

## Troublemakers 681

Chapter 681 was driven away by me

"Mr. Li, if it hurts, tell me." Director Yang spoke again while cooperating with Professor Rhodes, because the scalpel was about to cut into his eye socket.

"No need, just do the surgery, don't worry about me." Li Zhenting's voice was cold and heartless.

"Then you have to bear with it." Director Yang replied and began to cooperate with the operation seriously.

Li Zhenting clenched his teeth.

When Shen Ning approached quietly, he saw Li Zhenting lying on the hospital bed with a white cloth covering his face. Professor Rhodes and Director Yang were cooperating to operate on his eyes. The usually tall and fierce man was lying on the hospital bed. Not moving at all, like a wounded tiger, so weak that people feel pity.

In her lowered eyes, she saw Li Zhenting's tightly clenched fingers. The five fingers were tightly pulled into a ball, and the fingernails turned white.

Shen Ning's heart twitched.

At this time, the man in the dark is so fearful, painful and hopeless.

She is late! Feeling sore in his heart, he squatted down involuntarily, and gently clenched that hand, the fingers and the back of the hand were cold, almost convulsive.

She stroked gently.

"Little wind, little wind." Li Zhenting froze, and in the boundless darkness, a pair of warm little hands took his big hand, just like when he was fifteen years old, he saw the light in the cold and windy darkness, Seeing the hope of life, he was very excited.

Shen Ning held his hand tightly: "Zhen Ting, don't be afraid, I will always be by your side."

She said softly, and the scene of him hugging herself tightly and protecting her in his arms in the underground garage, facing the siege of gangsters, shed tears.

"Xiaofeng, where have you been all these years, I have been looking for you." Li Zhenting felt joy and surprise in his heart. When the pain and darkness hit him, he couldn't feel anything, as if he had come to a ball In the wonderful world of flowers and brocades, it is particularly comfortable and peaceful.

"Zhen Ting, your eyes will definitely be cured, and your eyes will definitely regain their brightness. Get tired, take a good rest, and I will guard you by the side." Shen Ning spoke softly, covering his cold hands a little heat.

"Yes." Li Zhenting hummed obediently, and agreed.

Professor Rhodes was worried about his emotional instability, and suddenly seeing that he was calm and in good spirits, he couldn't help but feel relieved.

At this time, Shen Ning said to Professor Rhodes in French: "Professor Luo, please give him an anesthetic injection."

"Okay." Professor Luo understood, and nodded to the anesthesiologist next to him.

The anesthetist immediately injected anesthesia into Li Zhenting's eye sockets.

At this point, Shen Ning finally felt relieved.

There are at least two more hours of surgery time, once Li Zhenting can't bear the pain, any part of the eye will be injured if he moves a little, which is very dangerous.

After the anesthetic was injected, Li Zhenting became more relaxed.

During the three-hour operation, the atmosphere in the operating room was very relaxed, and Li Zhenting was in a good mood. From time to time, he could joke a few words with the doctor, and he was very cooperative with the doctor's request.

The operation was completed ahead of schedule.

Two hours later.

Shen Ning came out.

"Shen Ning, how is my grandson's eyes?" Li Jichun sat outside the whole time, worried and afraid, and when he saw Sun Ning coming out, he immediately asked tremblingly.

Li Zhenting is his most proud grandson and the heir of the Li Group. If he loses his eyesight, the consequences will be disastrous.

Because of this, he hated his sons Li Jinchong and Li Xuexi very much, and hated himself for giving birth to such a pair of cruel and merciless children.

"Grandpa, don't worry, the operation was perfect, and Zhenting will definitely recover." Shen Ning replied affirmatively, soothing the old man's heart.

"That's good, that's good." Li Jichun was so excited that tears filled his eyes.

Shen Ning showed a comfortable smile on his face.

"Ning Ning, thank you for your hard work." Li Wanqing stepped up and held her hand, "Thank you so much for accompanying my son through the difficult surgery period, and I hope you will take more care of him during the recovery period. Good for my son's eyes." After Li Wanqing learned that the operation went well, she also beamed with joy, and the unhappiness in her heart disappeared, and she held Shen Ning's hand and urged her heavily.

Shen Ning hesitated for a while, but still nodded.

Chapter 682 occupied his heart a little bit

In the ward.

Li Zhenting's eyes were covered with thick gauze, and he had been asleep for a day and a night, and finally woke up.

There was sunlight coming in from the window, but there was still darkness in front of his eyes.

The effect of the anesthetic disappeared, and severe pain came from his eyes, and his arm moved.

"Zhenting, are you awake?" Shen Ning has been standing by the side, seeing his arm move, and immediately asked in surprise.

"I want to drink water." Li Zhenting pursed his lower lip, which was so dry that a layer of skin appeared, his throat was also hoarse and thirsty.

"Okay, I'll bring it right away." Shen Ning hurriedly picked up his jade cup, fetched warm water, put a straw in it, raised the head of the bed, and put the straw into his mouth.

Li Zhenting drank hungrily like an oasis in the desert, and he was relieved until he finished drinking a large glass full of water.

Shen Ning gently wiped his lips with a tissue.

"Xiaofeng." Li Zhenting paused for a moment, and grabbed her hand, pleasantly surprised.

Shen Ning was startled, feeling bitter in his heart.

She took care of him for a day and a night. In the middle of the night last night, he had a high fever due to rejection. She was afraid and anxious, so she called the doctor. She didn't dare to close her eyes all night. She sat beside him and stared at him, taking care of him meticulously.

But he called 'Little Wind' all night!

Shen Mei is right, Li Zhenting's beloved woman is indeed only Xiaofeng, and it is difficult for other women to enter his heart. This is probably the real reason why Shen Mei, no matter how coquettish and charming she is, cannot impress Li Zhenting.

"President Li, I'm Shen Ning." Shen Ning withdrew his hand and spoke lightly.

"Shen Ning?" Li Zhenting was stunned, a sneering smile suddenly appeared on the corner of his lips, "Why are you here? Didn't you go to take care of Jing Chenxi?"

"Mr. Li, I have been taking care of you for a day and a night."

"What about Jing Chenxi, is he willing?"

"President Li, what do you want to eat, I'll make it for you." Shen Ning stood up and asked with tired steps.

"Don't bother you, you can go." Li Zhenting replied indifferently.

He remembered very clearly that during the operation, when he fell asleep, his little wind came and took care of him. She was the good woman who really loved him!

He doesn't need Shen Ning's volatile and hypocritical love.

Shen Ning stood and stared at him for a while, this man turned his face and turned his back on him faster than turning the pages of a book!

Could it be that her care is all fake?

"Boss Li, if you don't need me to take care of you anymore, then I'll go home and take care of Ke Ke and Ding Ding."

"Get out, get out!" Li Zhenting shouted inexplicably annoyed.

"Then take care." Shen Ning paused and walked outside.

Li Zhenting pricked up his ears, hearing the footsteps walking away step by step, his heart seemed to be emptied little by little, feeling inexplicably irritable.

"Zhen Ting, you're awake." Soon after, outside the ward, Li Wanqing walked in with a big bag of food, and was very happy to see her son woke up.

"mom."

"Zhen Ting, get up and drink some porridge. I made fish belly porridge for you. It's good for your eyes." Li Wanqing took out the thermos box and began to serve him porridge, "By the way, where is Shen Ning?"

"I drove him away." Li Zhenting said angrily.

"What?" Li Wanqing stared blankly at her son and then sullenly said, "Zhen Ting, why are you so crazy?"

Li Zhenting replied disapprovingly: "She doesn't want to take care of me. The person she wants to take care of is Jing Chenxi. We can't force her."

Chapter 683 Could it be that Shen Ning is Xiaofeng?

"Nonsense." Li Wanqing scolded at the beginning, "You don't know good or bad, you don't know good people, and you hurt Shen Ning's heart again. Do you know who took care of you when you had the operation the day before yesterday? Who took care of you last night? You do it all day and night?"

Li Zhenting was stunned: "Could it be Shen Ning?"

"If it's not her, who else?"

"Impossible." Li Zhenting suddenly objected loudly, "It's Xiaofeng, she came to take care of me."

Li Wanqing sighed: "Hey, I think you are confused, there is no such thing as a small wind, it is Shen Ning who is taking care of you, after you entered the operating room that day, Shen Ning rushed over and strongly demanded Go in and stay with you, she has been with you for so long, but you don't know a good heart, and you keep talking about Xiaofeng, it's ridiculous, son, when will you wake up? Xiaofeng died long ago, she didn't If you are no longer in this world, how could she come to take care of you? If there is, it is an illusion that appeared in your confusion. From the beginning to the end, only Shen Ning was by your side. She is the mother of your two children , is the person you should respect and love the most, but you have been hurting her all the time, it's too wrong."

Li Zhenting sat like petrified, how could it be Shen Ning in the operating room that day, he obviously felt like his little wind? Exactly the same feeling as that year!

Could it be that Shen Ning is Xiaofeng? impossible.

If it is, it is impossible for him not to see it, and it is impossible for Shen Ning not to know his nickname.

He bowed his head.

Later, Cold Blood came over.

Li Zhenting told Leng Xue this doubt, and asked him if the person who took care of him was Xiaofeng? Leng Xue told him directly that it was Shen Ning from the beginning to the end!

Li Zhenting was silent.

The night is coming, and the north wind is blowing.

Li Zhenting sat restlessly on the hospital bed. No one asked him if he wanted to drink water, what he wanted to eat, warmed the peeled fruit for him, let alone helped him to the toilet and washed his feet.

Until this moment, he didn't know that before he knew it, he couldn't do without Shen Ning.

If Xiaofeng had never appeared these days, then now Shen Ning is slowly taking Xiaofeng's place in his mind, occupying his heart little by little.

At some point, he fell asleep on the side of the bed.

In a daze, a pair of soft little hands took his arms into the quilt, one arm hugged his head, and gently moved him to the pillow.

His nostrils are filled with the fragrance of the sea bath.

"Xiaofeng." He woke up suddenly, and grabbed the arm suddenly, full of surprise.

When the eyes are invisible, the senses of smell and touch are very sensitive. Because of this, his feelings are so real at this time.

"President Li, I am Shen Ning, not Xiaofeng." Shen Ning replied calmly.

"Ning Ning." This time, Li Zhenting heard clearly after being stunned for a while, and pulled her arm even harder, "I'm sorry, I blamed you wrongly."

"No need to apologize, you are not wrong, I promised to take care of you, I can't break my promise." Shen Ning said lightly, "Do you still need me to take care of you now?"

"Of course." Li Zhenting was ashamed and hugged her tightly: "I'm a bastard, please forgive me."

"Okay, then I will continue to take care of you until your eyes recover." Shen Ning broke free from his embrace, her voice so calm that it didn't seem like her own.

"I want to wash my feet."

"Okay, I'll fetch water to wash your feet." Shen Ning agreed and went to the bathroom.

After a while, she brought steaming hot water.

She bent down in front of him and moved his feet out of the quilt, took off the socks, put them into the hot water, and took a hot towel to wash him, with gentle movements.

"Thank you, Ningning." Li Zhenting breathed out comfortably, and put his fingers on her hair, stroking gently.

Chapter 684 She is too difficult!

"My head hurts, can you give me a massage?" After a while, after washing his feet, Li Zhenting lay on the bed because the severe pain in his eyes was pulling the nerves in his head. Ning didn't let go of his hand.

"Okay." Shen Ning saw that the edges of his eye sockets were red and swollen, and it must be painful. After agreeing softly, he crawled over and put his fingers on the top of his head to massage gently.

The gentle wind-like pressure made Li Zhenting feel more relaxed than ever. Gradually, the pain in his head became less painful, and his tense nerves also relaxed.

"Ning Ning, when did you learn to play the piano piece 'Moonlight'?" Li Zhenting remembered the afternoon of Shen Mei's birthday party, the moonlight piece she played made him think that his Xiaofeng played it for him. The moment is not without curiosity.

Shen Ning said lightly: "I have been practicing piano since I was very young. Moonlight is my favorite song. The most important thing is that there are many playing skills in it. I want to learn and conquer it. Therefore, I often practise."

"Oh, then can you still play it for me?" Li Zhenting said softly "Oh", recalling the scene when Xiaofeng played this song to her at that time, thinking, Shen Ning should not be Xiaofeng, It's just a coincidence, Xiaofeng loves this song very much, and will always play it to him when he is in pain, even so, he also hopes that Shen Ning can play it to him, he wants to relive the lost time .

"After you are discharged from the hospital, I will play it for you when I have a chance." Shen Ning replied after thinking for a while.

"But I want to hear it now."

"Where is the piano now?"

"I asked Leng Xue to send it over."

Shen Ning rolled his eyes, this \*\*\*\* was thinking about Xiaofeng again, and wanted to find Xiaofeng's feeling from her.

"The ward is only so small, it will be very crowded after putting down a piano, let's play it later." She yawned.

Taking care of such a giant baby is not at all easier than taking care of Ke Ke and Xiao Xiao. She has to be responsible for his food and drink, and also give him spiritual food, which is too difficult for her!

"Ning Ning, don't go, sleep with me." Just as Shen Ning finished massaging his head and was about to go down to rest, Li Zhenting held her tightly and refused to let her go.

Look, you have to sleep with me!

Before she could answer, Li Zhenting hugged her onto the hospital bed with his strong arms, wrapped her arms tightly around her waist, and locked her in his arms.

Shen Ning struggled weakly, he was so tired, as soon as his head touched the pillow, he fell asleep not long after.

the next day.

Shen Ning was about to buy vegetables to make lunch for Li Zhenting when his phone rang suddenly.

She picked it up and saw that it was a call from the Thunderstorm Army.

It was only then that I remembered that on the day of Mr. Li's birthday, Thunderstorm Army came to Li's old house and said that he could find out the cause of his mother's death that day, and she was so busy recently that she completely forgot about it.

"Inspector Lei."

"Miss Shen, do you have time?"

"have."

"Well, see you in half an hour, the cause of your mother's death has been revealed."

"Okay, I'll send you an address, see you there."

"Um."

After Shen Ning hung up the phone, she immediately sent an address to the Thunderstorm Army. She greeted Li Zhenting and walked outside.

Half an hour later, in a cafe near the hospital.

"Miss Shen, here are all the materials and evidence, all of which are here. Now, basically all the accomplices have been arrested and imprisoned, only the main culprit is left. As for whether the main culprit should be arrested or not, it is up to you to decide. I will leave all the evidence to you."

Thunderstorm Army handed her a thick document, and began to explain the whole process to her in detail one by one, and finally he solemnly handed over the decision-making power to her hand.

"Thank you." Shen Ning thanked him, transferred the rest of the fee to him, stood up and said: "I will not let the person who killed my mother, no matter who he is, and I will definitely send him to the police. What the authorities deal with is clear and clear, and everyone must be responsible for their own actions."

Chapter 685 Mother's Cause of Death

"Yeah." Lei Tianjun smiled slightly, took his leave, and turned around and walked into the busy flow of people.

Shen Ning's fingers clenched the document bag tightly, but his heart was throbbing.

Ask what love is in the world, and it makes people agree with each other.

If my mother hadn't been fooled by Shen Deshun back then, with her qualifications and skills, she could have lived a delicate and strong woman. If she wants the wind and the rain, she can bloom her life perfectly and draw a beautiful end, and may now be a respected female designer and female entrepreneur in the perfume industry.

But is there any if in this world? No!

Life is life, cruel and realistic!

Everyone is responsible for their own choices!

She walked outside in the drizzle, and the bitter north wind poured into her neck, but she didn't feel cold.

Another half an hour later, she stood outside the Shen Group.

"Shen Deshun, it's only natural to pay back the debt. If you don't pay back the money today, we will break your legs." The loan shark led a group of strong men outside the office and shouted aggressively.

Shen Deshun hid inside and shivered.

The loan sharks are knocking on the door.

Not long after, they smashed open the door and rushed in. Soon, Shen Deshun's screams of ghosts and wolves came from inside...

Shen Ning smiled coldly, took out his mobile phone and called the police, then stood by the window of the corridor, calmly looking at the blue sky and white clouds outside...

Many years ago, Shao Meiqi discovered that the love she was desperately pursuing was so vulnerable. Shen Deshun had an affair less than two years after they got married, and had an illegitimate daughter. Xiaosan was very arrogant and pestered her every day. The husband also asked her husband for the shares of the Shen Group.

But Shen Group was founded by her alone, with 80% of the shares in her hands, including the help of Shaw Group, how could she give it to Xiaosan?

So, at the instigation of Xiaosan, Shen Deshun came up with a crazy plan: destroy Shao Meiqi and send her on the road.

It's just that Shen Deshun was only a comedian after all, and he doesn't have enough talent and strength, let alone the guts, so he hasn't made a decision for a long time.

At this time, Lan Feiyun climbed up to Li Xuechong, Li Xuexie, and they promised to be their backing, and they also promised to make the Shen Group to glory from now on. Of course, if there was no Li Zhenting,

they might be possible after they came to power, but they lost to Li Zhenting, if Shen Deshun had known this would end up, he would not have dared to attack Shao Meiqi.

Just like that, on that day, after Shen Deshun and Shao Meiqi had a big fight, Shen Deshun's request for the shares of the Shen Group was fruitless, and he pushed Shao Meiqi downstairs out of embarrassment.

I thought she was bound to die, but unexpectedly, Shao Meiqi was so fateful that instead of dying, she became a vegetable and was bedridden ever since.

After hearing the news that her daughter jumped off the building, Jun Meizhen was heartbroken, and began to investigate the cause of her daughter's death. Through the description of several servants in the Shen family, she felt something strange: it was impossible for her daughter to jump off the building.

So, she called the police.

It is a pity that the investigation of this case could not be continued later, and it encountered layers of resistance. Not only the Li family, the richest man at that time, came forward to stop it, but even the Jing family also came to interfere. At that time, the Shao family was already in decline, unable to withstand the obstruction of these two big families at all, can only let it go.

Finally, the police closed the case by jumping off a building on the grounds of Shao Meiqi's depression.

But Jun Meizhen never believed that her daughter would jump off the building. She kept all the evidence and the evidence she collected, hoping that Shen Ning would reverse the case for her mother in the future.

Of course, she didn't know that her daughter had long had an affair with Jing Chenxi's father, which hurt the interests of some members of the Jing family and the face of the Jing family. Although the Jing family did not do anything to hurt Shao Meiqi at that time. Come, but when Jun Meizhen investigated Shao Meiqi's jumping incident, the Jing family also secretly obstructed it. On the one hand, the relationship between Shao Meiqi and Jing Chenxi's father was really shameful, which had already affected the business of the Jing family. On the one hand, the Jing family's reputation was also damaged because of this, and they also hoped that it would be best if Shao Meiqi jumped off the building and became a vegetable as the ending.

Therefore, Shao Meiqi's unjust case became a foregone conclusion.

Chapter 686 Please don't ask for my forgiveness

"Run, the police are here." A loan shark yelled, and after the others beat and kicked Shen Deshun, they swarmed outside.

"Oh, it hurts so much." Shen Deshun collapsed on the ground, crying loudly with blood in his mouth and nose.

Shen Ning stood not far away and looked at this greedy, vicious, scumbag man, clenched his fists tightly.

If he doesn't call the police, he will be beaten to death by those men.

Call the police and save his life, that is to repay his kindness of childbirth, but mother's revenge must be repaid. A man deliberately pushed his original wife downstairs, wanting to put her to death. His heart is poisonous. It's intolerable, for the rest of his life, he should atone for himself in prison!

The police quickly came up and took him away.

"Shen Ning, Shen Ning, my daughter."

When the police took Shen Deshun away, in a blur of blood and tears, he saw his daughter Shen Ning standing not far away. That was his only hope, just like many years ago, as a comedian, he even raised himself. When he was not alive, when he saw the beautiful and wealthy Shao Meiqi in adversity, he rushed towards her as if seeing a savior. At that time, he knelt under her pomegranate skirt, as obedient as a dog, but in just a few years, After Shen's group got up, he drifted away, completely forgetting the original kindness.

Shen Ning approached.

"Ning Ning, my good daughter, save Dad quickly, call Li Zhenting and ask him to save me." He knew that only Li Zhenting could save him in this world, so he pleaded bitterly and knelt down in front of his daughter licking.

Shen Ning sneered:

"Dad, this is the last time I will call you Dad again. Shouldn't you feel guilty when you see me now? Shouldn't you be ashamed? Why do you still have the nerve to ask me for help? What did you do to me and my mother? Are you qualified to say this?"

Shen Deshun was taken aback.

"Shen Deshun, let me tell you, I have found out how my mother jumped off the building, and I have found the evidence. The law is clear, and everything will have retribution. I have handed over all these evidences to the police station. You will try to surrender yourself. Make a good reform, and please don't ask for my forgiveness, I will never forgive you when it comes to treating my mother." Shen Ning continued to say something, then turned and walked downstairs resolutely.

"Ah, Shen Ning, you lowly daughter, you will be punished for treating your biological father like this." After Shen Deshun understood, he was so angry that he yelled and rolled on the ground, but the police would not let him be fooled. Yes, he slipped up and escorted him into the police car.

Retribution! Shen Ning sneered, if she had to suffer retribution for avenging her mother, then let the retribution come as soon as possible, she would not frown.

"Mummy, I heard that Daddy's eyesight is gone, I really want to see him." Shen Ning received a small phone call after shopping for groceries, and the innocent little girl was worried and worried on the phone.

In her eyes, Li Zhenting is always her dear father, and she loves him.

Shen Ning was stunned, thinking of the relationship between Shen Deshun and her, she couldn't let Xiaoxiao repeat her mistakes, she should get her father's love.

She believed that Li Zhenting would not be as ruthless as Shen Deshun.

"Okay, Mommy will pick you up in the afternoon." She agreed with a smile.

"Mommy, I'll wait for you." Xiaoxiao was very happy, and after she knew that Daddy's eyes were gone, she felt so distressed.

Daddy is so handsome and capable, how could he not have eyes!

"Ning Ning, do you have something on your mind?" After returning to the ward, Shen Ning has been cooking in silence, even when feeding Li Zhenting, he was also taciturn, and Li Zhenting asked with concern.

"No." Shen Ning replied lightly.

Li Zhenting's ears twitched, and the corners of his lips curled up in an unfathomable arc.

This woman is very strong, and she refuses to say anything.

But he knows everything.

She has been secretly asking the private detective Lei Tianjun to investigate the cause of her mother's death. Because of the guilt towards her, he is actually helping her secretly.

Without his help, how could the Thunderstorm Army have been able to investigate what happened more than ten years ago!

But if she insists on not saying it, he won't point it out!

Chapter 687 Uncle, are you in pain?

"By the way, Xiaoxiao wants to see you." Shen Ning said suddenly.

"Okay, do you want me to send someone to pick her up?" A smile appeared on the corner of Li Zhenting's lips.

As for the little girl, he actually loves it very much in his heart. The little guy is sensible, well-behaved, and looks like a caring little padded jacket!

"No, I'll pick up Keke in the afternoon, and pick her up together when Tintin is here."

"Take Lan Lan, too. Lan Lan must be very sad now that she doesn't have a mommy." Li Zhenting said after thinking for a while.

"Yes." Shen Ning agreed.

"Ningning, let's remarry after my eyesight recovers." Li Zhenting opened his dark eyes and spoke emotionally.

But he didn't even hear Shen Ning's answer after talking several times.

"Shen Ning, Shen Ning." He shouted loudly.

Shen Ning ran over from the kitchen: "What? What do you want?"

"Didn't you hear what I just said?" Li Zhenting asked angrily.

"What did you just say?" Shen Ning asked back.

"..." Li Zhenting was a little anxious, "Forget it, I didn't say anything."

"Then I'm going to make fish soup."

Shen Ning turned around and went to work in the kitchen again.

Li Zhenting was lying on the hospital bed with an inexplicable emptiness in his heart. For some reason, he always felt that Shen Ning's heart was like a needle under the sea, which could not be felt or seen, and was erratic, which made him panic for no reason.

After a while, there was a light knock on the door outside.

"Come in."

The door was gently pushed open, and a small round head came in. The exquisite facial features were inlaid with a pair of \*\*\*\* round eyes. The eyeballs blinked and blinked, which was very cute and soft.

"Who?" Li Zhenting pricked up his ears.

"Uncle, it's me, Xiaoxiao." Xiaoxiao walked in quietly.

"It turns out that Xiaoxiao is here." Li Zhenting's beautiful lips instantly showed a brilliant arc, and the cold and hard jawline also appeared exceptionally soft at this time.

Just now when Shen Ning mentioned Xiaoxiao, Li Zhenting immediately secretly sent someone to pick Xiaoxiao up.

Although Xiaoxiao is not his child, she is Shen Ning's daughter and both parents. He knows the importance of children to Shen Ning.

He has already decided that he will accept Xiao Xiao and treat her well in the future, so that the relationship between him and Shen Ning can be repaired, and it is also for the harmony and beauty of their big family.

"Uncle, do you hurt?" Xiaoxiao stood beside Li Zhenting, looking at the thick gauze covering his eyes with big eyes, and asked with concern.

"It doesn't hurt."

"You lied, it must be very painful."

"Then it hurts." Li Zhenting knew that he couldn't fool this smart and cute little guy, so he had to tell the truth.

"Uncle, let me blow it up for you, it won't hurt anymore."

Xiaoxiao pointed her lips at the red and swollen skin around Li Zhenting's eyes and blew.

"Well, it really doesn't hurt anymore." Li Zhenting said immediately.

"That's great." Xiaoxiao smiled until her eyes turned into crescent moons.

"Uncle, why are you blind?" She asked curiously.

"I don't know." Of course Li Zhenting would not tell a little guy about his eye injury, but he just replied perfunctorily, "Maybe it was too much wind."

"No." Xiao Xiao replied with her hands behind her back, "I know the reason."

"Oh." Li Zhenting was taken aback, "What is the reason?"

"Because it's because you have seen too many beautiful women with long needles and sores." Xiao Xiao replied solemnly.

Li Zhenting was surprised: "Xiao Xiao, who told you this?"

"The nurse said it." Xiao Xiao replied innocently.

Just now when she came downstairs, she heard the young lady at the nurse station talking about Li Zhenting, saying that he is so handsome, and now many nurses are scrambling to change his dressing in order to get close to him every day.

She heard a nurse lady scolding another lady, saying that she had seen too many beautiful men, and she was careful to get sores in the eyes of needles. Therefore, she deduced that Daddy's eyes could not see, which must be the reason. The ugly witch is seen by daddy every day.

After Li Zhenting paused for a moment, he wanted to cry but had no tears. He dared to believe that the image he left behind was a big hooligan who only likes to see beautiful women.

Chapter 688 Then will you marry my mommy?

"Those nurses said that they don't need to eat just looking at you, saying that you are rich and handsome. Since you came, there have been many more women here." Xiao Xiao continued, and after speaking, her little finger touched Under Li Zhenting's cheeks, his \*\*\*\* grape-like eyes blinked.

Now Li Zhenting was so teased that he almost laughed out loud.

"Xiao Xiao, don't listen to those people's nonsense, I'm going blind now, no beautiful woman wants to live with a blind man." He smiled wryly.

"No, my mommy is willing."

Li Zhenting was shocked when he heard this: "Really? Is your mom willing?"

"It's true, I can see her heart." Xiao Xiao replied seriously.

Li Zhenting sat up, stretched out his hands towards Xiao Xiao, and asked kindly: "Xiao Xiao, can I hug you?"

"Of course." Xiaoxiao finally waited for the day when Daddy wanted to hug her, and happily jumped into his arms.

Li Zhenting put his hands together, and gently hugged Xiao Xiao into his arms.

"Xiao Xiao, you are so sensible, can we be good friends in the future?" He lowered his head and kissed the little girl's head. The little girl was milky and milky, and her hair was full of the scent of shampoo. She was cute and well-behaved. , It would be great if I could have such a sensible and caring daughter.

He thought of the arrogant Lan Lan, and sighed in his heart.

"Of course." Xiao Xiao is very happy, Daddy finally treats her well.

Mummy said that all men are blind. It seems that Daddy's eyes got better after being blind.

"Xiao Xiao, do you like Uncle?" He asked kindly.

"I like it." The little guy's voice was sweet and sweet, and he rested his head on Li Zhenting's chest.

It would be great if she could be with her daddy every day. She has never enjoyed a father's love, and she really envies Lan Lan for having such a good daddy.

Li Zhenting gently stroked Xiao Xiao's thin shoulders with his big hand, and suddenly asked: "Xiao Xiao, where is your daddy, does he never visit you? Have you ever seen him?"

The little mood fell down immediately, with tears in his eyes, he replied in a low voice: "I have seen Daddy, but Daddy doesn't recognize me, and he doesn't like me either."

Li Zhenting felt sore, and hugged her tightly: "It's okay, he doesn't recognize your uncle and recognizes you. In the future, when your uncle recognizes you as his daughter, can you live with your uncle? Uncle will definitely give you the best living conditions, Let you enjoy the same education as Ke Ke, Ding Ding and Lan Lan, and get fair material conditions."

"Really?" The small black eyes were full of vision and longing, and the pupils were shining brightly.

"of course it's true."

"Then will you marry my mommy? My mommy is so pitiful."

As long as Daddy marries Mommy, they will be a happy family, and she will have Daddy and Mommy!

"Okay, I am willing." On this point, Li Zhenting and Xiao Xiaoshang reached a high degree of agreement, and both of them were very happy.

"But I don't quite trust you." Soon, Xiaoxiao pouted to express her worry.

Because last time Li Zhenting invited her to dinner, bought her a gift, and promised to be nice to her mommy, but later, he broke his promise and was not nice to mommy. Several times, she even saw mommy crying.

"This time, I must be sincere. If I lie, there will be a thunderbolt." Li Zhenting also remembered the last time, and felt a little ashamed. No wonder he had a bad impression in the little girl's mind. This time, he definitely won't I will.

"Okay then, I will trust you again." Xiao Xiao still chose to trust him, very happy, "Uncle, let me sing you a song."

"Okay." Li Zhenting kissed her little head, "If Xiaoxiao sings to uncle, uncle will definitely not be in pain."

"OK."

Xiaoxiao cleared her voice, she has a good voice, and she sings very well.

"Is it because if we don't grow up, you won't grow old. Is it because we act like a baby, and you can still hold me high? Is it because you won't let go in this life..."

The little sweet singing sounded in the ward.

Chapter 689, you can call me Daddy

When Shen Ning came out with the fish soup, he was surprised to see Xiaoxiao sitting in Li Zhenting's arms shaking his head, singing vividly, his milk voice was clear and sweet, his dark eyes were shining brightly, his face was full of happiness .

And Li Zhenting's lips are also filled with a kind, gentle and doting smile, intoxicated and happy.

The father and daughter hold small hands with big hands, very focused and happy.

For a while, she stared blankly at them.

"Mum, I'm done singing, does it sound good?" After a while, Xiao Xiao saw Shen Ning standing by the door frame, and immediately shouted excitedly at her.

Shen Ning stepped forward, put the fish soup aside, touched Xiao Xiao's head and said with a smile, "Xiao Xiao sings very well. When she grows up, she can become a singer."

"Nonsense, how can my Li Zhenting's daughter become a singer? In the future, I want her to be a princess, with no worries about food and clothing, find a good man to marry, and live a life of luxury." Li Zhenting's face tensed, and he immediately objected.

Shen Ning was a little shocked.

Did Xiaoxiao tell Li Zhenting about her life experience?

While in doubt, I heard Li Zhenting say: "Ningning, we will be a family from now on. Although Xiaoxiao is not my own daughter, I will treat her as my own daughter from now on, and she will enjoy the same benefits as Lan Lan. treatment."

After finishing speaking, she looked down at Xiao Xiao, held her little hand and said, "Xiao Xiao, you can call me Daddy from now on, I recognize you as my daughter."

The small eyes were shining brightly, and she looked at Shen Ning timidly: "Mummy, can I?"

Shen Ning felt sour in his heart.

Xiao Xiaoben is his biological daughter, so why not call her Daddy! Do you still need to admit it?

She nodded towards Xiaoxiao.

"Daddy." Xiaoxiao immediately called out happily.

"Hey, call again." Li Zhenting cheerfully agreed, but was not satisfied, so he asked Xiao Xiao to call again.

"Daddy."

"Hey, speak up."

"Daddy." Xiaoxiao yelled loudly and cheerfully, turned around and hugged Li Zhenting's neck, "Daddy, can I kiss you?"

"Yes." Li Zhenting picked up Xiao Xiao, groped and kissed her forehead several times, Xiao Xiao also hugged Li Zhenting and kissed him carefully on the cheek twice, then smiled happily.

From now on, she also has a daddy!

Daddy finally recognized her!

It's just that the little guy doesn't know that there is still a difference between this daddy and his biological daddy. She is too young to figure out this relationship!

"Daddy, do you still have pain here?" Little fingers stroked the red and swollen skin around Li Zhenting's eyes, and asked worriedly.

"It doesn't hurt anymore, it doesn't hurt after listening to Xiaoxiao's song." Li Zhenting shook his head.

"Then I will sing to you every day from now on."

"Thank you Xiaoxiao."

"Okay, it's time to eat." Shen Ning said lightly, but his heart was a little confused. He picked up the fish soup and said to Li Zhenting: "Let's drink the soup first. This is salmon bone soup. It contains DHA, which is good for the eyes. ."

Li Zhenting opened his mouth.

Shen Ning took a spoonful and put it into his mouth.

Xiao Xiao hurriedly picked up a tissue and wiped Daddy's mouth...

After finishing the soup, Shen Ning brought food, Xiao Xiao kept helping Li Zhenting with food like a little butterfly, especially when feeding Li Zhenting, she even took the initiative to bring food for him, and even helped Shen Ning Ning feeds Li Zhenting.

After Li Zhenting finished eating, Shen Ning packed food for Xiao Xiao. They sat on the side, a family of three, talking while eating, and the atmosphere was very good.

Just after lunch, suddenly, several people from the moving company came to the ward.

Shen Ning was a little surprised.

Chapter 690 Just accept it

"Ning Ning, I'm sorry, I didn't inform you about this matter, now Xiao Xiao is here, wait for Ke Ke, Ding Ding and Lan Lan will also come, this ward is too small, I have re-booked a sea view room, and will move right away Let's go." Li Zhenting hurriedly explained to Shen Ning.

Shen Ning finally understood what he meant.

"Mr. Li, this is too wasteful. In fact, this ward is pretty good." Shen Ning looked at the neat room and living room. Such a ward is hard to get in this top 100 hospitals in the country. Yes, she thought it was good enough.

But Li Zhenting didn't wrinkle his eyebrows, but said dissatisfiedly:

"How can it be wasted? Next, I will take a month's sick leave. The children must live with us. It is necessary to change to a bigger house. Besides, I, Li Zhenting, have plenty of money. Are you afraid of spending it? "

Shen Ning stopped talking.

The moving company starts moving immediately.

Sure enough, there are many people and strength. After an hour, the house was moved.

When Shen Ning took Xiao Xiao and supported Li Zhenting into this sea view VIP ward, he was still shocked.

This is not a ward, it is clearly from the resort!

There are front and rear gardens in the ward, which is close to the sea. The environment is beautiful and the air is fresh. Standing by the door, you can hear the sound of waves, which is very healing.

As soon as they walked into the living room, Shen Ning saw the piano placed in the living room, and his heart sank.

Li Zhenting wants her to play the piano for him, and Moonlight is his old love...

"May I ask who is Miss Shen Ning?" When Shen Ning was tidying up the house, suddenly, a young man in overalls came in and asked politely.

"I am." Shen Ning walked out.

"Miss Shen, this is a letter and flowers from Mr. Li, please sign for it." The young man smiled and handed her a beautiful note.

Shen Ning was taken aback, Mr. Li?

She looked down at the gold-edged card, and raised her eyes to look sharply.

He was sitting on the sofa with a strong figure and a faint smile on the corner of his lips.

Just when she was puzzled, several young men came in one after another carrying blue flowers and holding incomparably beautiful flowers.

"Miss Shen, these flowers are all just brought in by air. They are very fresh. We can arrange them according to your requirements. The flowers are given to the beauties. The beauties are in a good mood, happy in body and mind, and happy." The young man smiled and said nice words.

Shen Ning had no choice but to sign.

Xiaoxiao was very happy when she saw the flowers. Girls love flowers by nature, so she ran to admire them.

Not long after, another bunch of plush toys came over, making Xiao Xiao even jump up with joy.

"President Li, why did you send these?" Shen Ning walked up to Li Zhenting and asked helplessly.

"This is my wish, just accept it." Li Zhenting said lightly, "You have worked so hard to take care of me, so what is it worth giving you a gift, there will be various gifts for you in the future, just accept it with peace of mind " Li Zhenting reached out and took her hand,

"To be Li Zhenting's woman, you must learn to enjoy it. In the future, there will often be gifts. You have to get used to it."

Shen Ning stared at him: "Who said I am your woman? You have money to give to others, I don't need it."

A 'shameless' smile appeared on the corner of Li Zhenting's lips: "You said that we are so close, isn't this my woman? It seems that you are still not convinced, okay, then we will do it every night from now on, so that you can be convinced until."

Shen Ning's face turned red, and he said angrily:

"Crazy, be careful not to go blind."

"You are so cruel that you cursed me to be blind? What good is it to you if I am blind? What good is it to Ding Ding and Ke Ke?" Li Zhenting pulled Shen Ning into his arms, gritting his teeth ask.

Shen Ning said angrily: "I didn't mean that at all, you let me go, outsiders and Xiaoxiao are here."

"Tsk, I don't know how much Xiaoxiao wants me to be intimate with you. What are outsiders afraid of? Haven't they seen the love between husband and wife?" Li Zhenting recklessly brought his brazenness to the extreme.
