### Chapter 6 Wild Species

In front of a luxurious villa.

"Ah, what beautiful two little grandchildren." As soon as the two little ones got out of the car, Jun Meizhen came out on crutches. When she saw this pair of cute little ones, her eyes welled up with joy. Tears, even shouted out loud.

Shen Ning looked at grandma in a daze.

Isn't her old man lying in bed seriously ill, this...

"Dear grandma, hello, we love you so much." Coco and Xiaoxiao ran over with their buttocks twisted, and bent over to salute Jun Meizhen in unison. Fat hands Qiqi made a gesture of love to her, it was so cute.

"Okay, okay, my little ones, grandma loves you too." Jun Meizhen was so cute that her heart melted in an instant, and she smiled from ear to ear, "Quick, come in."

living room

Shen Ning's two uncles and aunts are sitting on the sofa!

"Who are you?" Looking at the young woman in front of her, dressed casually, with a stunning face, the whole lobby was lit up in just one stop, and they couldn't help asking in doubt.

"Uncle and aunt, I am Shen Ning."

"You are the \*\*\*\* that eldest sister gave birth to, aren't you dead?" The eldest aunt's face changed color, and she stood up abruptly.

The atmosphere suddenly froze.

"What did you say?" Jun Meizhen followed with a serious face, "Ningning didn't die at all. She gave birth to a child and went to the United States to study six years ago."

"Hey, just like her mother, the man cheated and became pregnant with a wild child." The second aunt Wu Lili has been staring at Shen Ning with a pair of cold eyes since she came in. At this time, her words are even more bitter and mean.

"Shut up." Jun Meizhen was so angry that she trembled all over in an instant, and her crutches hit the floor loudly.

Shen Ning's eyes shone coldly.

It's okay to humiliate her, but never to humiliate her mother!

"Second aunt, no matter what, my mother is still married to the Ming Dynasty. Unlike some people, who rely on the mistress to conspire to get the upper hand and still be arrogant and arrogant. The sky is crazy and rainy, so be careful of retribution." Shen Ning fought back mercilessly.

Wu Lili's face turned livid.

She is twenty-five years younger than her husband Shao Wenbo. At that time, Shao Wenbo was fascinated by her youthful beauty and forced his wife to divorce. This matter had a great impact in the business world, and it has always been her greatest shame.

But he didn't want to be humiliated by Shen Ning in public, he was so angry that he gritted his teeth, and stood up abruptly, wanting to be stupefied.

"Hmph, ugly witch." Little Coco's cheeks were already flushed with anger. How dare these relatives bully his mommy in front of him? Behind her, Mi Hu yelled fiercely at Wu Lili's grandma with her hands on her hips: "Don't bully Your Majesty the Empress, otherwise, I'll beat you up."

Wu Lili was so angry that smoke rose from her buttocks.

This little guy actually called her an ugly witch!

It's really a den of thieves, she hasn't had time to settle accounts with them yet! The thieves and grandchildren came to demonstrate against her.

Back then, Shao Meiqi disregarded the obstruction of her family, severed all ties with the Shao family, escaped marriage and married a comedian, and became pregnant before marriage. This incident became a shame to the

entire Shao family! As a result, the shares of the Shaw family plummeted and they almost went bankrupt.

I don't know how they still have the face to come back!

Available at this time

Before she had time to get angry, Xiaoxiao came running over with her arms crossed, leaning against the back of the chair, her cheeks puffed up, she made a big face at Wu Lili, and said loudly:

"Ugly witch, you just want grandma's seaside villa so that you can give it to your little boy surnamed Wen. You are really shameless and ashamed."

As soon as the little voice fell, a pot exploded in the living room.

Shao Wenbo's face changed color, and he stood up abruptly, looking at his wife with fierce and suspicious eyes.
