

## Troublemakers 31

Chapter 31 He is no longer a son of a bitch

"It's so ugly." Ke Ke didn't even look at it, and just spoke venomously.

This little girl is really annoying! Still pretty? Almost like a fairy!

"Ding Ding, you did it on purpose." Lan Lan was so angry that she stomped her feet, "Do you know where my dress came from? Mommy said it was worn by a Saudi princess, and you dare to say that my dress is not pretty, I'm going to tell Mommy."

"Ah Choo." Coco suddenly sniffed his nose and sneezed loudly.

Spitting Mu Xingzi splashed Lan Lan all over.

Lan Lan wiped the saliva off her face with her hands, pursed her mouth, and burst into tears.

Hey, women are such a troublesome species.

Coco is very troubled!

"Lan Lan, what's going on?" At this moment, a lady's luxury car drove up, the door opened, and Shen Mei walked out with a Chanel bag in her hand.

"Mommy." As soon as Lan Lan saw Shen Mei, she rushed over to hug Mommy as if seeing a savior, and burst into tears.

"My little baby, what's wrong with you? Why are you crying?" Shen Mei hugged Lan Lan and said distressedly.

"Mommy." Lan Jiaojiao cried, pointing to Ke Ke intermittently, "Mommy... Ding Ding... bullied me."

Coco was full of disdain.

He didn't bully her, she did it all by herself.

Who did he offend by playing Ultraman? Who stipulated that he had to play with her, saying that her dress was beautiful!

What an ugly girl!

He looked at Shen Mei coldly.

Looking at this, I suddenly felt a feeling of trepidation.

This woman is covered in makeup, her eyes are painted like a panda, her eyes are cold and fierce, like a vicious witch!

Compared with my own mother, one is in heaven and the other is in hell.

At this moment, Shen Mei also followed Lan Lan's fingers, and when she saw Ke Ke's face, Shen Ning's face flashed across Ge Di's mind, and her eyes were full of coldness.

Just got angry with Shen Ning at the company, but she didn't expect her son to bully her daughter again when she got home!

How unreasonable!

"Ding Ding, why are you bullying Lan Lan? She is your sister, don't you know you should let her go?" She strode up to Ke Ke and asked aggressively.

Little Keke faced Shen Mei, who was a few heads taller than her, with fierce eyes, and retreated unconsciously, feeling a little scared.

But he quickly stood up straight.

This woman bullied her mommy, he can't let her go!

"I didn't. It was Lan Lan who was shameless and insisted on playing with me." Ke Ke replied loudly, glaring at Shen Mei.

Shen Mei was furious, this little \*\*\*\* dared to talk to her like that!

"Little bastard, it's against the sky. You are punishing me to stand here, and you are not allowed to eat without my permission." She couldn't help but suddenly grabbed Coco by the ear and dragged him to stand under the sun.

Coco immediately felt pain in his ears.

"Damn old witch, let me go." Ke Ke was not easy to provoke, and she knew that Mommy had been beaten by her, so she was furious immediately, and she punched Shen Mei in succession. She was punched several times, and the last kick hit her knee. Her legs went limp, and she fell down.

Coco saw that he was in trouble, said seeyoulala, turned around and ran away.

He won't be the son of a \*\*\*\* anymore, whoever wants to be the one should go!

Zhengsheng Apartment.

"Xiao Xiao, why are they all boiled?" Coco looked at the boiled potatoes, sweet potatoes, boiled eggs, boiled cabbage... and boiled white noodles on the dining table, her face full of disgust.

Chapter 32 Give her a surprise

"Then what should I do, I can only boil it in water." Xiao Xiao shrugged her shoulders, her big eyes filled with helplessness.

She really can't cook! Ding Ding is even worse, he doesn't even know potatoes!

"Stupid." Ke Ke patted her head, "I will learn from my brother, otherwise I won't be able to get married when I grow up."

"Okay, brother." Xiaoxiao looked at her adoringly, smiling.

Ding Ding sat on the sofa with his head down and didn't speak.

Coco is back, which means he is going back to that home.

He doesn't want to go back at all.

In the past few days, he checked on the Internet and found out that he and Ke Ke, Xiao Xiao are brothers and sisters, and Shen Ning is his real mother.

He had only stayed with his mother for a few days, and he didn't want to leave her at all.

"Brother." Ke Ke walked over and patted him on the shoulder, "We are all one family, if you have anything on your mind, please tell me, and I will help you."

Coco comforts Ding Ding like a grown-up.

He lived in Li's Castle for three days, he understood Ding Ding's mood at this time, and sympathized with him.

A child without a mummy is like a grass, but Ding Ding is not only as simple as not having a mummy, he also has a vicious stepmother, which cannot be described as miserable.

Ding Ding nodded after being silent for a while.

After a while, Coco turned on the computer.

Three little heads squeezed together.

"It's so ugly, ugly witch." Looking at the picture of Shen Mei posing on the computer, Xiaoxiao stuck out her tongue in disgust.

"She's so vicious, she never cared about Tintin." Ke Ke nodded, "It was she who hit our mommy, but I also took revenge for mommy."

Ke Ke told his experience over and over again, now even Ding Ding had admiration in his eyes, and nodded in agreement.

The three little heads got together, lowered their heads and discussed for a while, Ke Ke entered Shen Ning's mobile phone number on the computer.

After a while, the location tracker on the computer showed an address.

Ke Ke laughed, this is the address where Mommy is new to work.

He is going to pick up Mommy from get off work this afternoon and give her a surprise.

Shen's living room.

"Mom, what should I do, that \*\*\*\* Shen Ning is back." As soon as Shen Mei got home, she threw herself on the sofa, burst into tears, beat the sofa and cried loudly.

"Ouch, my precious daughter, what's wrong with you? Tell mom, which \*\*\*\* is back?" Lan Feiyun hurried over and stroked her beloved daughter's head, asking distressedly.

"Mom, Shen Ning is back."

"Shen Ning?" Lan Feiyun looked at her incredulously, "Didn't she die of dystocia that night in the hospital six years ago?"

"No, not dead at all, we were all cheated by that nurse."

Shen Mei clenched her teeth while shedding tears,

"Not only is she living a good life, she has also become a well-known perfume blender in the United States. As soon as she returned to Gucci, she took away half of the equity. Now Zhenting trusts her very much. Mom, what should I do?"

Lan Feiyun's eyes were wide open, she was too shocked to speak, and stood blankly.

"What are you afraid of? Zhenting has already agreed to marry you. Besides, you have Ding Ding and Lan Lan, and Shen Ning is alone. Is it possible that Li Zhenting will look far away, regardless of the severity?" After a while, she comforted her with confidence.

Fortunately, Ding Ding was able to stay, so the Li family did not suspect Shen Mei.

Shen Mei sat up straight.

"Mom, what I am most afraid of now is the relationship between Shen Ning and Ding Ding. If Li Zhenting finds out, I will die. And you know that Lan Lan is not Zhenting's child." She said in a terrified voice .

Lan Feiyun's face was covered with thick haze.

Chapter 33 You are still alive!

"Meimei, it's not your mother who said you. You have been with Zhen Ting for six years and haven't given birth to a son and a half. Who can blame this?"

If you give birth to a child, you and Zhenting will have your own flesh and blood. Even if Shen Ning comes back and knows the secret, Zhenting will not do anything to you for the sake of the child, but why is your stomach so upset? Let's live up to it. Lan Feiyun sullenly scolded her daughter.

Shen Mei's tears flowed out again, stomping her feet:

"Mom, you think I don't want to, but in the past six years, Zhenting has never really touched me. How can you let me have a baby by myself?"

"Ah..." Lan Feiyun's eyes widened.

She never thought that the situation between Li Zhenting and her daughter would be like this! No wonder he has been reluctant to marry his daughter for so long!

Shen Mei cried even more miserably.

"Cry, cry, just know how to cry, you are dead, no matter how Li Zhenting is not interested in you, he is also a man, won't you think of a way.

As the saying goes, men chasing women, interlayer mountains, women chasing men, interlayer yarn, as long as a woman has a little wrist and is good at pleasing men, which man can stand up to it? It's just you being stupid. "

Lan Feiyun angrily sat down next to Shen Mei, whispering in her whisper.

Shen Mei's face gradually turned red.

"Mom, let me try!" she whispered.

"If you don't try again, the position of Mrs. Li will not be yours anymore, stupid daughter." Lan Feiyun nodded her forehead.

Hey, why is her daughter so stupid, she doesn't follow her at all!

The largest spice market in the imperial capital.

Shen Ning looked down for the important ingredient in the spice: Peruvian balsam.

"Boss, is there any Peruvian balsam from North America?"

"No."

...

After asking several companies in a row, all he got was this answer, and Shen Ning was in a bad mood.

This balm is used in several formulations of Gucci's perfume, and it must be produced in North America.

However, the largest spice market in the imperial capital could not be found.

She felt incredible!

Although Peruvian balsam is precious, North America produces a lot of it, and it's not so rare, but any regular big spice shop will have it.

But now there are none!

She frowned tightly.

"I'm sorry, I'm sorry, I'm sorry." When she was walking and observing carefully, she suddenly bumped into a strong chest, and she apologized repeatedly.

"Ning Ning, is it you?" Unexpectedly, there was a surprised voice from the other party, "You are still alive."

She looked up in shock, a young man in a royal blue suit, and a refined demeanor was standing in front of her, his eyes were dark and bright, full of surprise.

Jing Chenxi!

She was stunned and turned away.

"Ningning, don't go."

Jing Chenxi grabbed her and asked with concern,

"Where are you now? I've been looking for you for years."

Shen Ning shook his head, feeling miserable.

If she said how much she admired Li Zhenting in her past life, then Jing Chenxi admired her as much.

She followed in Li Zhenting's footsteps, she had him all in her heart, even if she married him and was humiliated by him, she would be happy with it.

And Jing Chenxi's pursuit of her has almost reached the point of madness, besieging her every day.

However, she didn't know how to recognize people with her eyes, her eyes were covered with sand, and she insisted on not giving him half of the wind and sunshine.

She felt so guilty towards him that she didn't want to see him again.

"Ningning, since we met, let's go to the cafe over there." Jing Chenxi pleaded cautiously, still as cautious as before, humble enough to make people feel distressed.

Shen Ning nodded after being silent for a while.

Finally they sat down in a decent coffee shop.

Jing Chenxi was born in a wealthy family. His ancestors have been engaged in the spice business for generations, and later also started a real estate business.

Meeting him here, Shen Ning thinks it is a possibility by chance.

After all, this is the largest spice raw material market in the entire imperial capital, and it is inseparable from his family's business.

Chapter 34 She didn't dare to expect extravagantly

"Ningning, you are still so gentle and beautiful."

Jing Chenxi stirred the coffee gracefully with her fingers, her eyes were covered with a layer of melancholy, her tone was warm,

"Can you tell me where you have been all these years?"

Shen Ning smiled lightly: "Boss Jing has been successful in his career these years, and he is proud of the spring breeze. I can't compare with you."

Just now, she searched on Baidu, and now Jing Chenxi is already a business tycoon in the imperial capital, and her power is not much worse than Li Zhenting.

With such a prominent and powerful man, she thinks she has no right to have anything to do with him, let alone she is the mother of two children.

She just wants to take revenge for her mother and leave here early with the children, and quietly live a poor life of her own. She has long since dared not hope for anything else, such as love.

"Mr. Jing, I'm only here to find Peru balsam. The company has something else to do, so I'm leaving first." After sitting for a while, she hurriedly said goodbye and left.

Jing Chenxi stared at her back with deep and lonely eyes.

Five thirty in the afternoon.

Coco wore a white shirt, jeans, a beret, a small bag, and set off on a super cool pulley.

Today he is going to pick up Mommy from get off work, and he hasn't seen Mommy for several days.

He misses Mommy so much!

Along the way, your feet are like stepping on Hot Wheels! He rushed towards Gucci Company like a little eagle.

The small figure, cool and cute, has attracted the approval of many passers-by.

Half an hour later.

Coco stood in Gucci's corridor.

Hey, it's late, many offices are already empty.

But which office is Mommy in?

He scratched his head, regretting that he hadn't contacted Mommy earlier.

When he took out his phone watch to call Mommy, Mommy's phone turned off!

"Kid, who are you looking for?"

The front desk lady was cleaning things and preparing to lock the door to leave work when she suddenly looked up and saw a four or five-year-old baby boy standing in the corridor.

Little Naibao is wearing a white shirt and jeans. Her skin is fair, her body is clean and dust-free, and her big eyes are twinkling. She is very cute.

She was attracted to him immediately.

Ke Ke turned her head, gave her an angelic smile, and said sweetly: "Beautiful young lady, I'm here to look for, look for, Shen... charming."

He originally said that he wanted to find Shen Ning, but he was clever and alert.

Mommy was beaten by Shen Mei here, which shows that Shen Mei's influence is stronger than that of Mommy.

He wants to use Shen Mei's hand to understand Mommy's situation here.

Sure enough, as soon as Shen Mei was mentioned, the eyes of the young lady at the front desk widened, and she walked over immediately, her face full of surprise:

"You, are you the young master of the Li family? Are you the son of Mr. Shen?"

Her big eyes are filled with disbelief.

The little guy in front of me looks exactly the same as Mr. Li, he is completely printed from the same mold, he must be the son Shen Mei gave birth to Mr. Li.

Don't be too handsome!

Mr. Shen was able to give birth to such a lovely and beautiful son for Mr. Li, no wonder Mr. Li wanted to marry Mr. Shen.

Which man would be willing to let his son not have a mommy?

She thought she had found an unprecedented eight coats, and the more she thought about it, the more excited she became.

Coco pouted and frowned.

This young lady at the front desk is too much, she always stares at his face, looking like a dementia.

Although he is handsome, he might not be able to attract such a mature young lady.

"Young master, your mommy is not in the company now, and she didn't come to work today." She bent down and smiled, very attentive.

Chapter 35 I feel sorry for him missing

"Then do you still have someone named Shen Ning here?" Ke Ke asked with a cute and cute expression, whispering in her milky voice.

Of course he knew that Shen Mei was no longer in the company, and he beat her up today. It would be \*\*\*\* if he could see her here. He wanted to ask this question on purpose to confuse the public.

"Oh, you mean Manager Shen, she went out to buy spices today and hasn't returned to the company yet." The lady at the front desk was softened by his cuteness, and immediately smiled and said, Shen Ning and Shen Mei are sisters, ask My aunt is always right.

Ke Ke's white and tender face was like an eggshell, and the front desk lady wanted to reach out and touch the child's little face with itchy hands.

But just after she raised her hand, Ke Ke tipped her toes, and the pulleys galloped outside.

"Hey, young master..." She waved and shouted, wanting him to pay attention to safety, but the cute pulley disappeared before her eyes like a spaceship.

She patted her forehead, OH, MYGOD, I was so lucky today, I actually saw the sons of Mr. Li and Mr. Shen. The young master of the Li family is not only handsome, but also smart, cute and soft.

She opened the phone photo album with a smile.

Just taking advantage of the gap between talking with the little guy, the sneak shot was successful.

Nine times out of ten, the employees of the company have never seen the son of the richest man in the imperial capital, Mr. Li. With this photo, she can gain a wave of envy!

She hummed happily, picked up her bag and got ready to leave work.

But just take a few steps.

Sudden

The phone at the front desk rang.

She tiptoed and reached for the phone to pick it up.

"Li...Mr. Li." Soon, a high-pitched and icy voice came from inside, her face changed color, and she was so frightened that she lost her soul.

The call turned out to be from Li Zhenting.

"Li, Mr. Li, yes, I saw it just now. The young master has been here, but he just left." The front desk lady stammered and told what happened when Ke Ke came here.

Li Zhenting hung up the phone with a gloomy face.

Shen Mei stood beside her, not daring to breathe.

"Zhen Ting, I'm sorry, I shouldn't have punished the child, but Ding Ding is also my son, and I feel sorry for him when he is gone." Shen Mei shed tears and lifted the long skirt on her knees, "Look, I This knee was kicked by him, there is no son in this world who beats his mother, I taught him a lesson for his own good."

Li Zhenting's eyes were gloomy.

Ding Ding can beat Shen Mei?

He doesn't believe it.

Although Ding Ding has not been close to Shen Mei since he was a child, he is still afraid of Shen Mei and never dares to hit her.

But the bruises on Shen Mei's knees are also real.

It seems that we can only find the child first and then understand the situation.

He turned around and strode out.

Shen Mei looked at Li Zhenting's anxious and heavy back, and snorted coldly.

I know how to care about my son. When did you care about her?

Gucci Plaza.

"Mommy, where are you?" Ke Ke slipped around and couldn't find Mommy, then got discouraged and slipped back to call Shen Ning with her phone and watch.

This time, the call finally got through.

"Ke Ke, what's the matter? Mommy is looking at spices in the southern area, and she will be back soon. You should stay at home and wait for Mommy." Shen Ning replied gently with a smile on his lips.

"But Mommy, I'm here at Guqi Plaza. I wanted to give you a surprise to pick you up after get off work, but I couldn't find you." Coco said eagerly.

"..."

Shen Ning's eyes turned hot, this child... She gave some instructions, put down the phone immediately and hurried back.

On Guqi Square.

Keko stepped on a pulley with both feet and started fancy skating on the square.

His small body swooped forward for a while, then leaned back for a while, and then turned sideways in a beautiful circle. His posture was chic and cool, which caused a few little girls next to him to scream, and many adults also smiled. looking at him.

When he was in full swing, an extended version of Lincoln drove over and stopped on the side of the road inadvertently.

Chapter 36 Does she know Tintin?

The car door opened, and Li Zhenting's slender body stepped out of the car.

What a brat, he ran away from home and came here to have fun! I don't even want to go home!

He strode toward him.

Ke Ke turned around and almost peed out of fear suddenly.

Li Zhenting, his scumbag father actually found here.

He is about to be taken back to Li's Castle by the scumbag again!

No, he doesn't want to go back!

He slammed his feet on the pulleys and slid forward.

It didn't take long, not far ahead, Shen Ning was getting off from another car.

He was dumbfounded.

what to do?

If Daddy sees him with Mummy, it will be troublesome!

Mommy never wants Daddy to know that he and Xiaoxiao exist.

With a little head, he turned around and slid towards the Gucci Building.

"Ke Ke." Shen Ning saw his son's flexible figure as soon as he got out of the car, and called out, but saw him slipping into the building, smiled, and quickly chased after him.

Li Zhenting was striding to chase Tintin.

Ge Di was stunned.

Over there, Shen Ning was also walking towards Tintin.

What is the situation?

What is she going to do? Could it be that she knows Ding Ding?

His eyelids twitched and he slowed down.

At this time Ding Ding had already entered the building, he hesitated, followed quickly, stood at the door, and looked inside.

Looking at this, his face was instantly gloomy, and his eyes were icy.

I saw Shen Ning holding Ding Ding's hand, talking to him, and touching his head from time to time, looking very familiar.

She turned her back to him, and there were too many people in the building, so she couldn't see her face, and couldn't hear what they said.

His eyes narrowed dangerously.

Shen Ning, how did you know my son?

If you dare to do something bad to my son, I will not let you go.

Coco's little head is getting bigger.

The door.

Daddy Scumbag was looking at Mommy with gloomy eyes, as if he wanted to eat Mommy alive.

He must never let Daddy hurt and suspect Mommy!

"Mum, wait for me first, I have something to do in the Internet cafe." He had an idea and slipped into the Internet cafe next to him.

When Shen Ning wanted to call him, he had already disappeared.

She smiled and shook her head.

This child can't move as long as he sees computers in Internet cafes and the like.

Li Zhenting's sinister eyes were fixed on this side, and he was about to go in to find Shen Ning.

Sudden

From the roof of the building, Ke Ke's immature cry came: "Daddy."

As soon as he looked up, he saw Ding Ding's little face appearing in the upstairs window, smiling.

"Boy, come down quickly and go back with me, if you don't come down again, I'll spank your ass." He said with a straight face.

"Okay, I'll be right there." Coco replied, with a little kick, the pulley slid towards the opposite exit.

Within a few seconds, Li Zhenting saw Ding Ding's small body nimbly slipping to the exit, and stood there motionless.

Li Zhenting waved at him.

But the kid remained motionless, as if waiting for him.

He had no choice but to turn his head to look at the hall where Shen Ning was in a daze, and had no choice but to give up on her and walk in the opposite direction.

Ke Ke laughed out two small canine teeth!

Yeah, finally brought the scumbag over here!

But he was not willing to just go back to Li's Castle with Li Zhenting like this, and with a little kick, he slipped towards the exit of the square, trying to get rid of him.

"Boy, stop." Li Zhenting shouted angrily.

Coco slipped faster.

Li Zhenting seemed to have expected that he would run away, and pressed the car key in his hand, only to see that the extended version of the luxury car started, and the long body blocked the exit.

Chapter 37 Has anyone bullied you?

"Daddy, I miss you so much." Seeing that there was no way out, Ke Ke rolled her eyes, and immediately flew towards Li Zhenting with open arms, calling affectionately as she flew.

Li Zhenting didn't know whether to laugh or cry. Looking at the cute and cool expression of the little guy, the corners of his lips raised, and he opened his arms to hug him.

"Stinky boy, who told you to come here?" He asked with a straight face.

"Daddy, Mommy hit me, she doesn't love me at all, it hurts me so much." Ke Ke pursed her lips, squeezed out two tears, complained while crying, very miserable.

Li Zhenting's heart softened inexplicably, he picked up Coco and walked towards the Lincoln car, and ordered while walking: "Boy, man, don't howl, go home first."

"Daddy, I'm not a man, I'm just a baby boy." Ke Ke pouted and refused to admit it.

Li Zhenting smiled slightly and rubbed his little head.

Ke Ke laid her round face on his shoulder, wiped all the tears and snot on his shoulder, but looked at the Internet cafe over there.

Mommy, I didn't mean to, go back quickly, and I'll pick you up from get off work later!

In the Lincoln car.

As soon as Li Zhenting started the car, Ke Ke climbed onto the soft sofa behind.

"Ding Ding, where are you?" He lay on the end of the sofa and called Ding Ding.

How to do it?

He was captured by Li Zhenting and returned to Li's Castle to become a son of a turtle.

He doesn't want to go back to that old castle at all!

"Internet cafe." Ding Ding stared at the game console without squinting, and spoke briefly.

Ke Ke patted his forehead when he heard it, no wonder, he hasn't come home yet, the scum daddy must have thought he ran away from home again and came here.

"Hurry up, Mommy is now at Guqi Square. I have been taken back to Li's Castle by Daddy. She will be anxious if she can't find me." Coco immediately told Ding Ding the unfortunate news.

"Oh, okay." Ding Ding's eyes lit up, he hung up the phone and ran downstairs.

It turned out that after Ke Ke came back, Ding Ding had to go back to Li's Castle first, but he didn't want to go back to that cold castle at all, so he went to an Internet cafe in Guqi Square to play games.

In fact, he had already seen the scene where Ke Ke was taken back by Li Zhenting just now, and of course he also saw Shen Ning waiting for Ke Ke outside.

yeah! He can be with His Majesty Mommy again!

"Mummy." He ran up to Shen Ning and held her hand.

Shen Ning looked down and smiled: "Ke Ke, can you go home now?"

"Yes." Ding Ding nodded emphatically.

"Then let's go, Xiaoxiao is still waiting for us at home." Shen Ning took Ding Ding's hand, and the mother and son went home talking and laughing.

After hanging up the phone, Ke Ke lay back on the sofa in the caravan, resting her head on her hands, full of worries.

what to do? I'm going to see that ugly witch again later, will she clean him up?

However, fortunately, after getting along these few days, he confirmed that Daddy is his own, and it's not bad for him!

After a while, the Lincoln RV stopped in front of the villa.

"Ding Ding, where have you been? Mommy is so worried about you." As soon as Li Zhenting's car stopped in Li's Castle, Shen Mei limped up to meet her, opened the car door, and she burst into tears and snot. Come and hug Coco and cry!

Coco was stunned!

How is this going?

How could the ugly witch treat herself so well! Look at this appearance, it's exactly the way a mother treats her son!

"Ding Ding, tell Mommy, is there any bad person bullying you? Do you know? Mommy is so worried about you, she can't even eat." Shen Mei limped and carried Ke Ke out of the car, carefully examining him. For fear that someone would bully his own son, he wiped his tears from time to time.

Chapter 38 Will you like her?

Ke Ke blinked her big eyes. In the morning, this ugly witch was still fierce to her, but now... Could it be that she wronged her?

"Let's eat first." At this moment, Li Zhenting took Ding Ding from Shen Mei's hand, hugged him into his arms, and said lightly.

Ke Ke lay on Daddy's shoulder, and all the servants came out to greet her, shouting 'Master, Young Master' one after another.

Shen Mei was super gentle following her butt, and she was not too kind to him, even surpassing Lan Lan.

After all, she was still a child, and Ke Ke felt a little dizzy for a while.

After dinner, Coco took a shower and returned to the children's room.

Li Zhenting pushed the door open and walked in.

"Boy, why did you go to Gu Qi?" He had a serious face.

Today he saw Shen Ning and Ding Ding talking with his own eyes, as if they knew each other. This made him very vigilant, and he had to figure it out.

He was worried that Shen Ning had secretly reached out to Tintin for revenge!

This is too dangerous!

Ke Ke rolled her big eyes, and said in a milky voice:

"Daddy, I was really angry and ran away after being beaten by Mommy today, but then I still thought I was wrong and wanted to confess to Mommy, so I went to Gu Qi, the company where Mommy works."

"Yes." Li Zhenting nodded upon hearing this, and this statement is also reasonable.

"What did that woman tell you? Do you know her?" Li Zhenting followed up.

Ke Ke blinked her big eyes, deliberately not understanding, and asked:

"Which woman?"

Li Zhenting's eyes darkened a bit: "Before you ran into the Internet cafe, a woman asked you to talk. Who is she? Why did she talk to you? What did she say?"

"Oh, it's that woman. I don't know her, but she looks a bit like Mommy, and she is so gentle and beautiful. I like her very much, so I called her 'Auntie'. She looked at me and smiled. Ask me, my lord, why do you stay here alone? Because Daddy said that children are not allowed to talk to strangers, I was afraid that Daddy would blame me, so I ran away."

"Oh." Li Zhenting was taken aback.

It seems that Shen Ning doesn't know Ding Ding anymore, it's just a chance encounter!

"Boy, don't run around anymore, it's very dangerous outside." Li Zhenting put on a straight face, the world of children is too naive, how can he know the complexity of society, "If there is anything you can call Daddy, understand?"

"understood."

Koke nodded with a smile on his face, and suddenly blinked and asked tentatively,

"Daddy, that auntie is really gentle and beautiful today, will you like her?"

Li Zhenting was taken aback, and immediately sullenly said, "Boy, what nonsense are you talking about?"

Ke Ke pouted, he wasn't talking nonsense, didn't he promise to marry my mommy, she is my mommy.

"Ding Ding, a manly man, you must be brave enough to take responsibility, be able to afford it, and let it go. You can't run away from home to avoid problems. Today, Mommy was fierce to you and beat you. I have already criticized her, but you are hers. Son, a son can't beat Mommy, you know?"

He really has a headache. This kid leaves home every now and then, making him look like a bitch. Is there something wrong with his education?

His genes are so good, his son's genes will only be better than his.

"Got it." Coco pouted.

His mommy is beautiful and gentle, he is not willing to beat her, only that annoying ugly witch, he will take good care of her!

"Okay, go to bed quickly, it's getting late." Li Zhenting raised his wrist to look at his watch, hugged Ke Ke to the bed, covered him with the quilt, turned off the light and went out.

In fact, this kind of Ding Ding is innocent and lively. Although he is a bit mischievous, he is still very cute. He likes it very much. These days Ding Ding is much better than before. He is enthusiastic, cheerful and lively. Compared with the cold and uninterested appearance before it was so much better, he was very happy.

After he went out, he turned around and walked towards Lan Lan's bedroom.

Chapter 39 Daddy will never want you

In the pink princess room.

"Little Barbie is obedient, Mommy will paint you lipstick, dress up obediently." Lan Lan stood on the bed with pink pillows on her feet and put on makeup for a one-meter-tall Snow White. She knew that Snow White was half a head taller than her. She wanted to be its mother and dress it up beautifully.

Li Zhenting pushed open the door and walked in slowly.

"Daddy." Lan Lan turned her head, only when she saw Li Zhenting, nervousness and fear flashed in the eyes of the smart little guy, but soon, two dimples appeared on her round face, and she ran towards him with open arms Come.

Li Zhenting couldn't help a gentle smile on his tense face, and opened his arms to hug her.

"Daddy, I love you so much." Lan Lan hugged Li Zhenting's face and kissed again and again, "I'm very obedient and sensible, do you like Lan Lan?"

Li Zhenting was so attached to her that he couldn't laugh or cry.

Whenever she made a mistake, she would give him this trick.

Not to mention, this method is very effective. Every time, she will escape punishment, which also makes her more and more courageous, and her behavior becomes more and more outrageous.

And every time she bullies Ding Ding, the tricks are endless.

this time

Li Zhenting has no intention of letting her go.

Ding Ding has run away from home twice, and things are serious.

"Lan Lan, stand still, Daddy has something to tell you." Li Zhenting put Lan Lan on the bed and ordered her to stand still, with a serious tone.

Lan Lan stood terrified, her \*\*\*\* grape-like eyes rolled back and forth with tears in her eyes, and her expression was cowardly and cute.

Li Zhenting straightened his face: "Lan Lan, why do you always bully Ding Ding? He is your brother, you have to respect and love him, understand?"

Lan Lan sniffed and nodded, "Daddy, I love my brother so much that I don't bully him, but he just ignores me and calls me ugly."

Li Zhenting's eyes sank: "Lan Lan, you are you, he is him, you go to him, it is his right if he ignores you, you have no right to force him to do anything, everyone is an individual, has His own choice and hobbies, he can choose to ignore you, as long as he doesn't violate you, he is not wrong, but you keep pestering him and forcing him to do things he doesn't like, it's your fault, understand? "

Lan Lan looked at Li Zhenting's serious face, nodded, and said softly, "Daddy, I was wrong."

"You take the initiative to apologize to Ding Ding tomorrow, and you are not allowed to force him to do anything in the future, you know?" Li Zhenting's tone was already very severe.

"Okay." Lan Lan pouted and nodded, tears streaming down her face, "Daddy, you don't love me anymore, don't you want me?"

For some reason, at a young age, she was very afraid that Li Zhenting would not love her, and would not want her anymore. Every time she made a mistake and was criticized by Li Zhenting, she always asked this question cautiously.

Her cautious and cute appearance will always make Li Zhenting's heart soft.

He felt that his education was a failure. One of the two children seemed to have autism. He shut himself in his own small space all day long, did not communicate with others, and ran away from home at every turn. Although Tintin has become better now A lot, but there was still a strange feeling that always made him feel unreal.

And the other willful, domineering and sensitive.

Thinking that Li Zhenting's genes are so good, how could he give birth to such a child.

"Lan Lan, as long as you correct your mistakes, Daddy will love you as always. No matter what time you are, you are my good daughter, a caring little padded jacket, Daddy will never want you." He lightly Caressing her little face, wiped away her tears, and spoke gently.

Chapter 40 I will marry you as soon as possible

"Daddy, you are so kind, I love you so much." Lan Lan threw herself into Li Zhenting's arms and acted like a baby.

She really likes Daddy, even more than Mummy.

Daddy is handsome and kind, and cares about her, she loves Daddy so much!

Li Zhenting smiled slightly, and kissed her forehead: "Go to bed, it's getting late, and I have to go to kindergarten tomorrow."

"Daddy, I want you to tell me the story of Snow White." Lan Lan lay down obediently under the quilt, and held Li Zhenting's hand, her voice was so soft that it seemed to melt.

Li Zhenting smiled slightly: "Okay, close your eyes, and I will tell you."

...

It was night, and a crescent moon slanted into the study from the horizon.

Li Zhenting was sitting at his desk correcting documents, feeling inexplicably irritable, and Shen Ning's face would flash across his mind inexplicably.

While he was staring at the computer in a daze, the door suddenly opened.

"Zhenting." Shen Mei twisted her waist, walked in with light steps, and spoke softly.

"Hmm." Li Zhenting looked at the computer and said "Hmm".

"Zhenting, I'm sorry, I shouldn't be so fierce to Tintin today, but I was in a bad mood at the time, please forgive me, I didn't mean to do that." Shen Mei stood obediently beside Li Zhenting with her head bowed, with a soft expression on her face. Weak and weak appearance.

She just got out of the shower, and she exudes a faint orange blossom fragrance, which is exactly the kind that Li Zhenting likes.

Li Zhenting sniffed his nose, raised his eyes, and Ge Di's face changed color.

The woman next to her is wearing a nearly transparent bathing dress with nothing on, and the scenery is unobstructed from top to bottom!

He is also a \*\*\*\* man, his ears turned red immediately, and he quickly sat upright.

"Zhen Ting, don't worry, I will treat Ding Ding well in the future, he is my own son, and I will still count on him to support me in the future."

Shen Mei suddenly sat her whole body limply on his lap, wrapped her arms around his neck, leaned her whole body against him, acting like a baby,

"Don't be angry with me, okay?"

Li Zhenting's breathing was stagnant, and he reached out to break the woman's wrist.

But Shen Mei seemed to have made up her mind this time, her hands were tightly wrapped around his neck, her soft body was clinging to the man's strong chest, panting slightly:

"Zhen Ting, I love you, don't you want me? We have known each other for six years, and I have already given birth to you a pair of lovely children, and you plan to marry me, but why don't you want to touch me? ? Am I not good enough, not gentle enough? Or did I do something wrong, please tell me and let me change it?"

She gently touched the man's thigh, and her red lips were about to kiss Li Zhenting's lips.

"Shen Mei, don't do this." Li Zhenting suddenly pushed her away, Shen Ning's arrogant and bright face flashed in his mind, and he stood up in shock.

Shen Mei was pushed so that her back hit the desk, the pain made her face change color, but what made her even more aggrieved was that Li Zhenting refused her embrace.

"Zhen Ting, why did you do this? Don't you like me? Don't you want to marry me?" She was extremely wronged, and tears glistened in her eyes.

Li Zhenting was silent for a while, and said warmly: "Meimei, as long as you are patient with Tintin in the future, and take care of the children, I will marry you as soon as possible. I will give you the status, fame and fortune you want." Here you go."

Shen Mei blinked her big tearful eyes, her face remained calm, but she was secretly happy in her heart.

Sure enough, what my mother said was right, a man still can't stand the temptation, but she doesn't want to stop there, she wants not only his power but also his people, after all, she has loved him for so many years.

"Zhen Ting, since we are about to get married, can't we be as close as all the couples in the world? Why don't you want me?"

She threw herself into his arms again, with tears streaming down her face, her fingers stroking the muscular abdominal muscles on his chest, her fingertips all the way down.
