

Troublemakers 401

Chapter 401 I'm here to talk to you about cooperation

"I want to take it back, just dream, you bully my daughter, you just want to forget it, there is no way." Zhu Lingmei was always angry, and she thought she was an elder and a woman and simply cast a rogue.

Jing Chenxi's eyes shone brightly, and he said sharply: "Mrs. Jiang, no matter what you do, you must pay attention to principles and rules. If you want to break the rules, then I have my own way to deal with you. You should ask first." Mr. Jiang, let me reiterate once again, if those indecent photos are still circulating on the Internet today, then I'm sorry, I will attack Jiang's property."

After he finished speaking, he turned and strode outside.

"Ah, I'm so **** off." Zhu Lingmei pointed at Jing Chenxi's back and fell down on the sofa, covering her chest with her hands, panting heavily.

At this time, the phone in her hand rang.

One was called by her husband Jiang Chengdong. After reprimanding her, he ordered her to stop immediately.

The other one was from the media. The person in charge of the media said that the operation had failed, but anyone who had indecent photos of Hei Shenning suffered bad luck even on the website. The market was wailing and she was required to pay for the loss.

Zhu Lingmei couldn't get revenge, but she was ashamed all over, so angry that she had a heart attack, she lay on the sofa and groaned.

Shen Ning, you bitch, I won't let you go!

She scolded through gritted teeth.

In the afternoon, Shen Ning received good news from various parties, and finally heaved a sigh of relief.

This matter has come to an end.

Next, she carefully prepared the materials for tomorrow's press conference, and suddenly the lady at the front desk called and told her that someone was looking for her.

She just thought it was a client, and didn't care.

After a while, someone rang the doorbell.

"Please come in." She continued to work without raising her head.

"Ning Ning." Someone came in and called her name.

As soon as she looked up, she saw Wang Xingyu walking in with a smile.

"Xing Yu." She was stunned for a moment, then stood up.

"Ning Ning, Gu Qi is really good. When I walked in, the first feeling was: generosity, extravagance, I can already smell the breath of success." Wang Xingyu put one hand in his trouser pocket, with an elegant demeanor, full of praise.

Shen Ning smiled and asked him to sit down.

Wang Xingyu had a half-smile but not a smile: "Ning Ning, you promised me yesterday that you would cook grilled fish at my place."

The corners of Shen Ning's lips curled into a wry smile. Why did she say that sentence yesterday? In fact, she was very busy and really didn't have time to cook grilled fish for him. She thought it was just talking, but she didn't expect him to be Really.

Fortunately, at this moment, the door opened, and Jing Chenxi walked in.

"Young Master Wang."

"Jing Shao."

Wang Xingyu and Jing Chenxi naturally knew each other, and they immediately shook hands and greeted each other.

After learning about the situation, Jing Chenxi invited Wang Xingyu to sit down and start making tea.

Wang Xingyu smiled deeply when he saw his skillful appearance: "It seems that Mr. Jing is very familiar with this place."

"The two companies cooperate deeply, and they will naturally become acquainted." Jing Chenxi held the small pliers in his slender fingers to clean the water glass, and said lightly.

Wang Xingyu looked at Shen Ning with meaningful eyes.

Shen Ning was extremely embarrassed at this moment.

Two men are in her office, it's really crowded...

"Ning Ning, come and have some tea and rest first." Wang Xingyu greeted her, "Actually, after the in-depth discussion yesterday, I came to you to discuss cooperation."

Wang Xingyu finally said something serious.

"Cooperation?" Shen Ning looked at him in surprise.

Wang Xingyu nodded with a smile.

Chapter 402 Mommy is busy making boyfriends

"What kind of cooperation method?" Shen Ning became interested.

"I just want to cooperate my cosmetics with your perfume, can you bring me a little bit in your press conference tomorrow?" He said lightly.

Shen Ning was speechless.

"..."

If Gu Qi's perfume can cooperate with Wang Yu brand cosmetics, it will definitely increase Gu Qi's popularity. For Gu Qi, she can have a lot of high-quality resources.

Did she change her luck?

All the good things come to your door.

"Xing Yu, you have to think about it clearly. Gu Qi is just an empty shell and hasn't really opened up the market. If you cooperate with me, you will suffer." She reminded him kindly.

Unexpectedly, Wang Xingyu was not worried at all, and smiled boldly: "I believe in my vision, Miss Diasy is a well-known perfume expert in the world, who would not want to be famous for this."

"Then my kindness is too much, how about signing the contract right away?" Shen Ning refused.

She needs to be successful too much. Now Gu Qi still owes the bank 30 million loans, new product research and development and materials also owe a part of the account, as well as rent, water and electricity, and the expenses of going to the Blue Whale Kindergarten for Xiaoxiao. It's a reminder...

"Okay." Wang Xingyu was very straightforward.

So, they started to sign the contract.

...

When Li Zhenting came up, he saw that Shen Ning was surrounded by two men, one was pouring water for her, and the other was holding a pen for her graciously. She sat in the middle and was proud of herself, just as Ke Ke and Ding Ding called her 'Your Majesty the Queen'.

She really thinks of herself as a queen!

Li Zhenting had a sullen face, and after standing for a while, he finally turned around and went to pick up the children alone.

The gate of the kindergarten.

His car just stopped, Ke Ke and Ding Ding ran towards him holding small hands one by one.

"Daddy." The little ones called sweetly.

"Hmm." Li Zhenting's eyes fell on Xiao Xiao, who was looking at him with half fear and half strangeness.

The small face is more and more like Shen Ning, and when he smiles, his bright eyes are curved, like a little star.

He was in a daze.

"Xiao Xiao, come up quickly." Ke Ke took Xiao Xiao's hand and pulled her into the car, Xiao Xiao was still a little timid, and next to Ke Ke, Xiao Xiao asked in a low voice: "Brother, isn't Mommy coming to pick us up?"

Ke Ke heard the big eyes smile and said in her ear: "Mommy is busy now, busy making boyfriends, we need to be more sensible in the future, and those assignments that need parents' signatures to pick us up and drop us off All of them went to Daddy and fainted him, who made him treat Mommy badly."

"Oh, yes." Xiaoxiao agreed with a smile with her big eyes shining.

"Did Lan Lan not come to school today?" Li Zhenting looked back and asked.

"Lan Lan hasn't come to school for two days." Ding Ding replied.

A cold light flashed in Li Zhenting's eyes. It seemed that she had taught Shen Mei a lesson the day before yesterday, and she held grudges, and used Lan Lan as a tool against her again.

He was inexplicably upset.

One Shen Ning already gave him a headache, and another Shen Mei made his headache even more.

Besides, these two women are not interested in children anymore. One is busy making boyfriends, the other is busy playing cards, and fighting secretly from time to time, which really makes him feel overwhelmed.

He started the car, and when he thought of Shen Ning flirting with two men, he became angry.

Why should he take care of his daughter for her and let her flirt with men.

He must object!

But when he brought the children home, the grandparents all surrounded the children, and no one cared about him.

For a while, he felt very lost and uncomfortable!

the next day.

He was correcting documents in the office when suddenly, Leng Xue hurried in.

Chapter 403 may be miserable

"Mr. Li, next week Professor Rhodes will come to the Imperial Capital from France to attend an academic exchange meeting. I have already made an appointment for him. This time, your eyes must be treated, and there is no longer any delay." The cold-blooded expression was very Serious, the tone is also very solemn.

That year, Li Zhenting's eyes were seriously injured. Although he was treated abroad, he still had sequelae. Now Li Zhenting's eye mask still often causes some pain, especially when he is overworked, there will be double vision.

He had to have another operation.

But Li Zhenting didn't take it seriously because of his busy schedule, so he procrastinated and refused to go.

Leng Xue was very anxious about this, and urged him several times.

Li Zhenting is not an excuse to say that he is busy, but he also said that he will postpone it until next month. It has been a long time since he pushed it back and forth. This time, Professor Rhodes' visit to the Imperial City can be said to be a once-in-a-lifetime opportunity that cannot be missed. .

"Oh." As usual, Li Zhenting casually said "Oh" and then looked at the big computer screen in front of him.

Today is the day when Gucci held a press conference.

On the computer screen, Shen Ning is wearing a tight-fitting white shirt, simple and capable, her hair is tied into a ponytail, youthful and lively, she has a bright smile, is beautiful and fresh, and has a clear voice, introducing her new products in an orderly manner.

On her right, Jing Chenxi, who is wearing a high-order black suit, is looking energetic, while on the left is the handsome and sunny Wang Xingyu, smiling all over her face.

Under the stage, new media from all over the imperial capital came, and Jing Chenxi's promotional advertisement was really well done.

After the press conference, Gucci's products began to sell well. In just one day, they rushed to the top of the list of various e-commerce platforms, and orders from physical stores also flew in like snowflakes, including at home and abroad.

Shen Ning finally succeeded!

Gucci perfume once again swept the world, successfully squeezed into the upper class consumer groups.

Shen Ning began to earn money every day sitting in the office.

She became a veritable little rich woman.

Confident Shen Ning started her highlight moment. People follow her every day, and the news media always pay attention to her whereabouts. The clothes she wears, the bags she uses, the perfume she sprays, and even the cosmetics she uses will become A stylish pop element.

Shen Ning didn't even think of these things, of course, this is all for later.

"President Li, no matter what, your eyes must have surgery next month." Looking at Li Zhenting coldly, following his eyes, he saw Shen Ning who was shining brightly on the computer screen. He was secretly surprised and couldn't help but increase his tone .

"Well, good." After Leng Xue said three times in a row, Li Zhenting seemed to hear clearly, and after responding, he looked at the computer screen again, completely ignoring Leng Xue as a person.

Leng Xue felt a little helpless, but he had already made up his mind. This time, Li Zhenting's eyes must not drag on any longer.

He walked out, but he was thinking in his heart whether Mr. Li loved his ex-wife or not. If he said no, his eyes would freeze as soon as they fell on Shen Ning's face. If he said love, he would She always behaved so unsatisfactorily, with a very vicious tongue, as if she hated her very much.

He was secretly worried for Mr. Li. Based on his manly intuition, he guessed that Mr. Li still had Shen Ning in his heart, but if he didn't act for a long time, it might be very miserable. After all, Mr. Shen already has many outstanding people around him. The men are turning around her.

At this time, Mr. Shen is more mature, feminine, and assertive. I'm afraid he won't be easily subdued by Li Zhenting again.

Chapter 404 There is an inexplicable sense of nostalgia

"Yeah, that's great, Mommy is really the queen this time." As night fell, Ke Ke, Ding Ding and Xiao Xiao sat on the sofa and looked at the giant TV screen in front of them. Looking at the cheerful mommy on TV with bright eyes, she was very happy.

When Li Zhenting came in with a briefcase, none of the little guys noticed him.

"Cough, cough." He deliberately cleared his voice a few times.

"Don't make noise, I want to listen to Mommy." Ke Ke became impatient, and before Li Zhenting coughed, he stared at the computer screen and yelled loudly.

Li Zhenting's face darkened.

Uh, this little bastard, does he still pay attention to his father?

"Yes." He hummed again.

At this time, Ding Ding raised his head and looked at him.

He thought the kids were finally noticing he was back, but he was wrong.

"Grandma, come and see Your Majesty Mommy, Your Majesty Mommy is so majestic." Ding Ding shouted behind Li Zhenting.

He was startled and turned around.

Li Minhua was walking towards the children with a smile, holding a large bowl of cherries in his hand.

He thought Li Minhua would greet him and say a few ordinary words.

But Li Minhua didn't even look at him, she only had those little guys in her eyes, and walked towards them directly.

Li Zhenting was extremely lonely and uncomfortable for a while, but at this moment he thought of Lan Lan. It seems that only Lan Lan likes him and needs him.

He thought, this is why he likes Lan Lan more.

No, Lan Lan has to go back to the kindergarten and let her live here with her.

"Grandma, look, Mommy has two boyfriends, so handsome." Ke Ke clapped her little hands excitedly.

"Really, let grandma take a look." Li Minhua walked over with a smile, sat down among the children, put on reading glasses and looked at the TV. Soon, she was full of smiles and praised : "Not bad, not bad, Shen Ning is too good, now, a good man will fall in love with her."

Li Zhenting stood there feeling uncomfortable.

He really doubted whether his surname was Li or Shen Ning's surname in this family.

Instead, Xiao Xiao sat beside him and glanced at him from time to time.

actually

She has seen him since Li Zhenting came in.

After all, she still cares about Daddy in her heart.

Although Daddy treats her badly, sometimes even indifferently, but no matter what, he is her Daddy, and she still likes him.

Seeing him go upstairs lonely, she quietly climbed down.

Li Zhenting went back to the study and put the briefcase aside, sat down on the sofa, leaned against the sofa, pinched the bridge of his nose lightly with his fingers, but his mind was full of the shadow of Shen Ning.

He hadn't seen Shen Ning for two days, and suddenly, he felt an inexplicable sense of missing him, and he couldn't help but startled.

How could he miss this woman Shen Ning? I'm afraid he must have seen hell.

But when she thought that she was surrounded by two men, her mood became so dull.

Sudden

He found a little head poking at the door.

"who?"

Soon, Xiaoxiao walked in with big eyes blinking.

"Uncle, I'll pour you a cup of tea." Xiaoxiao brought a cup of chrysanthemum tea in a porcelain cup and carefully delivered it to him, speaking in a milky voice.

Li Zhenting saw that the little guy was walking unsteadily, and the porcelain cup tray was shaking in his hand, as if it would fall off at any moment, but he brought it in steadily.

He quickly reached out and took it.

"Thank you, Xiaoxiao." He looked at her little face, this little guy is here to curry favor with him!

Chapter 405 Why should I tell him?

It seems that this little guy is very smart. He knows that he will rely on him as his stepdad in the future, so he deliberately came here to please him. He is really as scheming as her mother.

When Li Zhenting thought of Shen Ning, his mood became much worse, and he even became indifferent to Xiao Xiao.

"Xiao Xiao, go down and play, I will pay the tuition fee for you tomorrow." Li Zhenting thought that since the little girl is so courteous, he must be more generous, so he spoke lightly.

Xiaoxiao stared at the handsome daddy in front of her with wide eyes.

How much she wants Daddy to hug her like he hugs Lanlan!

But Daddy didn't like her, his face was indifferent when he looked at her, and his tone of voice was not warm.

She really wanted to spend more time with Daddy, but obviously, Daddy didn't want to stay with her, so he just drove her away.

She curled her lips, tears rolling in her eyes because of grievance, but Li Zhenting just closed his eyes and leaned on the sofa, not looking at her for a long time.

Xiaoxiao turned around and walked out with her lips pouting.

Crying as she walked, but she wiped away the tears after crying for a while, and when she walked downstairs, there were no tears on her face anymore.

As soon as Xiaoxiao left, Li Zhenting felt restless in the study.

Sudden

He thought of something, curled his lips, walked to the desk and opened the drawer, took out another mobile phone, clicked on the screen of the mobile phone, and found Shen Ning's WeChat.

Since he used the identity of Lawyer Niu to test Shen Ning on that rainy night last time, he never used the identity of "Lawyer Niu" again.

Right now, it can just be used.

He sent two words: "Are you there?"

At this time, Shen Ning has been busy since the press conference was successfully held. He didn't order dinner until very late before ordering dinner with Jing Chenxi in the office.

After the mobile phone's WeChat sounded, she looked at it, and it was actually sent by the Niu lawyer, and she couldn't help being a little surprised.

Ever since he asked her about some private matters in WeChat last time, she felt that the Niu lawyer was weird, and she had put him aside for a long time. She thought that the relationship between them was over like this, but she didn't expect that he would give her an answer. Send WeChat.

She frowned, didn't plan to talk to him, and continued to eat.

After Li Zhenting waited here for a while, he didn't see Shen Ning replying to the message, so he got a little angry.

This woman is probably with Jing Chenxi now, maybe he is still kissing her.

Thinking about it, he sent two more consecutive messages with a dark face: "Are you there?"

Shen Ning listened to the phone ringing, and seeing that it was from Lawyer Niu, he wanted to ignore it, but he is a lawyer, maybe one day he is really needed for Ke Ke's custody, so he can't do too much!

So

She replied with a message: "Here, what's the matter?"

"what are you doing?"

Shen Ning was taken aback for a moment, good guy, this tone is so domineering, it is really comparable to Li Zhenting!

But why should he ask her that?

Her frown deepened: "I'm eating."

Out of politeness, she didn't plan to talk to him after simply answering these three words.

"Dining with whom?"

But Lawyer Niu actually asked about her private affairs directly like last time, and his tone was absolutely authoritative.

Shen Ning was really upset.

Who she eats with has anything to do with him? Why should I tell him? They hadn't even met face to face.

Besides, even if you tell him, does he know who it is?

"Are you okay?" She asked again.

"You haven't answered my question yet." Lawyer Niu seemed even more awesome, repeating the last question.

"Crazy." Shen Ning cursed angrily, and sent a few words: "Sorry, I'm busy."

After posting, she was going to completely block this lawyer Niu, but then she thought, what if Ke Ke's custody right is really useful, she endured it, but set him as private, and ignored him.

Looking at the phone, Li Zhenting gritted his teeth in hatred.

Shen Ning, you are so bold that you didn't even reply to my WeChat.

He was sitting on the sofa, flicking his fingers on the armrest of the sofa, with a sinister smile on his lips.

Chapter 406 How did he get in?

Here, after Shen Ning had finished eating, he and Jing Chenxi were busy for a while, and it was almost early in the morning that Jing Chenxi sent her back to Li's old house.

The house was silent and dark, and everyone fell asleep.

Shen Ning opened the door carefully, tiptoed back to his bedroom, yawned, and prepared to take a shower and sleep.

But when she came to the bathroom and took off her clothes to go to the shower, she was dumbfounded.

There is no water!

what happened?

Will the water be cut off in Li's old house?

She started to turn on the basin faucet and the toilet switch.

But there is no water!

Looking at the situation, the water is cut off.

She had to redress and walk out.

The corridor was dark and quiet.

She wanted to find a servant to ask what was going on, but at this time, they were all asleep, and she was really embarrassed to wake them up.

Tonight, she came back too late indeed.

How to do it?

Suddenly, she walked towards the public guard. If the public guard has water, it means that the water supply system in her room is broken.

She walked to the guard, turned on the light, and turned on the tap.

There is no water in the public security.

She ran a few more guest rooms, but none of them had water! I ran to the kitchen again, but there was no water.

It should be that the entire first floor is out of water.

This is how to do?

She hasn't taken a shower yet, her whole body is sticky and very uncomfortable.

So she turned her head upstairs.

Coco and Ding Ding sleep in the bedroom upstairs, how about going to see if there is water in their room, and take a look at how the children are sleeping.

Thinking of this, she walked upstairs lightly.

Coco and Ding Ding's room is next door to Li Zhenting. She was worried that she would wake up the dog man, so her footsteps were very soft.

After a while, she gently pushed open the bedroom door and turned on the night light.

Coco, Ding Ding and Xiaoxiao are sleeping on a big bed in a comfortable sleeping position.

Seeing the children falling asleep, Shen Ning felt particularly satisfied at this moment.

Now her career has improved, and her children can live together. For the first time in her life, she feels that everything is bright in front of her eyes.

She curled up her lips and walked towards the bathroom.

fine.

There's water here!

It seems that the water on the first floor is just stopped.

So

She quietly returned to the first floor, took her pajamas and walked upstairs.

After a busy day, she cannot sleep well without taking a bath.

She went to the children's bedroom bathroom and closed the door.

Quickly took off his clothes and turned on the shower switch.

The warm water poured down from the head, massaging the skin, very comfortable. After a busy day, this moment is considered to be relaxed.

She closed her eyes comfortably.

After a while, she seemed to hear a slight noise, and opened her eyes suddenly. Suddenly, her pupils dilated in fright.

I saw a man standing in front of the toilet in the dry area outside the shower, with his pants in his hands.

The man is bare-chested, with eight abdominal muscles faintly visible, and a tight and slender waist, making him look slender and well-proportioned.

Isn't this that doggy man Li Zhenting!

How did he get in?

Shen Ning blushed in panic, and immediately hurried to find a bath towel, but since she was taking a temporary shower in the children's room, she only brought a towel.

When she grabbed the towel in a panic, she even tore off her pajamas and fell into the water on the floor.

She was very annoyed, when she bent down to pick it up.

Sudden

A man's cold snort came from above his head.

She panicked, hurriedly put the wet pajamas on her chest, and raised her head.

As soon as she raised her head, she met Li Zhenting's scorching dark eyes, squinting up and down her whole body.

She blushed like a publicist, and thought of something in a panic, and hurriedly covered the pajamas underneath, but just after covering it, the top fell down again.

Now, Shen Ning wanted to die.

Chapter 407 Are you trying to seduce me on purpose?

"Get out of here." She gritted her teeth in horror and whispered.

But instead of going out, Li Zhenting took a step closer to her.

"Why did you come to the children's room to take a shower? Are you trying to seduce me on purpose?" There was a wicked smirk in his eyes, and the heat sprayed on her face, aggressively

"I...no." Shen Ning shrank his neck, stepped back, leaned against the wall, blushed like a publicist, and stammered: "There is no water downstairs, so I had to go up."

"No water?" Li Zhenting raised his eyebrows, his facial features were all sneering, "Our Li family's old house has never stopped the water."

"It's really not. I even watched the kitchen and bathroom." She was in a hurry, without shame, and argued, "If you don't believe it, go and see for yourself."

"Well, I'll check it later. If there is water, it proves that you came here to seduce me on purpose." He hummed, looking serious.

Shen Ning was angry and angry when he heard it, and just wanted him to leave immediately, so he hurriedly said:

"Very good, then go and have a look now, if I lie to you, my surname will not be Shen."

Li Zhenting remained motionless, looked down at her, raised her chin with one hand, and approached her dangerously.

"What do you want to do?" Shen Ning's heart sank, and he stared at him vigilantly.

Li Zhenting looked her up and down, sniffed and sniffed her red lips with his nose close to her red lips, his mood suddenly became rough, and he said in a low voice, "Which man kissed you today?"

Shen Ning's face flushed instantly, and he said angrily: "Crazy, get out of here."

"Have you kissed Coco and Ding Ding when you came back tonight?" He asked angrily again, with a terrified expression on his face.

Shen Ning suddenly understood what he meant, and hit him angrily.

But as soon as she started, the pajamas that covered her body fell down... Panicked, she withdrew her hand, grabbed the pajamas tightly, opened her angry eyes, and shouted angrily in a low voice: "Li Zhenting, stop messing around, get out of here."

"Get out? Don't even think about it." Li Zhenting touched her red lips with his fingers, and grinned, "You have been kissed by several men when you come back so late. I said a long time ago that as long as a man kisses you, I will kill you." 'Cleanse', otherwise, I don't trust you to kiss my children, for fear that some infectious disease will be passed on to them."

"..." Before Shen Ning opened his mouth to defend himself, the man's lips quickly lowered to kiss her lips, and he began to kiss her frantically.

This time, he was crazier than ever before, kissing and biting her fiercely...until she completely took her breath away...

Shen Ning tried her best to push him away, but the man's whole body was as tight as steel, with great strength, and he couldn't shake him at all. As he deepened his domineering kiss, she could no longer resist and let him deepen his kiss. this kiss.

Little stars dangled in front of her eyes, and when her consciousness began to faint, the man let go of her, with a satisfied smile on his face, and said evilly: "This should be considered clean, you can kiss her tomorrow." Coco and Ding Ding."

After speaking, he turned and walked outside.

"Shameless." Shen Ning was furious, picked up the shower gel on the shelf and slammed it at the man's back.

The man turned around, grabbed the shower gel with his hand back, and threatened: "If you make a lot of noise and wake up Ke Ke and Ding Ding, I will let them see what we are doing."

Shen Ning was too frightened to make a sound, and could only watch helplessly as this **** managed to leave.

As soon as the man left, she hugged her pajamas and fell to the ground against the wall, tears gushing out like springs.

She cried silently, letting her tears flow until the coldness hit the ground, and there was no trace of heat in the shower room. It was so cold that she got up shivering, turned on the hot water shower, closed her eyes, and stood herself up. On the shower head, it was pouring hard, and I couldn't tell whether it was tears or hot water on my face.

Chapter 408 Don't worry about making a boyfriend

After Li Zhenting walked out quietly and quickly, the cold air outside still couldn't relieve his tense muscles, and the heat in his body was surging. He rushed into the shower room of his bedroom and turned on the cold water faucet.

The ice-cold water rushed over her body, and gradually, the hot tide in her body was wiped out.

If he doesn't come out again, he will definitely lose control of himself...

He licked the corners of his sweet lips, and curved a smug smile.

Shen Ning came downstairs after taking a shower. Just entering the room, he suddenly remembered what Li Zhenting said. The water in Li's old house had never been stopped. He was a little confused for a while, and went into the bathroom and turned on the faucet.

As soon as it was opened, hot and cold water gushed out.

She was dumbfounded.

There was no water cut off on the first floor.

But there was obviously no water just now. Not only did she just look at one place, but the entire first floor had no water. How could there be water again now?

She was confused, raised her eyes to look in the mirror, and found that her eyes were swollen from crying, and her eye circles were red.

Hey, I really deserve my bad luck!

She pursed her swollen lips, climbed onto the bed and got under the quilt sullenly.

Obviously very tired, but tossing and turning and unable to fall asleep, the image of Li Zhenting was all over his mind.

She was very annoyed, she scolded herself secretly, and then scolded Li Zhenting after scolding herself. She wanted to scold him all over the eighteen generations of his ancestors, but when she thought that his grandparents, parents, and mothers had never offended her, and they were even nice to her, she couldn't. The one who scolded, and his son was also born by her, let alone scolded.

Therefore, she had no choice but to keep cursing Li Zhenting until she fell asleep after being tired of cursing, but she didn't expect that for a whole night, she dreamed that Li Zhenting was teasing her shamelessly...

The next day, she was woken up by children knocking on the door.

When I woke up, the alarm clock next to the bed was still ringing endlessly.

She couldn't even wake her up with the alarm clock.

"Mummy." After Shen Ning opened the door, Xiao Xiao was the first to rush over and threw herself into her arms.

"Little." Shen Ning hugged her and asked affectionately, "Are you used to it?"

"Well, I have my brother with me." This is Xiaoxiao's first time living in Li's old house. Although she is not accompanied by her mother, fortunately, she is not so afraid because of Ke Ke. She is smiling. Said, "Mum, don't worry about making a boyfriend, my brother will take good care of me."

Shen Ning was taken aback for a moment, and quickly asked: "Xiao Xiao, who told you that Mommy is having a boyfriend?"

"My brother and Ding Ding both said that." Xiao Xiao was not ambiguous at all.

When Shen Ning looked at the two little guys, Ke Ke and Ding Ding felt embarrassed, turned and ran towards the hall.

Shen Ning shook his head, took Xiaoxiao to the bathroom, braided her pigtails, and asked her to have breakfast first, while she began to wash.

After a while, she changed her clothes, picked up her bag and walked into the living room.

"Mommy, come here quickly and have breakfast." She thought about going back to the company first and then eating, but Ke Ke and Ding Ding saw her and called her in the dining room with a smile.

She had to come over.

In the dining room.

Li Zhenting was sitting in the main seat, dignified and majestic, with a newspaper in his hand, he looked like a dog. The evil ruffians from last night were gone, and Yi Ran was a gentleman.

When Shen Ning looked at him, he also looked up at her.

immediately

She caught the man's deep and endless eyes, and gave him a hard look. Li Zhenting slightly raised his eyebrows, and a cunning starlight flashed in his eyes.

Shen Ning suddenly felt that this man was very rascal and shameless.

But with the children around at this time, she couldn't do anything, so she sat down next to the children and had breakfast together.

After breakfast, she and Li Zhenting went to send the children to kindergarten.

Chapter 409 Li Zhenting, what are you

Shen Ning stood by the stainless steel gate of the kindergarten until the three cute little guys walked into the kindergarten holding hands, and the kindergarten teacher greeted them, then she turned around and walked out with a smile.

only

As soon as she turned around, she saw Li Zhenting's car still parked there, as if waiting for her.

She frowned, walked to the other side of the road, bowed her head, and walked out at a faster pace.

A displeasure flashed in Li Zhenting's eyes. This woman knew that he was waiting for her here, but she wanted to leave without saying goodbye!

He honked the horn.

I didn't expect it.

The woman Shen Ning ran forward after hearing the horn, and ran faster and faster, like a little rabbit.

Want to avoid him?

He smiled wickedly, no way! Stepping on the gas pedal, the car chased after her.

But this is the avenue at the entrance of the kindergarten, and it happens to be during the school period. There are many cars and people. Even a global limited edition super luxury car is useless here.

Shen Ningren is light and nimble, running, Li Zhenting's huge luxury car can't catch up, can't stop in front of her, and can't easily approach her.

so

Shen Ning easily ran to the street entrance.

Li Zhenting stared at her with eagle eyes, looking at the street eight lanes ahead, the corners of his lips curled up.

Now see where you can go.

When he stepped on the accelerator and was about to drive over.

Sudden

A luxury car flew quickly from the street and stopped in front of her.

The luxury car door opens.

A young man holding flowers came down and delivered a bunch of flowers in front of her.

That man is Jing Chenxi.

Li Zhenting's face darkened.

It turned out that she ran so fast, it was Jing Chenxi who was waiting for her.

He suddenly became angry from embarrassment.

The man's proud self-esteem and self-confidence were greatly hurt. He clenched his fists and his eyes were cold.

"Ningning, let's go, get in the car." Jing Chenxi cared for her, and spoke kindly and gently.

"Thank you." Shen Ning held flowers in both hands, bent down and got into the car.

Jing Chenxi bent down slightly, protecting the top of her head with one hand, for fear that her head would hit the roof of the car, and lifted the skirt behind her with the other hand, tenderly caring for her.

Li Zhenting slammed on the accelerator, and the car drove forward.

As soon as Shen Ning sat down and looked up, he saw a familiar luxury car rushing past their car. The car seemed to be on fire, the tires scraped the floor, and the rear of the car was emitting black smoke.

She sneered and breathed a sigh of relief.

The man finally left.

Based on her feeling, if Jing Chenxi hadn't happened to come to pick her up, he would definitely not let her go, and he would definitely find some reason to insult her.

Thinking of his assault on her last night, she was filled with anger.

Li Zhenting, what are you, you can do whatever you want to me, and you never have to consider my feelings!

Just because you are Young Master Li, you can run amok.

Tell you, you are nothing to me, and I will never treat you as a treasure in my hand again. Now you are a pile of **** with me, and the smell is not good.

After Li Zhenting returned to the office, he had a gloomy face and was in an extremely bad mood all morning.

During the regular meeting, he actually turned down the document, and the sentence he read out was inexplicable, which made people want to laugh.

Finally, when he realized it, he was so embarrassed that he had to hand over the regular meeting to the vice president and left early.

In the office.

Li Zhenting lit a cigar and took a few puffs, then put the cigarette between the index finger and **** of his left hand, and opened the phone screen with his right finger. As soon as he swiped it open, he saw that it was full of Gucci perfume. A series of news reports and the good news of Shen Ning's success.

Chapter 410 There is nothing between us anymore

He was inexplicably disturbed, and when he was about to turn off his phone, he suddenly saw Shen Ning being interviewed by Imperial Satellite TV.

His gloomy eyes met those of the woman sitting on the TV.

Women are dressed in fashion, with exquisite facial features, sitting dignifiedly and gracefully, confident and beautiful.

The host is interviewing her, and every topic is a test of her adaptability, but she has no stage fright at all, and her answers are very precise, even Li Zhenting has to admire her wit and sensitivity.

Li Zhenting was secretly surprised, the longer he spends with Shen Ning, the longer his eyes stare at her, the more unexpected surprises she can give him.

She seems to be a treasure, which was sealed in a certain corner before, but now after seeing the sunlight, it gradually blooms its gorgeous light.

"Ms. Shen, Mr. Jing said that he is taking credit for your cooperation with you. Do you agree with this statement?" The host suddenly changed the subject and asked with a smile.

Shen Ning smiled when he heard the words: "That's because he is modest. My perfume needs fragrances, and the fragrances of Jing's Group have a very good reputation. We cooperate with each other and work together for a win-win situation."

Li Zhenting's skin felt numb when he heard it.

Jing Chenxi said that he was taking advantage of her, this flattery was really loud.

And the woman said it was a win-win situation.

What a hand in hand! Who doesn't know that Jing Chenxi is chasing after Shen Ning, and is talking about cooperation in a high-sounding manner, but his heart is very dirty, what a couple of dogs and men, disgusting!

His profile is like a sharpened edged stone, sharp and cool.

At this time, the host suddenly made a joke:

"Miss Shen, I heard that Boss Jing is chasing you? Is this true?"

Li Zhenting's back tightened and he sat up straight.

Shen Ning smiled lightly, and replied generously: "Jing and I are always good business partners and best friends."

The host saw that there was nothing to ask, so he just smiled to smooth things over and announced that the interview was over.

Shen Ning left the studio and walked outside.

Suddenly the camera on the phone screen turned, and a reporter came out from the side, pointed the microphone at Shen Ning, and asked loudly: "Miss Shen, I heard that you gave birth to a pair of sons for the young master of the Li family, Li Zhenting. Is it true? May I ask that your perfume has achieved such a great success this time, is it because President Li helped you behind the scenes?"

Shen Ning's face darkened when she heard that, she would never have spoken about her son, but the reporter's last sentence really irritated her.

She stopped, took the microphone and said clearly: "This reporter, what I want to correct is that the fact that I gave birth to twin sons for Li Zhenting is not a rumor, but a fact. Last time, President Li also He once told the media personally that the Li family will hold a recognition ceremony for Coco in the near future. This is a clear fact and there is no need to deliberately interview her.

As for the success of Gucci perfume, it depends on the quality of the perfume and my mother's painstaking efforts during her lifetime and my painstaking research over the years. It wins consumers in terms of quality and word of mouth, and does not need to rely on anyone. "

"You mean, you have no contact with Li Zhenting?" The reporter did not give up and still asked.

"Yes." Shen Ning replied clearly, "Although I gave birth to a pair of twins for Li Zhenting, we have divorced a long time ago, and we have nothing to do with each other. Now we each have our own lives. What, that's just for the children."

After she finished speaking, she threw the microphone to the busy reporter, turned around and walked outside.

Over there, Jing Chenxi pushed aside the crowd and walked towards her. As soon as he came, he protected her under his arms and led her out of the encirclement of the media.

They got into the car together, Jing Chenxi started the car and drove out.
