

Troublemakers 41

Chapter 41 Daddy is going to marry Shen Mei!

Li Zhenting grabbed her finger and frowned: "Meimei, I want to save our best night for the wedding night. Go and rest first, I still have something to deal with."

He strode out sideways.

Looking at the back of the man going away, the corners of Shen Mei's lips curled up slightly.

Although Li Zhenting didn't want her this time, she clearly felt his tension and entanglement.

Hmph, I'm sexy, hot, glamorous and enchanting, and every man likes it. I don't believe you won't be interested in me! She firmly believes that as long as Li Zhenting sleeps with her, the relationship between them will be unbreakable, even if Shen Ning wants to jump up, she will not be able to jump up.

At this moment, the cell phone on her body rang suddenly.

She connects.

"Mr. Shen, all the Peruvian balsams in the market have been collected." A man's low voice came from the phone.

"Okay, well done." A sinister smile flashed across Shen Mei's face.

These days, she learned that Shen Ning was looking for Peruvian balsam everywhere, and immediately asked her confidant to buy out the entire market of Peruvian balsam.

She will never let Shen Ning succeed!

Not only does she want to take back Gu Qi, but she also wants to drive Shen Ning out and get her out of the imperial capital forever. Only in this way can she keep her position as Mrs. Li forever.

the next day.

Li's Castle.

Ding Ding was unhappy.

Today, when he was in the kindergarten, he was holding the belt of his trousers with both hands, his legs were close together, and he was running towards the toilet to pee. Teacher Wang suddenly ran over and carried him back to the Blue Whale Kindergarten inexplicably.

So, after school, he had to be taken back to Li's Castle.

He ran angrily to the back garden to call Coco.

"Hey, the young master is still going to marry Shen Mei, and now her nose is going to be turned upside down. We will never have a better life."

"Isn't that right, Madam originally disagreed, but there is no other way, this time the young master has made up his mind."

"Just young master Ding Ding is too pitiful, Shen Mei is not good to him at all, facing him in front of the young master is doing another thing behind the scenes."

...

Ding Ding was stunned while holding the phone.

Is Daddy going to marry Shen Mei?

But that day Ke Ke clearly said that Daddy was going to marry his own mother, Shen Ning.

How is this going!

"Ding Ding." He was standing stupidly, Lan Lan ran over from behind, holding a bell in his hand, "Here, this is for you, strawberry flavor, delicious."

Ding Ding turned around with a dark face, didn't pick up the ice cream, just stared at her: "Daddy is going to marry your mommy?"

"Yes." Lan Lan nodded with a smile, "Great, Daddy and Mommy are finally getting married, we are all one family, right?"

"I'm not your wool." Ding Ding said angrily, "Mommy is not mine, it's yours."

Lan Lan blinked her big eyes and asked puzzledly: "My mommy is also your mommy, aren't you happy that Daddy and Mommy are getting married?"

"Ghosts will be happy." Ding Ding dropped the sentence bluntly and ran towards his bedroom.

"Hey, what's the matter with you." Lan Lan couldn't figure it out, looked at his back, pouted, "What a monster."

She didn't bully him this time, she just gave him ice cream out of kindness, obviously he also likes to eat it.

But he is so ungrateful, how boring!

Lan Lan shook her head, ignored him, and went to play on the swing by herself.

Now the villa is full of joy, Daddy is going to marry Mommy, she is so happy!

Chapter 42 You are the wild woman!

Zhengsheng Apartment.

Cocoa and Xiaoxiao started packing toys and cleaning as soon as they got home from school.

Is it possible to go home with Xiaoxiao today, purely by chance!

The reason is that Ke Ke went to Lantian Kindergarten to find Xiaoxiao, and Teacher Ma Daha Wang mistakenly took Ding Ding for him and took him back to Blue Whale Kindergarten.

So, he resumed his identity as Cocoa.

"Di bell."

While the two little guys were very busy, the doorbell rang.

"Yeah, maybe Mommy is back. Mommy promised to come back early today." Xiaoxiao immediately threw away the rag and happily ran to open the door.

But the door just opened.

Ge Di

A force rushed in from the door.

A little pushed and fell to the ground.

Coco looked up, his face changed color.

I saw a young woman broke in, very fierce.

After he was stunned for a moment, he remembered, isn't this the second uncle Wu Lili who was very unfriendly to them at the great-grandmother's house last time!

"Xiao Xiao." He ran over to help Xiao Xiao up, and yelled at Wu Lili, "Ugly witch, who let you come to our house? You are not welcome here, please go out."

Xiaoxiao was pushed to the ground on the back of her head, with stars in front of her eyes, her mouth curled up, and Ke Ke's hand was tightened, her eyes filled with tears of grievance.

Coco stroked the back of her head and hugged her distressedly.

"Shen Ning, you bitch, come out quickly and give me back our Shao's money." Wu Lili came in and looked for Shen Ning everywhere, and when she couldn't find her, she clapped her hands and cursed.

"Don't scold my mommy." Ke Ke blushed with anger and clenched his fists. If it wasn't for Xiao Xiao's bad demeanor after being bumped, he would really go up and clean her up.

"Xiao Yezhong, where is your mommy?" Wu Lili noticed the two brats now, and Ge Di yelled ferociously, remembering the incident of being exposed by Xiao Xiao last time.

"We are not savages, you are the savage woman." Tears flowed out from the little eyes, and they shouted aggrievedly.

Coco is never easy to mess with!

This woman dared to blatantly come to her door to bully their family, it's disgusting!

Seeing that Xiaoxiao was in better spirits, he helped her to sit on a chair, took a clothes pole from the balcony and put it in her hand, and said, "Xiaoxiao, don't be afraid, if she dares to hit you, You use this to hit her back."

"Yeah." Xiaoxiao sniffed, tightly gripped the clothespin with both fingers, and stared at Wu Lili angrily.

"Bad woman, please get out immediately." Ke Ke made a sideways fist movement, shaking her fist and yelling at Wu Lili, quite calm and calm.

Wu Lili looked at him and sneered: "Little Yezhong, stand up obediently, if you make trouble, I will smash your ass."

After speaking, he ran to the desk in the bedroom, rummaging around in the cabinet, searching for something.

Coco was very angry, why did this bad woman turn her house into a mess?

Angry, he rushed over and jumped up, kicking her **** with a flying kick.

Wu Lili was kicked back several steps, furious!

This little brat wants to die!

She sneered coldly, and rushed towards Ke Ke viciously.

Today, she is not the coquettish Shen Mei in high heels, she is wearing sneakers, and it is clear that she is here to make trouble.

Although Ke Ke is flexible and strong, she is only a five-year-old child after all!

She is not afraid of a little furry child! He casually picked up a coat hanger next to the desk and threateningly hit Ke Ke.

Coco saw that the situation was not good, and immediately ran towards the living room.

"Don't hit my brother." Seeing her brother being chased out and being at a disadvantage, Xiao Xiaoxiao got the courage out of nowhere, stood up, picked up the fork pole, and hit Wu Lili.

Wu Lili took a hit and was forced to retreat several steps.

Chapter 43 Hitting her child is killing her

"Little bastard, it's disgusting." She rushed up and grabbed the clothes pole with her backhand and yanked it violently. Xiaoxiao didn't have enough strength, and the clothes pole was snatched away.

She swung it up and hit the two little guys.

"Xiao Xiao is careful." Ke Ke immediately stepped forward to protect Xiao Xiao behind her, and the clothes pole in Wu Lili's hand hit him hard.

"Brother." Xiaoxiao burst into tears in fear.

Ke Ke suffered burning pain from shoulder to arm, but he ignored the pain and yelled at Wu Lili: "Ugly witch, I will sue you for illegal child abuse and send you to jail."

"Hey, little bastard, you know quite a lot, but it's a pity that you mother and son just don't have the ability to sue me." Wu Lili sneered, and raised the clothes stick to hit Ke Ke again.

The door of the room was suddenly opened from the outside.

Shen Ning walked in with a bag of fresh vegetables.

"Stop." As soon as she entered the door, she saw Wu Lili picking up a clothes stick and hitting Coco on the head. She was so frightened that her heart almost jumped out of her chest, and her anger rushed straight to her head like a river breaking a bank. She snarled, rushed up and snatched the fork pole, and hit Wu Lili backhanded.

Hitting her is fine, but beating her child is killing her.

She would rather die herself than let others bully her child!

The fork clothes pole hit Wu Lili hard!

Who cares about her second aunt, the child who beat her is her generational enemy!

"Shen Ning, you bitch, didn't you say you don't want a penny from Shaw Brothers? Take out the money your grandma gave me, otherwise, I'll never end with you." Wu Lili took several sticks on her body, and finally saw the right moment Fiercely snatching the fork pole, the two pulled each other, she scolded Shen Ning viciously.

Shen Ning was taken aback for a moment, and only now did he realize why Wu Lili came here to make trouble. It was because of the 10 million gold card that her grandmother quietly gave her.

She had no intention of asking for the 10 million at all, and was just about to find time to return it to her grandma.

"I've said it before, I won't take any money from your Shaw Brothers, but if you beat my child, I can't forgive you." Shen Ning was like an angry lioness, wishing to tear the woman in front of her to pieces. Meat.

Such a soft and cute little guy, how could she do it? !

"No? It's really nice to say." Wu Lili sneered, "During the years you were in the United States, your grandmother sent you money every month. I didn't know who she was calling at the beginning. I didn't know until you returned to the imperial capital." Understand it, but after I discovered this secret, I secretly intercepted all the money halfway."

Shen Ning was stunned.

It turned out that after she brought her two little ones to the United States, her grandmother sent her money regularly every month. In the first two years, she did receive it, but after that, she never received it again, and she had to work outside to live. It was very difficult.

She never knew who sent the money for those two years, it turned out to be grandma!

"Shen Ning, you raised a wild man's child, why do you want us Shao to take the blame? It's only natural for me to ask for the money back, there is nothing wrong with it." Wu Lili was confident and aggressive.

Shen Ning's heart was throbbing, and his eyeballs were red like burning coal balls.

She lowered her head, paused, and said coldly, "Okay, just wait, I'll bring it to you right away."

She threw away the clothes pole, went to the study and took out the black document bag that his grandmother had given him, took out the gold card from it, turned around and walked towards Wu Lili.

"Here, this is the gold card my grandma gave me. It contains 10 million yuan. I have never used it. It was originally intended to be returned to her old man. Now that you have found it, I will return it to you. This time, forget about beating my child, from now on, we will make a clean break, and it will have nothing to do with it."

She threw the bank card to her, and said indifferently,

"The password is written on the back of the card."

Wu Lili quickly grabbed the golden bank card, stroked it left and right, her eyes were full of light.

Chapter 44 Exactly the same face

"Ugly witch, get out, if you dare to come here again, I will beat you to the bum." Ke Ke put her hands on her waist and yelled at her.

Wu Lili glanced at the simple living room with disdain, and sneered contemptuously:

"Don't worry, as long as you don't go to our Shao's to ask for money in the future, I won't come to this kind of ghost place even if you kill me."

Her eyes fell on Ke Ke's childish and delicate face. This little guy is indeed a bit courageous. Not only is he not afraid of danger, but he can also protect his younger sister. It's a pity that he was born in such a poor family. It's ruined.

She was about to leave.

Ge Di,

There was a surprised expression on his face.

Not right

Ke Ke's face is so familiar!

Where did you see it?

Yes, it's him!

The richest man in the imperial capital, Li Zhenting!

This guy's small face is exactly the same as Li Zhenting's handsome face!

Last time

She was all focused on Shen Ning, and didn't even notice Coco's appearance.

Just accidentally took a look, and found that the face of Ke Ke and the face of Li Zhenting, the richest man in the imperial capital, were almost carved out of the same mold.

Could it be that Shen Ning's father is Li Zhenting?

She widened her eyes in shock.

"Get out." When Shen Ning saw her staring at Ke Ke's face, Shen Ning felt hairy. This evil woman must have seen something! She immediately opened the door and yelled at her.

"Get out, ugly witch." Coco and Xiaoxiao also shouted in unison.

Wu Lili had no choice but to turn around and walk outside, turning her head several times while walking, and even walked to the door without forgetting to look back at Ke Ke.

Shen Ning closed the door firmly in time.

Wu Lili walked downstairs, thinking about Ke Ke's face, and the doubts in her heart grew bigger and bigger.

If Shen Ning's two children belong to Li Zhenting, then... this woman's life is too good!

"Ke Ke, let Mommy see, where did that bad woman hit you?" In the living room, as soon as Wu Lili left, Shen Ning hugged the two children in his arms and asked with concern.

"Mommy, that bad woman hit brother on the shoulder." XiaoXiang burst into tears from the pain, pointing to Ke Ke's shoulder and crying.

"Hurry up, let Mommy take a look." Shen Ning was anxious to pick off the child's clothes.

soon

A long green mark appeared on the small and tender skin, from the shoulder to the right arm.

"Ke Ke, my child, I'm sorry, Mommy didn't protect you well." Shen Ning stroked the bruises on his immature skin, tears could no longer be controlled, and cried loudly while hugging Ke Ke.

She is too incompetent, she can't even protect the children, she is guilty, sorry for the children.

"Mum, I don't hurt, don't be sad." Ke Ke wiped away Shen Ning's tears, and comforted Shen Ning sensibly.

Shen Ning became more and more sad, crying miserably, unable to control it no matter what!

Xiaoxiao also cried loudly.

The room is full of haze!

Coco's eye circles are also red, but he didn't shed tears. A man can't cry!

He stood upright, hugging Mommy and Xiaoxiao in his small arms.

*

The night was dark.

Shen Ning sat in the study with red eyes in a daze.

The tea party scheduled with Li Zhenting will be next Friday. Seeing that the time is getting closer, she is also working hard to develop the perfume wholeheartedly.

But right now, one of the most serious problems is in front of us: I can't buy Peruvian balsam!

This spice is an essential ingredient in Gucci's perfume formula, but it can't be bought in the imperial capital!

She sat blankly and opened her wallet.

There is a wad of dollars in it.

She took it out and counted: one, two...twenty.

Here's all she has now: \$2,000.

If Gu Qi can't have a new variety on the market this month, she will die of poverty...and Ke Ke and Xiao Xiao can only drop out of school!

She couldn't imagine the consequences.

...

Chapter 45 became that virtue again

The next day, Li Zhenting was correcting documents in the office.

Sudden

The phone rang.

He picked it up.

"Master, the kindergarten teacher called and said that Young Master Ding Ding had another headache, and he hasn't had breakfast yet. I've brought him home." Steward Luo was crying over there.

Li Zhenting put down his pen and strode outside.

Li's Castle.

Ding Ding sat on the sofa and flipped through the comic book, his little finger turned page by page, with a focused expression.

"Ding Ding, what's wrong with you? Do you have a headache?" Li Zhenting hurried in and asked with concern.

Ding Ding didn't raise his head, didn't even look at him, he was still flipping through the comic book.

Li Zhenting put his hand on his forehead, fortunately, it was cool, and he didn't have a fever.

Ding Ding stood up suddenly, shook off Li Zhenting's hand, ran towards the room, and closed the door tightly with a bang.

Li Zhenting was startled.

Suddenly uncomfortable and annoyed!

How did this brat turn into such a virtue again!

A few days ago, he was so happy. He not only communicated with him, but also called him Daddy, and even heard that for the first time in history, he acted cute and coquettish to him: Daddy, I miss you, I love you so much.

At that time, he was in a very good mood, thinking that Ding Ding's illness was cured.

"Master, the young master sat on the sofa and read comic books when he came back. Kindergarten teacher Wang said he didn't eat breakfast at all. It's almost eleven o'clock now. What should I do if the child is hungry?" Butler Luo was very worried.

With a sullen face, Li Zhenting took the porridge from Butler Luo and walked towards the bedroom.

"Ding Ding, open the door." He ordered standing outside the door.

Nothing happens inside.

"Bring the mechanical key and open the door." After shouting three times in a row, Li Zhenting lost his patience and ordered to Butler Luo.

Butler Luo immediately brought the mechanical key.

The door opened.

Li Zhenting walked in to take a look.

Ding Ding was holding the tablet and looking at something carefully. As soon as he came in, he nimbly tapped his little finger, flashed into a game interface, and shouted dissatisfiedly: "Daddy, who let you enter my room without permission?"

Li Zhenting said angrily: "Boy, I am your guardian. I have the right to enter your room. Let me ask you, is your head still hurting?"

"Don't worry about it." Ding Ding said coolly, "Go and worry about Lan Lan and her mommy, they will please you better than me."

After speaking, he snorted heavily and turned his head away.

Li Zhenting was taken aback!

What nonsense is this kid talking about! What is Lan Lan and her mommy? Isn't Shen Mei also his mommy!

It seems that this kid is really sick, even Mommy can't tell the difference!

Such Ding Ding worried Li Zhenting the most.

He never opened his heart, closed himself in a small world, even he couldn't break in, some time ago, he hired a top psychiatrist for him, the naked eye can see that he has changed a lot... But now...

"Ding Ding, you were not like this a few days ago." He bent down and said patiently, "I think you were in a very good state a few days ago."

A few days ago, he was lively and loved to laugh. Even if he was arguing with Lan Lan, lying on the ground and crying, or even fighting with Shen Mei because of being wronged, he thought it was normal. That kind of cuteness made his heart tremble. Given.

After all, that is the true temperament that a child should have.

But in just a few days, he is a different person!

"That's how I am, and it's not the first day you know." Ding Ding rolled his eyes at him and lay down on the bed.

"Boy, get up, Daddy will take you to the hospital to find Dr. Robert." Li Zhenting scooped up the delicious porridge in the bowl, "Get up first and drink the porridge."

"No, I don't have a headache, I don't want to go to the hospital, and I don't want to drink porridge."

Ding Ding hates going to the hospital the most. In fact, he really didn't suffer from a headache today. I don't know how happy he is with his mother these days, but because he was sneaked back by Mr. Wang for some reason, he heard that Li Zhenting was going to marry Shen Fascinated, very unhappy, that's why it happened.

Chapter 46 turned out to be him!

"No, I have to go to the hospital when I'm sick." Li Zhenting's tone was serious, he wished his son could be as lively, cheerful, smart and cute as he was a few days ago.

Ding Ding got up impatiently: "If you don't go, you just won't go, are you annoying, please leave me alone."

He shook his hands and ran outside, his face was terrifying, and his body was full of anger, it really looked like Li Zhen was furious!

Li Zhenting was so angry that his teeth itched, he ran out to chase him.

As soon as she chased to the front garden, she saw Li Wanqing walking in with big bags and small bags on her shoulders.

"Hey, my little grandson." When Li Wanqing saw the cool and cute Ding Ding, her eyes narrowed into a straight line with a smile, and she opened her arms to him with love on her face, "Come here, let grandma see that you have Didn't gain weight."

"Grandma." Ding Ding threw himself into her arms, calling out in a childish voice.

"Hey." Li Wanqing's heart melted, she hugged her little grandson and looked around lovingly, and finally kissed his tender little face, "My little grandson, I really miss grandma."

"Grandma, I don't want to go to the hospital." Ding Ding immediately complained to Li Wanqing.

"Which hospital?" The smile on Li Wanqing's face disappeared instantly, and she looked at Li Zhenting, "The child is fine, why are you taking him to the hospital?"

"Mom." Li Zhenting was very helpless, "Ding Ding's headache has happened again, and if he doesn't see a doctor, his condition will only get worse..."

"Nonsense, Ding Ding just doesn't want to go to kindergarten anymore. Where did the kid have a headache and encephalopathy? I think he's fine, there's nothing wrong with him, and he doesn't need to go to the hospital. I'll live here for the time being when I come back this time. Come and take care of him personally." Before he finished speaking, Li Wanqing interrupted his words, and couldn't help but take Tintin's little hand and walked towards the house.

Li Zhenting shrugged helplessly and had to give up.

A glazed roof, in front of an antique villa.

"Secretary Li, are you sure there is one here?" Shen Ning glanced at the villa and asked for confirmation.

"Sure, not only there are, but also the most authentic." Secretary Li nodded affirmatively.

Shen Ning's eyes lit up.

In the past two days, she has been desperately looking for Peruvian balsam.

No matter what, as long as there is a glimmer of hope, she will try it.

Since Secretary Li was nearly fired for helping Shen Mei in perjury, the balance in her heart has completely tilted towards Shen Ning.

Compared to Shen Mei's hypocrisy and selfishness, Shen Ning's generosity, kindness, and rigorous professional knowledge of perfume all impressed her.

Before becoming a secretary, she worked as a marketing manager, so she has a good understanding of the market.

"Okay, let's go in." Shen Ning rang the doorbell.

What she didn't expect was that when she reported herself, the security inside immediately let them in, and led them enthusiastically to a quaint office.

Shen Ning was secretly surprised.

Based on her popularity, she might not be so attentive to a security guard.

While he was thinking, the door of the office opened automatically.

When she looked up, her eyes widened.

In Nuoda's exquisite and clean office, a gentle and handsome young man is sitting on a black and solemn desk correcting documents. His face is clean and handsome.

Jing Chenxi!

Shen Ning instantly petrified.

She never thought that the place Secretary Li introduced to her was Jing Group.

That's right, she should have thought about it a long time ago. In the imperial capital of Nuo Da, who else can have such authentic Peruvian balsam except him.

"Ning Ning, please sit down." Jing Chenxi looked up and saw her, stood up immediately, and warmly invited her.

"Mr. Jing, I'm sorry, I didn't expect that I would find you here." At this point, Shen Ning had no choice but to go in, so he could only smile shyly.

If possible, she doesn't want to come to him, let alone have too much contact with him!

"Ningning, I'm really glad you found this place." Jing Chenxi greeted her and sat down on the sofa, making tea for her herself.

Secretary Li looked at Jing Chenxi in surprise, then at Shen Ning.

In this way, Jing Chenxi knows Shen Ning!

She jumped up.

If so, there is no need to worry about Peruvian balsam!

She quit immediately knowingly.

"Ningning, last time in the spice market, I heard you said that you were looking for Peruvian balsam. I thought you had it, but I didn't expect you to be looking for it. I didn't think twice." Jing Chenxi put a cup of Dahongpao To her face, apologetic.

Peru balsam is precious, but there are still some on the market. He didn't expect her to search so hard.

Shen Ning smiled wryly: "I didn't expect that the imperial capital of Nuoda couldn't even buy Peruvian balsam."

Chapter 47 As long as you are well, I am at ease

"Don't worry, I have authentic and good ones here, and you can choose them." Jing Chenxi immediately smiled and comforted her.

Shen Ning was silent for a while, and said:

"Mr. Jing, I can buy it for you at a high price."

The implication is that she hopes to use money to ease his affection.

Jing Chenxi's eyes dimmed, of course she understood what she was thinking, she smiled helplessly, and acquiesced.

"Mr. Jing, can you show me the Peruvian Balsam?" Shen Ning didn't even bother to sit down and drink tea, and immediately stood up.

"sure."

Jing Chenxi didn't say much and just led her to a warehouse in the back.

After a while, Shen Ning was very excited.

She finally found the balm she needed and it would be impossible not to thank her.

With these, she will be confident at the tea party next Friday.

Jing Chenxi was very caring, not only gave her a lot of raw materials, but also many semi-finished products, Shen Ning only needed to mix them directly.

"Ning Ning, where have you been all these years?" He wrapped the Peruvian balm himself and handed it to Shen Ning, and finally he couldn't help asking.

Shen Ning avoided his eyes, and said lightly: "I went to the country of America, and worked and studied there for a few years."

There was pain in Jing Chenxi's eyes, and he said regretfully: "Six years ago, when I heard the news of your death, I was heartbroken and went to the beach every day, hoping for a miracle to happen, but at that time I never believed that you would Dead like that."

Shen Ning looked down at his toes and said nothing.

"Ningning, is your life difficult now?" He asked cautiously after a while.

"No, I'm not in trouble." Shen Ning looked up, "I now own 50% of Gucci's shares, and I'm an internationally renowned perfumer. I live a good life."

"That's good." Jing Chenxi nodded, "As long as you are well, I can rest assured."

"Thank you." Shen Ning turned and walked out: "Mr. Jing, I'm leaving first."

"Ning Ning." Jing Chenxi followed, "How did you get here?"

"I came here with my colleagues."

She went outside, Secretary Li was waiting for her, she saw the balm in her hand at a glance, her eyes were bright.

Shen Ning immediately bid farewell to Jing Chenxi and took Secretary Li away.

"Mr. Shen, I didn't expect you to know Mr. Jing. It's great. From now on, Gu Qi's perfume doesn't have to worry about the raw materials." Secretary Li smiled mischievously as soon as they walked out.

In the perfume industry, raw materials are very important. With Shen Ning's background, Gu Qi definitely has a way out.

"What are you thinking about, everything depends on yourself." Shen Ning corrected his voice.

"Mr. Shen, have you known Mr. Jing for a long time? Like childhood sweethearts or something." But Secretary Li's interest is obviously not limited to this, she pursed her lips and smiled around the corner to inquire.

Shen Ning shook his head: "No. It's just that my mother used to be a perfume blender and dealt with the Jing family. I also knew him very early, that's all."

"Oh." Secretary Li obviously didn't believe it, cleared his voice and said seriously: "Mr. Shen, Jing Chenxi is the golden son-in-law in the hearts of many women in the imperial capital. I can tell that he looks at you differently. Absolutely. Interested in you, you have to seize this opportunity, Jing Chenxi is not only from a wealthy family, but also a veritable rich and handsome!"

When she said this, her eyes were full of envy.

Shen Ning couldn't help laughing: "Then do you want to associate with him? May I introduce you?"

"No, how could he have a crush on me." Secretary Li was too frightened to joke anymore.

They talked and laughed and went back to the company.

As soon as he returned to the company, Shen Ning closed the office door and started to get busy.

With the raw materials, these are not difficult for her. When she gets off work, she has basically prepared several new varieties that she has innovated.

She was in a happy mood, so she planned to go to Lantian Kindergarten to pick up Keke and Xiaoxiao and buy some delicious food for the children.

Chapter 48 Where is your husband?

"Ning Ning." When she came downstairs, she was standing on the side of the street and was about to call a car, when suddenly a Bentley car drove up, and she was stunned when she saw it.

It turned out to be Jing Chenxi!

"Ning Ning, I'll take you home." Jing Chenxi opened the car door, stepped down tall and tall, and looked at her with bright eyes.

Shen Ning came back to his senses, shook his head immediately, and refused with a smile: "No, thank you, I have to go to kindergarten to pick up two children now."

"Two children?" Jing Chenxi's eyes darkened, and he asked in surprise, "You have two children?"

"Yes, I have a pair of children who are already five years old." Shen Ning spoke bluntly.

Jing Chen Ximo paused, and smiled: "Then I will take you to pick them up."

"No, children are very sensitive and vulnerable to strangers. It's really not necessary. Thank you for your spices today. I will treat you to dinner another day." Shen Ning shook his head with a smile, and raised his hand to hail a taxi.

"Ning Ning, where's your husband?" Jing Chenxi suddenly grabbed her wrist and asked.

He really didn't expect that she would get married and have children all these years!

Shen Ning suffocated for breath, Li Zhenting's **** face flashed in his mind, and blurted out: "Dead."

It happened that the taxi drove over.

Shen Ning broke free from Jing Chenxi's hand and got into the car.

The taxi drove away.

Jing Chenxi stood in a daze for a moment, and suddenly the corners of his lips raised with an unfathomable meaning.

He turned and got into the car, and the car followed.

In another luxury car under the big tree on the street, Li Zhenting kept looking at this side with a pair of stern eyes.

Today he passed by here when he came home from get off work in the Li Group, and wanted to see how Shen Ning was doing at work these days.

The invitation letter for the tea party has been sent out.

He doesn't want to make a joke then.

did not expect

As soon as I arrived at Gu Qi's door, I saw her talking and laughing with Jing Chenxi, flirting, looking very intimate.

Watching them walk back and forth, he had a gloomy face, and gave a cold snort of disdain.

This woman turned out to be attached to Jing Chenxi, no wonder she is so confident.

Who in the industry doesn't know that Jing Chenxi's company is engaged in the production of fragrances? Jing Chenxi still has a certain network of contacts in perfumes.

There was a sarcasm in his eyes. He really thought that she had some extraordinary ability, but she just relied on men.

He turned the front of the car, and the car drove towards Li's Castle.

The entrance of Lantian Kindergarten.

"Ke Ke, Xiao Xiao." Standing at the gate, Shen Ning waved his hands towards Ke Ke and Xiao Xiao who were walking out hand in hand.

"Mummy." The two little ones immediately saw Shen Ning, and were so happy that they ran towards her in unison.

"Ke Ke, little one." Shen Ning bent down, opened his arms, embraced the lovely pair of children, and kissed their little faces one by one.

"Mommy, Mommy, I love you so much." Xiaoxiao was incoherent in joy, hugging her neck and shouting excitedly.

Shen Ning's heart was filled with maternal love from every corner, his expression of happiness was beyond words, and every cell in his body exuded happiness.

After getting bored with the children for a while, she stood up and took their little hands one by one, and the family walked towards the outside of the kindergarten with happy faces.

In the Bentley luxury car next to the street, Jing Chenxi sat in the cab and stared at them without blinking. His sharp eyes fell on Ke Ke's face, which was exactly the same as Li Zhenting's.

no doubt.

The father of this pair of children is Li Zhenting!

There is no one in this world who can understand Shen Ning better than him.

The only person she loves will always be Li Zhenting, except for him, she will not give birth to any man, as he imagined!

Pain flashed in his eyes!

Ning Ning, I have missed you once, this time, I will never miss you again.

Chapter 49 You were deceived by an adult

"What did you say? Daddy is going to marry that ugly witch, Shen Mei?" After dinner, Ke Ke, Xiao Xiao and Ding Ding finally communicated with each other on the video, the three little heads got together, Ding Ding unfortunately Reported this very heavy news to them.

"Impossible!" Coco's first reaction was disbelief, "Daddy told me personally that he wants to marry our mommy, and let mommy move into Li's Castle to eat and dress well." ."

"Hey, poor Keke, you have been cheated by adults." Ding Ding sighed, "Grandma asked me for my opinion today."

"Ah." Ke Ke was stunned, and after confirming that she was right, her face flushed and she roared angrily, "Daddy scum, you even lied to a child, I can't spare you."

He turned over and was about to run outside.

"Brother." Xiao Xiao grabbed him, pursed his lips, teary, "It's dangerous for you to go out so late, and if Mommy finds out about this, she will be very angry."

Keko was taken aback, and slumped on the bed.

"No, Ding Ding, I will switch identities with you tomorrow, and I will settle the score with the scumbag." After a while, he sat up and looked at Ding Ding.

"Okay." Ding Ding agreed boldly when he heard this.

He is eager to go back to Mommy. Although he is a bit reluctant to part with grandma, he is even more reluctant to be separated from Mommy.

"Brother, I'll go with you this time." After hanging up the phone, Xiaoxiao stood up, puffed up her chest, and demanded solemnly.

"No." Coco shook her head, "That ugly witch is very bad, she will bully you."

"But you are just a child, you can't fight against that ugly witch by yourself, let me go, I can read minds, and I can help you." This time, Xiaoxiao took a firm attitude and took out her own advantages.

Coco moved in his heart, thought for a while and then nodded: "Alright, but you can't go now, I will take you in after I find a way, all in all, this time, we must not let the scumbag marry that ugly witch."

"Well, brothers and sisters join forces, and the world is invincible." Xiao Xiaolie smiled and stretched out her small palm towards him.

Ke Ke stretched out his palm to hit her, and the brother and sister swore by high-fiving, full of confidence.

Early in the morning, Shen Ning sent Ke Ke and Xiao Xiao to Lantian Kindergarten in person, watched their little figures walk into the classroom, and then reluctantly turned around.

As soon as she turned around, she trotted towards the bus stop.

She has to arrive at the company at eight o'clock sharp.

only

When she arrived at the bus stop, the bus just passed by.

In desperation, I had to wait patiently for the next bus.

But today there are too many cars, and I finally got on the bus. Halfway through the road, a logistics car in front hit the traffic railing and caused a big traffic jam.

result

When Shen Ning rushed to the company to clock in, he was twenty minutes late.

She thought, as a shareholder, she is now in charge of the company's daily life, so it shouldn't be a big deal.

But she was wrong.

When she pushed open the office door, a frosty and sullen face appeared in front of her.

She shivered with fright and almost fell to the ground.

"Shen Ning, are you late?" Li Zhenting looked at her expressionlessly, "As the person in charge of the company, shouldn't you take the lead? You are so blatantly late, what else can you say?"

Shen Ning opened his mouth, looking at the domineering, unreasonable man in front of him, he was at a loss for words for a while.

Chapter 50 Can't Bully Girls

"No." After a while, Shen Ning shook his head.

Who made her unlucky? She usually arrives early, but today she was late, as if she had been tricked by him.

"Then fine according to the company's system." Li Zhenting's tone was cold, without showing any affection.

Shen Ning was taken aback, and couldn't help touching his pocket, with a flattering smile on his face, he asked, "President Li, how much is the deduction?"

"Five thousand."

My day!

Shen Ning almost jumped up, so much money, you might as well grab it!

She thought of the pitiful dollars she had on her body. If she deducted another 5,000 yuan, next month's cocoa and small tuition fees would be a problem!

When she was about to defend herself, she raised her eyes and saw that Li Zhenting's cold face was covered with a layer of frost, which was about to freeze into sizzling icicles.

Hey, forget it.

She suppressed the anger in her heart.

No matter what, the tea party is about to begin. If it can be a hit, then her financial problems will not be a problem, and the mere five thousand yuan is nothing. Besides, she is indeed at fault.

"Okay, I am willing to be punished." She whispered.

Li Zhenting gave her a cold look, and asked indifferently: "How is your perfume blending? Friday's tea bill is about to start."

"I know." Shen Ning suddenly gained confidence and raised his head, "Don't worry, I will definitely give you a satisfactory answer."

"Really." Li Zhenting looked at her gloomily, with a mocking smile on the corner of his lips, "It seems that you have someone behind you to help you, so confident."

Shen Ning was taken aback for a moment, these words sounded ironic!

But let him think, she doesn't care.

"President Li, please also remember that if I succeed, you must not break your promise to me." She solemnly reminded.

With a cold face, Li Zhenting snorted noncommittally, and walked outside.

Shen Ning's money was deducted, and his body was in excruciating pain. As soon as he went out, she closed the door with a bang, suppressed her anger and went to the laboratory to mix perfume.

She must succeed!

He wants to keep Shen Mei, but it's not that easy!

In the afternoon, Li Zhenting was holding a video conference for multinational executives at the company when his phone rang suddenly.

He picked it up and saw that it was Tintin calling, he was a little surprised.

Ding Ding would never call him during working hours.

He quickly picked up:

"Ding Ding, what's the matter?"

When Ke Ke heard Li Zhenting's voice over there, his teeth itch with hatred.

'Scumbag, he not only cheats on women, but also on children, it's so disrespectful! '

He cursed inwardly, but his round face turned into a chrysanthemum with a smile, and said in a childish voice, "Daddy, I want to bring a child from the kindergarten to play at home."

Li Zhenting was taken aback for a moment, and then a look of joy appeared on his face.

This little guy has never said that he wants to bring children to play at home, which is definitely a good sign!

Thinking that he was still indifferent to him yesterday, today he took the initiative to call him like a few days ago, and even brought the children to play at home. This is not a bad performance.

"Okay, you have to treat him well when you bring it back, and you can't neglect him." Li Zhenting replied gently, "Tell Daddy first, whether the kid is a boy or a girl."

"Girl, such a beautiful and gentle little girl." Ke laughed and showed two rows of small white teeth.

"Oh, little girl, okay, you treat her well and don't bully girls." The corners of Li Zhenting's lips rose slightly.

Bullying girls? When Ke Ke heard it, he felt angry.

Are you the one who bullies girls? There is even an old face to teach him.

Immediately hung up the phone with a bang.

Li Zhenting was stunned over there, boy, this is the attitude again!
