

Troublemakers 621

Chapter 621 Did you take my ball?

"Steward Luo, let's go and get the monitoring." The first thing Shen Ning did when he returned to Li's house was to ask Butler Luo to take him to the security room to get the monitoring.

What makes Shen Ning happy is that this time, a lot of surveillance cameras have been newly installed in the entire Li family's old house. There were no surveillance cameras on the corridor side, but this time they were installed temporarily. I heard that this was installed by Li Zhenting himself some time ago.

The whole process was very clear, Shen Ning's fingers clenched into fists and slammed on the table hard.

"Young mistress, don't be angry. After the old man's birthday is over tomorrow, you can hand over this surveillance to the young master. He will definitely punish Shen Mei's mother and daughter." Luo Butler comforted by the side.

Give it to him?

Shen Ning sneered, she might as well solve it by herself!

The top floor of the gymnasium in Li's old house.

Li Zhenting stood with his hands behind his back, looking down at the spacious and deep Li family's old house, with unpredictable depths in his cold eyes.

Ten years have passed, and all this seems to have come back again. Those painful past events floated in his mind one after another, and he thought of Xiaofeng again, the one who saved him. The girl who accompanied him is now missing.

He sighed.

A small black car drove in and stopped downstairs in the gym.

Soon, the car door opened, and two men in black suits got down and walked up the corridor with vigorous steps.

"Young Master Li." The two men quickly came to the top of the building, and the leading man stretched out his hand to Li Zhenting, smiling slightly.

"Ju Chen." Li Zhenting reached out and shook his hand.

The two walked to one side.

"How is the layout going now?" Chen Ju asked.

Li Zhenting picked up the telescope and handed it to Chen Ju, and the two started talking and discussing the geographical location...

afternoon

Shen Ning is checking the number of guests entering tomorrow to determine the distribution of souvenirs.

Sudden

The children's excited cries came from over there. She is very sensitive to the children now, so she turned her head away immediately.

I saw two six or seven-year-old boys over there playing a yo-yo.

Obviously, the two boys played it often. They played the yo-yo very skillfully in their fingers. When the fingers were loosened and released, the ball rotated at a constant speed like a spiral, which lasted for a long time.

Two little boys are playing a game and are very involved in it.

The two little girls next to him are watching with envy and admiration.

One of the little girls is Lan Lan.

It turned out that after Lan Lan bullied Xiao Xiao, Ke Ke and Ding Ding hated her so much that they wouldn't even let her go upstairs.

Lan Lan felt lonely and bored without any children to play with. It happened that a few guests brought their children to play, and she followed them to play.

The moment Shen Ning saw Lan Lan, she thought of being bullied by Shen Mei's mother and daughter into such a little girl, and her heart was cold.

However, she is an adult, and she will never take revenge on a little girl like Shen Mei. The person she is looking for is Shen Mei, so she immediately went back to counting the number of people carefully.

Not long after, I heard footsteps behind me, and when I turned my head, I saw Lan Lan Guigui Chongchong took a green yo-yo and put it in a small bag and hid it under the countertop here.

Before she figured out what was going on, the little boy over there ran over and said to the other little boy, "Come on, let's play another round."

Another little boy was assembling and inspecting his ball, and immediately replied, "Okay, right away."

"Hey, where is my yo-yo?" At this time, the little boy couldn't find his ball.

"Isn't it placed there?"

"there is none left."

"Hey, what a strange thing, I just saw you put it here."

"Yes, but it's gone."

Two little boys started looking for it.

Lan Lan and another little girl stood aside and watched.

"Let me ask you, did you take my ball?" At this time the little boy asked Lan Lan.

"No." Lan Lan shook her head hurriedly.

"What about you?" He asked another little girl.

"Me neither, my mommy told me to drink water just now." Another little girl answered seriously.

Chapter 622 Actually stole something

"But I put it here just now, and you are the only ones here, so you must have taken it." The little boy was anxious, and shouted at the two little girls.

The little girl said loudly: "I went to drink water after you left. I just came here. I don't even know."

Lan Lan took a few steps back in fear and didn't speak.

"Okay, then let's go search, and if we find out who took it, I will be rude to him." The boy was very angry, so he started searching with another boy.

Shen Ning looked at the yo-yo that was hidden by Lan Lan, and already understood what was going on.

She was secretly surprised. She didn't expect Lan Lan to even steal things. If this continues, this little girl will be destroyed!

"Aren't you here to look for it?" Shen Ning reminded suddenly that the two little boys couldn't find it after searching around.

The two little boys ran towards this side.

Lan Lan's face turned pale, and she looked at this side in fear.

"Hey, here's a bag." Not long after, the two little boys found the bag and picked it up.

"This is someone else's bag, it's not good to open it." Another boy hesitated.

"No, my ball is here." At this moment, the boy touched it and shouted.

"Then open it and have a look."

Sure enough, the boy opened the zipper and saw his ball lying inside.

"Whose bag is this?" They asked loudly holding the bag high.

"Her." The other little girl pointed at Lan Lan and shouted.

"You stole his ball and put it in my bag, it's none of my business." Seeing that the matter failed, Lan Lan repeated the old trick and immediately bit back.

"I didn't, you spitting blood." The little girl was so angry that she reached out and grabbed Lan Lan's face, fast and hard.

Immediately, Lan Lan's face was scratched with several bloodstains.

Lan Lan had never suffered such a big loss, she was furious, and immediately rushed towards the girl.

That girl is not a vegetarian, she was trained by a wealthy family, and that move is amazing.

Before Lan Lan could pounce, she punched her and knocked Lan Lan to the ground.

Lan Lan burst into tears instantly.

"Xiaoji, I didn't take your ball, she took it, and she was holding that bag just now." The girl shouted at the little boy.

"Well, I also believe that she stole it, so she should be beaten." The boy also came up and kicked Lan Lan.

Lan Lan was in pain and fear, and cried even louder.

Shen Ning stood here and watched coldly. Originally, she could have stopped the fight, but she didn't move.

Why would she stop it?

Leaving aside Lan Lan bullying Xiao Xiao and throwing her like that, Lan Lan made a big mistake in this matter itself, even stealing things and slandering others.

This is not bad!

Lan Lan must be punished, she deserves it, don't let her think that everyone in the world can be bullied by her like Xiao Xiao and Ding Ding!

She has to learn that there is a price to pay for making mistakes, and this is a lesson for her.

"Thief, I'm so shameless." At this moment, the boy was puzzled and kicked Lan Lan again.

"Yes, you're slandering me." The little girl was also impatient, and stepped forward to pinch Lan Lan's arm.

Lan Lan immediately touched her arm with her hand and cried loudly: "Mommy, come quickly, they beat me."

But at this moment, Shen Mei went somewhere, and she didn't show up for a long time.

The little boy and the little girl probably felt puzzled, and each stepped forward to beat Lan Lan before giving up.

Lan Lan cried hoarsely, and finally when Shen Mei rushed over, those children had already gone to play elsewhere, and Shen Mei couldn't find anyone, and the wound on Lan Lan's face was bleeding, so she could only tease him impatiently. He took Lan Lan to the hospital without hesitation.

Shen Ning looked at her back in a hurry, with a cold smile on the corner of her lips, educating children like this deserves it!

When Lan Lan came back at night, she had a few earthworm-shaped scars on her face like Xiaoxiao did last time, which was very scary.

Chapter 623 is also for not leaving any regrets!

"Brother, brother, wake up." When night fell, Li Xuexi returned to the guest room, Li Jinchong was soundly asleep, she stepped forward to shake him, and shouted softly.

"What's the matter." Li Jinchong's dream was awakened by Li Xueyan, and he was a little unhappy.

"Brother, don't sleep, I feel that things are not good, where is your passport?" Li Xuexi asked softly.

"The passport is still hidden in the ancestral hall." Li Jin rubbed his eyes.

"Hey, brother, it's troublesome now. Shen Ning has discovered the problem with the ancestral hall. Didn't I ask you to clean up the inside?" Li Xueyan stomped her feet with a serious expression, "In this special period, you must carry your passport with you. We have to be ready to leave here at all times."

"Did she find out?" Li Jinchong also realized the seriousness of the problem at this time. He did clean up the sanitation inside, but he was originally a son of a rich family, and he had never done housework, and he stayed in prison for such a long time. For many years, I have long been used to being dirty, so naturally I can't clean up the sanitation inside without leaving any traces. Besides, the ancestral hall of the Li family is spotless, and the servants of the Li family can find problems as soon as they enter .

"Yeah, now Shen Ningjia has sent several security guards there, you can't get in anymore, what about the passport?" Li Xuexi's face became anxious, "Brother, it took me a while to get you out How much energy? How could you be so careless."

Li Jinchong lowered his head guiltily.

"But sister, if we leave like this, will we not want the property of the Li Group?"

"Of course, it has nothing to do with whether we are here or not. I came back this time to get you out, and to complete the task." Li Xuexi sneered, "You don't have to go to court in person, the day after tomorrow our entrustment Lawyers will come to the door, property lawsuits will definitely be fought, Li Zhenting will definitely not be able to inherit the Li Group alone, his good days are coming to an end, and now the key is our personal safety."

"Then what should we do?" Li Jinchong panicked.

"Where is your passport in the ancestral hall?"

"Just behind our grandpa's arch."

"Then let me see if I can find a way to go in. After all, I will worship the ancestors tomorrow." As she said this, Shen Ning's neither humble nor overbearing face flashed in front of her eyes, and she had no bottom in her heart.

Li Jinchong asked anxiously: "Sister, have you completed your task?"

"It will be finished tonight." Li Xueyan just finished speaking and suddenly heard the sound of firecrackers outside, which made her turn pale with fright.

She knows what she is doing. If her parents find out about it, her legs will definitely be broken, but she has no choice. Only by doing so can she and Li Jinchong stand up. This is all forced by their parents!

Thinking of how much she suffered when she was driven to the United States as a girl, she didn't live a good life until those people came to her door!

"By the way, brother, are you not going to see your parents?"

"Of course." Li Jinchong's attitude was very firm, "They sent their sons to prison so cruelly, what do I think they do? I will never have anything to do with them in this life. We will sue them as soon as tomorrow is over. Go to court and let them feel ashamed and regret it, they want the Li family to last forever, what does this have to do with me, I just don't want it to be good."

"Yes." Li Xuexi nodded in approval, she also hated them.

At this time, there was a knock on the door suddenly.

Chapter 624 Did Coco and Xiaoxiao bully you?

Li Jinchong and Li Xueyan's faces changed color, and they looked at each other.

"Who?" Li Xuexi asked in a low voice.

"Xueyan, it's me, your sister-in-law." After a while, a woman's voice came from outside.

Li Xuexi breathed a sigh of relief, and looked at Li Jinchong: "Brother, it's my sister-in-law who is here, she probably came to look for you, how is it? See you?"

"No." Li Jinchong was also determined. If he really wanted to see her, he would have gone to see her these days, but he would rather sleep in the ancestral hall than see her.

"Brother, my sister-in-law has been waiting for you for so many years. She is also the wife your famous matchmaker is marrying. She hasn't done much good by staying in Li's house all these years. The child is crazy again. Why are you so hard-hearted?" Li Xuexi I really can't stand it anymore, my brother is too heartless in this regard, men are really heartless.

"Hmph." Li Jinchong snorted coldly, "Who told her not to leave the Li family? She stayed here not for the property of the Li family."

"Even if it's for the family property, she deserves it. At least, she has been taking care of her nephew."

Li Jinchong stopped talking.

Li Xuexi opened the door on her own initiative.

If something happens in the past two days, as long as she sends a signal, a helicopter will come to pick them up. I don't know how long it will take to come back after this trip. Moreover, I have never seen Li Zhenting again after the confession ceremony. , which made her very sensitive.

Therefore, she opened the door and let Ximen Lihua meet her husband, probably in order not to leave any regrets!

As soon as the door opened, Ximen Lihua saw her husband, Li Jinchong, whom she had been thinking about day and night, and she guessed right, he was here!

She lost control of her emotions and rushed towards him...

Li Xuexi immediately walked out, and locked the door behind her, leaving time for the two of them, while she walked outside.

In the living room.

"Lan Lan, tell grandma quickly, who caught the wound on your face?" Lan Feiyun asked loudly, seeing the terribly hurt on Lan Lan's face.

Lan Lan lowered her head in fear.

"Say it quickly." Lan Feiyun saw that the child lowered her head and looked timid. She thought she was afraid of being bullied, so she hurriedly pulled her to her side and said, "Don't be afraid, tell me, grandma will help you." It's up to you."

Ke Lanlan lowered his head and refused to speak.

In fact, it's not that she didn't dare to tell who hit her, but because she stole something first, if she said it, things would get serious, grandma and mommy would know that she stole something, and she would be beaten scolded.

"Lan Lan, quickly tell grandma, did Ke Ke and Xiao Xiao bully you?" Shen Mei kept asking Lan Lan who hit her, but Lan Lan couldn't tell clearly, and she was also very annoyed. , asked gently now.

"Isn't it?" Hearing Shen Mei mentioning Ke Ke and Xiao Xiao's name, Lan Feiyun was filled with anger, because she also believed that they were responsible, and her tone was very serious.

Being pressed hard, Lan Lan had no choice but to nod her head.

"I knew Lan Lan was caught by those two bastards. They deliberately took revenge and bullied her. They caught her face. What if it disfigures her face?" Shen Mei was so angry that she clutched her clothes on her chest, tears streaming down her face. At this time, Zhu Lingmei and Shu Qiuying were still sitting next to them, and she said softly to them, "Look, our mother and I can't stay in Li's house, that woman and the pair of **** she gave birth to It's too arrogant, Lan Lan has been bullied like this, but I have nothing to do as a mother."

Zhu Lingmei was furious when she heard this: "I don't know what old man Li thinks, although Ke Ke is the grandson of the Li family, it's fine to pamper him a little bit, but that little one is just the **** born of that woman and a wild man outside, and he can't bear it. Allowing her to bring her in, raising her without mentioning it, and allowing her to bully her granddaughter, it's really unsightly to bully her like this."

Chapter 625 She will not remarry Li Zhenting

"Yeah, so you don't know our grievances, there is no way, who made my daughter love Li Zhenting with a single muscle, and she doesn't have as many hearts as others, so she can only be bullied by others." Lan Feiyun said aggrieved.

Hearing this, Shu Qiuying despised Shen Ning even more in her heart.

Today she saw with her own eyes how she was doing things in the Li family. She gave birth to a pair of children for Li Zhenting, and gave birth to a daughter with another man outside, but she still wanted to seduce her own son, which made Jing Chen Xi didn't want to get married until now, and she was angry just thinking about it.

Now her silly son even cooperates with Gu Qi on spices from the Jing Group for the sake of that woman, which is obviously subsidizing Gu Qi.

How did she give birth to such a careless son! No, she would never allow such a thing to happen.

"Isn't this Miss Li?" While they were talking, they saw Li Xueyan coming out, and they immediately looked at her, with friendly smiles on their faces.

After greeting them, Li Xuexi was very surprised to see the scratched wound on Lan Lan's face. When she learned that Ke Ke and Xiao Xiao had bullied her, she was very angry.

Coupled with the addition of a few women who were talking nonsense, she said that she didn't like Shen Ning in the first place, and her favorability for Shen Ning dropped below zero at this time.

"No, although I don't cause trouble, I'm not afraid of trouble. My granddaughter has been bullied like this, and she might be disfigured. I'm going to settle accounts with Ke Ke and Xiao Xiao." At this moment, Lan Feiyun stood up Going to find Coco and Xiaoxiao to settle accounts.

Of course Shen Mei knew that Xiao Xiao hadn't come back after being sent to the hospital. Although Ke Ke was upstairs, the possibility of Ke Ke scratching Lan Lan was a little low, otherwise, Lan Lan would have said it long ago.

At that moment, she took Lan Feiyun's hand and said softly: "Mom, forget it, children are still young and ignorant, and children fight or something. It's a common thing. If an adult goes to beat a child to settle accounts, it will be My lord is wrong."

"Hey, Meimei is really sensible." Zhu Lingmei sighed beside her.

Shu Qiuying also said: "Mrs. Shen, Ke Ke is now the grandson of the Li family, and he is in favor. If you ask him to settle accounts, you will be the one who will be wronged. There is no need. If you really want to vent your anger, you can just ask an adult."

The implication of this is to take revenge on Shen Ning.

Lan Feiyun sat down obediently when he saw that his goal had been achieved.

"Yes, yes." Suddenly Zhu Lingmei clapped her hands and said.

Everyone immediately looked at her.

She waved to everyone.

Their heads were all turned towards her.

She spoke in a low voice.

After a while, a smug smile flashed across Lan Feiyun's face, and he sat up straight in satisfaction.

Here, Shen Ning had just finished his work and had just finished dinner. Suddenly, Butler Luo came over and said, "Mr. Shen, Mr. Jing is looking for you."

"Looking for me?" Shen Ning was taken aback for a moment, what is the old man looking for her for?

"Yes, he is waiting for you in the VIP room."

"okay, I get it."

Shen Ning walked towards the VIP room nervously.

"Chen Xi, do you really want to marry Shen Ning?" Old Master Jing looked serious.

It turned out that he didn't know which woman his grandson Jing Chenxi had taken a fancy to. Only after coming here today did he know the real story of the matter. He is not a pedantic person. If his grandson really fell in love with him, he would not object of.

But looking at it now, Shen Ning is obviously the daughter-in-law of the Li family. Even if she divorced Li Zhenting, it would be a broken bone and a tendon. This matter is too complicated.

Therefore, he has to clarify things today. After all, Jing Chenxi is not young, but he has been avoiding talking about his life-long affairs. These days, he drinks and does not go to work every day, which has already affected Jing's group. He Can't just ignore it!

"Yes, grandpa, please support me." Jing Chenxi replied very affirmatively.

Master Jing narrowed his eyes.

"Why do you like her so much and love her?"

Shen Ning is really good. When he first saw her, even Mr. Jing himself couldn't help admiring, but no matter how good she is, she has already given birth to a pair of children for Li Zhenting. Does he not care?

"Grandpa, I fell in love with her when I was very young. She gave birth to Li Zhenting's child. It was just an accidental reason. Li Zhenting did not treat her well, and she would not remarry Li Zhenting. I need your support now " Thinking of her mother's objection, Jing Chenxi begged sincerely in great pain.

Chapter 626 Are you in love with Shen Ning?

"Chenxi, isn't love a matter of mutual gratification? Why do you need other people's support?" Mr. Jing's eyes flashed, and he asked burningly.

Jing Chenxi said painfully: "But my love has encountered resistance, and I have no choice but to beg you."

"Oh, so can you tell me what resistance you encountered?"

"Grandpa, my mother has a prejudice against Shen Ning. She doesn't agree with us being together and obstructs us everywhere."

What Jing Chenxi thought was that Shen Ning had already agreed to get along with him, and was willing to go back to Jing's house with him to meet the elders, but that day, after his mother found Shen Ning to humiliate her, she changed her position.

He didn't know what his mother said to Shen Ning, but according to Shu Qiuying's character, it was definitely extremely insulting, otherwise, Shen Ning would not have treated him like this.

"Why does your mother obstruct you? Is there any mother who is not good for her son?" Mr. Jing asked in a low voice.

"Grandpa, my mother has always been prejudiced against Shen Ning's mother, and now she has transferred that prejudice to me and Shen Ning. I don't want to repeat the tragedy of my father. Please support me." Jing Chenxi embraced her with both hands. Head, ten fingers inserted into the hair, excruciating pain.

Grandpa Jing saw that his always refined grandson turned into such a slovenly and miserable appearance, and nodded: "Okay, let me understand this matter first, as long as you and Shen Ning really love each other, grandpa will definitely will support you."

"Thank you, Grandpa." There was hope in Jing Chenxi's eyes.

Just then, the doorbell rang.

"who?"

"I, Shen Ning."

"Come in."

Shen Ning pushed open the door anxiously.

"Ning Ning, my grandfather is here, don't have any worries, just speak out boldly, he will definitely support us." When Jing Chenxi saw Shen Ning, his face was full of joy, and he hurriedly greeted him and held him Shen Ning's hands were shining brightly.

Shen Ning was taken aback for a moment, and immediately understood the reason why Mr. Jing wanted her here.

"Chen Xi, don't do this." She withdrew her hand and walked towards Mr. Jing.

"Chen Xi, you go out first, Shen Ning and I have something to talk about alone." Mr. Jing narrowed his eyes slightly and instructed Jing Chenxi.

Jing Chenxi stood still.

"Don't worry, I won't make things difficult for her." Mr. Jing smiled.

"Chenxi, listen to grandpa and go out first." Shen Ning also turned around and smiled at him.

Jing Chenxi walked out reluctantly.

As soon as he went out, he saw Li Zhenting walking in from the outside with a vigorous body.

The two met each other at the same time.

"Li Zhenting." Jing Chenxi paused and said, "I have something to tell you."

Li Zhenting glanced at the VIP room lightly, and nodded slightly: "Okay, please tell me."

"Come with me." Jing Chenxi walked outside.

Li Zhenting froze for a moment, put his hands in his trouser pockets, and followed slowly.

"President Li, let me ask you, are you in love with Shen Ning?" Jing Chenxi stared at him with a nervous expression.

Li Zhenting's deep eyes became gloomy and unpredictable.

"Shen Ning loves me." After a while, he slowly answered.

"Answer me, do you love Shen Ning?" Jing Chenxi turned pale, and asked again.

"Why should I tell you?"

"Because I love Shen Ning, I am going to marry her. If you don't love her, please let go, and I will give her happiness."

"Are you sure you can give her happiness?" Li Zhenting frowned.

"certainly."

"But she loves me, what should I do?"

Chapter 627 I believe there will be a chance

"Impossible." Jing Chenxi killed Jie Tie, "If six years ago, you told me that Shen Ning loved you, I would believe it, but now, she will never love you without any worries again, I understand her."

"You know her? You can't get her even if you know her?" Li Zhenting couldn't help but sneered, crossing his arms around his chest, "Mr. Jing, do you know what I have done with Shen Ning during this time? You want to know how close we are?"

Jing Chenxi suddenly understood the meaning of his words, his face was pale and black, and his fingers clenched into fists.

"Li Zhenting, you don't love Shen Ning but you are playing with her feelings, you scumbag!" His eyes were filled with anger, and his teeth were clenched tightly.

"Mr. Jing, no matter what, Shen Ning is the mother of my two children. I don't need anyone to take care of my relationship with her, and I don't need to tell anyone who has nothing to do with her. If you want her, then come and fight. But don't come to others, tell you, I won't give Shen Ning to you, don't even think about it, and the man Shen Ning loves from the beginning to now is me, it's you who have to intervene Six years ago, before Shen Ning and I divorced, you pestered Shen Ning. I haven't settled the debt with you yet, so be sensible and get out, otherwise, I won't take the Jing family's face into consideration." Li Zhenting sneered, then turned around and left with a sullen face.

"Li Zhenting, if you don't love her, why bother her? Why don't you let her find happiness? Are you worthy of your conscience? Have you ever thought about her happiness? If you are still a man, Just don't embarrass her, let her go, and let her get the happiness she deserves." Jing Chenxi shouted from behind, "You obviously don't love her, but you pester her, you're playing hooligans, I despise you."

With a gloomy face, Li Zhenting raised his foot and walked forward.

"Li Zhenting, Shen Ning also gave birth to a pair of children for you. Are you still human if you treat her like this?" Jing Chenxi continued to shout angrily from behind.

Li Zhenting's eyes flashed brightly, and his long legs moved firmly and steadily.

In the VIP room.

"Shen Ning, so you don't love my grandson anymore?" Mr. Jing asked after talking with Shen Ning.

Shen Ning glanced at the old man's gloomy and candid eyes, pursed his lower lip and said the truth:

"Mr. Jing, Chenxi is really a good man. He treats me very well. I am not good enough for him. I have been struggling all this time, trying to accept him and want to live a good life with him. , but I found that I can't do it, really, I have never fallen in love with him these years, I just regard him as a good brother, besides, I also have a pair of children, which is unfair to him, so , No matter from which point of view, it is impossible for me and him, please persuade him, I am sorry for him, but I have tried my best, I am sorry."

"Sure enough, it's just unrequited love." Mr. Jing sighed, "You don't love him, but he loves you very much, and he would give up everything for you. Look at him now, he is different from human, ghost or ghost, I think It hurts."

Master Jing's face was full of heartache.

"I'm sorry, Grandpa Jing, I really can't help it. If I have misled him in some ways, then I apologize to you." Shen Ning apologized very sincerely, and shed tears later.

She thought she could forget the past, and tried to start a relationship with Jing Chenxi, but if she doesn't love, she doesn't love, and she can't force it!

"Okay, I see, let's go, you are a good woman, Chen Xi loves you well." Mr. Jing tightly clenched the file bag in his hand.

This was just handed over to him by Shen Ning, about rescinding the contract between Gu Qi and the spices of Jing's Group.

"Thank you." Shen Ning turned around and was about to leave.

"By the way, Shen Ning." Mr. Jing suddenly said behind her: "I am very optimistic about Gu Qi. It is right for Chen Xi to cooperate with you in business. It has nothing to do with feelings. If you don't dislike , the cooperation between the two companies can continue."

Shen Ning turned around and smiled: "Thank you, Mr. Jing, for your love. I originally thought so too, but if Chen Xi and I continue to cooperate until now, it will only cause criticism. Let's forget it and talk about it later. I believe it will. There is a chance."

"Yes, that's fine." Mr. Jing nodded without forcing it.

This girl has ambition, and she will surely achieve great things!

He sighed, his grandson has the right vision, but he is not that lucky.

Chapter 628 Without my consent, you can never marry him

"What are you doing in the VIP room?" Shen Ning came out and went back to the guest room, wanting to wash his face and clear his head, but who knows, he bumped into a fleshy wall as soon as he opened the door, and when he looked up, he saw that guy Li Zhenting was Staring at her with a cold face, his face was gloomy and unpredictable.

"What are you doing here? You scared me." Shen Ning said angrily, and gave him a hard look.

"Don't do bad things, and don't be afraid of ghosts knocking on the door. Could it be that you have done something bad to me that made you so guilty and afraid." A wicked smile floated on the corner of the man's lips, and his eyes were gloomy.

"Bah, even if I'm wronged to anyone, it's not my turn to be wronged to you. Get out of the way, don't get in the way." Shen Ning pushed him away and walked towards the bathroom.

She turned on the faucet and splashed cold water on her face.

"What did Mr. Jing say to you?" Li Zhenting leaned on the door frame with one hand, and asked strangely.

"Nothing." Shen Ning patted his face lightly.

"Are you going to marry Jing Chenxi?"

"That's my business, don't worry about it."

"Without my consent, you can never marry him." Li Zhenting's eyes darkened, and his voice was cold.

Shen Ning then raised his head and looked at him: "You are really strange, do I need your consent to marry or not? You are not my father, why should you agree?"

"Cough, cough." Li Zhenting cleared his voice, and suddenly, narrowing his eagle eyes, he stepped forward and landed on her slender waist with a big palm. With a forceful retraction, Shen Ning's weak body was immediately pulled into it. In his arms, the man lowered his head and bit her earlobe, sucking heavily.

In an instant, a tingling sensation shook her whole body.

"Hey, your body is honest." Of course Li Zhenting sensed it, and smiled evilly, "During this time, we were so close, and you were very happy when we performed the ceremony of Duke Zhou. What do you think I am? I am not What about your man?"

Shen Ning's face turned red in an instant, and suddenly remembered something, and pushed him away suddenly: "Li Zhenting, you are a rascal, you are not allowed to touch me in the future, and you were bitten by a dog before."

She rushed over to the bedroom.

Isn't that pink diamond going to be returned to him, just right, he's here.

She opened the drawer.

But soon, she was stunned.

The drawer was empty, and the pink diamond was missing.

For a moment, she broke out in cold sweat.

Obviously, she was placed here, how could she disappear?

"Would it be so comfortable to be bitten by a dog? Duplicity." Li Zhenting clung up, put his arms around her waist from behind, turned her to face her, and was startled when he lowered his head.

Shen Ning's face turned pale, and he was stunned, as if he had lost something important.

He frowned, not in the mood to joke, and hurriedly asked: "Ningning, what's wrong with you?"

Shen Ning broke free from his embrace suddenly, ran to the cabinet and opened the drawers one by one to search.

No!

Then I ran to the wardrobe, opened the door, and searched for drawer after drawer, but there was still nothing.

Then there was the bedside table... After a while, she opened all the places where she could put things, and there were none!

The pink diamond disappeared.

She stood there dumbfounded.

"Is something missing?" Seeing her looking for something in a hurry, Li Zhenting realized what was missing, and hurriedly asked.

"The pink diamond is missing."

"Pink diamond?" Li Zhenting momentarily forgot which pink diamond, his face was full of doubts.

"It was the pink diamond that you put on me this morning and said that I would return it to you after Ke Ke's son recognition ceremony." Shen Ning reminded.

Li Zhenting remembered now, looked at her hand, and sure enough, she had already taken it off.

Chapter 629 Want to play tricks on her

"Who told you to take it off?" Li Zhenting said with a cold face.

It was given to her by him, and he never thought of asking her to return it, but she just said it casually because she didn't want to put it on, but she actually took it off after the ceremony, and wanted to return it to him !

What a stick!

"I can't take things that aren't mine." Shen Ning was firm.

"What about now, if I lose it, how can you compensate me?" Li Zhenting suddenly wanted to play tricks on her, so he deliberately looked serious.

"I'm sorry, I didn't know I would lose it, I will find it and return it to you, if I really can't find it, then I will buy one and compensate you." Shen Ning had a bitter face.

"Then are you sure you can buy exactly the same one?"

"..." Shen Ning was dumbfounded.

Ding Ding said in her ear in the morning that this was designed and customized by jewelry craftsmen in France, and it is unique in the world. It is really impossible to buy exactly the same one!

And this diamond ring is worth a lot, Ding Ding has seen Li Zhenting's computer, it is worth at least 100 million or more.

Now she can't even come up with 100,000 yuan, let alone 100 million.

For a while, she was disheartened and stood dejectedly.

Li Zhenting suddenly stretched out his hand and hugged her into his arms, and said in an understatement: "Silly woman, forget it, I won't ask you to pay, and it's not that valuable. I just asked a friend to bring it from abroad, and he doesn't know the goods. The one you bought is fake, that is, if you really believe it, it's not worth a lot of money, so just throw it away."

Fake?

Shen Ning heard Li Zhenting's flat tone, if she hadn't heard what Ding Ding said in advance, she would really believe what he said.

But the fact is not the case at all!

This man is quite generous!

"Whether it's fake or real, I will find out who stole that ring and return it to you." She spoke seriously, her tone firm.

If it is fake, no one will steal it! Only good things are remembered!

Li Zhenting got a little headache when he heard it: "If you want to check, then you can check it as you like, but you can't miss the work for these two days, let's put this matter aside for now, don't get distracted."

"I'm afraid that when the real culprit is found out, your heart will soften." Shen Ning smiled mockingly, pushed him away and walked outside.

Li Zhenting was taken aback, the corners of his lips curled up slightly.

As night fell, the dinner party began.

Although today is not a formal birthday banquet, it is also a dinner for the Cocoa Recognition Ceremony, which is more formal.

The old mansion of the Li family held a grand banquet for the guests, and set up over thirty tables of flowing water seats.

There are also famous singers to help out, and the scene is very lively.

Shen Ning was so busy that there were housekeepers and servants who kept coming to her to sign and arrange various matters. Although she was busy, she was also in order.

"Ouch, my stomach hurts." When everyone was eating and drinking lively, suddenly, someone yelled, then turned and ran towards the toilet.

"I also have a stomachache." At this time, another person at the same table yelled and ran to the toilet.

Everyone looked this way.

"Oh, I also have a stomachache. There must be something wrong with this meal." At this moment, a woman stood up holding her stomach and shouted loudly.

"Yes, there is a problem with the food, ouch, my stomach hurts." Another woman echoed.

"I, my stomach hurts too."

...

For a while, many people began to shout.

There was chaos throughout the banquet.

But Shen Ning said that Shen Ning was busy, and suddenly heard a voice shouting 'stomach pain' from here, he was taken aback, and hurriedly looked this way.

Several women were shouting there, their voices were very loud!

When she saw it, wasn't that Zhu Lingmei, Lan Feiyun and Shu Qiuying's rivals, her heart sank suddenly.

Chapter 630 This matter is really strange

"Hey, who is the person in charge of these banquets? Come here and see what's going on with these meals? We all have stomach pains here." Zhu Lingmei shouted loudly.

Shen Ning had no choice but to bite the bullet and walked over, asking, "Auntie, what's going on?"

"So you are the person in charge." Zhu Lingmei sneered, staring at her contemptuously, sarcastically, "I just said that the quality of the food is so unrecognizable, it doesn't look like it was brought out by the richest man in the Li family. It turns out that the person in charge is a country bumpkin, no wonder."

"Mrs. Jiang, although these dishes and banquet scenes are really not up to standard, my daughter is responsible anyway, so you can save some face." Lan Feiyun smiled fakely, "Oh, my stomach hurts so much, yes It's not about solving this problem first."

After she finished speaking, she looked at Shen Ning with a friendly smirk on her face: "Ning Ning, go and ask the kitchen to see what's going on, is there something wrong with this dish, all of our tables have stomach pains after eating, today It's Coco's child recognition ceremony, it's not good for such a thing to happen, and it will lose face for the Li family."

After she finished speaking, she held her belly in both hands and ran towards the bathroom with pain on her face.

At this time, the guests at the side and at the leading table also held their stomachs in their hands, and ran towards the bathroom in pain.

"Shen Ning, how on earth are you in charge of the house? Will you be in charge of the house? Look, so many people have a stomachache after eating the food. There must be something wrong with the food. How do you manage the kitchen?" At this time, Shen Meiyi He stood up and accused her sternly.

Shen Ning ignored her, but frowned tightly.

She knows without asking the kitchen that it is impossible for the chef of the Li family to poison the food. As for why so many people have stomach pains and diarrhea, this is indeed very strange.

"Shen Ning, my parents both have diarrhea. If you don't give me an explanation for today's matter, I won't let you go." Shen Mei was vicious and stern.

Shen Ning took a deep breath, and first inquired with the VIPs at the next table, they found that their stomachs were fine at the beginning, but they started to have a stomachache shortly after eating the food.

She realized the seriousness of the matter.

"Shen Ning, what are you going to do? So many people have stomach pains, you have to find a way to solve the problem." At this time, Zhu Lingmei came back and asked fiercely.

"Yeah, what's going on? Find a way to solve the problem."

...

The guests with diarrhea all started yelling.

"Please don't be in a hurry, I'll ask the family doctor to come over and check everyone, but I believe that there will be no problem with the food in the kitchen of Li's old house, but everyone has stomach pain after eating the food , There are many doubts about this matter, because the matter is serious and involves many security issues, in order to give everyone a fair and just explanation, I will call the police first, you have to trust the police, and will definitely give everyone a fair and just explanation."

Shen Ning spoke loudly to the guests, comforting them.

Then, he picked up his mobile phone and called 110 to call the police!

The food is poisonous, which is food poisoning, and in this kind of public place, there are so many people, it is by no means a trivial matter, she dare not neglect for a moment, and leave everything to the police!

Zhu Lingmei's eyes flickered, she didn't expect Shen Ning to call the police!

She glanced at Lan Feiyun, Lan Feiyun winked at her, and said in a low voice, "Don't worry, even if the police come, they won't be able to find out who gave the laxatives, don't worry."

Zhu Lingmei felt relieved after hearing the words.

It turned out that Zhu Lingmei called everyone to gather around and came up with this idea today. She unknowingly poured laxatives into the bone soup at their table and several tables nearby. This soup was the first dish, and everyone drank a bowl. After a while, they all had diarrhea. .
