

Troublemakers 481

Chapter 481 For the sake of the child, she admitted

In the afternoon, after Shen Ning went back to Li's old house and cooked Li Minhua's favorite meals, he took Ke Ke, who came home from kindergarten, to the hospital to visit Li Minhua.

The nanny of the Li family is in the commercial vehicle.

Shen Ning and Ke Ke sat alone in the back row, and the driver drove in front.

"Ke Ke, Mommy has something to tell you." Shen Ning touched Ke Ke's head and said kindly.

Coco blinked her big eyes: "Mommy, tell me."

"Ke Ke, Mommy is going to take Xiao Xiao back to Chunhui Garden. From now on, you and Ding Ding will live in Li's house. You are more sensible and flexible than Ding Ding. You must take good care of him in the future. No matter what happens, you two brothers must love each other, take care of each other, you know?" Shen Ning spoke softly, eyes full of reluctance and pain.

She will give up Coco after all!

It is impossible for her to get custody of Ke Ke! She didn't have the energy to fight Li Zhenting.

Besides, the Li family is a wealthy family that attaches great importance to offspring. If you guess correctly, Li Zhenting will hold a son recognition ceremony soon. After that, Keke and Ding Ding will focus on training.

No matter how hard she tried, she couldn't give Coco the kind of training that the Li family did. For the sake of the child, she admitted it.

Besides, Keke is flexible and smart, sweet-talking and knows how to read words and expressions. She believes that he can protect her by staying in Li's house.

Ever since Li Minhua fainted that day, she has actually been thinking about this issue.

"Mum, I'll go back with you too." Little Keke didn't know Shen Ning's plan at all, and smiled when she heard this, "I only want you and my sister."

"No, grandma is still sick in bed, she needs you, you can't go with us." Shen Ning found a reasonable excuse.

Coco thought for a while, then pecked his head:

"Okay then, I'll go back with you and Xiaoxiao after Grandma gets well."

He likes Grandma Tai, he doesn't want to see her old man get sick, and wants to spend some time with her, and Grandma Tai can't do without him!

"Well, good." Shen Ning nodded, "Then let's go to the ward later, if grandma asks you if you want to stay, then you just nod."

"Okay." Coco readily agreed.

Shen Ning's heart was bleeding.

The little guy didn't expect that she would give up on him and not want him anymore. He was still young, and she didn't want him to know the cruelty of the truth.

As descendants of the Li family, maybe a few months, maybe a year later, he and Ding Ding will be sent abroad for training.

The time to see Coco and Ding Ding will only decrease.

Maybe a few years later, they will forget about her as a mommy.

Shen Ning's eyes turned scarlet.

Facing reality, she had no choice.

Fortunately, there is still Xiaoxiao following her.

In the hospital ward.

Li Minhua's complexion improved a lot, and he was sitting on the bedside talking with Mr. Li.

Shen Ning walked in holding Ke Ke's little hand.

"Grandpa, grandma." Coco called cheerfully, "Mommy has prepared something delicious for you."

"Ke Ke, my little grandson, come here, grandma misses you so much." Li Minhua saw his little great-grandson, his eyes narrowed into a straight line with a smile.

Coco ran over.

Li Jichun hugged him and kissed him on the forehead.

"Grandpa, grandma, let's eat first." Shen Ning opened the baffle, took out a light meal from the insulated box, and spoke softly.

"Okay." Li Minhua took Shen Ning's hand, looked at her, his eyes were red, "Ning Ning, thank you, it's really hard work for you."

"It's okay, I'm not working hard." Shen Ning patted the old man's hand lightly, and said in a low voice, "Eat it while it's hot."

She picked up a bowl to serve a bowl of vegetable porridge, and today she added pigeon soup to it.

Li Minhua wiped his eyes and began to drink porridge.

Chapter 482 Are you leaving me?

"Ke Ke, you play here first, Mommy and grandpa and grandma still have something to say." After eating, Shen Ning took Ke Ke to the lounge next door and handed him a car toy, "You can't go outside to play."

"Okay, Mommy, go talk to grandma, I will have fun here." Coco took the toy and started playing.

Shen Ning looked at the child's immature and lovely face, and couldn't help but kiss his face.

Ke Ke, the little sun that once illuminated her life, will soon cease to belong to her.

"Mummy, what's wrong with you? Did Daddy bully you again?" Coco was surprised when she looked up and saw Mummy's eyes were red, and asked with concern.

"No, sand got into Mommy's eyes, go wash it with water now, you can have fun here." Shen Ning smiled and stood up.

"Mommy, are you still in pain?" In the bathroom, Shen Ning closed the door, turned on the faucet, leaned against the marble platform and wept, Ke Ke asked lying on the door.

"It doesn't hurt."

"Then you have to wash it clean."

"Okay, I will."

After a while, Shen Ning came out.

"What did you say? You gave up Ke Ke's custody?" In the ward, after Shen Ning explained what he meant, Li Minhua asked in surprise.

"Yes, Ke is the grandson of the Li family, and he will receive the best training in the Li family. For the sake of the child, I gave up." Shen Ning answered with his head down.

Li Jichun was silent.

"Ningning, are you leaving me?" Although Li Minhua was sick, his mind was clear.

Shen Ning bowed his head and did not speak.

"Ning Ning, even if our Li family can give the children the best education, but the two children who are only five years old do not have a mother by their side and lose their mother's love. No one can afford this." Li Minhua said earnestly.

Shen Ning's eye circles turned red again: "Grandma, I have tried my best, and I will try my best to come and visit the children in the future."

"Ning Ning, can you not go?" After a long time, Li Minhua asked tremblingly.

Shen Ning shook his head: "The name is not right, the words are not right, I can't live here for a long time, it will attract criticism."

Li Jichun's eyes flickered but were dim.

"Yes, you are still young, you have to think for yourself, I can't be so selfish." Li Minhua replied sadly.

Shen Ning didn't make any excuses.

"Shen Ning, does Zhenting know about this?" Li Jichun asked suddenly.

"He doesn't know yet, I'm going to tell him later."

"Shen Ning, I am ashamed that our Li family has treated you badly." Li Jichun sighed helplessly.

Shen Ning was speechless.

There was a silence in the ward.

Shen Ning started to pack the tableware.

After a while, she came in with Coco, said goodbye to the two old people and left.

Sitting on the head of the bed, Li Minhua saw the backs of Shen Ning and Ke Ke walking out, and wiped his tears with a tissue.

"Old man, Zhen Ting is really useless. I can't even keep a woman. I tried so many aggressive methods but failed." Li Minhua sighed.

Li Jichun's eyes were deep: "Don't look at Shen Ning who looks weak and weak on the outside, but in fact he has a lot of ideas in his heart. I'm afraid that no matter what Zhen Ting does, he won't be able to win her heart. If nothing else, only he has it." The fact that Lan Lan can't pass the barrier in her heart, she won't let it go easily, it's just like this, the children will suffer."

"Hey, how could this happen? It's really a crime, but I believe that Shen Ning has a kind heart, so he wouldn't be so decisive and ruthless." Li Minhua wiped his tears, heartbroken.

"I hope so."

Li Jichun sighed.

Li Group.

In the conference room.

Li Zhenting is holding a multinational group meeting.

The man was dressed in a black haute couture suit, handsome as a picture, sitting at the top, cold and majestic.

After a while, the secretary came in and whispered something in his ear.

Chapter 483 You want me to be a eunuch

The astonishment in Li Zhenting's eyes flashed, and then he flashed an inscrutable smile, stood up and walked outside.

Reception room.

Shen Ning stood at the door of the president's office, walking back and forth with his head bowed.

It was not easy to make this decision, but now that she had made the decision, she didn't want to hesitate any longer, so as not to have long nights and dreams.

There were footsteps coming towards her.

She turned her head.

At the other end of the corridor, a man in a suit and leather shoes was walking towards her against the light. The comforting high-quality fabric fit the man's strong body, and he shook his hands gracefully.

"What did you come to see me for?" Li Zhenting put one hand in his trouser pocket, the corners of his lips curled up into a smile that was not a smile, and a playful smile flashed in his bright eyes.

"There's something, let's go in and talk about it." The man's aura was too strong, and it rushed towards Shen Ning. She took a few steps back, trying not to meet his eyes, lowering her eyes slightly, her tone indifferent.

"Okay." Li Zhenting replied softly, and slowly passed by her. When he was about to pass by, suddenly, he stretched out his arms to wrap around her waist.

There is also a female secretary in the corridor.

Shen Ning's face turned red up to his neck.

"Let go." She yelled angrily in a low voice, with a knife in her eyes.

Li Zhenting laughed lowly: "Why are you so stingy, you already gave birth to two children with me."

"If you don't let go, I'll leave." Shen Ning pinched the back of his hand fiercely angrily.

"The most poisonous woman's heart." Li Zhenting let go of his hand, looked at the two red marks on the back of his snow-white hand, and gritted his teeth.

He finally pressed the fingerprint lock and walked in.

Shen Ning waited for him to go in a little before following him in.

"President Li, I'm here to discuss with you about the custody of Ke Ke." As soon as Li Zhenting stood still in the office, Shen Ning immediately spoke.

Li Zhenting raised his eyebrows: "What? You have already found a lawyer? Are you going to sue me?"

"Not as petty as you." Shen Ning snorted lightly, took out a contract from his bag and put it on his desk, with a cold face, "Sign it, and I will give you the custody of Ke Ke."

Li Zhenting glanced at the documents on the table, walked slowly to the soft chair next to the desk and sat down, put his fingers on the desk, looked at her: "Not bad, after all, you are a woman It's the president, and it's courageous to come with me."

He usually uses this trick on others, but now it's his turn to be tricked by her, this is really getting bolder.

"Look at it quickly, sign after reading, I have limited time." Shen Ning urged while looking at the phone.

Li Zhenting moved his body again, picked up the water glass in front of him, pursed his lips and drank slowly, then picked up the contract in front of Shen Ning's angry eyes, and slowly looked at it.

"You want me to be an **** for the sake of Ke Ke and Ding Ding's happiness?" After looking at it for a while, he raised his head and said dissatisfiedly, "Who will solve my physical needs?"

It turned out that Shen Ning stipulated in the terms that he was not allowed to marry Shen Mei, and he was not allowed to bring some dubious women home, otherwise, she would have the right to take back Ke Ke's custody.

"Go on and look down." Shen Ning blushed a little, and drank in a low voice.

All right!

Li Zhenting pursed his lower lip, then looked down again.

When I saw the following, I saw that she wrote in the contract: In the future, the daughter-in-law he finds must be approved by Mrs. Li and Mrs. Li, and must be approved by Li Wanqing and Li Jinyao before he is eligible to be Ke Ke and Ding Ding stepmother.

Actually, Shen Ning thinks this way, as long as a woman can pass the approval of these four elders, it must be the same, so she can also safely hand over the child to her hands.

But in Li Zhenting's view, that was different.

So far, except for Shen Ning, there is not a single woman who can be recognized by these four elders.

Chapter 484 But be careful to flash your waist

"According to your contract, do you want me to marry you?" Li Zhenting put down the contract, looked at her with gloomy eyes and spoke.

Shen Ning was astonished.

Where did this dead man think, when did she have such a ridiculous idea.

"What are you thinking nonsense, when did I let you marry me, it's really funny." Shen Ning reprimanded lightly.

"But that's what's written on it." Li Zhenting pointed to the terms on it and analyzed: "Up to now, among my women, there is no other woman who can get the approval of four elders at the same time except you, so I can only married you."

Shen Ning's face flushed red.

"Li Zhenting, don't misinterpret my meaning. You also know that Shen Mei has tried to harm my children several times. She is ruthless and wicked. I will never give her children to such a woman, but If you are looking for a famous lady, kind and compassionate, I am happy to keep the children by your side. After all, in your words, the conditions of your Li family are much better than mine. For the sake of the children, I am willing to give up their custody rights to fulfill you." She explained sternly.

Li Zhenting snorted noncommittally: "Then I don't know any woman who is kind and compassionate."

"So, if you can get the approval of your grandparents, parents, that woman is not much different, so I can rest assured."

"So, you are boasting that you are good." Li Zhenting raised his lower lip and returned to this point.

Shen Ning's face became hot again: "Don't force your words, there are many good women in the imperial capital, I believe that with your ability, as long as you are willing, there will be a lot of women lining up to climb your bed, so you will be very sexual." Blessed, but be careful to flash your waist."

The muscles on Li Zhenting's face twitched.

"If you can agree, then sign it. I won't ask for custody of Ke Ke in the future. Let's stop here." Shen Ning looked at his phone, "Don't dawdle, this is just the most basic condition, and it is also the most basic condition. For the good of your Li family forever, there is nothing to hesitate."

"Hey, now that you're here, please sit down and have a cup of tea first, don't worry." Li Zhenting put down the documents in his hand and went to pour water for her.

"I don't drink tea." Shen Ning was annoyed.

"In such a hurry, is Jing Chenxi waiting for you?"

In the past, no matter how much she threatened and lured her, she just refused to hand over the custody of Ke Ke, but now she has proposed it on her own initiative. It seems that the relationship between her and Jing Chenxi has risen in a straight line, to the point where she can give up the child And headed for a new love.

His face turned black.

"What if I don't sign?" He suddenly asked playfully.

Shen Ning's eyes widened: "Didn't you always ask for the custody of Ke Ke? I've given it to you now, and I don't have any other demands, but you don't want it? Or are you a scumbag at all, unable to do what I want? ?"

"Whatever you think, anyway, I just don't want to sign." Li Zhenting leaned back on the soft chair, raised his legs, and spoke like a rascal.

"Then you mean that you don't want Ke Ke's custody?" Shen Ning couldn't help jumping for joy, thinking of the cute little Ke Ke, his face was red.

Li Zhenting stared at her with squinted eyes: "Who said that? I absolutely want the custody of Ke Ke, but I won't sign the agreement."

Now, Shen Ning was so angry that his chest hurt.

"Li Zhenting, don't go too far. I'm already making the final concession. Do you have to drive me crazy? I just hope that you can find a better stepmother for Ke Ke and Ding Ding in the future. There is no other request. You Must it be scum to the end?" She was furious.

"But I think you are interfering with my right to marry. Even my grandparents, parents, and mothers have no right to interfere with my marriage. Why should you interfere? You are clearly hindering my freedom of marriage." Li Zhenting Answer unequivocally.

"Okay, Li Zhenting, you have the guts. It seems that you are naturally willing to find bad women. No wonder Shen Mei can stay with you for so many years." Shen Ning gritted her teeth, "Because I have promised your grandparents, Ke Ke's upbringing I won't ask for the rights for the time being, but you remember it for me. If any of your women, including all the women you have slept with, dares to bully my son, I will definitely ask for their custody rights back , including Ke Ke and Ding Ding's, if you don't believe me, just wait and see."

She turned around angrily, pursed her lips and ran outside.

Looking at her back, Li Zhenting picked up the agreement on the table and blew it.

Hmph, you want to leave the child to me, and then go to Jingchen Xisheng again, right? I don't!

Chapter 485 I wish you an early embrace of beauty

Three days later.

Shen Ning quietly left Li's old house with Xiao Xiao.

"Miss, you did the right thing. If you can't fight it, forget it. The son was born by you. He can't deny you." Aunt Dong cleaned up the house and welcomed her and Xiaoxiao back. They are all smiles.

"Aunt Dong, I will trouble you to pick up Xiaoxiao to and from school in the future."

Next, she plans to put all her energy into Gucci, make more money, and let Xiaoxiao live a princess-like life to make up for her lack of fatherly love.

"Okay, don't worry, leave everything to me." Aunt Dong agreed.

Shen Ning immediately returned to Gu Qi and held a high-level meeting.

Jing Chenxi's wound has almost recovered, and he has been discharged from the hospital.

Wang Xingyu also participated.

The main content of the meeting was to rent out the upstairs floor as a spice processing factory, build a modern production line, and prepare to introduce several top foreign machines.

The meeting lasted all morning, and under the negotiation of all parties, a consensus was finally formed.

"Mr. Jing, how is your hand injury?" After the meeting, everyone dispersed, and only Wang Xingyu and Jing Chenxi were left in the meeting room. Wang Xingyu deliberately delayed the time, looking at Jing Chenxi's arm asked with concern.

"It's not bad, it's almost better." Jing Chenxi sorted out the documents at hand and smiled slightly.

"Mr. Jing is still the same affectionate Mr. Jing, and his persistent pursuit of Shen Ning is not lacking at all. Cheng, for the sake of taking the knife for Shen Ning, I quit. I wish you an early embrace of beauty." Wang Xingyu was free and easy. Open your mouth.

Jing Chenxi was taken aback, and smiled: "Thank you for your fulfillment, both of us are Shen Ning's admirers, and we both have only one goal: to make her happy, don't worry, for the rest of my life, I will definitely do everything I can to make her happy of."

"Well, good." Wang Xingyu patted his shoulder, stood up and walked outside.

In the corridor, he saw Shen Ning explaining the work to his subordinates, his weak back was strong and graceful, and he sighed secretly.

Some time ago, Li Minhua found him and asked him to pretend to pursue Shen Ning in order to stimulate her grandson Li Zhenting.

He agreed.

This will lead to the previous things.

At the beginning, he really only promised the old lady to help, but later, after he got in touch with Shen Ning, he was moved by her talent and character. If Jing Chenxi wasn't around, he would really pursue her. Now, obviously, he has no advantage.

With self-awareness, he withdrew from this emotional dispute, took another deep look at Shen Ning, and left quietly.

In the afternoon, after Shen Ning finished his business, he sat in the office, opened the drawer, and suddenly saw the diary again.

That was given to her by Jing Chenxi, her mother's diary.

Last time, she didn't have time to read it after halfway through it. Now she has some time. After hesitating for a while, she picked it up and continued to read.

Looking at it, she suddenly felt a little dazed.

It turns out that Shao Meiqi and Jing Chenxi's father, Jing Shoufu, had a three-year underground relationship.

Less than a year after Shao Meiqi married Shen Deshun desperately, Shen Deshun had an affair with Lan Feiyun. Since then, he has moved on. Shao Meiqi soon discovered this secret. She wanted to divorce Shen Deshun, but Shen Deshun just Born as a comedian, she doesn't understand business at all, and all the shares of the Shen Group are in Shao Meiqi's hands. In order to stabilize her, he confessed to her. Shao Meiqi was also unwilling. In order to keep her face, she endured it and saved the marriage

But when Shen Deshun meets a woman like Lan Feiyun, it is basically impossible to escape.

Later, Shao Meiqi became pregnant during the painful struggle, but Lan Feiyun was also pregnant.

Chapter 486 Everything is in time

Finally, when Shao Meiqi learned that Shen Deshun had an illegitimate daughter, Shen Ning was already five years old. At that time, she could no longer bear it and insisted on a divorce.

But Shen Deshun was unwilling to lose her, the God of Wealth, and was resolutely unwilling.

Since then, the husband and wife seem to be inseparable, and Shao Meiqi, who is ashamed, meets Jing Shoufu, Jing Chenxi's father, and begins an underground relationship.

The Huayue series was researched by Shao Meiqi for Jing Shoufu. Unfortunately, Jing Shoufu suffered from lung cancer and died.

Since then, Shao Meiqi has lived a lonely and painful life until something like jumping off a building happened.

Shen Ning thought of his mother's pain, his hands were shaking.

When she was young, she couldn't understand the adult world, she only knew that her father didn't love her, and only when she grew up did she realize how shameful the mistress is.

Looking at the back, from the diary, she can see that her mother's feelings for Jing Shoufu are true. She and Jing Shoufu know each other well. One is a perfume expert and the other is a fragrance expert. They share similar interests. Similar in temperament, it can be regarded as a perfect relationship.

It's a pity that this relationship is destined not to be blessed by the world. Each has his own family, which can only be the comfort of each other's feelings. Even the spice cooperation between Gu Qi and Jing's Group has become impossible. Dream.

Finally, Shen Ning saw her mother's wish.

It turned out that her mother had made an agreement with Jing Shoufu before her death that her daughter Shen Ning would marry Jing Chenxi, and Jing Chenxi was told by Jing Shoufu that he would marry Shen Ning when she was very young. When they were young, the two of them often married Shen Ning. Ning and Jing Chenxi took them to various gatherings.

All the accidents occurred after Shao Meiqi jumped off the building!

Shen Deshun married Shen Ning to Li Zhenting for the sake of the Shen Group!

What is certain is that if Shao Meiqi is well, Shen Ning and Jing Chenxi should already be married!

But Shen Ning didn't understand until now, obviously Lan Feiyun and Shen Mei both wanted to marry Li Zhenting so much, how could it be her turn to marry Li Zhenting in the end? And Li Zhenting doesn't love her at all!

She closed the diary and closed her eyes.

Night is coming, neon lights are flashing.

Jing Chenxi and Shen Ning sat in the cafe, relatively silent.

"Ningning, have you finished reading the diary?" Jing Chenxi broke the silence after taking a few sips of coffee.

"Um."

"Do you have anything to say?"

Shen Ning looked up at him: "Mr. Jing, I believe in the word fate now."

Jing Chenxi's eyes deepened: "How to say?"

"Things in this world are always wrong. If we follow the agreement from the beginning, we will really get married, and the child will be bigger than Coco and Ding Ding now."

"Yes." Jing Chenxi sighed, "But it's not too late, everything is in time."

Shen Ning lowered his eyes and remained silent.

Li's old house.

Li Zhenting walked in from the outside with a briefcase.

"Where's Shen Ning?" He turned around in front of and behind the house and didn't see Shen Ning, so he couldn't help frowning and asked.

The butler hurriedly replied: "Eldest young master, Miss Shen Ning has already taken Xiao Xiao away."

"Leaving? What do you mean?" Li Zhenting's eyebrows frowned.

"That is, Ms. Shen and Xiao Xiao have already left here, and will not live here again."

leave?

She actually left like this!

She is so bold!

Li Zhenting's face darkened suddenly.

Yesterday, she went to his office to ask him to sign the **** agreement, but he didn't sign it. It turned out that she had planned it in advance!

She said why she signed the agreement suddenly, and she had to go to his office to sign it.

So she wanted to leave him!

He snorted coldly.

Chapter 487 This night, he suffered from insomnia

"Then where is she now?"

"This, this, young... young master, I really don't know, you should call her and ask her."

The corners of Li Zhenting's lips twitched with coldness.

With Gu Qi around, she can't run very far.

He walked upstairs.

Coco and Ding Ding are having a great time in the upstairs game room.

Li Zhenting walked in.

"Coco, Tintin."

"Daddy."

"Your mommy left with Xiaoxiao, do you know?"

"Oh, I know." Coco replied, "Mommy has brought Xiao Xiao home, I will stay here with Grandma Tai for a while, Grandma Tai is sick."

Li Zhenting's eyes darkened, and he bent over and asked, "Ke Ke, are you willing to stay here?"

"Well, I would like to stay with grandma for a while." Ke Ke answered truthfully.

Li Zhenting squinted his eyes, and patted Ke Ke's head, while Ding Ding played with himself from beginning to end, with a cool little face.

Li Zhenting walked slowly into the study and sat down.

Without Shen Ning, the house seemed to be empty at once, there was no joy upstairs or downstairs, except for Ke Ke and Ding Ding, who still had a sense of warmth, everything was terribly empty.

He rested his head on his hands, lost in thought for a while.

After a while, I turned on the phone.

On the mobile phone news, Shen Ning is being interviewed by the media.

Gucci perfume sold well, pushing her to the label of a successful woman.

"Miss Shen, you have developed Gu Qi so well, is there anyone or anything to be thankful for?"

"Yes." Shen Ning pursed her lips, "I think the person who needs to be thanked the most is Mr. Jing of the Jing Group. I remember that a raw material for perfume at that time: Peruvian balsam, which was not available anywhere in the market. At that time, time was tight. I was very anxious, I was in the market every day, and I happened to meet Mr. Jing. He gave me all the balm and semi-finished raw materials at the bottom of the box, so I had time to make them. Now that I think about it, I really thank him. Of course, And the people around me, like Uncle Marley and Secretary Li..."

Shen Ning on TV is radiant, beautiful and youthful, when talking about Jing Chenxi, his eyes are full of affection...

Li Zhenting dropped the phone with a snap.

Shen Ning, if I hadn't held the tea party for you, would you have had the opportunity to be exposed, but you didn't mention a word.

Li Zhenting suddenly felt a faint pain in his heart.

This night, he suffered from insomnia.

He couldn't sleep all night, he closed his eyes and his mind was full of Shen Ning's shadow, his heart was so empty and uncomfortable, for the first time, he felt that he couldn't do without Shen Ning.

Three days later.

Shen Ning was mixing perfume in the office when Marley walked in.

"Ning Ning, who owns the Guqi Building?" He asked with a gloomy face.

Shen Ning raised his head: "Isn't it Siyu's, they built this house at the beginning."

"But I just went to ask the property owner about renting the upper floor. The property owner told us that they no longer belong to Siyu and have no right to rent it out. I asked them who they were looking for, but they didn't know very well. "

"That's it, then I'll call Siyu." Shen Ning immediately opened the drawer, and there was a notepad left by her former mother in it. She found the phone number of Siyu Construction Company and called it.

"Did you mean the Guqi Building? I'm sorry, the Guqi Building no longer belongs to us, Siyu."

"Where does that belong?" Shen Ning's heart sank.

"I'll check it out."

Shen Ning's eyelids twitched, and a bad premonition surged in his heart.

Soon, the service lady over there replied: "It belongs to the Li Group."

Li Group?

Shen Ning's eyes darkened, and the phone in his hand almost dropped.

"Isn't it Siyu? How did it become the Li Group?" She asked hastily.

"Siyu owed foreign debts and was acquired by Li's Group."

...

Shen Ning almost fell to the ground.

She worked hard, completed the task excellently, and was about to go to glory, but she didn't want to, and she was still bouncing in Li Zhenting's palm, which made her feel so embarrassing.

Chapter 488 She must have scolded him just now

"Then what about our contract between Gu Qi and Siyu?" She asked tremblingly.

"It has been automatically transferred to the Li Group. For specific follow-up matters, you can directly deal with the Li Group. We have completed the transfer of legal procedures..."

"Zi Zi..." The young lady hadn't finished speaking when suddenly, there was the sound of the impact drill hitting the wall from the ceiling of the building. You can feel the entire ceiling vibrating.

She turned pale, and took a few steps back before standing firmly against the desk.

"Ningning, what's the matter?" Marley asked with concern from the side.

Shen Ning put his hand on his forehead and said in a low voice: "Uncle Ma Li, Siyu was acquired by Li's Group, and our Gu Qi's tenant has now become Li's Group."

"Oh." Marley's face changed slightly, "I remember the contract is twenty-five years."

"Yes, it's due this year." Shen Ning gritted his teeth, "He must have done it on purpose."

"Ningning, don't be afraid, we will follow the contract and renew the lease with Li Zhenting. If he makes things difficult for you, we will go through legal procedures."

"Can we beat the lawyer team of Li's Group?"

"Don't worry, just be reasonable. Lawyers also have to be reasonable and law-abiding."

Shen Ning probably believed this. This is no different from Coco's custody rights. Coco's custody rights are related to the descendants of the Li family. These are just the simplest things in the Li family.

"But he definitely doesn't want to rent the upper floor."

"Take it easy, tomorrow I will meet with the person in charge of the Li Group to see what they mean."

At this time, the harsh sound of the impact drill upstairs became louder and louder.

The front desk lady ran in in a panic:

"Mr. Shen, I heard that the upstairs has been contracted by someone, and it is going to be renovated."

"Okay, I see." Shen Ning answered slowly, put away the phone, and walked outside.

In the elevator in the lobby, there are workers wearing construction uniforms and people who look like contractors coming in and out.

The elevator buttons are always on the upper floor.

Shen Ning looked at the elevator buttons with cold eyes.

Li Zhenting, what exactly do you want to do?

I have given up the custody of Ke Ke, why are you still refusing to let me go?

She was sure that it must be the trick of that **** Li Zhenting. It just so happened that it was on the floor above the one she wanted to rent.

The reason why this building is called Gu Qi Building was because of Gu Qi's fame. Back then, my mother signed a 25-year agreement with Siyu and bought the right to use it for 25 years. Now it's the same. It's about to expire.

Only Li Zhenting understands the ins and outs of these things, and only he has the power to kill the killer.

While she was thinking, suddenly, there were many footsteps coming this way.

She turned around.

I see

Three or five men walked towards the elevator accompanied by young men in suits and leather shoes.

Men in suits and leather shoes are dignified and majestic.

only

His face was a little dark, and his eye circles were also a little dark. He looked a little haggard, not as energetic as before.

This man is Li Zhenting!

Only seeing him, Shen Ning felt angry in his heart.

This dog man!

I really can't do without him anywhere.

She stared at him coldly, her fingers clenched into fists, she really wanted to rush up and knock out his dog eyes!

Li Zhenting kept a cold face, just walked, as if he didn't see her, his followers came up and pressed the elevator, and a group of people stood beside the elevator and waited for the elevator.

'Dead bastard.' Shen Ning cursed Li Zhenting's back in his heart, clenched his fists, turned and walked towards the office.

Li Zhenting saw her standing here only when she came in. She was alone, with an inexplicable sadness on her body, and an angry blush on her face.

He twitched inexplicably.

With his back turned to her, he saw her mouth move from the elevator panel. If she guessed right, she must have been scolding him just now.

Chapter 489 What exactly does he want to do?

The corners of his lips curled up slightly, the elevator door opened, and he took the lead in walking in.

"Mr. Li, this is the design plan for your office and the whole building, please review it." Upstairs, as soon as Li Zhenting got out of the elevator, Yang Wei, the director of the marketing department, immediately handed over a design pattern.

Li Zhenting took it over and looked at it, then said: "Except for the office in room 08, the rest will wait for my notice first."

"Okay." Yang Wei respectfully agreed, took it and left.

Li Zhenting walked slowly in the corridor.

The emptied office is a mess.

"Where did Dabang go now?" He asked slowly.

"Boss Li, they can't get a foothold in the emperor, they are all bankrupt and disbanded." Li Shuhong, the head of the administration department, replied.

"Mmm." A cold light flashed in Li Zhenting's eyes, and he hummed.

At this time, Leng Xue walked over quickly from the other end.

Li Shuhong and his followers immediately retreated to keep a good distance.

"President Li, 50% of Lianyi's equity has been swallowed up." Leng Xue whispered.

"Um."

"President Li, do you want to make a move?"

"No rush, just treat it as a gift for her." Li Zhenting's brows were light.

"But, Li..." Leng Xue continued to speak.

Li Zhenting stopped him with a wave of his hand: "You should pay attention to the whereabouts of Xia Dabang Liu Zhisheng, and report to me at any time."

Cold-blooded for a moment, he immediately understood.

Have been with Li Zhenting for more than ten years, he knows Li Zhenting's wrist very well, the more calm he is, the more it shows that he attaches great importance to this matter, and it also shows the seriousness of the matter, but he hides it very deeply.

Lianyi and Lianhua are two brother industries under Li's Group. They are in charge of the sales of electronic products in the market and have made great contributions to the glory of Li's Group. But now, someone is going to touch this cake!

Li Zhenting will never let these two companies have problems.

Obviously, he is playing a big game of chess!

"Okay, then I'll go first." Cold-blooded agreed, then turned around and left quietly.

Over there, Li Shuhong was talking to a man.

Li Zhenting raised his eyes and looked, isn't that man Marley from Shen Ning Company!

His eyes deepened.

Sitting in the office, Shen Ning became angry thinking about it. The good company development plan was disturbed by the **** Li Zhenting again. The key is that he has now got his hands on the Guqi Building. In the future, she will have to face Li Zhenting. It would be even more difficult to kill her.

Originally, she was trying to avoid him and avoid entanglement with him, but now, as long as she is in the imperial capital, there is no way to retreat!

"Ning Ning, I just communicated with Li Shuhong, the person in charge of their marketing department, and he said that the upstairs office has been used as a rest and office area for President Li, and it is impossible to rent the upstairs." Marley came over to report road.

President Li's rest office area?

Shen Ning's eyes widened in shock.

Is Li Zhenting sick? The president's office belonging to him in the Guangli Group is extremely large. He even went to the Guqi Building to set up an office and rest area. What on earth does he want to do?

"What on earth is Li Zhenting going to do?" She asked angrily.

"I don't know." Marley shook his head thoughtfully, "It seems that we have to find another place for our production line."

"But where should I find it? Too far away is definitely not enough. If you can only find a far away place, then you have to move all of Gu Qi away, but Gu Qi's contract is still six or seven months away. , and the foundation is here, I don't know if it will have any impact if you move away suddenly." Shen Ning had a headache.

"Don't worry, I'll find it slowly, I believe there is no unparalleled path." Marley comforted her.

Shen Ning could only nod his head.

Chapter 490 I heard that they are having trouble recently

A week later, Li Zhijun, who hadn't shown up for a long time, appeared.

"Dear Ning Ning, long time no see." Li Zhijun smiled and raised his hand to pat her on the shoulder as soon as he saw her.

"Go, don't make trouble." Shen Ning raised his hand and knocked off his hand, "Which woman was in her arms during this time? Why did you think of me?"

Li Zhijun sat on her desk with half of his ass, facing her, and smiled: "I am very serious, I never mess around outside."

"Pfft", Shen Ning almost laughed out loud.

If he is decent, then there will be no decent men in this world!

"Okay, what did you come to me for?" Shen Ning didn't want to argue with him, and asked questions directly, while busy with the work in hand.

"Shen Ning, you are becoming more and more like a female president, I admire you." Li Zhijun saw her sitting upright, flipping through the account book with his little fingers, and added, "No, you should be more and more like a boss lady. "

"Fuck you, are you busy?" Shen Ning glared at him.

"Yes." Li Zhijun swallowed, "There will be a masquerade party tomorrow night, and I would like to invite you to attend."

"No." Shen Ning refused without thinking.

Last time on his birthday, she almost ruined her reputation because she owed him a favor to dance with him. This time, she never dared to go to any ball with him again.

Besides, what kind of masquerade party, just hearing the name, is not a serious party, and there are basically no serious people who can hang out with this guy, so she doesn't want to join in the fun.

"Don't refuse so quickly." Li Zhijun had a hurt expression on his face, "This time is to welcome my sister Jiaojiao back to China, she asked me to invite you to participate."

"Your sister asked you to invite me to participate?" Shen Ning was stunned for a moment, thinking of that girl Li Jiaojiao, she was stunned, she basically had no contact with her, why did she want to participate?

"Yes, so, do me a favor, I've already boasted in front of her." Li Zhijun begged, "I can guarantee that this dance will be very serious. Take it and play."

"Ke Ke and Ding Ding?" Shen Ning was shocked, and her heart jumped when she mentioned her son.

It has been so many days since I saw my sons, and I dreamed of them last night.

"Yes."

"Why take the kids to that place?"

"What is that kind of place? That's my house, okay? How did my house become that kind of place?" Li Zhijun screamed, "I said it, it was a very serious dance, and Jiaojiao just wanted to let the two little ones Guys, play and have fun, I heard that they have been having a tantrum recently and are going to run away from home."

Shen Ning was stunned.

Are they having a tantrum? Is it because I haven't seen her?

"Are you sure that Ke Ke and Ding Ding will really go?" She raised her head and asked eagerly.

Li Zhijun patted his chest and assured him: "It's absolutely true, I lied to you like a turtle plus dog shit..."

"Okay, I'll go." Shen Ning interrupted his swearing.

She misses Coco and Ding Ding so much.

This is the longest time in her life that she hasn't seen Coco. She really misses him. This is also the longest time that Coco hasn't seen her as a mummy.

She must meet them tomorrow!

This **** Li Zhenting must have done it on purpose. These days, he picked up Ke Ke and Ding Ding early every day. Several times, when she rushed to the Blue Whale Kindergarten to see the children, he had already taken them away. .

Besides, the phone and watch she left for Ke Ke couldn't get through, and Ding Ding's was also turned off.

He wanted to completely cut off her thoughts.

Thinking of this, her heart is bleeding.

Li Zhijun looked at her, feeling sympathetic and helpless. After all, Li Zhenting came from a living Hades, and he never made sense. Shen Ning couldn't even see the children in this way.

the next day.

Shen Ning got off work early, went to the beauty salon to have a spa, then changed into a tight black dress and headed towards Li's compound.

The deep and secluded Li Family Courtyard is extremely lively, with luxury cars rushing in one after another.

"Wow, Young Master Li, you are getting more and more handsome. I really don't recognize you."

"Liu Shao, your girlfriend is so beautiful, even more beautiful than the star Tang Li."

"Mr. Wu, you look so handsome in this outfit, so handsome that I can't see it."

...

At the gate, Li Jiaojiao was wearing a vest and skirt combination, and was active among the young and wealthy second generations like a butterfly, her silver bell-like laughter could be heard clearly from far away.

Shen Ning shook his head and smiled.

The two brothers and sisters Li Zhijun and Li Jiaojiao are really siblings in character, not only in character, but also in behavior.
