

Troublemakers 311

Chapter 311 She stood stubbornly in the wind and rain

He became angry and said angrily: "Very well, since you two are so ignorant, then go hungry, and you are not allowed to go to school tomorrow, and your mommy will not be allowed to meet again in the future."

He flicked his sleeves and walked to the study in a huff.

When the two little guys heard this, they cried loudly inside, crying hoarsely.

Li Wanqing was so anxious that she hurried to the study.

"Zhen Ting, why do you have to be angry with the children? Didn't you hear them crying so badly inside? You don't feel sorry for me, but I feel sorry for you. When is this? The two little guys don't even have dinner. Didn't eat, is there anyone like you who can be your father?" She said in a serious tone.

But Li Zhenting was unmoved at all, and replied: "Mom, it is precisely because of his obedience to them that he has developed his arrogant character. This time, I must cure their bad habits, and I will not be used to it." them."

Li Wanqing was anxious and distressed, but she couldn't persuade her son to give in, so distressed that she burst into tears.

"I think it's because you are arrogant, and you also said that the children are arrogant." She sternly criticized and walked out.

The night gradually deepened.

Shen Ning huddled up outside, the autumn night wind was really cold, she walked in a hurry, wearing little clothes, standing shivering in the cold wind.

She tried to call Li Zhenting's mobile phone, but they were all turned off.

She didn't know what was going on with the children inside, so she called Butler Luo, who came out to meet her and told her that Ke Ke and Ding Ding were still locked in the room, didn't even eat dinner, and told them not to leave tomorrow. Go to school, and don't let the kids see her again.

She was angry and frightened, and she didn't dare to leave. She was afraid that after leaving, the children would starve to death, and she was even more afraid that she would never see them again.

Butler Luo didn't dare to let Shen Ning in, for fear that Li Zhenting would blame him if he found out.

Shen Ning could only stand in the night wind and wait for Li Zhenting to show kindness and allow her to go in to meet the children.

The sky suddenly began to rain. It was small at first, but gradually, it got bigger and bigger. The rain quickly soaked her hair, clothes, and then her whole body.

Butler Luo couldn't stand it any longer, and came out with an umbrella.

"No, I don't want it." Shen Ning shook his head and refused.

If she guessed right, Li Zhenting must be punishing her on purpose.

He's upstairs.

She can't see him, but he must be able to see her.

If he saw that Butler Luo gave her an umbrella to take care of him, he would definitely get even more furious, thinking that she was insincere, and it would only be the children who would be angry.

Butler Luo reluctantly went in.

She stood stubbornly in the wind and rain, letting the rain drip from her face and body, her face became paler and her lips trembled.

"Master, Miss Shen is still standing at the gate." After a while, Butler Luo couldn't bear it anymore, and knocked on the door of Li Zhenting's study at the risk of being scolded.

In the study, Li Zhenting was answering a call from Li Minhua.

"Zhen Ting, didn't your grandfather make an agreement with you last night? Let Shen Ning and the children stay with me until you remarry Shen Ning." Li Minhua personally grasped the ingredients today and cooked them for Shen Ning and the children. There was a table of delicious food, but in the end, she waited and waited until it was dark and didn't see them coming, so she called Li Zhenting.

"Grandma, I promise to send Coco and Ding Ding to you tomorrow. It's too late today." Li Zhenting accompanied him with a smiling face.

"Boy, are you bullying Shen Ning again?" Li Minhua asked worriedly.

"No, why am I bullying her?" Li Zhenting was a little guilty, and looked outside, it seemed that it was raining heavily.

At this moment, Butler Luo's voice came from outside.

He held the microphone, opened the door, stared at Butler Luo with piercing eyes, and motioned for him to leave.

Steward Luo saw his terrified expression, so he had no choice but to retreat.

Chapter 312 I might die here tonight

"You'd better not bully her, otherwise, I won't let you go." Li Minhua said after threatening, "Well, I've made so many delicious food here, I'll send someone to Shen Ning, Ke Ke and Ding Ding sent it here, and it would be a waste to put it here, what a pity."

"Okay, okay." Li Zhenting accompanied him with a smiling face.

"Remember to bring Ke Ke and Ding Ding over tomorrow, otherwise I will go to Li's Castle to bring the children, and I won't let you see the children again." Li Minhua confessed again when he put down the phone.

Li Zhenting quickly agreed.

From childhood to adulthood, he was brought up by his grandparents. He respected them both very much and dared not refuse to listen. On the contrary, he was not so filial to Li Jinyao and Li Wanqing.

After putting down the phone, Li Zhenting became more depressed.

He walked to the glass window, staring out with gloomy eyes.

Under the dim light, the woman was still standing at the gate, and the wind and rain did not make her flinch at all.

He went to the desk with a sullen face and sat down, picked up another mobile phone, and clicked on Shen Ning's profile picture.

"Are you there?" He asked after sending a greeting expression.

He didn't reply for a while, and when he was about to put down his phone, he replied with a message: "Yes."

"Where?"

"At the door of my ex-husband's house."

"Where are you going and what are you doing?"

"My ex-husband's **** snatched my son away and didn't let me see him. It's too bad." Shen Ning sent a tearful expression.

"Oh, so what are you going to do?"

"No way, I can only come to him and beg him. He has locked up my two sons and won't let me see them. I am suffering very much now."

Li Zhenting's eyes darkened.

"Lawyer Niu, can you help me? I want to file a lawsuit to get back the custody of the children."

Li Zhenting was silent for a while, and asked: "What if you lose?"

"I have to go to court if I lose. I can't just watch my child being taken away by him. My son is very sensible and caring. He will cry if he doesn't see me. I can't bear to make him sad."

"Why is your son so caring? Is it because you often speak ill of your ex-husband in front of him?" Li Zhenting couldn't bear to ask.

Shen Ning was taken aback, why did the Niu lawyer ask such a strange topic today?

"I don't. My son grew up with me, and he hasn't even seen his daddy. Of course, he won't kiss his daddy. It's nothing strange."

"So, let your son spend more time with Daddy, and he will kiss Daddy."

Shen Ning felt weird when he saw this.

"Not necessarily, it depends on the communication with the child and the replacement of family affection. My son has been with his daddy, but he still doesn't like his daddy, but he likes me after only staying with me for a while. Explain the irreplaceability of maternal love and the importance of family communication."

Li Zhenting has nothing to say now.

Why did Shen Ning feel that Lawyer Niu was a little unreliable? He originally wanted to invite him to a lawsuit, but at this moment his heart became cold again, so he just sent a message: "Forget it, let's not talk, I am now Cold, hungry, and raining, I might die here tonight."

She closed WeChat and wiped the rain from her face.

The chill kept coming over me, and I gradually felt a little trance-conscious.

After a while, she saw a tall man walking towards her holding a **** umbrella in the heavy rain.

She thought she was hallucinating and wiped her eyes with her hand.

But the man's figure was getting closer and closer, and soon, a cold wind was blowing on her face.

She looked up at him.

Surprised.

It's him

He finally came out.

Chapter 313 Overreaching

"President Li, I want to see my son, please take me to see them, are they okay?" Shen Ning asked tremblingly with a pale face.

Li Zhenting looked at her sullenly.

The woman's face was pale, her whole body was covered with rainwater, her teeth were trembling when she spoke, her eyes were red with tears, her hair was wet from the rain and stuck to her face, her loose clothes were soaked by the rain After getting wet, she clings to her body, revealing her exquisite and uneven figure, which is full of lines.

He moved his Adam's apple and lifted the umbrella over her head.

"Boss Li, I want to talk to my sons, can you take me there quickly?" She grabbed his hand with both hands, her face glowing eagerly.

Obviously already embarrassed like a dog in water, but at this time her eyes are full of light, like stars shining in the dark night sky, dazzling and amazing.

The clothes that cling to her body make her look even more **** and charming.

He was startled.

"Mr. Li, I know you hate me. I don't deserve you. I'm not even a puppy. I'm not on the same level as you. I agree with all of these, but I don't have anything else to ask for now. I just ask you Let me meet the children." She kept talking with her mouth open, flattering and humble.

Li Zhenting swallowed his Adam's apple, his eyes were as dark as the sea, and he wanted to eat people.

"President Li, please, let me see the child, please." Shen Ning tugged on his sleeve and acted coquettishly, trying to curry favor with No Offline.

The light in Li Zhenting's eyes became softer.

Knowing her for so many years, this is the first time he saw her acting like a baby, with a special flavor and coquettishness.

"Come in." He whispered a few words, turned around and walked in.

Shen Ning was pleasantly surprised, and raised his heels.

"Ouch." She screamed suddenly, and fell forward.

It turned out that she had been standing for too long, her feet were numb, coupled with the cold, she was top-heavy, and when she lifted her feet, she fell forward without support.

When Li Zhenting turned around, she happened to fall towards him.

He opened his arms and embraced her.

Shen Ning fell on top of him, unable to stand up again.

Li Zhenting's heart softened inexplicably, and he picked her up and walked inside.

"Ning Ning, how could this be?" Li Zhenting put Shen Ning on the sofa, and Li Wanqing just walked over and turned pale with shock when she saw it.

This Li Minhua sent someone to deliver food, if you see Shen Ning's appearance, you can't blame her son.

"Zhen Ting, what's wrong with Ning Ning?" She looked at her son with questioning eyes and dissatisfaction on her face.

Li Zhenting had a sullen face and did not speak.

"Hurry up, Mom Luo, get some hot water and bring some clean clothes." Li Wanqing saw that Shen Ning was drenched and pale, worried that she would get sick, and immediately told Luo Mom.

Luo's mother hurried to go.

After a while, she brought hot water and clean clothes.

Li Wanqing bent down and wrung out the towel to wipe Shen Ning's face. The hot towel wiped Shen Ning's face and Shen Ning regained consciousness. When she opened her eyes and saw Li Wanqing, she immediately sat up.

"Ning Ning, hurry up, change into clean clothes first, and I'll make **** soup for you." Li Wanqing was anxious to unbutton Shen Ning's chest, but Shen Ning saw Li Zhenting standing in front of her when she raised her eyes, immediately grabbed Li Wanqing's hand and said, "Auntie, I'll change it myself."

She stood up and wanted to go to the bathroom, but just as she got up, she fell down again.

"Are you still leaving?" Li Wanqing supported her and glared at Li Zhenting.

"Overestimating one's abilities." Li Zhenting glared at Shen Ning, snorted coldly, and walked upstairs.

Li Wanqing immediately helped Shen Ning take off her wet coat, and helped her to the bathroom.

"Auntie, how are Ke Ke and Ding Ding doing now? Have you eaten yet?" Shen Ning asked anxiously.

Li Wanqing's face darkened, and she said, "Change first, and then we'll go up to find Zhenting."

Shen Ning was so anxious that he quickly changed into wet clothes and ran upstairs.

Chapter 314 Don't you feel bad?

"Coco, Ding Ding." Shen Ning called softly through the door.

"Mummy." The two little guys were sitting in the house bored, when they heard Shen Ning's voice, they immediately ran to the door happily and screamed excitedly through the door.

"Ke Ke, Ding Ding, listen to you two, and apologize to your father later, grandma brought a lot of delicious food, and Mommy didn't eat, shall we go eat together?" Shen Ning asked softly.

"Okay." The two little guys agreed in unison.

Shen Ning smiled slightly: "Then you wait for me."

She walked towards Li Zhenting's study.

In the study.

Li Zhenting crossed his legs, brushed his phone with his fingers, and took a sip of his teacup from time to time, with a thick cloud covering his face.

Shen Ning hurried in.

"President Li, I'm sorry, Ding Ding and Ke Ke shouldn't have contradicted you. I apologize on their behalf. It's so late and the children haven't had dinner yet. Let them come out to eat first. I'll educate them later and let them eat. They come to apologize to you, okay?" She had a flattering smile on her face and begged in a low voice.

But Li Zhenting continued drinking tea and swiping his phone as if he didn't hear it.

"Mr. Li, you are the father of the children, don't you feel bad? Ke Ke had a stomach problem before, if he was hungry, the stomach problem would attack, very painful, he is still so young, can you bear it? If you have any opinion on me, just direct it at me, please don't get angry with the children." Shen Ning continued to speak kindly, soft and hard.

Li Zhenting's slightly tilted left foot shook, and the slipper fell to the ground.

Shen Ning immediately half-bent down, picked up the slippers and put them on his feet gently like the wind.

Li Zhenting half-closed his eyes and looked at her indifferently.

He didn't believe that Shen Ning would willingly carry his shoes, she hated him so much now!

"Shen Ning, who are you with at noon today?" He suddenly asked gloomily.

"Noon?" Shen Ning was startled, but suddenly remembered, "By the way, I happened to meet Boss Jing when I was going out. He asked me about work, so I chatted with him for a while."

She looked at his face as she spoke.

Why did this man suddenly ask this!

"Really?" He snorted disdainfully.

"Yes, it's definitely just about work. I have nothing to do with him."

"About work?" He sneered again, "You can really talk."

"If you don't believe me, there is nothing you can do. Mr. Jing and I really have nothing. I will never have any love in this life. The whole purpose of my life is to raise my three children and make them contribute to society." people."

Li Zhenting looked at her with half-closed eyes, and snorted noncommittally.

"Boss Li, let me add some water for you." Seeing that there was no water in his water glass, Shen Ning hurriedly grabbed his water glass and filled him with steaming hot water, and handed it to her with both hands.

Amidst Shen Ning's humility and deliberate flattery, Li Zhenting's expression finally eased.

He gave the key to Shen Ning.

Shen Ning ran away quickly.

When Ke Ke and Ding Ding came out and saw Mommy, they all threw themselves into her arms.

Shen Ning hugged the two little guys, his eyes were moist.

"Mum, we're hungry, let's go eat." Coco said weakly, touching his belly.

To fight against Daddy, he really endured so hard today, especially when grandma brought those delicacies upstairs, his little stomach was croaking.

Chapter 315 Mommy is sick

"Okay, let's go down and eat hot pot." Shen Ning immediately led them downstairs.

In the restaurant, the nanny has already set up a table full of dishes.

Because of the cold weather, everyone put a Haidilao hot pot in front of them.

Ke Ke no longer had any scruples and started to eat, Ding Ding also had a good appetite.

Shen Ning took care of them to eat, but she didn't have much appetite and felt dizzy, but she insisted on taking care of them, she thought, it must be because she was too tired.

After eating for a while, Li Zhenting also came down.

"Hmph." When Ke Ke and Ding Ding saw him, they pouted their cheeks and snorted coldly, lowered their heads, and ignored him.

Li Zhenting watched the two little **** eating deliciously, but at the beginning no matter how coercive and tempting he was, they just refused to submit, so they felt a little jealous of Shen Ning.

This woman can really win the hearts of children.

"President Li, do you want to eat?" Seeing Li Zhenting standing beside him, Shen Ning asked immediately.

For the sake of the children, she dared not offend him.

When he gets upset, he will **** all the children away, so that she can never see them again, which is worse than killing her.

Li Zhenting sat down beside her.

He was indeed hungry, because he was angry and hadn't eaten dinner yet.

Shen Ning immediately asked the nanny to prepare a small hot pot for him.

As soon as the man sat down, he devoured it regardless of his image. The family had a warm and harmonious atmosphere. Compared with the tension at the beginning, this time was really wonderful.

"Shen Ning still has a way. The young master will be different as soon as she comes here. Look at her husband's kindness and filial piety, how beautiful it is." Sister Li and Wang Ma, the nanny, were discussing in the kitchen in low voices.

Today Li Zhen was furious, and everyone was too scared to vent their anger. They all didn't eat dinner, and now they can finally breathe a sigh of relief.

"Do you feel that the young master actually cares about Shen Ning, at least more than six years ago." Wang Ma suddenly asked in a low voice.

Sister Li also nodded: "Now it seems that the young master really cares more about being with Shen Ning than being with Shen Mei. During this time, Shen Ning stayed in the castle, and he would come back almost every night. Even at noon, he will find time to come back, he never came back before except for the young master who wanted to eat the meal he cooked."

"Well, that's true."

The two were discussing in low voices, and they both approved of Li Zhenting's changes.

Soon, everyone finished dinner.

Shen Ning took the two little ones upstairs to wash up, and after putting them to bed, she hurried to take a hot shower, but her nose was so stuffed, after the children fell asleep, she lay down beside them , I felt dizzy when I lay down, and fell into a lethargic state.

In the middle of the night, Li Zhenting was in a deep sleep. Suddenly, someone knocked on his door. The sound was not very loud, and it didn't sound like an adult's force.

"who?"

"Daddy, Mommy is sick. She has a fever and is talking nonsense. I'm so scared. Please send her to the hospital." Coco cried loudly at the door.

Li Zhenting was taken aback, and immediately got up and opened the door.

The little guy stood in front of the dim door, with a red nose and tears on his face, looking pitiful.

"Coco." He immediately picked him up, wrapped the pajamas on his chest around his small body, turned and walked towards their room.

"Mom, mom." Shen Ning lay on the bed, closed his eyes, murmured non-stop, his face flushed.

"Shen Ning." Li Zhenting hurriedly put Ke Ke on the bed, bent down, and put his palm on her forehead, it was hot.

Chapter 316 Your life is more precious than anyone else

"Boy, sleep well, I'll take your mommy to the hospital." Li Zhenting patted Ke Ke's head and ordered.

"Thank you, Daddy." Ke Ke immediately nodded like a chicken pecking rice.

"Then lie down quickly." Li Zhenting sullenly.

"Okay, right away." Coco fell back and closed her eyes.

Li Zhenting twitched his lips, took the quilt to cover him and the sleeping Ding Ding, walked over, picked up Shen Ning, and strode outside.

In the hospital ward.

When Shen Ning opened his eyes, his eyes were blindingly white.

She looked around blankly.

Day, she was lying in the hospital ward!

How is this going?

She turned over and wanted to get up, only to find that she was dizzy and in pain, her nose was blocked and she couldn't breathe.

She fell ill!

Drenched in the cold wind and rain last night, I had a bad cold.

It's just weird, how did she get to the hospital?

Just then the phone rang.

She picked it up, it was Jing Chenxi calling.

"Ning Ning, where are you now?" Jing Chenxi asked gently over there.

"Mr. Jing, I'm in the hospital." Shen Ning's voice was hoarse when he spoke.

"Ning Ning, what's wrong with you?" Jing Chenxi immediately became very nervous. Normally, Shen Ning's voice was soft and sweet, which he liked to hear very much, but now it sounded like a male duck's voice.

"It's okay, it's just a cold." Shen Ning smiled.

"Then which hospital are you in now?" Jing Chenxi followed up and asked, "Send me a location map, and I'll come over right away."

"No need, Mr. Jing, I'll just go back to the company later."

"Ning Ning, be obedient, let me pick you up, I'm in your company right now." Jing Chenxi said in a serious tone, "I'm here to talk to you about cooperation matters, the autumn exhibition is about to start, We have to make arrangements in advance, and I have to rush back to the meeting in the afternoon."

Shen Ning still insisted, but as soon as she stood up, she felt limp all over and was about to fall down. She was afraid of delaying his time, so she had to send him a location map.

Twenty minutes later, Jing Chenxi appeared in front of her.

"Silly girl, you can't take care of yourself even at this age. Look at this pale little face, without any blood at all. It really makes people feel distressed." Jing Chenxi bent down to look at her face, her face was full of pain pity.

Shen Ning smiled wryly: "This is how I was born."

"Nonsense, your life is more precious than anyone else's. It's just that you don't have self-confidence and don't know how to cherish yourself. From now on, I want you to know that you are the queen, and no one can compare to you." He looked at Shen Ning seriously. There was reproach in his gentle eyes.

In his eyes, she is the supreme god, beyond his reach.

Shen Ning smiled, didn't bother to argue, and wanted to stand up.

"Come on, I'll help you." But as soon as she stood up, he seemed about to fall, so he immediately bent down to support her.

Shen Ning was top-heavy, and wanted to help him away, but he couldn't stop the man's strong and powerful arms, so he could only let him support him and walk out.

Downstairs in the hospital, a Rolls Royce drove in.

Li Zhenting parked the car, picked up the exquisite fruit box next to him and was about to get out of the car, when suddenly, a cold light flashed in his eyes.

main entrance.

The thin woman came out with the support of a handsome man.

The man's face is gentle, and he takes good care of the woman, like a goddess who is high above. The woman is a little shy, with a faint smile on her lips.

The two talked from time to time, looking very close.

His fingers gradually clenched into fists, and his eyes became more and more cold.

The man and woman walk towards a luxury car.

Chapter 317

Beside the luxury car.

The man supported the woman with one hand, stepped forward and thoughtfully opened the car door for the woman with the other hand. When the woman lowered her head and got into the car, the man was afraid that her head would hit the top of the car window, so he put his palm on the woman again. the top of his head, caring for her tenderly.

Until the woman got into the car, he bent over and told her carefully, with a look that was more caring than her husband.

Li Zhenting sat deeply, until the luxury car drove away, and he threw all the fruits in his hand under the car.

Then he started the car and drove out, and the car quickly mixed into the traffic flow.

In an Italian restaurant.

Shen Ning and Jing Chenxi sat opposite each other.

"Ning Ning, drink this tripe soup. I just got sick and weak. This is nourishing." Jing Chenxi put a bowl of thick white stewed beef knee soup in front of her. It is a perfect match, eat more, and you will be sweaty after eating."

"Thank you." Shen Ning took the soup and drank it in small spoonfuls. Jing Chenxi opened a bottle of Italian red wine and poured her a glass. The two raised their glasses and clinked. After Shen Ning took a sip, He suddenly asked: "Mr. Jing, I have another idea about the spice cooperation. I hope to sign a contract with the spices of Jing's Group. I trust your company's products very much."

She knows better than anyone that a perfume often requires dozens or even hundreds of spices, and the raw materials are the key to determine the flavor and quality of the fragrance.

My mother was always worried about spices when she was alive. The Jing Group has been engaged in spices for half a century, so it is the best candidate for Gu Qi to fight for cooperation.

This is also the reason why she was able to come out with him to discuss cooperation.

"I'm very happy." Jing Chenxi's eyes shone with the softest light, looked at her tenderly, took out an exquisite plastic bottle from her bag and handed it to her, and asked softly: "Ning Ning, This, do you remember?"

Shen Ning took it over and looked at it suspiciously, then shook his head: "What is this? I don't remember."

Jing Chenxi's eyes became more and more gentle: "It's okay, I will let you remember it in the future."

Shen Ning looked at him very puzzled: "Mr. Jing, I don't understand what you are talking about, I don't understand."

"You don't need to understand, you will know in the future." Jing Chenxi looked at her with a smile, "This is the jasmine flower, the raw material of the Huayue series."

Mastias? Huayue!

Shen Ning blinked her eyes. She once heard from her mother that she had always wanted to create a series of perfumes from the saffron flower fragrance series, but in the end she ran aground for unknown reasons. Looking at this plastic bottle, she suddenly felt familiar.

After dinner, Jing Chenxi accompanied her back to Gu Qi.

Shen Ning immediately called Marley over.

They began to discuss some details and signed a cooperation contract.

When they finished their work, it was already two o'clock in the afternoon, and Shen Ning was weak. Jing Chenxi gave her cold medicine and sent her to a lounge. He left in a hurry because there was still a meeting in the afternoon.

Shen Ning fell into a deep sleep under the influence of the drug.

The entrance of Lantian Kindergarten.

Xiaoxiao stood under a big tree at the gate with her schoolbag on her back.

Every day, she waits here for Coco and Ding Ding, as well as for Mommy.

Today, other children's mommy or daddy came to pick them up, but what about her mommy!

Since Daddy snatched Keke and Dingding away last night, Mommy hasn't come back. I don't know if Daddy bullied Mommy, and I don't know how Keke and Dingding are now.

Today, she hasn't seen Ke Ke and Ding Ding, don't they go to kindergarten? or what happened?

There was uneasiness and panic in her eyes. When she picked up the phone and watch to call Coco, his watch had already been turned off, and then called Mommy, but no one answered her phone.

She was a little flustered.

Chapter 318 Go and hit once

"Xiao Xiao." Suddenly, a child called her name.

Xiao Xiao looked up.

I saw Lan Lan wearing an expensive leather jacket, leather skirt, and red boots, standing in front of her brightly, with the posture of a noble daughter.

"Ignore you." Xiaoxiao's face darkened, she gave her a cold look, and turned her head away.

Lan Lan asked viciously: "Xiao Xiao, are you waiting for Ke Ke and Ding Ding?"

Xiao Xiao didn't even look at her.

Lan Lan said coldly: "Don't wait, Ke Ke and Ding Ding were picked up by grandpa and grandma before school, and they will live there during this time, you have no chance to fight with them again." I came here to tell you that you are not allowed to play in Li's Castle in the future, my family does not welcome the daughter of a low-level worker like you to play, you are not worthy."

Xiaoxiao was very angry when she heard that, and stared at her: "I didn't come to find you, you have no right to say that."

"Who said she is not qualified? You little bastard." Just as the little voice finished, suddenly, a sharp female voice came from behind.

After a small look, it turned out to be the ugly witch Shen Mei.

"Ugly witch, shameless, I ignore you." Xiao Xiao shouted angrily.

"You uneducated thing, you stay at our house every day, eat ours, live in ours, and now you are so rude when you see us." The lowly worker's daughter, relying on the love of Coco and Ding Ding, disrespected her repeatedly in Li's Castle, not only ignored her, but also snatched her daughter's beef balls, gaining the upper hand everywhere.

She is absolutely intolerable.

Today she has to teach her a good lesson so that she will never go to Li's Castle again.

While speaking, she raised her hand and squeezed her little arm heavily.

Xiaoxiao immediately changed color on her face from the pain, gritted her teeth, glared at her, and took a few steps back.

"Little bastard, I will be respectful when I see Lan Lan in the future. She will do whatever she says, and you will do whatever she tells you to do. If she tells you to eat shit, you have to eat shit, understand? She is your master, you He's just a lowly low-class guy." Shen Mei stared at Xiao Xiao fiercely, "In the future, if you dare to treat Lan Lan badly, steal her food, and follow Ke Ke and Ding Ding to deal with Lan Lan in the cold, See if I don't beat you to death."

She raised her hand and hit Xiao Xiao on the back hard, and kicked her ass.

Xiaoxiao cried in pain.

"You dare to hit me, I will ask my brother Ke Ke to deal with you." She glared at them and shouted with her lips curled up.

"Hey, you little bastard, you still want to seduce my brother." Lan Lan became even more angry when she heard that, and stepped on her little feet with her small heels, crushing them heavily, "I'll crush you to death."

The small shoes were just ordinary flat heels, and when she stepped on them, her face turned pale with pain.

Shen Mei looked very relieved, and smiled coldly: "Little bastard, remember, you are not allowed to go to Li's Castle in the future, if you dare to go again, go once, just hit once, this time is just to teach you a lesson."

"Help, help." Xiaoxiao was bullied by these two vicious women, and seeing the security uncle patrolling over there, she immediately yelled cleverly.

Shen Mei panicked.

At this time, some parents saw that the elder and younger were bullying a little girl, and they looked at them vigilantly, and some parents even walked this way.

"Remember it, if you dare to bully or beat my daughter next time, it won't be like today." Shen Mei purposely slandered loudly, and took Lan Lan away.

Xiaoxiao was so angry and hurt that she burst into tears.

Mommy doesn't know why she didn't come to pick her up, and Grandma Dong didn't come either. If in the past, Ke Ke would have been by her side and guarded her, but now she is alone, not knowing what to do, standing on the side of the road crying up.

Fortunately, at this time, Grandma Dong hurried over to pick her up.

It turned out that Aunt Dong called Shen Ning when she saw that the time to pick up the child had arrived before Shen Ning called her, but no one answered the phone, so she came here in a hurry.

Chapter 319 Who agreed to let her in?

When Shen Ning woke up, it was already five o'clock in the afternoon.

She saw it, it's too bad, the children are still in kindergarten.

Get up hurriedly, pick up the phone to check, there are several missed calls.

She quickly dialed the number back.

At this time, Xiaoxiao has been taken home by Aunt Dong, and is sitting listlessly on the sofa, while Aunt Dong is busy in the kitchen.

"Little."

"Mommy."

As soon as Xiaoxiao answered Mommy's phone, she heard Mommy's hoarse voice, and immediately asked worriedly, "Mummy, did Daddy bully you last night?"

"No, don't worry." Seeing that she had gone home, Shen Ning was relieved and smiled.

"What about Keke and Ding Ding, have they been beaten by Daddy?" The little girl's eyes were red, her nose was red, and her tears were tearful. She herself was beaten up by Shen Mei's mother and daughter, and she wanted to tell Mommy, but She was still worried about Ke Ke and Ding Ding, so she asked about them first.

"No, don't worry, Daddy won't beat them if mommy is here, and grandparents are here, don't worry."

"But Daddy was so fierce yesterday when he snatched Coco and Tintin away."

"Don't be afraid, Ke Ke and Ding Ding are his own sons after all, he is not willing to fight."

"That's good." Xiao Xiao choked up.

Shen Ning didn't hear the abnormality in her daughter's tone, she choked up on the phone and wanted to cry, she just thought she was worried about Ke Ke and Ding Ding, and didn't take it to heart, so she hurriedly said: "Xiao Xiao, you obediently talk to Grandma Dong Stay at home, Mommy will go to see Ke Ke and Ding Ding first, and then come back to accompany you."

After speaking, he hung up the phone.

Xiaoxiao pouted, resisting the pain, and sat with tears in her eyes.

Shen Ning put down the phone and rushed directly to Li's Castle.

"Miss Shen, Ke Ke and Ding Ding didn't return to Li's Castle today. They were picked up by the old man and the old lady, and during this time, they will all live in the old house to accompany the old man and the old lady." Luo Butler told politely her.

She froze.

"Don't worry, the old man and the old lady like Coco and Ding Ding, and will treat them well." Butler Luo comforted her.

She nodded with difficulty, feeling heavy in her heart.

Old man, it is understandable for the old lady to miss her great-grandson.

But if they stay there for a long time, what will she do? They didn't get her consent, and she didn't want to go to the second elder to have a child because of face.

Besides, what if this is a conspiracy by Li Zhenting!

When she didn't know what to do.

Sudden

A luxury car rubbed against her body and stopped.

She took a few steps back in fright.

The car door opened.

The man with a cold body came down.

"President Li." Seeing that Li Zhenting was a little surprised, Shen Ning immediately spoke flatteringly.

Just in time for her to ask him about the kids!

But the man was covered in icy cold air, his facial muscles were tense, and he showed no expression.

He didn't even look at her, and walked straight to the gate.

Shen Ning was immediately frozen by a gust of strong cold air, and shrank back.

This man is really moody.

I don't know where he offended him again, or, in his eyes, she is a dispensable existence.

While she was in a daze, at this moment, Li Zhenting's cold and sharp voice came from the front yard of the villa: "Housekeeper Luo, what did I tell you last night? Who agreed to let her in?"

"..." Butler Luo was stunned and his face turned pale.

Shen Ning's face changed color all of a sudden.

Last night, Li Zhenting did indeed order Shen Ning not to enter Li's Castle in the future, and whoever lets her in will get out.

But last night, Housekeeper Luo saw with his own eyes that Li Zhenting brought Shen Ning in under an umbrella, and they had dinner together, a beautiful picture of everyone, and in the middle of the night, the young master personally sent the sick Miss Shen to the hospital Li, I heard that he even took care of her for one night.

Besides, Shen Ning is still the mother of the young masters, why can't he come in?

"Housekeeper Luo, you have been fired, pack up and go, and go to the financial settlement tomorrow morning." After Li Zhenting left a sentence coldly, he went straight upstairs.

Butler Luo's face was ashen, he didn't know what he did wrong!

Chapter 320 The opportunity seems to have come

"President Li, I came in by myself, and it has nothing to do with Butler Luo." Shen Ning anxiously argued against Li Zhenting's back.

But Li Zhenting had already gone upstairs.

"Butler Luo, I'm sorry, I got you in trouble." Shen Ning was very guilty and apologized to Butler Luo.

Butler Luo smiled wryly, walked over and said, "Miss Shen, this has nothing to do with you. It's because I don't know how to do things. You don't have to blame yourself."

He has stayed in Li's Castle for more than 30 years, this is the first time he has encountered such an inexplicable thing, and he deserves it.

He slumped and walked inside.

Looking at his frustrated and lonely back, Shen Ning felt very uncomfortable.

She took out her mobile phone to call Li Zhenting, but that **** had already set her mobile phone to refuse to listen. No matter how she called, it was always the phone voice.

Thinking of the children, Housekeeper Luo, she was upset, but there was nothing she could do, so she had to go outside.

main entrance.

As soon as Shen Ning walked out, a red Porsche swaggered in.

Shen Mei sat in the driver's seat and looked at the lonely woman walking out there, with a smug smile on her lips.

"Lan Lan, will you know what to do when you see Daddy?" Shen Mei solemnly asked Lan Lan who was sitting in the passenger seat.

"I know." Lan Lan nodded her head.

"Behave well, only when Mommy and Daddy reconcile, can you hope to defeat Xiaoxiao and become the daughter of the Li family, you know?"

"Got it." Speaking of Xiaoxiao, Lan Lan's eyes were full of jealousy, and she nodded again.

The car stopped in front of Yunhuju.

Shen Mei took Lan Lan out of the car.

As soon as I got out of the car, I saw Butler Luo walking out with his luggage bag drooping.

"Housekeeper Luo, I'm sending Lan Lan back." She said to him on purpose.

Butler Luo said lightly: "Miss Shen, you go and tell the young master, I have already been fired."

"You were fired?" Shen Mei pretended to be surprised, but she was secretly happy.

In Yunhuju, the only person she fears when she does whatever she wants is Butler Luo.

Butler Luo is more principled, fair and objective, and always looks towards Shen Ning, she has long disliked him.

Right now, he's fired, which is great!

"Hmm." Butler Luo gave a low "Hmm" and walked outside quickly.

Shen Mei suddenly felt an unprecedented sense of comfort, with stars shining in front of her eyes, it seemed that an opportunity had come.

"Daddy." Lan Lan trotted all the way to the study after getting out of the elevator, yelling in a milky voice while running.

Li Zhenting was sitting in the study with his eyebrows frowned.

Nuoda's villa was empty after the children left, just like his heart was empty, there was no place to rest, and the silence was terrifying, and housekeeper Luo also left, making it even more silent on such a night.

In vain.

The sound of the little girl's babbling milk sounded, like a warm current pouring into the barren desert, and it instantly became alive.

"Daddy." Lan Lan rushed in, and when she saw Li Zhenting, her two **** grape-like eyes were shining, and she rushed towards him.

"Lan Lan." Li Zhenting froze for a moment, then immediately opened his arms and hugged her.

"Daddy, I miss you so much that I can't sleep every day." Lan Lan put her arms around Li Zhenting's neck and kissed him on the face several times, her fleshy body moved back and forth in his arms , very affectionate.

Li Zhenting had no resistance, and a smile appeared on his gloomy face instantly.

"Lan Lan, didn't you want to go back and stay with your mommy for a week, why did you come back so soon?" Li Zhenting asked strangely while stroking her little head.

"Hey, I can't help it. Who made me miss Daddy so much. I cry in front of my mommy every day. My mommy really has no choice but to send me here." Lan Lan shook her little head and smiled.

Li Zhenting was startled: "Your mommy sent you here?"

He looked out.

Sure enough

The **** and charming woman was standing at the door, looking at him nervously and fearfully.
