

## Troublemakers 411

Chapter 411 Even I feel ashamed

Li Zhenting was sitting on the office chair, with black steam coming out of his nose.

Well, there is nothing to do with her anymore, this is to make things clear with her.

Then what were they doing last night?

This woman's duplicity is really annoying!

He stood up abruptly and walked outside.

Shen Ning, you want to break up with me completely, but I won't let you.

...

Here, Shen Ning sat in the car and heaved a sigh of relief.

"Mr. Jing, thank you."

"Silly girl, why are you being polite to me? This is what I should do. In the future, the development of Gucci will be closely linked with my company. You, a well-known designer, are my key protection object."

Shen Ning smiled.

"Ning Ning, the orders I have received in the past two days are almost hundreds of millions. If this continues, the Gucci brand will become famous all over the world. It seems that I have to hurry up and buy raw materials. I must not be here. One side has held you back." Jing Chenxi said half-jokingly and half-seriously.

Shen Ning had a sweet and comfortable smile on his face.

"By the way, Ning Ning, the company staff have worked so hard these days, and now that they have achieved such a great success, there should be a celebration." Jing Chenxi reminded at the right time.

Shen Ning was taken aback, and immediately replied: "Yes, it is very necessary."

After so many days, everyone has worked hard with all their strength. Now that they have succeeded, I have to thank them. It is really thanks to Jing Chenxi's reminder, otherwise, she would not have thought of it.

After returning to Gu Qi, Shen Ning began to work overtime and prepare for tomorrow's celebration banquet.

It was almost early morning when she finished the work at hand. Just as she stood up and was about to go home, she suddenly thought of the sudden water cutoff in Li's old house last night, and sat down again.

Now it's this point again, if there is no water again when I go back, wouldn't that \*\*\*\* Li Zhenting take advantage of it again, and slander her for trying to seduce him.

Thinking about it, she simply fell asleep on the single bed in the office. As for picking up the children tomorrow, I will explain to the children then.

the next day.

Shen Ning was working in the office when suddenly, harsh and sharp curses came from outside.

"You dogs who look down on people and are mercenary. When I was the president here, you all fawned on me. Now that Shen Ning is here, you just ignore me. Even Gu Qi won't let me go. I went in and told you, just wait, when I get Gu Qi back, you will know who is the best."

Shen Ning's eyes flashed coldly, and he sneered.

They did come.

This pair of cruel, greedy mother and daughter.

It's time to end this matter.

She picked up her mobile phone and dialed a number: "Lawyer Yang, please come to my office immediately."

Just as he put down the phone, the door was already pushed open.

Shen Mei and Lan Feiyun walked in aggressively.

"Hey, Ning Ning, not bad, Gu Qi has achieved such a great success, you are really capable." As soon as Lan Feiyun came in, she sat down on the sofa in the attitude of an elder, looked at Shen Ning, with a smirk on her face, gave her a thumbs up, "Sure enough, not only Jing Chenxi helped out, but even Wang Xingyu bowed down under your pomegranate skirt. This method, let alone meimei, even I feel ashamed."

What she meant by this, of course, was that her success was the result of seducing men, rather than relying on her true ability.

Of course Shen Ning understood what she meant, but she didn't care or get angry at all.

After all, facing this shameless mother and daughter, she has already practiced the golden kung fu mask, which is invulnerable to all poisons.

"May I ask if you are here?" She sat calmly and asked indifferently.

Shen Mei sneered: "Shen Ning, don't pretend to be confused, what are we here for, don't you know?"

Chapter 412 Do you think we are fools?

"Please tell me clearly that I have been involved in this matter for a long time, and I really don't remember it." Shen Ning had a sneer on his face.

"Stop pretending." Shen Mei coquettishly took out a contract from her bag and waved it in front of her, "What is this contract? It was signed by you."

"Oh." Shen Ning glanced at it and said lightly: "So it's this, I've always wanted to find you guys, but I've been too busy recently, so I can't separate myself."

After finishing speaking, she picked up the extension phone on the desk and dialed a number: "Secretary Li, please come in with document No. 17, and tell the Chief Financial Officer Wan Zhengping to come to my office."

Secretary Li immediately agreed.

Shen Mei smiled smugly, then sat down on the sofa safely and prepared to check the accounts and collect the money.

Not long after, Secretary Li came over with a black file bag.

"Well, Secretary Li, show them the company's accounts." Shen Ning didn't raise his head, his voice was cold.

Secretary Li glanced at Lan Feiyun's mother and daughter, walked over, put the file bag on the coffee table, and said in a businesslike tone: "Mrs. ."

Lan Feiyun's eyes were shining, and he took the file bag and looked at it. The greedy look made Shen Ning feel sick.

Her eyes shone with a cold and delicate light.

"What's the matter? Gu Qi not only didn't make any money, but also owed the bank 30 million?" But soon, Lan Feiyun's face changed, and she stood up abruptly, her voice stern.

"Secretary Li, please explain to her." Shen Ning's eyes still fell on the computer screen.

"Okay." Secretary Li agreed, and immediately said loudly: "Ms. Shen, Ms. Shen, all Gu Qi's information and family property are here. When Mr. Shen took over the company, Gu Qi lost nearly 50 million, and Mr. Li did it again. No new funds were injected into Gu Qi, during this period of time Mr. Shen moved around and borrowed money, and he went to the bank to borrow money to save Gu Qi."

"Come on, don't lie to me. During this period of time, Gucci's perfume is very popular, and orders are flying in like snowflakes. Not only the imperial capital, but also the entire inland are consuming perfume. At least they can earn hundreds of millions. Right now, they don't have a dime, but they are still losing three dollars." Do you think we are fools?" Lan Feiyun was furious and threw the document in his hand at Secretary Li.

Secretary Li bent down to pick it up slowly, and said calmly: "Mrs. Shen, Ms. Shen, what I just said is the real situation of Gu Qi. Believe it or not, it's up to you. As for the perfume order performance you mentioned, that's fine." They all belong to Gu Qi 1 and have nothing to do with Gu Qi 1, Gu Qi 1 is the original company created by Mr. Shen."

After being stunned for a while, Lan Feiyun finally understood what was going on, and pointed at Shen Ning angrily: "Bitch, it turns out that you moved all of Gu Qi to Gu Qi 1, and Gu Qi only left an empty shelf." ."

Shen Ning raised his eyes and said coldly: "Mrs. Shen, all the products of my company are now researched by me and my mother, and I also promoted them. Is there any problem with my company? As for Gu Qi, it is Here, if you can take it away at any time, if you don't want it, then please pay off the bank loan."

Shen Mei trembled with anger when she heard the words.

At this time

The door opened.

Wan Zhengping and lawyer Yang from Xiangyun Law Firm walked in.

"Mr. Shen." They didn't even look at Lan Feiyun's mother and daughter, but looked at Shen Ning respectfully.

"Director Wan, please explain Gu Qi's financial situation to these two women." Shen Ning ordered.

Wan Zhengping immediately faced Lan Feiyunmu and his daughter, put a few ledgers in front of them, and said in a businesslike manner:

"Mrs. Shen, here are Gu Qi's recent financial bills and bank repayment contract. They are only due in three days. Please find a way to repay the arrears as soon as possible, otherwise, the bank will act according to the regulations."

"Ah." Shen Mei screamed, raised her hand and threw the ledgers to the ground.

Chapter 413 The gentle smile is intoxicating

Shen Ning folded his arms around his chest and smiled sarcastically:

"Shen Mei, develop Gu Qi if you have the ability. What's the use of spreading your anger on these accounts? No matter who you are, you have to rely on your own true ability to obtain wealth, and not rely on tricks to plunder. You are smart, and others are not fools, and if you have bad intentions, you will only lift a stone and shoot yourself in the foot in the end."

Lan Feiyun's blood rushed straight to his forehead, his eyes turned black, and he cursed angrily: "Shen Ning, you use tricks and schemes to get rid of us, and you just want to get rid of us. I tell you, I won't give up. Here, I want to file a lawsuit with you."

"Really." Shen Ning shrugged and smiled: "There is a lawyer here right now, why don't you ask him to tell you whether I have violated the law and whether you can win the lawsuit."

After speaking, she looked at Lawyer Yang: "Lawyer Yang, please explain to them."

Lawyer Yang nodded, pushed down the cavity of his glasses, and began to speak eloquently.

Lan Feiyun and Shen Mei shrugged their shoulders in anger, their facial features exploded, and they were extremely ugly.

"Shen Ning, you bitch, I will not let you go, you have a lawyer, and I will hire a lawyer, just wait, I will sue you, and let you die with no regrets." Feiyun became angry from embarrassment.

Shen Ning smiled contemptuously:

"Then go and sue, hurry up, I'll stay here quietly, and stay with you till the end."

"Bitch, I'm going to kill you." Shen Mei's eyes showed a fierce look, and she rushed towards Shen Ning like crazy.

Lan Feiyun also gritted his teeth and rushed towards her.

"Security." Shen Ning was prepared and shouted sharply, "Hurry up and drive this mother and daughter out, and they will not be allowed to step into Gu Qi again."

The security guard standing at the door rushed in immediately.

They grabbed Lan Feiyun and Shen Mei one by one, picked them up like chickens, walked outside, and threw them on the street.

Lan Feiyun and Shen Mei were thrown into the shit, hugging their heads and crying loudly.

Shen Ning stood expressionlessly in front of the floor-to-ceiling glass and watched the pair of disgusting women cry miserably, and heaved a long sigh of relief.

They also have today, so it should be!

After noon, the sky began to drizzle.

Imperial Capital Cemetery.

Shen Ning stood straight in front of Shao Meiqi's tombstone, tears rolling in his eyes, but they never fell.

The drizzling rain drenched her hair and clothes, but it couldn't wet her fiery and excited heart.

"Mom, Gucci perfume has finally opened the market, and I succeeded." She touched the tombstone with her fingers and her voice choked up.

"Mom, thank you so much, your formula has saved Gu Qi, don't worry, I will definitely develop Gu Qi and revive the former glory."

"Mom, Gu Qi has finally cooperated with the Jing Group. Jing Chenxi, the president of the Jing Group, is a very nice person. I believe our cooperation will be the best and have a bright future."

"Mom, Lan Feiyunmu and her daughter won't be proud for long. I will definitely help you get back the pain they caused you."

...

Shen Ning muttered.

My mother's biggest regret during her lifetime was that she didn't complete the cooperation with the Jing Group. Now, her wish has finally come true for her.

The gate of the cemetery.

When Shen Ning came out, his whole body was soaked, his hair was sticking to his forehead, the rainwater slid down from the corner of his forehead, and a gust of wind blew bone-chilling cold.

"Ning Ning." Jing Chenxi had been standing in the rain waiting for her. When she saw her coming out, he came up to her and hit her with an umbrella on her head. He took off his suit and put it on her shoulders. It's all the light of pity.

"Mr. Jing." Shen Ning looked at this man whose eyes were full of her in his heart. It was impossible not to be moved. Her heart was also fleshy. For so many years, he followed her footsteps and gave her All he has is warmth and sunshine, but what has she given him.

"Ning Ning, let's go, get in the car first." Jing Chenxi took her cold hand and led her towards his luxury car.

The man's tall figure seemed to block all the wind and rain for her.

She looked up at him and smiled slightly.

Jing Chenxi showed a pair of white teeth, and her gentle smile was enchanting.

Shen Ning immediately looked away and lowered his head.

Chapter 414 Take good care of him for me

Hengyuan International Winery.

Gu Qi's celebration banquet was very lively. Young people drank, sang and carnavaled, letting go of the pressure of this time.

Shen Ning was toasted in turns by the surrounding executives. After a few drinks, he was overwhelmed and leaned against the bar, feeling a little dizzy.

Jing Chenxi has almost drunk to help her block the wine.

"Mr. Shen, I respect you with this glass of wine. I wish you a bright future and a prosperous career." Suddenly, a man came over with a wine glass in one hand and a bottle of white wine in the other, and wanted to toast Shen Ning.

As soon as Shen Ning raised his eyes, he met a pair of twinkling small eyes and a fawning smile on his face, and his eyebrows frowned slightly.

"What? Boss Shen doesn't want to drink with me?" Seeing that Shen Ning hadn't raised his glass for a long time, the man was a little unhappy, and tapped his tongue, "Tell you, I'm your brother, your father's nephew, Now that you succeed, won't you give me face?"

It turns out that this man is called Shen Chengji, and I heard that he is some kind of relative of Shen Deshun. Anyway, Shen Ning is not interested in knowing these things, and he is the only person from Shen Mei left behind when she reformed Gu Qi.

It's not that he doesn't want to clean him up, but that he really didn't make any mistakes, so he can't fire people at will.

In fact, she hates these relationships in the workplace the most. To put it bluntly, she is incompetent and wants to take shortcuts.

She picked up the wine glass placed on the bar counter and was about to have a casual touch with him, meaning it.

But as soon as Shen Chengji saw her wine glass, he immediately filled it with white wine.

Tonight's baijiu is of high concentration, 63 degrees. Under the protection of Jing Chenxi, she only drank two glasses in one night, and she is already a little dizzy now. Passed out.

"Mr. Shen, your stomach is not feeling well. Go over there to rest first, and I will replace you." When Shen Chengji clinked glasses with Shen Ning and forced her to drink, Secretary Li had already seen it over there, and immediately held the glass. Walking up, he took the initiative to clink glasses with Shen Chengji, and drank with his head held high.

Shen Chengji looked at it and had to drink it with his head up.

The wine glass in his hand is a large bottle, and walking with this glass is a bit unsteady.

Shen Ning immediately pulled Secretary Li aside, and asked with concern: "How are you doing? You shouldn't try to force yourself to drink. I'll make him retreat."

Secretary Li giggled, and said playfully in her ear: "Don't worry, my glass is Sprite and boiled water, absolutely fine."

Shen Ning laughed when he heard this.

"Mr. Shen, this Shen Chengji has been a little weird recently. You have to be careful with him. Drinking is not a problem, just be afraid that he will play tricks."

"Yes, I know."

Shen Ning's eyes flashed a chill, he is really a courtier, unless he is sincere to you, otherwise, even if he wants to let him go, he is still in Cao Ying and his heart is in Han.

"Secretary Li, Boss Jing is almost drunk, so I will leave him in your care tonight." Shen Ning glanced at Jing Chenxi, who was drunk and drunk, and couldn't help apologizing. If it wasn't for taking care of her, he would He wouldn't be so drunk, so he handed over this task to Secretary Li.

Secretary Li glanced at Jing Chenxi, who was being toasted by a group of female staff, with dark eyes, and showed a playful smile.

Today's little girl is wearing a \*\*\*\* short skirt, charming and charming. She has changed her usual image of a working woman in the company. Her delicate face is flushed under the influence of alcohol.

"Mr. Shen, what Mr. Jing needs most is your care." Of course she didn't dare to presumptuously.

Shen Ning's pretty face sank: "Stop talking nonsense, and take good care of him. If you can't take care of him well, I'll only ask you."

"..." Secretary Li stood there blinking.

Shen Ning supported his forehead with his hands, feeling dizzy and feeling a little uncomfortable in his stomach.

She walked outside.

Secretary Li tilted his head and looked at Jing Chenxi being toasted by a group of female staff, and suddenly felt a sense of righteousness. It is rare for these women to see such a handsome, wealthy and affectionate man like Mr. Jing today. If they have this opportunity today, then I can't wait to eat him.

She has to protect President Hao Jing!

Therefore

Pick up the wine glass and rush up...

Chapter 415 There is an inexplicable peace of mind

The night sky of the city is full of stars and vast.

Shen Ning stood under the big tree, and after taking a few deep breaths, he felt his mind cleared up.

Just when she was about to turn around and walk in.

Sudden

Beside the gate, several men came.

The man walking in the front was wearing a high-tailored suit. He was tall and straight, and his whole body exuded a mysterious dignity.

Shen Ning recognized him at a glance: Li Zhenting!

Her heart skipped a beat, and she felt a suffocating feeling of shortness of breath.

It's really unlucky to meet him in this kind of place, what is he doing here?

Until this moment, she suddenly felt that the winery was extraordinarily quiet, a bit unusually quiet, and hurriedly looked at those men again.

I saw that those few men were all arrogant and majestic, with the mysterious temperament of the superiors all over their bodies, and there were several foreign guests in the middle.

It seems that Li Zhenting has an important dinner party, and a waiter happened to pass by. After asking, she realized that this place has been reserved by the Ministry of Commerce.

She felt very strange, since it was reserved by the official, how could Gu Qi's celebration banquet be held here? I hurriedly asked the waiter, but the waitress just shook her head and left.

Shen Ning immediately felt something was wrong.

The Ministry of Commerce has reserved the venue, which means that entertainment is very important, and there are also international friends.

Their Gu Qi is singing and drinking here, what does it look like!

While thinking this way, he quickened his pace and walked in, wanting everyone to leave immediately.

But in the hall of the big box, those executives and employees who had almost drunk were laughing and shouting crazily, completely unaware of the danger coming.

Her face darkened, and she was about to call Uncle Marley.

Ge Di.

A woman came out of nowhere, carrying a bucket of swill and pouring it down on top of her head.

"Ah." Shen Ning screamed, immediately drenched all over, curled up into a ball, splashed swill in his eyeballs, and couldn't open his eyes.

"Bitch woman, the man who asked you to seduce my daughter, you bastard, I can't get you wet, let me tell you, this time it's considered light, next time, if you don't stop, it won't be so simple." Shen Ning said lowly. With his head down, his body stinks unbearably, and sharp insults came from his ears. For a moment, he felt chills all over his body, as if he had fallen into the abyss of hell, and he lost his mind.

After a moment of silence, Secretary Li, who was so frightened and sober, rushed towards her, and then Marley also rushed towards the woman.

There was chaos at the scene.

Shen Ning completely lost the ability to think, standing like a soaked chicken, trembling.

Amidst the chaotic shouting and cursing, a big hand suddenly reached out and grabbed her hand, leading her to walk outside.

The big palm was warm and steady, and the hand holding her was strong and strong.

Like a drowning person floating in the turbulent sea, suddenly with strong support, Shen Ning instantly felt an inexplicable peace of mind, let him hold it, and obediently followed him away.

Li Zhenting took her into a luxurious guest room and led her into the shower room. Seeing the woman's thin body shivering in the shower room, lonely and helpless like duckweed, her heart tightened inexplicably.

Just now when he heard the crazy noise here, he immediately frowned and rushed over. It turned out that Shen Ning and Gu Qi's staff were having a carnival and making trouble here.

On such a serious occasion, such a thing would happen, and even he broke out in a cold sweat. Today, the vice minister of the Ministry of Commerce led the commercial chaebols of the imperial capital to

meet foreign guests and discuss official affairs. If he knew this, he would not give an order Just block Gu Qi and Shen Ning?

Fortunately, he saw it.

Immediately, he evacuated the crowd and brought her out.

It seems that in the mall, although Shen Ning is smart, he still lacks experience and does not understand the complexity and danger of human nature.

Chapter 416 We were cheated last night

"I have warned you a long time ago not to provoke Jing Chenxi. He is already engaged to the ship tycoon's daughter. You have to provoke him. You deserve it now." Li Zhenting pulled Shen Ning under the hot shower head, twisted Turning on the switch, with a face full of hatred for Tie Bucheng, he turned and walked out, closing the bathroom door behind him.

The warm water poured down from the head, Shen Ning closed his eyes, and let the hot water wash away the filth on his body.

It took an unknown amount of time before she came out of the shower room.

She didn't have any clean clothes, so she looked through the closet and took a bath foam to put on.

Just putting it on, the phone on the desk rang.

She picked it up and saw that it was Li Zhenting calling.

After a long time, she didn't pick it up.

Just now, the person who brought her here was Li Zhenting.

How could all this be so coincidental!

There must be a conspiracy tonight, someone deliberately booked Gu Qi's celebration banquet at Hengyuan International Winery.

This person clearly knows that there will be a business group here tonight, and he also understands the consequences, so he booked here, and then sent someone to come over to make trouble, trying to get her and Gu Qi together, really vicious!

The time in her eyes was terribly cold, she picked up her phone and was about to leave.

At this moment, the phone in his hand rang again.

This time it was Secretary Li calling.

"Mr. Shen, how are you doing now? Are you okay? I'm sorry, we were cheated last night." Secretary Li was crying over there.

"What's going on?" Shen Ning said calmly, and only after he spoke did he realize that his voice was very hoarse.

"Mr. Shen, I was quite busy yesterday. I handed over the matter of the celebration banquet to Secretary Yu. She booked it here. I didn't know it was a trap until last night. Fortunately, President Li was here to suppress this matter. Otherwise, our Gu Qi will be seized. I just asked the secretary, she was full of panic, and just said that she didn't know that it couldn't be ordered here. I thought it was wrong, so she was arrested and interrogated. Ten thousand yuan, let her book the celebration banquet at Hengyuan International Hotel."

"Who gave the money?"

"She didn't say anything at first, but later, under my coercion and lure, she said that Shen Chengji gave her the money, and told her not to tell the outside world."

"Okay, I see." Shen Ning replied sullenly, and was about to hang up the phone.

At this time, Secretary Li asked again: "Mr. Shen, do you know who the woman who poured your swill tonight is?"

"who?"

"She is the ship king's wife, Jiang Xinyun's mother, Zhu Lingmei, this woman is really vicious, I guess she is responsible for all of this, ordinary people can't make such precise arrangements." Secretary Li hated Tooth itchy.

"okay, I get it."

Shen Ning put down the phone expressionlessly and prepared to leave.

At this time, the door opened.

Li Zhenting strode in.

"Why didn't you answer your call?" He stared at her and asked.

"Mr. Li, thank you for your rescue tonight." Shen Ning was a little embarrassed. This time, she really wanted to thank him. Of course, just now, she even suspected that it was his fault. She felt that this kind of thinking guilt.

"How can I thank you?" Li Zhenting could see that her thanks were sincere, and the corners of her lips curled up slightly, "You didn't even answer my phone, that's how you thanked me."

Shen Ning bowed his head and did not speak.

Li Zhenting glanced at her and said, "You rest here for a while, and I will take you to the dinner of the Ministry of Commerce later."

Shen Ning looked at him in surprise: "Why did you take me there? I almost failed today."

"Isn't this almost? It's fine if you don't smash it." Li Zhenting suddenly smiled.

Chapter 417 Didn't expect us to be so destined

"No, I can't go." Shen Ning shook his head repeatedly.

She doesn't want to join in the excitement of this kind of dinner party, it's not suitable for her at all.

"Okay, if you don't go, you won't go. You can rest here first, and then go back to Li's old house with me."

Li Zhenting didn't bother to talk to her anymore, and walked outside after giving some instructions.  
"Hello..."

Shen Ning wanted to stop him and tell her to leave here, but the man had already left without looking back.

She was discouraged and sat on the bed. Perhaps because she was too tired, she closed her eyes and fell into a deep sleep until the doorbell rang.

She sat up in shock, and looked at her watch. It was already half past ten, and she had slept for an hour and a half.

"Miss Shen, these are the clothes Mr. Li asked me to bring to you."

After opening the door, it turned out to be cold-blooded, and he handed her a bag of clothes.

"Thank you, where's President Li?"

"He is still busy, it will be a little late tonight."

Cold-blooded and very respectful, he didn't talk much, and left after explaining.

Shen Ning immediately opened the bag. It was a set of famous brand fashion, and his hands felt warm on it. It seemed that it was newly bought and sent to dry washing.

Looking at it this way, Li Zhenting is quite careful.

She changed her fashion, opened the door, and walked outside quietly, so she didn't want to go back with Li Yanwang, that was asking for abuse.

But Hengyuan International Winery is really too big, and this building is connected with buildings, hidden inside, and even got lost while walking.

Seeing the darkness in the front corridor, she was a little flustered, knowing that she had made a mistake, she looked up and saw a place with bright lights, so she walked there.

Finally gaining popularity, she breathed a sigh of relief.

"You are Shen Ning, right?" Just as she was considering which direction to go, suddenly, a gentle man's voice sounded.

She was startled, and hurriedly looked towards the voice.

Only then did I realize that there was a middle-aged man standing on the pillar beside the corridor looking at him.

She looked at this man with an inexplicably familiar face, but she couldn't remember where she saw him.

"Yes, it's me."

"Miss Shen doesn't recognize me anymore?" The man saw her sizing him up without speaking, and smiled gently, "I met you when I was in the exhibition hall."

"Oh." Shen Ning suddenly remembered.

That's right, that day at the Autumn Fair exhibition hall, when she was promoting Gucci perfume, a middle-aged man came over and said that he wanted to sign a contract with her, and what he wanted was the Huayue series.

He had said he would come to her in three days, but it's been a week now.

"You are Mr. Lin?"

"Yes." The man nodded slightly.

Shen Ning smiled: "I didn't expect that we were so destined to meet here."

The man was very happy: "It's good if there is a destiny, and there will be a beginning when there is a destiny. At that time, I promised to find you in three days, but I have been delayed for a few days. Sorry, since we met here today, why don't we go in together Today is a good opportunity to discuss the issue of cooperation."

Shen Ning is also a businessman now, but it is impossible to miss any project that is good for the company. In addition, she is really curious about this man, and she doesn't understand why he is interested in Gu Qi's Huayue series. There is an illusion that he always feels like he knows his mother.

At the moment, she nodded in agreement.

The man immediately led her inside, and soon came to the door of a magnificent and solemn meeting room.

He pushed open the door.

Shen Ning looked in and was stunned.

I saw several men sitting in the conference room, and the one sitting on the far right was Li Zhenting.

The man is wearing a black high-order suit, with long legs stacked alternately, and the rose red tie knot on his chest makes him look particularly brilliant.

Beside him, sat a middle-aged man, his gestures were majestic, like a big leader.

He was talking with Li Zhenting in a low voice, and it could be seen that he admired Li Zhenting very much.

Chapter 418 That further proves that we are destined

Shen Ning turned around and wanted to leave.

She has already recognized that the person sitting here is the domestic and international business leader who participated in the business fair tonight, and the man sitting next to Li Zhenting must be the Vice Minister of Commerce.

The occasion that she tried to avoid as much as possible, but in an instant instead got involved.

"Minister Wang, let me introduce you to Ms. Daisy, an internationally renowned perfume expert. She is a talented woman. She has unique research in perfume and is a rare talent." But at this time, the man has already started to introduce her to Minister Wang. He came and led her to Minister Wang.

"Ms. Daisy, hello, welcome to the perfume expert to return to China to develop his career." Minister Wang immediately extended his hand to her enthusiastically.

Shen Ning had no choice but to shake hands with him, and smiled: "Wang Bu, I'm not very knowledgeable, and I'm not an expert. I'm laughing at you. I just want to carry forward my mother's career."

"Wang Bu, Miss Daisy's perfume is now popular in the imperial capital. It's really a formidable young man. Even an old man like me wants to cooperate with her to enjoy her happiness."

"Old Lin, you are the leader of the rich world, please help the young people." Minister Wang joked. "sure."

Shen Ning stood extremely uncomfortable, and when she raised her eyes a little, she saw Li Zhenting's dark and unpredictable eyes falling on her face, and it was impossible to tell whether it was ridicule or approval.

Hey, she secretly sighed.

If I knew this, I might as well stay in the room obediently and wait to go back to Li's Castle with this guy. Now it's really a dilemma.

"You guys talk first, Miss Shen and I will go over there to discuss related cooperation matters." At this moment, the man finally took Shen Ning to the next meeting room.

Shen Ning's taut strings were finally relaxed.

"Mr. Lin, may I ask your name?" At this point, Shen Ning already knew that this middle-aged man surnamed Lin must not be an ordinary person, but a big character. She was really curious.

The middle-aged and elderly man sat down next to him, and said lightly: "My name is Lin Zhenxun. I went to the United States to develop in the early years. Recently, I was invited to visit the Imperial Capital. I happened to meet you at the exhibition that day."

Shen Ning's face gradually became full of astonishment, and his eyes widened.

"You are Lin Zhenxun?"

"Yes." Lin Zhenxun nodded with a smile.

"I'm sorry, my English name is the same as your daughter's. At that time, I just chose it at random. I didn't know your daughter was also called by this name. I don't mean to offend." Shen Ning explained quickly.

Lin Zhenxun laughed loudly: "It would be fine if you were my daughter, but I don't have that life, you don't have to mind, there are too many people with the same name and surname, you can get the same name as my daughter, that's even more. It proves that there is a relationship between us."

"Yes, yes." Shen Ning had nothing to say except nodding.

Lin Zhenxun took the lead in discussing perfume with her.

...

An hour later, someone outside came in and invited them to a dinner party.

Shen Ning followed.

In the Western-style banquet hall, the long red-striped tables are filled with all kinds of desserts, delicacies, and fine red wine complement each other, and the aroma enters the nostrils.

When Shen Ning walked in, all the people inside were talking and laughing in low voices with red wine glasses in their hands, with happy smiles on their faces.

She saw Li Zhenting standing under the lantern on the palace ceiling at a glance.

"Aren't you coming to the dinner party?" Li Zhenting also saw her, walked over after talking to the people around him, and asked Shen Ning sarcastically while clinking glasses with Lin Zhenxun.

Shen Ning couldn't express his suffering at once.

Can she say that she got lost in the process of escaping from him and met Lin Zhenxun by mistake?

Chapter 419 Hope their daddy gets better and better

Li Zhenting stared at Shen Ning with deep eyes.

"What is your relationship with Lin Zhenxun?"

"It doesn't matter. Didn't you suspect that I was pretending to be Lin Zhenxun's daughter? Now you can just ask Mr. Lin."

"Uh." Li Zhenting cleared his voice.

"Little man." Shen Ning suddenly muttered in a low voice.

"What did you say?"

"I didn't say anything, I said you are wise." Shen Ning endured the nausea, and spoke against his will, with a sarcasm on the corner of his lips.

Li Zhenting snorted coldly, of course he would not believe that Shen Ning would speak so highly of him, and, just now, she was very dissatisfied with his suspicion of her before, so could she have something good to say.

but

He didn't intend to delve into it, just for fun.

"Mr. Li, hello." At this moment a foreigner came over and politely toasted Li Zhenting in French, "May I toast you a glass of wine?"

Li Zhenting didn't understand French, but he understood what he meant, and immediately raised his glass to him. This client just negotiated a large order of nearly one billion yuan with him, which was in Euros, but due to language barriers, he has not yet found one. French translation, the order can only be made tomorrow.

Such a large order is definitely a valuable customer for Li's Group, and it is also a mid-to-high-end manufacturing industry.

Shen Ning didn't know this, but seeing that Li Zhenting respected him very much, he must be a business partner, and he was also a big family.

"Oh, lady, you are so beautiful, can I have a glass of wine with you?" The blond guest stared at Shen Ning, shining brightly, "I admire the beauty of oriental women."

"Thank you, thank you for your compliments, your compliments will make me happy all night." Shen Ning smiled slightly, picked up a glass of red wine from the long table beside him, touched him, and said with humor French replied.

"Ah, that's great, so you can speak French." The man was very surprised when he heard Shen Ning's answer in French, and his eyes were filled with approval.

"Speak a little."

Li Zhenting's eyes also had a light of astonishment, and he looked at Shen Ning: "You can speak French?"

Shen Ning nodded lightly. She majored in French when she was in the United States.

After a pause, Li Zhenting suddenly said to her:

"In this way, you tell him that the contract can be signed now. You will be my interpreter, and you can set the price as you like."

With such a large transaction, he was also afraid of flying away.

When I first arrived, I didn't know that there was a wealthy French businessman accompanying the visiting group, so I didn't prepare a French translation.

Seeing that the order can only be signed tomorrow after finding a French translator, he can only wait.

But now Shen Ning understands French, which is great.

He immediately pulled Shen Ning to complete today's order.

The market is changing rapidly, and only when the contract is signed can it be considered a success.

Shen Ning listened, smiled, and said to the French man in French: "Sir, if you don't understand anything about the order, you can ask me, and I will explain it to you now."

"OK." The French man gestured.

The three of them walked towards a conference room.

Until he saw the contract, Shen Ning didn't know that this French man was going to sign a series of cooperation with Li's Group in electronics, medicine, home appliances, clothing, etc., which added up to more than one billion euros.

She took a dark breath.

Li Zhenting really knows how to do business, he is simply a hero in the mall!

...

after an hour.

The three of them exhaled, and finally signed the contract.

"President Li, I have heard that you are the youngest and most promising entrepreneur in Asia. It is our honor that Evre Company can sign an order with you and have a long-term cooperation. I hope we can have a happy cooperation in the future." The French man He stretched out his hand to Li Zhenting.

Li Zhenting also reached out to hold his hand, but looked at Shen Ning.

Shen Ning smiled slightly: "He said he hoped that you could guarantee the quality of the product, abide by the agreement, and let the Sino-French friendship last forever, mutual benefit and win-win."

"Definitely, definitely." Li Zhenting shook hands with him enthusiastically, solemnly promising.

The two looked at each other and smiled.

After exchanging pleasantries, Li Zhenting put the contract in his briefcase, and he had completed a major event, and led Shen Ning outside.

"Minister Wang is still here, can you leave early like this?" Shen Ning thought that the reason why Li Zhenting was able to sign such a big deal was actually supported by someone above him. For this kind of banquet, the big leader is still there, so he just like this It's not very good for Da Lie Lie to leave first.

Li Zhenting smiled slightly at the corner of his lips, as if he was very satisfied with her performance, and looked at her with burning eyes: "Not bad, you know that you are thinking of me."

Shen Ning blushed and stared at him: "I'm thinking of Ke Ke and Ding Ding, and I hope their daddy will get better and better, instead of missing Jingzhou because of small crimes."

Chapter 420 Daddy is having an affair

The corners of Li Zhenting's lips curled up: "All in all, he still performed well."

Show off your sister!

Shen Ning scoffed coldly.

If you hadn't helped me tonight, I wouldn't have helped you either!

But she didn't discuss anything with him, she just turned and walked outside.

Li Zhenting followed like a dog.

"where are you going?"

"It's so late, where do you think I can go?" Shen Ning gave him a big roll of eyes.

Well, Li Zhenting already understood that this is going back to Li's old house.

He obediently followed her and walked towards the parking lot.

"What did the Frenchman tell you about me tonight?" When the car was driving halfway, he stopped the car suddenly and asked back.

Shen Ning was taken aback: "What did you say?"

"Stop pretending, what the French said to me after signing the contract."

"Didn't I translate it for you?"

"Tch." Li Zhenting snorted coldly with disdain, "Do you think I'll believe him just because he said that little bit?"

Shen Ning was surprised: "It's weird, why did you trust me when you signed the contract?"

"Because I understand commercial things, your translation is pretty good."

Shen Ning said angrily: "Then my translations are all the same."

"It seems that you are unwilling to tell the truth, so stop here, and don't blame me if anything happens." Li Zhenting simply acted like a rogue and turned off the car.

Shen Ning saw it, and was anxious, what is the car suddenly stopped in the middle of the road!

Although it is almost midnight at this time, Beijing is an international metropolis, and the nightlife is at its most abundant at this time, with cars coming and going.

Not long after, the car behind honked its horn.

Shen Ning had no choice but to say: "He said that he has admired your surname for a long time, and he founded his own business kingdom at a young age. He is young and promising, and he is a legend in the imperial capital and even the entire Asian business world."

Li Zhenting frowned when he heard this, and agreed!

He stepped on the accelerator and started the car.

Shen Ning heaved a sigh of relief, and rolled his eyes behind him.

This \*\*\*\* must be sick, he likes to listen to flattery!

the next day.

In front of Blue Whale Kindergarten.

Coco, Xiaoxiao, and Ding Ding got into the car one after another.

"Ah, what a beautiful rose, so beautiful." The first time Xiao Xiao saw the rose on the back seat, she cried out in joy.

Ke Ke glanced indifferently, and pursed her lips: "It's not for women."

Ding Ding heard it, and said coolly: "Not necessarily, Daddy never gave flowers to women, and he never gave flowers to that ugly witch before."

"Look, this flower is fake, it's made of gold." The little hand touched the petals and suddenly screamed.

"Really." Coco's eyes widened, "It must be very expensive, a lot of money."

"This is really for women." Ding Ding affirmed now that the things Daddy gives to women are always the most precious.

"It's over, Daddy is really having an affair." Coco sighed.

It is impossible for Daddy to reconcile with Mommy.

He was depressed.

"Look, here is a beautiful packing box." At this time, Xiaoxiao picked up another beautiful pink packing box and looked around.

"Wow, Apple mobile phone, with pink diamonds." Ding Ding is very sensitive to mobile phones, and has seen too many luxury goods, so he can tell at a glance.

"Wow, such a beautiful mobile phone, I really like it." Xiaoxiao smiled, and her little fingers stroked the phone case, fond of it.

"Quickly take it apart and let's see." Ke Ke also leaned over, her chubby hands were about to take it apart.

Sudden

"Little bastard, don't move around." The car door opened, and Li Zhenting's upper body leaned in and snatched the golden flower and Apple phone, and carefully took them to the front cab.

The three little ones looked at each other.

"Hey, Dad must have given this to his beloved woman, could it be that ugly witch Shen Mei?" Coco was worried.

"Probably not." Xiao Xiao shook her head, she couldn't read Daddy's heartfelt words at all, but she probably couldn't, because in the past whenever Daddy thought of Shen Mei, she could read it, but This time, she couldn't feel it at all.
