

Troublemakers 461

Chapter 461 Now your conspiracy has succeeded

In the ward.

Li Minhua slowly opened his eyes.

"Grandma, you finally woke up." Li Zhenting cried out in surprise.

"My wife."

"mom."

"Old lady."

...

Standing aside, Li Jichun, Li Jinyao, his wife, and the butler all surrounded him with surprise on their faces.

Li Minhua opened his eyes and looked at his beloved grandson first, with a smile on the corner of his lips, then turned his eyes to Li Jichun, Li Jinyao... After slowly looking around, there was a glimmer of disappointment in his eyes.

She opened her mouth.

Li Zhenting immediately bent down, and heard her hoarse voice asking:

"Where are Ningning and the child?"

Li Zhenting's heart sank.

"Grandma, Ke Ke and Ding Ding, Lan Lan is still in kindergarten, I will bring them over to see you later, as for Shen Ning, she is at work."

"Oh, good, I want to meet the children." Li Minhua had a gratified smile on his face.

Li Zhenting felt very uncomfortable.

"Mom, you can rest easy and recuperate. Once those little guys come here, they will make a fuss here. Your heart is not good, so get some rest." Li Wanqing replied with a smile beside her.

"It's okay. My heart is fine. This time I feel more comfortable than before." Although Li Minhua's voice was hoarse, she could still speak clearly. She liked the excitement of her children and grandchildren around her knees.

Li Jichun smiled: "Don't worry, the little ones were still asking if grandma's illness is better last night."

"I knew that these little grandchildren of mine are more considerate and caring about me than this big grandson." Li Minhua smiled, the smile was a little weak, but he looked really happy.

"Mom, are you hungry? I haven't eaten all day and night. I'll go buy you something to eat." Li Wanqing bent down and asked.

"Well, I want to drink something." The old lady licked her dry lips and said suddenly, "I just want to drink the green vegetable porridge cooked by Shen Ning. The porridge is delicious and fragrant, and it melts in the throat. It's comfortable, and the coriander dumplings she made are delicious."

Li Wanqing was stunned for a moment, then stood up and looked at Li Zhenting.

Li Zhenting said in a deep voice: "Okay, grandma, I will go to her later and ask her to do it for you."

He said this on the lips, but in his heart, his teeth were itching with hatred.

I really don't know what magical power this dead woman has, so that everyone in the family trusts her and cannot do without her.

The main entrance of People's Hospital.

Shen Ning was walking with a bag on his back.

Sudden

"Miss, you dropped something." Someone next to her stopped her and pointed to a small thing on the ground to remind her.

Shen Ning was taken aback, looked at the ground, and saw a thing the size of a round coin lying on the ground.

"Thank you." After she thanked her, she hurried to pick it up, her expression changed instantly.

Isn't this a pinhole camera image?

And it fell from his bag.

Someone is going to watch her!

terrible!

She felt chills all over.

Which wicked ghost wants to do this! What is the purpose?

She stood stupidly holding the monitor.

"Shen Ning, let's go." At this moment, suddenly a strong arm grabbed her arm and led her away.

Shen Ning looked up, and it turned out to be the pig Li Zhenting!

I don't know which corner he got out of.

"What are you doing?" She struggled and asked angrily.

"What are you doing?" Li Zhenting sneered, "You have succeeded in your plot now. My grandma wants to eat the green vegetable porridge and coriander dumplings you made. You should go back and make them now. Her old man has not eaten all day and night."

Chapter 462 Don't compare me with your adulterer

Shen Ning was taken aback for a moment, and quickly asked: "Is the old man already awake?"

"Huh." Li Zhenting snorted coldly, "You still have the nerve to ask, after the operation last night, you ran to take care of your wild man, and you put her old man aside, it's really cruel, thanks to her being so kind to you. "

Shen Ning was relieved when he heard that the old lady had recovered from his illness. It seemed that Ji Qingshan's operation was indeed very successful, and he deserved to be a famous doctor.

"Li Zhenting, Jing Chenxi is a well-known entrepreneur just like you, he is not a wild man, please don't insult him like this, it also lowers your character." Shen Ning rolled his eyes at him, his face was full of frost, "You are the grandson of the old lady, of course you are guarding her old man's house."

The implication is that she has no reason to stay there if her name is not right.

Li Zhenting said coldly: "I said Jing Chenxi, and you feel distressed? Let me tell you, don't compare me with your adulterer, it will only lower my level. It seems that Zhu Lingmei's punishment for you today is not enough."

Shen Ning knew long ago that he would disgust her with what happened today, so he immediately said: "Looking at you as a villain who gloats at other people's misfortune makes me sick."

Li Zhenting was very annoyed when he heard it: "Shen Ning, don't you know what is good or bad, if I hadn't punished those unscrupulous big Vs today, do you think that relying on Jing Chenxi can completely reverse the trend of public opinion? Even if it were to be reversed, it would not be so fast."

Shen Ning was stunned, it turned out that Li Zhenting shot behind his back.

No wonder the wind is turning so fast, and it is true that those few unscrupulous big Vs are no longer visible!

She stopped talking.

At this time, Li Zhenting had already dragged her to the Rolls-Royce.

"Go up." He opened the car door and threw her in with him.

Shen Ning was only here to visit Jiang Xinyun. Just now, Li Zhenting said that Li Minhua woke up and was very happy. He wanted to visit her old man, but then he heard Li Zhenting said that she wanted to drink her green vegetable porridge and coriander dumplings. She is also very happy, and is very happy to make it for her old man.

But Li Zhenting is too domineering and unreasonable as a pig.

Made her speechless.

"Li Zhenting, can't you speak and communicate normally? Is your cerebellum atrophied, and your brain is abnormal?" She was thrown dizzy and scolded when she got up.

The corners of Li Zhenting's lips curled up, and he slammed on the accelerator, and the car rushed towards the street like an arrow leaving the string.

Shen Ning closed his eyes in fright.

This madman, tyrant!

Li's old house.

Ding Ding, Ke Ke and Xiao Xiaowei watched the TV screen together.

"Wow, Uncle Jing is so affectionate, he is confessing his love to Mommy."

"Uncle Jing said that he will not marry unless it is Mommy. It seems that he will be our stepfather."

"Let me just say, Uncle Jing loves Mommy very much, and it would be nice to be our daddy. The important thing is that Mommy is loved."

...

The three little guys chattered with each other as you said something and I said something.

As soon as Li Zhenting came in, he heard them chatting together, but the voice was still very loud, as if he wanted to hear it on purpose.

He became angry at once, and raised his eyes, only to see that the scene of Jing Chenxi's press conference this morning was being replayed on the TV. At this time, he was taking advantage of the opportunity of the press conference to confess his love to Shen Ning, The deep affection can be felt across the screen.

With a feeling of jealousy in his heart, he walked over and took the remote control and turned off the TV.

"Just watch TV, play games, and do your homework quickly. If you can't finish it before dark, I'll spank your ass." He threatened the little guys with a sullen face.

The three little guys pouted.

Chapter 463 He has long been displeased

"Hey, Daddy is so angry for no reason."

"He's losing his temper. A man's wife has been taken away by others. He loses face."

"If you really have the ability, take Mommy back. What's the point of getting angry in front of us, coward."

...

The three little guys have used their ability to be so angry that people don't pay for their lives, one by one is worse than the other, this poisonous tongue skill is really natural, there is nothing wrong with it.

Li Zhenting was so angry that he turned around and picked up a feather duster to clean them up.

"Help." The three little guys were scared. Grandma was in the hospital, and grandpa was not in good health. No one was protecting them. They stood up and ran outside.

"Ke Ke, Ding Ding, Xiao Xiao, what's the matter with you?" Shen Ning walked in carrying fresh Shuidong mustard greens, pork ribs, coriander, and pork that he had just bought, and happened to see a few little guys running out in fright. As soon as they were tight, they immediately went to protect them into their arms, and when they looked up, they saw Li Zhenting chasing them out with a feather duster. He became angry, his face froze, and he shouted angrily: "Li Zhenting, how dare you hit my child, I will take it immediately!" They go."

Li Zhenting was terrified when he heard it. Grandma was still waiting for him to take the children there. His fingers loosened and the feather duster fell to the ground. "How did I hit them? Which eye did you see?"

"Yes, you have it, and that feather duster is for beating us." Coco complained loudly.

Shen Ning darkened: "Why did he beat you?"

"Because, we said that Uncle Jing is very affectionate and treats you very well, and then we all like Uncle Jing, so he got upset and wanted to hit us." Ding Ding directly exposed Li Zhenting's fragile little thoughts.

Shen Ning was dubious.

Li Zhenting, an arrogant pig, actually cares if Jing Chenxi treats her well!

However, it is entirely possible that he has always been moody.

She looked at him.

He has turned around and walked inside.

Shen Ning shook his head, and walked in with the children. As soon as he entered, he saw Lan Lan sitting on the sofa, staring at her with dark eyes.

She froze for a moment, then glanced at her again, she really couldn't believe that such a cute little girl would go to play those tricks, it was really taught by Shen Mei, what a pity.

She ignored her and walked towards the kitchen with the dishes.

"Children, look, I brought you something to eat." Before Shen Ning took a few steps, Li Jiaojiao walked in with a big bag of delicious food, smiling.

As soon as the little guys saw her, they jumped up and ran towards her.

"I want to eat dirty buns." Ke Ke took the lead and ran into Li Jiaojiao's arms.

Through the past few days of getting along, he and Li Jiaojiao have become "friends of life and death", and after he knows that Li Zhijun's cousin is her brother, he gets closer to her.

"I also want."

"I also want."

...

Lan Lan and Xiao Xiao both ran up and shouted excitedly around her.

Li Jiaojiao gave all the snacks she bought to the little guys, and shouted over there: "Brother Zhenting, come out quickly, I bought you delicious food too."

Li Zhenting walked out slowly from the study downstairs.

"Brother Zhenting, I bought your favorite mountain **** slices, come and try it." Li Jiaojiao rushed over and hung him by the neck, took a mountain **** and put it in his mouth.

Coco took a look, ah, this is too hot for the eyes, no way.

How could my aunt be so tired of my daddy? He has long disliked her.

"Go." He raised his hand and rushed over first, getting in between Li Jiaojiao and Li Zhenting, and stretched out his hand to push Li Jiaojiao.

Ding Ding and Xiao Xiao immediately ran over and dragged the clothes on Li Jiaojiao's back.

Lan Lan also went to pull her arm.

After a while, Li Jiaojiao was pushed and pulled away by a few little guys.

Li Jiaojiao stamped her feet a few times.

These little guys, what the **** are they, so stingy and troublesome!

Fortunately, she just bought so many delicious food for them!

Chapter 464 Anyway, you won't feel sorry for Mommy

Shen Ning watched them fight, raised his lips and shook his head.

My heart is sour. It is really good for the children to be with Daddy, playing and playing, how happy... She sniffed, turned and walked into the kitchen, getting busy.

"You cooked so much, did you reserve it with someone?" After a while, Li Zhenting walked in leisurely with his hands in his trouser pockets. Voice.

Shen Ning was making the mustard greens into water, and when he heard him ask, he generously admitted: "Yes, I am taking care of Chen Xi these days, he wants to eat the rice I cooked, so I must cook it together."

Li Zhenting was annoyed when he heard that: "Are you cooking for your lover at your ex-husband's house?"

Shen Ning rolled his eyes at him: "Mr. Li, don't speak so harshly. Didn't you force me to cook, and I didn't come here on my own initiative. Didn't you bring a woman home? You let me be here Cooking, watching you show affection with other women, isn't it the same thing, don't have that double standard."

Another woman?

Li Zhenting was stunned for a moment, looked at Li Jiaojiao who was fighting in the living room, and suddenly understood, the corners of his lips twitched.

"Shen Ning, do you have a conscience, okay? My grandma treats you so well, you are not even willing to cook a meal for her?"

Shen Ning was speechless, is this the same thing?

"Li Zhenting, either you get out of here now and don't make trouble here, or you can do it yourself." Shen Ning put down the spatula.

"Okay, you are awesome, you are uncle." Li Zhenting asked her because of his grandma, so he had to endure it and left in a desperate manner.

Shen Ning boiled the pork rib soup to taste, poured it into the rice porridge, took out the mustard greens and put it aside, and started kneading noodles to make dumplings.

After a while, Ke Ke and Xiao Xiao ran in.

"Mommy, let me make dumplings for you."

"Mommy, I want to make dumplings too."

The two little ones helped Shen Ning over and crawled up to the chair, stretched out their heads to look at the noodles in the basin, and wanted to help Shen Ning.

Before Shen Ning could speak, Li Zhenting ran in: "Oh, don't do it, you will get it in your eyes."

"No way, we can make buns. Daddy, you are so old that you don't know how to do any work. You are ashamed." Ke Ke immediately objected and made a big face at him, "Anyway, you won't feel bad Mommy, there are so many people playing there, it's not fair for her to work alone, I want to help Mommy."

Li Zhenting's face was blackened from choking.

Shen Ning felt warm in his heart, after all, it was his own, but it was different!

At this time, Ding Ding and Lan Lan also ran over.

"I want to help too." Ding Ding was purely joking.

"I want to make dumplings too." Lan Lan also yelled, of course, she came because she saw Xiao Xiao came to help, and she didn't want to be left behind.

Now Lan Lan's eyes are fixed on Xiao Xiao. As long as Xiao Xiao does something, she must do it. Whatever Xiao Xiao has, she must also have something.

Xiao Xiaobai glanced at her and snorted coldly. She didn't like Lan Lan, a little eighth woman, and wanted to fight with her for everything. Recently, she found that she especially liked to fight with her for cocoa, but all cocoa treats her. If you are more intimate, she will feel uncomfortable next to her, and she will look coldly at her.

Shen Ning saw that the little ones were coming over, so he could only smile and said: "You all want to help Mommy with work, that's fine, it's also good to do some things to exercise your hands-on ability, how about this, you go to the dining room first, I'll bring the flour over, and each of you sit around the table with a bench, and reward whoever moves the fastest."

"Okay, then I'm the fastest." Ke Ke immediately climbed off the table and ran with short legs.

"Brother, wait for me." Xiao Xiao also ran over.

Not to be outdone, Ding Ding turned around and ran to find the small bench.

Lan Lan saw that Xiao Xiao was running faster than herself, she was reluctant, and ran over at a faster pace.

Shen Ning looked at the cheerful backs of the children and smiled slightly.

Chapter 465 Then why are you talking so much bullshit

"Shen Ning, why are you so calm, let my children cook at such a young age, it's fine if you are poor and used to it, and let my Li Zhenting's children suffer along with them, are you trying to make me feel poor?" Li Zhenting Very unhappy, his children are all young masters and daughters, why should they come to do this kind of work?

Shen Ning stood up straight, folded his arms, and looked at him: "Young Master Li, I am a poor woman, if you dislike the children I gave birth to who are rustic, poor, and not so noble, then you don't have to let them go I don't think these jobs are low-level, on the contrary, labor is the most honorable, and children should do some work and suffer a little bit since childhood."

Li Zhenting was stunned for a moment and had nothing to say, so he could only say: "Shen Ning, don't push yourself too hard, use this trick to provoke me to give up Coco's custody, there is no door, tell you, it is impossible for the descendants of our Li family to go home Outside."

"If this is the case, then why are you talking so much nonsense." Shen Ning walked outside angrily.

But Li Zhenting was standing beside her.

When she left, he stood still.

She had no choice but to go sideways, but was grabbed by him.

"Why are you going crazy?"

"You woman really don't know what is good or bad at all. Don't forget that I was the one who rescued the little accident. You promised me that you would agree to one condition. That night you were poured into the slop by Zhu Lingmei, and I was the one who saved you." Don't you feel grateful for the one who came forward to appease you?" Li Zhenting asked her face.

Shen Ning looked directly at him: "I did the translation for you for free that night, at least I signed a big contract for you, so is that still considered repayment to you? As for saving Xiaoxiao, does today count as one of your requests?"

"Of course not." Li Zhenting's face darkened, "If you hadn't made such a fuss the afternoon before yesterday, my grandma wouldn't have fallen ill at all."

"Can I be blamed alone?" Shen Ning was very angry.

The two are about to quarrel again.

At this time

Suddenly there was a loud cry from the living room.

When Shen Ning heard it, it turned out to be a small crying sound, and his heart twitched, and he hurriedly pushed Li Zhenting away and ran outside.

In the living room.

Xiaoxiao was standing face to face with Lan Lan.

Lan Lan hugged a small bench tightly in her arms, staring at Xiao Xiao fiercely.

Xiaoxiao opened her mouth and cried loudly.

Looking at the situation, Lan Lan and Xiao Xiao got into a fight, and Xiao Snack suffered a loss.

"Xiaoxiao." Shen Ning rushed in front of Xiaoxiao, looked up, and couldn't help gasping.

I saw a long bloodstain on the little immature face with the nails, tears dripping on it, how painful it was.

"How could this be?" She hurriedly hugged the child into her arms, tapped the tears off her face with a tissue, and coaxed, "Don't cry, there are salt drops in the tears that hurt the cut skin. ."

"Mommy, Lan Lan scratched my face with her nails." Xiao Xiao was so wronged that she couldn't control herself and cried loudly.

Ke Ke ran over, looked at the little face, felt very distressed, pointed at Lan Lan and yelled: "Why are you scratching the little face, believe it or not, I will beat you up?"

He raised his fist to hit her.

Lan Lan immediately pouted and threw herself into the arms of Li Zhenting who came over, hugging his legs and acting like a baby: "Daddy, do you want to hit me?"

"Ke Ke, don't hit anyone, ask first before talking." Li Zhenting tensed his face at Ke Ke.

Coco was full of anger.

Hmph, the scumbag daddy will only cover up Lan Lan, a little bastard!

"Daddy, Xiaoxiao robbed me of my little bench." The villain Lan Lan complained first.

Xiaoxiao yelled loudly angrily: "You lied, obviously I took the small bench first, so you snatched it from me, and if you couldn't grab it, you beat me and scratched my face with your hands."

Xiaoxiao wiped her face with her little hand, it was covered with blood, and burst into tears again.

Shen Ning's heart ached.

Chapter 466 Even he can't be entertained

"Lan Lan, is that so?" Shen Ning spoke harshly.

Lan Lan's big eyes fluttered, and she hugged Li Zhenting's thigh tightly: "Hmph, that little bench is mine, Xiaoxiao wants to grab it from me."

"How can you prove that this bench is yours? Xiao Xiao has been living here for several days, holding this small bench every day, but you just came here." Shen Ning was very angry, "Besides, even if it is Yours, you can't scratch a small face, do you know how important a girl's face is? What if it leaves a scar?"

Lan Lan burst into tears suddenly: "Daddy, Auntie scolded me, I'm afraid."

She hugged Li Zhenting's thigh tightly, with a look of fear on her face.

Shen Ning saw that the fear on her face was more or less deliberate, and immediately thought of Shen Mei's trick.

Sure enough, dragons beget dragons, phoenixes beget phoenixes, and sons born to mice can make holes.

The little girl is only five years old, and she already has the artificiality and scheming of her mother in her bones.

"Shen Ning, Lan Lan is still young, don't speak to her so loudly." Sure enough, Li Zhenting was eager to protect her daughter, and whenever Lan Lan cried, he helped her speak.

Shen Ning was so angry that he stared at Li Zhenting and said coldly: "President Li, Lan Lan must apologize to Xiao Xiao now and promise not to bully her in the future, otherwise, I will take Xiao Xiao away immediately."

The wound on Xiaoxiao's face must be sent to the dermatology department of the hospital immediately, otherwise it will leave scars.

Li Zhenting also knows the seriousness of the matter, Shen Ning is very angry now, the key is that grandma's meal is not ready yet.

He bent down to look at Lan Lan, and asked seriously: "Lan Lan, tell Daddy, why are you going to grab a small bench, there are so many here, why not take another one?"

Lan Lan cried very sadly, her small shoulders twitched: "Daddy, I didn't **** her gun stool, she snatched mine first, and I hit her."

When Xiaoxiao heard this, she burst into tears: "Mum, she lied, she is not a good child, Mummy, my face hurts so much."

Shen Ning felt distressed when he heard it, and stared at Li Zhenting and asked angrily: "My surname is Li, I only ask you, Lan Lan, is she really apologizing?"

Li Zhenting had a headache.

Although he didn't completely believe in Lan Lan, the little words were just one-sided words. He couldn't just rely on the little words to make Lan Lan angry and blame her for everything. After all, Lan Lan was brought here by him. Also his own daughter.

Shen Ning smiled coldly, and left with Xiao Xiao.

Li Zhenting stepped forward to stop her: "Where are you going? Grandma is still waiting for porridge in the hospital?"

"Li Zhenting, only people from your Li family are considered human beings. With her little face hurt like this, she doesn't deserve to be treated, doesn't she deserve to be cared for and apologized?" Shen Ning glared at him, wishing to give this dog man his eyeballs. dig it out.

Li Zhenting suddenly became short of breath, and Shen Ning's icy eyes were filled with coldness, making his hair stand on end.

Only then did he realize that Shen Ning was so excited that even he couldn't entertain him.

Li Jiaojiao ran out when she heard the noise in the study, and asked, "Brother Ting, what's the matter? Why did you start arguing?"

Nobody cares about her!

Li Jiaojiao glanced at it, and suddenly shouted: "Ah, Xiaoxiao, why is your face like this?"

She ran up to Xiao Xiao nervously, bent down and looked at her face: "No, I have to send it to the skin disease hospital for treatment immediately, and scars will be left if it is too late. The little girl is so beautiful, we can't delay."

She hugged Xiaoxiao and left, and said to Li Zhenting as she walked, "Brother Ting, go and drive."

Lan Lan hugged Li Zhenting's thigh and cried loudly: "Daddy, I'm afraid, don't go."

Chapter 467 I promise Xiaoxiao will be fine

Li Zhenting couldn't move his legs.

Li Jiaojiao came back holding Xiaoxiao.

At this time, a servant came over and boldly said: "Master, the wound on Xiaoxiao's face was scratched by Miss Lan Lan. The two of them were grabbing the small bench just now."

Li Zhenting was so angry that he had nowhere to vent his anger, and he yelled at her: "Since you saw it, why didn't you stop them?"

The servant was too scared to speak.

Originally, she had seen everything, the fact is just like the novel, Ke Lanlan is Li Zhenting's own daughter, she is the blood of the Li family, and Xiaoxiao was brought here by Shen Ning, she dare not tell the truth up.

Now seeing that Xiaoxiao's face was severely injured, Lan Lan stopped her again, and then mustered up the courage to speak the truth. Sure enough, Li Zhenting took his anger out on her.

"Brother Ting, you are being unreasonable. How can the nanny stop you?" Li Jiaojiao grew up abroad, she dared to speak out, she would say anything, and now the injury on Xiaoxiao's face needed to be dealt with, but Li Zhenting still looking for excuses for Lan Lan, this kind of behavior is really unmanly, she didn't like it, and protested.

With a dark face, Li Zhenting yelled at Lan Lan angrily: "Lan Lan, you always make trouble like this every time, and you never change after repeated admonitions. Do you really think I will tolerate you infinitely?"

He picked her up and carried her to the study, and ordered: "From now on, you will be fined to stand, and you will not be allowed to eat without my permission."

He closed the door heavily and walked out.

In an instant, Lan Lan's heart-piercing cries came from the study.

"Shen Ning, Jiaojiao and I took Xiaoxiao to the dermatology department of the hospital to treat the wound, and you stay at home to cook for grandma." Li Zhenting came over and ordered, and hugged Xiaoxiao from Li Jiaojiao's hand.

"No." Shen Ning objected coldly, "I am worried about you, because you have no love for Xiaoxiao."

"You..." Li Zhenting's lips twitched.

"Cousin, let Brother Ting and I take Xiaoxiao there. Don't worry, I'm a beauty expert and I know how to take care of skin. I guarantee that as long as I'm here, Xiaoxiao's skin will not be affected in any way." Li Jiao Jiao immediately smoothed things over, fearing that she would not believe her, she even pulled out her beauty qualification certificate from her mobile phone.

Shen Ning is still hesitating.

"You cook well at home, I promise Xiaoxiao will be fine, otherwise it will be hard to say." Li Zhenting threatened, and strode towards his luxury car with Xiaoxiao in his arms.

Li Jiaojiao hurriedly followed.

Shen Ning wanted to chase after her, but Ke Ke said calmly beside her, "Mum, Aunt Jiaojiao won't hurt Xiao Xiao, don't worry, we'll make dumplings first, and I'll send them to grandma later."

"Aunt?" Shen Ningxiu frowned, then turned to ask Ke Ke, "Who is your aunt?"

"Aunt Jiaojiao, she is our aunt. She is Uncle Zhijun's sister. She is very kind to me. She gave me a big red envelope yesterday. I have already hidden it. I will give it to you later." Cocoa smiling.

Shen Ning was stunned for a moment, then remembered that just now, Li Jiaojiao seemed to call her 'cousin', she was mad at that time, she didn't care, yes, she heard that Li Zhijun had a younger sister. It is said that her parents sent her to study abroad forcibly, and she was not allowed to return to China for three years. Six years ago, when she married Li Zhenting, she did not participate. Later, she left the Li family, and of course she would not see her.

Therefore, they don't know each other, and Li Jiaojiao must have found out.

It turns out that she is just Li Zhenting's cousin, no wonder they are so close.

Do not know why.

After learning the news, she was even a little bit unexpectedly happy. Li Zhenting was not as lewd as she imagined, at least it was a good thing for Ke Ke and Ding Ding.

Chapter 468 She is very well-behaved.

Shen Ning and Ke Ke went in to make dumplings, when Lan Lan's hoarse crying kept coming from the study, it sounded very sad and pitiful.

Shen Ning's heart softened, and he walked towards the study.

Coco followed.

Shen Ning pushed the study door, it was already locked, Xiumei couldn't help but wrinkled.

Li Zhenting is really simple and rude, just locked a five-year-old girl inside, what if something happens? That's not how children are taught.

"Housekeeper, give me the key to the study." She shouted at the butler.

The butler ran up and said, "Miss Shen, we dare not disobey the young master's order."

"It's okay, I'll tell him, I'll take care of it." Shen Ning said calmly.

The butler had no choice but to bring the key.

Soon, the door opened.

Lan Lan was curled up on the sofa crying into a ball, her face was covered with tears and snot.

Shen Ning thought for a while, since this little girl likes to play tricks, she asked the butler to go in with her, so as not to falsely accuse her of doing something bad, she was really scared.

As soon as they walked in, she stopped crying and looked at her with tears in her eyes.

"Lan Lan, if you dare to bully Xiaoxiao again, I'll knock out your teeth." Ke Ke who followed behind raised her fist at her.

Lan Lan shrank back in fear, her face was full of fear, and she was really scared at this moment, after all, Li Zhenting was gone, and no one would protect her.

"Auntie, Ke Ke, I won't bully Xiao Xiao in the future, let her go, okay?" Lan Lan was worthy of being Shen Mei's daughter, seeing that the situation was not good, she immediately acted accordingly.

Seeing Lan Lan like this, Shen Ning felt really uncomfortable.

"Lan Lan, tell me, did you grab the little bench first, and then scratched the little face if you couldn't grab it?" Shen Ning asked seriously.

Lan Lan didn't have Li Zhenting around, and she was afraid of being beaten by Ke Ke, so she nodded immediately: "Yes, Auntie, I'm sorry, I won't dare next time, please forgive me."

She is very well-behaved.

Shen Ning was angry and helpless, he could only shake his head.

"Young Mistress, Miss Lan Lan really looks like Miss Shen Mei, hey." The housekeeper shook his head beside him.

Shen Ning pursed his lower lip and said to Lan Lanyu earnestly:

"Lan Lan, auntie has always treated you like a family member. Last time, in your father's car, auntie sent you a hairpin and kindly put it on for you, but you framed auntie for pinching your hair. Now, you treat Xiaoxiao like this, obviously you are wrong, but you complained in front of Daddy, this is very wrong, you need to correct it, you know? If you don't correct it, next time you meet someone else, you won't be like this Well, someone will definitely call you back."

Lan Lan nodded quickly, and said sweetly: "Auntie, I understand, I'm sorry, I will change it, and I won't dare to do it next time."

Seeing the little girl's apology like a jingle, Shen Ning knew that she couldn't change it at all, and it would happen again next time, so she didn't listen to it in her heart.

She silently turned and left.

In the dining room.

Shen Ning took Ke Ke and Ding Ding to make dumplings, and the nanny, Sister Zhang, also came to help.

"Young Mistress, I'm sorry, I actually saw Lan Lan grabbing the little stool today, but I didn't dare to tell the truth." Sister Zhang was very embarrassed.

"It's okay, it's not your fault." Shen Ning smiled, "It's pretty good that you can say it, but Li Zhenting scolded you for this, I'm sorry."

Who in the Li family would dare to provoke Li Yanwang, let alone a small nanny.

Chapter 469 You are a divorced man now

"Hey, I really don't know what the young master thinks." Sister Zhang shook her head regretfully, "However, young mistress, to be honest, the old lady and the old man are still good to you, but they can't do anything about it when their children and grandchildren grow up."

"I know, this is the reason why I will stay and cook for her old man."

"Young Mistress, you are very nice. As expected, the old lady saw the right person." Sister Zhang praised sincerely.

Shen Ning smiled wryly: "I just want to repay my kindness, but the old lady treats me no better than her grandson. She just wants me not to take cocoa away."

Sister Zhang couldn't speak anymore. Who said it wasn't? There's no reason to turn her elbows out. Shen Ning is indeed a sensible person who knows everything. It's a pity that the young master doesn't know how to cherish it. Otherwise, what a happy and beautiful family! .

"Sister Zhang, please don't call me Young Mistress in the future, I am no longer someone from the Li family, so as not to be misunderstood." At this moment, Shen Ning woke up.

"Hey." Sister Zhang sighed heavily.

On the Rolls-Royce luxury car.

Li Jiaojiao hugged Xiaoxiao, shook her head and smiled at Li Zhenting: "Brother Ting, I can tell that the only person in the world who can subdue you is my cousin."

Just now, when they were quarreling, she obviously saw that Li Zhenting, who was fearless, would shrink back in front of Shen Ning.

When Shen Ning yelled at him, telling him to get out of the kitchen, he actually left in a daze.

If this was normal, who would dare to treat him like this.

Sure enough, everything in this world falls into one thing.

"Cousin? Where did you come from?" Li Zhenting asked back while holding the steering wheel and driving the car smartly.

Li Jiaojiao cried out: "Cousin, don't forget, you are a divorced man, second-hand."

Li Zhenting's face darkened instantly: "You also know that I'm divorced."

"However, don't worry, in my eyes, a divorced man like you, ex-husband brother, mature and attractive, coupled with the blessing of a wealthy family, and rich, can fascinate women all over the world. I don't know how much stronger single dogs are." Li Jiaojiao looked at Li Zhenting's cold Bingshan handsome face, and was busy flattering.

"So, what are you trying to say?"

"In fact, I want to say that my cousin is still very good, she is worthy of you..." Li Jiaojiao observed her words and smiled.

"Shut up, don't mention that dead woman to me..." A picture of her chatting with Jing Chenxi flashed through Li Zhenting's mind, and he said with a dark face.

"You are not allowed to scold my majesty like this." Who knows, before he finished speaking, Li Jiaojiao didn't speak, but Xiaoxiao yelled dissatisfied.

Li Zhenting was taken aback, and took back all the rest of his words.

"Tell you, my mommy is the best mommy in the world, no one can compare to her." Xiaoxiao continued to speak proudly, declaring her pride to Li Zhenting.

Well!

Li Zhenting had nothing to say, and closed his mouth obediently.

In the eyes of my daughter, Mommy is the best, that's right.

only

She is not friendly to him at all, she is deeply hostile.

"Haha." Li Jiaojiao laughed out of breath after being surprised.

It turned out that Li Zhenting, who has always been ruthless and omnipotent, still had this kind of highlight moment, when he was so enraged by a five-year-old girl that he couldn't speak, and he didn't dare to speak back.

It seems that his nemesis is not only Shen Ning, but also her daughter!

This is great, the person who beat him gave birth to a daughter to beat him again, it's really called double restraint.

It seems that my cousin's life will not be so comfortable in the future.

Chapter 470 It seems to be scratched

In the ward.

"Grandma, Keke is coming to see you." Little Keke was the first to rush in, shouting loudly while running, her voice was sweet.

"Grandma, I'm here too." Not to be outdone, Ding Ding was a little slower than Ke Ke, and rushed in after him.

"Grandma, Xiaoxiao is coming to see you too." Xiaoxiao ran happily, with a happy smile on his face, and an earthworm-shaped scar was squeezed out by the smile on the little face smeared with ointment. She couldn't see her sadness, but she had a bright smile on her face.

"Grandmother, Lan Lan... is also... coming." Lan Lan was a little fat, out of breath, and reluctantly followed. She saw Ke Ke rushing first, and wanted to follow him, but she had a small belly. Some are big, fat and short legs can't run fast, but her shout is louder than anyone else, but unfortunately, it is intermittent.

"Okay, okay." Li Minhua immediately shook his spirits when he heard the children's cheerful shouts, and smiled all over his face, "Ke Ke, Ding Ding, Xiao Xiao, Lan Lan, my little grandchildren, grandma loves you ah."

"Hey, Lan Lan, be careful." Li Wanqing was standing next to Li Minhua, as soon as Lan Lan came in, she rushed towards the old lady, her heart jumped to her throat.

If such a little meatball rushed into Li Minhua's arms, it would break her bones, so he hurriedly hugged and supported her, smiling: "Grandma is sick, but can't stand it?" Hit you."

Lan Lan took the opportunity to fall into her arms and act like a baby.

"Grandma, are you better?"

"Grandma, does your heart still hurt?"

...

The little ones were chattering around in front of the hospital bed, and there was a commotion in the ward.

Li Jichun and Li Jinyao were all laughing, each guarding a little guy, for fear that they would accidentally climb onto the bed, Li Minhua couldn't be bumped by the little guys at this time.

When Shen Ning walked in with an insulated lunch box, what he saw was such a bustling picture of enjoying family fun. The corners of his lips smiled slightly, but his heart sank.

"Grandma, the porridge and dumplings are ready, you old man, eat quickly." She opened the baffle on the bed, put the porridge and dumplings on it, and opened the steaming heat preservation cover.

"Grandma, it smells so delicious, eat it quickly." Xiao Xiao was the quietest, and reminded in a childlike voice next to her: "Stop making noise, please let Grandma eat, she is so hungry."

"Xiaoxiao is the most obedient." Li Wanqing looked at Xiaoxiao with a smile, and suddenly her face changed, staring at her face: "Xiaoxiao, what's wrong with your face? Is it injured?"

When she asked, everyone in the ward looked at her face.

The small eye circles are a little red.

Shen Ning hurriedly turned his head and winked at her.

Xiaoxiao is such a smart little guy, he immediately understood what Mommy meant.

"It's okay, I fell it myself." She replied in a childish voice.

"Hey, how did you fall like this? Show grandma quickly." Li Wanqing felt distressed. Although Xiaoxiao was not her own granddaughter, she just felt closer than her own granddaughter. In this way, he immediately let go of Lan Lan and walked over, turned the little girl's face to her, and looked at her, "It doesn't look like it fell, but it looks like someone scratched it. Could it be that it was scratched by a cat? If you get scratched, you need to be vaccinated, have you been vaccinated? This is not a fun thing, so it should be treated seriously."

I was warmed by grandma's actions at a young age, and my young heart was filled with grandma's love, which made me very moved.
