

Troublemakers 301

Chapter 301 You owe her

Li Zhenting's handsome sword eyebrows showed a little helplessness: "Grandpa, it would be best if she had any request, but she has no request except for her son."

"Give her money, and she doesn't want it?" Li Jichun asked thoughtfully.

"Yes, if she wanted, Keke would have returned to Li's family long ago."

Li Jichun pondered and asked: "What about your wedding with Shen Mei? Will it still take place?"

"No more." Li Zhenting shook his head briefly and simply, "She actually wants to harm my son in a frenzied manner. This kind of woman cannot be married."

Li Jichun asked: "Then have you ever loved Shen Mei?"

"No."

"No, why did you decide to marry her in the first place?"

"Just because of responsibilities and obligations, I didn't know that Ding Ding was not born by her at the time, but for the sake of a pair of children."

"But now? Ding Ding and Ke Ke were born for you by Shen Ning."

"..." Li Zhenting remained silent.

"Zhen Ting, Xiao Feng died a long time ago, and people cannot be resurrected after death. It is wrong for you to indulge in illusory love all day long and ignore the good woman around you." Li Jichun spoke earnestly.

Li Zhenting stood up: "Grandpa, I will remarry Shen Ning for Ke Ke and Ding Ding, just to give the children a warm home."

Li Jichun's eyes shone brightly: "Stinky boy, you did it yourself this time, I didn't force you, you can't neglect Shen Ning like last time, besides, there is Lan Lan, she is Shen Meisheng Yes, Shen Ning marrying you is tantamount to becoming Lan Lan's stepmother. In this regard, you owe her. I hope you think carefully before making a decision. If you really decide, you must not be like last time. You're such a bastard, if you do it again, grandpa will never let you go."

Li Zhenting seemed to have made up his mind: "Grandpa, don't worry, it will never happen this time."

"Yes." Li Jichun nodded with satisfaction, "By the way, before you remarried Shen Ning, I left her and the children with me, so that your grandma and I can rest assured."

"Grandpa, it's up to you, as long as Shen Ning is willing." Li Zhenting smiled slightly and walked out.

The next day, Shen Ning got up early.

The children are going to kindergarten, which is a bit far from Blue Whale Kindergarten.

After washing and dressing the children, she led the two little ones to the living room.

In the living room.

Li Zhenting was returning from his morning exercise in the back garden. His short-sleeved shirt was slightly open, and his muscular abdominal muscles could be seen. There was a healthy blush on his resolute face after sweating, which made him look heroic.

"Coco, Ding Ding." Seeing a pair of lovely sons, his eyes immediately brightened, and his magnetic voice was particularly kind.

"Morning, Daddy." The two cubs called out politely.

Li Zhenting bent down and stretched out his strong arms, picked up Ding Ding and Ke Ke one by one and lifted them over his head, turned around and laughed.

Coco was lifted up by Daddy's powerful arms, soaring into the air, feeling so exciting, she burst out laughing.

Ding Ding is different, he still has the urge to get up, and seems to be used to being held up high by Daddy, and after putting him down, he ran to sleep on his stomach on the sofa.

"Daddy, I still want to play." Coco especially likes the feeling of being with Daddy, and keeps pestering him.

Li Zhenting was very happy, picked him up and played with him in various tricks, which made Ke Ke shout with excitement.

Shen Ning went to the kitchen to help the servants prepare the children's breakfast.

Everything looks so beautiful.

After breakfast, Li Zhenting drove Shen Ning, Ke Ke, and Ding Ding to the kindergarten.

Li Minhua personally chased them out, watched them get into the car reluctantly, and then went back.

Chapter 302 Remarried with her for the sake of the child

"Shen Ning, get in the car." After sending the children to the kindergarten, Shen Ning walked to the side of the road as usual and prepared to take the bus to Gu Qi to go to work. Li Zhenting drove the car over, rolled down the window and told her.

"No need." Shen Ning just turned his head and said indifferently, and walked forward without stopping.

"Shen Ning, stop for me." Li Zhenting was annoyed, this woman really doesn't know how to flatter her.

"President Li, what do you want to do?" Shen Ning could only stand still and looked at him dissatisfied.

Why does this man yell at her? She doesn't owe him anything!

"Get in the car, I have something to tell you." Li Zhenting ordered authentically with an air of superiority.

Shen Ning frowned, and was about to decline, when a white light flashed, it seemed that a paparazzi had spotted them.

She had no choice but to open the car door and hide in, so as not to be photographed by them arguing with Li Zhenting in public.

Recently, there have been enough scandals about her and Li Zhenting.

"What's the matter? Tell me." She sat down and asked straightforwardly.

But Li Zhenting didn't reply to her words, but just looked forward with sharp eyes, started the car and drove towards Qianbiao.

After a few big turns, he got rid of the following media and drove the car into the traffic flow.

"Boss Li, what's the matter with you?" Shen Ning followed up.

"Can't I take you back to the company?" Li Zhenting became impatient and replied angrily.

"That's not necessary, I can't bear it." Shen Ning looked at the scenery outside, "If it's just like this, then next time, please drive away by yourself and ignore me."

Looking at her indifferent face, Li Zhenting smiled sarcastically.

This woman really knows how to pretend!

If she knew that he was going to remarry her for Keke and Ding Ding, she might be so happy.

Originally, he wanted to tell her directly, but grandpa was right, since he planned to remarry her for the sake of the child, at least there should be a sense of ceremony.

"I'll see you at the Crown Hotel at 12:10 noon today. I'll tell you then." The car stopped at the door of Gu Qi, and he spoke lightly.

Shen Ning asked puzzledly: "Is there anything I have to go there to say? Isn't it good to say it now?"

"Not good." Li Zhenting replied rudely, and was about to drive away.

Shen Ning has gotten used to his uncertainty, suddenly remembered something, chased after him and said:

"By the way, Mr. Li, Ke Ke and Ding Ding were supposed to be taken by me this week and lived at my house, but they slept at your grandparents' house last night, so they will have to stay at my house for one more day next week before they can return to Li. His castle." She solemnly reiterated.

Li Zhenting twitched his ears, started the car and drove away, ignoring her.

Shen Ning snorted and walked upstairs to the office.

One morning, she was very busy.

At some point, the phone rang.

She picked it up.

"Shen Ning, where are you? I've been waiting for you for ten minutes in the Hemei box on the third floor of the Crown Hotel." Li Zhenting's deep words sounded, full of questioning and dissatisfaction.

Shen Ning was startled.

Too bad, this morning Li Zhenting asked her to meet at the Crown Hotel at 12:10 noon, saying that he had something to say to her.

She totally forgot!

"President Li, I'm sorry, I'm delayed by something, I'll be here soon, just wait a moment." She said hurriedly and put down the phone to look at the phone. It was already twelve twenty, and he had been waiting for ten minutes Minutes away.

She is indeed very courageous to let this King of Hades wait for her.

She hurriedly took the phone and turned around and ran away.

Chapter 303 Let's remarry

Crown Hotel.

When Shen Ning ran over, she was already ten minutes late. Fortunately, the hotel was not too far from her company.

"President Li, I'm really sorry, I'm too busy today." She was out of breath from running.

"Sit down." Li Zhenting glanced at her and said lightly.

Seeing that he was not as angry as he imagined, Shen Ning relaxed and sat down opposite him.

"Come here, sit here." But Li Zhenting took a picture of the seat next to him and motioned her to sit over.

Shen Ning hesitated.

The whole private room was just the two of them, sitting so close together, it was too ambiguous.

"Hurry up." At this moment, Li Zhenting drank in a low voice, his voice harsh.

This man can always crush her to death in terms of momentum.

Shen Ning sat down unconsciously after saying "Oh".

"Come on, drink a glass of water first." Seeing her sweating, Li Zhenting handed her a tissue and poured her another full glass of water.

Shen Ning was really thirsty. He had been busy all morning and didn't even have time to drink his saliva.

"Thank you." She raised her head after taking a sip from the water glass and asked, "President Li, what do you want from me? You can talk now."

Li Zhenting straightened his upper body slightly, sitting dignifiedly like a god, looking at her arrogantly, and said a word from his thin lips: "For Keke and Ding Ding, let's remarry."

With a "poof", the water that Shen Ning just drank into his mouth sprayed his face, and he opened his eyes wide and looked at him.

You heard it right, just now, he actually said that they are going to remarry!

"You..." Li Zhenting's face turned black, and when he wiped it with his hand, it was full of water. Fortunately, it was not hot, otherwise, his face would be stained, and he gritted his teeth.

This woman must be overwhelmed with excitement.

but

He can also understand her mood, after all, isn't she doing so much just for this moment! Resisting the urge to beat her up, he wiped the water off his face with a tissue.

"You don't need to get too excited. We are all adults. We shouldn't be so selfish. We should think more about the children and give them a complete family." He said lightly.

Shen Ning finally regained consciousness after a long time.

"You mean we remarried?" She murmured.

"Yes." Li Zhenting nodded and added emphatically, "For the good of the children."

"Aren't you having a fever?" Shen Ning's eyes were a little dazed, and he suddenly reached out to touch his forehead.

The man who used to be so contemptuous of her is actually saying that he wants to remarry her, this must be talking nonsense.

"Don't make trouble, I'm serious." Li Zhenting knocked off the hand she extended, with a serious face.

"What about Shen Mei?" Shen Ning withdrew her hand and forced a smile, "Isn't she your white moonlight? Are you willing to abandon her?"

"Shen Ning, you are really boring yourself." Li Zhenting frowned, "Just take care of yourself, nothing else has anything to do with you."

"Irrelevant?" Shen Ning raised her eyebrows, "She gave birth to Lan Lan for you, and you actually said that it has nothing to do with me?"

Li Zhenting breathed a sigh of relief, and said: "You also know that it was just an accident. Six years ago, the three of us were an accident. You know it well, so why bother? Don't worry, after remarriage, as long as Be a good wife and mother in peace, take good care of your children, I will never treat you badly, and I will give you everything that should be given to you."

Does it include love?

Shen Ning sneered in his heart.

She remembered the marriage six years ago clearly, how horrible a marriage without love is!

"Mr. Li, you should know that I have a daughter with another man. If you marry me, you will help me raise another man's daughter. Are you willing? Don't you think I'm dirty?" She suddenly raised her lips and smiled, winking at him.

Li Zhenting's face turned black instantly.

Really, which pot is not opened and which pot is lifted!

A look of disdain and contempt flashed across his eyes.

Chapter 304 I do not agree to remarry

"Listen to me, starting today, you are not allowed to have any contact with any man, including Li Zhijun, as for your daughter's father, from now on, you will cut off any contact between your daughter and him. Think about it, because from now on, she will live with you in the Li family, and she will be a member of the Li family from now on, and I don't want her life experience to be known to the world and become a scandal in the Li family." Li Zhenting's tone was authoritarian and cold.

Shen Ning finally understood why he was furious when Wu Lili mentioned that she had given birth to another man when they were in the Shaw VIP room that day. It seemed that he had already made up his mind to have a relationship with He remarried himself, and for the sake of his children, it is not difficult to explain why he took a photo of Sleeping Beauty and gave it to her.

It is because they want to repair the cold relationship between them.

But love can be repaired!

"Mr. Li, I think it's better to forget it. Why make things difficult for yourself? We all understand each other. There is really no need to compromise our feelings for the sake of our children. Love can wait or be missed, but it is the last thing to compromise. You and I are both adults, so there's no need to feel wronged, I think the children will be taken care of by each of us for a week, as long as we give them enough security and care." Shen Ning said lightly.

"From your point of view, you don't want to remarry me?" Li Zhenting frowned, with a cold face.

"Congratulations, you got the answer right, I really don't want to." Shen Ning said word by word.

During this period of time, he really wronged him.

For the sake of the child, he gave her flowers, bought gifts, and even remarried her. From this point of view, he is not too bad.

Just, does she need it?

"Shen Ning, say it again." Li Zhenting shouted angrily in a low voice.

Shen Ning shrugged, saying every word very clearly: "President Li, I don't agree with our remarriage."

Li Zhenting's face was dark and his eyes were dark: "Shen Ning, don't be ignorant. I am giving you a chance. You are a woman with two children. It is a gift to have a man marry you. You should be grateful." of."

"Then I'm sorry, I don't want to be grateful to Dade at all, and I don't need this kind of marriage." Shen Ning smiled at him and stood up, "Mr. Li, you have finished what you want to say. I have something else to do first. Let's go, in the future, you don't have to mention this again, I won't agree."

"You..." Li Zhenting clenched his fists.

He offered to remarry her, but she was still unwilling.

"Shen Ning, are you embarrassed to agree?" When Shen Ning walked to the door, he blurted out a question.

"No." Shen Ning stood still and turned around, shaking his head, "Mr. Li, I have experienced life and death, and I have lost my dear ones. For me, there is nothing to be embarrassed about. I just lived a transparent life."

She opened the door and walked out.

But at the moment when he turned around, he saw that the box was full of roses, the flowers were gorgeous, and everything was harmonious.

only

Things have changed between them for a long time, and it is impossible to go back to six years ago.

She hurried out, not daring to stay for another second.

'Shen Ning, I don't dislike you for giving birth to other men, yet you dare to refuse me.' Li Zhenting was furious, his fingers clenched into fists, rattling, his eyes filled with a gloomy cold light.

He raised his hand to sweep, and the dishes on the table fell to the ground. Depressedly, he took out a cigar and lit it.

In order to convince himself to accept the fact that she had given birth to another man, he had done a lot of ideological work on himself, and she didn't know how to cherish it.

There will be a day when she regrets it.

He took a deep breath of the cigarette, put out the cigarette butt, and strode out.

Chapter 305 You are very lucky

"Ning Ning." Shen Ning had just walked not far away, when suddenly someone called her from behind, and she turned her head.

Jing Chenxi was standing in the corridor not far away, holding a briefcase in one hand, with a gentle smile on his face, waving to her.

"Mr. Jing, what a coincidence." She walked up and smiled slightly.

"Yes, I didn't expect to meet you here, come, let's go in and have a sit together." Jing Chenxi warmly invited.

"No, I still have something to rush back to the company."

"Ning Ning, isn't Gu Qi going to display perfume in the exhibition hall of the Autumn Fair recently? The curator of the exhibition hall is also here today, just to discuss with him. In addition, my fragrance also wants to cooperate with your company for a period of time. Why don't we go together? Let's talk." Jing Chenxi said sincerely.

Shen Ning could only nod his head in agreement, and walked in with him.

About the joint exhibition and cooperation between Jing's Group's fragrances and Gu Qi's perfumes, she has heard from Uncle Marley that it is a good cooperation.

"Mr. Jing, you have a lot of good fortune, yes, very beautiful." As soon as they entered, the three men and two women sitting inside all stood up, very respectful, one of the men looked at Shen Ning and then turned Jing Chenxi gave a thumbs up.

"That's right, Mr. Jing, your girlfriend is so beautiful and temperamental." Another woman also fawned.

Jing Chenxi smiled: "Don't get me wrong, her name is Shen Ning, she is the legal representative of Gucci Perfume Company, and she is from my sister."

When the two women heard this, they immediately said excitedly: "So you are the boss of Gucci, I really like the Dream No. 1 perfume, and my mother likes the original love series, always urging me to buy it."

"Thank you very much." Shen Ning thanked with a smile.

Jing Chenxi led her to sit down on the main seat.

After everyone chatted for a while, Jing Chenxi had a drink with everyone, fearing that Shen Ning would not like the atmosphere, so he brought her out.

"Ning Ning, how is Shao's doing now?" Jing Chenxi asked with concern as the two were walking in the hotel garden.

"It's okay. I called my second aunt yesterday. She said that she had recovered all the shares from Wu Lili. Thank you for the evidence you gave me. Fortunately, I found it in time. If it was later, Wu Lili would take that little boy to roll the money." I ran away." Shen Ning glanced at him gratefully.

Jing Chenxi nodded slightly: "Wu Lili is too morally corrupt, if she is allowed to go, it would be really intolerable."

"Yes, now her legs were broken by my second uncle, and she is lying in the hospital. I heard that the little boy left her too. She really deserves it." Shen Ning sighed, "It's just that my second aunt suffered. All these years, only I can understand the grievances she has suffered."

"Yes, you are all good women, but good women may not meet good men, this world is really strange." Jing Chenxi sighed.

The two talked about this cooperation again.

As if they had a tacit understanding, they chatted very speculatively.

Finally, Shen Ning saw that it was almost two o'clock, so he left and went back to the company.

There was a meeting in the afternoon, and it was already ten past three when she came out. She took her bag and ran outside.

Ke Ke and Ding Ding are going to leave school, she has to pick them up as soon as possible, otherwise, they will be worried.

"Mommy." When she hurried over, she was still a few minutes late. She was still far away, and saw three little guys standing in a row waiting for her. Their cute little faces raised their heads. Looking at it, it was so cute, her heart was warm, and she walked towards them quickly, and the three children lined up and ran towards her cheerfully on their short legs.

Chapter 306 You don't deserve to take my child

"Ke Ke, Ding Ding, Xiao Xiao." Shen Ning squatted down at a certain distance from them, opened his arms, and shouted at them with a smile.

Three little cute babies ran straight into her arms and squeezed into her arms together.

Shen Ning's heart was warmed.

She picked up the three of them and kissed their little faces one by one. The three little ones were chattering back and forth in her arms.

At this moment, she felt that the air was sweet.

She stood up to help Xiaoxiao carry her schoolbag, and held their hands when she was about to leave.

Sudden.

There was a sound of footsteps from behind.

"Stop." A deep male voice came next.

Shen Ning's back stiffened, and he turned around.

I saw two Baobiao running over in unison.

Behind them, a tall man's figure was slowly walking towards this side.

Li Zhenting!

Shen Ning's eyelids twitched, he had a bad premonition, and his face turned pale.

Li Zhenting walked over steadily, staring at Shen Ning with gloomy eyes, expressionless.

Shen Ning subconsciously protected the children behind her.

A sneer of disdain floated on the corner of Li Zhenting's lips, and he looked at Ke Ke and Ding Ding behind her.

"Daddy." Seeing Daddy's ferocious appearance, Ke Ke called out timidly.

"Yes." Li Zhenting responded, and suddenly ordered Baobiao on both sides: "Take it away."

Two Baobiao rushed up immediately, picked up Ke Ke and Ding Ding one by one, and ran towards the Rolls Phantom parked beside him.

Soon, they got into the car.

"Li Zhenting, where are you taking the child?" When Shen Ning came to her senses, Li Zhenting was about to get in the car. She yelled and ran towards him.

Li Zhenting didn't even look at her, he opened the door and got in the car.

"Li Zhenting, stop for me." Shen Ning rushed over with all his strength and grabbed a bit of the suit on Li Zhenting's back, and grabbed it tightly, shouting, "Where are you going to take my child?"

"Let go." Li Zhenting said indifferently.

"Don't let go, Keke and Ding Ding are coming home with me today." She shouted stubbornly.

Li Zhenting frowned, and shouted roughly: "You don't deserve to bring my child."

He broke away from Shen Ning's hand, picked up the clothes on her back with one hand, and threw them heavily on the ground.

With a bang, Shen Ning was thrown and fell to the concrete floor.

He gracefully flicked off the wrinkled clothes on his body, stepped into the cab with long legs, started the car, and the car ran away in a hurry.

"Hey, Li Zhenting, you bastard, return the child to me quickly." Shen Ning got up and chased after the car, but after only a few steps, a puff of smoke came out from the back of the car and mixed into the traffic. She stamped her feet angrily.

"Mummy, don't cry, there is still Xiaoxiao." Shen Ning stood there crying, Xiaoxiao ran up and pulled Shen Ning's clothes, comforting him, "Daddy doesn't like you now, he wants to take Ke Ke Take it away with Tintin, and don't let you see it. This daddy is really bad."

"Xiaoxiao." Shen Ning looked down at Xiaoxiao's childish face, and hugged her suddenly, tears streaming down his face.

Li Zhenting, you are too **** and too ungrateful for martial arts!

It was agreed, the child will be mine this week, but you took it away by force.

Could it be that he punished her in this way because she rejected his marriage proposal today? How despicable!

Fortunately, she was wise and didn't reveal Xiao Xiao's background, otherwise, she would be really lonely now. At least, she still has her daughter Xiao Xiao to accompany her.

In desperation, she had no choice but to take Xiao Xiao home.

Aunt Dong was very angry when she heard this.

Chapter 307 How dare you use this trick to threaten him!

"Miss, when Mr. Li proposed to you for remarriage, you shouldn't reject him directly. Who is he? He is the richest man in the imperial capital. Usually, there are many women chasing him. Only women ask for his share. When did he get married?" He refused, and now he is obviously trying to retaliate against you." Aunt Dong sighed.

Shen Ning bit her lip: "Aunt Dong, don't worry, I won't let it go, I dare to do anything for my child, I've already died several times, I won't be afraid of anyone, this dog man If he provokes me, I will die with him."

"Miss, don't think that way. You are still Xiaoxiao. Keke and Ding Ding also need you. He is also angry. You go over and talk to him tomorrow. It is best if you can resolve it satisfactorily." Aunt Dong tremblingly persuaded.

Last time, she almost committed suicide for the sake of her child, and she doesn't want her to take the risk again!

Shen Ning looked at Xiao Xiao who was seriously doing homework over there, and nodded heartbroken.

Li's Castle.

"Daddy, why did you arrest us? Why didn't you bring Mommy and Xiaoxiao together?" Coco and Ding Ding were carried in by Li Zhenting, and they shouted dissatisfiedly.

Li Zhenting had a gloomy face: "Boy, your surname is Li, this is your home, and you will live here from now on. Don't mention Mommy and Xiaoxiao, otherwise, you are not allowed to eat."

"No, I want Mommy and Xiaoxiao." Ke Ke and Ding Ding spoke at the same time, puffing out their cheeks and glaring at him angrily.

Li Zhenting became angry: "Mommy, Mommy, all you want is Mommy, you can't live without Mommy, right?"

When Ke Ke heard that Mommy couldn't survive, she became anxious, fell to the ground, started to roll and splash, and cried loudly: "Mommy, my poor Mommy, why did you meet such a scumbag? , He not only robbed us, but also made you unable to live, it's too scumbag and bad."

He cried and howled miserably, which could be heard throughout the building.

Ding Ding saw Ke Ke like this, and was not to be outdone. He sat down on the ground and shouted miserably, each sound more miserable, and the whole house was filled with the cries of children.

Li Yuanyuan hurried downstairs when he heard the cries of his grandchildren.

"Oh, my little grandson, what's the matter?" She hurried over to hug Coco, but just as she picked up Coco, Ding Ding rolled on the ground again, making her helpless.

Li Zhenting is really popular this time.

These two brats are getting more and more aggressive day by day, how dare they use this trick to threaten him!

It's fine if you don't take him seriously, but now you dare to compete with him, it seems that if you don't scare them, they won't take him seriously.

present

With a dark face, he grabbed the clothes on the backs of the two little guys one by one and walked upstairs.

"Now let me ask you two: would you rather be locked up, or go down to eat, do your homework and play games?" He stood on the stairs and asked angrily.

It was probably the first time for the two little guys to see Li Zhenting get so angry, and they were a little scared, especially Ding Ding. In fact, in this family, he was most afraid of Li Zhenting. Once he got angry and almost threw his fart to death. up.

"Zhen Ting, what's going on? Don't speak so loudly to the children, it scares them." Li Wanqing followed up and asked.

Ke Ke saw grandma coming up, and immediately cried loudly: "Grandma, Daddy has snatched us here, we want Mommy."

Chapter 308 The sword is on the verge of breaking out

When Li Wanqing heard that it was related to Shen Ning again, her heart jumped.

"Zhenting, put the children down first, and talk if you have something to say." She shouted at Li Zhenting.

Who knew that Li Zhenting was really angry this time.

"Boy, tell me, are you going to be locked up, or stay in Li's house from now on, and obediently listen to Daddy and grandparents?" He asked angrily.

This time, Ke Ke was very bloody, shouting loudly: "I want Mommy, I want to stay with Mommy, not with you."

Li Zhenting was really angry, put down Ding Ding, grabbed Ke Ke, slapped his **** twice, threw it on the bed, and said: "You give me a good reflection here, and tell me when you think about it, otherwise you will be hungry." So, I won't go to school tomorrow."

"If you don't eat, you don't eat." Ke Ke received two slaps on the buttocks, but she was not afraid at all. Instead, she stood up and stared at Li Zhenting coldly, with red eye circles.

Li Zhenting also stared at him with gloomy eyes.

The two father and son are at war.

Li Zhenting was stunned to see Shen Ning's unyielding will from Ke Ke's eyes. For a while, he was very upset, went out, and locked the door behind him.

Ding Ding sat on the ground coldly and ignored him.

"Ding Ding, what about you, do you want Mommy or go downstairs to eat and play games with Daddy?" He looked at Ding Ding and asked, but there was hope in his eyes.

It is understandable to say that Ke Ke is rebellious, after all he was brought up by Shen Ning, but Ding Ding shouldn't be so attached to Shen Ning.

"I want Mommy too." Ding Ding didn't make a fuss anymore, just watched him speak calmly.

"Isn't it good to be with Daddy?" Li Zhenting was a little discouraged.

Ding Ding is not to be outdone: "You are sorry for Mommy, and you let us not get close to Mommy, you are a big villain."

"You..." Li Zhenting gritted his teeth angrily, "Well, you should be locked up too, it's really lawless, and Daddy won't listen to you."

He bent down to pick up Tintin, threw him into another room, confiscated their mobile phones, and locked the door.

He walked downstairs with a gloomy face.

The servants in the entire villa did not dare to show their atmosphere, as if they were cold.

Li Zhenting's face was so ugly that no one dared to speak out, for fear that if he accidentally offended him, he would be fired.

"Zhen Ting, why are you bothering with two five-year-old children?" Li Wanqing felt sorry for her grandson, but today her son's expression was too ugly, and she didn't dare to make him angry, so she had to come down and persuade him.

Li Zhenting was upset: "Mom, these two little guys are too presumptuous. They never put my daddy in their eyes. If they don't give them a little color, they will only grow up to be even more ignorant."

"Hey." Li Wanqing sighed, "Kids have to take their time, don't be in a hurry, besides, who in this world can give up the relationship between mother and child."

Li Zhenting was taken aback, then stopped.

At this time

The phone in his hand rang.

He glanced, it was Shen Ning calling, smiled coldly, and hung up directly.

Shen Ning kept calling his phone over there, until the phone rang n times before Li Zhenting finally answered it arrogantly.

"Li Zhenting, what happened to you with Ke Ke and Ding Ding? Why did you take my son away? You're a villain, you go back and forth." Shen Ning gritted his teeth with hatred.

Li Zhenting was furious, and his voice was cold: "Shen Ning, how dare you scold me, tell you, you will never see your sons again."

"Ah." Shen Ning's face turned pale, and he woke up instantly with fright, and immediately lowered his tone, and said softly, almost in a pleading tone: "President Li, I'm sorry, it's my fault, I just want to ask Next, how are the children doing now? Come to me if you have anything to do, and don't use the children as a tool for revenge."

When Li Zhenting got angry at Keke and Tintin at home, Housekeeper Luo called Shen Ning urgently. Shen Ning was so anxious that he had to call Li Zhenting.

Listening to Shen Ning's humble tone, Li Zhenting's anger finally calmed down a bit.

He looked outside, the sky was dark, it should be raining soon.

He half-closed his eyes, flashing a cold air: "Shen Ning, I order you to appear in front of me within half an hour, otherwise, you will never be able to see Ke Ke and Ding Ding in the future."

After finishing speaking, he ruthlessly hung up the phone.

Shen Ning held the phone in a daze, then suddenly turned around and ran outside.

Chapter 309 She is not worthy

"Miss Shen, I'm sorry, Mr. Li ordered you not to enter Li's Castle from today on." When Shen Ning rushed to the gate of Li's Castle in a hurry, the guard actually stopped her and said like this .

Shen Ning was stunned, wiped off the sweat on his face, and hurriedly took out his mobile phone to call Li Zhenting.

At that time, Li Zhenting was sitting in the study and drinking tea leisurely.

When the phone rang, he glanced at it, a sneer appeared on the corner of his lips, and he raised his white finger and pressed it off.

Shen Ning called again.

Li Zhenting pressed it down again.

After several times in a row, she became anxious, and said to the guard: "Your President Li let me come here. The young master hasn't eaten yet. Let me in quickly."

When the doorman heard this, he lost his mind, but he didn't dare to disobey the order left by Li Zhenting, so he could only say with a sad face: "Miss Shen, if President Li asked you to come here, then you can take out your voucher or call President Li Well, I'm just a small part-time worker, so I really can't make the decision."

Shen Ning thought so, so he had to call Li Zhenting again, but the **** turned off the phone.

She was so angry that she had no choice but to call Butler Luo.

Butler Luo also had no idea after hearing this. After all, Li Zhenting was furious tonight, and even the young master suffered, so what can he do.

"How about this, Miss Shen, you wait outside first, I'll go and ask President Li for instructions." After he hung up the phone, he walked upstairs cautiously.

Shen Ning had to stand outside and wait.

The night was getting thicker and thicker, and the autumn wind was blowing a little bit harder, so she shrank her neck.

"Ke Ke, Ding Ding, are you hungry?" Li Wanqing sat at the door of Ke Ke and Ding Ding's room and asked one by one.

"Not hungry." Coco replied stubbornly.

"I'm not hungry either." Ding Ding was unwilling to give in.

"Oh, my good grandson, why do you have to lose your temper with Daddy, go and say 'I'm sorry' to him, and then let's obediently go down to eat and play games?" Li Wanqing persuaded softly.

The two grandsons don't eat or drink, she feels distressed.

But her son was getting angry, and she tried to persuade him to no avail, so she could only act in a hurry.

"No, we won't give in to him even if we starve to death." Coco and Ding Ding spoke almost at the same time.

When Li Wanqing heard this, her head grew dizzy.

"Being hungry is not good for your health, you will get sick." She deliberately loudly ordered to the servant: "Quick, bring the ham sausage, mutton dumplings, big chicken legs, and prawns, I'm hungry, I want to eat first. "

The servant immediately agreed, and really brought a lot of delicious food.

Li Wanqing intentionally spread the aroma to the door, and shouted loudly: "Ah, it's delicious, it's so fragrant."

No matter how tempted she is.

Coco is not tempted.

Ding Ding just sat on the big bed dully, all he missed was his mobile phone.

Li Wanqing is really lost.

"Hey, this grown-up is as stubborn as a child, it's really not that enemies don't get together." She yelled angrily.

This son and grandson are more stubborn than the other, and neither shows weakness, but Li Jinyao ran to accompany them because the old man and the old lady returned home.

After a while, Butler Luo came up.

He walked carefully to the door of Li Zhenting's study, knocked on the door and walked in.

"Young Master." Li Zhenting was sullen, while Butler Luo whispered beside him.

"What's up?"

"Master, Miss Shen has been waiting at the gate for half an hour."

Li Zhenting narrowed his eyes, his eyes were cold.

"What's wrong?"

"She wants to come in and see the kids."

"She is not worthy, and she is not allowed to step into Li's house in the future."

Steward Luo was taken aback, and hurriedly replied in a low voice: "President Li, Miss Shen said that you asked her to come here."

Chapter 310 Will I deny my relatives because of you?

After thinking for a while, Li Zhenting sneered coldly, and said perfunctorily: "Let her in tonight first, and she must get my permission to enter Li's Castle in the future, otherwise, whoever lets her in will get out."

"Okay." Hearing that he agreed to Shen Ning's entry, Housekeeper Luo hurriedly agreed, bowed his head and walked out.

The night was getting darker, and Shen Ning had been standing at the gate blowing cold wind for half an hour.

At this time, the phone in the guard room rang.

"Miss Shen, please come in, the young master has already agreed." The security guard smiled.

"Okay, thank you." Shen Ning strode in after thanking him.

Fortunately, Housekeeper Luo was considerate and had already arranged a sightseeing car for her, so that Shen Ning took the car directly to the gate of Yunhuju, Li Zhenting's villa.

As soon as she got out of the car, the phone rang.

She saw that it was Li Zhenting calling, and quickly picked it up.

"Mr. Li." She didn't have dinner, she was cold and hungry at the moment, and she was a little awkward to speak, but she was more concerned about whether the children had eaten and whether they were locked up now, "How are Keke and Ding Ding now? "

"That's not something you should care about, you don't deserve it." Li Zhenting's voice was cold, without any warmth.

"Boss Li, please don't take revenge on the children, they are still young." Shen Ning said in a low voice, crying.

"Revenge?" Li Zhenting raised his eyebrows and smiled contemptuously, "Why should I take revenge? Just because you don't agree to remarry me, I want to take revenge on my sons? Am I that stupid? What are you? I will take revenge because of you." And the six relatives don't recognize it? Think too much, I, Li Zhenting, want to marry whom, as long as I ask, a lot of women will come to my door, the reason why I choose to remarry with you is only for the sake of my children. "

Shen Ning felt chills all over his body when he heard it, but what he said was the truth.

What is she? He is the richest man, rich and powerful. I don't know how many women are willing to climb into his bed. Will he be sad because of her rejection? It's just his self-esteem.

"Shen Ning, tell you, I already have a beloved woman, you are nothing in my eyes, it is better if you refuse, so that we can break up completely, now you are the one who begged me to take care of the child, Then show your sincerity, stand outside first, and come in only with my permission, otherwise, you go back." Li Zhenting said something again and hung up the phone.

Shen Ning was dumbfounded holding the phone.

Li Zhenting stood up and looked out through the large floor-to-ceiling glass windows in the study.

The gate of the villa.

In front of the mighty and domineering gate, the figure of a thin woman stood weak and trembling in the night wind.

His sword eyebrows twitched into a ball.

This woman really has the courage to refuse his marriage proposal!

How can she have such a lonely and courageous spirit? It seems that if we don't treat her well, she really thinks of herself as a character, which is amazing.

He turned around and walked out.

"Coco, Ding Ding, have you made up your mind? Do you want to hang out with Daddy in the future, or go beg with your mommy?" He stood at the door of the room and asked majestically.

"Huh." The two little guys hummed coldly at the same time, "We want Mommy, we will protect Mommy, Daddy is a big villain, we won't play with you."

"Uh..." Li Zhenting was so angry that his chest exploded.

What kind of drug did Shen Ning give his sons, so that these two little guys would not get in, no matter how intimidating and lure they would not give in.

It seems that he is still too gentle to them, and it is impossible not to let them know that it hurts a little.
