

Troublemakers 61

Chapter 61 Who entered my office last night?

Coco opened his mouth wide and screamed loudly.

With Li Wanqing here, the more he screamed, the better.

Sure enough, after a while, Li Wanqing ran over, stopped him face to face, and gave Li Zhenting a severe reprimand.

Li Zhenting has nothing to do with him!

Cocoa can be regarded as out of breath.

the next day.

Li Zhenting woke up early in the morning, in a bad mood, didn't eat breakfast, and drove directly to the company.

did not expect.

As soon as he opened the office door, he saw Shen Ning with two dark circles under his eyes and a haggard face.

He was taken aback.

"President Li, this is the data you asked me to sort out, and it has already been sorted out." As soon as Shen Ning saw him, he directly handed a stack of data in front of him.

He took it over and looked at it. The numbers on it were neat and tidy, and it could be seen that a lot of effort had been put into it.

"You didn't come home last night?" He looked at her in surprise and asked.

"I dare not fail to complete what you told me." Shen Ning was furious from the bottom of his heart, but his tone was still polite.

There was so much data last night, she put together three computers to sort it out slowly.

But at the end of the arrangement, she was terrified.

You never know the full extent of things until you see them.

Gu Qi lost tens of millions in the first half of the year!

This night, she was full of thoughts.

It can be said

If it wasn't for the support of Li Zhenting's funds, Gu Qi would have been dead for a long time.

At present, new varieties are on the market and opening up the market is what Gucci urgently needs to do.

It is precisely because of these data that Shen Ning has a clear understanding of himself and the current situation.

If she wants to keep Gu Qi, she must not offend Li Zhenting for at least a year and a half!

Li Zhenting picked up the data report and stuffed it into the briefcase without even looking at it, and walked outside.

It wasn't until he opened the office door and saw Shen Ning with two panda eyes that he realized that he had come to the wrong place.

Originally, she was going directly to Li's Group, but unexpectedly came to Gu Qi!

The Li Group had an important regular meeting this morning, and he hurried downstairs.

Looking at the man who left without saying a word, Shen Ning shrugged and didn't care, she was already used to such moody Li Zhenting!

Li Group.

Li Zhenting came out of the president's ladder, stood in front of the smart gate and swiped his face, and the gate opened automatically.

He strode in.

But as soon as he entered, his face changed color.

I saw a mess in the office.

The books, folders, and pens in the bookcase are scattered all over the place, and the computer is also crumbling.

"Come here." He immediately shouted angrily.

Secretary Manager Song walked in quickly.

"Manager Song, who entered my office last night?" Li Zhenting's bloodshot eyes were stern.

Manager Song was startled: "President Li, no one has ever come in. Your office is fully automated. Except for you who come in by swiping your face, no one else can get in at all."

"Nonsense, did I make these myself?" Li Zhenting pointed to the paper and pens all over the floor, and said angrily.

Manager Song is speechless now, if the president's office wasn't made by the president himself, who would it be?

For a moment, she was in a state of panic.

Li Zhenting's eyes were full of destruction, he picked up the extension phone on the table, and dialed a number.

Soon, Leng Xue hurried in.

"President Li." Leng Xue was stunned to see the mess everywhere in the office. President Li, who always loves to be tidy, would actually ruin the office like this.

"Cold-blooded, call the surveillance immediately to see who entered my office last night and who made it." Li Zhenting ordered with a dark face.

"Yes." Leng Xue agreed, and walked downstairs to the security monitoring room, but he was full of doubts.

No one can enter Li Zhenting's office except himself, and he can only enter by swiping his face.

Is there another face that is exactly the same in this world!

Li Zhenting put down his briefcase, took off his suit, and tore off his tie knot. Feeling depressed, he went to the bathroom to wash his face, and when he came out again, Leng Xue had already walked over.

"What's going on? Did you find out?" Li Zhenting's eyes were cold.

Looked at him coldly, hesitated to speak.

"explain."

"Mr. Li, the monitoring of the corridors and entrances and exits of the building has been destroyed."

"This is unreasonable." Li Zhenting was furious, "Immediately call the police and search for me carefully. The bad guys must be brought to justice."

Keep standing still in cold blood.

Li Zhenting's eyes were full of anger.

"President Li, please be calm and calm." Cold-blooded persuasion, carefully reminded, "The door to the president's office can only be entered by swiping your face. Others may not have the ability to enter."

Li Zhenting was taken aback for a moment, and suddenly understood something, he took a few steps back and sat down on the office chair.

"Ding Ding, you bastard." He gritted his teeth.

Chapter 62 The condition is already very serious

Leng Xue lowered his head and scratched his head.

Hey, these two father and son are born to restrain each other.

No matter how much Mr. Li cares about Tintin, he always has a way to make him jump in anger.

"You go first." Li Zhenting waved to Leng Xue with a gloomy face.

Cold-blooded and cautiously backed out.

Half an hour later.

Li Zhenting and Dr. Robert sat opposite each other on the sofa.

Li Zhenting told Dr. Robert about Ding Ding's words and deeds in recent days.

Robert's eyebrows were furrowed tightly.

"It is reasonable to say that although Ding Ding has some symptoms of autism, but there is no such obvious change, it really shouldn't be."

"So, I suspect that he has suffered from schizophrenia, and his condition is already very serious." Li Zhenting was worried.

Last night, he suffered from insomnia! He kept replaying Ding Ding's performance in the recent period, making detailed comparisons.

came to a terrible conclusion: Ding Ding may have suffered from schizophrenia.

A child who is only five years old, how can his words and deeds be compared before and after, as if he were a different person!

Children never pretend to have anything to do, it is all written on their faces, and there is only one possibility: his illness is already very serious.

When he saw the scene in the office this morning, he became even more convinced, and immediately called Dr. Robert over.

"Well, Mr. Li, I'll go to Li's Castle to observe for a few days before prescribing the right medicine. If he is really like this, he must be cured as soon as possible, otherwise it will be very troublesome if it continues." Robert murmured.

Li Zhenting nodded slightly, acquiescing.

Hours after get off work.

Shen Ning went home top-heavy.

I didn't sleep all night last night, I was dizzy, I worked another day during the day, I was exhausted physically and mentally, and I felt like I was going to catch a cold.

Ke returned home, only to find that only Coco was at home.

"Coco, where's Xiaoxiao?" Shen Ning asked softly.

Ding Ding is playing a game, and several people are fighting, which is horrible. He rides high all the way, kills countless enemies, and is highly sought after.

"Xiaoxiao went to play at a classmate's house, and will come home tonight." Ding Ding didn't even look up.

Shen Ning frowned, when did Keke become so game-loving and rude?

Generally speaking, he is very sensible. As long as he is at home, he will help her with housework, take care of his younger sister, and will not let Xiaoxiao go out alone. The two siblings have been inseparable since childhood.

And when he saw her coming back, he didn't greet her with cheers as usual.

It can be changed!

This is not her feeling!

Although I was busy with work during this time, I didn't have the energy to pay attention to the children's situation, but as a mother, the changes in the children can be perceived almost without paying attention.

"Coco, why are you obsessed with playing games now?" Shen Ning stepped forward with a serious face, "What did Mommy usually tell you?"

Ding Ding is usually unattended at home. Li Zhenting's control over him is limited to a large area, let alone Shen Mei. It is lucky not to teach him badly. As for Li Wanqing, he loves his grandson and relies on him for everything.

Therefore, Ding Ding has many bad habits.

"..." Ding Ding was a little dazed, and stared blankly at Shen Ning.

He really doesn't know what Mommy usually said to Coco!

"Coco, the blue light from the mobile phone screen radiates to the eyes, so you can only play it properly, not indulge in it, understand?" Shen Ning continued to speak seriously.

Ding Ding understood what she meant, and pouted, not very happy.

He doesn't like people to control him.

Usually in Li's Ancient Castle, he spends his days alone in his room locked up on his mobile phone. Moreover, he is used to playing games, and he doesn't want to change.

The child's thoughts fell into Shen Ning's eyes, and she was shocked!

I didn't expect that Coco would become like this in just a few days.

Chapter 63 Mommy has always been optimistic about you

"Ke Ke, Mommy doesn't let you play with your mobile phone, but you must have a limit when using your mobile phone. You can't play it day and night. Come." Shen Ning bent down and took Ding Ding's hand and walked towards the bedroom, picked up the makeup the mirror on the stage,

"Look carefully, your eye circles are all red. If things go on like this, your eyesight will be severely damaged. You are only so young, what will you do in the future?"

Ding Ding seemed a little scared at this moment, raised his head and asked:

"Mommy, will my eyes go blind?"

"Well, even if you are not blind, your vision will be severely damaged and you will not be able to see clearly."

Shen Ning deliberately exaggerated the consequences,

"Think about it, when a person can't see anything, how painful it is. There are still many beautiful things in this world that we need to discover and appreciate."

Ding Ding stopped talking at this moment and lowered his head.

"Ke Ke, Mommy takes care of you and educates you, it's all for your own good. You are Mommy's greatest pride, and also Mommy's best-behaved child. Mommy hopes that you will become better and better."

Shen Ning stroked his head and said in a soft voice,

"You are a very good and smart child with a bright future, but the prerequisite is that you must correct your shortcomings and study hard, understand?"

Ding Ding raised his face: "Mum, am I good?"

"certainly."

Shen Ning nodded affirmatively,

"Mommy has always been proud of you. You are Mommy's sweetheart. Do you know how much Mommy loves you? Mommy is worried every day that you won't be able to eat or sleep well, and even more afraid that you will be bullied by others, and that you Without progress, with bad habits, everything Mommy does has only one purpose, and that is for you and Xiaoxiao to live a better life."

Ding Ding's eye circles were red: "Mummy, I'm sorry, I was wrong, I will always listen to you from now on."

"Okay." Shen Ning smiled gratifiedly. The child's sensitivity and lack of self-confidence made her feel sour. She knelt down in front of him and kissed his forehead: "You are the best child for Mommy. I look up to you and believe in you."

"Mommy." Ding Ding put his arms around Mommy's neck and pressed his little face into her warm embrace.

He decided to be a good boy that Mommy likes from now on!

Shen Ning hugged him tightly and stroked his head. The strong maternal love made Ding Ding's face full of happy smiles.

Next, Ding Ding really let go of the phone, and followed Shen Ning around.

When Mommy cleans up the toys in the living room, he will also help. Although he is clumsy, Mommy will always praise him and praise him for being great, which makes him find confidence and become talkative and laughing.

"Mommy, brother." After a while, the door of the living room opened, and Xiao Xiao ran in bouncing in with a small blue schoolbag on his back.

"Xiao Xiao, where have you been?" Shen Ning checked the time, although it's not too late to go home, but he still needs to understand the child's movements.

"Mum, I went to play at a classmate's house." Xiaoxiao replied happily.

"Oh, did the adults of the classmate's family agree? You can't make trouble for the classmate when you go to play at the classmate's house." Shen Ning will not object to the children's normal interaction, but he must also consider the feelings of the other's parents.

"Mum, don't worry, I agreed, his grandma is so kind, she cooks the best food for me every time." Xiao Xiao was full of praise for Li Wanqing.

Shen Ning smiled slightly: "Did you thank grandma? Also, try not to go to other people's houses for dinner in the future, it will disturb others."

"Of course thank you, okay, Mommy, I will try not to trouble other people's house in the future." After putting down her schoolbag, Xiaoxiao suddenly stared at Shen Ning's face and asked nervously: "Mummy, are you feeling well? You look very ugly."

"It's okay, it's just that I didn't sleep well last night." Shen Ning immediately looked away.

"Mum, hurry up and drink a cup of hot water." Xiao Xiaoduan brought a cup of boiled water.

"Thank you." Shen Ning took the boiled water. In order to avoid the children worrying about her bad complexion, she pretended that the boiled water was very hot, and walked to the balcony while blowing on it.

The night is cool and the lights are shining.

She was startled suddenly.

In the night downstairs, I saw a tall and straight figure of a man walking quickly towards the outside of the community. The man was dressed in a silver-gray well-tailored suit, looking chic and suave. Looking from a distance, the mighty and domineering figure from the back revealed an inherent aloofness and nobility. .

Isn't this Li Zhenting!

Chapter 64 Hug me

Shen Ning's eyelids twitched violently. How did he come to Zhengsheng Apartment, a civilian apartment?

Based on his status, it is impossible for him to appear here.

Must have read it wrong.

When she rubbed her eyes and looked again, the man had disappeared.

Shen Ning was stunned, and suddenly became annoyed. At what time, she still had fantasies about this scum, so that she had hallucinations!

Shen Ning, can you be more confident, this ruthless man hurt you too deeply, why do you still think of him?

You should put him into the 18th **** and never be reborn!

She turned coldly and took the children to sleep.

the next day.

Shen Ning delayed for a few minutes to prepare breakfast for Ke Ke and Xiao Xiao, and when he went out, he was a few minutes later than usual.

In order to worry that Li Zhenting would suddenly check the post again, she started running wildly as soon as she went out.

Finally caught up with the bus out of breath.

Standing on the bus, I suddenly felt a cramping pain in my stomach, and felt a stream of heat flow down.

Not good, here comes the auntie!

She has had the habit of dysmenorrhea since she was a child. Since she was pushed into the sea by that vicious woman six years ago, the dysmenorrhea may have become more and more severe due to the cold.

After finally getting out of the car, she squatted on the side of the road clutching her stomach, sweating on her forehead.

It seems that I can't go to work in the company now.

what to do?

After thinking about it, she sent a message asking for leave to Li Zhenting: Mr. Li, I kind of asked for two hours of leave in advance, please approve.

After the news was sent out, there was no response for a long time, and her stomach hurt more and more.

No matter what, he can do whatever he likes!

She raised her hand to hail a taxi and headed towards the nearby hospital.

Hospital VIP consultation room.

"Zhen Ting, it's so hard to come to my aunt, my stomach is still hurting." Shen Mei was lying on the hospital bed, her face was pale, and she was stroking her stomach with her fingers painted with Dan Kou, looking soft and weak .

Li Zhenting shook her hand.

Her hands are a little cold.

He plugged in a hot baby and put it in her arms. He said gently, "It will be better if you hold it."

"Thank you." Shen Mei took the hot water bottle with her pale fingers and put it on her stomach. Gu Pan looked at him brightly and asked softly, "Zhen Ting, can you touch my stomach? The palm of the palm is very warm and comfortable to the touch, and it won't hurt."

Li Zhenting frowned slightly when he heard the words, hesitated for a while, and put his palm on her stomach.

Shen Mei took the opportunity to hug his tight waist with both hands.

"Zhen Ting, hug me, so I'll feel better." Shen Mei pressed against the man tightly and spoke softly.

Li Zhenting shook his body, and instinctively wanted to push her away, but he immediately thought of something, and his strong big hands still hugged her.

Shen Mei immediately buried her face in his warm chest, her chest pressed against him, listening to his strong heartbeat, she closed her eyes slightly.

In fact, her aunt didn't have any stomach pain at all, but many years ago, Li Zhenting accidentally brought her some Ai stickers for her dysmenorrhea, and she knew the girl hidden deep in Li Zhenting's heart It will be dysmenorrhea.

Since then, she has embarked on a decade-long journey of 'dysmenorrhea'.

And she found that whenever she had dysmenorrhea, he would be very considerate and caring, and his love was beyond words.

She enjoys this very much, therefore, also enjoys dysmenorrhea.

Today, she used this to make Li Zhenting not go to work in the company, but accompanied her to the hospital!

She hugged the man tightly, the corners of her lips curled up slightly, her face full of enjoyment.

Actually, Li Zhenting was able to favor her because of that night many years ago.

That day, Li Zhenting came to her house suddenly to investigate the whereabouts of a girl. She happened to overhear his voice, and thus knew that there was a girl hidden deep in Li Zhenting's heart.

The Li family is the richest man in the imperial capital. Lan Zhengfei was overjoyed and thought of a plan. Under her control, Shen Mei naturally replaced that girl and became Li Zhenting's lover. Li Zhenting has spoiled her for so many years.

Although Li Zhenting was forced to marry Shen Ning later, he never touched Shen Ning because of her.

It's just that, after Shen Ning's death, Li Zhenting gradually alienated her, and he didn't want to marry her home at all. If it wasn't for Ding Ding and Lan Lan, she would never have been able to wait for the happy reunion of their marriage.

...

The infusion room next door.

Shen Ning was lying on the chair, with cold sweat dripping on his forehead, and his consciousness began to be a little fuzzy...

This time, due to poor rest, the dysmenorrhea was worse than ever before.

Chapter 65 A face-to-face meeting

"Miss, miss." The nurse saw that something was wrong with her, and shouted anxiously from the side.

Shen Ning made a 'sigh' sound, looked up at her, didn't answer, and lay down again.

The nurse took the phone from her and dialed a number.

...

Less than a quarter of an hour.

"Ningning, what's wrong with you?" Jing Chenxi appeared in front of her.

After the liquid was infused, Shen Ning had recovered a lot, and his mind gradually became clear. Looking at Jing Chenxi who was full of anxiety, he asked in puzzlement, "Mr. Jing, why are you here?"

Jing Chenxi shook her hand, it was cold!

He immediately took off his suit and put it on her shoulders, and said angrily: "If you are uncomfortable, come to the hospital and tell me in advance. I will ask the hospital leader for a bed. What a silly girl, she is a mother of two children. I don't know how to take care of myself."

Shen Ning remembered that just now, it seemed that the nurse took her mobile phone from her hand, probably because she saw a number she had been in contact with recently and dialed... She didn't have many friends, so Jing Chenxi naturally became the first person select.

"Mr. Jing, I'm sorry to bother you." Shen Ning thanked in a low voice, "I'm fine, just prescribe some medicine after the injection and go back to take it. The doctor said it was Gong Han."

"It's hurting like this, and it's okay, so what can I do? No, I'll go through the hospitalization procedures, and you'll stay in the hospital for a few days first." Jing Chenxi went to the doctor to go through the procedures.

"No." Shen Ning was in a hurry, grabbed his hand, and begged: "Mr. Jing, I'm really fine, I have to go back to work, please leave me alone."

Her bright eyes are full of anxiety and concern. If she doesn't go back to work, that devil Li Zhenting will eat her. Moreover, the Friday tea party is about to start, and she can't fall down.

Jing Chenxi couldn't bear to do what she wanted, so he reluctantly agreed.

After a while, after the infusion, Shen Ning felt much better and stood up.

Jing Chen hoped that she would walk lightly, so he shook his head, and supported her with his strong hands.

They walked out.

As soon as he reached the elevator entrance, he saw Li Zhenting walking out of the elevator with his arms in his arms.

The group of four met each other like this.

Almost only at the moment when he saw Shen Ning, Li Zhenting's face turned dark, and frost condensed in his icy eyes.

"Yo, sister is here too." Shen Mei was fine this time, she looked at Shen Ning, then at Jing Chenxi who was supporting her, with a smile on her lips, "Mr. I still haven't forgotten my sister, what a good man, my sister is so lucky."

After she finished speaking, she quietly glanced at Li Zhenting, the man's face was full of haze at this time.

"President Li." Jing Chenxi didn't even look at Shen Mei, but just looked at Li Zhenting, and greeted him politely and gracefully.

Li Zhenting pursed his lips and said coldly:

"Mr. Jing, it seems that your company's business is doing well, and you are very leisurely."

Jing Chenxi frowned, pursed his lips, and didn't reply with any excessive words.

"Mr. Li, I have already sent you a request for leave." Shen Ning never dreamed that he would meet Li Zhenting here, seeing his face as dark as dog shit, he immediately reminded him preemptively.

When people are unlucky, they will get stuffed between their teeth even when they drink saliva. This is what happened to her recently. With so much bad luck, it seems that she has to find time to go to the temple to worship the Buddha!

Li Zhenting sneered disdainfully, and said coldly: "What request for leave? I didn't receive it."

Shen Ning's heart skipped a beat. This man's tone was very bad, and it seemed that he was going to embarrass her again!

Chapter 66 Smelly Shameless

"Boss Li, I have evidence here and I can show it to you." Shen Ning immediately took out his mobile phone and sent a short message to him.

Li Zhenting glanced lightly: "Short messages? What age is this? Who still reads short messages? Why don't you send WeChat? I think you didn't ask for leave on purpose, and you must be treated as absenteeism."

Absent from work?

"..." Shen Ning was so angry that his stomach hurt again, "President Li, I don't have your WeChat account anymore."

Since his mother died six years ago, she was the first to delete his WeChat.

In this life, she never thought of adding him.

Besides, if she adds him, he may not pass.

"No, you can add it. If you don't add me, it's your fault." Li Zhenting was arrogant and irrational.

Shen Ning gritted her teeth angrily: "President Li, even if I add you, will you pass? Besides, I don't want to add you on WeChat for work matters, there's no need!"

Li Zhenting sneered: "You think too much, enterprise WeChat is for work, which company doesn't use enterprise WeChat now? You don't think I want you to add my private WeChat, you don't deserve it."

He glanced coldly at Jing Chenxi who was standing aside, and mocked:

"I think dirty."

"You..." Shen Ning was so angry that blood rushed to his head.

But what he said seems to be correct. Most companies now use corporate WeChat accounts. She has been in the United States for six years, and she is not used to the work rhythm here when she just returned to the emperor.

At this time, Jing Chenxi on the side had long been displeased, frowned, and said solemnly: "President Li, why bother to embarrass a woman like this? Anyway, Ning Ning was your ex-wife two years ago, so it's better to be kind." , Today she came to the hospital for medical treatment because she was not feeling well, I can testify to this point, besides, any company will not stipulate that employees cannot come to the hospital for medical treatment when they are sick."

Li Zhenting's handsome face tensed, and he said coldly: "Mr. Jing, are you sure you can get the certificate of Gu Qi's employees? Why? Just because you are the president of Jing's Group? Don't think that you can point out in my territory just because you have a reputation. Commander, tell you, you are nothing to me. Also, you are hooking up with a divorced woman now, are you not afraid of how Miss Jiang Xinyun, the daughter of the ship tycoon, will feel when she finds out? I think you should take care of it first. Just do your own thing."

After speaking, Jing Chenxi blushed and turned pale, and was speechless.

Shen Ning pursed his red lips slightly, and said directly:

"President Li, if you want to treat me as absent from work, then treat it as absenteeism. You can deduct as much as you like. You also said that I am just an employee. Your dignified President Li is pestering me in the hospital for such a trivial matter. Go on and on, it will only lower your status when people see it."

She considers herself unlucky, and just wants to leave here as soon as possible. If she is photographed by the goofy media with ulterior motives, then the scandal will be stirred up and everyone will not look good.

However, thinking of Coco and Xiaoxiao's tuition fees next month, she clenched her fists.

"Yo, you're really awesome." Li Zhenting narrowed his eyes, "I don't care about the small money if someone spends it. It seems that the selling price is quite high, but don't forget my warning."

A few days ago, someone saw her go to a bar at night to do odd jobs to make money, and she became so generous so quickly, it must have been given by Jing Chenxi.

Li Zhenting sneered repeatedly.

Shen Ning gritted his teeth until his red lips turned white.

This man is too much!

It's okay to insult her, but to humiliate Jing Chenxi in the open, it's too hateful!

"Yo, Mr. Li." She suddenly raised her lips and smiled at him, pointing to the top: "Do you see what's on it?"

Li Zhenting didn't react for a while, and looked up, but there was nothing but the ceiling.

"have what?"

Shen Ning chuckled twice, and replied: "Four words floated above: smelly and shameless."

Just in time, the elevator door opened, she pulled Jing Chenxi and walked in.

By the time Li Zhenting reacted, the elevator had already gone down.

His eyes were gloomy for an instant, and his face was as dark as a pot.

Chapter 67 Because she is not my mommy

"Zhen Ting, don't be angry. I feel sorry for you when you are angry. This kind of **** is not worth being angry." Shen Mei's fingers gently caressed the man's chest, all charming and tender.

With a dark face, Li Zhenting continued to support her and walked towards the ward.

"Zhen Ting, I actually think that Jing Chenxi and my sister are a good match. Six years ago, before you were divorced, he hooked up with my sister..."

Shen Mei seemed to be talking unintentionally, but she was also jealous in her heart. At that time, her goal was that if she could not marry Li Zhenting, she must marry Jing Chenxi. Before she met Li Zhenting, she also tried to seduce Jing Chenxi. But she never even looked at her. Now if Jing Chenxi can lure Shen Ning away, she would feel good, because she knows that the Jing family will never let Shen Ning get started, at most she will be a It's just an underground lover.

"Shut up." But before she could finish her words, Li Zhenting stopped her sharply.

Shen Mei looked at him helplessly in fright.

"Meimei, go to the ward to have a good rest by yourself, I left beforehand." Li Zhenting let go of her hand, turned and left.

Shen Mei looked at his angry back, the corners of her lips raised.

The more vicious Li Zhenting humiliated Shen Ning, the happier she was.

It seems that Shen Ning's influence on Li Zhenting is not as great as imagined, so you can rest assured.

Shen Ning, you have to come back and be abused, let me see how long you can last!

Not long after, a young man hurried over.

"Mr. Shen, this was found in Shen Ning's office. It can be seen from the inspection that she mixed this into the perfume." The man handed her a small black bag.

She took it and opened it. It was a small bottle of black liquid. When she opened it, a raw musty smell made her almost vomit.

She put the lid on quickly.

"Okay, I see." Shen Mei put the things in her bag, "Peru Balsam is still not on the market right now?"

"Yes, there will be no stock in the next week." The man laughed sinisterly.

Shen Mei smiled and handed a bank card to the man.

The man stepped out immediately after taking it.

Li's Castle.

"Ding Ding, this is your favorite sauced pig's foot, would you like to have a small bite?" Li Wanqing tempted Coco with her rice bowl.

"Don't eat." Little Keke sullenly, very stubborn.

"Oh, my little grandson, what am I supposed to do? It's almost afternoon, and you haven't eaten anything. Are you going to panic grandma to death?" Li Wanqing sighed sadly.

"Grandma, if you tell Daddy not to marry Shen Mei, I'll eat, otherwise, I'll just starve to death." Little Keke blushed, her **** were fierce.

This is the second biggest move he came up with, refusing to go to kindergarten and forcing the palace at home.

Li Wanqing is Li Zhenting's mother, and most sons would listen to his mother. He wanted Li Wanqing to force Li Zhenting to cancel the wedding.

This time, even Li Wanqing was very puzzled. Although Ding Ding and Shen Mei were not very close, they were mother and son after all. How could there be a son in this world who doesn't want his father and mother to be together.

"Ding Ding, tell grandma, why don't you want Daddy to marry your mommy?" She lived such an old age, and she couldn't figure it out.

"Because she is bad." Ke Ke answered after thinking about it.

"Then you tell grandma, what bad thing did she do to make you hate her so much?"

I can't answer it now.

He really didn't see Shen Mei do any bad things with his own eyes. She hit her mommy and hit him, but these are not the worst things.

"Is it because she hit you last time?" Li Wanqing was a little bit dumbfounded, which parent doesn't teach their children a lesson, and she also saw Shen Mei's concern for him these days.

"No, because she is not my mommy." Ke Ke couldn't justify herself, so she said it out of desperation.

Chapter 68 treats him as a patient

"Nonsense." Li Wanqing was stunned for a moment, but before answering, Li Zhenting walked in with Dr. Robert behind him, and just after he came in, he heard the kid talking nonsense again, his face was all black.

Ke Ke looked up and saw Li Zhenting walking in with a foreign man, his face turned pale with fright.

"Zhenting, speak softly." Although Li Wanqing also knew that Ding Ding was talking nonsense, but seeing her grandson's face turned pale, she hurriedly scolded Li Zhenting.

"Mom, take a look." Li Zhenting said helplessly, "He doesn't even recognize his own mother."

"Hello, Ding Ding." At this time, after greeting Li Wanqing, Robert took the initiative to greet Ding Ding with a smile in Chinese.

Ke Ke looked at this foreigner who was smiling like a butt, and when he was thinking about what he was doing, he heard Li Zhenting say: "Ding Ding, you get along well with Dr. Robert today, tell him if you are unhappy, he will help you of."

doctor? This foreigner turned out to be a doctor!

Ke Ke's face turned white again. It turned out that the scumbag father brought the doctor home, and he was treating him as a patient.

"I'm not sick." He immediately objected loudly.

Li Zhenting shook his head, every time, he refused to admit that he was sick, but look what he has become now.

"Grandma, I don't want to see a doctor, let him go." Ke Ke was really scared this time. He didn't want to take injections and medicines. He only had one injection and took medicine once when he grew up. The feeling was too uncomfortable. , he ran into Li Wanqing's arms and cried loudly.

Li Wanqing felt sorry for her grandson, and said repeatedly: "Okay, don't see a doctor, don't see a doctor, grandma will take you to eat."

She winked at Li Zhenting, and walked out with Ke Ke.

Robert was also lost in thought.

It stands to reason that he is Ding Ding's doctor, and he has played, chatted and played games with him several times, but this time, he saw him as if he didn't know him at all, which is really a bit weird.

"Robert, you have also seen it, has he become more serious?" Li Zhenting sullenly.

Robert pondered: "Children are uncertain, because they are growing up all the time, and we can't say how seriously ill he is. Let's wait for two days of observation."

Li Zhenting nodded.

Ko Ke is finally willing to eat honestly now.

If he doesn't eat anymore, he will be given injections and medicine by that ghost.

While eating the food provided by Li Wanqing, the smart Coco said something that made her happy, which made Li Wanqing very happy.

But I was thinking about it in my heart.

Grandma is kind and kind, so she shouldn't be a bad person, so should I tell her the truth?

Hey, this thing is so complicated!

He has a headache.

It seems that he has to escape from here as soon as possible, so as not to be tested by the foreigner as a guinea pig, but if he escapes, Tintin will be in trouble!

He once again sympathized with Tintin.

In the study.

"Zhenting, can you delay marrying Shen Mei?" Li Wanqing sat opposite Li Zhenting, and Li Wanqing solemnly raised it.

"Mom, marriage is not a child's play. I have already promised Shen Mei." Li Zhenting was very helpless, "The children are already so old, and Shen Mei has lived in our house for six years. We should give her a name."

"Ke Ding Ding disagrees." Li Wanqing sighed.

In the past, she had always opposed Li Zhenting's marriage to Shen Mei, not because she had any prejudice against Shen Mei, but because she really couldn't approve of Shen Mei. She always felt that she was cruel, scheming, and duplicity. what a good thing.

She only has one son, and she hopes he will be happy.

But this time, Li Zhenting has made up his mind to marry her, and he decided to accept her for the sake of a pair of grandchildren.

but did not expect

Ding Ding was so opposed.

She had to rethink.

Chapter 69 I don't need your care

"Mom, I asked Tintin for advice before I married Shen Mei. He was very happy at the time. Don't be fooled by a child. This only shows that his condition is getting worse. It has nothing to do with me marrying Shen Mei. You should cooperate with Dr. Robert to treat the child, if this continues, the situation will only get worse." Li Zhenting stood up with a gloomy face.

Li Wanqing's heart is also very heavy.

Friday.

Shengtian Hotel.

The long-awaited tea party is finally about to begin.

Early in the morning, Shen Ning went to the big conference room to set up the venue.

All those present tonight are rich wives and daughters from the upper class of the imperial capital.

These people were originally Gucci's specific consumers.

It was only because Gucci's products have been getting lower and lower these years that she gradually lost them. This time, she will try her best to win their favor.

Therefore, she worked hard, hoping to make a big turnaround.

Here, Li's Castle.

"What did you say? Tonight's tea party at Shengtian Hotel was held by Shen Ning?" Shen Mei sat on the sofa holding her mobile phone, her face changing color.

It is said that rich wives, young wives, and daughters of the entire imperial capital were invited to this tea party, but she did not receive the invitation letter, and she was wondering, it turned out to be held by that bitch, no wonder!

"Yes, Mr. Shen, this tea party is organized by Mr. Li, and the purpose is to promote Shen Ning's new perfume."

"Asshole, why did you tell me now?" Shen Ning was furious.

"Mr. Shen, we only found out that Shen Ning must have concealed it on purpose."

...

Shen Mei was so angry that she dropped her phone.

"Grandma, I'm back." Outside the living room, Ke Ke hopped in with a small schoolbag on her back.

But as soon as he came in, he saw Shen Mei sitting on the sofa with a gloomy face, and instantly had a bad feeling!

Since Dr. Robert came, he has been obediently going to kindergarten. Because of Li Wanqing's presence, Dr. Robert did not make any diagnosis of his condition, nor did he force him to take injections and medicines.

With Li Wanqing not around, the little guy felt a little panic in his heart.

Shen Mei looked at Tintin with cold eyes.

These days, what she hears the most is Ding Ding's opposition to her marriage with Li Zhenting!

And I heard that Li Wanqing was already persuading Li Zhenting to cancel their wedding because of Ding Ding's objection.

She was so angry that she really didn't expect that a five-year-old child, who was brought up by her own hands, would actually hinder her major event.

Shen Ning is really her guest star!

Not only stealing her limelight everywhere, even her son is against her everywhere!

"Ding Ding, come here." She called to him.

"No, I'm looking for grandma." Ke Ke saw that she was avoiding her, so she was not willing to go there, so she just snorted coldly and turned her head away.

There was a cold light in Shen Mei's eyes.

Why did Ding Ding suddenly object to her marrying Li Zhenting?

In the past, Ding Ding was withdrawn, indifferent, and indifferent to her, but he never had such great hostility. At most, he just locked himself in the bedroom and played games, ignoring her affairs.

But now, he actually interfered in her private affairs!

really weird!

Could it be because Shen Ning came back!

Shen Ning already knew that Ding Ding was her child, and even met him, instigating him secretly?

As soon as this thought flashed, she shivered all over!

"Don't look for it, your grandma is going to a tea party tonight, and now she's going to the beauty salon, and she entrusted you to me to take care of you." She walked towards Coco.

"No, I don't need you to take care of me. I can take care of myself." Coco refused loudly and walked towards her bedroom.

Shen Mei stepped forward and grabbed him.

Chapter 70 Why are you doing this?

"Grandma said, you have to drink water and eat small desserts when you come back, otherwise you can't go back to your room." Shen Mei grabbed his arm stiffly and pushed him to sit on the dining table.

Coco immediately felt a pain in her shoulder!

At this time, Butler Luo brought desserts and delicacies.

In the past, Ke Ke would be happy to eat these delicacies when he saw them, but today he doesn't want to eat them at all.

"Steward Luo, leave this place to me. Go and see the flowerbeds in the back garden and tidy them up. The young master mentioned it yesterday, saying that the house will open PAITY in a while." Shen Mei told Butler Luo.

Butler Luo agreed and left.

"Ding Ding, let me ask you, have you met other women during this time? For example, someone who is about the same age as Mommy." Shen Mei asked tentatively from the side.

Coco looked up at her big red mouth and shook her head.

"I heard that you don't like Daddy marrying Mommy. What's the reason?" She continued to ask, "Mommy raised you, but you don't want Daddy to be with Mommy. Then you don't want to have a home?"

Ke Ke understood after hearing this.

It turned out that the ugly witch was wary of him because of this matter.

He deliberately scooped up a spoonful of cake and put it into his mouth, smashed it, and suddenly stood up with a bitter face: "Thirsty, I want to drink water."

He wants to take the opportunity to sneak away, otherwise, I don't know what this ugly witch can do!

"Sit down, I'll pour it for you." But Shen Mei didn't intend to let him go at all, she pushed him hard and sat down, turned around and poured a glass of boiling water from the water dispenser beside her.

"Here, drink."

She put the water glass to Coco's mouth.

Ke Ke didn't know it was boiling water, so he opened his mouth and took a sip.

"Ah." In an instant, he was so hot that he yelled, stuck out his tongue, and spit out all the boiling water, which happened to spit on his feet, which made his feet tremble and jumped up.

A sneer floated on Shen Mei's lips.

The funniness was still there, but the bouncing Coco just hit the water glass in her hand, and her face changed color.

Haven't reacted yet.

The astute Keke raised her hand and pushed the boiling water heavily, and poured it all on her.

The scalding boiling water poured out and just fell on her hands and feet.

"Ah." Shen Mei screamed strangely after being burned.

The backs of her hands and feet, which were painted red with red nails, instantly turned red, and the water bottle fell to the ground. Her face was full of pain.

At this moment, Li Zhenting walked in with a briefcase at the gate.

Shen Mei's eyes were sharp, she saw him immediately, and immediately sat on the ground clutching her feet, moaning in pain.

"What's going on?" Li Zhenting's face changed color, and he hurried up to ask.

"Zhen Ting, I took care of Ding Ding for afternoon tea. He wanted to drink water. I poured him a glass. Unexpectedly, he poured boiling water on my hands and feet." Shen Mei's eyes were full of tears, feeling wronged Answer in a low voice.

Li Zhenting frowned, looking gloomy, looking at Ke Ke: "Ding Ding, why are you doing this?"

During this period of time, Ding Ding's hostility towards Shen Mei has become more and more obvious, which caused him a lot of headaches, and the nature of this is very serious.

Ke Ke saw that Li Zhenting believed her words indiscriminately, and was so angry that her tongue was sore and numb, and she shed sad tears with her mouth curled up.

"Forget it, the child is still young, it should have been accidentally spilled, I didn't take him well." Shen Mei was hypocritical.

Ke Ke became even angrier when she heard this, and she actually completely blamed him on him by saying this.

It's too shameless for an adult to calculate such a child!
