

Troublemakers 521

Chapter 521 He understands her very well!

"Why hasn't Daddy come yet?" Ke Ke couldn't help but pouted when she still didn't see Daddy's car coming after waiting for a while.

"Daddy definitely doesn't agree with us going to Xiaoxiao." Ding Ding analyzed.

"Why doesn't he agree? Xiaoxiao is our sister."

"But Daddy doesn't know. Didn't you see that Daddy doesn't like Xiaoxiao very much?"

Coco nodded after thinking about it.

Daddy really doesn't like Xiaoxiao very much. Xiaoxiao tried to get close to him many times, but he just ignored him. Except for the last time, Daddy took the initiative to take Xiaoxiao and Mummy to dinner, but after that meal, I didn't come to school when I was young.

"How about we tell Daddy that Xiaoxiao is our own sister and his daughter." Ding Ding had a whim.

"No way, then Daddy will definitely **** Xiaoxiao like me. Mommy is so pitiful." Ke Ke immediately shook her head.

"You're right, Daddy is so scumbag." Ding Ding sighed.

"What are you talking about?" Lan Lan was the last to come out, because Ke Ke and Ding Ding rejected her, she could only keep a certain distance from them, but just now she heard that Ke Ke actually said that Daddy is too scumbag and scolded him Well, she's not happy.

"I didn't say anything." Ke Ke gave her a disgusted look and turned her head.

"Hi, little ones." After a while, the three of them didn't wait for Li Zhenting, but Li Jiaojiao arrived. She was wearing a pink cap, fur, and driving a pink Mercedes. She waved to them as soon as the window rolled open.

"Auntie, your car is so beautiful." Her fashionable dress quickly attracted Lan Lan's attention, and she was the first to run over cheering, looking at her with eyes full of admiration and smiling.

"Cut, it's not the car in Daddy's garage." Ding Ding shrugged, dismissively.

There are so many luxury cars in Daddy's garage. He has been interested in cars since he was a child, and he remembers many of them. The cousin is asking Daddy to drive a luxury car under the guise of picking them up for Daddy.

He knows her very well!

"Ke Ke, come here." Li Jiaojiao waved to Ke Ke very enthusiastically.

Coco walked up listlessly: "Auntie, where is my daddy? Why are you here to pick us up?"

Li Jiaojiao picked him up and kissed him ***** the face: "Your father drank alcohol today and can't drive. Why don't I come pick you up?"

In order to show politeness, Ke Ke reluctantly nodded.

"Today, my aunt will take you out to eat delicious food and play in the playground, okay?" Li Jiaojiao asked affectionately.

"No, I want to see Xiaoxiao." Coco shook her head.

Li Jiaojiao took a look and quickly replied: "That's good, my aunt will take you there now, but do you know where Xiaoxiao lives?"

Ke Ke hurriedly replied: "Chunhui Garden."

"Oh, it's so close, I'll take you to find Xiaoxiao right away." Li Jiaojiao readily agreed.

Coco suddenly became energetic, her eyes were dark and bright.

"Thank you, Auntie."

"Coco, do you really thank Auntie?"

"um, yes."

"Then Keke, what about the red envelope that my aunt gave you last time?" Li Jiaojiao suddenly lowered her voice and asked softly.

"What red envelope?" Ke Ke asked back with blinking eyes after thinking for a long time.

"It was the red envelope that my aunt gave you at Grandma's place last time." Li Jiaojiao reminded.

After thinking for a while, Coco shook her head: "I don't remember."

Hey, Li Jiaojiao is a little discouraged.

Sudden

Ke Ke said again: "It seems to be in the schoolbag. It was for Mommy at the time, but I forgot it later."

Li Jiaojiao was overjoyed when she heard the words, she hurriedly put Ke Ke down, took the schoolbag from his back and turned it inside out.

Sure enough

In the innermost layer of the schoolbag lay the red envelope, a thick stack, which was given by her.

"Ke Ke, Auntie has something to discuss with you." She picked up the red envelope with a smile on her face, kissed Keke again, and then whispered, "Auntie is a little tight right now, so I will borrow the red envelope and use it, and wait for Auntie to earn a lot of money." "I'll give you a bigger red envelope, do you think it's okay?"

Coco is so smart, she quickly saw through her mind.

"Auntie, if you can take us to see Mommy and Xiaoxiao, I don't want red envelopes." Anyway, he is not short of money! He doesn't care!

"Okay, okay." Li Jiaojiao agreed with a smile, hurriedly put the big red envelope back into her bag, turned around and carried Ke Ke into the car.

In the past, she thought that anyway, Li Zhenting gave her a gold card, which contained a lot of pocket money, and it would be no big deal to give a red envelope, but now, Li Zhenting didn't want to pull out any money, and she was tight, so she had to think about the money first.

Chapter 522 We are a family

Chunhui Garden.

As soon as Li Jiaojiao parked the car, Ke Ke opened the car door, jumped off and ran towards her home.

"Hey, Ke Ke, don't worry." Li Jiaojiao saw that the little guy was running fast, so she hurriedly took Ding Ding and Lan Lan to chase him.

Although Li Zhenting is not a good husband, he can still be called a good father. No matter how unreliable Li Jiaojiao is, she also understands this. She doesn't dare to be careless about the safety of a few cute little guys.

Otherwise, Li Zhenting will definitely kill her!

"Xiaoxiao, Xiaoxiao." As soon as the elevator door opened, Keke was the first to run to the door of her house and ring the doorbell.

soon

The door opened.

A small white tofu face appeared at the gate, with two **** eyes blinking brightly.

"Ke Ke, brother." Xiao Xiao saw Ke Ke at first sight, jumped up and screamed with excitement, hugged his neck, and kissed his little face.

"Xiaoxiao." Ke Ke also hugged her tightly and patted her on the back, as if to comfort her.

The two parrots were frightened for a moment, calling back and forth in the cage.

Aunt Dong came out quickly when she heard the yelling, and when she saw that Ke Ke and Ding Ding had returned, her whole face was full of smiles.

"Coco, young master Ding Ding."

"Auntie, hello, I'm Ke Ke and Ding Ding's aunt, and I'm taking them to visit Xiao Xiao." Li Jiaojiao hurriedly said politely.

"Okay, okay, come in." Aunt Dong looked at this fashionable young lady and immediately let them in.

"Ke Ke, this pair of little birds is for you." As soon as he entered the house, Ke Ke handed the birdcage to Xiao Xiao.

"Thank you brother." Xiaoxiao happily took it.

"Xiaoxiao, this is your favorite snack." Ding Ding also handed over a big bag of snacks to Xiaoxiao.

"Thank you Ding Ding." Xiao Xiao also hugged Ding Ding and thanked him affectionately.

Lan Lan was the last to go in. She didn't speak much, and looked at the house with disgust in her eyes.

What kind of house is this? Although it is clean and tidy, there is nothing, and it is not fun at all.

She looked sullenly at Ke Ke and Xiao Xiao, who had been intimately entwined since entering the door, with jealousy in her eyes.

"Xiaoxiao, why don't you go to school at Blue Whale?" After a while, Keke pulled Xiaoxiao into her bedroom and closed the door, asking in a low voice.

Xiao Xiao curled her lips when she heard the words: "Brother, Mommy won't let me go."

"why?"

"Mummy said that I would be bullied by Lan Lan if I went there, and it would not be safe. She is planning to find another kindergarten for me."

Coco was stunned.

"Alright, I'll accompany you to another kindergarten. I don't like Blue Whale Kindergarten either. It's not as fun as Blue Sky Kindergarten." Soon, he patted his sister's little hand to comfort him.

Xiao Xiao looked at him in surprise: "Brother, will you really come back, and will you go to kindergarten with me?"

If so, she is really happy.

Growing up so much, she has never left her brother. He will protect and take care of her. If she can be with him, then she will have nothing to be unhappy about.

"Of course, I, you, Mummy, we are a family." Coco nodded as a matter of course, and didn't think there was anything wrong.

"But Mommy said, let me adapt to life without you in the future." Little big eyes are full of confusion.

Coco smiled: "Don't worry, Mommy is worried that Daddy will take away my custody rights. Hmph, I'm a little man now, I can make my own choices, Daddy can't take me away."

Little big eyes blinked, the haze on his face disappeared, and he showed a bright smile.

Chapter 523 Can I be cruel to you?

"Brother, that's great." Xiao Xiao hugged her brother tightly, her voice trembling with excitement.

Coco also hugged her tightly.

The sense of closeness connected by blood makes them believe in each other that they are a family and will never be separated.

Gu Qi President Office.

Shen Ning was working, when suddenly, the door was knocked open with a bang.

She looked up.

I saw a young man walking in staggeringly.

The suit on the man's body was obviously not as ironed as before, and even a little messy, with blue eye circles and a haggard handsome appearance.

"Why are you here?" Shen Ning was startled, his face changed color, "Get out quickly."

Li Zhenting raised his eyes, tilted his head to look at her, and hiccupped: "Shen Ning, it was you, no, I'm sorry, I, I went to the wrong place."

He turned around and walked out, but within a few steps, he staggered and almost fell to the ground.

Shen Ning could smell a strong smell of alcohol in the air, and he didn't know how much this man drank!

Li Zhenting is usually a very delicate and rigorous man in life. He never drinks lightly, and his suits are always spotless.

She frowned at him.

"By the way, Shen Ning, that adulterer of yours...Jing...Little man Jing, you're still alive...you're not...not maimed by me..." Suddenly, Li Zhenting turned around again, with the wipe on his lips. Come on with a funny smile.

Shen Ning stared at him: "President Li, please get out as soon as possible, I don't welcome you here."

"I'm not welcome?" Li Zhenting heard this, and walked towards her step by step, "Now, now, yes, with Jing Xiaoren as a backer, I am bold enough not to take me seriously?"

In the past, for the sake of Ke Ke and Ding Ding, she humbled herself in front of him and tried her best to please him. Now, she is so bold and presumptuous that she doesn't take him seriously, and she can't help but get angry in her heart.

It turned out that the woman who had changed her mind was so terrifying that she didn't even ask her own son.

"Shen Ning." He suddenly rushed to the desk to grab Shen Ning's arm.

Shen Ning was extremely vigilant, and when he turned around, she stared at him vigilantly. Before his hand could be reached, she stood up and took several steps back.

Li Zhenting's hands trembled after drinking, and his heart was even more frantic.

"Shen Ning, come here." He waved to her.

Come here your sister!

"Li Zhenting, please get out immediately, otherwise, I will call the security guard." Shen Ning didn't look good at him, shouted angrily, raised his hand, picked up the phone, and dialed the internal number without hesitation: "Security, Please go to my office immediately, someone has trespassed in the president's office and kicked me out."

"good."

Shen Ning hung up the phone and looked at him indifferently.

"Okay, Shen Ning, you can really do it." Li Zhenting also sobered up a little, and gave her a thumbs up, "Sure enough, she is ruthless and decisive. It seems that women are more ruthless than anyone else."

Shen Ning sneered: "Li Zhenting, do you want face? Can I be ruthless with you, can you be decisive? How did you treat me when my mother was on the verge of life and death? I have been kind enough to you, you scumbag, Get out, otherwise, I will call the police and sue you for illegally breaking into my place."

Her eye circles were red, and her eyes were sharp.

While speaking, footsteps came from outside.

"Boss Shen."

"Come in."

Soon, two tall and mighty security guards walked in.

Li Zhenting tilted his head, twisted his neck, glanced at the two stunned heads, and looked at Shen Ning:

"Oh, not bad, the security guards are tall and strong. But, do you think I will be afraid?"

After speaking, not only did he not leave, but he strode towards her instead.

Chapter 524 I just want to be a rascal to you

"Quickly, stop him." Shen Ning was frightened, and hurriedly backed away, yelling at the two security guards.

"Stop." Two security guards rushed towards Li Zhenting quickly.

Li Zhenting sneered coldly. Although he drank a lot of alcohol and his gait was unsteady, it would be no problem to knock down these two security guards who were not worth much.

There was a 'pop' sound, and before a security guard could figure out what was going on, he was kicked on the knee by Li Zhenting, and immediately fell down.

"It's so useless." Li Zhenting staggered, looked at the security guard who fell on the ground and smiled wickedly.

Another quickly picked up the stick in his hand from the other side and hit Li Zhenting on the head.

Li Zhenting shook, looking as if he was about to fall at any time, and his footsteps were unstable, but he dodged nimbly when the stick hit him, and with a backhand, he grabbed the stick from the security guard's hand and hit him on the head.

"Ah." With a wailing sound, the security guard received a heavy sap on the head, and in an instant, a big bag appeared on the top of his head.

"Get out of here." Li Zhenting looked at the two idiots and said, reeking of alcohol.

The two security guards didn't dare to look at Shen Ning, and ran away with their heads in their arms.

Shen Ning was angry and furious, and even more afraid that Li Zhenting would dare to do nonsense to her.

"Ning Ning." Li Zhenting saw the two security guards running away, smiled complacently, turned around, and walked towards her.

"You, stop." Shen Ning pointed at him and shouted angrily, "How dare you hurt people in my office, lawless, I have already called the police, you just wait for the police to deal with it."

Li Zhenting was stunned for a moment: "I just want to say a few words to you."

"I don't want to say anything to you. Don't forget, this is still my office. It is illegal for you to beat someone here. My security guards can't hurt you, but the police can take you away." Shen Ning said angrily Open your mouth.

Wounded feelings flashed across Li Zhenting's eyes.

"Shen Ning, so what if you call the police? At worst, pay a fine. I have plenty of money, but do you have to break with me? Don't forget, Gu Qi is now under my control." He reminded.

Shen Ning laughed directly when he heard it: "Mr. Li, your true face has finally been exposed. This is the purpose of your acquisition of the Guqi Building, how despicable."

In order to deal with a woman, this big man actually used all these methods. She never thought that he would be so despicable!

Li Zhenting was stunned when he heard the word 'despicable'.

He was still not sober after drinking. In fact, he really didn't want to deal with her when he bought the Gucci Building, but she obviously misunderstood his intention.

"Ningning, I have no malice towards you. I admit that I was not very friendly to you before, but I never thought of hurting you. I apologize for your mother's death, but I didn't know it at the time... "

"Enough, you don't deserve to mention my mother's matter, the past is long gone, get out, I don't want to see you again." Shen Ning's eyes were full of disgust, and he spoke indifferently.

Li Zhenting walked towards her stubbornly.

"Li Zhenting, stop, I have already called the police. Even if you are not afraid of the police, you have to consider your own reputation. After all, you are the president of the dignified Li Group. It is not only disgraceful for you to enter the police station, but also for you The Li Group is ashamed." Shen Ning blocked the chair in front of him and shouted sharply.

Li Zhenting leaned on the desk and breathed alcohol: "Ningning, actually, I don't care about reputation that much. If it was for you, I wouldn't even be afraid of going to jail."

"You, rascal."

Li Zhenting smiled slightly: "I just want to be a rascal to you..."

Talking room

He stepped forward suddenly and grabbed Shen Ning's arm.

Babies, the network was broken yesterday and it was repaired. I will update it for everyone first. I'm sorry.

Chapter 525 I deserve it

"Li Zhenting, you bastard." Shen Ning was furious.

In the past, she was kissed by him more than once, but she was willing to endure it for Keke and Ding Ding. Now, Keke's custody rights have no way to get back, she will not bear it anymore, not only can't bear it, but also Planning to vent her hatred, she suddenly raised her other hand, and five long fingernails grabbed his face fiercely.

"Hey." Only a sound of inhalation was heard, Li Zhenting's cheeks and neck were all blooming, and the pain was burning, "Shen Ning, are you a monkey? You grabbed me again."

Li Zhenting covered his face and screamed in pain.

Shen Ning glanced at his long fingernails, yeah, they finally come in handy.

During this period of time, in order to prevent wolves and theft, she purposely kept her fingernails long, just to prevent this shit. Sure enough, he is really stubborn!

only

What Shen Ning didn't expect was that Li Zhenting's face would become thicker than the city wall!

He just touched his face a few times and then suddenly rushed towards her with his whole body.

Shen Ning was so frightened that he had no time to get out of the way, Li Zhenting's tall body was lying on her body.

The weight of the man made her overwhelmed, and she fell back on the desk.

"Ning Ning." Li Zhenting reached out and hugged her tightly, his tone warm and ambiguous.

Shen Ning was anxious and angry, and wanted to pull his hands and grab his face again, but his arms were tightly wrapped around her, and she couldn't even move.

Fortunately, at this time.

The police car outside rang.

Shen Ning heaved a sigh of relief.

It seems that the police report was correct.

To deal with this kind of scoundrel, it must be like this.

"Li Zhenting, do you hear that? The police are here." Shen Ning shouted struggling.

The man buried his face in her neck, breathing alcohol: "It's okay, let them come and catch me, I deserve it."

"you..."

Shen Ning suddenly felt that all his moves had turned into a fool who was not afraid of boiling water, but she had nothing to do with him.

"Ningning, don't move, I'm so sleepy, let me hug you." Li Zhenting hugged her tightly and begged suddenly.

Shen Ning struggled angrily: "Get out, get out..."

soon

There was a knock on the door, and a cold-blooded voice came:

"President Li, Miss Shen."

Shen Ning heard his voice, and immediately shouted: "Leng Xue, come quickly and get you Boss Li away."

Cold-bloodedly opened the door and walked in. After searching for a long time, he saw that Li Zhenting was hugging Shen Ning tightly at the desk, like a precious doll, and Shen Ning was struggling.

"President Li, the police are here, get up quickly." Cold-blooded hurriedly walked over to help Li Zhenting.

"No, I won't go." But no matter how he helped or dragged, Li Zhenting just hugged Shen Ning and wouldn't let go.

The police came over quickly.

The partnership took a lot of effort to break Li Zhenting apart.

"Crazy." Shen Ning straightened his clothes and said to the police: "Comrade police, I called the police just now. He drank and harassed me here. I ask you to punish him severely according to the law."

Because there are pictures and the truth, the police have nothing to say, so they want to take Li Zhenting away.

But Li Zhenting is the richest man and has contributed a lot to the GDP of the imperial capital. They can't act rashly, they can only take him out of here first.

"Miss Shen, don't worry, we will follow the rules." After they promised, they helped Li Zhenting to go out.

Li Zhenting suddenly lost Shen Ning in his arms, feeling extremely uncomfortable, turned around and wanted to rush towards Shen Ning, but was blocked by cold blood.

"Leng Xue, please take good care of you President Li in the future, and don't harass me again, otherwise, I will definitely take him to court and ruin the reputation of your Li Group." Shen Ning looked at Leng Xue and said seriously.

Chapter 526 In fact, Mr. Li has no malicious intentions towards you

"Okay, don't worry, I will, I will." Leng Xue said again and again, but he was complaining in his heart.

President Li never entangles other women. In the past, most of these situations were caused by women to entangle him, but today he broke his defense!

"Ning Ning, I have something to tell you..." They didn't take a few steps, Li Zhenting suddenly broke free from their hands and staggered towards Shen Ning again.

Shen Ning screamed in fright, and ran back.

Ge Di.

There was a "wow", and there was a sound of vomiting from behind.

She turned her head.

I saw that Li Zhenting vomited profusely, and vomited several places in her office.

The smell of stomach acid and alcohol immediately filled the air.

"I'm sorry, I'm sorry." Leng Xue continued to apologize, and hurriedly helped Li Zhenting out.

Two policemen followed suit.

Shen Ning looked at the messy office, wanting to cry but no tears.

What kind of evil did she commit, what kind of plague **** she ran into, and she was made like this for no reason!

Seeing that it was getting late, she didn't have the heart to work overtime. At this time, the cleaner had already returned home from get off work, so she had to clean up by herself. If she stayed until tomorrow, she would not know how bad it would be.

"Miss Shen, I'm sorry, let me do the cleaning." After a while, the door opened, and Leng Xue came in with a large bucket of water and said guiltily.

Shen Ning raised his eyes and looked behind him.

"Don't worry, President Li has fallen asleep upstairs." Leng Xue understood her thoughts and immediately explained.

It turned out that after the police took Li Zhenting away, of course it was impossible for the police to take Li Zhenting away in cold blood. After explaining the situation, they obediently paid ten times the fine.

"Upstairs?" Shen Ning looked upstairs vigilantly, with cold eyes.

"Miss Shen, it's like this. President Li has already renovated an office and lounge upstairs. Today he was supposed to go upstairs to rest, but he went to the wrong place."

Shen Ning sneered coldly: "That's not a reason. I'll also get drunk and go to other people's offices to harass them some other day. Do you think it's okay? Besides, he clearly knows that he has gone to the wrong place and still refuses to leave, so I have to call the police. This is rogue behavior."

Leng Xue took the mop from Shen Ning and said, "President Li is wrong about this. The police have already punished him. I will tell him tomorrow. You can go over there and have a rest. Leave the hygiene to me. This is what I should do."

Shen Ning looked at the diligent and cold-blooded, but luckily, after following that dead man for many years, he hadn't learned the anger from him.

"By the way, Mr. Shen." When Leng Xue finally left, he suddenly said to Shen Ning: "The upstairs is now empty except for Mr. Li's office and leisure area. I have heard Mr. Li say that the upstairs is for you. For Gu Qi's use, you can go to Li's Group's renting department to negotiate a deal, and you can put forward any conditions."

Shen Ning was taken aback.

"Thank you, I don't need it anymore." She quickly replied indifferently.

Leng Xue was stunned: "Mr. Shen, in fact, Mr. Li has no ill intentions towards you."

"Assistant Leng, what would you think if a woman pinned you to the ground and molested you casually, and then told you that she didn't mean anything to you? What's more, this woman has hurt you severely before and snatched you away. What about your child?"

Cold-blooded and speechless.

Shen Ning took his bag and went home directly from get off work.

To her great surprise, when she got home, she saw Coco and Ding Ding.

The two little ones are playing checkers with Xiaoxiao, having a great time.

She stared at them in a daze.

"Your Majesty Mommy." After a while, Ke Ke was the first to discover her, shouted excitedly, and rushed towards her.

"Your Majesty Mummy."

"Your Majesty Mummy."

Xiaoxiao and Ding Ding also ran towards her.

"Ke Ke, Ding Ding." Shen Ning bent down and opened his arms to embrace the three little ones, and asked excitedly, "Why did you come here?"

It seems that Li Zhenting, that bastard, drank too much and has no energy to take care of the children.

Chapter 527 She hesitated

"We were sent by Aunt Jiaojiao." Ke Ke replied with a smile, "She said that Daddy drank too much, so she asked Aunt Jiaojiao to pick us up from the kindergarten, and then I made a deal with her with a big red envelope. She brought us here."

Indeed!

Shen Ning's heart sank. This dog man was so drunk that he didn't even pick up the children. I really doubt whether he can take care of her children.

At this moment, Aunt Dong came in and told what had happened.

"Ke Ke and Ding Ding don't want to go back to Li's Castle, so they must stay overnight. This is their home, so I agreed." She looked at the two little guys and said with a smile.

"Well, okay, as long as there is an adult's consent, it's okay." Shen Ning kissed the children one by one, and the boredom that was just disturbed by Li Zhenting in the office dissipated a lot. All she can do is to be happy. If she had known that the little ones would come home today, she shouldn't have worked overtime, so that she wouldn't be taken advantage of by that bastard, and she wouldn't waste precious time with the children.

Next, she took a quick shower and played parent-child games with the three little ones. The whole room was filled with their joyous laughter.

In the dead of night, Shen Ning was lying on the bed hugging the three cubs, full of warmth, but full of thoughts.

It feels so good to be with the children. If one day, she leaves the imperial capital, will Keke and Ding Ding miss her? Will you cry?

Her heart broke when she thought of the heart-piercing cries of the children.

When Li Zhenting got drunk and made a scene in her office tonight, she decided at that time: find a place to move out immediately, and stay away from this devil from now on.

But now that she is hugging the children's fleshy bodies, her heart is extremely soft. If she can stay here, as long as Li Zhenting can correct her evil ways and stop harassing her, she still has the opportunity to meet the children from time to time, even if the time is short That's fine too.

As a mother, she hesitated.

the next day.

Shen Ning Daqing took care of the two little ones to wash and eat earlier, and then sent them to the kindergarten.

"Mum, why doesn't Xiaoxiao go to Blue Whale Kindergarten?" Ke Ke asked puzzled.

Shen Ning smiled: "Xiao Xiao will rest at home for a while, and then Mommy will send her there."

"Alright then." Coco nodded naively.

Before going out, he turned his head and saw Xiao Xiao was standing in the living room, looking at him eagerly, his appearance was so pitiful.

"Xiao Xiao, you can take a good rest at home, I'll be back after school." He shook his hand at her.

"Brother, goodbye." Xiao Xiao also raised his little hand, "Then I'll wait for you at home."

After speaking, her eye circles turned red.

"Xiaoxiao, what do you like to eat? I'll buy it for you today." Coco turned around and ran back, whispering in Xiaoxiao's ear.

Xiaoxiao stared at her big eyes and thought for a while: "I want to eat millet seeds fried in sugar."

"Okay, I'll buy you a lot." After Coco agreed, she turned and left.

Xiaoxiao watched Ke Ke and Ding Ding happily go to school, standing with pouty lips, red eyes.

Aunt Dong took her hand and asked softly, "Xiao Xiao, can you go shopping with Grandma Dong later?"

"Okay." Xiao Xiao smiled after hearing the words.

After Shen Ning sent the children to the kindergarten, he bought toast pancakes and milk at a small shop on the street. When he passed by a stall next to him, he saw the crystal dumplings with thin skin and red filling. They were very attractive, so he also bought them. After paying for it, she carried it before walking towards Gu Qi.

Gu Qi President's Office.

When Shen Ning came over, Secretary Li had already arrived. Seeing her coming, she immediately made her a cup of tea and brought it over.

"Boss Shen, when will you send me a wedding post?" Li Mengqing handed over the teacup with both hands, grinning, with an unserious expression on her face.

Chapter 528 This is too strange!

"Go, don't make trouble, I haven't eaten breakfast yet." Shen Ning rolled his eyes at her, ignoring her.

"Mr. Jing is really interesting. In order to marry you, he has already fallen out with his mother. Such a good man is really rare. In reality, most of them are mommy boys who listen to their mothers in

everything. You have to cherish it." Secretary Li sighed while sorting out the documents in his hand to her.

Shen Ning was startled when he heard that.

"How do you know that Boss Jing has fallen out with his mother?" She raised her head and asked curiously.

Secretary Li was taken aback for a moment, she dared to say that Shen Ning didn't know about this, so she made a slip of the tongue.

She quickly smacked her mouth with her hand, and said embarrassingly: "Mr. Shen, I also saw it on the Internet, and I don't know if it's true or not. However, Mr. Jing's kindness to you is definitely first-class."

"Really." Shen Ning smiled slightly, and suddenly asked: "Is this how you know how good a man is to a woman?"

"Of course, Mr. Jing treats you so well that anyone with a discerning eye can tell." Li Mengqing replied disapprovingly.

"Okay, you go out quickly, I'll have breakfast first." Shen Ning took out the milk and prepared to have breakfast.

Li Mengqing smiled playfully at her, turned and left.

Shen Ning took out the milk and took a sip. When he looked up, he saw that Secretary Li hadn't closed the door tightly when he went out.

She stared at the door, inexplicably nervous.

Since Li Zhenting walked in last night, she now feels that nowhere is safe.

After a pause, she stood up and closed the door tightly.

Just as she walked to the door, her mobile phone rang. She saw that it was a leave note sent to her by a staff member. After replying to the message, she turned around.

In case the door was not closed tightly, she pushed the door several times before sitting down to eat breakfast in peace.

only

When she finished her toast and was about to eat crystal dumplings, she found that there were only three crystal dumplings left.

She was stunned!

No, although she didn't count the exact number of dumplings, there is still a lot in one serving, at least five or six.

She stared at the dumplings, replaying the scene when she bought them in her mind, as if one serving was as big as a palm, there must be seven or eight, um, at least six.

She compared it with her own palms. No matter how bad it was, there were five of them, but now there are only three left. Could it be that Secretary Li just ate two of them?

If it were said that Secretary Li would eat her breakfast, this happened quite often.

After all, they have a good relationship, sometimes informal!

But it seems that Secretary Li really hasn't touched her breakfast today!

So what's going on?

Sudden

She almost jumped up.

Could it be that... She looked up at the ceiling!

Last night, that pig slept upstairs!

But how is this possible!

Since she entered the office, no one has been here except Li Mengqing. Even if he is upstairs, if he wants to go downstairs, he has to come in through the door. He can't get out out of thin air.

She shook her head, but she couldn't figure it out, and then thought, maybe Secretary Li ate two, and she didn't bother to worry about it, so she picked up the milk on the desk and took a sip. It feels wrong again.

She obviously only took a sip of this milk, and then went to close the door, and when she came back, it seemed that half of it was missing!

Would Secretary Li drink his own milk? That is absolutely impossible.

Although she and Secretary Li are on good terms, they are definitely not good enough to drink what others have already drunk. This is the minimum common sense of hygiene and safety!

But this is too strange!

She felt a creepy feeling instantly!

Check it out in four weeks.

But the office is only a little big, surrounded by walls, and the ceiling is above the head. The hole that was smashed in the ceiling last time has been repaired, and the cement marks are still there.

While she was on guard, the doorbell rang.

"Come in." She stared at the door with wide eyes, very vigilant.

The door opened.

Wearing a turtleneck sweater and black denim, Jing Chenxi walked in with a radiant look.

"Good morning, Ningning."

"Chen Xi, good morning."

Seeing that it was him, Shen Ning breathed a sigh of relief, but the doubts in his heart could not be eliminated!

Chapter 529 Weird office

"Ning Ning, I want to take you to see my grandfather today." Jing Chenxi took Shen Ning's hand and said affectionately as soon as he sat down.

"This." Shen Ning was taken aback.

Going to see Mr. Jing's family so soon?

She is not mentally prepared at all!

"Chenxi, wait a little longer." She withdrew her hand and spoke in a low voice.

"Are you afraid?" Jing Chenxi's bright eyes brightened, "My grandfather is quite amiable, and he has a good impression of you. Don't worry, with me around, nothing will happen."

He comforted her tenderly.

Shen Ning looked at the bruise on his face, and had an idea: "Chen Xi, you see the scars on your face haven't healed yet, if you take me back to see your grandfather, what will your grandfather say when he asks you? The old man will also be worried, even if you want to go, you have to wait for the injury on your face to heal before you go, don't rush."

Jing Chenxi touched his face with his hand. Indeed, the face that was beaten by Li Zhenting is not yet intact, so it is really unlucky to take Shen Ning back to see his parents.

"Then, half a month later, I can't shirk it next time." He agreed.

Shen Ning nodded.

"By the way, Ning Ning, during this period of time I have already entrusted someone to find a new place, and Gu Qi can move after I find it." Just as she was heaving a sigh of relief, Jing Chenxi suddenly spoke again.

"Oh." Shen Ning was startled, he didn't expect that he had already started looking for it. With his ability, he could find a new place very quickly.

She thought of Coco and Ding Ding.

If she moved Gu Qi away so soon, what would Li Zhenting think? If Hades is not happy, maybe he will never be able to see the children again in this life.

Her heart ached.

Jing Chenxi saw that she was not looking well, so he stayed with her for a while, then the phone rang, and after he answered the phone, he told her to pay attention to rest and then went out.

As soon as Jing Chenxi left, Shen Ning's heart became more and more uneasy, and he always felt that everything was so sudden and ethereal, as if he couldn't control it at all.

Fortunately, one morning has passed. Fortunately, there is nothing to do, and things at work are also going well.

Today, Marley gave her another week's financial statement, and the perfume sold very well.

Up to now, it can be said that Gucci perfume has become famous and successful, and subsequent orders and sales are a breeze.

noon.

Shen Ning has no appetite, leans back on the soft chair, presses his fingers on his temples, and prepares to order porridge after a short rest.

After a while, I suddenly felt a faint fragrance of bellflower coming from behind.

This fragrance is a little familiar, and her heart beats a few times when it is so familiar.

She sat up quickly.

No!

This fragrance belongs to someone, how could it appear in her office?

"Who?" She turned and looked around.

But the surrounding area is empty, there is nothing!

She rubbed her chest with her hand, checked around again, but there was still nothing, then looked at the door, it was tightly closed.

She slumped on the chair, suddenly feeling extremely tired, and the feeling of wanting to escape rose again.

Upstairs, the president's room.

Li Zhenting was sitting down and drinking a glass of boiling water leisurely.

Cold-blooded hurried over.

"Boss Li, they really went too far. They forced into the president's office of Lianyi and Lianhua early this morning, took away the official seal, and took away all the equity." Cold-blooded tone of anger.

A cold light burst out of Li Zhenting's long and narrow eyes, and he fell silent.

"Boss Li, don't you take another shot?"

"No." Li Zhenting still shook his finger, "Don't let my grandfather know about this, you must keep it a secret, his old man is not in good health."

Chapter 530 Did I really disturb her last night?

"Don't worry, I have tried my best to suppress it, but your aunt and second uncle will definitely not let it go. This matter will not be hidden for long. You must act as soon as possible." Cold blood replied, looking worriedly into Li Zhenting's eyes, "Mr. Li, after this incident, if you still don't go to the hospital for eye surgery, then I can only tie you with a rope."

Li Zhenting's face was gloomy, his profile was as sharp as a knife, and his fingers touched his eyes.

That year, on the first day when he was selected by his grandfather Li Jichun as the successor of the Li Group, he was only fifteen years old, still studying, and the world was blank.

In the middle of the second day's night, he was called to the steep **** of the cliff. A force hit him from behind, and he rolled down, almost dying. His eyes were deeply injured, and he almost lost sleep.

That time, it was his aunt Li Xuejie and second uncle Li Jinchong who conspired together. They were unwilling to let the Li family group be inherited by Li Zhenting and came up with a poisonous scheme.

In order not to publicize his family ugliness, Li Jichun, who was still strong back then, used all means to find out what happened, and immediately sent Li Jinchong to prison and drove Li Xuejie abroad.

I didn't expect it.

This pair of filthy and despicable people are still greedy for the property of the Li family, and they killed them back at this time. It seems that they have made a lot of preparations these years, especially Li Xuejie, who has been abroad for many years, that is both black and white.

Li Zhenting's gloomy face is unpredictable!

"By the way, Mr. Li, Miss Shen warned you last night, saying that if you harass her again, she will take you to court and ruin the reputation of the Li Group." At this moment, Leng Xue remembered again. Shen Ning warned him last night and immediately told Li Zhenting truthfully.

"Really." Li Zhenting was slightly stunned, and suddenly a playful smile appeared on the corners of his lips, "Leng Xue, tell the truth, did I really disturb her last night?"

"Cough, cough." Leng Xuexue lowered his voice, "That, that, indeed, there is."

After speaking, he called up the video, put it in front of Li Zhenting, and said, "You should watch it yourself."

Li Zhenting took it over and looked at it, and said slowly: "Cold-blooded, you go to work first, I have been living here recently, in order to improve the relationship with the neighbors, I will wait to apologize to her."

Apologize?

Cold-blooded with black lines all over his head!

Now the last thing Shen Ning wants to see is him, let alone hear him apologizing, he should quietly disappear in front of her, right?

but

He just agreed and left.

If he guessed correctly, the current President Li has already fallen in love with Shen Ning deeply, otherwise, it would be impossible for him to stalk a woman so stalking and shameless if he is as proud and noble as he is.

But unfortunately, Shen Ning no longer has any affection for him.

Everything that has a cause must have an effect!

Everyone has to pay the price for their actions!

President Li used to treat his ex-wife badly, but now he really fell in love with her, that was also his disaster.

It seems that his journey of chasing his wife is estimated to be uphill and downhill. After all, there is still such an excellent Jing Chenxi who is robbing him.

After leaving in cold blood, Li Zhenting changed into a royal blue high-order suit and put it on, standing in front of the floor-to-ceiling glass window, holding a porcelain cup in his right hand, his handsome appearance was picturesque, noble and natural.

He seems to be a natural hanger, no matter what color suit he wears, he can look free and easy, and the royal blue suit makes him wear the dignity of gemstones to the fullest.

He took a sip of water, looked at the wall, raised an elegant arc at the corner of his lips, and turned on the computer screen beside the table.

Shen Ning's figure immediately appeared inside.

He looked at her.

Shen Ning on the camera is wearing a decent dress. The long, straight silver-white dress stretches her waist slenderly, and the not-too-short wrap skirt wraps around her pretty and **** buttocks, just right.

She is busy in the office.

After a while, a senior executive came in to report on work, and she gave orders without ambiguity.

From time to time, she stood up and went to the bookcase to get some materials. The pure white high-heeled shoes stepped on the floor with a clear rhythm, and her soft waist made her figure very beautiful, and she did things neatly.

Admiration flashed in Li Zhenting's eyes, and the corners of his mouth curved into a nice arc.

This woman is still able to work. Gu Qi, who was losing money every year under Shen Mei's hands, not only survived, but also made a lot of money. Now Gu Qi is expected to develop on a better road. Given time, she can reach glory .

He walked towards the front wall.
