci brand was created by your mother. If a new company is used, will it affect the marketing?" Marley has some concerns.

"No." Shen Ning shook his head affirmatively, "I use Gucci 1 for my new company registration. It looks like a new company, but it is actually the original project. The Gucci brand is still in my hands, so it won't have much impact of."

Marley realized that this was called changing the soup without changing the medicine, and still used the original brand.

"It's wonderful." He slapped the table excitedly, "To deal with such a scumbag mother and daughter, you have to use this method of cheating."

"That's right, I am aboveboard. Gucci is a brand created by my mother, and Gucci 1 is a new company that innovates on the basis of the original products after I took over."

"In this way, the current Gu Qi still owes the bank 30 million financing, which becomes a debt. When the mother and daughter come to ask for money, they can only cry."

"So, to establish Gucci 1 immediately, how much has it sold in the past few days?"

"It's less than 10 million, it just hasn't been credited yet, and it's just in time."

"Okay, just use this ten million to register and speed up the process."

"Okay, it's settled like this. Next, I will do my best to promote your popularity, bundle Gucci and Gucci 1 series together, and let the public know that Gucci 1 and Gucci are both your products, so that there will be no I'm worried." Marley left happily.

Shen Ning also heaved a sigh of relief.

Mother and daughter Shen Mei want to get something for nothing, but there is no way!

After solving this worry, she felt much more relaxed, and started to work hard to make money!

In the afternoon, Shen Ning went to the kindergarten to pick up the three children.

She went to Blue Sky Kindergarten first.

Because Xiaoxiao is a girl and is more fragile, she usually picks her up first and then picks up Keke and Tintin at the gate of Blue Whale Kindergarten.

"Mommy." As soon as Xiaoxiao saw Mommy, she ran towards her, with innocent and satisfied smiles on her red face.

Shen Ning smiled slightly, bent down to hug her, first gave her a big kiss, and then took her little hand and walked towards the Blue Whale Kindergarten.

The entrance of Blue Whale Kindergarten was full of all kinds of luxury cars, and the brightly dressed children jumped out and ran towards their mommy and daddy.

Xiao Xiao looked at them with envy in her eyes.

"Mommy, Blue Whale Kindergarten has cheese, berry, and berry milk tea for lunch, and there are a lot of desserts in the afternoon, I really want to eat them too." Her voice was a little lonely, "Ke Ke brought me a cheese piggy cake today, delicious."

Shen Ning felt inexplicably sore when he heard it.

They are also Li Zhenting's children. Ke Ke and Ding Ding can go to noble schools, but Xiao Xiao can only go to ordinary kindergartens. This kind of gap is beyond the reach of adults, let alone a five-year-old cute baby.

"Don't worry, Mommy will find a way to let you go to the noble kindergarten, but you have to wait and give Mommy some time." She spoke softly and rubbed her little head.

"Really? Can you sit with Ke Ke and Ding Ding?" The little eyes are full of longing.

"Yes." In order not to disappoint Xiao Xiao, she nodded.

Isn't it just money, as long as Gucci perfume can sell well, it is still possible to enrich one's daughter.

When she was a child, she was raised by her mother, otherwise, she would not have such insight.

"Great, thank you Mommy." Xiao Xiao jumped up happily.

At this moment, a super cool red sports car drove over, the door opened, and a woman dressed in designer fashion and jewels stepped out of the car.

Shen Ning looked up, his face changed color, it was Shen Mei.

She let go of Xiaoxiao's hand in an instant, not wanting her to see her with Xiaoxiao, worrying that she might suspect something.

Shen Mei looked up and saw her, a mocking smile appeared on the corner of her lips.

"Shen Ning, what kind of car did you drive to pick up the children?" She approached and looked around and asked.

"I don't drive any cars." Shen Ning didn't want to talk to her at all, so he spoke indifferently.

Shen Mei raised her eyebrows: "Would Zhen Ting agree to hand over the children to a poor ghost like you?"

Shen Ning took a small hand and walked to the side.

Talking to this kind of woman will also hurt Xiaoxiao.

"Shen Ning, wait." Shen Mei followed, "I heard that Gucci perfume is selling well, you have to work hard, and remember to transfer the money to me at the end of the month."

Shen Ning said with a cold face: "Everything hasn't started yet, let's settle the accounts at the end of the month."

She calculated that there was still half a month before the end of the month, and everything could be settled. In order not to startle the enemy, she temporarily stabilized her.

"Yes." Shen Mei nodded in satisfaction.

Shen Ning immediately took Xiao Xiao and left her.

Shen Mei squinted her eyes and looked at the small figure.

It's strange, this Xiaoxiao seems to know Shen Ning very well, looking at their appearance, it doesn't look like they just met each other in a day or two, but they look like a close mother and daughter, could it be that Xiaoxiao is her biological daughter?

Xiaoxiao is the wild species she gave birth to outside?

As soon as the thought crossed her mind, she was taken aback.

"Mommy." At this moment, Lan Lan ran towards her with open arms.

She skipped this thought at once, and immediately reached out and hugged Lan Lan.

Over there, Ke Ke and Ding Ding also ran out.

"Mummy, here we come." Ke Ke ran to hold the little hand, and Ding Ding ran to hold Shen Ning's hand.

They smiled and walked outside.

Shen Mei put Lan Lan into the car and started the car.

When the car was driving, I saw Shen Ning walking outside with the three little ones.

A mocking smile flashed in her eyes, and she drove the car over.

"Sister, do you want me to take you back?" She stretched out her head and asked Shen Ning with a fake smile.

"No need." Xiao Xiao stared at her, she could see the ugly heart of this woman most clearly, at this moment she just wanted to see their jokes.

"Hmph." Lan Lan, who was sitting in the car, stared at Xiao Xiao bitterly at this moment, Ke Ke held her hand tightly, and Ding Ding also protected her, her eyes were full of jealousy.

Xiao Xiao also rolled her eyes at Lan Lan, and turned her head to ignore her.

Ke Ke and Ding Ding didn't even look at them, they just followed Shen Ning and walked forward happily with short legs.

In order to avoid Shen Mei, a disgusting woman, Shen Ning deliberately led the children towards the play area.

Shen Mei, who was ignored by no one, could only drive Lan Lan away resentfully.

Shen Ning walked home with the children until she could no longer see her car.

But when they first returned to Chunhui Garden Community.

Sudden.

A figure shook at the gate.

When Shen Ning turned around, he saw several men in black running towards this side, and then, a Rolls-Royce Super Shadow drove in majestically.

The property managers and security guards from the community came out to welcome them.

The men in black on both sides walked towards them quickly, and the luxury cars along the way gave way to both sides.

Shen Ning looked at this scene in amazement, and almost the whole community was overwhelmed by it.

Who is this person here? There is such a pomp?

Chapter 294 Chapter 294 You are a great hero of our Li family

Chunhui Garden is already the residence of high society, and the people who came here can shake the entire Chunhui Garden.

It can be seen that this influence is not small.

While she was thinking.

see you

Rolls-Royce had already stopped in front of them.

soon

The door opened, and a middle-aged man with the appearance of a housekeeper got out of the car and opened the door first.

Immediately afterwards, two staff members came down.

"Old man, old lady, please." The staff member bent in and stretched out his hands, helping the two old people out of the car one by one.

"Grandpa, grandma." Ding Ding called out.

Shen Ning finally saw clearly.

It turned out to be Mr. Li Jichun and Mrs. Li Minhua.

Her face turned pale instantly.

"Ding Ding, my little great-grandson." Li Minhua smiled when he heard the little guy Ding Ding's shout, and immediately waved to him.

Ding Ding rushed up, the little guy was not serious, and jumped straight into the arms of the old lady. The staff next to him was startled, and immediately smiled and hugged him lightly to avoid knocking the old lady down.

"Grandpa, Grandma, I miss you so much." Ding Ding, who has never been good at expressing himself, actually used a fashionable tone this time, making everyone around him laugh.

"Okay, okay, we miss you too." The two old people laughed.

"Old man, old lady, are you all in good health?" When Shen Ning was at Li's house, these two old men treated her well, especially the old man, who always protected her. At that time, she married Li Zhenting was facilitated by him .

"Fortunately, Ningning, I finally saw you." Mr. Li was very excited, "The old lady and I wanted to go back to China after hearing about you, but we couldn't move due to physical reasons. After our Li family gave birth to a pair of grandchildren, we were so excited and thankful, we wished we could come back

overnight, but the old lady had a bad heart, so we had to delay for a while. No, I hurried over as soon as I got off the plane."

"Yes, Ning Ning, when I heard the news, I was so excited that I didn't fall asleep for several days and nights. You are a great hero of our Li family." Li Minhua stepped forward and grabbed Shen Ning's hand and held it tightly. , excited.

Shen Ning smiled slightly.

"Ah, this is Coco, right?" Li Minhua lowered his head and saw Coco standing beside him.

Ke Ke was looking at the pair of old people curiously with **** eyes. The old people's ostentation probably frightened him, so he held Shen Ning's hand tightly.

"Yes, he is Ke Ke." Shen Ning lowered his head and ordered, "Ke Ke, quickly call grandpa and grandma."

"Hello, grandpa, grandma." Coco's mouth was always so sweet, this kind of greeting was trivial, and she immediately cried out sweetly.

"Hey, my good grandson, let me, an old woman, take a good look." Li Minhua bent down and held Little Keke's face, loving it, and shouted repeatedly, "Okay, great, I really look like Zhen Ting and Ding Ding." They are exactly the same, they are printed from the same mold."

Old man Li took out his reading glasses and looked down at Ke Ke. When he looked cute, he stretched out his hands to hug the little guy.

Ke Ke saw that the two old men were kind and friendly, and had a good impression of them.

"Grandpa, I weigh fifty-eight pounds, and you can't lift me up." He opened his arms and kindly reminded me.

This made the two old people very happy again.

Chapter 295 I just gave birth to two children for myself

"Little grandson, it's not a problem for grandpa to knock down a dozen strong men when he was young. Although he is old, it's no problem for him to hug my grandson." The old and strong old man hugged little Keke with both hands, Kissed him on the forehead: "It's really great, I like it when I see it, go home with Grandpa."

"No." Unexpectedly, when Keke heard this, he immediately struggled to get down, and said loudly, "I want to be with Mommy, and I won't go back with you."

Old Master Li was stunned for a moment, Ke Ke took the opportunity to climb down, ran to Shen Ning's side and held Mommy's hand tightly.

Although this grandpa and grandma are very kind and kind, he only wants to be with Mommy.

Li Minhua was stunned for a moment, and then immediately expressed his opinion: "Ke Ke, of course, children must be with Mommy, so today we are here to pick you up and go to Grandma's house with your Mommy."

While speaking, she took a few steps forward and held Shen Ning's hand and said kindly:

"Ningning, it's really hard for you to give birth to such a lovely child for our Li family."

The word 'hard work' made Shen Ning's eyes turn red.

In these years, her suffering cannot be explained in just a few words.

But she didn't need to complain in front of the two elders. To her, these two kind old men, like Li Zhenting, came to rob her son.

"No, I just gave birth to two children for myself." She replied calmly, neither humble nor overbearing.

Master Li was slightly taken aback!

Shen Ning's temperament and character are what he admires the most. When he saw this little girl for the first time, her bright eyes were clear and resolute, her whole body was clean and dust-free, without a trace of magazines, and her gestures were graceful, which is very rare in modern society. Rare.

This is also one of the reasons why he must marry her to his most proud grandson, but it is a pity that his grandson cannot discern gold with eyes.

Old people who have rolled in strong winds and waves certainly understand the truth that everything should not be rushed.

"Ningning, we came here today mainly to pick you up and live in Taoyuan with your two children for a while. You know, we are old and it is rare to go back to China. I don't know if we will have the opportunity to see our grandchildren in the future. So, for the sake of us two old men and old ladies, please go back with us." Li Jichun's tone was gentle and his attitude was very modest, almost pleading.

Shen Ning pursed his lips, but did not speak.

She is not stupid.

Although Li Jichun is nice to himself, he is also Li Zhenting's grandfather, the helm of the Li family, and he is humble to himself. It is absolutely impossible for him to favor her.

"Ningning, don't worry, we all love our grandsons. In the imperial capital, we are also dignified people. We won't do anything to you. Let's go home and discuss things behind closed doors. There are too many people talking here. It's not easy to talk."

Li Minhua had already found out everything about her and Li Zhenting before coming here, and he kindly persuaded her now.

Shen Ning still did not let go.

"Miss, the two old men have traveled thousands of miles to see their grandson, there is no reason not to let them see, you can take the children and go back with the two old men, you don't care about the time." Aunt Dong who came over after hearing the news Seeing the situation, he hurriedly pulled Shen Ning aside and softly persuaded,

"The Li family is a famous family. The old man and the old lady are all people of status and status. Even if they are close relatives, you have to be reasonable. You go with them, deal with them, and win over all people who are beneficial to you. I believe they will not let it make you suffer."

Shen Ning looked at the white hair on the temples of the two old men, thought for a moment, and nodded.

Chapter 296 These two little white-eyed wolves

Li's old house.

In the living room.

Li Minhua looked like a baby, wishing he could wear cocoa as a pendant on his body and never leave it.

Wherever Ke Ke went, she followed him, looking at him with a smile.

"Grandma, please drink some water." Ke Ke is a villain, with a sweet mouth, and he brings a glass of water to Li Minhua for a while, and invites her to eat, coaxing Li Minhua into a happy mood.

"Look at how sweet our Keke's little mouth is. This is much better than Zhenting. That brat keeps a straight face all day long, but he never spits out ivory from his mouth." Li Minhua laughed.

"Yes, this is really excellent and must be praised." Li Jichun looked at his little great-grandson with a smile.

The little guy is really good-looking, pink and tender, with beautiful features, and his gestures are quite awe-inspiring. He is warm and caring, childlike, lively and cute, especially able to attract the love of the elderly, like a little sun.

And what makes them particularly happy is that Ding Ding, who is usually cold, has a straight face most of the time and doesn't like to talk, but this time when he came back, Ding Ding has obviously changed a lot, he can talk and laugh.

When Li Zhenting arrived, Ke Ke was making the two old people laugh heartily.

"Coco, Ding Ding, come and sit with Daddy." He sat down and yelled at the two little guys.

"Hmph, no, we'll sit with grandma." The two little guys gave him a cold face.

Li Zhenting hasn't seen his son for two days, so I miss him.

"You haven't seen Daddy for two days, don't you miss me?" He thought he was very important to his son, Niu asked coaxingly.

Who knew that Ding Ding and Ke Ke replied in unison: "No, we only want Mommy and grandparents."

"Uh." Li Zhenting's face darkened.

These two little white-eyed wolves are really unfamiliar!

He glanced at Shen Ning. It's been two days since she saw her. She probably spoke ill of him in front of the children again.

Shen Ning seemed to see through his thoughts, and gave him a big roll of his eyes, not bothering to pay attention to him.

"Look how failed you are, the children don't kiss you." Li Minhua looked at his eldest grandson, his eyes were full of love, but his mouth was scolding.

Li Zhenting giggled, and put his arms around grandma's shoulders like a big child: "Grandma, there is no way, these two little ones are not like me, you see how filial I am to you."

Ke Ke frowned: "Daddy, you mean we are like Mommy, no, Mommy is more filial than you."

Daddy is not willing to listen to Mommy's beating around the bush.

"So, take a look, even the children know how to protect Mommy, they are not as unmanly as you." Li Minhua patted his hand.

Li Zhenting's head was full of black lines.

Isn't he manly, isn't he, he's actually quite tolerant of Shen Ning, for example, it's too rare for him to let her take Ke Ke and Ding Ding away.

Right at this moment, the butler came over and said dinner was served.

So, everyone went to the dinner table to have a reunion dinner.

Ke Ke and Ding Ding ate their meals quietly, not picky eaters at all, no matter what they ate, they tasted sweet.

This left Li Minhua dumbfounded.

Ding Ding never had a good meal before. When he was a child, he still chased and fed him.

It seems that Shen Ning has changed a lot for Ding Ding.

This is really good.

"Grandma, you drink soup." When she was surprised, Ke Ke scooped up a bowl of soup and brought it to her, which made her eyes widen in shock. My God, this little guy actually knows how to take care of the elderly, Shen Ning He is very educated.

After a while, Keke had enough to eat and climbed down by herself. Wu Minhua was pleasantly surprised when he saw it.

The little guy's bowl was clean, and there wasn't even a grain of leftover rice. Although Ding Ding ate slowly, he was much better than before.

Chapter 297 The small mouth is so sweet

After the meal, the family sat on the sofa and chatted.

Soon, the nanny brought a large bowl of fresh fruit.

"Ke Ke, grandma peels fruit for you to eat." Li Minhua smiled and took a big apple and peeled it with a fruit knife.

"Oh, no, grandma, that's not how you peel apples." Coco immediately snatched the fruit knife and apples from her hands and started peeling them skillfully.

Li Minhua was terrified.

Such a small hand, what if it gets cut off?

When she was so panicked that she was going to grab it, she saw the little guy peeling the apple with his little fingers nimbly and freely.

But soon, the sharp knife slid across the edge of his little finger.

"Grandma, the apple has been peeled, here you go, eat it quickly." After a while, under the watchful eyes of everyone, Little Keke handed the peeled apple to Li Minhua.

Li Minhua's startled eyes narrowed into a line, and he took Little Keke's hand and put it in the palm to check carefully, it was intact.

"Coco, aren't you afraid of being cut by a knife?"

"Not afraid." Little Keke shook her head, and replied in a childish voice, "What is this, I still have to chop vegetables."

"What? Cutting vegetables?" Li Minhua's eyes darkened when he heard it, and he almost fainted.

"You cut vegetables at such a small age, can you hold a knife? Can't you cut your hands?" Li Jichun asked in surprise from the side.

"It has been cut." Little Keke blinked her big eyes, put her fingers in her mouth and blew.

"What happened afterwards?" Li Minhua was very nervous.

"Then it will bleed, but it's okay, the bleeding will stop after a while, and the wound will heal in a few days, it's nothing." I don't think so.

This time, both Li Jichun and Li Minhua almost fell on the sofa.

My God, what happened to their poor grandson.

Li Minhua wiped his tears with a tissue and choked out in grief.

Li Jichun remained silent.

Little Keke didn't think there was anything wrong, so she took another orange, peeled it, and handed it to Shen Ning.

He knows that Mommy likes to eat this best.

"Thank you Keke." After receiving it, Shen Ning hugged little Keke into his arms.

She was sorry for Ke Ke and Xiao Xiao, for not taking them well, but she had to earn money to support them, so she did her best!

"Mummy, don't worry, I won't cut my hand again." Ke Ke put her head in Mummy's arms, so happy.

Shen Ning hugged him, mother and child love each other deeply!

After cuddling in Mummy's arms for a while, Ke Ke sensibly poured water for her grandpa and grandma, cut watermelon and cantaloupe, and delivered them to everyone on small plates, even standing next to her. He sent all the housekeepers and servants over there one by one. His small mouth was so sweet that it was full of honey, and he was very polite and thoughtful.

Old man Li saw his little grandson so diligent and polite, the haze on his face disappeared, he was full of admiration, and even more fond of Shen Ning.

He has also experienced poverty. Poverty itself is not wrong, and it is not wrong for children to help mommy with some work since childhood. Such children will be promising when they grow up.

It is hard work to be a master. It is already very good for Shen Ning, a woman who can bring up children so well.

After eating the fruit, the butler delivered exquisite desserts.

This time, Li Minhua wanted to feed Coco.

As a result, I failed to get it even after two clips.

"Grandma, I'll clip it for you." Coco immediately nimbly picked it up with the clip and fed it back to her mouth.

Li Minhua was amazed again.

Chapter 298 Does your daddy still bully your mommy?

After the pastry was finished, before the nanny had time to clean up the table, Little Keke actually took a rag to wipe the table.

Everyone looked at this little guy with wide eyes, with surprise on their faces.

Li Minhua's face was smiling for a while, and cloudy for a while, and he was sad and happy in his heart.

"Ning Ning, how did you bring up your child after all these years?" She finally couldn't help asking Shen Ning.

Shen Ning pursed his lower lip and told the truth:

"Grandma, in the first year I was in the United States, my grandmother gave me the living expenses. Later, I raised my children while studying and working. The children in the United States are relatively independent. When I went to work and study, the children Just stay at home."

Li Minhua's face was covered with dark clouds, and he asked nervously:

"What does the child eat? What if he is in danger? Why don't you hire a nanny?"

It is a miracle to her that such a small child can be taken care of so well at home.

Shen Ning smiled lightly: "Generally speaking, I go to normal work, and I can guarantee to come back at noon, and there is a seven-hour system, four-day shift. Before I go out, I will eliminate all dangerous factors at home. The sockets, faucets and the like are pasted with transparent glue, and when he grows up, he will be taught to do some housework and take care of himself, don't worry, Keke has grown up safely and is excellent."

Li Minhua opened his mouth, even though he still had 10,000 reasons in his heart, but at this moment, it seemed that it was not easy to ask any further.

She sighed secretly in her heart, the children of the poor have long been in charge of the family, which is absolutely true!

It was getting dark.

"Here, over there, hang murals, and change the quilt to the best." Li Minhua began to arrange the room himself.

"Mommy, Mommy." Shen Ning went to the bathroom, Ke Ke and Ding Ding couldn't see Mommy after playing for a while, so she immediately yelled.

At this time, it was pitch black outside, and the autumn night was a bit cool. He was worried that Mommy would be driven away by them.

"What's wrong with Keke?" Li Minhua was startled by Keke's anxious voice, and she immediately walked out and asked with concern.

"My mommy is missing, I want to find her." Coco is far more sensible than Ding Ding. In this strange environment, not only is he a little afraid, but it is easier to think that mommy will be bullied.

"She's at home, don't worry." Li Minhua comforted her, and ordered the servant to find Shen Ning.

The mother and son are really affectionate.

Coco's eye circles were red: "Did Mommy get driven away by Daddy?"

When Li Minhua heard this, his face sank: "He dares."

"He's really daring." Ke Ke cried sadly.

Li Minhua immediately asked: "Does your daddy still bully your mommy often?"

Ke Ke twitched her red nose: "Yes, he doesn't like my mommy, he always bullies her and treats her fiercely, and mommy has been scolded and cried several times by him, my mommy is very hard, in order to take us When I grow up, I only eat two steamed buns a day, and I still have to work, I am a man now, so I have to protect her."

Li Minhua was so angry that his nose was smoking, and his face was covered with a thick layer of frost.

What a stinky boy, dare to bully people like this, this is worth it!

No wonder Shen Ning wants to take the child away and refuses to stay in Li's house!

For orphans and widows, it's okay to be bullied by outsiders, but it's not okay to be bullied by the child's father.

She has to take care of it.

"Ke Ke, your mommy only eats two steamed buns a day, isn't she hungry? What are you eating?" She asked with a dark face.

"She must be hungry, just to save the best food for me and Xiao...she can only eat steamed buns, so pitiful."

Hey, Li Minhua sighed heavily.

Children cannot tell lies.

What age is this, and she can still be so miserable! And she brought the grandson of their richest man, the Li family, which is too ironic.

Chapter 299 I sued you

When Li Zhenting walked into the living room, he saw Little Keke gesticulating to Li Minhua in a high-spirited manner, stroking the chubby hand for a while, and kicking his legs for a while.

And his grandma, Li Minhua, was listening and wiping her tears with a paper towel. The empty thread beside her was already full of paper towels...

He had no idea that his son was suing the grandma about him.

"Coco, what are you talking about." He came over and asked with a smile.

Ke Ke saw him flinch, and crawled into Grandma Tai's arms.

Li Minhua glared at him, then protected Keke and said: "Keke, you can just say it, and let your daddy listen carefully."

"Okay." Ke Ke, protected by the old lady, started talking again:

"When I was young, there was a little black foreigner named Jack next door to me. His father was tall and mighty. Jack often rode on his father's neck to show off his might and always bullied Xiaoxiao and me. Once, he deliberately took away my job. It was dumped, that day Mommy finally got the money to buy me meat, I was so angry, I cleaned him up on the spot, and beat him until his nose was bruised and his face was swollen. As a result, in the afternoon, his daddy came to settle accounts with us, and he raised his eyebrows. fisted, with a ferocious face, and swearing, Mommy kept apologizing, and in the end the black foreigner broke the TV and almost hit my Mommy. That night, Mommy cried sadly. I'm so sad, I vowed to protect Mommy in the future, so I started to practice Yiquan Do from then on."

After Xiao Keke finished speaking, she stood up and did a set of Yiquan, with flexible and proficient hands and feet.

Li Minhua hugged little Keke and burst into tears.

Li Zhenting stood aside with a dark face, silent.

"Hey, is it good to hear your child being bullied by others?" Li Minhua wiped away tears, looked at Li Zhenting and scolded, "You are still bullying Shen Ning, are you sorry? What is it for a man to bully a woman. "

Li Zhenting froze for a moment.

"Grandma, what do you mean?"

"What do you mean, don't you understand? When you bullied Shen Ning, did you think about her feelings? What kind of skill is a big man bullying a woman! What's more, this woman gave you two children." Li Minhua said with a straight face. Rebuked mercilessly.

Li Zhenting was a little confused for a while, when did he bully Shen Ning?

When he looked up, he saw Ke Ke squinting at him, his cool little face was full of an expression of 'I'm suing you, what can you do to me'.

He instantly understood what was going on, and couldn't help gritted his teeth and smiled wryly.

This kid only has his mommy in his heart, Shen Ning is really a well-deserved master in this respect!

No matter when, he has become the target of being hit!

He wanted to argue but felt powerless to say it out. He was really not good to Shen Ning, and there was basically no possibility of winning with the old man and the child.

"Coco, come on, go with grandma, grandma will tell you, whoever treats your mommy badly in the future, and you will treat anyone badly when you grow up, to help you avenge mommy, see if those people dare to bully you It's mommy." Li Minhua walked while holding Ke Ke's hand, talking in a loud voice.

Li Zhenting could hear it clearly. Of course, he understood that this was what grandma told him specially, so he couldn't help shaking his head helplessly.

When the nanny brought Shen Ning over, she happened to see all this.

"Mummy." Seeing Shen Ning was overjoyed, Ke Ke rushed towards her.

"Ke Ke." Shen Ning bent down and hugged him, "Are you looking for me?"

"Yes, Mommy, I'm afraid that you will be bullied and they will drive you away." Coco hugged her neck and whispered in her ear.

Chapter 300 What is going on with all this

Shen Ning felt warm in his heart, and was about to speak, when he raised his eyes, he met Li Zhenting's eyes.

The man put his hands in his trouser pockets, leaned against the door frame, and was staring at her, his eyes dark and unpredictable.

He snorted as Coco spoke to her.

Shen Ning hastily avoided the ground and turned around holding Ke Ke.

"Ning Ning, come here." Li Minhua took her hand and came to the bedroom with a smile, and said with a pleasant face, "This is the room I arranged for you and Ke Ke. Look, if there is anything missing, just say it, and I will let you know immediately." Go set it up."

Shen Ning was stunned for a moment, then immediately shook his head: "Grandma, I'm going back tomorrow with Coco, and the child is going to kindergarten."

When Li Minhua heard this, the smile on his face disappeared, and his eyes were full of sadness and loneliness.

"Ningning, it's not as convenient as living here if you rent a house outside. There are still people here to take care of you and your children. You were too miserable before. From now on, you can enjoy your happiness here. Grandma won't let anyone bully you. It's yours." She took her hand and begged bitterly, and after she finished speaking, she gave a fierce look in the direction where Li Zhenting was standing.

Shen Ning was at a loss for what to do.

If Li Minhua dislikes and is unfriendly to her, she will take the child and leave without hesitation, but now she is begging her.

An older elder begged her so humbly, what could she do.

She has always been the most soft-hearted and kind-hearted.

The night is quiet.

She took Coco and Ding Ding slept on the bed.

"Mum, my great-grandfather and grandma are fine, can we stay? I like my great-grandfather and my great-grandmother very much, and I want to accompany them."

Shen Ning hugged his kind and lovely son tightly, with panic in his eyes.

This son who once gave him all his spiritual sustenance seems to be getting away from her a little bit.

Grandpa and grandma treated him well, and he wanted to repay him at such a young age, so sensible.

"Mummy, if you are not happy, then let's go home tomorrow, Xiaoxiao is waiting for us at home." Ke Ke quickly sensed the loss and sadness in Shen Ning's heart, and immediately changed her words.

"Coco, Mommy knows, it's getting late, go to bed, and we'll talk about it tomorrow." Shen Ning's heart was sour and warm, he patted his son's back lightly, and whispered.

"Okay." Coco closed her eyes sensibly.

After a while, both little guys fell into a deep sleep.

Shen Ning stared at the darkness with his eyes wide open.

In the study here.

Li Jichun and Li Zhenting sat facing each other, with a dignified atmosphere.

"Zhen Ting, what's going on with all this? Shen Ning gave birth to two children for you, and you're so old, and you didn't know? And Ding Ding has always been by Shen Mei's side, so what's going on?" Li Jichun was anxious to think Get the truth because this is so weird.

Li Zhenting was very helpless:

"Grandpa, all this stems from the misunderstanding six years ago. I was drugged that night during a social gathering...Shen Ning and Shen Mei came one after another...Afterwards, I didn't even know that Shen Ning had come. , Shen Mei and Shen Ning were pregnant at the same time, Shen Ning gave birth to twins, but lost one in the hospital because of lack of money, and was brought back by Shen Mei to raise her. She concealed this fact in order to marry me In fact, Shen Ning took Ke Ke and ran to the United States."

"Hey, what a foolish account." Li Jichun sighed repeatedly, and asked, "What are you going to do with the current situation?"

Li Zhenting's face was full of distress: "Grandpa, I'm also in a dilemma."

"Stinky boy, what's so embarrassing about this, Shen Ning gave birth to two sons for you, and brought Ke Ke to such an age, there is no credit but hard work, you must treat her kindly, and you must not bully her or let her be wronged , You have to know that if he wronged her, he wronged your son, you have to shoulder the responsibilities of a man, and try to satisfy her whatever she wants." Li Jichun said seriously.
