

Troublemakers 631

Chapter 631 The acting skills are really superb

In fact, Zhu Lingmei's intention of doing this is very obvious. Didn't the Li family let Shen Ning be the head of the family? Then make something happen and let them see how Shen Ning is the head of the family. Moreover, the more people with stomachaches, everyone will definitely take it Target her so you can ruin her reputation.

Then, she had bought the media, and immediately let this scandal be published to discredit her.

It's just that she didn't think about it, what would happen if the police found out the real murderer? After all, she was just bailed out of the prison, if she was caught again, it would be troublesome.

After entering the game last time, she was already scared.

Li Wanqing spent the whole day chatting and playing mahjong with the rich ladies. When Li Jinyao learned about this situation, he was afraid that the old man and the old lady would be worried, so he went home with them first.

Soon, the police car drove over.

After Shen Ning went up and explained the situation here, the police rushed over to do a detailed investigation, and then began to take samples of every dish on the dinner table and send them for testing.

Zhu Lingmei watched the police use criminal investigation methods, she couldn't help feeling nervous, her eyes rolled around.

"Oh, comrade policeman, my stomach hurts so badly." Suddenly, she covered her stomach with both hands, looking very painful.

"Don't worry, we will find out the reason as soon as possible." The policeman comforted her, and then looked at Shen Ning, "Miss Shen, the family doctor lacks professional tools, so let's send these clients to the hospital first."

"Okay, I'll contact the vehicle right away." Shen Ning quickly agreed, and then began to count the number of people.

is busy.

Sudden

"Oh, Shen Ning, why did you push me? What do you mean?" When everyone was anxious, a woman suddenly screamed.

Before everyone figured out what was going on, they heard a muffled bang, and a body fell heavily to the ground.

Shen Ning was stunned.

Just now she has been earnestly registering the VIPs with food poisoning, while contacting the vehicle with her mobile phone, she may have walked back and forth a few steps because of nervousness when making the call.

But she swore she never hit anyone.

But this lady just fell down and yelled at her.

She took a serious look, and it was this fat woman Zhu Lingmei again.

This time, she suddenly understood something, and a sneer appeared on the corner of her lips.

"Shen Ning, if you have any objections to me, just say it clearly. I'm just telling the truth. It's not right for you to treat me like this. Let me tell you, I have diabetes and high blood pressure. I just fell down like this." It will kill people, if I die, a ghost will not let you go, I really don't know how your woman's heart can be so poisonous." As soon as Zhu Lingmei fell to the ground, she started to play around, crying and howling, that acting is really superb.

At this point, she didn't want the police to really investigate, and she didn't want to see these people sent to the hospital for testing.

She took the laxatives. She asked the doctor, and she only took a small amount, and it will be fine soon. She just wanted to create a farce.

So she's stalling! Deliberately pointing all the spearheads at Shen Ning.

Everyone didn't know the truth, and they all looked at Shen Ning angrily.

"It seems that this is to prevent the police from investigating the truth. In fact, the Li family did not want to send us to the hospital for examination. After all, this is a scandal. The Li family can lose face."

"Yes, the superficial work is done very well, and the response is quick, but it is really insidious to do this kind of thing secretly. We are all famous people. If we really want to make trouble, we will be afraid of others."

"Indeed, we all came here to celebrate our birthday because of Mr. Li's face, but now we are doing these little secret tricks, which is really contemptible. When did the Li family become so despicable and shameless?"

...

All kinds of ugly words came, Shen Ning's face turned pale.

Zhu Lingmei, who fell on the ground, had a smug smile in her eyes. This is what she wanted.

If everyone joins up to besiege Shen Ning and blame everything on her, that would be fine. As long as she is destroyed, she will be considered as a vengeance for her daughter.

Chapter 632 This approach is too despicable

"Mrs. Jiang, please don't blame Shen Ning by acting anymore. I can testify that Shen Ning didn't push you. I have seen it from the beginning to the end, and I can see it very clearly." At this moment, Jing Chen Xi walked out of the crowd, stood in front of Zhu Lingmei and spoke sternly.

His voice was very loud, and the venue quickly became quiet for a while, and then the painting style changed sharply.

"Chen Xi, what are you talking about? You are a big man, and you sit far away, how can you see the situation here?" Seeing that Shen Ning was about to be punished by Zhu Lingmei, Shu Qiuying was secretly happy, but Unexpectedly, this stupid son of himself would stand up, and in a hurry, he rushed up to pull him down.

But Jing Chenxi flicked his hand, and shouted loudly: "Mom, stop partnering with these **** to bully and frame Shen Ning. I have seen all this with my own eyes, because I have been watching Shen Ning all the time. Just now, she was busy, she didn't bump into Madam Jiang at all, but took a few steps back to avoid the person in front of her when she was on the phone. At that time, Madam Jiang walked towards her and bumped into her, and then Pengci fell, this approach is too despicable."

The audience fell silent and looked at each other for a while, Zhu Lingmei turned out to be really touching Shen Ning!

Shu Qiuying turned blue with anger.

This stupid son is really sincere, and he puts all his heart and soul on Shen Ning. How could she give birth to such a stupid son!

"Mrs. Jiang, how are you doing now? I have already called 120, and an ambulance will come to take you to the hospital for examination soon. Let's see the results given by the doctor then." Shen Ning only came back with Jing Chenxi's help. Come to your senses, immediately come up and ask.

"Shen Ning, don't pretend to me, you were the one who pushed me on purpose just now, and this matter is endless." Zhu Lingmei sat up with her stomach in her hands, and shouted resentfully.

"Mrs. Jiang, don't worry, the police are here. Did I push you just now? The police will investigate later. You should go to the hospital first, otherwise it will be bad if you break it. Right and wrong Wait until the investigation results of the police comrades are ready." Shen Ning spoke seriously, and then said to the crowd: "Please, distinguished guests with stomach discomfort, follow the car to the hospital to check the condition first, and the health is the most important thing."

After hearing this, everyone followed the car and left. With the intervention of the police, the scene quickly recovered. Zhu Lingmei saw that the trouble was not going to happen, so she could only follow in a desperate manner.

"Chenxi, thank you." Shen Ning sincerely thanked Jing Chenxi.

"You're welcome, but anyone with a conscience and principles will say it, not to mention I'm an entrepreneur." Jing Chenxi shook his head and looked at her with concern, "Ningning, those women didn't treat you well. Good impression, you have to be careful to prevent them from doing things behind their backs."

"Well, I know." Shen Ning nodded, "I'm not afraid of shadows when I'm upright, I won't be afraid of them."

"That's good. I always believe that someone must be doing something secretly today. Don't worry, the police will give you a fair and just account."

"Yes, I believe."

After finishing speaking, Shen Ning went to work.

Jing Chenxi looked at her back for a while and then walked towards Shu Qiuying.

"Mom, you should hurry back to Jing's house and stop getting involved with these women. They are all gossips and bad-hearted. If you stay with them, nothing good will happen to you."

Shu Qiuying blushed with anger: "Son, you are fascinated by that woman now, and everything is directed towards her."

"Mom, I'm not for her but for reason. Zhu Lingmei deliberately touched Shen Ning. I saw it with my own eyes. I can't control what others do, but from now on I will never allow you to do anything to Shen Ning. Otherwise, From now on, you will never see me again." Jing Chenxi's face was full of solemnity, and a resolute and cold light shone in his black pupils.

Shu Qiuying looked at her son's strange and cold eyes, and was so frightened that she took several steps back, feeling chills all over her body.

For a long time, she didn't care about anything, but she cared about the attitude of this only son towards her. He was her only support!

Not long.

She was worried that her son would be angry with her because of this, so she went home quietly. After all, she also knew that what Zhu Lingmei did just now was to frame Shen Ning, and it was untenable emotionally and rationally.

Chapter 633 Do you want to pack cocoa?

In the children's room.

"Ding Ding, come on, there is an unknown signal about to enter Daddy's company." Coco was staring at the computer screen, Ding Ding was gnawing on the chicken leg, Coco suddenly cried out nervously.

Ding Ding hurriedly ran over to look in front of the computer screen, his face changed color: "It's not good, Ke Ke, this is someone going to Daddy's company to steal business information."

"God, should I tell Daddy?" Ke Ke was a little scared.

"Hey, it's too late to tell him, and he doesn't know where he is now." Ding Ding shook his head and threw the chicken leg into the trash can, "The two of us intercepted it with a wooden horse, killed it, and let it come and go."

"Alright, Ding Ding, let's see where this unknown signal comes from."

Ding Ding wiped his little hands with a paper towel, and the chubby hand picked up the mouse and after a while of fast tracking, he said: "Check through the terminal system, this is a foreign IP address, it may be related to Starlink, and it is very likely that it has not only entered Daddy's The company even invaded other companies."

"This is too scary, what kind of villain is doing things."

"There are so many villains, there are them all day long, it's really annoying."

"Let's intercept it quickly, I will go to my teacher to help."

The two little guys started to get busy.

In the guest room next to the window downstairs.

"Sister, how is your mission going, shall we go or stay?" Li Jinchong asked Li Xuexi who was busy.

Li Xueyan was holding a terminal transmitter in her hand and was anxious like an ant on a hot pan.

Originally, it was just a matter of breaking into the computer system of Li's Group to obtain the relevant chip data developed by the Li's Group's team. But at this time, out of nowhere, two Trojan horses came and intercepted her.

She was very surprised. This is the most advanced Starlink terminal technology in her hand. No one in the imperial capital can crack it yet, but the fact is that she was really intercepted, which made her everything mess up.

Li's Group has computer software experts, she knows, but she didn't expect there to be computer hacker experts, and this expert does not seem to be trained in China, but like a foreign expert, who knows the terminal Starlink like the back of his hand.

"Chen Ju, are you sure this is here?" Li Zhenting led Chen Ju through the small door in the back garden. It was really strange that the hackers who attacked Li's Group came from Li's old house.

He never thought that Li Xuexi could have such a skill, after all, when she was in school, she was a scumbag.

"Yes, it is reported that this terminal has deciphered a lot of domestic high-end technology, and it is very likely that it is an insider who sells information. This time, we must capture all of them." Chen Ju's eyes were bright, and he followed the signal and strode this way. Come.

Li Zhenting's heart sank.

By a big tree downstairs, Shen Mei took Lan Lan's hand and asked in a low voice: "Lan Lan, do you know where Ke Ke is?"

"I know, he and Ding Ding have been playing computer games upstairs." Lan Lan blinked her big eyes, a little sad.

Now Keke is ignoring her more and more, and doesn't even bother to look at her.

"Lan Lan, do you want to take care of Ke Ke? Take revenge for you?" Shen Mei asked again in a low voice.

Lan Lan nodded after thinking about it.

"Well, you go up now and trick him to the dark place over there, so Mommy can avenge you." Shen Mei pointed to the dark place over there, and whispered.

Just now she has received an order from Li Xuexi to kidnap Ke Ke.

Chapter 634 How did she get there?

"Mommy, Keke is ignoring me at all now, and I can't trick him down." Lan Lan shook her head.

"Silly daughter, you don't know how to think of a way." Shen Mei nodded her little head.

"But I can't think of it." Lan Lan pouted and shook her head.

"Think about what Keke cares most about first?" Shen Mei woke up.

Lan Lan tilted her head and thought for a while: "Little."

Shen Mei's eyes lit up, and she smiled: "That's right, you can lie and say what he cares about, just trick him out, go, after you succeed, no one in the Li family will dare to bully you."

Lan Lan rolled her eyes and nodded, "Mum, let me try it."

"Okay, Mommy is waiting for you over there." Shen Mei kissed her little cheek, and walked towards the villa holding Lan Lan's hand.

Upstairs in the children's room.

"The teacher is so powerful, he wiped them all out as soon as he came." Ke Ke patted the chubby hand, his eyebrows beaming.

"Of course, when the time comes, I told my father, let you learn with us, we will make great achievements in this regard."

"good."

While the two were talking, suddenly, there was a knock on the door outside, one after another.

"Who?" Coco asked loudly.

"Coco, it's me." Lan Lanjiao replied angrily.

"What are you doing here? You are not welcome here, go away." Coco frowned.

This little workman is really difficult to deal with. They have ignored her for a long time, but she has the cheek to come to the door. I really wonder if she is a girl. Girls should be more reserved.

"Coco, I'm here to ask you something, can you open the door?"

"No, I don't want to see you."

"Ke Ke, I'm here for Xiao Xiao, don't you care about Xiao Xiao?" Lan Lan said kindly outside.

Small?

Coco was taken aback!

By the way, Xiaoxiao went to the hospital and hasn't come back yet. How is she doing now? Did she fall badly?

When he thought that Xiaoxiao's fall from the stairs was caused by Shen Mei's mother and daughter, he hated it even more.

But he cared too much about Xiao Xiao, and couldn't help standing up when he heard Xiao Xiao.

"What's wrong with Xiaoxiao?"

"Ke Ke, I just saw Xiao Xiao crying under the tree over there. She can't walk anymore. Go and help her back." Lan Lan replied seriously.

Coco's face changed color, and he immediately came over and opened the door, and asked, "Which tree are you crying under?"

"It's over there, I'll take you there." Lan Lan pointed over there.

Ke Ke saw that there happened to be a small forest over there, very dark, and no one usually went there.

"Are you lying to me? Xiaoxiao is so timid, how could she run there?" Ke Ke looked at her suspiciously, wondering if what she said was right.

Lan Landao: "After Xiaoxiao came back from the hospital, the car was parked there. Your mother was called away as soon as she got out of the car. She asked Xiaoxiao to come back by herself. After walking for a while, Xiaoxiao's thigh hurt and she couldn't leave. Moved."

She spoke in a decent way, as if she saw it with her own eyes.

After hearing this, Ke Ke no longer doubted it, but when she thought that the mother and daughter caused the pain in her little legs, she immediately raised her fists angrily: "Xiao Zuoqing, if you dare to bully Xiao Xiao again in the future, I'll give you money!" Definitely blow your head off."

"I'm sorry, Ke Ke, I didn't do it on purpose. Don't worry, I won't dare anymore. I came here to tell you kindly. I wanted to help her back, but I'm too fat and weak." Lan Lan immediately apologized and tried to please her. Also looked scared.

Ke Ke no longer hesitated, and ran down, Ding Ding wanted to follow, but Ke Ke was worried that there would be hackers on the computer, so he only let Ding Ding stand in front of the computer.

Lan Lan saw Ke Ke running downstairs, and immediately followed her.

Chapter 635 Don't tell anyone

"Little, little." Ke Ke ran to the woods with short legs and shouted loudly.

But the woods are dark and there is no sound.

"Lan Lan, are you lying to me? Which tree is Xiao Xiao under?" Ke Ke looked back at Lan Lan who followed her and asked.

"That tree." Lan Lan casually pointed to a slightly larger tree inside, and said, "I'll take you to have a look."

She ran into it.

Ke Ke was worried that Xiao Xiao would be afraid and had to follow.

But when they ran into the woods inside, they saw nothing.

"Huh." Just as Keke was looking around, suddenly, a strange smell hit, and before Keke could turn around, a handkerchief covered Keke's nose, and Keke only had time to snort before falling limply.

A woman walks away holding the fallen cocoa.

"Mommy, is Keke dead?" Lan Lan asked in fear.

"No, I'm just dizzy, hurry up, go back first, don't tell anyone." Shen Mei confessed.

Lan Lan looked at her but refused to leave.

Coco fainted, what will Mommy do with him?

Shen Mei hurriedly walked back with Ke Ke in her arms.

Lan Lan followed carefully after thinking about it.

In the guest room upstairs, Li Xuexi was on the phone when suddenly, the door was kicked open with a bang.

"Don't move, raise your hands." Li Zhenting rushed in with Chen Ju, and Chen Ju picked up the gun in his hand and pointed it at the people inside.

Li Jinchong was so frightened that he put his head in his hands and knelt down at once.

Quickly, two policemen rushed in from behind, knocked Li Xuexi and Li Jinchong to the ground without much effort, and put handcuffs on them.

Upstairs in the children's room.

"Ding Ding, where's Keke?" Li Jiaojiao ran in with a happy face.

Celebrities from all walks of life gathered today, of course rich and noble sons from all walks of life are indispensable. If she is not careful, she will have a good time and completely forget about taking care of Ke Ke, Ding Ding, Xiao Xiao and Lan Lan, and occasionally think of herself. Where the responsibility lies, he will run back to see how the little guys are doing.

Because I saw Xiaoxiao being pushed down on the stairs when I ran back last time, out of guilt, this time, I would come up almost every ten minutes, and every time I came, I saw Keke and Xiaoxiao playing computer, And they were very focused, seeing that they would not go out to mess around, so they were

relieved, this time they went down to play for a while, and when they came up again, they only saw Tintin, so they immediately asked.

Ding Ding looked at the computer without raising his head: "Ke Ke went to find Xiao Xiao."

"Xiaoxiao?" Li Jiaojiao hurriedly asked: "How is Xiaoxiao going to the hospital? Did you fall? Is it serious?"

"I don't know, Ke Ke went to pick her up."

"Where to pick up?"

"Just downstairs."

Seeing the direction of Ding Ding's finger, Li Jiaojiao felt a little apprehensive, and asked, "Ding Ding, tell me clearly, where did you go to pick up Xiaoxiao? I just saw your mommy, and she has been back long ago. Could it be that Xiaoxiao is here now?" Did you just come back?"

Xiaoxiao was injured in the morning, and Shen Ning came back, but why did Xiaoxiao go outside to pick up Xiaoxiao at such a late hour?

At this time, Ding Ding had completed the task, and seeing that there was nothing abnormal on the computer, he stood up and stretched himself.

"Auntie, it was Lan Lan who took Ke Ke to find Xiao Xiao. She said that Xiao Xiao's calf was hurting and was crying under the tree over there."

After Ding Ding finished answering, he suddenly felt something was wrong, so he slapped his head:

"No, Lan Lan said that Mommy just sent Xiaoxiao back from the hospital. She was called away as soon as she came back, and Xiaoxiao walked back by herself. Auntie, did you really see my mommy come back a long time ago?" ?"

Chapter 636 It really is her!

"Of course." Li Jiaojiao nodded affirmatively, her heart skipped a beat, "How long has it been since Ke Ke went down to pick up Xiao Xiao?"

The recognition ceremony was held today, but Ke Ke is the most important person. If something goes wrong, she is sure that Li Zhenting will kill her.

She doesn't want to die yet!

In fact, Li Zhenting had already given her 100,000 yuan in order to let her take care of these little kids to relieve Shen Ning's workload. She was working with pay.

"It's been half an hour." Ding Ding raised his wrist and looked at it.

"I haven't come back after going out for so long, no, I have to go down and have a look." Although Li Jiaojiao is greedy for fun, **** and money, she still has a sense of responsibility, she turned around and ran outside.

Ding Ding was also worried about Ke Ke and Xiao Xiao, and hurriedly followed: "Auntie, let me go down with you to find them."

"Well, be careful." The two aunts and nephews went down to find someone.

Downstairs, due to the diarrhea, the festive and lively atmosphere has long since disappeared. Some people were taken to the hospital, and some guests went to the guest room to rest. After all, tomorrow is the official birthday of the old man, and everyone gave Li Out of face, he didn't leave early.

Li Jiaojiao took Ding Ding to walk under the tree over there, but when they rushed there, there was no Coco and Little Shadow at all, and there was no car parked there at all.

"Where did Lan Lan go?" Li Jiaojiao looked at the dark night and asked worriedly.

"She followed Ke Ke." Ding Ding looked at the dark woods and was also a little scared, with eyes full of bewilderment.

Li Jiaojiao thought for a while, then took Ding Ding back to the villa.

"Sister Yun, did you see Ke Ke and Lan Lan?" As soon as she came in, she saw Sister Yun busy with her memory and asked hurriedly.

Sister Yun shook her head: "Miss Biao, didn't you take them to play? I was too busy today, so I didn't notice them."

Li Jiaojiao felt helpless, so she had to take Tintin to look outside again.

At this time, she didn't realize that Keke was in danger at all, after all, this was the Li family's old house!

The monitoring center of the security room of Li's old house.

Shen Ning brought Butler Luo here again.

"Please call out the surveillance video of the public area in the corridor on the first floor and near my living room today. I want to find out who entered my bedroom today." Shen Ning instructed the security guard.

"Okay." The security immediately started to call up all the surveillance images of today, and Shen Ning and Butler Luo sat down to screen them one by one.

Now is the time to have such a little free time, Shen Ning must find out where the hundreds of millions of pink diamonds lost in the morning went?

Such a precious ring disappeared inexplicably from her guest room. If she didn't find out, she was restless.

After a while, Shen Ning saw a woman's figure appearing at the door of her bedroom from a surveillance image.

The woman stood in front of her door for a while, looked left and right, and tried to push her door with her hands.

Shen Ning's eyes turned cold.

Sure enough, it was her!

Guest room door is closed.

Soon, the woman took out a key from her pocket, opened the door, and walked in ghostly.

Shen Ning clenched his fingers tightly.

Not long after, the woman came out, put one hand in her pocket, looked around, closed the door, and walked towards the living room as if nothing had happened.

"It turned out to be her. I really didn't expect Shen Mei to be this kind of person, stealing things." Luo Butler looked very angry.

Shen Ning sneered: "It's exactly the same as I guessed."

She took out her mobile phone and took the video, then turned and walked outside.

"Boss Shen, tell the young master right away, let him go to Shen Mei to get the diamond ring back, or she might take it away and sell it off later." Butler Luo hurriedly followed up.

The corners of Shen Ning's lips curled into a cold arc, Li Zhenting didn't care if the diamond ring was lost, what's the use of telling him? Besides, Shen Mei stole this, what can he do?

Perhaps he already knew that Shen Mei stole it.

This kind of man is blind, and looking for him is better than looking for a dog.

While she was walking, the mobile phone on her body rang suddenly.

She picked it up and saw that it was a call from the Thunderstorm Army. She was immediately stunned, and then quickly walked aside to answer the phone.

Chapter 637 I did not follow

"Inspector Lei."

"Miss Shen, I'm outside Li's old house right now, please come out and pick me up." Lei Tianjun said in a low voice over there.

"Li's old house?" Shen Ning said in surprise.

"Yes, I want to come in and ask some questions about your mother's death. If there is no accident, it is very likely that we will know the cause of her death soon." He spoke confidently over there.

Shen Ning was stunned and said: "Okay, I'll come right away."

She hung up the phone and walked towards the gate.

After a while, I saw Detective Lei standing at the gate. He was wearing a denim jacket and a black leather hat, looking deep and indifferent.

"Inspector Lei, please come in." Shen Ning opened the door.

Thunderstorm Army strode in.

"Detective Lei, have you found a clue?" Shen Ning asked in a low voice after welcoming him in.

"Yes, according to my investigation, there is a murderer who pushed your mother downstairs in Li's old house today. This is a conspiracy." Lei Tianjun lifted the hat on his head with his hands, and scanned the old man with sharp eyes. Take a look, the voice is low.

"Okay, then you come with me." Shen Ning's heart skipped a beat, a chill flashed in his eyes, and he led him in, "I'll arrange a guest room for you, you just play by ear."

"Hmm." The Thunderstorm Army hummed.

Shen Ning led him to walk towards the detached guest room over there, but Lei Tianjun said, "No, just stay in this villa."

After hearing this, Shen Ning had no choice but to lead him to the hall of the villa.

"Lan Lan, where have you been?" Li Jiaojiao took Ding Ding to look for Coco everywhere, but after a while, they saw Lan Lan walking out of the back garden.

"Ah." Lan Lan was walking, but unexpectedly, Li Jiaojiao and Ding Ding appeared suddenly, and she was shocked.

"Lan Lan, it's so late, where did you come back from? Where's Coco?" Ding Ding stared at her panicked face and asked.

Lan Lan's eyes dodged for a moment, and she immediately replied: "I just went there to play for a while, I don't know where Ke Ke went."

"Lan Lan, didn't you take Ke Ke to find Xiao Xiao? What about Ke Ke and Xiao Xiao?" Li Jiaojiao was even more anxious.

It's getting late at this point, usually they are already ready to go upstairs to sleep.

Lan Lan opened her innocent eyes and said, "Auntie, I just followed Ke Ke out, but I didn't go with him to pick up Xiao Xiao, because I don't like Xiao Xiao, and Xiao Xiao doesn't like me, so I didn't follow him. "

"That means you don't know where Ke Ke and Xiao Xiao went, does it?" Li Jiaojiao was about to faint.

"Yes." Lan Lan nodded and yawned heavily, "Auntie, Ding Ding, I'm going to bed, haven't Ke Ke and Xiao Xiao come back yet?"

Li Jiaojiao's face was very ugly: "They are all gone, Lan Lan, let me ask you, did you really see Aunt Shen Ning bring Xiao Xiao back from the hospital?"

"I don't know either." Seeing that something was wrong, Lan Lan was worried that they would force her to ask something, so she pretended to be confused, yawned non-stop, and wanted to go upstairs to sleep.

Although Li Jiaojiao and Ding Ding were anxious, they couldn't do anything to her, so they could only let her go upstairs to sleep.

"Auntie, I think there is something wrong with Lan Lan. She is so dark, and she is usually afraid of the dark. How could she come out from there? She must know where Ke Ke and Xiao Xiao have gone." Ding Ding looked at her chubby After walking in, he said to Li Jiaojiao suspiciously.

"Yes, let's go over there and have a look." Li Jiaojiao also agreed with Ding Ding's statement.

"Hmph, I have to take the elevator on the first floor, I'm fat like a pig, why don't I die of laziness." Ding Ding made a face at Lan Lan's back, full of disgust.

Chapter 638 is simply a shame.

Li Jiaojiao turned on the flashlight on her phone and took Ding Ding to walk there. After walking for a while, she only saw a long-abandoned storage room. The outside was covered with weeds, and the night was dark, very haunting. , she came back with Ding Ding.

"Dad, Mom." As soon as he walked outside, he heard screams of pain from inside.

Li Jiaojiao was taken aback, and hurried in.

In the living room, there were many policemen and people in uniform standing. Li Zhenting was also there, and Li Xuexi and Li Jinchong were kneeling on the floor with handcuffs on their hands.

She froze for a moment.

How is this going?

Isn't Li Jinchong still in prison, why did he come back?

While she was at a loss, someone patted her on the back.

When she turned around, it was Shen Ning and a dark, thin and cold man.

"Jiaojiao, take the children to rest quickly, it's already late, this place is not suitable for you." Shen Ning patted Ding Ding's head and said softly to her.

"Cousin, I..." Li Jiaojiao was about to speak.

Shen Ning said: "If your cousin sees you standing here with your child, be careful, he will clean you up."

"Okay." Li Jiaojiao had to agree when she heard Li Zhenting mentioned.

"Ding Ding, let's go upstairs to rest, it's not suitable for children."

"I think it will work." Ding Ding replied coolly.

Li Jiaojiao was holding his hand and was about to leave. After walking a few steps, she suddenly remembered about Cocoa's problem. When she turned around, she saw that the man had already closed the door with his backhand.

Li Jiaojiao thought to herself, maybe Keke has already gone back upstairs to sleep, in which case she is just messing around.

So she took Ding Ding and went up the stairs.

In the living room.

"Beast, you are really a scum of our Li family for doing such a thing." Li Jichun was so angry that his hands were shaking and his face was livid.

He stepped forward and slapped Li Xueyan hard.

"Get out, from now on the Li family's family tree will no longer have your two names, I will pretend that you have never given birth to your two children." Li Jichun closed his eyes in despair.

He never dreamed that Li Xuexi would become a traitor and a **** of the Americans, which would be a great shame to the Li family.

"Grandpa, don't be angry, the most important thing is to take care of your body." Fearing that Li Jichun might make a mistake, Li Zhenting hurried forward to support Li Jichun.

"Dad, you are too partial. Can we only blame us when we have come to this point? You are also responsible. We are all children of the Li family. Why is the property only inherited by Li Zhenting? What about us? What are we?" Li Jinchong shouted resentfully.

"Beasts, this is the rule of the ancestors. The Li's Group can only select the best descendants to manage and inherit. Didn't they give you shares and money? It's because you are greedy and ungrateful." Mr. Li was so angry that he thumped The table said, "Get out, you two animals, get out of here, I won't need you to take a look after I die, what a shame."

Li Jichun burst into tears.

Two policemen stepped forward to take the two of them away.

"Slow down." Li Jincong yelled suddenly, "Dad, whether you recognize us or not, we are descendants of the Li family, and blood and kinship cannot change the fact that Xuexi and I have already entrusted a lawyer, and we will report to you tomorrow. Send out a lawyer's application letter requesting re-division of the property. Don't worry, this home can't accommodate us, and we don't bother to stay in this home, but it belongs to our inherited property, and we must take it back. As long as we get what belongs to us, We will never come back again."

Chapter 639 Please don't hurt women and children

"You, you...a beast." Li Jichun pointed at his trembling hand.

"Dad, you drove me out in those years. Have you ever thought about how I survived as a girl? Do you think I don't want to live a stable life, and don't want to be a young lady? But in a foreign country, No one cares about me, no one cares about me, I can only make ends meet by doing odd jobs, have you ever called me and asked if I am alive or dead? I was almost shot by a black man once, if they didn't help me, I would I've died a long time ago, I'm also a human being, and I want to know how to repay you, you

have come to this point today, you are responsible, you can't blame me." Li Xuexi had a ferocious smile on her face, and hatred in her eyes.

Li Jichun was panting heavily with anger.

"Grandpa." Li Zhenting hurriedly helped the old man to the sofa and sat down, with his palms along his back, and he turned around after the old man got better, and the coldness in his eyes burst:

"Enough, do you still have the face to talk about this? Back then, you were so conscientious for money, you tricked me into the deep mountains behind, pushed me off such a high cliff, and wanted to put me to death. What did you do? Have you ever considered my feelings? Have you ever felt a pain in your conscience? You are intentionally killing people, and the crime is heinous."

Having said that, Li Zhenting's aggressive eyes stared at Li Xuexi:

"Originally, you were also the principal culprit, but Grandpa considered that you are a daughter. In order to protect you, he changed your nationality and sent you out to avoid prison. The purpose is to let you go abroad to learn to live independently and learn to grow. , You can't bear hardships, you will repay your kindness with revenge, and instead become a traitor, this time, no one can save you."

A guilty conscience flashed in Li Xue's drooping eyes, and she lowered her head.

At this time upstairs, Li Jiaojiao took Ding Ding back to the children's room.

"Coco, Coco," they called.

But the children's room was exactly the same as when they went out, and Ke Ke never came back.

"It's over, where did Keke go?" Ding Ding was frightened, "We have to tell Daddy and Mommy the news quickly, otherwise there will be trouble."

"Yes, then let's go down." Li Jiaojiao also realized the seriousness of the problem at this time, and she didn't dare to procrastinate any longer. She took Ding Ding and walked downstairs, planning to go directly to Li Zhenting and Shen Ning .

But when they just turned around, a black hole pointed at the two of them.

"Don't move around, otherwise, you will end up with one shot." A man spoke viciously in English.

Li Jiaojiao was stunned.

Oh my god, is this still in China? How could there be a foreign killer?

Li Jiaojiao is very familiar with English after staying in the United States for many years. This kind of situation often occurs abroad, but it basically never happens in China!

By the way, how did Li's old house come in with these foreign underworld gunmen?

"Okay, big brother, please don't hurt women and children, we will not move around, and we will cooperate with you." At the critical moment, she hugged Ding Ding and replied in fluent English with a smile on her face.

The man looked at her in surprise, probably because he was surprised by her fluent English.

"Turn around and get into the elevator." The man ordered her, with a pistol on her back.

At this moment, Li Jiaojiao was so frightened that she almost peed, her desire to survive made her not careless, she held Ding Ding's hand tightly and walked obediently towards the elevator.

Maybe ignorant people are fearless, but Ding Ding walked as if nothing had happened, but Li Jiaojiao's hands kept shaking, making his arms very uncomfortable.

Chapter 640 Who is willing to die?

"Auntie, please calm down, please? You are shaking so much that my hands are shaking too. I don't know. I thought it was because I was afraid. In fact, I am not afraid at all. Don't worry. We can't die, this villain won't do anything to us for the time being." Ding Ding became a little impatient, and complained after entering the elevator.

Li Jiaojiao's voice trembled when she heard it: "What do you know, kid? If you don't pay attention, we are going to report to Lord Yan today. I don't want to die. I'm not married yet and have children. You little brat is still young anyway. , I don't know what death is, I'm terrified."

"Huh." Ding Ding snorted coldly, "Look at what you said, who doesn't want to live well, who wants to die, but what's the use of being afraid? Now he wants to take the two of us as hostages and hold Daddy And the police uncles let the aunts downstairs, if we cooperate well, they won't do anything to us, don't worry."

Li Jiaojiao suddenly realized when she heard it, it was true, Li Xuexi and the man downstairs were handcuffed, this villain must be with Li Xuexi and the others, and they are going to rescue them.

She calmed down a lot, and secretly admired Ding Ding's calmness and intelligence in her heart, as expected of Li Zhenting's son, who has the demeanor of a general at such a young age in times of danger.

"Auntie, we will play it by ear and try not to cause trouble to Daddy and the police uncles." Ding Ding said in a low voice.

"Oh, my little ancestor of Tintin, don't mess around, the muzzle of a gun doesn't have eyes." Li Jiaojiao was so frightened that her legs trembled again, what does it mean not to give to daddy and police uncle Trouble you guys, this kid is not afraid of death, in order to behave well, to prevent gangsters from succeeding, to sacrifice heroically, and to eat bullets, she is not willing, she is not that noble, it is best to combine Li Xuexi and that The man was released, and then she and Ding Ding didn't have to die.

"Quick, get out." At this time, the elevator had reached the first floor, and the elevator door opened.

The man hit Li Jiaojiao's back heavily with the muzzle of the gun. Li Jiaojiao suddenly felt a burning pain in her back, and her face turned gray.

"Brother, okay, okay, we'll go right away, please don't shoot." She immediately said flatteringly, and led Ding Ding out.

"Ding Ding, when the time comes, you have to listen to auntie, don't move around." Li Jiaojiao whispered to Ding Ding.

Ding Ding was a little impatient with her fear of death, and snorted disdainfully. As soon as they got out of the elevator, he saw Mommy standing there, and immediately opened his mouth and shouted: "Mommy, run, There's a bad guy here, he's holding us hostage, he's got a gun."

When Ding Ding saw Mommy, he wanted her to run away, for fear that Mommy would be hurt.

Li Jiaojiao was so frightened that her heart jumped to her throat.

"Don't move, don't scream, whoever moves will shoot them both." At this moment, two men rushed down from the stairs, pointed their guns at Li Jiaojiao and Ding Ding's heads, and shot at Li Jiaojiao and Ding Ding. People in the living room yelled loudly.

This time they speak Chinese!

Everyone in the living room was shocked!

"Ding Ding." Shen Ning was the first to react. When she saw those guns aimed at Ding Ding's little head, her whole face paled and she cried out in pain.

Li Zhenting was about to rush away with Chen Ju with Li Xuexi and Li Jin, but the sudden change stunned them.

Right at this moment, the cell phone on his body rang.

"President Li, two groups of men in black rushed into the lobby of the Li Group." Leng Xue said anxiously on the phone.

"Keep the president's office and never let the secrets of the chip fall into the hands of those people. The chip is there." Li Zhenting glanced at Xiao Dingding, gritted his teeth and ordered to die.

"Okay." Leng Xue put down the phone and threw himself into the battle.

It seems that the enemy is fully prepared to come, attacking from several sides!
