

Troublemakers 751

Chapter 751 A very clear lipstick mark

"Who said you didn't have the life of being a rich wife? Only I can say whether my woman has that life, and I will give you this life now." Li Zhenting hugged her tightly, "I'm sorry, I didn't come back last night, but I will double the compensation to you now, don't be angry with me, honey, I love you."

He bowed his head and kissed her.

Shen Ning turned his head away.

His kiss landed on her neck, and then he began to kiss her neck little by little... Breathing became more and more rapid.

Shen Ning struggled desperately.

But the man's powerful arms wrapped around her tightly, preventing her from moving.

Shen Ning was angry and furious, and a nauseating feeling hit his stomach while struggling, and one couldn't hold it back, and spat onto the brand new quilt with a 'wow'.

"Ning Ning, what's the matter with you?" Li Zhenting was stunned at this moment, let her go quickly, and asked anxiously.

Once the nausea surged up, his stomach began to churn, Shen Ning got out of bed, covered his mouth and ran towards the bathroom.

She lay on the toilet, vomited upside down, and even vomited out yellow bile.

Li Zhenting ran over, but when he entered the bathroom, he found that Shen Ning had locked the bathroom door behind him after running in. He could only pat the door and stood outside and asked worriedly: "Ning Ning, what's wrong with you?"

After Shen Ning vomited inside for a while, he finally calmed down.

Fortunately, the morning sickness only lasted for a while. She washed the vomit away with water, and after resting on the toilet seat, she felt much better.

Li Zhenting didn't know what was going on with her inside, so he could only stand outside the door and call her to open the door.

Shen Ning ignored him, stood up, looked up, and suddenly saw that the clothes he had changed were hanging on the railing over there, the white shirt was hanging down from the stainless steel railing, and there was a very clear lipstick mark on the shirt. On the neckline, it was as coquettish as blood.

She stared at it, suddenly felt cold all over, shivering from the cold, trembling all over her body, walked towards the lipstick mark in a mysterious way.

This is a woman's lip print, not too big, not much different from hers, and the lip shape looks beautiful.

Beside the lip print, a long strand of hair fell on it, as slender as a poisonous snake, looking at her with teeth and claws, and spitting red letters at her.

"Ah." She took a few steps back in fear, suddenly a sense of suffocation hit, and a nausea surged in her stomach, she retched a few times, then turned and walked outside.

"Ning Ning, Ning Ning, what's the matter with you? Do you want me to call the doctor?" Li Zhenting saw that Shen Ning had entered for a long time but did not open the door. He didn't know what happened inside, and was very anxious.

Shen Ning's blood-red eyes stared at the bathroom door, and she stood there blankly until Li Zhenting said outside that she was going to call a doctor. Then she came to her senses, staggered to the basin faucet, turned on the cold water, and picked up the water drops Suddenly flushing her face and eyes, the coldness that had penetrated into the bone marrow constantly stimulated her nerves.

She couldn't help trembling, and the tears gushing out of her eye sockets flowed out with the water drops, and then they were washed clean without a trace.

Li Zhenting was worried outside. Seeing that Shen Ning hadn't come out after a long time, he turned and ran towards the utility room, trying to get the spare key.

The door suddenly opened.

Shen Ning walked out with her head bowed. Under the incandescent light, her little face was so pale that there was no trace of blood.

"Ning Ning, what's wrong with you?" Li Zhenting stopped and rushed over to hug her into his arms, and asked extremely gently, "I'll take you to the hospital."

"No need." Shen Ning was very calm, and pushed him away with his hands, "Last night, I suffered from a bit of wind and cold, and felt a little dizzy, but now I'm fine."

"Is that all?" Li Zhenting asked gently and worriedly, stretching out his arms to hug her again.

Shen Ning dodged like avoiding the plague god, and said indifferently: "Let Sister Yun come over and tidy up the vomited sheets. I'm a little uncomfortable. I'm going to the guest room to sleep for a while. I won't send the children to the kindergarten in the morning."

After speaking, she walked outside.

Li Zhenting wanted to pull her, but Shen Ning's indifference and refusal prevented him from reaching out to her.

Chapter 752 You are such a good mommy

After Shen Ning walked into the guest room, he locked the door behind him, crawled into the quilt, buried his head on the quilt, and burst into tears, which could not be exhausted.

Is she wrong? Have you chosen the wrong marriage again? She cried so much that she couldn't help herself, shaking all over.

Lying down in the guest room, she fell asleep for a day and a night. In fact, she was not very sleepy afterwards, but she just didn't want to get up, didn't want to face that man, but quietly hid in a corner and licked her wound.

Li Zhenting was very worried. At first, he only dared to stand quietly at the door and listen to the movement inside, not daring to disturb her, for fear that she would really fall asleep and disturb her sleep. Later, when she didn't come out for lunch, she got anxious and started knocking on the door lightly, and later, when she didn't come out for dinner, she was already very anxious, knocking on the door, and kept calling her name.

Throughout the night, Shen Ning was in a daze, and she kept hearing someone calling her name, but she just didn't want to wake up, she just wanted to sleep like this.

When I opened my eyes again, it was already dawn.

She got up, washed and dressed, and went downstairs to make breakfast for the children.

When Li Zhenting got up and went downstairs, he saw Shen Ning who was busy in the kitchen. After being surprised, he was overjoyed.

"Ningning, you woke up so early, didn't you tell me, let the nanny do these things, you just need to point them out." He strode up and said distressedly.

Shen Ning didn't raise his head: "I take care of my own children."

"Ning Ning, you are such a good mommy." Li Zhenting praised affectionately, put his arms around her waist from behind, and pulled her into his arms.

"Li Zhenting, please let me go." Shen Ning hurriedly turned and pushed him away with a serious face, "If you can't respect me, then I don't need to stay in this house."

Li Zhenting was pushed back a few steps and looked at her stupidly.

I didn't see him for one night, he was haggard a lot, thin blue stubble appeared on his chin, and his eye sockets were also bloodshot.

Shen Ning just gave him a cold look, then continued to work with his head down.

"Xiaoxiao." After a while, the children came down one after another. Li Zhenting walked towards Xiaoxiao who was walking at the back, stretched out his hands and hugged the little guy into his arms, kissed her little face, and asked affectionately, "Did you sleep well last night? Did you miss Daddy?"

"Well, sleep well, I miss Daddy." Xiao Xiao pecked his head, and spoke in a milky voice.

She was still a little restrained, as if she couldn't believe that Daddy would treat her so quickly.

After returning to Li's house this time, although it's only been two days, Li Zhenzhen really showed special care and love for her, the little guy hasn't gotten used to it yet.

"Xiaoxiao, just tell daddy what you want to eat, no matter how busy he is, he will buy it for you." Li Zhenting raised Xiaoxiao a little higher with his strong hands, and carried her into the study, from inside He took out several exquisite bags, and said affectionately, "These are gifts from Daddy, do you like

them? Daddy will ask Aunt Yun to decorate a very beautiful princess room for you, Just tell Dad what toys and gifts you want, and I will buy them all for you."

Little little fingers flipped through those expensive gifts, all of which were her favorites. She was overwhelmed with surprise, and her black eyes were shining brightly.

"Thank you Daddy." Xiaoxiao thanked happily, but she didn't forget Mummy, but put her little mouth in Daddy's ear and asked softly, "Daddy, did you buy a present for Mummy?"

Li Zhenting nodded hurriedly: "Don't worry, Daddy will buy it from your mommy. Daddy can't wait to give you and your mommy all the good things in the world."

For the sensible Xiaoxiao, he really feels guilty, full of guilt.

only

He was only focused on talking to Xiao Xiao, but he didn't expect that Lan Lan's eyes were staring at them all the time.

Chapter 753 You haven't come home these three days?

Lan Lan's big eyes were full of jealousy and jealousy.

"Daddy, Xiaoxiao is already so big, why do you still hold her? She is not good at all." She glared at Xiaoxiao who was being held in Daddy's arms, and said dissatisfiedly.

Xiaoxiao came back this time, Daddy's attitude towards her has completely changed, it has become much better than her.

Originally, she was afraid of little Lan Lan, and the balance in her heart was completely out of balance at this time, but now she hated Xiao Xiao even more, thinking that she was robbing her of everything.

"Xiaoxiao is quite obedient. Daddy likes her and wants to hug her for a while." Li Zhenting didn't take it seriously, and kindly protected Xiaoxiao. In his heart, Lan Lan was always by his side, not lacking in fatherly love, And Xiaoxiao just returned to his embrace, he should give her more care now and make up for her.

Lan Lan looked at the beautiful gifts in Xiaoxiao's hands, and heard her father's indifferent words, and hated Xiaoxiao even more. Now the entire Li family regards Shen Ning and Xiao Xiao as the center of gravity and takes good care of them, Xiao Xiao is like a princess being held in the palm of her hand, while she can only be left out in the cold.

She is angry!

"Eat breakfast." At this moment, Shen Ning's voice sounded in the living room.

"Okay, here we come." Li Zhenting hurriedly agreed, and walked out with Xiao Xiao in his arms. Lan Lan followed behind with her mouth pouted.

During breakfast, the children sat in a row in a neat row, all looking at Shen Ning, waiting for her to feed.

Looking at the lovely children, a smile appeared on Shen Ning's face.

From entering the door the day before yesterday to now, it was only at this time that a long-lost smile appeared on her face.

The children are very obedient, and Lan Lan, without Shen Mei's connivance and protection behind her back, is a lot more honest, and eats seriously.

After breakfast, Li Zhenting and Shen Ning went to send the children to the kindergarten together. In front of the children, Shen Ning did not object, and the two sent the children to the Blue Whale Kindergarten together.

As soon as the children were delivered, the online car-hailing car that Shen Ning called in advance drove over. Before Li Zhenting could speak, Shen Ning turned around and got into the car.

The online car-hailing car drove away quickly.

Li Zhenting stood there with a darkened face.

After returning to Gucci, there were a lot of things to do, and because the sales meeting held at the Galaxy Hotel a few days ago was relatively successful, and her good mommy personality added a lot of points, the perfume obligation ushered in a small climax.

Shen Ning was busy day and night, and the busyness seemed to make her forget everything, and her mood improved a lot.

In order not to let the children worry about her, she asked Aunt Dong to take care of them in Li's Castle, while she stayed in the office for food and lodging, so she has been busy for three days.

On the third day, Li Zhenting came.

When Shen Ning returned to the CEO's office from the financial office, he saw a tall and noble man standing in the office. He was wearing a well-tailored suit and his long legs were straight and long. Standing there seemed to take over the entire office. Bright.

She bowed her head and walked in silently.

"Ning Ning." After hearing the footsteps, Li Zhenting turned his head and saw her, his eyes lit up, he immediately stepped forward, and asked with concern and tenderness, "You haven't been home for the past three days?"

Shen Ning was stunned for a moment, and he actually asked her that she hadn't come home for three days? In other words, he hasn't gone back for three days!

hey-hey!

If the term is based on the marriage certificate, then the days of their remarriage are even more absurd than the last time they got married.

Both of them didn't go home or contact each other for several days and nights. What's the difference between this and the last time they got married?

"Li Zhenting, did you know that I haven't been home for three days? If I died in these three days, would you only know now? Just like last time, I was pushed into the sea by Shen Mei. The 'death' is also many days later, is there any difference between this and last time?" Shen Ning asked with a sneer.

Chapter 754 Don't care about leaving one more time!

"Ningning, I really have something important to do these days. It's very serious. I promise you that I will go home on time every day. Please forgive me." Li Zhenting's eyes flashed apologetically, and he looked at her gently, "I called you, but your phone was turned off."

Shen Ning desperately blinked a few times, forcing the layer of fog back.

"Li Zhenting, I can forgive you, but please give me a reason. What are you doing these days? We just remarried, and you stayed out all night. Shouldn't you give me a reason?" Shen Ning's eyes were sharp.

She doesn't want to hide it like this anymore, if it doesn't work, then divorce decisively!

I have already left once anyway, and I don't care about leaving again!

Li Zhenting met her resolute gaze, flustered.

"Okay, Ningning, I'll tell you, but you have to go home with me first, and I'll tell you everything after I get home. I believe you are a kind girl, and you will understand what I do." He sipped the lower lip, as if she had made up her mind, opened her mouth decisively.

"Then say it here."

"No, it's inconvenient to talk about this kind of thing here. Come home with me first. The children miss Daddy and Mommy very much. Today I asked Sister Yun to buy a few more dishes. Let's get together and have a reunion Rice." He said sincerely.

Shen Ning thought for a while, nodded and said, "Okay, I'll go back with you."

She also misses the children. I haven't seen them for three days. I don't know how the children are doing now.

"Then let's go home." Li Zhenting stretched out his hand to hold her, but Shen Ning withdrew his hand in time.

Li Zhenting had no choice but to walk behind her helplessly.

In the offices on both sides of the corridor, staff gathered from time to time to look at the two of them with envy in their eyes.

After all, Shen Ning married the richest man in the imperial capital, and Li Zhenting is so handsome that even a woman would be envious!

Li's Castle.

"This is a gift from my father, why did you **** it from me?" The two had just returned to Li's Castle, and they were still in the front garden when they heard a small cry from the living room.

Shen Ning was startled, and hurriedly walked towards the house.

In the living room, Xiaoxiao cried until her eyes were red, while Lan Lan hugged Snow White tightly, fiercely.

Shen Ning's heart sank to the bottom of the valley.

"Xiaoxiao, what's the matter?" But before she had time to ask, Li Zhenting from behind rushed to Xiaoxiao and asked with concern.

"Daddy, Lan Lan snatched my Snow White." Seeing Li Zhenting and Shen Ning coming back, Xiaoyi replied, but ran into Shen Ning's arms and burst into tears.

Listening to Xiaoxiao's cry, Li Zhenting felt as if his heart was being scratched by sharp claws. He stretched out his hand to hug Xiaoxiao, but Xiaoxiao turned around and clung to Shen Ning's clothes tightly.

Because she didn't go home for three days, Shen Ning didn't know if the novel was right or not. After all, she had never bought the Snow White in Lan Lan's arms before.

Li Zhenting looked back at Lan Lan, and asked seriously: "Lan Lan, tell Daddy, is this Snow White yours?"

"Daddy." Lan Lan ran towards Li Zhenting to hug him, but Li Zhenting just held her arms with both hands and asked seriously.

Lan Lan had no choice but to say: "Daddy, this is the Snow White you bought for me, Xiaoxiao doesn't have one at all."

"Is that so?" Li Zhenting looked at Sister Yun who was standing aside.

Sister Yun hurriedly said: "Master, didn't you tell me to decorate a princess room for Xiaoxiao the day before yesterday? You said that it should be exactly the same as Lan Lan's princess room, and there must be a little bit less, so I will give it to Lan Lan's princess room. Xiaoxiao arranged it, because there was a big Snow White in Lanlan's room, and I happened to see a Snow White when I went to the store that day, so I bought it for Xiaoxiao immediately, but Lanlan insisted that this was hers Snow White snatched it from Xiaoxiao's arms forcefully, and even slapped Xiaoxiao on the head, making Xiaoxiao so angry that she cried."

Chapter 755 They are all my sons and daughters of Li Zhenting

Li Zhenting became angry when he heard this, and looked at Lan Lan sternly: "Lan Lan, you already have a Snow White, and this was obviously bought by Aunt Yun for Xiao Xiao, why did you rob her?"

Lan Lan was a little scared, and curled her lips: "Daddy, as you said, only I have Snow White, and no one else has it. I am your own daughter, and Xiaoxiao is not. She is just a bastard. She Why should there be Snow White?"

"Nonsense, shut up." Li Zhenting was so angry that he shouted at Lan Lan: "Who told you that Xiao Xiao came from a bastard? You didn't learn well at a young age, and you are just like your mother making troubles. Robbing other people's things, never changing after repeated admonitions, when did I say that

only you can have Snow White, there are so many people in the world, everyone is equal, everyone can have it, why is it that only you can have it?"

Lan Lan burst into tears when she heard a 'wow': "Daddy is biased. Now that Aunt Shen Ning has moved in, you just like Xiaoxiao and don't like me. She is obviously from a wild species."

"Shut up, don't cry." Li Zhenting became even more angry, his face was terribly gloomy.

Lan Lan pursed her lips and didn't dare to cry anymore, she stood there with tears all over her face.

Li Zhenting stood up and said solemnly:

"Lan Lan, Daddy is now officially telling you that Xiaoxiao is also my biological daughter. She, Keke and Tintin are triplets born to your Aunt Shen Ning. No one is allowed to bully her in the future, let alone You can't call her a bastard, today is the first time, I'll let it go because you are still young, but if you dare to bully Xiaoxiao and call her a **** next time, I will never let you go. "

Lan Lan's eyes widened upon hearing this.

Xiao Xiao is also Daddy's biological daughter? Why hadn't she heard of it before?

At this time, Li Zhenting looked around and said sharply:

"Listen, Xiaoxiao, Keke, and Tintin were all born to Shen Ning's triplets. They are all my sons and daughters. No matter what you do in the future, you must treat everyone equally, and you must not discriminate against anyone in the slightest. Otherwise, you will be punished severely and kicked out of the house."

There is no sound in the air, it is quiet.

Ke Ke nodded his head, hey, Daddy finally did a decent thing right, which is fair to Xiao Xiao.

All the grievances that Xiaoxiao had suffered after hearing Li Zhenting's words erupted at this moment. She pursed her lips and burst into tears with a 'wow', unable to stop her tears.

"Xiao Xiao, I'm sorry, give me a hug from Daddy." Li Zhenting was so distressed that he hurriedly reached out to hug her.

With tears in his eyes, Xiaoxiao looked at him timidly, not daring to reach out.

Looking at the little guy's cautious expression, Li Zhenting felt more and more guilty and uneasy. He carefully hugged Xiao Xiao from Shen Ning's hand into his arms, gently wiped away her tears, and ordered to Lan Lan: "Lan Lan, Your Snow White is in your room, give her little Snow White back, and apologize to her."

Lan Lan hugged Snow White and never let go.

"Hurry up." Li Zhenting said sharply.

"Xiao Xiao, here is Snow White, I'm sorry." Lan Lan looked at Daddy's frighteningly dark face, so she had to come over and return Snow White to Xiao Xiao, and apologized, "I won't **** your toys from now on, please Please forgive me."

Xiaoxiao stretched out her hand to take Snow White, a smile appeared on her tearful face.

Everyone breathed a sigh of relief, and the matter has calmed down.

As night fell, Shen Ning came to the study, and Li Zhenting was reviewing documents on the computer.

"Li Zhenting, can we talk now?" She said coldly.

Chapter 756 Xiaofeng is back

After being stunned for a moment, Li Zhenting understood, and after being silent for a while, he replied: "Ningning, do you have to know? I promise that I love you, and that I will treat you wholeheartedly and this family. In fact, there are some things I don't know. Better than knowing."

"Guarantee?" Shen Ning sneered, "What can you guarantee? On the first day you remarried, you didn't return all night, and then you didn't return for three consecutive days. The facts are in front of you, what can you guarantee?"

Li Zhenting sighed softly when he heard the words: "Okay, let me tell you, just please treat it rationally."

Shen Ning looked at him coldly.

After a pause, he said, "Xiaofeng is back."

Ah!

Shen Ning's face turned pale, and he took several steps back.

Sure enough, it was related to Xiaofeng!

In this world, there is only one Xiaofeng who is his white moonlight, the love in his heart, other women are just a foil!

"Then congratulations, it's just such a pity, it would have been nice to get the certificate one day later, how could it be such a coincidence." Shen Ning said coldly, not without sarcasm, "But it doesn't matter, let's go for a divorce tomorrow, anyway, we have already divorced Once, it's okay to leave once more."

She had a calm smile on her face, but her heart was so painful that she couldn't breathe. In fact, she had already guessed it!

Li Zhenting looked at her in surprise: "Silly girl, what are you thinking, we have remarried, you are my wife, the mother of my children, how could you go for a divorce because of her, I said it earlier It's true that Xiaofeng is my first love, but she has already become a thing of the past. I can't ignore you and my family because of her. The reason why I haven't come home these days is because she is too miserable now. Struggling on the verge of death, I can't just ignore death, after all, she has saved me before."

He stood up and hugged Shen Ning into his arms, and said softly: "Ning Ning, I know that this will hurt you, but I can't ignore a dying person, let alone she saved me before. I'm just an ordinary person, please forgive me, I promise, as soon as her health improves, I will break up with her completely."

The man's familiar breath lingered in his ears, Shen Ning pushed him away, and suddenly laughed.

She laughed at herself for being so stupid, to believe that this man would fall in love with her and remarry him!

"Li Zhenting, I understand you." She sneered, "After all, Xiaofeng is your white moonlight. Now that she is back, I congratulate you all. I should quit."

She turned around to leave, her legs were so numb that she struggled to lift them up.

He loves his Xiaofeng, but she loves him too. If not, how could she choose to remarry him!

But now... She bit her lip, her eyes were wet.

You must forget him, even if it is ten years, twenty years... For the rest of your life, you must forget him, only in this way can she save herself!

"Ningning." Li Zhenting panicked, and pulled her into his arms again, "What are you talking about, you are my wife, I can't divorce you, but please give me time to pay back For her kindness, I don't want to be a cold-blooded and heartless man."

He hugged her tightly and said in pain: "Do you know? On the day we remarried, I suddenly received a call. It was from Xiaofeng. I always thought she was dead, but she suddenly appeared , That day, she rushed back from the United States, in order to see me quickly, she drove too fast, and a car accident happened on the way. At that time, she fell into a pool of blood, covered in blood, and fell into a coma. The reason why I didn't come back that night was because her vital signs were in crisis several times. The doctor told me that she was suffering from severe leukemia and she bled profusely during the operation, which caused her to almost enter the hospital several times. The **** is closed. In the next few days, she is very sick and has a high fever every day. I am worried that she will not survive, so I have to guard her all the time. I don't know where her family is now. It is important to save her, so I have to rescue her first. I'm sorry. I didn't tell you this because I was afraid that you would worry."

Chapter 757 This is our agreement

Li Zhenting was already very painful when he talked about the later.

He never dreamed that Xiaofeng, whom he had been longing for before, would come back on the day he and Shen Ning remarried. This blow made him dizzy, and he couldn't tell the direction.

Shen Ning listened to the man's narration like listening to the heavenly scriptures. This is more like a poignant love story. She became the third party who took people's love.

so funny! It's like a metaphysics, so profound that she can't tell the difference between south, east and north.

She pushed Li Zhenting away fiercely, and slowly raised her head to look at him.

The man with the clear wind and clear moon is handsome and picturesque, even if he is a bit haggard, he is so handsome and extravagant.

Such a man didn't belong to her in the first place. Even if he bears the burden of humiliation and walks into the palace of marriage with her again, he will still fly away.

She was so wrong!

"Zhen Ting, I already know, you can take care of her with peace of mind, originally you and her are a couple of lovers, I stole your love, don't worry, I will quit." Her heart was broken, but there was a calm smile on his face, "I will move out tomorrow. As for the children, you can think about what to do. But, don't worry, you should do your best to take care of Xiaofeng first."

She turned and left.

"Ningning, don't go, the person I love now is you, we are married, we are a family, I will never divorce you, you can't go, the children need you, and I need you, Please give me some time, as long as her illness recovers a little bit, I will make a clean break with her, but now, she is struggling on the verge of life and death, just give her a little sympathy, okay?" Li Zhenting hugged her from behind, the tone is firm and affirmative.

"Okay, let me go first, I'll give you a period of time to think calmly, think about your feelings before making a choice." Shen Ning knew that the more he struggled and the more he was stimulated, the more he would blame himself and dare not let go. Leaving her, and there were three children between them, when she thought of the child, she thought of the child in her stomach, and her heart was twisted, so she adopted a roundabout plan.

Things have to find a solution! It's no use rushing!

If Li Zhenting really loves Xiaofeng, he will definitely choose to divorce her at that time. After all, Li Zhenting is a man who only loves, and he will not succumb to any power or helpless reality.

"Thank you, Ningning, thank you for understanding me." Li Zhenting was so excited that tears filled his eyes.

"It's just that I have a premise: you must respect me and not touch me casually." Shen Ning turned to face him, and said coldly.

Looking at her resolute and indifferent face, Li Zhenting felt pain in his heart: "Ningning..."

"What? Can't you do it?"

"Well, I respect you, but I'm sure we'll be a wonderful family soon."

Shen Ning sneered: "Remember, this is our agreement."

She turned and left.

Li Zhenting's eyes clung to her thin back, feeling very sad and painful.

Xiaofeng's sudden appearance interrupted all his plans. Originally, he had made up his mind to love Shen Ning with all his heart and soul, but at this moment, she suddenly appeared, making him at a loss for a while.

Originally, it didn't matter if she was healthy. After all, he and Shen Ning had found true love after going through ups and downs, and had lovely children. But now, she was seriously ill, had another accident, and was wandering on the edge of life and death. Why?

Even if it is an ordinary friend, he can't just watch her die like this!

He punched the wall!

Shen Ning came to the little princess room.

The little guy just got out of the bath, with disheveled hair, wearing milky white rabbit pajamas, with snowy skin, cute and soft.

"Mummy." Seeing Mummy walking in, Xiaoxiao was very happy and opened her arms to her.

She turned and left.

Li Zhenting's eyes clung to her thin back, feeling very sad and painful.

Xiaofeng's sudden appearance interrupted all his plans. Originally, he had made up his mind to love Shen Ning with all his heart and soul, but at this moment, she suddenly appeared, making him at a loss for a while.

Originally, it didn't matter if she was healthy. After all, he and Shen Ning had found true love after going through ups and downs, and had lovely children. But now, she was seriously ill, had another accident, and was wandering on the edge of life and death. Why?

Even if it is an ordinary friend, he can't just watch her die like this!

He punched the wall!

Shen Ning came to the little princess room.

The little guy just got out of the bath, with disheveled hair, wearing milky white rabbit pajamas, with snowy skin, cute and soft.

"Mummy." Seeing Mummy walking in, Xiaoxiao was very happy and opened her arms to her.

Chapter 758 You just need to be nice to Mommy

"Little." The smile in Shen Ning's eyes was deep, and he went forward and hugged his daughter, kissed her forehead, and said softly, "Mommy has been sleeping with you all this time. okay?"

"Okay, that's great." Xiaoxiao didn't expect Mummy to sleep with her, and she was overjoyed. The environment here is still a little strange to her. Of course, she would be happy if Mummy could accompany her.

"Hello, madam." At this time, the young nanny who was newly recruited on the night shift came in and greeted Shen Ning politely.

Shen Ning looked at her, smiled and asked, "What's your name?"

The nanny replied respectfully: "Madam, my name is Xiaofeng."

"What's your name?" The nanny's Mandarin was not standard, and Shen Ning suddenly heard it as Xiaofeng, and his eyelids trembled suddenly.

"Xiaofeng." The nanny answered again.

Shen Ning finally heard clearly.

"Xiaofeng, that's a nice name." She said it aloud and praised.

Xiaofeng was a little shy, and quickly laughed at herself: "Madam, people in our mountains have no culture. My mother hopes that I can become a phoenix when I grow up, so she calls me Xiaofeng. In fact, I can't even be a grass chicken."

"No, this metaphor is very good. As long as you work hard and work hard, everyone can become a phoenix." Shen Ning encouraged, "During this time, you only need to take care of Ke Ke, Ding Ding and Lan Lan at night. I'll take care of you little one."

Xiaofeng looked at her with some puzzlement: "Madam, you and your husband should rest at ease, leave Xiaoxiao to me."

"During this period of time, I will stay with Xiaoxiao temporarily. She is not familiar with the environment here, so you don't have to take care of her." Shen Ning could only explain.

"Oh, yes." Xiaofeng understood, immediately agreed, turned and walked out.

Shen Ning picked up the hair dryer to dry Xiaoxiao's hair and went to take a shower.

As soon as she entered, Li Zhenting walked in.

"Xiao Xiao, do you like it?" He looked at the brand new princess room and asked with a smile.

"Daddy, I like it very much." Xiaoxiao nodded happily.

Li Zhenting hugged Xiao Xiao up. Xiao Xiao is different from Lan Lan. Lan Lan is fat and heavy, with a big frame, while Xiao Xiao is light and soft. He is a caring little padded jacket in his arms. Once Li Zhenting hugged his daughter, he couldn't bear to put it down. up.

"Is your mommy in the shower?"

"Yes, she just went in."

"Xiao Xiao, can Daddy sleep with you at night?" He asked affectionately.

Xiaoxiao was amused, Mommy said she wanted to sleep with her, and Daddy said he wanted to sleep with her too.

With Mommy and Daddy by her side, she is of course happy.

"Mummy has already said that she wants to sleep with me, but this bed is too small, so you can't sleep." Xiaoxiao looked at her bed and shook her head.

"It's okay, that's enough, Daddy promises not to squeeze you and Mommy." Li Zhenting looked at the 1.5-meter bed, a family of three is still fine.

"Okay then." Xiao Xiao nodded in agreement.

"Xiaoxiao is so good." Li Zhenting kissed her forehead, "Daddy wasn't by your side when you were young, so Daddy will double compensate you and your mommy in the future, okay?"

"Okay, thank you Daddy." Xiaoxiao snuggled into Li Zhenting's arms with a happy smile on her face.

In the past few days, Li Zhenting has turned into a daughter slave, obeying her, and she has never felt so happy.

"Xiao Xiao, you must tell Daddy what you need, and Daddy will buy it for you." Li Zhenting said affectionately.

Xiao Xiao shook her head: "Daddy, as long as you treat Mommy well, I have everything and don't need it."

She has been surrounded by all kinds of gifts and toys, which was unimaginable before, and she is very satisfied!

Chapter 759 But he didn't want to neglect her

Li Zhenting's heart sank when he heard that.

Now he hurt Shen Ning again because of Xiaofeng!

This is something he feels particularly guilty about.

"Don't worry, I will definitely treat your mommy well." He spoke softly, with a firm voice.

"Thank you Daddy." Xiaoxiao smiled happily, she could see Daddy's heart, at this time he was very friendly to Mummy.

In the bathroom, Shen Ning stroked his slightly protruding belly with his fingers, feeling like a knife was twisting his heart.

She had Li Zhenting's child again, but his beloved Xiaofeng came back, her fingers clenched into fists, and the hot water from the shower poured from her head, merging with her tears and flowing into her eyes In the mouth, bitter and hot.

She was glad that she did not impulsively tell Li Zhenting the good news that she was pregnant that day. Now Xiaoxiao is already a member of the Li family. It is conceivable that if she leaves, the Li family will definitely not let her take Xiaoxiao away. of.

When she came back to the imperial capital, all her children were lost.

Fortunately, God sent her another child.

She didn't go out in her nightgown until she was more emotionally stable.

But as soon as she walked out, she froze.

"This one reads 'Chun', this one reads 'Jin', and this one reads 'Ting'." In the bedroom, Li Zhenting was holding Xiaoxiao and looking at a book similar to a family tree. On it were the names of the elders of the Li family. Li Zhenting He taught Xiaoxiao literacy very seriously, and Xiaoxiao also studied very seriously. The father and daughter are very close.

Although Xiaoxiao resisted Li Zhenting because of his neglect of her in the past, the kind-hearted Xiaoxiao quickly cleared up his past suspicions after his father treated her well and was willing to make up for her, forgiving and accepting him without any grudges. Daddy.

Since Li Zhenting knew that Xiaoxiao was his daughter, it can be said that he cared and loved Xiaoxiao very much. He cared more about Coco than he did for Coco. He will pick all the stars in the sky for him.

"Ning Ning, I'm done taking a shower." After a while, Li Zhenting raised his head and found her, and waved to her gently, "Come here, it's a bit cold, and the floor heating hasn't been installed yet."

Shen Ning walked over and said: "You go, Xiaoxiao is going to bed, and it won't be too late to teach slowly in the future."

Li Zhenting raised his eyes and saw that her eye circles were red, and quickly reached out to take her hand: "Ningning, are you crying?"

"No, I splashed some bath water in." Shen Ning withdrew his hand, answered indifferently, walked to the other side, pulled the quilt away, and said softly to Xiaoxiao: "Xiaoxiao, I have to go to kindergarten tomorrow. ,sleep early."

"Okay, Mommy." Xiaoxiao crawled into the quilt and looked at Mommy: "Today Daddy will sleep with us too."

Shen Ning's face sank, and he looked at Li Zhenting.

Li Zhenting looked at her: "Ning Ning, I treated Xiao Xiao badly before, and I want to spend more time with her."

"There are many ways to accompany her. You just need to care about her more in your life in the future. It is enough to have me here. You can go." She replied with a deadpan expression, and her tone was quite calm.

Li Zhenting held his small hand tightly.

"Mummy, let Daddy sleep with us too, I won't squeeze you in the middle of my sleep." Xiao Xiao hurriedly begged for Daddy.

Shen Ning's face turned black, standing in a place where Xiaoxiao couldn't see, he stared directly at Li Zhenting with sharp eyes, intending to warn him not to forget their agreement.

But Li Zhenting pretended to be confused.

He knew that Shen Ning was angry in his heart, and he didn't want to sleep in the same bed with him, but he didn't want to neglect her, he wanted to be with her, the only way was this way.

He purposely got up and walked over to pick up Shen Ning, put her on the bed, and whispered in her ear: "Don't worry, I just want to accompany you, I won't do anything."

Under the little direct gaze, even if Shen Ning was so angry that he wanted to kill someone, he could only let him manipulate him at this moment.

As soon as she lay down, Xiao Xiao held her hand tightly and put it on her chest, smiling.

Seeing Xiaoxiao's satisfied and happy expression, she sighed helplessly and turned her back.

It was the first time in her life that Xiao Xiao slept between Daddy and Mommy. She was very satisfied and soon fell asleep.

Chapter 760 She should be relieved!

Early the next morning.

As soon as Shen Ning went down the stairs holding his little hand, he heard lively laughter in the living room. After listening carefully, it was actually Li Wanqing and Li Jinyao who had returned.

She froze for a moment, standing still.

"Mum, it's grandpa and grandma who are back." Xiaoxiao smiled.

She really likes her grandparents, they have always treated her very well, treating her like their own granddaughter.

"Mmm." Shen Ning said "Mmm", looked down at Xiaoxiao's excited face, and sighed secretly, sooner or later he would have to face it.

She held the little hand and continued to walk downstairs.

"Xiaoxiao, my precious granddaughter." Li Wanqing was cleaning up the things she brought back in the living room. Hearing the sound of footsteps, he raised his eyes and saw the cute little little in his eyes. It was all pleasant surprises, he walked towards her quickly, bent down and hugged her into his arms.

"Hi, grandma." The little milk's voice was childish, so cute and soft.

"Xiao Xiaohao, my dear granddaughter, really my dear and good granddaughter." Li Wanqing was so excited, "No wonder I felt kind-hearted when I first saw you, and you were very dear. Sure enough, you are mine. My granddaughter."

She hugged her and kept kissing her, saying 'that's great, that's great'.

Li Wanqing already liked Xiaoxiao and kissed her. Another reason is that Xiaoxiao is her son's daughter, which proves that Shen Ning has never dated other men before. She is innocent and she still loves her son. Yes, in this way, their remarriage is simply a perfect combination, not only for the Li family's reputation but also for their son.

Of course she was too happy to speak.

When Li Zhenting told her that Xiaoxiao was his own daughter last night and that he and Shen Ning had remarried, she was so happy that she stayed up all night. , she took Li Jinyao home early in the morning.

"Xiao Xiao, come here, Grandpa give you a hug." At this time, Li Jinyao also came up and stretched out his hands towards Xiao Xiao with a smile on his face.

Xiaoxiao was very happy, and turned her hands towards Grandpa's embrace.

Li Jinyao hugged her and lifted her up and down, kissed her again and again, he couldn't put it down.

Xiaoxiao is very happy, now is the happiest time that belongs to her, she is really a collection of thousands of pets, which makes her a lot more delicate.

Shen Ning looked at the happy daughter, his mind moved slightly.

The Li family's love for Xiaoxiao is even worse than that of Coco. It is no exaggeration to say that the Li family will do everything in their power to satisfy Xiaoxiao now.

On the contrary, Ke Ke and Ding Ding, in many respects, the Li family has strict requirements on them. She knows that Ke Ke and Ding Ding are the boys of the Li family and will manage the family business in the future. They should be specially trained.

From the perspective of the children, it is the best choice for her to take the children back to Li's house. She used to worry about the vicious Shen Mei, but now this threat no longer exists...

She should be relieved!

"Ning Ning, my good daughter-in-law, thank you for your hard work." At this time, after Li Jinyao carried Xiao Xiao away, Li Wanqing walked quickly to Shen Ning, stretched out her arms and hugged her, her voice choked with excitement.

"Auntie." Shen Ning was also infected by her, his voice was hoarse, and his eyes couldn't help turning red.

"Hey, why are you still called Auntie? Change your mouth." Li Wanqing blamed pretending to be dissatisfied.

"I...Mom." Shen Ning hesitated, and called out "Mom" with difficulty.

She has always had a lot of affection for Li Wanqing, she really gave her loving care like a mother, and she is also willing to call her mother.
