

Troublemakers 601

Chapter 601 I will not let you go today

"Falling in love with you? Dreaming, how could I fall in love with a watery woman like you? But you are the mother of my children, and I don't want my children to be judged." Li Zhenting's eyes were arrogant and sarcastically speak out.

Shen Ning chuckled: "Don't worry, no matter what I do, I can't compare to the scandal that you and Shen Mei gave birth to an illegitimate daughter. If someone should point fingers at you, it's definitely not me, but you, you It's better to be a little self-aware, I'm really not as good as you."

Li Zhenting's face darkened instantly, staring at her.

Shen Ning stepped back, ready to run at any time, and finally stopped by the door, two meters away from him, staring at him vigilantly from a distance.

"..." After being silent for a while, Li Zhenting said in a deep voice, "Come here."

Shen Ning stood still, so she wouldn't go there, unless she was stupid and was abused in the past.

Li Zhenting slightly lifted his thin lips: "Shen Ning, I'll count to three, if you don't come over, just wait and see."

He starts counting: "One."

Shen Ning stepped back again.

"two."

Shen Ning suddenly turned around and ran out.

"three."

Shen Ning has already run far away.

"Dead woman." Li Zhenting's lips curled into a cruel smile, "If you want to run away, can you escape from my Wuzhi Mountain?"

He waited quietly against the wall.

Sure enough

Within three minutes, Shen Ning ran back.

"Li Zhenting, why did you close the door? Open the door quickly."

Li Zhenting sneered: "Shen Ning, you still want to run? I gave you a chance."

Shen Ning's face turned pale.

"Come here." Li Zhenting spoke again.

Shen Ning didn't dare to provoke him again this time, this is the dressing room next to the stage, all the doors have been locked, and there is no way to get out without Li Zhenting.

She took a few steps forward.

"Come into my arms." He said lightly.

"Li Zhenting, it's broad daylight now, what do you want to do? It's not appropriate for us to stay here alone, and it's your grandfather's birthday, so it's very busy outside." Shen Ning kindly reminded him.

"So what?" Li Zhenting looked at her coldly, with a dark light in his eyes.

Shen Ning was startled. Could it be that this man was in heat in broad daylight? Since they were physically united again, she had the feeling that he would be in heat anytime and anywhere. This was not a good thing for her. Last night he was in heat I tossed so hard, it still hurts now.

"Hurry up." He ordered in a hoarse voice.

Shen Ning walked in front of him slowly.

She wants to call, he and her have long been unclear, and no one will believe her if she calls.

Li Zhenting stretched out his big hand and pulled her into his arms.

"If you can please me, I won't care about anything else, otherwise, I won't let you go."

"What exactly do you want to do?"

"Of course it's you." Li Zhenting said wickedly.

In fact, originally, he brought her here to change her into a luxurious dress. After all, there will be a child recognition ceremony today, and almost all the guests are here. She is Coco's mother. People thought that the Li family had treated her harshly, and she really didn't have a decent piece of jewelry on her whole body, and her clothes were simple T-shirt denim, anyway, she was also his woman, how could his woman be so shabby.

But when he saw her flirting with Jing Chenxi, he became angry. When he brought her here, she still had a bad attitude and wanted to run away. He was already very angry. The consequence of his anger was very serious.

only

When Shen Ning came back and stood in front of him after running around, his face was flushed, and his plump chest heaved violently.

In an instant.

His mouth was dry and his throat was dry, and then a certain idea suddenly came to him.

But Shen Ning didn't know this, and only thought that he was deliberately embarrassing her.

"Li Zhenting, today is Ke Ke's child recognition ceremony, you are shameless, you have to look at the children's face." Shen Ning stared at him.

Li Zhenting: "If I didn't **** you, how could there be such cute children as Ke Ke and Ding Ding? We are all normal adults, so there is nothing shameful about it. Really shameless, where did the children come from?"

Chapter 602 Why is the quality so low?

"You, you have a really thick skin." Shen Ning has nothing to do with him. If this person is shameless, he will definitely be invincible.

But if she wants to please him, she really doesn't know how to please him.

"Hurry up." Li Zhenting looked at the woman's snow-white neck and full red lips, the heat in his body gradually gathered downwards, and his voice became hoarse.

Shen Ning suddenly raised his hand and touched his waist.

With a "poof", Li Zhenting laughed out loud.

It turns out that his waist is the most ticklish place. Shen Ning loves him, so naturally he pays special attention to it.

Shen Ning raised his hand to touch the other side of his waist.

With a "poof", Li Zhenting was tickled and laughed again.

"Enough." When Shen Ning was about to scratch his armpit, he laughed and grabbed her hand, "This doesn't count."

"But you laughed." Shen Ning blinked her big innocent eyes, not ambiguous at all.

Isn't laughing happy?

And he was smiling happily.

"But I don't feel well."

"Anyway, it's fine if you smile, people don't laugh when they are unhappy." Shen Ning disagreed.

Li Zhenting stared at her red lips with heavy eyes: "Kiss me."

"What?" Shen Ning pretended he couldn't hear clearly.

"Kiss me." Li Zhenting gritted his teeth, "If I can't hear clearly again, I will do it. I do it very roughly."

Shen Ning was a little scared now, it was scary when this man went crazy, she was deeply moved.

She had no choice but to stand on her toes, her arms wrapped around his neck, and her red lips touched him lightly.

But when she touched it, because she was afraid and nervous, she just grumbled a little bit, just a little bit of teasing, seemingly nothing, instantly ignited the flames all over Li Zhenting's body, and her body was numb as if she had lost her soul. of.

He hugged her waist violently, and kissed her lips fiercely with his lips...

The numbness made Shen Ning cry out softly.

This kitten-like cry, like paws lightly scratching at the tip of the man's heart, made him feel tense and uncomfortable. The more he kissed, the more unsatisfactory he was. He picked her up and walked towards the sofa next to her.

"You little fairy." The man put her on the sofa and covered her.

...

Shen Ning never dreamed that in broad daylight, they would start a fight between gods and gods, and it would be so fierce and unrestrained.

It wasn't until the phone rang one after another that they recovered from the cloud.

Shen Ning hurriedly got up and straightened his clothes.

The call was from Secretary Li.

"Don't worry, go take a shower first and change into a dress." Li Zhenting snatched her mobile phone, hugged Shen Ning from behind and took her to the bathroom behind.

"What about my change of clothes?" Shen Ning asked anxiously.

Li Zhenting smiled. At this time, the woman's face was flushed, and a few strands of hair fell on her forehead, which was very cute.

He loves her so much, she is completely different from the usual indifferent and angry woman, she is less sharp and more charming, and he stretches out his hand to gently pin the hair on her face behind her ear, kissed her lips.

"Don't worry, I'll get it right away." He smiled and his eyes fell on her chest.

Shen Ning immediately covered his chest with both hands: "Then hurry up, Secretary Li has something to do with me."

Li Zhenting let out a low laugh, turned and left.

Shen Ning breathed a sigh of relief, walked into the bathroom, and turned on the shower switch.

Li Zhenting came to Shen Ning's bedroom steadily, opened the cabinet door and began to search for Shen Ning's underwear.

"Zhenting." Suddenly, a woman's voice sounded outside.

Before Li Zhenting came back to his senses, he saw Shen Mei walking in with high heels. At that time, Li Zhenting was holding a newly found bra in his hand.

"Who let you in?" Li Zhenting shouted angrily.

"I..." Shen Mei was stunned.

Li Zhenting covered his face with frost: "How can you go into other people's bedrooms casually? Even if you want to come in, you have to knock on the door first? How can the quality be so low?"

Chapter 603 Don't challenge my bottom line

Shen Mei was instantly stunned by the scolding!

Today, she has been paying attention to Li Zhenting all the time. When he and Shen Ning stood at the gate to welcome the guests, she was going crazy with jealousy. After finally finishing the performance in front of Zhu Lingmei's cousins, she suddenly saw Li Zhenting towards the parking lot. When she came, she followed immediately, but seeing Shen Ning and Jing Chenxi chatting together, she couldn't help being very happy.

Sure enough, Li Zhenting quickly dragged Shen Ning away angrily.

He took her into the dressing room over there.

He must be punishing her!

Therefore,

She has been standing outside the meeting room waiting, but this waited for nearly two hours. In the end, she did not wait for Li Zhenting to come out, but when she saw him in the lobby, she followed him happily, without thinking But this is Shen Ning's bedroom and he cannot come in at will.

Now, she was dumbfounded by Li Zhenting!

But when her eyes fell on the bra in Li Zhenting's hand, she already understood what they had just done in the dressing room, and her face was pale.

"Get out, and don't go into other people's bedrooms casually." Li Zhenting didn't have time to spend with her. Besides, there were so many people today, and he didn't want to make trouble, as long as she went out.

But there were tears in Shen Mei's eyes, her body trembling, she just stared at his hand.

Li Zhenting was really annoyed, and his whole body gave off a terrifying breath.

"Zhen Ting, are you in love with her now?" Shen Mei asked tremblingly.

Li Zhenting was about to get angry when he suddenly remembered something and his face calmed down.

"Shen Mei, get out, don't challenge my bottom line."

"No, Zhen Ting, what's so good about that woman, didn't you always hate her before? Why is it like this now? You promised to marry me." Shen Mei suddenly rushed up and hugged his waist, with tears all over his face, "I love you, I have always loved you, please don't abandon me, don't."

She was crying like crazy.

After a pause, Li Zhenting broke away her hand, carried her out and closed the door.

Soon, he rummaged through to find his underwear, packed it in a black bag, and walked outside.

Fortunately, when she walked outside, Shen Mei was no longer there.

He took the bag and walked quickly to the dressing room.

Behind him, not long after he left, Shen Mei chased him out.

But she didn't dare to get too close to him, she hid aside and watched from a distance.

Li Zhenting took a black bag, came to the dressing room next to the conference room, opened the door, and went in quietly. Soon, the door was locked.

There was a gloomy and jealous glint in Shen Mei's eyes.

Shen Ning, you bitch, you seduce my man in broad daylight, I won't let you succeed!

She clenched her fingers resentfully, clenching her teeth.

Outside Li's old house.

Secretary Li stood in front of the deep and grand Li's mansion, feeling apprehensive for a while.

The low-key and luxurious gate and the tree-lined path that can't be seen at a glance all indicate the dignity and unusualness of this place.

She used her mobile phone to navigate and drove for an hour and a half to arrive here, the best 5A-level scenic spot in the entire imperial capital.

This place is heavily guarded, it seems that without Shen Ning coming out to pick her up, it is impossible to get in.

She took out her mobile phone to call Shen Ning, but no one answered the call for a long time, and someone answered it later but was pressed off.

When she was at a loss as to what to do, suddenly, a man who looked like a housekeeper came over and asked politely, "Excuse me, are you Secretary Li?"

"Yes, I'm here to find Shen Ning, Mr. Shen."

"Then please come with me."

Butler Luo walked in with Secretary Li.

While walking, Secretary Li lamented the austerity and luxury of the rich and powerful family. After walking for a long time, he saw a building again. The gatepost was ironed with gold rims, and two stone lions were displayed on both sides, majestic and majestic.

"Just go in here." Butler Luo introduced kindly.

Chapter 604 Is she too happy?

"The Li family is really noble and rich." Secretary Li sighed.

Butler Luo smiled: "It has been more than a hundred years since the Li family started to prosper from the ancestors. It is not only rich but also connotative."

"That is, that is." Secretary Li sighed and nodded repeatedly.

While speaking, they came to a small nanmu door.

Before Butler Luo could speak, the door opened.

Li Zhenting walked out from inside.

"Mr. Li, hello, I'm here to see Mr. Shen." Secretary Li immediately greeted him politely with a smile.

Li Zhenting glanced at the documents in her hand: "What are these?"

"It's just some daily work reports that need Mr. Shen's signature." Secretary Li laughed along.

"Show me." Li Zhenting stretched out his hand.

Secretary Li had no choice but to hand him the documents in his hand, and housekeeper Luo left when he saw that he had nothing to do.

Looking through the documents, Li Zhenting suddenly saw an agreement on revoking the spice contract with the Jing Group, and looked carefully, it turned out that it was Gu Qi who wanted to terminate the spice cooperation with the Jing Group.

He lost his mind, and then calmly returned the information bag to Secretary Li and said, "Boss Shen is changing your dress inside, you go and stay with her, don't leave these two days, I will pay you. "

Secretary Li was stunned for a moment, and quickly smiled sweetly: "Thank you, Mr. Li, okay, I will accompany Mr. Shen, but you don't need to pay the salary. I have a salary in Guqi."

She would be happy to let her stay in Li's mansion, even if she didn't need money. After all, this is a place where the upper class gathers. It is impossible for her, a commoner, to come to this kind of place.

Li Zhenting said indifferently: "You stay with you, Mr. Shen, and go to the finance department the day after tomorrow to receive a reward of 20,000 yuan."

After speaking, he passed her and left.

Li Mengqing was stunned, and woke up after a while, very happy.

Days, she can see the world here and get 20,000 yuan in compensation, isn't she too happy?

She happily walked in.

Shen Ning is wearing a dress. The mysterious and noble black dress fully highlights her good figure, but she seems very unaccustomed to it. She is looking left and right, and her hair is a little messy.

"Mr. Shen, you are so beautiful." Secretary Li exclaimed.

Shen Ning, who usually doesn't dress up, instantly looks taller when she puts on this dress, not at all inferior to those rich ladies.

"Secretary Li, you are here." Shen Ning smiled.

"Mr. Shen, I love you so much." Li Mengqing stepped forward and hugged Shen Ning, her eyes narrowed with a smile, "You are not only loved by men, but also by women."

"Go, don't be glib, you are not gay." Shen Ning slapped her hand, "Where is the document, sign it for me."

"But you haven't put on makeup yet."

"Without makeup, I don't even want to wear this dress. If it weren't for my son Keke's son recognition ceremony, I really don't want to wear these." Shen Ning said lightly, thinking that his son Keke will be a member of the Li family from now on. It will belong to her. Although I have already prepared enough in my heart, my heart is still heavy and uncomfortable at this time.

"There's a ceremony going on, so you have to put on makeup. I'll ask a makeup artist to come over, otherwise, it won't look so good on camera. You have to know that other people don't just put on makeup, but they also use a lot of hyaluronic acid." Secretary Li wanted to Call a makeup artist.

"Okay, stop worrying about it, I don't care, what are you in a hurry for?" Shen Ning grabbed the document in her hand and read it, and after a while, picked up a pencil from it and began to sign.

Seeing this, Secretary Li couldn't force her.

She stood by and watched as Shen Ning picked up the revoked contract with Jing's Group spices and signed it without hesitation, and sighed:

"Mr. Shen, are you really not cooperating with the Jing Group? Then what will happen to Gu Qi's spices?"

Chapter 605 Thank you for being kind to my mommy

"Of course, the contract is not a child's play. Do you think this is just for fun? I will find a new partner for spices. Remember, no matter what you do, you have to rely on yourself. There will be no free pie in the sky It fell."

"Mr. Jing must be so sad and disappointed. His spices are not only genuine but also at the cost price. Why would such a good partner refuse." Secretary Li was very puzzled and worried.

She really couldn't understand Shen Ning, but after she came to Li's old house and saw Mr. Li, she probably understood a little bit.

When Shen Ning was about to finish signing, there were footsteps outside.

It didn't take long to see Li Zhenting walking in, holding an exquisite box in his hand.

"Hello, Mr. Li." Secretary Li greeted hurriedly.

Li Zhenting handed the exquisite box in his hand to Secretary Li and said, "Give these to you Mr. Shen to wear."

Secretary Li hurriedly took it after hearing the words, opened it, her eyes widened, and she exclaimed: "Oh my god, what a beautiful jewelry and diamond ring."

Shen Ning just finished signing the last word, looked up at the jewelry box in Secretary Li's hand, and hurriedly said: "Mr. Li, I don't need to wear these things, and I don't like to wear these things. You can put them away."

"No, you have to wear it." Li Zhenting's face turned cold, "You are not alone in the son recognition ceremony in the afternoon, all the guests must participate, you must be solemn as Coco's biological mother, otherwise, people will think that our Li family I have treated you badly."

"Wouldn't it be nice to wear these things? If you have the ability, don't take away Cocoa and give me the custody of the child. That's better than anything else." Shen Ning said coldly.

Li Zhenting's eyes were dark for a moment.

Secretary Li was terrified.

God, Mr. Shen is so brave, he dared to talk back to Li Zhenting.

She hurriedly took out a string of jewelry necklaces and said: "Mr. Shen, for such a big scene, there are so many media, how can we not dress better, no matter how you say it, we must save face for young master Ke Ke."

After speaking, he hurriedly put the pigeon egg necklace on Shen Ning's neck.

Shen Ning looked at the heavy jewelry on his chest with all kinds of flavors.

She remembered that when she married Li Zhenting six years ago, she didn't wear anything at that time

These jewels should have been handed down from the Li family. She worked in the Li family, so she seems to have seen it before.

Seeing that she put it on obediently instead of resisting, Li Zhenting's face softened a lot.

Within a short while, Shen Ning's body was full of jewels.

"Mr. Shen, you are so extravagant." Secretary Li looked at the gleaming Mr. Shen with envy in his eyes.

Shen Ning smiled helplessly, and inadvertently glanced sharply.

He was looking at her with satisfaction in his eyes.

"Mummy, Daddy." At this moment, noisy footsteps sounded outside, followed by children's shouts, Shen Ning was refreshed, and immediately looked outside.

I saw that Ding Ding and Xiao Xiao ran in.

"Where's Cocoa?" Shen Ning immediately bent down and hugged the two cubs, kissed one of them and then looked behind and asked.

"Mum, I have a surprise for you later." Xiaoxiao said with a smile.

"What surprise?" Shen Ning smiled.

"You'll know right away." Xiaoxiao smiled mysteriously, and suddenly stared at Shen Ning with **** eyes, and exclaimed: "Mummy, you are so beautiful, you have so many jewels, who gave them to you?" ah."

As the little guy said, his little finger touched the gemstone on her chest and the earbuds on her ears, and the bright eyeballs were full of amazing light.

The corners of Li Zhenting's lips curled up, and he said slowly:

"Xiaoxiao, uncle gave it to your mommy, how is it? How do I treat your mommy?"

"Really?" Xiao Xiao looked at him.

"Of course, is this still false?"

Xiaoxiao smiled so much that she showed a row of white teeth, and gave a thumbs up to Li Zhenting: "Uncle, you are great, thank you for being kind to my mommy."

Looking at the sensible and cute little girl, Li Zhenting felt a sense of loss for a moment. It would be great if this little girl was also his daughter. With two sons and two daughters, his life would be perfect.

Chapter 606 is just to save Coco

"Boom, boom, boom, here we come." At this moment, Li Jiaojiao jumped in with Ke Ke, and both of them made a scissorhands pose, very lively and cute.

Shen Ning looked up.

Coco was wearing a dark red sweater with a light black vest on the outside, Nike sneakers on his feet, a small black cap on his head, his cheeks were flushed, his big eyes were bright, and he had a big sticker on his forehead. The golden apples are very eye-catching.

"How is it, cousin? Is Keke pretty?" Li Jiaojiao asked happily, "This is the makeup I put on for him myself."

Looking at the cute and handsome Coco, Li Zhenting's eyes were filled with kindness.

Ke Ke ran into Shen Ning's arms, hugged Shen Ning's neck and bit her ear:

"Mommy, Aunt Jiaojiao said, this afternoon is the son recognition ceremony, and I will be a descendant of the Li family from now on, so am I still your son?"

Shen Ning's eyes became hot, and he whispered in his ear: "Of course, you will always be Mommy's good son, good baby."

"Okay then." Ke Ke smiled, and finally felt relieved.

Li Zhenting looked at the intimacy between Ke Ke and Shen Ning, and felt a little jealous in his heart. This kid will never be as close to him as he is to his mother, but Ke Ke is a very good son no matter how you look at it. Shen Ning He taught well, he likes such a son.

"Come on, stretch out your hand." After a while, Li Zhenting took out a square gilt-edged jewelry box from his pocket, walked up to Shen Ning and slowly opened it, and immediately, a radiant white light came out.

"Ah." Everyone said "ah", and all looked over.

I saw a pink diamond that was ten carats or larger lying in a jewelry box emitting a white light.

"It's so beautiful, such an expensive pink diamond." Li Jiaojiao recognized the product, and immediately exclaimed, her eyes were full of envy, "It's unique in the world, it's just too proud."

Secretary Li refreshed her cognition again, staring at the pink diamond, and said in amazement: "It's so big and beautiful."

Shen Ning looked at Li Zhenting in astonishment: "What do you mean?"

"It's for you." Li Zhenting's eyes were light.

"No, I don't want it." Shen Ning took several steps back in fright and shook his head.

Diamond rings are usually wedding rings. They are very expensive, and she can't just wear them casually.

Li Zhenting's face became gloomy again: "If you tell me to wear it, you can wear it. Your hands are bare, so you must wear it."

"But this is too expensive, I shouldn't wear it, and..." Shen Ning hesitated, full of worries.

With a straight face, Li Zhenting sneered: "Don't think too much, this is only temporarily lent to you to wear it, after the afternoon ceremony you can take it off, there is no other meaning, it's just for Coco to save face, and I just asked a friend to bring this diamond ring back, it doesn't mean anything, just don't think about it crookedly."

Shen Ning was relieved to hear that, that's it, why would he bother to buy a diamond ring for her? Her fingers were always smooth. When she married him, the diamond ring was a family heirloom of the Li family, although the value is high, but the style is a bit old, back then, she returned it after she got married.

"That's fine, I'll return it to you after the ceremony is over." Shen Ning looked at Ke Ke's childish and cute face, and didn't want the outside world to see a too shabby mommy, so just put it on if he can pretend. After all, people are real.

While she was still thinking about it, Li Zhenting had already grabbed her finger and put the pink diamond on her white and tender ring finger.

Chapter 607 Tell you a secret

"This is a complete set. It's not bad. It's really pretty. It's extravagant and elegant, and has a great temperament." Li Jiaojiao looked Shen Ning up and down, full of praise, "However, you need to put on makeup, otherwise you will be blinded by these jeweled dresses."

As soon as the voice fell, there was a knock on the door outside.

"Come in." Li Zhenting said.

The door opened, and Steward Luo walked in with several young men and women.

"President Li, the makeup artists are here."

"Well, let's start, give her a good make-up, and she will be rewarded if she puts it on well, and she will be fined if she doesn't do it well." Li Zhenting gave orders, and the phone rang, and he went out to answer the phone.

"Yeah, you guys have to put on makeup for my mommy, mommy is so beautiful today." Ding Ding was cool, and his expression was very similar to Li Zhenting.

Everyone laughed.

In order not to let the children disturb them, Li Jiaojiao is going to take them out.

Sudden

Ding Ding ran to Shen Ning's side, hugged her head, and whispered in her ear: "Mum, let me tell you a secret, this pink ring was ordered by someone from France on purpose, and in order to order this pink ring Quiet, he spent several nights researching it, he didn't just ask a friend to bring it back at random, it was airlifted over from France last night, I saw it all, and I couldn't hide it from me."

Shen Ning was startled, Ding Ding turned around and ran out to play with Ke Ke.

Shen Ning was fascinated by the pink drill on his ring finger.

There is only one explanation for what Li Zhenting is going to do, that is, he attaches great importance to Coco, and he does all this for his son, who can say otherwise!

At three o'clock in the afternoon, Coco's child recognition ceremony officially began.

The neon lights on the stage were wide open, ribbons were flying, and the invited band played music, which was very festive and lively.

The seats below the stage were full of distinguished guests, relatives and friends.

The news media aimed their guns and short shots at the stage.

Shen Ning and Li Zhenting took Ke Ke to stand behind the stage.

"Ke Ke, this one holds gift money and red envelopes." Li Jiaojiao ingeniously gave Ke Ke a red bag on her arm, and whispered in his ear, "Be sure to take good care of your red envelopes. and become a millionaire."

Ke Ke shook her head: "This is not good, Mommy said that she should rely on her own labor to earn wealth, and she can't ask for others' wealth."

Li Jiaojiao raised her forehead with both hands: "You are such a big ass, where do you work to make money? They are all elders, and they should be given to you. You are really filial, and you will use it for them when you grow up and have the ability to make money, but now , you must take what they give you openly, every time they give you a red envelope, you say thank you, the emcee will teach you how to say it, your mouth is sweet, this time, you will be as rich as Ding Ding , even richer, understand?"

"Okay." Ke Ke nodded with a vague understanding.

"Remember, you can't forget your aunt when you get red envelopes and gold bars. Do you know that you have to be filial to your aunt?" This is Li Jiaojiao's real purpose, so her expression is very solemn.

"But I want to give it to Mommy. Mommy took us very hard." Ke Ke was not stupid at all, and immediately shook her head.

Li Jiaojiao let out a goose cry, and smiled: "Of course, Mommy must give it, but don't forget Auntie, just give Auntie some."

"Okay." Ke Ke looked at Li Jiaojiao's facial features cracking with laughter, rolled her eyes, and nodded in agreement.

"Ke Ke, I am really my good nephew." At this moment, Li Zhijun suddenly flashed out from nowhere, with a smile on his face.

Chapter 608 I give all of these to you

"Cousin Zhijun, what do you do?" Ke Ke looked at him, his black eyes sparkling.

Li Zhijun coughed a few times: "Ke Ke, you are the oldest today, my cousin came to see you."

He touched the handsome face on Coco's head, and praised:

"Coco is so handsome today."

"Then my cousin has nothing to do, so I'll go to Mommy's first." Ke Ke turned around and was about to leave.

"That..." Li Zhijun snorted, "Ke Ke, do you know what good things you have today that you can't forget about your cousin? My cousin saved you before and bought you a lot of toys."

Recently, his money is really tight. Since Li Zhenting cut off his money, he really has no money to spend.

"Okay, I won't forget my cousin." Coco understood something and agreed with a smile.

"Okay then, go quickly." Li Zhijun blew him a kiss and waved to him.

"Brother, can you stop stealing things from me." As soon as Ke Ke left, Li Jiaojiao complained to Li Zhijun.

"How can this be called robbery? The money Keke earns today will definitely exceed our pocket money for several years. How can he, a child, spend so much money? If you take some, I will also have some. Isn't that all right?"

"Are there really that many?" Li Jiaojiao's eyes lit up.

"Of course, every relative and elder will start with at least one million yuan, and those who are farther away will be given at least tens of thousands. If there is less, you can't afford it. Just wait, Keke will soon become the little rich man of the Li family." Li Zhijun spoke very confidently.

Today, he spent most of the day at Li's house when he heard some servants whispering that Mr. Li wanted to give Ke Ke three million. Auntie, even the servants of the older generation have to contribute to the money.

In this way, Coco is likely to receive tens of millions.

Li Jiaojiao was almost drooling when she heard that.

only

What they didn't expect was that

Ke Ke came from a villain, and he understood in his heart that Li Zhijun and his sister wanted to give him gifts.

Hmph, he won't give it to them, he wants to give it to Mommy.

These stinky **** even cheat children of their money.

He ran to Shen Ning, pulled Shen Ning aside and whispered in her ear: "Mum, let me tell you, Cousin Zhijun and Aunt Jiaojiao were trying to get the gift money I received, so I won't give it to you." As for them, I give them all to you."

Shen Ning was taken aback for a moment, looked up at Li Zhijun brother and sister over there, couldn't help but shook his head, no wonder Li Jiaojiao was so enthusiastic about Keke, it turned out that there was this purpose.

"Coco, after you receive the gift money, it will be yours. Mommy can't take it. You still need it for your study and life. After you take it, give it to your daddy and let him save it for you." She touched her son's cute little head and whispered.

Ke Ke heard it, and was about to speak, when Li Zhenting said over there: "Come here, we are going to the stage."

Shen Ning walked over while holding Ke Ke's hand.

Soon, Miss Master of Ceremonies came over and took Ke Ke's hand.

Shen Ning and Li Zhenting stepped onto the stage.

On the stage, the elders of Li's parents sat in a long circle, with Li Jichun and Li Minhua in the middle, followed by Li Jinyao, Li Wanqing and their uncles, and Li Xuexi also sat beside them.

As soon as Shen Ning came to the stage, Li Zhenting held her hand tightly.

The spotlight kept flashing, and Shen Ning felt that everyone's eyes and camera pictures were aimed at her, and the audience was so quiet that a needle could be heard falling.

She is very uncomfortable.

Chapter 609 Only asking daddy for money is justifiable

There are still two empty seats beside Li Jichun, which are obviously reserved for them.

Li Zhenting took her hand and walked over.

"That woman is Ke Ke's own mother, she is pretty, no wonder Li Shao is able to do it."

"This woman has really climbed up a branch and turned into a phoenix, and she really has the means."

...

Someone whispered under the stage.

Shen Ning saw all kinds of eyes below the stage, some were envious, jealous, contemptuous and disdainful, and more were dissatisfied and disdainful...

Looking at these gazes, Shen Ning slowly calmed down.

The child was born by her, and she raised it until she was five years old before giving it to the Li family. There is only credit and hard work. She did nothing wrong, so why should she be afraid of other people's eyes?

She sat calmly.

At this time

The emcee, after making an affectionate opening speech, walked towards Li Jichun with Ke Ke.

"Coco, this is your great-grandfather, please call him great-grandfather." Miss Emcee's sweet voice was gentle and pleasant.

"Great grandfather, I wish my great grandfather good health and all the best." Coco immediately called out sweetly and said blessings.

"Okay, okay." Li Jichun laughed happily and applauded repeatedly.

He took out a big red envelope from his pocket and handed it to Ke Ke: "Ke Ke, this is a little love from my grandfather for you. You didn't grow up in Li's family, and this is compensation for you."

"Thank you, grandpa." Coco took it with both hands, and carefully put the red envelope into the bag.

This red envelope is heavy, it must be a lot of money!

Actually, Li Jichun not only gave Coco a five million gold card, but also a big bag of gold bars.

He attaches great importance to this little great-grandson.

"Coco, come on, this is grandma, please call grandma quickly." Miss emcee brought Coco to Li Minhua again.

"Grandma is good, I wish my grandma good health and a longer life than Nanshan." Little Keke spoke sweetly again.

"Okay, okay, my little grandson." Li Minhua held Coco's hand excitedly, "Our Li family has another grandson, I'm so happy."

With trembling hands, she took out a big red envelope from her bag, which was full of cash and golden melon seeds.

"Thank you, grandma." Ke Ke quickly took it and put it in the bag.

The hostess took her over one by one. Coco had a sweet mouth and was well-behaved. After walking around, Coco's bag was already full.

Finally, Miss Master of Ceremonies brought Ke Ke in front of Shen Ning and Li Zhenting.

"Hi, Daddy, Gong Xi Fa Cai, here's the red envelope." Before Miss Emcee could speak, Ke Ke stretched out her chubby hand to Li Zhenting.

Daddy has never raised him, he feels that he would not feel at ease receiving money from anyone, and it is only reasonable to ask Daddy for money.

Everyone below the stage roared with laughter.

Li Zhenting also smiled: "Coco is good."

He reached into the pocket of his suit, and what he took out was a big red book of real estate certificate.

It was a set of real estate certificates for a villa in the best location in the city center, with Coco's scientific name written on it, which he specially asked celebrities to take during this period of time.

Coco frowned holding the red book.

Yeah, what the **** is this? It's not fun to eat or touch.

But since it was given by Daddy, then accept it.

He also put it in the bag.

Immediately afterwards, Li Zhenting announced the establishment of the Cocoa Foundation, which is dedicated to helping children from difficult families. All assets and projects of the foundation are under the name of Cocoa.

This announcement caused a sensation below the stage, and when everyone saw the real estate certificate of the red book, they were even more jealous. It seems that Li Zhenting really loves this child, and he is only so young, so he is really willing to give it.

Finally, when the master of ceremonies brought Ke Ke in front of Shen Ning, Ke Ke looked at Mommy with a smirk.

Chapter 610 You stole everything from me

"Ke Ke." Shen Ning held the child's hand, bent down and kissed his forehead, took out a red envelope from the bag and handed it to Ke Ke.

She doesn't have much, only 100,000 yuan, which is already all her belongings. Gucci perfume is on the right track, and the company has just started to develop. Even if the sales were good last month, it is necessary to use it for the company's development turnover Not much cash left over.

"Mummy, I don't want it, I'll give it to you." Keke not only didn't take the red envelope from Shen Ning's hand, but lifted the bag vigorously, and stuffed all the red envelopes, money, and real estate certificate into Shen Ning's hand, "You mustn't."

The last words are imperative: "You have worked hard with us, today I am the master, I will give all of these to you, and I will give you what I earn in the future. I will also give you a pension, build a palace for you to live in, and let you be the queen." ."

The voice behind the little guy is getting louder and louder, and the whole venue is filled with his childish voice. Although the voice is childish, it is full of deep feelings for Mommy, so sensible that it makes people feel distressed.

After the audience was silent, they suddenly applauded.

"Ke Ke, this child is really sensible. Mommy is a good educator. It would be great if my grandson is so sensible." Finally, someone still praised.

"Ke Ke." Shen Ning hugged the child into his arms, tears streaming down his face.

"Don't cry, Mommy. I will bully whoever bullies you in the future. Even if I can't beat him, I will avenge you when I grow up." Coco patted her chest and promised, helping her wipe away her tears.

"Ke Ke, Mommy believes in you." Shen Ning hugged him tightly and nodded repeatedly.

"Then you have to take the red envelope." Ke Ke turned around and walked into Li Jichun's arms.

Shen Ning held a big bag of red envelopes and looked at Li Zhenting who was on the side.

"You can keep it for him." Li Zhenting said lightly, "You are her guardian and should be kept by you."

Guardian? Shen Ning found this word ironic.

Ke Ke is now a member of the Li family, and the custody rights have nothing to do with her. What kind of guardian is she, but if Li Zhenting can say that, let him do it.

The group photo started on the stage! All kinds of flashing lights flickered.

Shen Mei sat under the stage, her face turned blue.

"Tsk ts, it is estimated that Ke Ke received hundreds of millions of gifts this time. He really is the richest man in the imperial capital. He was born in a mansion with a thousand gold, and his starting point is much higher than others." Someone beside him sighed.

"Yes, Mr. Li is very happy now, suddenly there is such a smart and lovely grandson, so I can't wait to give him all the gold and silver."

"Shen Ning is really blessed. Look at the jewels all over her body. Even if she can't marry into the Li family as a young mistress, the Li family will not treat her badly. She will have no worries about food and clothing in this life."

...

Shen Mei's fingers stabbed hard into her palm, her whole body was trembling, her eyes were bloodshot.

Shen Ning, you bitch, you stole everything from me!

"You, it's really useless. You've stayed by Li Zhenting's side for six years but you can't even lay an egg. If you give birth to a son, let's see if there is still Shen Ning's position now. You are too disappointing." Lan Feiyun complained in a low voice beside her, lamenting her misfortune and angering her.

Shen Mei became more aggrieved and angry when she heard this.

Is it because she can't give birth? Of course not, Li Zhenting didn't touch her at all, who would she have **** with?

"It's all right now, Keke has taken the limelight, and that **** Shen Ning has also risen with the tide. Have you seen the ring on her finger? The pink diamond is unique in the world, at least tens of millions, and Li Zhenting is holding her hand." Sitting next to Mr. Li, what does that mean? It means that the Li family has recognized her identity, and they will remarry soon, and you, nothing will happen." Lan Feiyun continued to hate Open your mouth.
