

Troublemakers 701

Chapter 701 She won't come back

"Daddy, haven't Mommy and Xiaoxiao come back yet?" During this period of time, Coco has gotten used to the feeling of having Mommy and Daddy at home, so she didn't see Mommy and sister for a while, especially at night, The house was still deserted, so he couldn't take it anymore, and kept asking Li Zhenting.

Looking at his son's immature and expectant face, Li Zhenting felt bitter in his heart.

If he told Ke Ke that his mommy didn't want him anymore and left with Xiao Xiao, what would happen to him?

"Mum has something to do with Xiaoxiao, and she won't be back in a few days." He smiled and comforted his son.

Coco was very disappointed when he heard that it would take several days to come back.

But he still nodded sensibly, neither crying nor fussing.

Li Zhenting's eyes were filled with darkness.

The whole day, because of Shen Ning's disappearance, he didn't have any appetite and didn't eat anything. Now it's evening, and she still hasn't come back, so he had to order takeaway from the hotel, and urgently transferred two nannies from Li's Castle Take care of the kids.

"Mr. Li, from the monitoring screen of the hospital, we can see that Mr. Shen left here at about 4:40 in the middle of the night with Xiao Xiao in his arms. She should have already left and will not come back again." The children After falling asleep, Li Zhenting received a call from Leng Xue, and was so angry that his heart and kidneys hurt, and his anger turned into anger for a while.

What a Shen Ning, actually secretly left him in the middle of the night! Don't tell him a word, let him look for it stupidly, what do you think of him?

Yesterday, he asked her to prepare her ID card and household registration booklet. Originally, today she was going to take her to the Civil Affairs Bureau to get a marriage certificate and remarry, but she went missing!

It seems that she must have run away because of this.

She doesn't want to remarry him!

What a shame!

Li Zhenting blushed, and asked sullenly, "Can you find out where she took Xiao Xiao?"

Lengxue replied over there: "Mr. Li, what I have found now is only the monitoring of the hospital. I can only see Mr. Shen leaving the hospital with Xiao Xiao in his arms. As for where he went, it remains to be found out."

"Then continue to investigate until you find her. Even if you dig three feet into the ground, you have to find her." Li Zhenting ordered with a blank face, and hung up the phone.

Shen Ning, you are so bold, you dare to run away like this, just wait and see, I will definitely catch you!

You don't want to remarry me, but I want to remarry you. If you want to escape from me, there is no way!

He slammed the phone onto the bed.

America.

Lin's villa.

European-style steeple-like sloping roof, ash wooden frame and column decoration, light luxury and low-key, vines wrapped around natural building materials, revealing a fresh atmosphere, which is obviously different from the buildings of the imperial capital.

Shen Ning stood at the gate, looking at the business card in his hand, full of thoughts.

I have been in the United States for three days.

Spices have found a few more suitable and reliable merchants, but the current geopolitics is very sensitive, facing various sanctions and tariffs, not only the cost is high, but also cannot be smoothly transported to the imperial capital.

In order to solve this problem, after thinking hard, she thought of a person, Lin Zhenxun!

Last time, when he was in the imperial capital, Lin Zhenxun once said that he would expand the Huayue series of perfumes to Europe, and he also agreed to cooperate with her at that time.

Lin Zhenxun has a certain influence in the United States. If he can use his hands to set up a spice company in the United States and export directly to the imperial capital, this will solve the problem of Gu Qi's raw materials for a long time. It would be great.

Besides, Lin's company enjoys preferential tariffs and has connections. If he can cooperate with him, everything can be easily solved.

"I'm sorry, Director Lin is not at home." After a while, a man who looked like a housekeeper came out and told Shen Ning that Lin Zhenxun was not at home.

Shen Ning was a little lost, and wanted to ask something more, but the housekeeper had already closed the door and left.

She had no choice but to leave, planning to come back the next day.

Chapter 702 He is bound to find her today

"Isn't this Ms. Shen?" Just as Shen Ning was walking with her head down in a daze, suddenly, a black BMW luxury car drove out from the underground garage of Lin's villa and stopped beside her, with the windows rolled down. , a middle-aged man's face appeared in front of her, with surprise on his face.

Shen Ning turned his head, his black eyes immediately brightened up, isn't this exactly Lin Zhenxun?

"Director Lin." She said politely, "I'm looking for you."

"Shen Ning, it's really you." After seeing her face clearly, Lin Zhenxun laughed and spoke very happily.

"Mr. Lin, yes, it's me. I came here specially to find you." Shen Ning smiled slightly, "Last time, what you said about the development of the Huayue series of perfumes in Europe is still valid?"

"Of course it works." Lin Zhenxun smiled, and opened the car door with the remote control. "You come up first, and we will talk in detail."

"Okay." Shen Ning was very happy, and immediately got into the car, it was God's help that she met him himself.

In fact, what she didn't know was that Lin Zhenxun's family had a great business and many residences, and this place was the business card he personally gave her when he was in the imperial capital. This was the reason why she could find him, otherwise, even if she stayed in the United States It was also difficult to find him for half a year. It was not God's help, but Lin Zhenxun who gave her the green light.

...

Gucci Perfume Group.

Li Zhenting stepped in with long legs, his handsome and charming face was covered with haze!

"Mr. Li, hello." The secretary came up to greet her. The secretary was still in awe of the former boss behind Gu Qi.

"Call your boss Shen out and say I'm looking for him." With a tense face, Li Zhenting spoke directly in a commanding manner.

"Shen, Mr. Shen, she's not here." The secretary hurriedly replied, "She hasn't come to work for a long time."

"Nonsense." Li Zhenting yelled angrily, "She came to Gu Qi three days ago, and you are lying, tell you, find her immediately, otherwise, I will buy Gu Qi and let you all go to the Northwest Wind."

Li Zhenting's temper was on the verge of rage, and he couldn't find Shen Ning for three consecutive days. Shen Ning seemed to have evaporated from the world.

Leng-Blood found out that she was last seen in the Gucci Building three days ago through surveillance footage at the police station.

Clearly, the Gucci staff is lying!

Today he is bound to find her and ask her to give an explanation.

Want to run, but there is no door! Even if Yu Sheng is tied, he will tie her to the Civil Affairs Bureau to get a marriage certificate, and let her go home to take his children.

The secretary was trembling and startled: "Mr. Li, we really haven't seen Mr. Shen before."

The air immediately became several degrees colder!

"Call Marley over here." Li Zhenting said coldly, standing in the corridor like a mountain god, his tall and straight body carried a threatening chill.

"Okay, wait a moment." The secretary had no choice but to walk towards Marley's office.

Li Zhenting's sharp eyes glanced around, looking at the brochures in the corridor, Gu Qi has indeed changed a lot compared to before.

In the past, every time he came to inspect the work, the corridors were filled with the smell of makeup, and the female staff were either gathering together to chat or gossip. Now, there is a thriving new atmosphere everywhere.

"Mr. Li, so you are here." Marley came out to greet him with a smile, "Please go to the VIP room and I'll make you tea."

He had a headache, and Shen Ning had specifically confessed to him before leaving that he could not tell where Li Zhenting had gone.

But this master came over like a hurricane, and he couldn't breathe under the pressure.

Gu Qi didn't dare to offend this **** at all, and couldn't escape, so she could only bite the bullet and deal with him.

Hey, I really don't know what grievances Mr. Shen has with him, and the trouble is so confusing.

Chapter 703 I just stay in her office every day

"Where is Shen Ning? Let her come out to see me immediately." Li Zhenting asked directly with a sullen face.

Marley looked distressed: "Mr. Li, Mr. Shen has been taking care of you all this time. You don't know where she went, so I don't know."

Li Zhenting's eyes froze: "Marley, it seems that you don't want Gu Qi to live anymore, do you?"

Ma Li cried and said: "Mr. Li, I am also looking for Mr. Shen. If Mr. Shen does not come back, Gu Qi will not be able to survive without your help."

Li Zhenting twitched his ears and asked, "What's going on?"

"Hey." Marley sighed greatly, "Mr. Shen has lost a stable supply of spices since he cut off his relationship with Mr. Jing of the Jing Group. You also know that the main raw material of perfume is spices. Sometimes a perfume needs seven More than a dozen types of spices are not only in great demand but also of various types. Now that Gu Qi's spices have been used up, production has come to a standstill, and there are no more spices, do you think Gu Qi can continue to open?"

"So Shen Ning is looking for spices?" Li Zhenting asked after thinking about it.

If this is the case, it seems understandable, but, is it necessary for her to hide from him and escape secretly? She can come back openly, and he will not tie her hands and feet. When necessary, he can also help her of.

"Probably so." Marley replied speciously.

"Then where is she looking for spices now?"

"I don't know about that." Marley spread his hands, he really didn't know where Shen Ning was in the United States.

"Why didn't you follow such an important matter? If you insist on letting a woman find it alone, if something happens, can you afford it?" Li Zhenting's eyes flashed coldly, and he asked coldly.

Marley hurriedly replied: "No way, Mr. Shen won't let me follow."

"Really, that means you know where she went." Li Zhenting sneered.

Marley was stunned, and only then did he realize that Li Zhenting had already surrounded him. This man was too shrewd.

In desperation, he had no choice but to say: "Mr. Shen did come back to Gu Qi three days ago, but at that time the raw materials were in short supply, and she took a plane to find spices within a few minutes."

"Where can I find it? Tell me the detailed address, hurry up."

Up to now, Marley had to recount what happened that day, and then said: "President Li, I have told you everything I know. I lied to you as a grandson. At my age, if I lie again, I am cheating." own face."

Li Zhenting pondered: "Then tell Shen Ning that I will stay in her office every day and let her contact me by herself."

After finishing speaking, he really walked towards Shen Ning's office.

Marley looked at the tall man's back, helpless.

For King Li Yan, he has nothing to do!

America

Streamer Coffee House.

"Shen Ning, don't worry, the raw materials of spices are on my shoulders. I am preparing to cooperate with you to develop the Huayue series. During this period of time, something happened at home and it was delayed. You just came, so we will discuss the details. Let's start working immediately." Lin Zhenxun immediately agreed after hearing Shen Ning's ins and outs.

Shen Ning cautiously: "Dong Lin, this is my plan. The emperor is the foundation of Gu Qi, which cannot be lost. The most important thing now is to solve the problem of raw materials. There are many spices that can only be imported from abroad. The current international environment You also know that I want to cooperate with you to establish a fragrance company first, which can ensure the development

of the Huayue series we will cooperate with in the European market, and can also provide Gucci with raw materials, what do you think?"

"It's just what I want." Lin Zhenxun made a decision immediately, "Well, I have a factory in Vietnam, which happens to be used as a spice warehouse. I mobilize spices from all over the world there, and then transfer them to the imperial capital. This is the best of both worlds, and I can avoid High tariffs."

"Great." Shen Ning was very excited, "Thank you, Mr. Lin, I believe that as long as we cooperate sincerely, Gu Qi will become famous soon. After returning this time, I will definitely strengthen the promotion and work harder to develop company's."

"Well, I believe you." Lin Zhenxun smiled and nodded.

Shen Ning's hanging heart was finally relieved, and they began to discuss cooperation matters. Lin Zhenxun was worthy of doing great things and was very straightforward.

It didn't take long for them to finalize the specific details. Because of Lin Zhenxun's connections and abundant funds, Shen Ning insisted that the profit should only be 30 percent, but Lin Zhenxun believed that Gu Qi's formula was the most important, and it must be divided 50-50. After a stalemate for a while, it was decided that four or six would be split, and Shen Ning would take four, which already made her very satisfied.

Chapter 704 You are too much like my dead ex-wife

"Like, really like." When Shen Ning raised his head after signing the last word, he saw Lin Zhenxun looking at her, muttering, his thoughts drifting away.

She asked puzzledly: "Director Lin, what do you think you look like?"

Lin Zhenxun came back to his senses and sighed: "Shen Ning, you are too much like my dead ex-wife."

"What..." Shen Ning was dumbfounded, did this happen?

"It's okay, you don't have to be surprised. I'm just talking. I remember the first time I saw you, you were only eight or nine years old. I met your mother, Ms. Shao, at a banquet. At that time, you followed your mother Beside me, bouncing around, very beautiful and cute, I thought you looked familiar at that time, and I was still sighing, how wonderful it would be to have a daughter like you. It's a pity, you are not my daughter, at that time you My mother discussed with me about the development of the Huayue series. I was also quite optimistic about this product, but later it was delayed due to personal matters. Excited, I recognized you immediately." Lin Zhenxun's face was condensed, and his voice was kind.

Shen Ning woke up after being stunned, and smiled: "Mr. Lin, you don't have to regret it. Now you also have a daughter. I don't know how many times better than me. You are already very happy."

Through the news, she has learned that Lin Zhenxun's current married life is very happy. She has two sons and a daughter under her knees, and all of them have successful careers. It's just that she didn't expect that he would also have an unbearable past.

"Well, I'm quite happy." Lin Zhenxun nodded slightly, but who can know the regret deep in his heart. For so many years, he has never forgotten his late wife and the girl who died not long after birth. poor daughter.

A trace of loss and regret flashed in his sentimental eyes.

Next, after he negotiated with Shen Ning about the relevant matters, he sent an assistant to hand over the relevant work to Shen Ning, while he was busy.

The assistant he sent was surnamed Yun, called Yun Chaoyu, a Chinese-American, 28 years old, of mixed race. Although he was Lin Zhenxun's assistant, he was very arrogant and didn't take Shen Ning seriously at first.

Shen Ning communicated with him patiently, but he was deliberately difficult. It was not until Shen Ning communicated with a French client in fluent French that he was surprised, so he adjusted his mentality.

At noon, Shen Ning ordered two takeaways and gave Yun Chaoyu one.

He immediately asked the price, took out twenty dollars from his pocket and gave it to Shen Ning, then walked aside and ate.

Shen Ning was only slightly taken aback, and then accepted the money.

In the country of America, no matter how good a friend is, they always eat meals under the AA system. She used to live here with her two little treasures, and she has long been used to it.

"Mr. Shen, it's not good. Li Zhenting knows that you have returned to Gu Qi, and now you stay in your office every day. What can you do?" When Shen Ning was still eating, her cell phone rang. It was Marley who called, and he picked it up immediately, and Marley immediately poured out his bitterness over there.

Shen Ning was stunned for a moment and immediately replied: "Shoot him out."

Ma Li cried and said, "Ning Ning, I dare not, I'm afraid that if I didn't hit him, I would be kicked out of the imperial capital by him, and he threatened that if you don't come out to see him again, he will buy Gu Qi."

This madman!

Shen Ning's face darkened, thinking about it really gave him a headache.

That **** Li Zhenting is fearless, there is nothing in this world that he dare not do!

"Okay, let me handle this matter, you first stabilize him." She could only answer like this.

"By the way, Ningning, how is the matter of raw materials resolved?" Marley quickly thought of the real problem. If the raw materials are not resolved, Gu Qi will really be caught without Li Zhenting.

As soon as this was mentioned, Shen Ning had a smile on his face:

"Don't worry, Uncle Marley, the problem of raw materials will be solved soon. In this way, if you post the recruitment information on the Internet, I will massively expand the production scale after I go back."

After finishing speaking, she told about the cooperation between Gu Qi and Lin Zhenxun.

Marley was very happy when he heard this.

Chapter 705 Mummy ran away in anger

Li's Castle.

Coco sat on the sofa, crying with snot and tears.

On the tea table in front of him, there were piles of paper towels for wiping snot.

Mommy and Xiaoxiao haven't seen each other for five days, and they haven't been found yet. He misses them so much.

After a while, footsteps sounded outside.

"Ah." The little guy, chubby, took out a page of paper and put it on his chubby nose, crying louder and louder.

While Li Zhenting was still outside, he heard the cry of his son Ke Ke inside, and his heart sank.

"Daddy, where's Mommy? I think Mommy and Xiaoxiao are here." Coco asked sobbing while wiping her tears with a tissue as soon as she saw him come in.

Li Zhenting walked over and sat down next to him, and replied gently: "Ke Ke, something happened in your mommy's company, she went to a far away place to deal with the matter, don't worry, she will be back in a few days, manly man You can't just cry every now and then."

"You lied to me. It's been almost a week. Why haven't you come back? Mommy must have abandoned me." Ke Ke obviously didn't believe him, and continued to cry sadly.

Li Zhenting said with a bit of a headache: "It's true, Daddy goes to your mommy's company every day, and something happened in her company, and your mommy went out to work."

"Then why didn't you help Mommy?" Ke Ke pouted and asked back, "You must have scolded Mommy, treated her badly, and made her run away in anger."

After finishing speaking, he shed sad tears again.

When Li Zhenting heard it, how could he have a conscience in heaven and earth!

Why does this brat always think he is bullying his mommy!

"Coco, Daddy really didn't bully your mommy. Now I wish your mommy would stay and take care of you. You have to trust Daddy."

"I don't believe in you, I only believe in Mommy." Coco shook his head. He had seen it with his own eyes before, and every time it was Daddy bullying Mommy, he treated Mommy very badly.

Li Zhenting scratched his head, at this time Ding Ding came over with Altman in his arms, and looked at him beggingly: "Daddy, go and get Mommy back, I want to eat the meal she made, my stomach I'm so hungry. I miss Mommy and Xiaoxiao too."

Ding Ding sat down next to Ke Ke, and the two little guys sat down in a row, begging: "Daddy, please treat Mommy better for our sake, we all love Mommy and Xiaoxiao. "

The two little ones drooped their heads and wiped away their tears.

"..." Li Zhenting was really speechless and asked the sky.

He has failed so badly, none of the two sons is toward him.

At this time, Lan Lan ran over and argued: "You are wrong, Daddy never bullied your mommy, it was your mommy who bullied Daddy."

After she finished speaking, she ran into Li Zhenting's arms, put her arms around his neck, kissed him on the cheek, and said sweetly, "Daddy, I love you so much. It was Aunt Shen Ning who bullied you. You never bullied her. It was her." It's not your fault that I want to take Xiaoxiao away."

"Lan Lan, what do you know? It's my dad who bullied my mommy. If you say that again, I'll take care of you." Ke Ke was so angry that she yelled at Lan Lan and raised her fist.

Lan Lan slipped into Li Zhenting's arms, she was not afraid with Daddy by her side.

Xiaoxiao left these days, she didn't know how happy she was, and wished they wouldn't come back.

Seeing that the little guys were about to quarrel, Li Zhenting hurriedly took Lan Lan away. After a while, his heart moved, and he walked over to Ke Ke and Ding Ding and asked, "Ke Ke, Ding Ding, what did your mommy do these days?" Have you ever called?"

Logically speaking, Ke Ke and Ding Ding are Shen Ning's children. She doesn't want him, but her son should.

But the two little ones shook their heads at the same time: "No, we used the phone watch to call her, but her phone was turned off."

Li Zhenting gritted his teeth when he heard that, dead woman, don't you even miss your own son? So many days have passed without even a phone call!

Chapter 706 Is there something wrong?

On the seventh day, Li Zhenting was correcting documents in the president's office. Suddenly, a head came in and took a look at him.

He raised his eyes slightly, and it turned out to be Gu Qi's new Secretary Sun, who was about to speak, but saw Secretary Sun shrinking his head back and walking back to the service desk mysteriously.

He froze for a moment, then stood up.

"What are you talking about? Who are you talking to?" When he walked out, he saw Secretary Sun whispering with the phone receiver. When he saw him coming out, he immediately said something and hung up the phone. Li Zhenting He narrowed his eyes and asked immediately.

"President Li, it's a client calling, ordering perfume." Secretary Sun answered with a smile.

Li Zhenting snorted coldly. This was obviously a lie to fool him. Of course he wouldn't believe it. He squinted his eyes and turned around in the corridor before walking back.

After Shen Ning hung up the phone, he was very annoyed.

The dog day's Li Zhenting actually occupied her office, why!

She took care of him for so long, is there something wrong?

If it weren't for the fact that he saved Xiaoxiao last time, she still didn't want to take care of him, but now it's good, causing trouble!

She thought for a while and asked the online car-hailing driver to turn around and drive towards a hotel first.

"Mummy." Xiao Xiao was sitting on the big bed in the hotel reading a comic book, when she saw Shen Ning came back, she shouted happily and ran towards her.

"Little." Shen Ning bent down and hugged her, kissed her forehead, and asked affectionately, "Do you miss Mommy?"

"I think, I really miss Mommy, and I also miss Daddy, brother and Ding Ding." Xiao Xiao put her arms around her neck and whispered.

Shen Ning's heart suddenly tugged.

In order to be afraid of Li Zhenting, she found Chunhui Garden. Before going to the United States, she had already returned the house there, and let Aunt Dong and Xiaoxiao live in the hotel first, and planned to wait for her to come back before making arrangements.

only

She can arrange everything, but she can't arrange Xiaoxiao Miss Daddy and Coco, Tintin's heart.

"Mommy, I won't be able to see Daddy and Coco in the future, is Ding Ding?" There was confusion and bewilderment in the little beautiful eyes.

Shen Ning's heart was in pain, and he didn't know how to answer.

At this moment, Aunt Dong came in from the outside.

"Miss, you are back." Aunt Dong was very happy to see Shen Ning.

"Aunt Dong."

"Miss, I've been looking at houses near Yinglun Kindergarten recently, and there are two houses that are more suitable, do you want to go and have a look?" Aunt Dong smiled and said, "It's inconvenient and

expensive to stay in a hotel for a long time, and it's small. I have to go to kindergarten, I hope I can stabilize after this time, which is also good for Xiaoxiao."

These days, Xiaoxiao lives with her in the hotel, looking outside every day, full of loneliness and sadness, and asks her from time to time, when will Mommy come back, will she come to see her, I can hear Aunt Dong Her heart was sore, she thought she should do something, so she went out to find a house, the most important thing was that she heard that there was a good kindergarten nearby, and she wanted the little one to go to school as soon as possible.

"Okay, Aunt Dong, thank you for your hard work." Shen Ning said gratefully, "Then you have decided, I have no objection."

Next, she has a lot of things to do, and it would be great if Aunt Dong could help with this matter.

It's just that Li Zhenting occupies her office all day long. He doesn't need to know her home, but she should go to work anyway.

She also fell into distress.

In the evening, Li Zhenting managed to get Ke Ke, Ding Ding and Lan Lan to take a bath, and after putting them to bed, he walked outside to prepare for overtime work.

Originally, a lot of work had been piled up some time ago, plus he was delayed looking for Shen Ning these days, and if he didn't work overtime, the work progress of the next quarter would be affected.

He drove towards Gu Qi.

Chapter 707 is just not the woman he loves most

Shen Ning went back to Gu Qi while off work.

When she opened the office door and took a look, she couldn't help clenching her teeth. Sure enough, her desk was full of Li Zhenting's things.

My day!

Li Zhenting, you are really sick, occupying my office for so many days.

By the way, don't you have an office upstairs, why are you here with her?

This place is not suitable for long stay!

She hurriedly packed her office supplies and prepared to leave here quickly, hoping that he would quit after seeing her.

After all, she didn't want to remarry him at all!

After a while, she took some important documents, packed them in a bag, and walked outside quickly.

At this time

Footsteps came from the lobby outside.

not good!

Her heart was pounding, and after looking left and right, she immediately dodged and hid in the secretary's office next to her.

Soon, footsteps sounded in the corridor.

She hurriedly looked outside through the crack of the door, and a gloomy and handsome face appeared in front of her.

Li Zhenting is really a bastard.

Unexpectedly, he came to her office in the middle of the night.

Could it be that he can't sleep here at night?

What about Coco and Ding Ding?

When she thought of Ke Ke and Ding Ding, her heart ached for no reason.

At this time outside, Li Zhenting had already walked into her CEO's office.

Li Zhenting is such a shrewd person, he will definitely find her back in the office soon, and will definitely chase her out.

When she was about to take the back stairs to escape.

Sure enough

Li Zhenting only went in for a few seconds before running out.

"Shen Ning, Shen Ning." He called her name in the corridor, ran to the elevator, and looked at the elevator keys.

Shen Ning saw his stalwart body standing there through the crack of the door, his back was like a mountain, and his momentum was savage. Then, he turned around and looked around. When his eyes fell on her door, her eyes Heartbeat almost stopped.

His face was against the light, and Shen Ning saw the man he hadn't seen for a week. His face was haggard, with blue stubble growing on his chin, and his face was full of exhaustion, as if he hadn't slept in several nights.

Her heart was inexplicably aching.

If he finds her at this time, she thinks, she will promise him desperately and remarry him.

But he only stopped a few steps away from her, instead of coming, his eyes looked elsewhere.

Then, he called her name and looked elsewhere.

Shen Ning stood blankly.

What came to mind was the image of him calling Xiaofeng's name non-stop, biting his lips tightly.

Then the elevator doors opened.

Li Zhenting probably heard the sound of the elevator, and turned around and ran towards this side again.

The elevator closed quickly and ran downstairs.

Li Zhenting slammed the elevator button. He probably thought she was going down the elevator. When the door of another elevator opened, he walked in.

Shen Ning watched the elevator keys jumping down layer by layer, and heaved a sigh of relief.

He went down, and she was safe to leave.

She carried her bag and headed for the back stairs.

From here, you can go directly to the place where she parked the car through the fire exit.

When she passed the underground parking lot, she turned her head and looked over there. That night, the scene of her being chased and beaten by several gangsters reappeared. If it wasn't for Li Zhenting chasing after that night, she might have died.

At that time, he was blind!

He still has feelings for her.

It's just not the woman he loves the most.

The car drove into the night, and she shed obscure tears.

These days, in the United States, she wanted to call Ke Ke and Ding Ding several times, but finally held back.

She knew that as long as she called, her target would be exposed, so she could only say sorry to Coco and Ding Ding.

Chapter 708 Ask him to apologize to your mommy

Li Zhenting returned to the president's office and checked the desk again.

yes

Some things that belonged to Shen Ning have disappeared, he is sure that Shen Ning must have returned just now!

Shen Ning, do you think I can't find you because you hide from me?

Tell you, as long as you are still in the imperial capital, even if you are turned into ashes, you will be found out!

How dare you escape repeatedly, just wait and see! You will regret this!

After pondering for a while, a gloomy smile floated on the corner of his lips, walked to a wall, pressed down on the wall, and soon, a secret door opened, and he moved all his things in, He left Shen Ning's office.

This secret door was specially repaired by Shen Ning when he renovated it last time, just for his convenience.

The next day, when Shen Ning woke up, she received a call from Miss Secretary. She told her pleasantly that Li Zhenting had moved his things away and would no longer occupy her office.

Shen Ning was filled with joy and sorrow.

Happily, this **** should be disheartened and give up, and she is not his true love, so she has retreated.

Sadly, since then, she can no longer live with her Coco and Tintin.

But there are always gains and losses in life, isn't she still a little girl!

This afternoon, Ke Ke and Ding Ding sat on the sofa and sighed. They haven't seen Mommy and Xiao Xiao for almost two weeks.

This time, Ke Ke felt that Mommy really didn't want him anymore, and he was abandoned by Mommy.

His eyes were red, and he was sulking while sitting on the sofa.

Ding Ding is just reluctant to part with Mommy and Xiaoxiao, anyway, since he was a child, Mommy wasn't by his side, and he's already used to it.

"Hi, little ones, I'm coming." Not long after, the door of the living room was dark, and Li Jiaojiao flashed in with a smile.

"Alas." Seeing that it was her, the two little ones turned their heads away again and continued to sigh.

"What's the matter with you?" Li Jiaojiao looked at the two of them strangely, did they have something on their minds at such a young age?

"We don't have a mommy anymore, so we can't be happy." The two little ones pouted, with tears in their eyes.

Li Jiaojiao was surprised: "Didn't your mommy take care of your daddy all the time, why did you suddenly lose your mommy?"

"But our mommy suddenly disappeared, and she left us with Xiaoxiao." Coco's tears flowed out.

He was abandoned by his mommy! Mommy doesn't love him anymore!

Li Jiaojiao was so startled that she couldn't close her mouth from ear to ear, there was such a thing!

"Then where is your daddy, didn't you go to them?"

"I found it, but Dad said I couldn't find it." Ding Ding replied.

"It's because Daddy bullied Mommy and drove her and Xiaoxiao away." Coco's eyes were full of hatred for Daddy.

Li Jiaojiao was surprised that Li Zhenting was such a scumbag. It was really outrageous to treat Shen Ning's mother and daughter who had taken care of him for so long, who were also the mothers of his two sons.

"Don't worry, Ke Ke, my aunt will avenge you. I'll go find your daddy right now, teach him a lesson, let him apologize to your mommy, and bring them back. That's fine." Li Jiaojiao rolled her arms. With his sleeves removed, he looked vigorous and resolute.

Ding Ding squinted at her: "You dare to teach my daddy a lesson? Are you sure you're not bragging?"

As far as he knew, what Li Jiaojiao was most afraid of was his daddy. She was always flattering and obedient when she saw him, so how dare she teach him a lesson.

"Of course I'm not blowing it up." Li Jiaojiao said this time, "Your father is too scumbag, the scumbag is beyond my imagination, I have to do justice for the sky."

She clenched her fists, her face full of loyalty.

Chapter 709 I am here to help you

"But." Just when Ding Ding was about to trust Li Jiaojiao, she suddenly changed the subject, "Actually, the reason why I usually please your daddy is to get some money from him to spend, now what? , he is too scumbag, I have to do justice for the heavens, but you also have to support me."

The reason why she appeared in front of the two little ones was because the new year was about to come, and the two little ones had a lot of lucky money. She came here with this idea. Now Li Zhenting is very stingy to her. Last time, Mr. Li At the birthday banquet, she was taken hostage by those gangsters in order to bring Ke Ke and Ding Ding. She was frightened to death, and only then did she seize 100,000 from Li Zhenting.

She used up this little money in one bag.

As the Spring Festival is approaching, she is already very tight. Instead of flattering Li Zhenting, she might as well find these two little guys. According to her prediction, the red envelopes these two little guys will receive during the Spring Festival will be at least one million, and there will be a lot of gold bars And pumpkin seeds, that would be great.

"Don't you just want to cheat us of our New Year's money?" Unexpectedly, Ding Ding saw through Li Jiaojiao's trick at a glance, and said with disdain.

Li Jiaojiao smiled awkwardly: "Don't say that, if I help you, you have to give me something in return, right? After all, I am also your aunt, shouldn't children respect their elders? Don't worry, I will wait for my aunt to make money in the future." , and give you red envelopes."

"Okay, I gave you all my New Year's money this year, but you have to help me find Mommy and Xiaoxiao." Ke Ke expressed her opinion immediately without any hesitation.

In his eyes, what is lucky money? The most important thing is to find Mommy and Xiaoxiao.

"Ke Ke, you are so straightforward." Li Jiaojiao hugged Ke Ke and kissed her several times, very happy, "It's settled like this."

Ke Ke wiped the drool on her face, and said dissatisfiedly: "Auntie, you are taking advantage of me, you are an old woman."

Uh, she is an old woman... Li Jiaojiao held her forehead and screamed for innocence! She's only eighteen years old!

"What about you, Ding Ding?" It's not enough just to have a child's New Year's money, and she can't let Ding Ding, a little rich man, go.

Ding Ding saw that Ke Ke agreed, and said: "As long as you can get Mommy and Xiaoxiao back, I will also give you the New Year's money."

"Great." Li Jiaojiao wanted to hug Ding Dingqin, but Ding Ding was as smart as a bunny, and he slipped away before she came over.

President's Office of Li's Group.

Li Zhenting strode in after finishing a senior management meeting.

"Why are you here?" As soon as he came in, he saw Li Jiaojiao who was sitting **** on the sofa with Erlang's legs crossed, his face darkened, and he asked in a cold voice.

"Cousin, is that why you don't welcome me?" Li Jiaojiao pouted, "Last time I was almost killed by those gangsters in order to help you raise my son. Now you..."

"Enough." Li Zhenting interrupted her with a sullen face, "Just say what you want."

Since she and Ke Ke were hijacked by the man in black last time, and she fainted from fright, now whenever she sees him moving, that's what she says, of course, she just wants to ask for some pocket money from him.

Ever since she and Li Zhijun held a party in Li's compound last time and tricked Shen Ning into it and almost had an accident, he made up his mind not to spend money on her unprincipled. hurt her.

"Cousin, don't be so dark, I'm not here to ask you for money today, I'm here to help you." Li Jiaojiao sat up straight, put away her hip-hop expression, and asked seriously: "I Let me ask you, why do you scold your cousin and drive her away?"

Chapter 710 Li Zhenting also had a day when he was abandoned by a woman

Li Zhenting was taken aback, and asked in a deep voice: "I drove Shen Ning away? Who did you listen to?"

"You don't need to listen to people say that you have always treated your cousin badly. The world knows it. Now that your cousin is gone, you don't even want Ke Ke and Ding Ding. You didn't drive her away, could it be that she left by herself?" Li Jiaojiao took it for granted.

"Get out." Li Zhenting snorted, didn't bother to talk to her, and went to work with his head down.

"Cousin, I tell you, unless you go and invite my cousin back, otherwise, I won't leave." Li Jiaojiao was very stubborn this time, with a look of fearlessness.

If she really quits, Ke Ke and Ding Ding's New Year's money will be gone, so she has to persevere.

Li Zhenting glanced at her indifferently: "Do you want the security to come and throw you out?"

"Cousin, don't always use such a strong attitude towards everyone who treats you well, it's wrong." Li Jiaojiao was anxious, "Cousin-in-law is so kind to you and loves children so much, you I really drove her away, and I will marry Ding Ding and Ke Ke a stepmother in the future, do you think it's good? It's not good."

Li Zhenting narrowed his eyes: "Do you think Shen Ning treats me well?"

"Of course, she loves you so much."

"How do you see it?"

"If she doesn't treat you well, will she take care of you for so long after you are blind? Will she still be in charge of the Li family?"

"That's because her son is here with me, and she wants children."

"Hey." Li Jiaojiao sighed, "If a woman doesn't love that man, will she give birth to a child for that man? If she loves a child, she will naturally love the child's father. Is there any need to think about it?" ."

Li Zhenting seemed to be interested in hearing it. It seems that Li Jiaojiao is not completely ignorant, but knows something.

"I didn't chase her away at all, she took Xiao Xiao away by herself." He said like this.

"Really?" Li Jiaojiao opened her eyes wide.

"certainly."

Li Jiaojiao was stunned for a moment, then suddenly slapped her hands on her knees and burst out laughing loudly.

Oh my god, there was a day when Li Zhenting was abandoned by a woman, it was so fun.

"What are you laughing at? Stop it." Li Zhenting's smile made Li Zhenting feel like he was being ridiculed, so he drank with a dark face.

Li Jiaojiao took several breaths before she stopped and looked at him: "Cousin, Ke Ke and Ding Ding said that you scolded their cousins away because Xiao Xiao is not your child, and you despise them."

"Nonsense." Li Zhenting said angrily, "Do you listen to what that brat said? In their eyes, there is only Mommy, never Daddy."

Speaking of this, he was not convinced. He also worked hard to take them, worrying that they would be hungry or cold, but this pair of little white-eyed wolves had their mommy in their hearts, and treated him as trash .

Li Jiaojiao saw Li Zhenting's face full of embarrassment and anger, held back a smile and said:

"Cousin, if the cousin left by herself, it's not easy. You can go to Gu Qi and find her. Then Keke and Ding Ding will have a mommy, so they won't be sad."

While talking, she told Ke Ke and Ding Ding how they missed their mommy and begged her to find her mommy. Of course, she didn't mention anything about the New Year's money.

"Do you think I didn't look for it? I've been looking for her every day, but she just doesn't want to see me like she disappeared from the world." Li Zhenting said angrily.

At this point, Li Jiaojiao understood that it was Shen Ning who didn't want to see him and wanted to escape, and it wasn't Li Zhenting who drove Shen Ning away.

Moreover, judging from the current situation, Li Zhenting is already inseparable from Shen Ning, and she really guessed right that his cousin has fallen in love with his cousin.

hey-hey!

Li Jiaojiao suppressed a smile, pretended to be sad and said goodbye to Li Zhenting, just walked out of the president's office, stuck out her tongue, and walked away with a smile.

It's getting more and more fun. She wants to see how the awesome Li Zhenting will get back his cousin. Anyway, she has nothing to do all day long. She is definitely involved in this matter, yo!
