

Troublemakers 741

Chapter 741 Whose daughter is Xiaoxiao?

"Little." As soon as Li Zhenting rushed in, his eyes were fixed on the little face.

The little guy has exquisite facial features, black eyes, blinking, lively and bright, especially like Shen Ning's big eyes, small red lips, high nose bridge, soft black hair, at first glance, almost all of them resemble Shen Ning. Shen Ning, upon closer inspection, the little guy's eyebrows, narrowed eyes, and ears are almost carved out of his own.

Because of prejudice against her, I never looked at it carefully. At this time, I realized how stupid and **** I was, and how wronged my precious daughter was.

Guilt, excitement, excitement, and feelings of atonement rushed into my heart.

He bent down and hugged Xiao Xiao, and hugged her tightly into his arms.

"Xiao Xiao, I'm sorry, it's Daddy who's sorry for you." His eye circles were red, and he kept apologizing, wishing he could pluck out his heart to accompany her.

Xiao Xiao didn't know that Li Zhenting already knew that she was his own daughter, but she said in a childish voice: "Daddy, you don't have to apologize to me, you can apologize to Mommy and ask her to forgive me."

In the little girl's mind, the reason why Mommy took her away from the imperial capital to the United States was entirely because Li Zhenting bullied Mommy again. She wanted to help Daddy keep Mommy.

After hearing Xiao Xiao's words, Li Zhenting felt even more guilty. He kissed her forehead, and tears welled up in his eyes.

At this moment, he really wanted to give himself a few big mouths.

Shen Ning stood by and watched Li Zhenting's actions, doubts arose in his heart. Does this guy know that Xiao Xiao is his biological daughter? With his usual attitude towards Xiao Xiao, he would not have such a big reaction.

Before she could figure it out, Li Zhenting's big hands came around and hugged her and Xiao Xiao into his arms at the same time, hugging them tightly with his powerful arms, he felt guilty: "I'm sorry, Ning Ning, Xiao Xiao, let me You have been wronged, let's go home, and our family will not be separated from now on."

family?

Shen Ning frowned.

"Li Zhenting, I don't dare to be the one, Xiao Gao and I can't make it up." She said coldly.

Once, she wanted to hear these three words so much, the family loves each other and never separates.

But now, what I hear is extremely ironic.

"Ningning, I..." Li Zhenting looked at her shyly.

Shen Ning pushed him away, and wanted to hug Xiaoxiao from his hand.

Li Zhenting hugged Xiao Xiao tightly and didn't let go.

"Li Zhenting, return Xiaoxiao to me." Shen Ning said coldly.

Li Zhenting held the back of his small hand with veins bursting out.

"Ningning, come home with me." He reached out and took her hand.

Shen Ning shook it vigorously, and said coldly: "Give me back Xiaoxiao."

"You... don't even think about it." Li Zhenting blurted out, his voice a little loud.

"Daddy, talk to Mommy well." Xiao Xiao immediately taunted from the side.

"Okay." Li Zhenting immediately answered obediently, and carried Xiao Xiao to Aunt Dong who was standing outside, "Aunt Dong, please take Xiao Xiao to play there for a while, I have something to say to Shen Ning."

Aunt Dong picked up Xiaoxiao and walked towards another bedroom.

"Daddy, you can't scold Mommy." Xiao Xiao worriedly urged in Aunt Dong's arms.

"Don't worry, I won't." Li Zhenting replied gently.

"Li Zhenting, what do you want to say?" In the bedroom, Li Zhenting came in and turned to close the door, Shen Ning asked a little nervously.

Li Zhenting turned around, a teasing smile flashed in his eyes, and he approached her: "Ningning, let me ask you, whose daughter is Xiaoxiao?"

This dead woman still pretends to be in front of him now!

Xiaoxiao is his daughter, but she still wants to hide it from him.

Shen Ning's heart sank, sure enough, this guy knew the truth.

Chapter 742 Did you choose to remarry me because you love me?

"Of course it's my child." A panic flashed in Shen Ning's eyes, and he spoke forcefully.

"Your child?" Li Zhenting bent down and looked into her eyes, and raised her chin with his fingers, "Are you sure it's just your child?"

Shen Ning's mind boomed.

"Shen Ning, even Keke, Ding Ding, and even Jiaojiao know that Xiaoxiao is my biological daughter, but you have kept it from me. Are you playing me like a monkey? I am Xiaoxiao's real father." Land, but the last one to know, think back, you ran away with Coco, and now you run away with my daughter, what on

earth do you want to do? Tell you, I will never agree." The man's finger from her His cheeks moved down little by little, his fingertips caressed Ruyu's skin, and pain flashed in his eyes.

Shen Ning froze for a moment and pushed him away, angrily said: "Yes, Li Zhenting, Xiaoxiao is your daughter, I had triplets that year, and I gave birth to three children, but you know Why should I keep it from you? Ask yourself, do you deserve to know?"

What did you do to me after you knew Coco was your child? What did you do to Xiaoxiao? You unscrupulously snatched away the child I raised from my side, why should I tell you?

These years, do you know how I got here? Know how I brought them up again? How much effort have I spent, are you really not qualified to question me? I don't even deserve to know. "

Li Zhenting was stunned, his head slowly lowered, and suddenly, he reached out and hugged Shen Ning into his arms.

"I'm sorry, Ningning, it's my fault."

He closed his eyes in pain, blamed himself in a low voice, rubbed his cheek against her temples, and said affectionately,

"Come home with me, let's remarry, let them pass the past, we will start from scratch, form a happy family, and raise our children together. Don't worry, I owe you, I will do my best for the rest of my life To make up for you and the children, I will make you the happiest woman in the world, and let the children have the most perfect fatherly love and motherly love."

He stroked her face with trembling fingers, lowered his head and began to kiss her densely, little by little, airtight...

The man's strong love surrounded Shen Ning little by little, and little stars flashed in front of her eyes, but soon, she pushed him away hard.

"Li Zhenting, let me ask you, did you choose to remarry me because you love me?" She looked at him and asked word by word.

A marriage without love will only be a grave, she doesn't need love for responsibility!

What she needs is love, unreserved love, and she doesn't want to hand over the happiness of herself and her child to a man, even if she loves him.

Looking at her, Li Zhenting nodded affirmatively: "Yes, I love you, and I just want to give you and the children a complete home."

"Hey." Shen Ning suddenly sneered: "Li Zhenting, it's not good to say something against your will."

He was surprised: "Why do you say that?"

"Because the woman you love is Xiaofeng, not me, nor Shen Mei." Shen Ning woke him up loudly.

Li Zhenting was stunned when he heard the words: "You also know Xiaofeng?"

"You have unintentionally called me Xiaofeng several times. That night, in the hospital, you had a high fever and called Xiaofeng's name all night. Do you think I don't know?" Shen Ning's eyes flashed sharply.

Li Zhenting opened his mouth slightly, and suddenly realized: "So that's why you left me?"

Shen Ning turned his head out of the window, his eyes dim.

Chapter 743 Shen Ning finally took the flowers

"Ning Ning, I'm sorry, I didn't think too much." Li Zhenting suddenly laughed, walked over to hold her hand, and led her to sit down on the bed.

Women's heart, sea needle, he really didn't think so much!

"Ningning, about Xiaofeng, I should tell you clearly." He sighed, told the story between him and Xiaofeng, then held Shen Ning's hands tightly, and said with emotion: " Ning Ning, everyone has a past, and no one can guarantee what will happen in the past. We are all temperamental people, and the world is vicissitudes, and we can't help ourselves, but the true relationship has always been knowing and loving each other after going through the storm, and we will live together together. In the past, we can't grasp it, but the future must be in our hands. Xiaofeng is dead, and he is no longer in this world. The wind blows away, and what is left now is only a memory and nostalgia for the past. The most important thing now is the future of us and our children. The relationship between me and you is irreplaceable by anyone. Besides, we have long been a family I'm dead, for the rest of my life, I will go forward hand in hand with you to create our future, don't mention the past, okay?"

He put his arms around Shen Ning's shoulders, pulled her into his arms, and hugged her tightly.

Shen Ning was dumbfounded, the man's familiar violent heartbeat was heard by his ears, and he stroked his stomach with trembling fingers.

They have more than three children, and now she is pregnant with his child again!

What can she do, what can she do?

She closed her eyes!

Li Zhenting lowered his head and kissed her again, until he deprived her of her breath little by little... After that, he picked her up and walked outside.

"Xiaoxiao." In the living room, Xiaoxiao was standing there looking at Daddy and Mommy, his clear eyes were shining brightly, Li Zhenting smiled at her, and stretched out his hand to her.

Xiao Xiao ran towards him.

He bent down and picked her up, kissed her little face, and walked out with firm steps with the two of them in his arms.

Li's Castle.

Li Zhenting took Shen Ning and Xiao Xiao by the hand and just got out of the car.

Sudden

In mid-air, a dazzling firework rose, and then, colorful fireworks rose in mid-air, illuminating the entire night sky.

All the lights of Li's Castle were turned on, and a dozen flower girls came out holding delicate roses and surrounded them.

"Mummy, Daddy." Coco and Ding Ding ran out of the living room excitedly, shouting happily.

"Brother, Ding Ding." Xiao Xiao ran towards them.

The three siblings embraced each other.

"Children, look at the sky." Li Jiaojiao also ran out with a smile, shouting loudly.

Everyone raised their heads.

Shen Ning also raised his head.

I saw ninety-nine drones flying in the air, and finally formed a few big characters: Ning, I love you.

"It's so beautiful." Several little guys admired, and all the servants also ran out to look up at the landscape in the night sky.

Li Zhenting smiled slightly. In the past three days, he has been carefully designing this scene, just to give Shen Ning a big surprise, which can be regarded as a ceremony to propose to Shen Ning.

"Ning Ning, I love you, welcome home." A flower girl came to Li Zhenting with a large bouquet of roses, and he took them with both hands and sent them to Shen Ning. He spoke affectionately, his eyes sparkling.

Shen Ning hesitated.

"Mommy, take it."

"Mommy, Daddy loves you, come on."

...

The little guys are stirring the fire beside them!

"Thank you." Shen Ning finally took the flowers.

Chapter 744 Proposal

"Ning Ning, marry me." Immediately afterwards, Li Zhenting struck while the iron was hot, knelt down on one knee, and spoke sincerely and loudly.

Shen Ning was taken aback, he didn't expect this man to take the opportunity to come to this marriage proposal ceremony, and it came so fast.

She was a little dazed.

There was a silence in the air.

"Mommy, please promise Daddy." Ke Ke spoke first, and then the three little guys shouted together, "Mommy, promise Daddy."

Li Jiaojiao was so excited that tears filled her eyes: "It's such a beautiful love, cousin, you just promise my cousin, he really loves you now, I can guarantee it."

"Young mistress, promise the young master quickly." All the servants also answered beside him.

Shen Ning's head was a little dizzy, and his stomach was churning, and his fingers touched his stomach involuntarily.

At this moment, does she still have a choice in her life?

For the sake of the children, no matter how thoughtful she is, she must submit to the man in front of her!

But at this moment, God knows how restless and bewildered her heart is.

Yes

She is in love with the man in front of her, has already been married to him once, and has three children.

But does the man in front of her love her wholeheartedly?

She wasn't sure.

"Mum, you agree." Xiao Xiao ran over and held her by the hem of her clothes, raised her head, and looked at her with dark eyes full of longing.

"Mommy, agree soon." Ke Ke and Ding Ding also looked at her with anticipation on their faces.

Shen Ning pursed his lips, lowered his head, and stretched out his hand towards Li Zhenting.

Li Zhenting was overjoyed, held her hand and stood up, holding her in his arms.

...

the next day.

As soon as Shen Ning sat down in the office, Marley walked in with a newspaper.

"Ningning, you don't plan to go to the United States, do you?" He asked quietly.

Shen Ning lowered his head: "Yes."

"Ning Ning, are you and Li Zhenting planning to remarry?" He looked at her with an inquiring look in his eyes.

Shen Ning didn't speak.

Last night, she had promised him!

"Ning Ning, Li Zhenting is a dragon among dragons. He is talented and handsome, and he is worthy of you. But, have you thought about it? Marriage is not a child's play, you must think carefully, I only hope

that you can find true happiness " Marley smiled, if she chooses Li Zhenting again and marries him, it would be the best thing to be happy, after all, they already have three children.

"Uncle Marley, I..." Shen Ning looked at him, his eyes were a little red.

Mum is dead, grandma is bedridden, in fact, Marley is her closest natal family.

She was in a very complicated mood.

Marley seemed to read her mind.

Early this morning, he saw the announcement in the newspaper: Li Zhenting is going to marry Shen Ning!

That's why he came to her so eagerly!

"Ningning, if you have any concerns, just tell me. As long as I can, I will do everything to help you. In my eyes, you are my daughter. It is a lifelong event, so you have to think about it." He said Wen Yan said, "No matter what decision you make, I will support you."

"Thank you." Shen Ning suddenly raised his head, "Uncle Marley, I don't have a choice, I think about the children's happiness."

"Silly girl, the happiness of the children is important, but you also have to think about yourself. Marriage is too important for a woman."

"I know." Shen Ning said in a low voice, stroked his stomach with his fingers, and closed his eyes slightly.

Footsteps sounded outside.

main entrance.

In a suit and leather shoes, the heroic Li Zhenting strode in.

Chapter 745 Licensing

"Ning Ning, let's go, it's getting late." Li Zhenting came in and greeted Marley first, and then smiled at Shen Ning.

"President Li, I have a few words to tell you, please come out with me first." Marley knew that they had an appointment to go to the Civil Affairs Bureau to get a marriage certificate today, so he stood up and said to Li Zhenting.

"Oh, good." Li Zhenting froze for a moment, and immediately agreed with a smile.

In the lounge next door.

"Mr. Li, Ning Ning really suffered a lot for you. She was pushed into the sea by Shen Mei and escaped death. In order to give birth to three children for you, she almost died of a hemorrhage that night. Later, she took two children by herself. When you go to live in the United States, you just need to wash dishes and do chores to support them. This kind of perseverance and hard work is not something ordinary

people can bear. I hope you can cherish her and give her a lifetime of stability and happiness. She is absolutely worth it!" Marley said earnestly.

Pain flashed in Li Zhenting's eyes.

He knew that Ma Li was someone close to Shen Ning and someone who cared about her very much. To him, he was very polite and respectful.

"Uncle Marley, don't worry, if I marry Ningning, I will definitely be responsible for her. What's more, she is the mother of my three children and a hero of our Li family. I will never forget all the hardships she has endured for me. It's very sad, for the rest of my life, I just want to make up for her and the children, please believe me." He solemnly promised.

Hearing his oath-like promise, Marley also believed his sincerity, and smiled gratifiedly: "If that's the case, then I can rest assured. I have long regarded Shen Ning as my daughter, and I am very concerned about her future. Only when she is happy and happy can I rest assured."

"Well, don't worry." Li Zhenting nodded heavily.

...

In front of the Rolls-Royce luxury car.

"Ning Ning, be careful." Li Zhenting took Shen Ning's hand and walked out. The weather outside was beautiful and the sun was shining brightly. He opened the car door first, and gently helped her into the car before walking to the driver's cab. Started the car.

"Ning Ning, did you not sleep well last night?" Li Zhenting asked Shen Ning when he led Shen Ning out at the gate of the Civil Affairs Bureau.

"No." Shen Ning shook his head, "It's just a little sleepy."

Li Zhenting put his hands on her waist, hugged her into his arms, and said affectionately: "The procedures for obtaining the certificate will be completed soon, and I will send you home to rest later, don't go to work, and leave the company's affairs to Ma for the time being." Come on, I will hire someone to manage the company at that time, you just need to take care of the children at home."

"That won't work, I have to personally supervise the company's affairs, Mr. Lin values me so much, I can't let him down." Shen Ning shook his head.

"You, you are really a strong woman, it will be very hard." Li Zhenting kissed her forehead lovingly, "My Li Zhenting's woman only needs to stay at home, go shopping every day, buy things, and do things. Exercise, just take care of the children, there is no need to work so hard, I can afford it."

Shen Ning smiled: "If it was your Xiaofeng, she could do this, but I am neither Shen Mei nor Xiaofeng, I have my own way of life."

"Okay." Li Zhenting was a little helpless, but hearing her tone was a little sour, he pinched her nose and said seriously: "Ning Ning, you are my wife, my child's mother, and my real mother." Woman, you are the most special, no one can match you."

Is it?

Shen Ning was a little dazed.

Such an answer really made her feel intoxicated, and it also made her feel sweet.

The two chatted and laughed, and soon came to the certificate processing hall.

"Come on, sit down and wait for a while, it will be our turn soon." Today is an auspicious day, and there are quite a lot of people. Li Zhenting put his arms around her waist and sat down on a chair. The chair is made of metal that dissipates heat quickly. The material was a little cold, Li Zhenting hugged Shen Ning and sat on his lap.

The man's warm body temperature came, and Shen Ning felt drowsy again.

It seems that pregnant women are indeed prone to falling asleep.

She rested her head on his chest and closed her eyes slightly.

Chapter 746 I have something to tell you

"Yo, your slender waist is still a bit fleshy. It seems that you have gained weight during this period." Li Zhenting stroked the skin on Shen Ning's waist with his big palm, and smiled fondly, "It's better for women to be fatter." , feel comfortable."

After talking about it, I was a little smirk.

Shen Ning didn't bother to talk to him, but she was thinking about when to tell him about her pregnancy.

She wants to tell him directly after receiving the certificate. When she was pregnant with Keke, Ding Ding, and the little three treasures, everything was borne by her. How much suffering she has suffered. This time, she will tell him as soon as possible. The little baby enjoys the love of the father in the womb.

Moreover, the most important thing is that Li Zhenting is very energetic, and he must let him know that she is pregnant with a child, so that he can be more restrained and less torment her.

While thinking about it, their names flashed on the computer screen.

Li Zhenting led her to stand up and walk towards the counter.

With Li Zhenting here, don't care about her, just sign and cooperate with the photo.

Not long after, the staff handed over two red books, one for each person.

The moment Shen Ning held the red book, for some reason, he didn't feel much joy, but instead seemed to be extremely heavy and heavy.

"Let me take care of it." Li Zhenting took back the red book in her hand and put it in the briefcase, put his arms around her waist and walked outside, rubbing her ear, and said affectionately: "Ning Ning, From now on, you will be my Li Zhenting's woman, and you are not allowed to run away with the children, and I will spank your **** if you run away again."

After finishing speaking, he lowered his head and kissed her on the lips, regardless of the presence of so many people beside her.

Shen Ning's face was a little red, and he said angrily: "Can you pay attention to your image under the court?"

Who knew that it was okay if Li Zhenting didn't listen, but when he heard it, he simply hugged her horizontally, and a princess hugged her directly, and walked outside with her in his arms.

Many couples cast smiling glances at them.

Shen Ning was picked up by Teng Kong, and his face was blushing. This man is getting more and more outrageous, but his heart is still very sweet.

In a luxury car.

Shen Ning was hugged by Li Zhenting and laid down on the back seat. Li Zhenting followed and sat on her body, grinning and laying on her body, his fingers stuck in from the hem of her clothes... Shen Ning immediately felt his skin was hot and his face was flushed.

"Can you be more serious?" She rolled her eyes at him. She was already attracting attention when she was brought over, and she didn't know how to restrain herself. If the media found out, it would make headlines. It was originally a secret that they came to get their marriage certificate.

"As long as you're a man, you can't be serious." Li Zhenting salivated, and said grandly, "It's not against the law to be intimate with your own wife."

After finishing speaking, his lips touched her red lips repeatedly, and began to plunder eagerly.

The tingling sensation hit, and Shen Ning felt a little contraction in his lower abdomen. He was afraid, and pushed him, but Li Zhenting hugged her, and the tip of his tongue strongly penetrated...

During a dizzy kiss, Shen Ning beat the man's shoulder weakly with his small hands.

Li Zhenting grabbed her hand, put it to his lips and kissed it, laughing loudly.

"Let me get up first, I have something to tell you." Shen Ning stared at him.

"Okay, I'll let you go now, tonight, I won't let you go." Li Zhenting kissed her lips greedily again, and whispered intimately in her ear, the woman's eardrums were quivering with his fierce breathing. After getting burned, Shen Ning's face was as red as blood, and he stretched out his hand to push him, so Li Zhenting sat up.

Shen Ning also got up and sat up, combing the messy hair on his head.

"Zhen Ting, I have something to tell you." She pursed her lower lip and said.

It's better to tell him earlier, she can't stand too much trouble when she's pregnant, and she's afraid that this guy will go crazy, so it's better to tell him earlier for safety's sake.

only

As soon as she finished speaking, Li Zhenting's cell phone rang suddenly.

Her eyes jumped inexplicably.

After Chapter 747, you must be happy

"Which one?" Li Zhenting glanced at the phone number, it was very unfamiliar, and he wanted not to answer it, but after thinking about it, he still picked it up.

There was a moment of silence on the other side.

Li Zhenting frowned, and was about to hang up the phone.

"Zhenting..." A woman's intermittent voice suddenly came from the phone, and after a while, Li Zhenting's face changed color.

"Xiaofeng." He blurted out.

Shen Ning was shocked, and immediately turned to look at him.

Li Zhenting looked back at her, opened the car door and walked out.

Shen Ning's heartbeat slowed down a beat, and her eyelids twitched again involuntarily. She looked out of the car, and Li Zhenting's face was never serious before. She didn't know what she was talking about, and her whole body was very nervous.

Shen Ning sat blankly, just now the word 'Xiaofeng' came into her ears clearly.

Could it be...

She turned her head, and Li Zhenting had already hung up the phone and was walking towards the car.

"Ning Ning, I have something urgent to go out now, you can drive home and rest, and wait for me to come back tonight." He opened the car window, kissed her forehead, turned and left in a hurry.

Shen Ning sat like a sculpture, a chill came up from the soles of his feet.

What did he do? Is it about Xiaofeng?

She felt dizzy.

I don't know how long it took before she concentrated and drove away.

After a big circle on the street, she finally drove back to the Gucci Building.

Still far away, she saw the figure of a man standing at the gate of the Guqi Building. The man was tall, graceful and elegant.

Isn't that Jing Chenxi? Why is he here?

"Ning Ning." Shen Ning parked the car and walked towards him, and he limped up to meet him with a hoarse voice.

"Chen Xi, why did you come here before your legs recovered?" Shen Ning asked with concern.

"Ning Ning, you and Li Zhenting have obtained a certificate, haven't you?" Jing Chenxi's eyes were a little hollow, his handsome face was desolate and lonely.

"I..." Shen Ning lowered his head.

"You still love him, even though he hurt you so deeply, you still love him." He murmured, "Maybe this is love."

"Chenxi, we have three children. For the sake of the children, I can only choose to remarry him. This is good for the children." The image of Li Zhenting leaving in a hurry after receiving the call flashed in Shen Ning's mind. There was a stabbing pain in my heart.

She didn't know if her choice was right, but now, it was too late!

Everyone has to be responsible for their own choices, and so is she, maybe this is fate.

"Ningning, you must be happy in the future, and you must love yourself more. If you don't cherish yourself in this world, then others will not cherish you. Take care of yourself. I'm leaving." After a while, Jing Chen Xi looked at her, told her solemnly, then turned and walked outside.

Shen Ning is his first love, a beautiful woman like a god. He has always wanted to marry her and give her happiness, especially when he saw her unhappy, he was sad and wanted to give her happiness.

But he can't afford her happiness!

"Chen Xi, where are you going?" Shen Ning shouted with a trembling voice, his eyes covered with mist.

Jing Chenxi stopped suddenly and turned around, and said slowly: "By the way, Ningning, I have done something to be sorry for you too, that diary, your mother's, was actually given to me by Shen Mei, she thought Let me chase you and cause Li Zhenting to misunderstand, because she wants to marry Li Zhenting as Mrs. Li, and thinks you are her threat, and she wants to get rid of you."

Shen Ning was startled.

Chapter 748, you can enjoy peace of mind

"Ning Ning, although Shen Mei approached me and I accepted her opinion, everything I did was from the bottom of my heart. There was no intentional separation between you and Li Zhenting. I really love you and never thought I want to hurt you, but the man you love the most will always be Li Zhenting, I admit that I have failed, and please forgive me, after all, everyone is selfish, especially love." Jing Chenxi opened his mouth openly, as if he was relieved. A stone in my heart was dropped, and my whole body was relaxed.

"Chen Xi, I don't blame you." After a while, Shen Ning murmured.

"Thank you, Ningning, you are always the kindest and most understanding." Jing Chenxi smiled slightly, turned and left.

It's time to leave here, this place doesn't belong to him anymore.

He thought that from now on, he would never love anyone again, because love had never favored him, so he gave up, and held on to the ticket in his hand. Tomorrow morning, he would leave the imperial capital, and leave here forever. Move your company's business from the imperial capital to Southeast Asia little by little, and leave this sad place.

He walked towards his luxury car.

In front of the floor-to-ceiling glass in the secretary's office, Li Mengqing stood there, looking fondly at the man's limping back, biting her lips tightly, her eyes filled with tears.

This beautiful man, the lover of her dreams, she fell in love with him only at the first sight of him.

It's just that he is too high and unattainable, she can't live and fly with him.

But even if she can't get it, as long as she can have a little relationship with him, it will give her the courage to silently dedicate to him for the rest of her life.

That night, she finally had this chance.

He was blazing like fire, she was excited and excited, the collision of a pair of dry firewood sparked billowing waves... A smile appeared on the corner of her lips.

But in the blink of an eye, when she decided to follow his figure again, he was already gone.

She panicked, and hurried to the tea room next door, tiptoeing to look.

It's just that the man has disappeared.

She leaned against the wall and sat down little by little, staring at the ceiling dreamily, and put her hands on her stomach...

There was no news from Li Zhenting all day long.

In the afternoon, Shen Ning drove to pick up the children.

No matter what, she and Li Zhenting are legally married again.

The children are expecting them.

"Mommy, where's Daddy?" The children stood at the entrance of the kindergarten, and when they saw her coming, they all ran towards her, but soon, they were disappointed because they didn't see Daddy.

Shen Ning felt a pain in his heart, and smiled: "Your daddy has something important to do in the company today, he's busy, so it's good for Mommy to pick you up, right?"

"Yes." The little ones answered happily after being disappointed for a while.

Because Mommy and Daddy are married, they will be a family in the future, and the family will stay together every day. In the future, they will have a lot of opportunities to be with Daddy and Mommy. How happy they are.

Shen Ning concentrated his energy and drove back to Li's Castle.

"Ma'am, you are back." Housekeeper Luo immediately greeted her with a smile.

Shen Ning finally remarried with the young master, and she can be Mrs. Li again. This is what he is most happy to see.

Shen Ning forced a smile.

Butler Luo helped her lead the children back home.

"Madam, the young master has ordered that you just take care of the children at home, and let the servants and nanny do the housework. Just take a good rest." As soon as they arrived in the living room, Housekeeper Luo spoke.

Shen Ning was taken aback: "Did he call you?"

"No, you must be careful, young master. You gave me an order yesterday." Housekeeper Luo smiled, "Madam, you can enjoy your life with peace of mind from now on. Dress yourself up and make yourself beautiful. After all, every man is like beautiful women, leave the rest to me, there are several new nannies in the family, this time, the young master is determined to make you a rich wife."

Chapter 749 Daddy is really bad

Shen Ning slightly pulled the corner of his lower lip, but did not speak.

At this time, Butler Luo called out all the nannies in the family.

"Madam, the young master has recruited three new nannies, two are in charge of daily life, and one is on the night shift, responsible for checking the sleeping conditions of the young master and the ladies at night. Mama Hu has retired, and Sister Yun will take care of you personally. Just tell me or Sister Yun." Butler Luo said thoughtfully.

Now he has been promoted to the chief steward of the entire Li's Castle, and he has more and more things to take care of. The chores in this family can only be handed over to Sister Yun.

Shen Ning glanced at the three newly recruited nannies, two were in their thirties, and one was younger, about eighteen or nineteen years old. She glanced at the young girl, who looked like she had just come out of the country, she didn't see Live the world, dress plain and clean, and look comfortable.

"Hello, madam." They greeted Shen Ning in unison.

Shen Ning smiled and nodded to them.

Next, the nannies went to their respective offices.

Shen Ning took care of the children for afternoon tea, and then the family teacher Xiao Li came to teach the children to do their homework. She was sleepy all over, and after yawning, she went to the upstairs guest room to lie down and rest for a while.

only

Lie down and close your eyes and fell asleep.

"Ma'am, ma'am." She was shaken awake, and when she opened her eyes, she saw Sister Yun standing in front of her with a respectful and friendly smile on her face.

She hurriedly sat up.

"Madam, it's time for dinner, and the children are waiting for you." Sister Yun smiled, "Why do you sleep in the guest room? The master bedroom was decorated as a wedding room half a month ago, and that's where you are. It's better to sleep in the bedroom with the young master."

Half a month early?

Shen Ning was a little surprised when he heard that, it seemed that Li Zhenting had already planned, so he felt better when he thought about it.

"Sorry, I fell asleep." She stood up with a smile, and followed Sister Yun downstairs.

In the dining room.

The three nannies stood aside, quietly, while the four little ones sat in rows, waiting for her to eat together.

She took a look and asked, "Sister Yun, has the young master not come back yet?"

"No, the young master has already called to say that the company has important matters to deal with, so let's not wait for him." Sister Yun replied.

Shen Ning's heart was empty, tonight could be regarded as her first dinner after entering the house, but the host didn't go home to have dinner with her!

Is the matter of the company really so important? So important that you can't come back for dinner on the first night of your wedding? !

She was very unhappy, but she didn't show it on her face, and there was still a slight smile on the corner of her lips.

"Mommy, can we have dinner?" The three little guys looked at her with innocent and lovely smiles in their bright eyes.

Just the moment she saw the children, her heart quickly warmed up.

"Of course." She smiled slightly, picked up the chopsticks and began to pick up food for them. She was already very happy with the children around her. Although there was something empty somewhere in her heart, it did not prevent her from being happy!

"Mum, I eat everything, I'm not picky eaters, I'm a good boy." The little black eyes blinked while eating, they were so cute, the little guy was never picky eaters, she would pick whatever Shen Ning gave her. What to eat, so it is well raised, and it is also very sensible and obedient.

"Well, Xiaoxiao is really good." Shen Ning praised Xiaoxiao with a smile.

Xiaoxiao is very happy, and she is very excited to eat.

"Hey, Daddy is so naughty, Mommy didn't eat with us on the first day home." Ke Ke was a little unhappy, and slapped her face while eating.

"Let's criticize Daddy later, let him be more sensible in the future, and don't let Mommy worry." Ding Ding echoed beside him.

The nannies pursed their lips and wanted to laugh. Shen Ning was relieved and funny listening to the children's words, but he couldn't laugh at all, and his eyes were moist instead. Li Zhenting didn't understand the truth that even the children understood.

Chapter 750 Yesterday, what did you do?

The night was dark and the wind was howling.

Shen Ning sat in the warm and luxurious bedroom, staring at the darkness outside in a daze.

It was almost twelve o'clock, and Li Zhenting still didn't go home.

The bedroom has been arranged in an extremely luxurious manner according to Shen Ning's preferences. It is definitely the most expensive and warm wedding room in the entire imperial capital, but the man who should appear the most has not come back for a long time.

Shen Ning sat on the sofa and looked at the wall clock on the wall. It was only five minutes before the clock struck midnight. It seemed that she would be alone in the empty room again this night.

Many years ago, on their wedding night, she was alone, waiting for the man who was supposed to appear, but she waited all night without even a shadow of him.

Now, after they remarried, the same is true again. It turns out that the gods of fate are so similar!

After a while, the zero o'clock clock on the wall rang.

Shen Ning stood up and looked at the empty wedding room. It was eerily quiet. He shivered all over, picked up the pillow, and went to the next room.

There is no harmony, no soft words, all the vows seem to be a joke!

She lay down on the soft bed in the guest room with all her clothes on, staring up at the ceiling in a daze.

After a while, tiredness hit, and he fell into a deep sleep.

At some point, in a deep sleep, she felt someone hugging her, and she smelled a familiar smell in her nostrils. She didn't know if it was a dream or a real situation. In short, she was too sleepy and didn't open her eyes.

Until I woke up, my eyes opened, and what I saw was the colorful ceiling, exquisite plaster lines, and deep and bright murals.

She got up suddenly and looked around.

Isn't this the wedding room of her and Li Zhenting!

No, she obviously slept in the guest room last night.

At this time

There was the sound of running water in the bathroom.

She looked towards the bathroom.

It should be that Li Zhenting is back. Others dare not enter their wedding room easily, let alone enter the bathroom to take a shower at this time.

Turning his head to look at the clock on the wall, it was already six o'clock in the morning.

That is to say, he did not return overnight.

It seems that the feeling in the dream is not a dream but real. It was Li Zhenting who found her in the guest room after returning and carried her into the wedding room.

Her fingers gradually twisted into a ball.

After a while, the bathroom door opened, and a tall and muscular man came out with a bath towel wrapped around his lower body. His eight abdominal muscles were faintly visible, and there was a look of fatigue on his monstrous face.

"Ning Ning, woke up so early?" Li Zhenting looked up and saw Shen Ning sitting on the bed. After a moment of stunned, he immediately spoke softly, with a wicked smile on the corner of his lips, "Did you miss me, know that I'm back?" just woke up."

As he spoke, he wiped his hair with a dry towel and walked towards Shen Ning, the smell of lime in the air rushed towards him.

Shen Ning grabbed the quilt with his fingers, looked at him and asked coldly: "Li Zhenting, what did you do yesterday?"

Li Zhenting threw the towel aside, sat next to her, put his long arms around her thin shoulders, and said affectionately: "Ning Ning, I'm sorry, something important happened last night and I can't get out of it. I owe you, now Make it up, I won't go to work today, to stay with my wife."

After the man finished speaking, he pulled her face with his big hand, and kissed her lips with his hot lips, kissing her tenderly and delicately.

After a moment's hesitation, Shen Ning pushed him away and shouted, "Li Zhenting, don't touch me."

Li Zhenting paused, and looked at her apologetically: "Ningning, are you angry?"

"Don't dare." Shen Ning said coldly, and lifted the quilt to get out of bed.

Li Zhenting hugged her: "It's so early, where are you going?"

"Make breakfast for the kids."

Li Zhenting's face sank: "Didn't I tell Butler Luo? You don't need to do these rough jobs in the future, you just need to give instructions. Didn't he tell you?"

Shen Ning sneered: "Of course he said it, but I dare not, I don't have the life of that rich wife."

After finishing speaking, he said coldly, "Let me go, it's early in the morning, everyone is sleeping, don't wake others up."
