

Troublemakers 721

Chapter 721 I don't want to follow Daddy

"They should still be there." Coco pointed to a place farther away.

"Oh." Shen Ning breathed a sigh of relief, fortunately, Li Zhenting didn't see them.

"Ke Ke, what do you want to play? Mommy will take you and Xiaoxiao to play for a while, and Mommy and Xiaoxiao will leave later." Shen Ning asked with a smile.

"Mum, didn't you say you wanted to play with me all day? Why are you leaving so soon?" Xiaoxiao was puzzled and a little unhappy.

After finally seeing Ke Ke, she still wants to play with her brother for a while!

"Mum, I'll go with you too, I don't want to follow Daddy." Coco took Shen Ning's hand and begged.

Shen Ning's heart felt like a needle was being pricked, she hated herself so much, hated herself for why she returned to the imperial capital, so much so that now she lost her son Ke Ke.

"Ke Ke, you will have a future by following Daddy. Listen to Mommy, follow Daddy's side well, and work hard to learn real skills. Mommy and Xiaoxiao will come to see us when you succeed in your studies, okay?"

"Okay." Ke Ke looked into Shen Ning's painful eyes, knowing that there was no way for Mommy to do this, because she couldn't beat Daddy, she was too weak, and secretly vowed in her heart to learn more skills and protect Mommy when she grew up. Mi and Xiaoxiao.

Shen Ning took his hand and went to play bumper cars with Xiao Xiao.

The three of them drove around in the bumper car, but Keke couldn't bear to touch the small car, even if he touched it, he touched it lightly.

He encourages Tiny to drive to crash his car.

Xiaoxiao really tried to hit his car while driving.

"Haha." The two cars collided, and the heads of the two cars were shaken to one side, and their bodies were also tilted. It felt very funny, and they both laughed.

Then they began to boldly bump into each other's car, which made the car go forward and backward, they laughed non-stop, and finally, the two little guys bumped into Shen Ning's car.

After Shen Ning dodged nimbly, he rammed into their car. After being knocked back, they were not reconciled.

Here, Li Zhenting looked up after answering the phone, but Ke Ke disappeared, and quickly asked, "Where is Ke Ke? Where did you go?"

"He ran off to play games by himself." Lan Lan replied dissatisfied, she very much hoped that Daddy could criticize the stubborn and unruly Ke Ke, and make her be more obedient and closer to herself.

Li Zhenting frowned, Ke Ke didn't bring any money, how could he play games? When he looked up, there were too many people today, and he couldn't find Ke Ke at all. He suddenly became flustered, worried that this little guy got lost or something happened It's over.

After all, as the grandson of the Li family, he is very eye-catching.

"Jiaojiao, why don't you like Keke, let him go alone like this, what if something happens?" He turned his head, and Li Jiaojiao didn't know which handsome guy he was chatting with. she drinks.

Li Jiaojiao got angry when she saw Li Zhenting, and hurriedly hung up the phone. When she asked if she had disappeared, she was also a little panicked.

"Ding Ding, Lan Lan, you stay here to rest under the tree first, don't go away, your aunt Jiaojiao and I will go to find cocoa, and we will play together after we find it." After Li Zhenting ordered Ding Ding and Lan Lan, they parted ways To find cocoa.

But Shen Ning walked out of the bumper car field with Ke Ke and Xiao Xiao, and when he looked up, his face changed color.

Over there, Li Zhenting's tall and slender figure was walking towards this side, looking around while walking, obviously, he was looking for Coco.

Not good, King Li Yan is here, they have to leave!

She hurriedly pulled the two little ones under a big parasol, and said: "Ke Ke, your daddy has already been found, you can go with him, Xiao Xiao and I will go first."

Chapter 722 I'm leaving now

The two little ones were having a good time, and when they first heard that they were going to be separated, their eye circles were red, and they were reluctant to part.

"Ke Ke, remember Mommy's words, Mommy will find a way to visit you and Ding Ding." Shen Ning touched Ke Ke's head and hugged him again. When he looked up, Li Zhenting had already walked to the bumper car park. Looking in, it was already very close.

She kissed Coco again and hurried away with Xiaoxiao.

Xiao Xiaoduo wanted to stay with Ke Ke, and wept while walking.

Before, no matter what time, Ke Ke was by her side, protecting her from everything. After that, there will be no brother to protect her.

She cried out with her mouth curled up.

Shen Ning was in a state of confusion, so he just quickened his pace.

"Ke Ke, who told you to come here alone?" Li Zhenting turned around and saw Ke Ke walking from the other side with his head drooping, his little face was expressionless, his eyes were red, as if he had just cried, busy Asked, "What's wrong with you? Did someone bully you?"

Ke Ke ignored him and continued to walk forward.

Li Zhenting followed behind: "Coco, what did Daddy ask you?"

"No."

"Then why did you come here?"

"I want to play with bumper cars."

"Have you played yet?"

"played."

"Where did you get the money?"

"I have it in my phone."

"Why do you want to play alone? You don't come to play with Ding Ding and Lan Lan, you know? It is very dangerous for you to walk away alone like this, and it is easy to lose it." Li Zhenting severely criticized.

Ke Ke was furious: "It's better to get lost. If you get lost, you don't have to go back to your Li's house."

"You..." Li Zhenting froze for a moment, pouring his anger into his head, "Is your skin itchy? Could it be that our Li family is not good enough for you? Look at your virtue, and your mother Mi is exactly the same, stubborn and high-minded, as if she doesn't like anything, but in fact she is nothing, if you are not my kind, I don't want you, do you think the Li family will want children casually? You really can't do it now It's over, I don't want to go back to Li's house, it really annoys me, I really don't want you anymore."

"You'd better not want me, keep what you say, I'll leave now, I want to be with Mommy." Ke Ke was furious when he heard that Daddy was belittling Mommy again, he was really bloody, and yelled Then turn around and leave.

Li Zhenting was so angry that he grabbed Ke Ke, slapped him **** the buttocks, and walked forward with his arms around him with a gloomy face.

Coco cried loudly.

Shen Ning walked with Xiao Xiao, suddenly, Ke Ke's heart-piercing cry seemed to be heard from behind.

Her heart was torn in two in an instant, and when she turned her head...but she couldn't see anything except the crowds of tourists and laughter.

There are fried sausages and skewers on the side of the road, and there is a smell of oily smoke. Sudden.

Her stomach was churning, she quickly covered her mouth with her hand, ran to the tree trunk in front, held onto the tree trunk and retched...

Walking with Ke Ke in his arms, Li Zhenting suddenly thought of something, and hurriedly turned around to look around.

Why did Coco suddenly come here? Could it be that Shen Ning is here?

Just now, he said he wanted to be with Mommy... He looked around, but there was nothing but all kinds of strange faces and the sound of singing and laughing.

He looked back, and for a moment, he suddenly felt that his life was a failure. The happy marriage and family that others can easily have, to him, was like a moon in the water, a flower in the mirror, as difficult as the blue sky, and he was extremely melancholy for a while lost.

Chapter 723 Startled in a cold sweat

The neon lights of the imperial capital are flickering at night, extremely bright.

In the luxurious box, a meal is going on.

Shen Ning and Ma Li sat in the lower seats, and sitting in the middle was Minister Wang of the Quality Inspection Department. Minister Wang was wearing a black jacket, bald, with a big belly, and his gestures were gloomy.

"Minister Wang, I would like to offer you a toast, please take care of me." Shen Ning stood up holding the cup in both hands, with a smile on his face.

This is the social gathering she hates the most, but there is no way, someone checked it out, as long as a random hat is buckled, Gucci Perfume will be finished, she is not only responsible for the entire company, but also responsible for Lin Zhenxun, after all, he is so trust her.

It can be said that this glass of wine is for them.

Minister Wang looked at Shen Ning with triangle eyes. Although he looked a bit haggard with delicate facial features and fair skin, his appearance was definitely not inferior to that of a movie star, especially his temperament.

"Boss Shen, everyone says you are young and beautiful, today I have seen it, let's do it." He raised his glass and touched Shen Ning heavily, then drank it with his head raised.

"Where, where, Wang Bu Miao praises you." Shen Ning smiled modestly, and swallowed a small glass of wine.

The spicy taste rolled from her throat into her stomach, like a fire, and her face was flushed.

"Mr. Shen, someone is looking for you outside." The manager of the public relations department, Wu Nana, is young and energetic, and is very good at observing words and expressions. She immediately walked over and said to Shen Ning, "You go out first, and I will accompany Minister Wang for you."

Shen Ning immediately understood Wu Nana's intentions, felt grateful, nodded, greeted Minister Wang politely and walked out.

Wu Nana has big buttocks, is **** and enthusiastic, and is very good at affairs. Shen Ning believes that she can handle Minister Wang.

only

As soon as she stepped out of the box, she was overwhelmed by the smell of wine and meat in the dining hall, which made her stomach churn, and hurriedly covered her mouth with her hands and ran towards the women's bathroom.

Leaning on the marble cloud board, he vomited for a while before he calmed down.

Shen Ning couldn't help frowning, what's going on recently, I'm always sleepy and want to sleep, and want to vomit from time to time, could it be...

This kind of thought flashed through her mind, which made her shiver and break out in a cold sweat.

No, not possible!

She shook her head violently and wanted to deny it, but the more she denied herself, the more panic and uneasiness in her heart became. When she raised her eyes, she saw that although her face in the mirror was ruddy and white, it was obviously haggard and sallow upon closer inspection.

She stood there in a daze.

Sudden

A woman ran in, ran very fast, and hit her.

"I'm sorry, I'm sorry." Shen Ning was a little unhappy, and when she frowned and turned her head away, the woman began to apologize repeatedly!

Shen Ning didn't want to be troublesome, since the other party apologized, let's forget it.

Just as she was about to go out, she suddenly felt that the apologetic voice was familiar, and when she turned her head away, the woman had already run into the squatting toilet.

Immediately afterwards, there was also the sound of vomiting from the squatting toilet.

What's the matter, how come so many people vomit!

Shen Ning walked out, she was overwhelmed with alcohol, but fortunately she vomited the glass of wine she drank just now, and her stomach was no longer so uncomfortable.

There is a fresh bamboo forest outside, she stands there blowing the wind.

After a while, a woman staggered out of the toilet.

"Li Mengqing." Shen Ning looked at her fixedly. That's right, it was Li Mengqing who had disappeared for a long time. When she bumped into her, her apology immediately reminded her of her, and she stood here waiting.

But Li Mengqing heard the shout suddenly, her body froze, and after a pause, she ran forward suddenly.

Chapter 724 You slept with him and it has nothing to do with me

"Li Mengqing, stop for me." Shen Ning immediately caught up with her and stopped her.

Sure enough, she deliberately avoided her and Gu Qi.

"So it's Mr. Shen." Seeing that she couldn't escape, Li Mengqing had to turn around with an awkward smile on her face.

"Where have you been during this time? The phone was turned off when I called you. What happened? Did Gu Qi and I treat you badly? Or is there some reason why you don't even want to say goodbye to me?" Shen Ning was serious asked.

"I..." Li Mengqing lowered her head, her face full of shame, "I'm sorry, Mr. Shen."

"Go, tell me clearly. I trust you so much, but you treat me like this. It's really unreasonable." Shen Ning dragged her hand and walked outside. This time, he must clarify the matter and untie it. her knot.

"Mr. Shen, I'm sorry for you, I'm sorry." Li Mengqing suddenly hugged Shen Ning and cried sadly.

"What's going on, tell me."

"Mr. Shen, I'm sorry for you. I slept with your man." Li Mengqing burst into tears, which should be said to have been suppressed for a long time, and she couldn't control herself as soon as she got vented, crying loudly, "I really didn't expect That something like that happened that night, **** it, I can't stand the temptation, I should really kill him with a knife and then commit suicide."

"What kind of nonsense are you talking about?" Shen Ning scolded softly, usually she was quite capable and decisive, but when something happened, she became like this.

So, Secretary Li told the story of what happened that night in detail, with guilt all over his face.

"Because of this?" Shen Ning understood it, and it was exactly what he had guessed.

"Yes." She dared not meet her eyes.

"Then where do you work now?"

"I'm not at work."

"What are you doing here?"

"Someone invited my friend to dinner, and she invited me."

"How about this, you go back to work at the company first, and we'll talk about anything tomorrow." Shen Ning pondered for a moment before resolutely opening his mouth.

Li Mengqing stared at her: "Mr. Shen, aren't you angry? Also, I have already resigned."

"If you still want to go to work, then come to me tomorrow and stop talking nonsense." Shen Ning glared at her, knocked her head, turned around and walked inside, and turned back after walking a few steps: "By the way, Jing Chenxi is not my man, it has nothing to do with me that you slept with him."

She turned and left.

Li Mengqing was stunned behind her back, suddenly understood something, and breathed a sigh of relief.

It was her dream to be able to go back to Gucci to work. She was always worried that Shen Ning would be angry. After all, who would want their man (even if he doesn't love him, he can't accept it) to be touched by the person closest to him.

But she doesn't seem to care at all!

Shen Ning walked towards the box, wondering how that Minister Wang is drinking now, I hope he doesn't deliberately pick up Gu Qi.

While passing through a corridor, suddenly, the door of a private room opened, and a strong and tall man came out, talking with a mobile phone.

Because it came out suddenly.

Shen Ning couldn't dodge in time, and the two of them collided with their arms.

She frowned, why is this man so reckless, and just about to say something to him, the man raised his left hand to signal that he was sorry.

When Shen Ning looked over, he met a gloomy and deep gaze, his whole face changed color, after a moment of stagnation, he ran away.

"Shen Ning." The man also saw her, immediately put down the phone, and chased after her.

Chapter 725 We must remarry

"Shen Ning, why are you running?" Li Zhenting caught up with her and grabbed her.

This dead woman ran away when she saw her, did she do something bad?

"I didn't run away, I have a social event." Shen Ning was held back by the man, and he denied it in a cold voice.

To meet this **** here, it's really not as good as God's calculation!

"Entertainment?" Li Zhenting looked at the private room in the corridor, narrowed his eyes, "Shen Ning, come with me, I have something to say."

"If you have anything to say, just say it here, I'm very busy." Shen Ning shook off his hand, with a cold face.

Li Zhenting's face sank, and a wicked smirk floated on the corner of his lips: "You don't mind, then I'll say it here, my voice is quite loud."

Shen Ning panicked when he heard that, this guy didn't know what was going on, so he hurriedly walked outside.

Li Zhenting smiled and followed behind her.

"Say what you have to say." They came to a big tree behind, and Shen Ning asked impatiently.

Li Zhenting leaned against the tree trunk and looked at her: "Ke Ke and Ding Ding miss you."

"That's it?"

"Isn't that enough? They are your sons. They all know they miss Mommy. Don't you do nothing? You haven't even called them for so many days. You are really cruel."

Shen Ning's heart ached, and he asked, "Is there anything else?"

"We must remarry." Li Zhenting solemnly spoke after looking at her for a while.

Shen Ning turned around and left.

"Shen Ning, I only give you three days to think about it. After three days, you must agree, otherwise don't blame me for being rude. The children are waiting for you at home." People, like an ultimatum spy.

Shen Ning felt his hair stand on end.

Remarry, she will not agree!

But she didn't say anything, she just quickened her pace and walked towards the box.

In the box, everyone was almost drunk, and Minister Wang was also a little drunk, but he was still very energetic. When he saw Shen Ning, his eyes lit up.

"Boss Shen, come on, let's drink." He raised a full glass of wine and walked towards her.

Shen Ning stopped.

Wine, she can't drink any more, if she drinks any more, she will be drunk.

Moreover, she still has a bad idea in her mind, that is, she always vomits during this time, and she is worried...

"I'm sorry, Minister Wang, I have a stomach problem, so I can't actually drink alcohol." She said with a smile on her face.

But Minister Wang had already walked in front of her, put the wine glass on her chin, and looked at her chest lustfully: "After drinking this glass, everything is easy to talk about. If you don't drink it, the quality of Gucci perfume will not be good. , when the time comes, all of them will be removed from the shelves, and you should carefully weigh the consequences of the loss."

Shen Ning felt chills all over his body.

The law enforcement agencies are still so resident!

She secretly reached into her pocket with her left hand, took out her mobile phone, and clicked on the camera.

"Wang Bu, let me drink with you." Afraid that Shen Ning would suffer, Wu Nana immediately walked up with a wine glass and put one hand on Wang Bu's shoulder.

"You are still the most obedient." Wang Bu turned around immediately, and touched Wu Nana's body with his fat hands.

Wu Nana's face changed color.

Shen Ning immediately pressed the camera to take a picture of this scene.

who knows

Minister Wang, who has been in the officialdom for a long time, is very sensitive. Although he drank heavily, he still sensitively caught the white light of the mobile phone. He immediately turned his eyes, his eyes were shocked: "How dare you secretly take pictures of me?" ?"

"No." Shen Ning was a little flustered.

"No?" He stretched out his hand to her, his eyes were sharp, "Bring it, show me."

"Wangbu, this is my mobile phone, don't show it to others."

"Hey, you hateful framer." Minister Wang's face glared instantly, "How dare you make such a small move and want to report me."

He smashed the wine glass in his hand to the ground, and said angrily: "I wonder what you can do, isn't it just a small perfume company, the quality is not up to standard, and it is suspected of fraud, so I will close down tomorrow ."

While speaking, he became angry from embarrassment and grabbed Shen Ning's throat.

Chapter 726 How can I thank you?

"Delete the photos on the phone immediately." Minister Wang said angrily, and locked Shen Ning's throat forcefully.

Shen Ning was short of breath.

Everyone was stunned by this sudden scene, before they had time to react.

After reacting, Marley was the first to rush forward: "Minister Wang, please speak up if you have something to say, let go of Mr. Shen."

"Hmph, if you don't delete the photo today, I'll strangle you to death." Minister Wang was furious after drinking, lost his mind, and grabbed Shen Ning's throat even harder.

Shen Ning's face turned purple in an instant, and he grabbed Minister Wang's finger that was pinching her throat, but the man who had drunk exerted force on his fingers and remained motionless.

Ma Li and Wu Nana went to drag Minister Wang, but he kicked him to the ground.

Just when Shen Ning had a premonition that he would die here tonight, suddenly, the door was kicked open.

"Let go." Li Zhenting strode over, kicked Minister Wang's knee hard.

Minister Wang was so painful that his feet went limp, he knelt down straight, and the fingers holding Shen Ning's throat loosened.

"Cough, cough." Shen Ning finally took a breath of fresh air, panting and coughing desperately.

"You..." Minister Wang was furious after kneeling on the ground, and was about to get angry when he looked up and saw Li Zhenting majestic and domineering, condescending, staring at him with disdain all over his body.

He was furious, standing up and going into a rage.

Li Zhenting took a few steps forward and whispered in his ear: "Minister Wang, Secretary Liu is next door, do you want me to take you to meet him?"

Minister Wang's face turned ashen immediately, and he woke up from the wine. He said repeatedly: "I'm sorry, I'm sorry, Mr. Li, I lost my temper by drinking too much tonight, please forgive me."

"Go and apologize to Shen Ning, otherwise, your deeds will appear on the desks of the media and Secretary Liu tomorrow." Li Zhenting said angrily in a low voice.

"Mr. Shen, I'm sorry. I offended you. Please forgive me. I blamed me for drinking too much and offending you. Please don't remember the villain's mistakes. Don't be as knowledgeable as me. Please let me go, please." Minister Wang was composing and laughing with him, and finally slapped himself hard.

Shen Ning didn't want to argue with him, and shouted in disgust: "Hurry up, if anything happens to our Gucci perfume in the future, you will be the first person I will hold accountable."

She was afraid that this kind of villain would use his power to plot against them behind the scenes, so she had to explain in advance.

"No, no, Gucci perfume is of high quality and good price, and has a bright future. Nothing will happen to it." Minister Wang accompanied him with a smile and promised to apologize again and again before leaving.

"Thank you, Mr. Li." Shen Ning sincerely thanked Li Zhenting. If he hadn't appeared suddenly today, she would have been doomed. She really wanted to thank him.

"Thank you?" Li Zhenting half-closed his eyes, leaning his face to look at her.

"I..." The man's hot air rushed towards his face, with an ambiguous atmosphere, Shen Ning blushed, and took several steps back.

Li Zhenting stretched out his big palm and landed on her waist. Pulling forward, Shen Ning's whole body fell into the man's chest.

Marley and Wu Nana winked at each other, quietly backed out, and closed the door behind them.

"Tell me, how can I thank you?" He wrapped his fingers around the hair on Shen Ning's forehead, and the man who had drunk a bit tilted his head and stared at her with a little drunkenness.

Shen Ning blushed a lot again, and pushed his chest: "Let go of me first, I will treat you to dinner or buy you a gift."

"I don't care about those."

"Then what do you want?"

"I, want to sleep, you." Li Zhenting breathed out, and said word by word in her ear.

This kind of horse wants to have **** again!

She pursed her lower lip, suddenly looked behind and said, "Secretary Liu is here."

Li Zhenting was taken aback, Shen Ning took the opportunity to push him away and ran away.

Looking at the woman's delicate back, the corners of Li Zhenting's lips curled up slightly. The despair that she had repeatedly rejected seemed to ignite hope at this moment!

Okay, let me let you go, three days later, I will let you know how to be my woman!

Chapter 727 She is pregnant

Didu Maternal and Child Health Hospital.

Shen Ning sat nervously in the waiting area.

After a while, the computer voice called her name.

Her heart skipped a beat, and she hurried in.

The person who received her was a female doctor in charge of gynecology, about forty years old.

Shen Ning told her situation over and over again, the female doctor asked her when she came for her vacation, and then she remembered that her aunt hadn't been here for two months, her heart skipped a beat.

"Let's do a urine test first." The doctor gave her a urine test sheet, and Shen Ning took it for a test.

Half an hour later, she sat on the rest chair outside, feeling nervous all over.

I hope I don't get caught, if I get caught...she can't imagine the consequences!

After waiting for a few more minutes, the result was probably ready. She walked towards a smart machine and put her ID card on the sensing area.

soon

There is a piece of test information displayed on it.

She trembled with her fingers for a long time before pressing the confirmation button. While waiting for the paper to be printed out, her heart beat without rhythm.

When the laboratory test form came out slowly, she didn't dare to read the results, so she took the test form and left.

"Miss, congratulations, you are already two months pregnant." Shen Ning put the list in front of the doctor without tears, and the doctor smiled and congratulated after reading it.

Shen Ning felt cold all over, and his mind was numb.

She can understand the pregnancy test form without asking the doctor.

She was really pregnant, when she shouldn't have, when she decided to cut off the relationship with him, she was pregnant, remember every time she took contraceptive measures, except that time, that dead man was crazy like...

"Miss, remember to come for the physical examination on time in the future, take a B-ultrasound in half a month, and establish a perinatal file..." The doctor told her beside her, and prescribed some nutritional supplements for her.

Shen Ning didn't know how he walked out of the hospital, he was completely unconscious, and didn't know what to do in the future!

She already has Coco, Ding Ding and Xiao Xiao. If she gets pregnant again, she will have another child. In case of triplets... She is shaking all over, and she dare not think about it.

On the huge projection screen in Times Square, a well-known TV station is playing a video interviewing her.

Since overseas Lin Zhenxun's company Lin's Enterprise joined Gucci Perfume, the popularity of Gucci Perfume has increased a lot, and there are good signs of going abroad. Even the TV station gave her an exclusive interview.

This kind of golden zone is broadcasted in turn, needless to say, her popularity is already very high.

But at this moment, she was not at all happy, and was overwhelmed by the sudden shock of the little life in her stomach.

All day, she was out of her mind, sitting in the office with confused thoughts.

'You can't have this child, let's get rid of it. Only in this way can you have freedom, and your career has made new progress. At this time, you really can't have a child. '

'No, it can't be destroyed, he is also from your flesh and blood, how can you destroy it cruelly. '

'But what if you don't destroy it? You have given birth to three, the most important thing is, you are still single now, this sudden pregnancy, what do others think? '

'As the legal representative of Gu Qi, your image will also affect the development of the company, you have to be responsible to them! '

When she was having a headache from thinking about it, she took her bag and walked towards the kindergarten.

England Kindergarten.

"Mummy." Xiaoxiao was carrying a small schoolbag, and when she saw Shen Ning, she was so happy that she waved at her.

The focus of Shen Ning's eyes finally came back, and he hurriedly went up to pick up Xiao Xiao, and walked outside holding her little hand.

"Mum, are you unhappy today?" Xiao Xiao quickly sensed her emotions and asked in a childish voice.

"No." Shen Ning was taken aback. This little girl has always been sensitive, but she cannot be allowed to read the news of her pregnancy.

"Then why are you so preoccupied?" Xiaoxiao blinked her big eyes, "Did Daddy get mad at you again?"

"No." Shen Ning was in a state of confusion, "Xiao Xiao, your daddy is a good daddy, and he still cares about you very much."

Although Li Zhenting is not a good husband, he is definitely a good father. At least, in her opinion, he can be regarded as a good father.

Chapter 728 This is definitely a big bomb!

Xiaoxiao pouted and said nothing, if Daddy is really a good Daddy, then why is he not good to Mommy? Doesn't he know that even a child can't live without Mommy! What is good to mommy is really good to children!

"Xiao Xiao, shall we live in America again?" Shen Ning suddenly asked as he walked.

"Why?" The little guy was confused when he heard that.

Emperor has her brother and daddy around, she doesn't want to leave here anymore, moreover, she hopes that daddy and mommy can be together.

"Because Mommy opened a factory in the United States, she may go to stay there for a while." Shen Ning could only answer like this.

"Oh, then I think what about Daddy and brother..." Xiao Xiao blinked her big dazed eyes.

Looking at the child's dazed and lost eyes, Shen Ning's heart felt like a knife was being twisted, and he was at a loss.

...

On the street one meter away.

"Brother, look, it's my cousin and Xiao Xiao, hurry up and follow." Li Jiaojiao pointed to Shen Ning and Xiao Xiao who were holding hands on the side of the street and shouted in surprise.

Li Zhijun took a look, and it really was Shen Ning and Xiao Xiao. When the speed of the car that was about to drive slowed down, he followed behind them.

"So they moved here." In front of a 70% new community, Shen Ning walked in with Xiao Xiao, Li Jiaojiao jumped out of the car, clapped her hands, and was about to walk in behind them.

"Jiaojiao, get back in the car first, and I'll follow." Li Zhijun jumped out of the car and pulled Li Jiaojiao aside.

"why?"

"Do you look like you are short of money? Besides, you don't know her very well, and she won't lend you money."

Li Jiaojiao looked down at herself, right? The brand-name bags all over her body really didn't look like someone short of money, so she went back to the car and waited.

"Ning Ning, so you live here." Shen Ning took Xiao Xiao on the elevator, and when he was about to enter the house, suddenly a man's voice came from behind, he was shocked, and turned his head.

I saw Li Zhijun standing behind them with a smile all over his face.

Shen Ning almost fainted when he saw it, my God! It took only a few days to move to such a secret place, but this **** guy found him again.

Thinking of the last time he moved, Keke was soon kidnapped by gangsters after he found him. Although he was finally rescued, his son was snatched away by Li Zhenting.

This time, he discovered it again.

Although he won't do anything shady, he doesn't mean it well.

"Xiao Xiao, do you still know Uncle?" Li Zhijun looked at Xiao Xiao with a very friendly smile.

Xiao Xiao is actually Li Zhenting's biological daughter. My God, six years ago, Shen Ning gave birth to triplets, and everyone kept it secret.

This is definitely a big bomb!

Li Zhenting is really making a lot of money with this thing, and he has two sons and a daughter all at once.

This time he will have to take the opportunity to make a fortune.

"Hello, Cousin Zhijun." Xiao Xiao was very happy when she saw him, and called out sweetly.

"Xiao Xiao is so good, I still remember my cousin." Li Zhijun touched the little girl's tender skin with his fingers. It felt really good, like tofu.

"Zhijun, how did you find this place?" Shen Ning was very nervous at this moment, and looked behind him.

"Don't worry, no one will come after you." Li Zhijun immediately comforted him, "I was able to find this place because I cared too much about my cousin and my sister-in-law, and I always paid attention to you, so I was able to find you here."

"Stop being a slick talker, tell me quickly, why do you want me?" Although this guy helped her, he was unreliable, and she didn't have the patience to argue with him.

"Ning Ning, don't worry, I'm here, why don't you invite me in and sit down?" Li Zhijun grinned.

Shen Ning glared at him, opened the door, Aunt Dong greeted him with a smile, and took Xiaoxian to wash his hands and eat.

Chapter 729 Did he know something?

"Ningning, are you really unwilling to marry Li Zhenting? He is the richest man in the entire imperial capital. As long as you marry him, you will be the richest woman in the entire imperial capital. I don't know how many women dream of marrying him. Even if it's his mistress, mistress is better." Li Zhijun leaned on the sofa and asked leisurely.

"If you don't want to, you just don't want to. How can there be so much nonsense." Shen Ning rolled his eyes at him, "If you have nothing to do, go away, I'm busy here."

"No, cousin. I really have something to do with you. I... want to borrow some money from you. Don't worry, I promise to pay you back in a month." Li Zijun salivated and smiled.

Shen Ning folded his arms and tilted his head to look at him: "I'm weird, you are obviously the second generation of a wealthy family, why are you short of money all day long? Just forget about the lack of money, but you even hit me, an orphan and widow Mother's idea came. Do you still have a conscience?"

"Cousin, you are a rich woman now. Not only is the Gucci perfume company doing well, but you are also the richest woman in the imperial capital. You are the richest in the entire imperial capital."

Li Zhijun was unambiguous, his abacus rattled, and he smiled flatteringly after speaking,

"Cousin-in-law, at least we got to know each other. I'm really tight now. I want to go to Vienna to participate in an international dance competition next week. If I win an award, I can become an international expert. I won't worry about running out of money in the future, please." Help me in my troubles."

Shen Ning narrowed his eyes.

Is there such a game?

"Ning Ning, if you don't believe me, turn on your mobile phone and click on the International Dance Official Account, there is the content of this competition on it. This is a world-class competition. I am purely trying to win glory for my country."

Shen Ning listened and turned on the phone. There really was such a competition, and the gold content was quite high.

She pondered for a while, this guy is indeed a good dancer, very professional, if he can participate in competitions, broaden his horizons, and get the guidance of masters, he will be able to become famous.

"How much?"

"Not much, only 500,000." Li Zhijun's evil eyes lit up.

"500,000? You think I'm a rich woman. It's not that much."

"The 400,000?"

"Not that much, up to 200,000. If you want it, don't let it go. You have to know that you are going to participate in the competition, not to pick up girls. Saving food and money is the traditional virtue of our Chinese nation. You should study hard and learn Save your money."

"Okay, 200,000 is 200,000, I decided to save money, at worst, I won't touch women for a month."

Shen Ning glared at him, and took out a card from his bag.

"Coincidentally, this card contains exactly 200,000 yuan. It is the payment from Guqi Company. I will lend it to you for embezzlement first. I have agreed to pay it back in a month. Also, my address here is not allowed to be disclosed to anyone. , if you break your promise, you will never see me again in the future."

"Okay, okay, I will definitely obey." Li Zijun took the card with both hands.

Shen Ning raised his hand.

He took a blank.

"Remember, save some money."

"good."

He stretched out his hand again, but Shen Ming deliberately raised his hand again, and it was empty again.

"Compete well, strive to get the ranking, and win glory for the country."

"Okay, I will definitely do my best."

He swore.

This time, Shen Ning let him get it, and Xiao Xiao ran over from inside.

"Xiaoxiao." Li Zhijun put the bank card to his mouth and kissed it, then put it in his pocket, stretched out his hand and hugged Xiaoxiao into his arms, kissing again and again.

Shen Ning looked at him and Xiao Xiao's intimate appearance, and a bad premonition rose in his heart.

This guy was never so close to Xiao Xiao before. Could it be that he knows something?

Thinking of this, she felt a faint uneasiness in her heart.

After playing with Xiao Xiao for a while, Li Zhijun bid farewell and left.

Chapter 730 She decided to leave for a while

the next day.

After thinking over and over all night, Shen Ning called Marley aside after a meeting.

"Uncle Marley, I want to hand over the company to you and plan to go to America for a while." This was the decision she made before going to bed last night.

Li Zhenting gave her three days, and now there are only two days left.

For the sake of safety, she decided to leave for a while. Gu Qi cooperates with Lin's enterprise, and her going to the United States will not arouse other people's speculation.

"Why did you suddenly make such a decision?" Marley was very surprised. Recently, the company does not need to go to the United States for development obligations.

"Uncle Marley, I feel very tired and want to go out to relax. Do you have any questions from the company?"

"Oh, if it's just like this, then you can go and take a good rest. Don't worry about the company, just leave it to me, and I will definitely take care of it." Marley looked at Shen Ning's pale and sallowness and couldn't help but feel distressed. This little girl is very preoccupied, and I don't know how many knots she has. It would be a good thing if she could let go of everything and have some fun.

"Thank you, Uncle Marley. It may have been two or three months, or it may have been eight or nine months. The company's affairs are all entrusted to you."

"Yeah." Marley nodded, looking at her worriedly, "Ning Ning, the most important thing is a person's health, everything else is secondary, I hope you can take good care of your body, here in the company, don't worry, as long as I You'll be fine in the company."

"Thanks."

She turned around and walked towards the president's office.

"By the way, Ningning, there is a banquet tomorrow afternoon. You can go after attending." Marley suddenly remembered something, and said later.

"Okay, I will." Shen Ning nodded with a smile.

Tomorrow is an event to give back to old customers and attract new ones. All the elites from the upper class of the imperial capital are invited. Although it is only an event of the company, it is also carefully designed by Marley for Shen Ning.

Shen Ning is now repeatedly frustrated emotionally, which not only affects her emotions, but also affects her work.

The relationship between her and Li Zhenting and Jing Chenxi made Ma Li anxious. Taking advantage of her rising popularity and her age, he wanted to call all the elite men in the imperial capital to see if she could choose the one she liked the most.

Actually, to put it bluntly, it was also a blind date!

President's Office.

Shen Ning called Secretary Li in.

When Secretary Li saw her, his eyes dodged, looking very embarrassed.

Shen Ning smiled, and pulled her to sit down on the sofa.

"Mr. Shen, I..." Li Mengqing sat on the sofa, rubbing her hands tightly, hesitating to speak.

"Mengqing, don't make things too complicated. Remember what I told you before? I don't love Mr. Jing. If we really loved, we would have been together a long time ago. So, don't have any psychological

burden. I'm just sorry for you, it's not good to give my first time to a man I don't know so clearly." Shen Ning took the initiative to pick up the topic.

Currently, Jing Chenxi has no feelings for Li Mengqing, let alone be responsible for her.

She is really degrading her body, it's not worth it.

Li Mengqing lowered her head and did not speak, dejectedly.

She is not good enough for Jing Chenxi, no matter their status or status is too far apart, there will never be a possibility between them.

But she didn't regret it either. If she didn't want to that night, Jing Chenxi couldn't force her even though she was drunk.

After the two chatted for a while, Shen Ning handed over some of the later work priorities to her and started working.

After a while, she went to the accounting room.

Just opened the door.

Seeing Li Jiaojiao chatting and laughing with the secretary at the front desk, she couldn't help but be stunned, why did she come here?

Last night, Li Zhijun came to her house, and today, Li Jiaojiao came to her company again.

These two brothers and sisters, have you recruited them?
