

## Troublemakers 551

Chapter 551 She wished she could kill him

When Li Zhenting took Shen Ning's hand downstairs, Sister Yun had already prepared breakfast, and the four little guys were sitting at the dining table waiting for them.

As soon as they approached, the eyes of the four little guys fell on their hands in unison.

Shen Ning blushed, and wanted to shake off his hand in a panic.

But Li Zhenting held her tightly, and deliberately put his arms around her waist as if to show off, and sent her to the dining table.

The three little ones looked at each other.

This time, even they could see that Daddy and Mommy really seemed to be much closer.

However, due to Li Zhenting's performance in the past, they are still not sure.

After dinner, Li Zhenting proposed to take the family out for fun. The children were very interested, and Shen Ning agreed.

Li Zhenting took them to a famous hot spring hotel on the outskirts of the city. This hot spring is a real living water hot spring, which is expensive and not many people can come in and consume it.

Li Zhenting booked the best suite, and the children were very lively and happy together.

Breakfast and dinner are all buffets, all seafood, singing and dancing, Ke Ke, Ding Ding, Xiao Xiao are running and jumping in the self-service area, and even Lan Lan is slowly getting involved, having fun with them.

"Mommy, I want to be with Daddy, Keke and Ding Ding from now on." On the way home, Xiao Xiao put her arms around Shen Ning's neck and whispered.

Shen Ning was startled.

"Mummy, I don't want to go to that kindergarten alone, I want to go to kindergarten with Ke Ke and Ding Ding." Xiao Xiaoyou said eagerly.

Shen Ning was heartbroken upon hearing this.

She stroked her little head, hugged her into her arms, and didn't speak.

It was already nine o'clock in the evening when we returned to Li's Castle.

As soon as Shen Ning went back, he took the children upstairs to take a bath and let them go to bed early. After all, they have been playing like crazy for two days, and they have to go to kindergarten tomorrow morning.

Ke Ke and Ding Ding climbed onto the bed in soft home clothes after taking a shower and pestered Shen Ning to ask her to tell them a story. While Shen Ning was still telling the story, Xiao Xiao crawled in after taking a bath, and closed the door as soon as she climbed in. Eyes closed, as if falling asleep, Shen Ning

watched her eyelashes blink slightly from time to time, but closed her eyes tightly, understanding her thoughts.

The little girl is worried that she will take her out of here.

There was a bitterness in her heart.

Here, Li Zhenting also seemed to be wary of Shen Ning sneaking away. He came over after taking a shower, and stayed by the side until the children fell asleep, so he picked up Shen Ning and walked towards his bedroom.

Shen Ning wanted to scream, but was afraid of waking up the children, so he could only glare at him.

The corners of Li Zhenting's lips curled up slightly, and as soon as he entered the door, he put Shen Ning on the bed, lying on her body.

"Li Zhenting, you are sick, what do you want to do?" Shen Ning asked angrily.

"Yes, I am sick, I am lovesick, and I just want to sleep with you." Li Zhenting salivated, watching Shen Ning's light getting darker and darker.

"Do you want face? Are you worthy of Shen Mei?"

But Li Zhenting lowered his head and kissed her face, kissing her tightly, never giving her a chance to speak.

This night, he demanded too much, and the two of them were tightly entangled.

In the middle of the night, after Li Zhenting fell asleep, Shen Ning opened his eyes wide in the dark.

Doesn't she know what she's doing? Why did she surrender to Li Zhenting's gentle hometown? She was very panicked, not knowing where she would go if this went on!

She got up, took out the prepared fruit knife from her pocket, looked at Li Zhenting who was already in a deep sleep, and clenched her fingers.

This man pushes forward and tries to bully her every day.

She really wanted to kill him.

She raised the knife, but her fingers were trembling, and her mind was full of the ambiguous tenderness when he kissed her passionately, and his teeth were clenched tightly.

The man is handsome as a picture, with straight eyebrows and eyes, and a satisfied smile on his rosy lips, as if he is sweet in his dreams.

She stared at him blankly, and suddenly touched his face lightly with her fingers.

It was this man who made her love and hate her whole life.

Until now, she clearly felt in her heart that she still loved him.

Those who have said in their hearts or mouths countless times that she doesn't love him at all, and don't love him anymore, are all lies.

The fact is that in the past two days, when he wanted her, when he was making out with her, his brain obviously resisted, but his body accepted him honestly. She was not willing to really reject him, but still loved him to the bone marrow inside.

This is the real reason why she didn't resist to the end and let him succeed!

She hated herself for being spineless, and hated this man for causing her to fall into the vicious circle of love again, without the strength to get up again.

Finally, she threw away the fruit knife, covered her face with her hands, and burst into tears.

Chapter 552 You follow me now

the next day.

Shen Ning and Li Zhenting sent the children to Blue Whale Kindergarten, and Xiaoxiao went back to Blue Whale Kindergarten.

Li Zhenting held her hand tightly and led her into the passenger seat.

Shen Ning was silent.

Li Zhenting was in a good mood, and his spirits were shining brightly.

The car stopped at the Gucci Building.

Li Zhenting got out of the car first, walked over and opened the co-pilot's door for Shen Ning, and extended his hand to her.

Shen Ning hesitated for a while, but got out of the car by himself, and did not give him his hand.

With such a man, she can be on the trending list in minutes, she doesn't want to show off.

But when she got out of the car, Li Zhenting held her hand tightly, one hand fell on her waist, and walked forward with her arms around her intimately. The two of them were like a man and a woman in love.

What Shen Ning didn't expect was that they had just arrived at the entrance of the Guqi Building. A handsome young man in a black down jacket was standing there, looking straight at her with a haggard face.

Jing Chenxi!

Shen Ning stood still as if he had been electrocuted, his face turned pale.

These two days, she actually forgot about him, completely forgot!

"Ningning, where have you been? I've been looking for you for two days." When Jing Chenxi saw Li Zhenting holding her hand intimately, his heart sank to the bottom of the valley, as if something had just left him, never belong to him again, inexplicable heartache.

"Chenxi, I..." Shen Ning didn't know how to answer for a while, he had been looking for her for two days, and she believed everything he said, but she completely forgot about him, maybe this is the difference between love and not love.

With her, Jing Chenxi is always just a spare tire. Once Li Zhenting comes along, he seems to be eliminated automatically.

"Ning Ning, I didn't answer your calls, so I could only stay here. I stayed here for two days." Jing Chenxi stepped forward and grabbed Shen Ning's hand, "My mother treated you that day. Your attitude is wrong, that's not what I meant, I'm here to apologize to you on her behalf, don't worry, this kind of thing will never happen again in the future."

He dragged her hand to pull her back from Li Zhenting's grasp.

But Li Zhenting smiled slightly, then hugged Shen Ning's waist tightly, pulled her into his arms more, and kissed her cheek affectionately: "Ning Ning, a friend is looking for you, then I will I won't hinder you, remember to go home at night, I want to drink beef bone soup."

After speaking, his lips fell on her lips, kissing her lightly.

Shen Ning stood blankly like a robot.

Li Zhenting kissed her on the lips again before letting go of her, and nodded to Jing Chenxi with a smile: "Boss Jing, thank you for your hard work."

He walked towards the elevator and went straight up to the second floor.

Jing Chenxi stared blankly at Shen Ning.

Shen Ning was also dumbfounded, but didn't dare to look into his eyes.

The \*\*\*\* Li Zhenting kissed her in front of him and behaved intimately with her, all of which were showing his sovereignty to Jing Chenxi and humiliating him.

She knew it.

But she didn't object!

Because, she knew that she and Jing Chenxi were impossible, and the original mentality of wanting to try was completely gone.

She doesn't love him!

She didn't fall in love with him before, and she won't fall in love now, not to mention, she's already dirty, and she doesn't deserve him anymore.

She would rather he give up and stop having illusions about her.

Therefore, she let Li Zhenting kiss her in front of him without a word of explanation.

"Ning Ning." Jing Chenxi looked at her, his lips were trembling, and his face was as dark as the sea.

Shen Ning looked at him, and after a long time, walked forward, zipped up his clothes, and said softly: "Chenxi, go home, auntie is right, you are the heir of the Jing family, don't you?" You should be so capricious, we can only be friends, we have been in the past, and we will only be in the future, it doesn't make any sense for you to find me."

"No, Ningning, don't believe my mother's words. She has always been prejudiced against your mother. She has resentment in her heart. It's a personal grievance, but it doesn't represent me." Jing Chenxi held her hand tightly and begged, "You come with me now, I will take you to see my grandpa, he will definitely support us."

Chapter 553 This is definitely a good start

"No." Shen Ning shook his head, "Chen Xi, you have also seen that Li Zhenting and I already have two children, I cannot give you my whole body and mind, it is not fair to you, even if your grandfather agrees, I can't promise you either, go back."

After she finished speaking, she turned and walked inside.

"Ning Ning." Standing behind Jing Chenxi was heartbroken.

But Shen Ning didn't look back, and went directly to his office.

Secretary Li looked at her regretfully: "Mr. Shen, you rejected Mr. Jing so resolutely. My heart aches when I see it. Mr. Jing loves you so much."

Shen Ning's eyes were light: "I have nothing to do with him."

Li Mengqing suddenly wanted to cry: "Then what is fate, just like President Li, right?"

In the past two days, the pictures of her and Li Zhenting loving each other have been photographed and released by the paparazzi from time to time, and she seems to understand something.

"I want to be quiet for a while, you go out first, and help me see Mr. Jing off." Shen Ning waved at her and sat powerlessly.

Secretary Li went out and closed the office door, Shen Ning shrank in the office chair and closed his eyes.

Li's Castle.

Sister Yun didn't call Li Wanqing's phone until Li Zhenting left with Shen Ning and the children lovingly.

"Ma'am, it's such a happy event. The young master took the young mistress home. These two days have been very loving, and the children are also very happy. You don't know, the atmosphere is so sweet and warm. I have never seen the young master treat a woman so nice, it seems that they are really going to reconcile." Sister Yun was beaming.

Li Wanqing breathed a sigh of relief when he heard that, this kid finally got the hang of it, I hope he is not a three-minute heat, this will hurt Shen Ning instead.

However, this time, she will pay more attention, and she will never let her son fail Shen Ning again.

"Okay, that's it. Then Xiao Li and sister Hu will come back later. You are the only one at home for the time being. Take good care of them and call me back immediately if you have anything to do." Li Wanqing ordered, smiling.

Sure enough, her method worked, and Li Zhenting took the initiative to take Shen Ning back. This is definitely a good start.

After she put down the phone, she told Li Minhua the good news.

Li Minhua listened, and a happy smile appeared on his face: "Then next week, the children can come to see me as an old woman, but I miss you badly."

In order to cooperate with Li Wanqing, she had no choice but to suppress her longing for her great-grandchildren, and continued to pretend to be sick, and finally let that guy Li Zhenting know that Shen Ning was fine, and took the initiative to attack.

"Well, next week is fine." Li Wanqing smiled, "However, the old man's birthday is coming soon, I think this year I plan to celebrate his old man's birthday, and it will be great if Shen Ning comes back, and she can help host the birthday Yan."

In the past years, Shen Ning managed the Li family in an orderly manner. When she was there, both the old man and the old lady held birthday parties, which were very festive and lively.

But since Shen Ning left, except for Shen Mei who held a birthday party for herself, the Li family hasn't held a happy event for a long time, so this year must be well organized.

Li Minhua became much more refreshed after hearing this, and said happily: "Then take this opportunity to hold a son recognition ceremony and disclose Ke Ke's identity. Our Li family is happy to have a baby, it's really double happiness."

"Well, that's great." The mother-in-law and daughter-in-law hit it off and were very happy.

Gucci Building.

"Mr. Li, Li Jinchong was released from prison last night. Li Xuejie picked him up. The two threatened to sue the old man and the Li Group through the media, saying that the family property was not evenly distributed and asked for redistribution. Evidence, to sue the Li Group." Leng Xue whispered.

Li Zhenting smiled coldly: "It's okay, let them come. I, Li Zhenting, can sit upright and don't worry about anyone coming to provoke trouble."

Chapter 554 She is avoiding him

"Also, Mr. Li, several C companies have appeared in the market in the past two days, and all of these companies are targeting the two shopping malls in the east and west of the city."

Li Zhenting twitched his ears and listened expressionlessly.

At this time, Ge Kuang, the marketing manager, called:

"Mr. Li, the US has completely stopped the supply of chips, and the inventory can last up to three months. Mobile phones will soon be out of stock worldwide. This time the suppression is all-round. The

US has joined forces with their allies. , constantly smearing us, academic cutting, technology blockade, our overseas assets of the Li Group are in great danger."

Li Zhenting's cold and stern eyes were faint, of course he knew the news a long time ago.

"I see." He just said lightly and hung up the phone.

"President Li, the reliable information I have now received is that Li Xuejie has colluded with the intelligence agencies of the United States, and she came up with many measures against the chips of the Li Group. Now she has been reused by foreign forces, and she can have so many The capital registration must be the funds provided by those behind it." Leng Xue was very angry.

If it is not for insiders colluding with foreign forces, a strong and large company will not let people find its weakness.

Li Zhenting hooked the back of the chair with his fingers, and said quietly:

"Cold-blooded, you have to remember that big companies are not afraid of a pack of little wolves around. What they are afraid of is that big companies make wrong decisions internally. Similarly, no matter how bad the external environment is, as long as the internal unity and a virtuous circle, it is can get through it."

"Yeah." Looking at his calm appearance, Leng Xue felt much more at ease.

"Of course, the most abominable thing since ancient times is running dogs and traitors. Our Li family has been loyal for generations, and we will never allow such scum to appear." Li Zhenting held the pencil with one hand, and with a little force, the pencil broke in two .

He walked to his desk, turned on the computer, and sent a document to Leng-Blood.

"Leng Xue, you should arrange it according to this plan. The old man's birthday is next week, and I have to hold a grand birthday banquet for him."

Cold-blooded opened the electronic file and took a look, then understood something, immediately agreed and turned around and left.

In the afternoon, before three o'clock, Shen Ning left work early.

Today, she has to go to Blue Whale Kindergarten early to pick up Xiao Xiao and then go back to Chunhui Garden, so that Li Zhenting can't find out.

She wouldn't go to Li's Castle as a nanny.

who knows

When she came to Blue Whale Kindergarten, the children hadn't finished school yet, so she had to stand at the door and wait.

Not long after, her cell phone rang. She picked it up and saw that it was Li Zhenting calling.

She sneered, put the phone back, and looked up at the kindergarten, hoping that Xiaoxiao could leave school as soon as possible.

But only for a moment, Li Zhenting's Rolls-Royce drove over!

Damn, is it sure that she will run away!

She hurried to the side and hid.

The school bell finally rang.

Shen Ning turned around in a hurry.

She can escape, but Xiao Xiao must be taken away, otherwise, what else is there to do!

Far away, she saw Ke Ke, Ding Ding and Xiao Xiao walking out holding hands, and Lan Lan followed behind them.

Several little guys ran over happily as soon as they saw Rolls Royce.

"Daddy, where's Mommy?" Ke Ke climbed into the car and looked around, but didn't see Shen Ning, so she climbed out again and asked.

Li Zhenting's face darkened: "Your mommy is gone."

"No, Mommy won't be gone. You must have bullied her, you bastard." Ke Ke couldn't be happy when she heard that, and immediately clenched her fists and shouted at him.

Li Zhenting was very helpless, he went to Shen Ning's office early today, but the woman had already left.

Obviously, she was avoiding him.

She knew that she would come to pick up the child at this time.

She actually left first!

Chapter 555 Then you don't want to see Xiaoxiao in the future

"I didn't bully her, she didn't want to be with us." Li Zhenting actually complained to Ke Ke.

"Where did my mommy go?" Xiaoxiao asked in a crying voice.

Mommy is gone, what should she do?

Her eyes are red, and she regrets that she shouldn't go to Blue Whale Kindergarten with Ke Ke and Ding Ding today. Mommy doesn't agree with her coming to school.

"Xiao Xiao, don't worry, I'll call your mommy again." Li Zhenting hurriedly comforted her, took out his mobile phone and called Shen Ning.

Shen Ning has been standing there in the dark. The vehicles to pick up and drop off the children have all gone, but Li Zhenting's Rolls-Royce is still parked at the school gate. It must be that the children are asking about her.

Sure enough

soon

Her phone rang.

It was Li Zhenting calling.

what to do? Do you want to pick it up?

If she doesn't pick up, Keke will be fine tonight, Xiaoxiao will definitely cry, she doesn't want her child to suffer, and if that's the case, Xiaoxiao won't be able to bring her back.

After waiting for a while, she had to answer the phone.

"Shen Ning, where are you?" Li Zhenting asked angrily, "Don't you know that this point is to pick up the children?"

"Excuse me, I have something to do outside, you can take the children back first."

Shen Ning thought about sending him away first, and then said that if his car didn't leave, she wouldn't dare to show up, as long as she showed up, he would find him.

"But now the children don't see you, they are all crying."

"I'll go after I finish my work."

"What time will you be here? The children are going to have dinner."

"Then it's about five o'clock."

"Okay, half past five, if you don't show up in Li's Castle by this time, then you don't want to see Xiaoxiao in the future." Li Zhenting threatened and hung up the phone.

"Hey... you." Shen Ning's heart clenched when he heard this, and his eyes turned red while holding the phone.

Seeing that Keke can no longer threaten her, this \*\*\*\* actually took Xiaoxiao as a hostage, which is not bad!

She has only Xiao Xiao left, if even Xiao Xiao is taken away by him, then what else will she have!

For a moment, she was startled and broke out in cold sweat.

Li Zhenting, why do you do this!

She stood there weakly, watching Li Zhenting's car drive away, and then slowly walked out, wandering the street like a lonely ghost, but couldn't think of any way to deal with Li Zhenting, the devil.

For the sake of Xiaoxiao, she showed up in Li's Castle on time at 5:30.

Li Zhenting was sitting on the sofa, wearing a long dark coat, with a stern face, a dignified, self-respecting look.

Seeing her come in, his face turned cold. Obviously, he was very dissatisfied with her performance today.

Shen Ning didn't even look at him, but just looked at the children beside him.

Xiaoxiaozheng sits restlessly on the sofa watching Keke and Dingding play checkers.

"Mummy." As soon as Shen Ning appeared, Xiao Xiao immediately saw her, full of joy, her eyes sparkled, she jumped off the sofa and ran towards her.

"Little." Shen Ning hurriedly bent down to hug her, and kissed her on the face.

"Mommy."

At this time, Ke Ke and Ding Ding also rushed over, hugging her thigh one by one.

Today's two little guys are wearing black suits and ties, cute and cute.

"Ke Ke, Ding Ding." Shen Ning put down Xiao Xiao, hugged Ke Ke and Ding Ding into his arms, and kissed each of them.

The three little guys surrounded Mommy, very happy.

After getting bored with them for a while, Shen Ning asked affectionately: "What do you like to eat at night, Mommy will make it for you."

"I want to eat Coke chicken wings."

"I want to eat handmade beef balls."

"I want to drink fish soup."

The three guys all reported the name of the dish.

Shen Ning looked at Lan Lan who was sitting on the sofa, and asked, "Lan Lan, what do you like to eat?"

Lan Lan thought for a while and replied, "I want to eat steamed abalone."

Shen Ning didn't know if there was any abalone in the refrigerator, so he could only say, "Okay, Auntie, go look for it in the refrigerator, and if there is one, I'll make it for you."

She stood up and let the children play while she headed for the kitchen.

Chapter 556 I feel sick when I see you

Li Zhenting squinted his eyes and looked at Shen Ning. Since the woman came in, it was as if he didn't exist, and she didn't even look at him.

She asked everyone what they wanted to eat but didn't ask him, obviously ignoring him.  
snort!

He snorted coldly, stood up and walked towards the kitchen.

"Shen Ning, where did you go today?"

Shen Ning was choosing vegetables when Li Zhenting walked over and stood next to her with a gloomy expression.

"I'm going to see a client." Shen Ning didn't raise his head.

"Really?" Li Zhenting pursed his lips coldly, "But I asked the secretary, you don't have any clients to see this afternoon."

Shen Ning sullenly said: "You are so strange, do you have to report to your secretary when you go out to do something?"

Li Zhenting was stunned for a moment, Jun's face was serious, and he suddenly asked: "Shen Ning, let me ask you, are you avoiding me on purpose?"

Shen Ning didn't speak.

Isn't he just avoiding him!

Are you still rushing to be bullied by him?

"Shen Ning, let me tell you, you'd better go back to this house obediently and take good care of the children, otherwise, you won't see Xiaoxiao in the future." Li Zhenting stood close to Shen Ning, bent slightly, bowed his head. He sucked her earlobe in his mouth and whispered a threat in her ear.

Shen Ning's back stiffened, and a rush of heat made her cheeks turn red.

She dodged to the side, picked up the kitchen knife on the table and pointed it at him, her eyes widened: "Li Zhenting, you are shameless, if you touch me again, I will kill you, you actually threatened me with Xiaoxiao? Xiaoxiao It's not someone of yours, why can you do this?"

Li Zhenting looked at the gleaming knife in her hand, his handsome face was covered with haze.

"Shen Ning, put down the knife."

"Don't let go." Tears filled Shen Ning's eyes, "Li Zhenting, don't force me, if you force me urgently, I will die with you."

Li Zhenting suddenly felt inexplicable irritability, why didn't this woman understand his heart!

"Shen Ning, didn't you fight to take care of Keke and Ding Ding before? Now that I'm giving you a chance, why don't you appreciate it?"

"Because I hate you." Shen Ning replied resolutely, "Stay away from me, I don't want to see you again."

Li Zhenting's eyes became sharp.

"you hate me?"

"Yes, I feel disgusted when I see you." Shen Ning flashed the scene of his mother's death and Shen Mei's arrogant face in Shen Ning's mind. Whenever there is a chance, it will come out.

This dog man is blind!

And she is still in love with him, she is really good enough! She hates herself so much!

Li Zhenting felt dizzy as if he had been hit on the head with a sap, and his energy was gone.

"Master, Miss Shen Mei is asking to see you at the gate." At this moment, Sister Yun answered the phone and came to report.

"Is there anything wrong with her?" Li Zhenting asked coldly.

"Miss Shen said she wanted to see her daughter Lan Lan."

Li Zhenting was silent, and looked at Shen Ning.

Shen Ning lowered his head to cut vegetables, without any expression on his face, as if he didn't hear.

"Let her see Lan Lan, but she has to leave in an hour." Li Zhenting gave an order, turned around and walked out, just after walking not far, turned around again, and said to Shen Ning: "Shen Ning, you It's best to go home honestly every day and take good care of the children, otherwise, I will make sure you never see Xiaoxiao again, and I will do what I say."

After speaking, he turned and walked upstairs.

"Bastard, believe it or not, I'll kill you." Shen Ning raised the kitchen knife behind him, his eyes were red.

But Li Zhenting had already strode upstairs.

Chapter 557 Aren't you going to accompany Mommy?

Not long after, the sound of high-heeled shoes sounded in the living room.

Shen Mei staggered in.

"Mummy." Lan Lan ran up excitedly.

Shen Mei rolled her eyes in the living room.

Ke Ke, Ding Ding and Xiao Xiao were playing checkers, but they just looked up at her, ignored her, and continued to play.

Hmph, these dead boys!

After Shen Mei scolded in her heart angrily, she looked around for Li Zhenting's figure, but she was very disappointed when she didn't see it.

She came to Li Zhenting under the guise of watching Lan Lan.

"Mommy." At this time, Lan Lan ran to her and called Mommy twice.

Shen Mei had no choice but to bend down, hugged Lan Lan and kissed her, and asked, "Where's your daddy?"

"He just went upstairs." Lan Lan pointed to the upstairs.

Shen Mei's face darkened.

It seems that Li Zhenting avoided her on purpose.

She put down Lan Lan and walked towards the kitchen.

Shen Ning is cooking and busy.

"Hey, sister, let's cook." She was wearing a mink fur coat, boots, a famous watch, a diamond ring, and she was covered in jewels. When she stood in the kitchen, the whole kitchen was shining with gold.

Shen Ning ignored her and continued cooking.

"Sister, I heard that you have come to work as a nanny in Li's Ancient Castle." Shen Mei deliberately lifted her fingers painted with exquisite nail polish to wipe off her long wavy hair on her forehead, and her ten nails were covered with gold. As soon as the diamond ring was lifted up, it shone brightly and directly caught Shen Ning's eyes.

Shen Ning was cutting meat, his eyes were irritated, he raised his hand, and the shining knife was aimed at Shen Mei.

Since she was stabbed by her last time, Shen Mei was still afraid of her. When she saw the knife in her hand, she turned pale with fright.

"Sister, you are really capable. It seems that you often do these jobs." Shen Mei chuckled, but looked at Shen Ning up and down in the dark, with a hint of disdain in her eyes.

Shen Ning doesn't have a single piece of jewelry on her body, and even her clothes are ordinary. It seems that she is really just a nanny! With Li Zhenting's wealth, if she is favored, how many gold jewels will be bought for her.

I think when she lived in Li's Castle, Li Zhenting bought her a lot of jewelry, and gave her a black card to spend with her unlimited amount, and it is still in her hand until now.

"Are you okay? If you have nothing, please get out." After Shen Ning poured oil into the pot, the oil sizzled in the pot, and she deliberately turned the pot towards Shen Mei.

Shen Mei immediately screamed in fright, hurriedly protected her limited-edition bag and said loudly: "Did you do it on purpose? My bag costs hundreds of thousands. If it is damaged, can you afford it?"

While talking, he glanced at the apron on Shen Ning with disgust, and ran to the living room as if fleeing.

Shen Mei sat down with Lan Lan in the living room, and whispered to Lan Lan: "You go to your daddy and let her come down."

Lan Lan put down the eyebrow pencil after hearing this, and walked upstairs.

Li Zhenting was standing in front of a map and observing carefully, with a serious face, Lan Lan walked in.

"Daddy."

"Is Lan Lan okay?"

"Daddy, my mommy is here."

"Oh, I know." Li Zhenting looked at the map, "Go and spend time with her."

"But Daddy, won't you go down to accompany Mommy? Mommy misses you so much." Lan Lan spoke cautiously after standing for a while.

Li Zhenting looked up at the little girl, and smiled slightly: "Lan Lan, there is something wrong with Daddy. Your mommy won't miss Daddy. In the future, she will find a better man than Daddy."

"No." Lan Lan raised her head, "Daddy is the most noble, handsome and richest man in the entire imperial capital, if you don't want Mommy, then Mommy will never find a better man than you."

Chapter 558 You can go

Li Zhenting was stunned for a moment, let go of the map, went over and stroked Lan Lan's head, and said gently: "Lan Lan, you are still young and don't understand adults. Love has nothing to do with identity. Everyone can only find their own. Only with your own true love can you get real happiness, I am not suitable for your mommy, we cannot be together, understand?"

"Daddy, then you don't want Mommy." Lan Lan pouted her lips with tears in her eyes, "I just want Daddy and Mommy to be together."

She said, tears streaming down her face.

Li Zhenting was a little guilty for a while, and wiped Lan Lan's tears with a tissue: "It's not that I don't want your mommy, but we are not suitable. Don't worry, no matter what happens to me and your mommy, I will try my best to love you."

Lan Lan hugged Li Zhenting's neck when she heard the words: "Daddy, I love you so much, I want to be with you forever."

"Well, okay, you are my daughter Li Zhenting, and Daddy will always be with you." Li Zhenting wiped away her tears and stroked her head, "It's rare for your mommy to come here, and it won't be long, you hurry up Go down and accompany her, I have something else to do."

Lan Lan had no choice but to agree, then turned and left.

after an hour.

Sister Yun came up to tell Li Zhenting to go down to eat, and Li Zhenting walked down slowly.

What he didn't expect was that when he came down, Shen Mei was still sitting on the sofa, whispering to Lan Lan.

He frowned, and walked towards the dining room with his face turned sideways, as if he didn't see it.

"Brother Zhenting." Shen Mei had been waiting for this moment, and hurriedly followed.

"Well, what's the matter?" Li Zhenting sat down at the dining table, with a serious tone, and looked up at his watch, "It's been an hour."

The implication is that she could have left long ago.

"Brother Zhenting, I haven't had dinner yet, let's have something together." Not only did Shen Mei not leave, she sat down next to him at the dining table, "I heard that my sister's cooking is very good, I want to try it too."

Li Zhenting frowned even tighter, and looked at Shen Ning.

Shen Ning was feeding Coco and Ding Ding, Xiaoxiao, as if he didn't hear them talking.

Shen Mei picked up the rice bowl and ate it, put some in her mouth, and said to Li Zhenting while eating: "Brother Zhenting, sister's cooking is really good, I like to eat."

Li Zhenting's face was dark and he didn't speak.

"Brother Zhenting, I'm a little tight right now, can you lend me some money?" After a while, Shen Mei looked at him timidly, with a pitiful look.

It turned out that they came to ask him for money!

"Didn't I give you a black card?" He asked indifferently.

That black card is from a Daikin card, and you can swipe it at will.

Shen Mei glanced at Shen Ning who was sitting opposite, and said softly on purpose: "Brother Zhenting, I lost that black card last week, and now I need your ID card for a replacement."

Hearing this, Li Zhenting took out his wallet from his pocket and took out a golden card, and said, "You can use this card in the future, the password is the same as before, and that card will be invalidated."

"Thank you." Shen Mei's eyes were shining brightly, she took it with both hands, and looked at it fondly.

This gold card will never be less valuable than that black card. This card should be used at will both at home and abroad.

She caressed Jin Ka and glanced triumphantly at Shen Ning, who was dressed in shabby clothes and was still taking care of the children's meals, her eyes were full of showing off.

"Shen Mei, you can go." At this time, Li Zhenting said indifferently, although the voice was not loud, it was completely commanding.

Shen Mei looked at Li Zhenting eagerly.

But Li Zhenting didn't even look at her, his face was full of indifference and determination.

She had no choice but to put down the bowls and chopsticks, picked up Lan Lan and put it on her lap, and said in a friendly voice: "Lan Lan, you must listen to Daddy, Daddy loves you very much, you can't let him down, understand?"

Chapter 559 I want you to be the queen forever

"Mum, don't worry, I know." Lan Lan nodded obediently.

"Then Mommy is going back." Shen Mei really couldn't find an excuse to stay, so she put Lan Lan on the seat, stood up and prepared to leave, and when she left, she deliberately gave Lan Lan a wink.

"Mum, I miss you, when will you come over next time?" Lan Lan immediately curled her lips and asked in a crying voice.

Shen Mei's eyes were red: "Lan Lan, Mommy misses you too."

She wiped her tears and looked at Li Zhenting pitifully.

But Li Zhenting didn't say a word.

Shen Mei had no choice but to reply with great nostalgia: "Lan Lan, you study hard here, listen to your father and Aunt Shen Ning, Mommy will come to see you when she has time."

After she finished speaking, she sniffed a few times, then ran over to hug Lan Lan and kissed and kissed again and again, looking reluctant to leave.

Lan Lan hugged her and burst into tears: "Mum, don't worry, I will buy a house when I grow up, and I will pick you up to live with Daddy."

"Lan Lan, you are so kind." Shen Mei cried and kissed Lan Lan in her arms, the scene was very touching.

But no matter how hard the two of them performed, Li Zhenting just didn't seem to see it.

Ke Ke, Ding Ding and Xiao Xiao all stuck out their tongues with disgust on their faces, and sneered at the performance of this ugly witch and Xiao Zuoqing. This woman deliberately performed it for Daddy, even their children understood it, Daddy is sure I can also understand it.

After a while, Shen Mei bid farewell to Lan Lanyi and left.

As soon as she left, Lan Lan stopped eating after taking a few mouthfuls of food, and sat on the sofa without talking.

Li Zhenting was still reluctant to part with his daughter, so he went to talk to Lan Lan after dinner.

Shen Ning's face was calm from the beginning to the end, but the bottom of his heart was surging like a tsunami.

Before that, no matter how Shen Mei and Lan Lan performed, she could have peace of mind, but after the first two nights, after Li Zhenting asked her again, she could no longer have peace of mind.

She still loves Li Zhenting.

But what about Li Zhenting's lover, his daughter?

They performed in front of her, even if she made a mistake, he just kicked her out, originally, she should go to hell!

She scratched her fingernails so hard that she almost tore off her fingers.

After dinner, Shen Ning took the children upstairs early.

"Mommy, don't be sad, you are just cooking for us, not the nanny here, you are our mommy, don't worry, when I grow up, I will definitely buy a big palace for you to live in, I want you to be the queen forever." Ke Ke has seen all this in his eyes, especially when the ugly witch humiliated his mother as a nanny, he was very angry at that time, and now Shen Ning brought them up, he immediately pulled Mommy's hand, caring and comforting.

Shen Ning's eyes turned red when he heard this, and he immediately hugged Ke Ke into his arms.

"Mommy, this is my lucky money, and I'll give it all to you." At this time, Ding Ding also brought a big baby pig, patted the pig's stomach and said in a milky voice, "There's a lot of money in it, and a lot of gold bars. It was all given to me by my daddy and my grandparents. I will give it all to you now. Go and buy some beautiful clothes and jewelry. Hmph, I will ask for all of daddy's money in the future, and then I will give it all to you, you Taking care of us is really hard."

Shen Ning looked at Ding Ding in surprise, she didn't expect this little talkative child to speak so many fluent words today, she was really relieved, tears filled her eyes and hugged him tightly.

Chapter 560 is full of emotions

"Mum, when I grow up, I will be filial to you. I will buy you jewelry, bags, and whatever the ugly witch has, I will buy them for you." Xiao Xiao also leaned against Shen Ning and said sweetly.

When the ugly witch showed off her blessings in front of Mummy today, she really wanted to drive her away, but she was Lan Lan's Mummy, so she couldn't do that.

But she knew that the ugly witch's money was all given by the scumbag, and it was really difficult for her to cultivate a good impression of the scumbag.

"Mum, don't worry, when we grow up, we will definitely make you ten times, a hundred times more beautiful than that ugly witch. Then we will make money by ourselves, and we will definitely make you the queen for the rest of our lives." In Ning's arms, I made a vow.

Shen Ning hugged the children, full of emotion.

What is she dissatisfied with? God gave her three such excellent and lovely children. She is really worth it, everything is worth it!

"Thank you my babies. Mommy is so grateful to you. Mommy doesn't want anything. As long as you learn your skills well and grow up healthy and happy, Mommy will be happy." Her voice was choked up, and she hugged them and kissed them again. relative.

She secretly vowed in her heart that no matter what kind of difficulties she encounters in the future, she will not abandon the children.

Later, she took the children to bed.

This time, after learning the lessons from the previous two nights, she dared not sleep in the guest room alone.

Just sleep with the children, so that Li Zhenting can't do anything to her!

Being on the safe side, before going to bed, she also locked the doors and windows.

Can be midnight.

In a daze, Shen Ning felt that she was sleeping in the chest of a muscular man again. When she opened her eyes, Li Zhenting's handsome face appeared in front of her again.

She reached out to push him violently, but he grabbed her hand, lowered his head and kissed her lips... Then he asked for it as he did the previous two nights.

For several days in a row, every night, no matter how prepared she was, he could come in. The next day, she would definitely sleep in Li Zhenting's bedroom, lying in his arms, and let him ask for it.

She was in pain and helpless.

But every time, she would be immersed in it, unable to extricate herself. She clearly wanted to resist in her heart, but she was greedy for the love he gave and was willing to sink, which made her miserable.

This day when Shen Ning was at work, he received a call from a shopping mall, who said that there was a problem with Gucci perfume and it was forced to be removed from the shelves.

When she heard this, she became anxious, and immediately rushed over to the car.

This is a large store in the west of the city. When Shen Ning arrived, the store manager Wang was standing at the gate.

His head was raised slightly, when Shen Ning walked over, he stared ahead as if he didn't see her.

"Hello, Manager Wang." Shen Ning greeted him first.

"Yes." Manager Wang withdrew his eyes and snorted.

Shen Ning frowned slightly, this Manager Wang is really interesting, I think he was very happy when Gucci perfume came to this mall, he stood at the gate to greet her personally, and gave her the best window position, But today it looks like a completely different person.

"Manager Wang, is there any problem with Gucci perfume?" Shen Ning still asked politely.

Manager Wang's expression was indifferent, and he said coldly: "Mr. Shen, I thought that the quality of Gucci perfume was reliable and the beer was good, but I didn't expect it to be fake and shoddy. It really ruined the reputation of my shopping mall. Please remove it immediately." Take it off the shelves, we don't dare to sell your perfume in the mall anymore."

Shen Ning turned pale when he heard this, and immediately said: "Manager Wang, you must have evidence for what you say. Whether it is raw materials or workmanship, I personally check every procedure of my Gucci perfume, and there is no quality problem."
