

## Troublemakers 761

Chapter 761 It's too far away from you

"Hey, my good wife." Li Wanqing agreed, and hugged her tightly again, laughing until tears flowed out.

She had been waiting for this day for many years, and finally her son and daughter-in-law were together again, forming a happy family.

This time, she believes that they will be happy forever.

However, at this moment, Shen Ning's heart felt like a hole was pierced by a sharp arrow, and the hole was bleeding blood! Who can know how she feels at the moment!

At this time, Li Zhenting also went downstairs.

"Zhen Ting, come here, Mom has something to tell you." Li Wanqing immediately called her son over as soon as she saw her son go downstairs.

"Mom, what do you want to say?" Li Zhenting came over and looked at Shen Ning with gentle eyes, and asked Li Wanqing gently.

"Zhen Ting, what I want to tell you is that you and Shen Ning finally got together. Shen Ning has suffered so much over the years. She gave birth to you three such lovely children and brought them up. When you're five years old, from now on, you must treat her well, make up for her in every way, and make your little family a warm, loving and prosperous one, otherwise, I won't let you go." Li Wanqing's face was serious, The tone is stern and very solemn.

"Yes, Zhen Ting, as a man, you must first do a good job in your own small family, and be a good father and wife in order to run the company well and develop your career. To be a man, you must first cultivate morals before establishing others. Since then, I have worked hard to take care of my family and career, and as a man, I have to take on the corresponding responsibilities to be a husband, father and successful entrepreneur."

"Okay, Mom and Dad, you are right." Li Zhenting glanced at Shen Ning guiltily, and nodded immediately: "In the future, I will definitely treat Ning Ning well, and I will also be responsible for the family, so as to grow the company to a higher level building."

"Well, that's good." Li Jinyao and Li Wanqing nodded in satisfaction.

"Okay, let's go to eat, the children are going to kindergarten." Li Wanqing smiled and walked towards the dining table holding her little hand.

Li Jinyao followed.

"Ning Ning, let's go." Li Zhenting took Shen Ning's hand and said softly, but Shen Ning shook off his hand and walked straight to the dining room.

Li Zhenting had to bow his head and follow behind.

After eating, they sent the children to the Blue Whale Kindergarten together. At this time, the online car-hailing car called by Shen Ning drove over.

"Ning Ning, I'll take you to Gu Qi." Li Zhenting held Shen Ning's arm tightly, preventing her from getting into the car.

Shen Ning was about to speak when suddenly Li Zhenting's cell phone rang.

After he glanced at it, he hesitated for a while, but still picked it up.

Shen Ning sneered, shook off his hand violently, turned around and boarded the online car-hailing car.

Li Zhenting frowned while answering the phone while watching her get into the car, but he had no choice!

Gu Qi President's Office.

Shen Ning just sat down on the chair when the door suddenly opened.

The handsome and suave man walked in with his hands in his trouser pockets.

Shen Ning looked up, his face changed slightly.

Congratulations Qixiong! He actually came!

"Mr. Shen, good morning." Zhu Qixiong raised the corners of his lips slightly, with a smile that was not a smile, and greeted her with burning eyes.

"Master Zhu, good morning." Shen Ning forced a smile, "Is there anything wrong with coming here so early?"

Zhu Qixiong leaned on the desk, bent slightly, and looked at her with bright eyes: "I just want to come and see Mr. Shen, can't I?"

Shen Ning felt a little embarrassed by him, straightened his waist, and kept a distance from him: "Of course it's okay to get Young Master Zhu's favor, please sit down."

She pointed to the sofa and motioned him to sit there.

Ke Zhu Qixiong smiled slightly: "It's too far away from you, I'm afraid you can't hear clearly."

Shen Ning had no choice but to clear his voice: "Since Mr. Zhu came to talk to me about something, why not go to the meeting room, and I will ask the secretary to make you a red robe."

Chapter 762 What a silly woman

"It's just a private matter, it doesn't have to be so formal, just say it here." Zhu Qixiong giggled, cleared his voice, walked towards her a few steps, lowered his head and asked, "Mr. Shen, I heard that you and Li Zhenting remarried? And already got a marriage certificate?"

Shen Ning was taken aback for a moment, he did not expect such a secret thing to be known by him.

"Who did you listen to?" She asked warily.

"As long as there is something I want to know about the imperial capital, there is nothing I can't know." He smiled slightly at the corner of his lips, and looked at her meaningfully.

"Now that you know, what do you want to say?"

Zhu Qixiong's smiling face suddenly became serious: "Shen Ning, do you want to know where your husband went the day you remarried?"

Shen Ning's body trembled: "Where did you go?"

"Hey, what a stupid woman, you really don't know about it, Li Zhenting is really clever." He shook his head regretfully, and he stopped keeping secrets, "On the day you remarried, someone photographed your husband hugging a woman in white. After she got to the hospital, he guarded her for a whole night in the hospital, and then for three days and three nights, until she was out of danger, he has been taking care of her with utmost tenderness. "

Shen Ning's face suddenly turned pale, but he pretended to be calm: "They are just his relatives, and they should be taken care of."

"Tsk tsk, Shen Ning, you are so magnanimous and considerate." Zhu Qixiong was amazed, "I just feel sorry for you, such a good woman can't get her husband's wholehearted love. I had to jump in again, and I jumped so fast, originally..."

He didn't continue. Originally, he wanted to chase her. To be honest, when he saw Shen Ning for the first time, he was astonished. He who had never thought of getting married was actually moved.

If Shen Ning didn't remarry Li Zhenting so soon, he would still chase her and want to marry her, but now...

However, he has already found out the story about Shen Ning and Li Zhenting, and in this situation, he has rekindled his hope...

As a prodigal son in love, he has seen countless women, but he has never seen a woman who can make him so excited and wants to marry. He will never miss it again.

Shen Ning's heart was broken.

"Master Zhu, besides this, do you have anything else to do?" She tried her best to suppress her emotions and asked calmly.

"No, but this matter is not small for a woman." He looked at her with pity.

"Okay, I see, thank you for your kindness." She took a sip of water from the water glass, and her fingers hidden at the bottom of the glass trembled violently.

"Ningning, let's add a WeChat friend, and I'll send you the woman's ward number." Zhu Qixiong took out his phone.

Before Shen Ning answered, he picked up her mobile phone from the desk, scanned the QR code to add WeChat, put it down, turned and left.

Shen Ning looked at his back, fingers tightly digging the leather of the soft chair, trembling all over.

Her mobile phone WeChat rang.

That was the hospital address about Xiaofeng that Zhu Qixiong sent her: Room 1408, Department of Internal Medicine, Didu People's Hospital.

After a long time, she picked up the phone with trembling fingers and looked at the address, her eyes flushed.

One morning, she passed by in a trance, and the image of Li Zhenting rushing to the hospital on the street with Xiaofeng in his arms kept flashing before her eyes.

She stroked her stomach with her fingers, and suddenly lay down on the desk, crying loudly, and the tears could not be shed.

In the afternoon, she couldn't stay in the office anymore, so she took her bag and walked outside.

She drove the car wandering in the traffic flow, almost hit the car several times, and was scolded \*\*\*\* by the car owner, but she smiled slightly at the car owner, like a fool.

Finally, her car stopped, and when she looked up, it was the Didu People's Hospital. After thinking for a while, she drove the car in.

Chapter 763 She was shocked

In the clean and bright ward, the white walls and white quilts are dazzlingly white.

Shen Ning stood outside the window of the ward and looked straight inside.

On the hospital bed, a woman was lying quietly, with her white and tender arms like lotus roots hanging out, and her soft black hair covered the pillow. Looking from a distance, she was peaceful and beautiful, weak and helpless, and had no struggle with the world.

There was a stabbing pain in her heart, her breathing was short of breath, and she really wanted to turn around and leave, but the image of that night, when she was taking care of Li Zhenting, he shouted "Little Wind" all night flashed in her mind.

What kind of beautiful woman can make the national male \*\*\*\* Li Zhenting care so much, thinking in his heart, would rather give up the enchanting and \*\*\*\* Shen Mei, give up her infatuated love for him, and she who gave birth to three children for him, there are thousands of other thoughts. What about the woman who climbed into his bed.

She was so curious and wanted to have a look at her appearance, so she walked to the door and pushed it lightly, but the door was ajar, as if waiting for her to open it, she only pushed gently, the door opened silently.

She looked around, and after confirming that Li Zhenting was not there, her strong curiosity made her walk in.

I had already asked the nurse when I came in, and confirmed Li Zhenting's statement.

This woman named Xiaofeng had a car accident, injured her internal organs, and bled profusely.

He had a high fever that lasted for several days, was dying, and suffered from a very serious blood disease, leukemia!

She is in a very bad situation now. No matter how you look at it, her situation is sympathetic and pitiful.

Soon, she stood in front of Xiaofeng's hospital bed and looked carefully at the woman on the bed.  
who knows

Seeing this, she was stunned.

I saw the woman on the hospital bed with a pale face, as white as a freshly peeled water chestnut, with slender eyebrows, delicate and elegant between the eyebrows, a beautiful face with exquisite features.

But these are not the point.

The important point is that this woman's face and facial features are very similar to hers. If you don't look carefully, you really can't tell which is her and which is Xiaofeng.

The only difference is that Xiaofeng's face is too pale and weak, without any fireworks in the world, while Shen Ning's face is firm and flexible, bright and bright.

Shen Ning was completely stunned, never dreaming that the woman in Li Zhenting's mind would look so similar to her.

Suddenly, she seemed to understand something.

No wonder that year, after seeing her, Li Zhenting agreed to marry her even though he was indifferent to her. It seems that in his mind she was just the shadow of his beloved woman.

Then, during the period after their reunion, he wanted her so fiercely and couldn't help loving her, did he also love her as Xiaofeng's shadow? Even, knowing that Xiaofeng was dead, he simply Married her to make up for his regret, because she looks so much like Xiaofeng!

If so, what is she?

It's okay to think about some questions, but when she thinks about it, she really frightens her, and she's horrified when she thinks about it!

The breath she held became more and more short of breath, and she opened her mouth wide, fearing that she would go to see Lord Hades if she could not catch her breath. She wanted to turn around and leave, but her feet seemed to be filled with lead, and she couldn't lift them up.

At this time.

The woman on the hospital bed suddenly opened her beautiful eyes and looked at her.

What kind of eyes are those, with smoky, dark grape-like big eyes that can talk, just look at them watery, as if they want to take your breath away.

Shen Ning's heart was beating violently.

The girl smiled at her, like the moon turning the clouds, the stamens blooming, soft and weak, dazzlingly beautiful, charming and charming with infinite charm.

Shen Ning suddenly turned around and ran outside.

Chapter 764 This is the first time I am so worried about a woman

In the car, Shen Ning drove in a daze, his mind was full of Xiaofeng's beautiful appearance.

At some point, the phone on his body rang.

She picked it up and saw that it was a call from Li Zhenting, and pressed it down hard.

The phone rings again, then presses it off, rings again, presses it again, and finally turns it off.

Li Zhenting went to Gu Qi in the afternoon, but couldn't find Shen Ning. He asked the secretary, only said that he was out, called her, and finally turned off the phone.

He looked at the empty office, feeling inexplicably lost.

Shen Ning is angry with him, he knows it.

Now it's time for the children to leave school. In order to make the children happy, he came to pick up Shen Ning and pick them up together, but now it seems that he can only pick them up by himself.

He turned and walked out.

The quiet seaside, the sunset and the lonely swallow are flying together, the sea and the sky are the same color, which is very beautiful.

Shen Ning sat on the beach, with his hands folded on his knees, looking at the seaside in a daze.

Since she was pushed into the sea by Shen Mei six years ago, she has been terrified of the sea and the dark. If she hadn't been disappointed and desperate, she would never have come to such a place.

On the shore of the beach, a man wearing goggles slowly walked over and sat down beside her.

"Mr. Shen, don't be sad. In fact, most men like the new and hate the old. Li Zhenting's remarriage with you shows that he still has you in his heart, and he should still love you. It's just that the love is reserved and not deep enough. Besides, Now, Xiaofeng is his white moonlight, and it is difficult for a man to forget and abandon the white moonlight he once encountered." Zhu Qixiong picked up a stone, made an arc and threw it into the sea. There is not even a drop of water in the sea.

Shen Ning turned to look at him: "How do you know I'm here?"

Zhu Qixiong smiled: "I said that as long as there is something I want to know in the imperial capital, there is nothing impossible not to know. When you came out of the hospital, I followed you. Really, I was very scared. Seeing you driving shaking, I was afraid that something would happen to you, so I followed here, I wish Qixiong such a grown-up, this is the first time that he is so worried about a woman."

Shen Ning bowed his head and did not speak.

It seems that except Li Zhenting, every man has a crush on her, but she just can't get love!

A gust of sea breeze blew, she shrugged and shrank her neck.

Zhu Qixiong immediately took off his suit and put it on her shoulders, and said: "President Shen, it's too cold here, I invite you to eat hot pot, three delicacies pot, light and nutritious, all the seafood are freshly salvaged of."

Only then did Shen Ning realize that she hadn't eaten for a whole day, and she also felt hungry in her stomach. Now she is not alone, and there is a baby in her stomach, so she can't starve her child.

"Okay." She readily agreed.

"Then let's go." Zhu Qixiong was very happy.

Because of sitting for too long, Shen Ning's feet were numb when he stood up, and his body was crooked. Zhu Qixiong immediately supported her.

"Thank you." Shen Ning smiled at him, showing a row of white teeth.

Zhu Qixiong was stunned, his eyes filled with surprise.

This is the first time he saw Shen Ning's heartfelt smile, it was so beautiful and lively.

He knew countless women. These women were either interested in his money or his social status. They surrounded him all day long, dressed up in fancy clothes, coquettish and sexy, with exposed \*\*\*\* and buttocks. Apart from the powder and sensuality on their bodies, there was nothing more. He couldn't feel anything else. After a long time, his impression of women was all lumps of flesh, a tool to vent his desire, but Shen Ning let him see a different side of women, which made him treasure.

The two of them walked towards the shore.

Li's Castle.

After Li Zhenting took the four little guys home, he received a call from Xiaofeng.

"Zhen Ting, can you come and stay with me? I'm so cold and afraid of the dark." Xiaofeng said weakly over there.

Li Zhenting frowned, glanced at the lively children, handed them over to Aunt Yun, and then walked outside.

Along the way, what flashed through his mind was Quan Shenning's cold and indifferent face, feeling inexplicably irritable.

obviously

Shen Ning has a grudge against him taking care of Xiaofeng. He knows that he has broken her heart, but he can't do anything about it. Xiaofeng is really dangerous now. He is fighting against death every day. He can't bear it. Can't refuse!

## Chapter 765 I miss you so much

In the hospital ward.

"Zhenting, you are finally here." Xiaofeng lay sickly, her beautiful eyes big and dull, until Li Zhenting's figure appeared in the ward, her eyes lit up, and she struggled to get up.

"Don't move, lie down." Li Zhenting quickly stepped forward and held her down.

The woman's shoulders are very thin, but the bones are perfect. Although there is no flesh on the shoulders, they are not just like bones. They are still very fragrant. It can only be said that she is really God's favorite, and she has gathered all the advantages. , if not for this disease...

"Zhen Ting, I'm so scared. As soon as I close my eyes, there will be darkness, and my whole body will fall to the bottom of the cliff. I dare not fall asleep." She said weakly, panting slightly.

"Don't be afraid, I'll be with you." Li Zhenting comforted gently.

"Thank you, Zhen Ting, I won't be afraid if you are here, as long as I can see you, my death is worth it." She looked at him with beautiful eyes and affection, lying on the ground like a bird, weak and boneless.

Li Zhenting frowned slightly. The words of his parents were still in his ears this morning. He did not forget his responsibility. After thinking about it, he decided to speak out. His words were soft but firm:

"Xiaofeng, we are not like before. I am married now and have four children. I can take care of you because of the past. We can only be friends at best, understand. ?"

Xiaofeng's pale face was frighteningly pale in an instant, tears filled his eyes, and he sobbed: "Zhen Ting, I'm sorry, I know I shouldn't have come to you and caused you trouble."

She sobbed.

"Hey." Li Zhenting sighed slightly, "If you want to blame, you can only blame why you didn't appear in front of me a few years ago. We are all adults now, and marriage is sacred. Faithful to marriage."

"Zhenting, don't worry, I won't live for a few days, I just want to see you in my lifetime, really, I miss you so much, I miss you so much." Xiaofeng murmured in pain.

Li Zhenting felt a little embarrassed when he heard that, and said: "Xiaofeng, you have to cheer up, this disease can be cured, don't worry, you not only saved me, we also knew and loved each other, I will definitely cure you Sickness, what makes you live happily is only emotionally, I have fallen in love with my wife now, and I can't give you anything more."

"I know, I know." There was disappointment and pain in Xiaofeng's eyes, "Zhen Ting, after you left without saying goodbye that year, do you know how sad and sad I was? I wanted to find you every day, but I don't know where your home is, and I couldn't find you. When I finally found out that you were Li Zhenting, the eldest grandson of the Li family, I went to look for you, but you went to the country of America instead of the imperial capital. So, I studied English hard and wanted to go to the country of America to find you. You, but I didn't expect that at that time I found out that I had leukemia. I felt inferior and suffered. I never dared to look for you, and I never had the courage to appear in front of

you, but my heart misses you all the time. You are The whole spiritual sustenance of my life, this year my doctor told me that my illness has reached the advanced stage, and there are not many days left. I began to miss you crazily and just wanted to see you for the last time, so I mustered up my courage and returned to the imperial capital. I found your mobile phone number on Li's Group's WeChat, and finally dialed your number, because I was so excited, there was a car accident... I'm sorry."

She finished speaking in one breath and was so weak that she coughed violently.

Li Zhenting was terrified when he heard that.

"Xiaofeng, are you okay?" The woman's face flushed from coughing, and her body shrank into a ball. He panicked, and hurriedly stroked her back to let her breathe. He didn't relax until she calmed down and breathed. Take a breath.

Xiaofeng's face was full of tears, and he lay weakly, without even the strength to wipe away the tears.

Li Zhenting picked up a tissue and gently wiped away her tears, sighing heavily.

It wasn't that he was cruel and insisted on provoking her, but that her affection for him was still in the past.

This is not OK!

He is already a married man, it is impossible to give her any promises, not even spiritual comfort,

Some things are gone forever, especially feelings!

Chapter 766 Li Zhenting will belong to her sooner or later

"Zhen Ting, I'm fine. I didn't expect it to affect the relationship between you and your sister. I should be damned. I shouldn't have come to you." Xiaofeng kept apologizing with guilt, still emotional, "But I can't control myself, please forgive me."

The tears on her face flowed more and more, and the tissue in Li Zhenting's hand was wet.

"Xiaofeng, where is your family?" At that time, he had heard that her parents were still alive.

"In order to treat my illness, my mother was overworked and became ill. She got seriously ill and passed away last year. My father had already abandoned us and went to find another woman. We are long gone."

Li Zhenting felt sad when he heard it: "If you had come to me earlier, I would at least have given you medical treatment, and I wouldn't have let your mother leave you so early."

"Thank you, Zhen Ting, I dare not trouble you, but during this time, maybe I know that my life is not long, and I miss you like crazy every day, and now I finally see you, I am so happy." Her voice It's as small as a mosquito screaming, but it doesn't affect Li Zhenting's ability to hear clearly.

"Don't worry, from now on you will be cured with peace of mind. I will send someone to take care of you. I am already looking for a matching bone marrow for you. I will do my best to cure your illness, and then I will find you another one." The man who loves you, you must be happy for the rest of your life." Li

Zhenting covered her with the quilt and stood up, "It's getting late today, go to bed early, order whatever you want, and then give the bill to the nanny, everything is up to you I am in charge."

He turned around and walked outside.

Xiaofeng grabbed his hand: "Zhenting, you won't come to see me again, will you?"

Li Zhenting was silent for a while and then said: "I will still visit you when I have time to understand your condition, but I will come less frequently. Just leave me a message if you have anything to do."

"Okay, thank you." Xiaofeng's voice became even quieter, sniffing his nose, tears streaming down his face.

Li Zhenting stopped looking at her, turned around and left.

Xiaofeng watched his back disappear, and the footsteps in the corridor disappeared, a strange smile suddenly appeared on the corner of his lips, and he sat up.

She took out her mobile phone and dialed a number.

"Miss Shen." A young woman's voice came from over there.

"Xiaofeng, let me ask you, has Li Zhenting consummated the marriage with Shen Ning in the past few days?" She asked in a low voice.

The nanny Xiaofeng answered in a low voice: "No."

"Are you sure?"

"I'm absolutely sure that Shen Ning has only moved here for less than a week. On the night of the remarriage, the young master went to take care of you. Shen Ning slept separately from him. She slept in the guest room. Later, he went to take care of you for three days and three days. In the past three days and three nights, Shen Ning has not come back. In the last two nights, Shen Ning has slept in a small guest room. Now when she sees the young master, she always has a dark face. I can't even say a few words, I dare say, they will get divorced again in a short time." Xiaofeng explained in detail over there.

"Okay, very good." Xiaofeng beamed with joy, and praised, "You did a good job, do a good job, and if there is any trouble, tell me immediately, and I will be responsible for your mother's illness to the end."

"Thank you, Ms. Shen, then I will hang up, and it will be over if people find out."

"Um."

...

After hanging up the phone, Xiaofeng stretched her waist. It was too hard to be miserable in front of Li Zhenting these days. She lay down easily, with a confident smile on her face.

Judging from the unbearable feeling towards her on Li Zhenting's face, as long as she does her homework, Li Zhenting will belong to her sooner or later. The reason why he keeps a distance from her now is because of responsibility. Get rid of Shen Ning.

She saw Shen Ning today, and she came to see her.

At that time, her face was haggard, sallow, and distraught, and she had already turned into a yellow-faced woman. Huh, such a woman dared to compete with her. She let her lose every minute. Who asked her to marry? It's her sweetheart.

Chapter 767 Did he lie to us again?

Li's Castle.

"Ding Ding, do you think Daddy and Mommy are really remarried? Why are they not together after remarriage? I haven't seen them together this week except for picking us up. It's so strange." Coco asked listlessly, picking up a rice spoon.

He thought that after Daddy married Mommy, the family would be able to stay together and talk and laugh every day like before, but who would have thought that they would spend less time seeing Daddy and Mommy, last week Daddy Di and Mommy didn't go home for three days and three nights, and didn't come back for dinner today, he really couldn't figure it out.

"Daddy probably hasn't married Mommy yet, they haven't held a wedding yet." Ding Ding replied after thinking about it.

"It makes sense, but why didn't Daddy marry Mommy? Did he lie to us again?" Coco was very puzzled.

"Mommy has moved here, so she shouldn't lie to the children anymore." Ding Ding comforted.

Li Wanqing just came over with a bowl of salmon, and after hearing this, she patted Ding Ding's head: "Boy, don't worry, your parents have already obtained their marriage certificates. In the legal sense, they are already husband and wife, but We haven't had time to make up the wedding banquet yet, and Xiaoxiao will also hold a child recognition ceremony, so we will do it together with Daddy and Mommy when we get married, and grandma will preside over it in person."

"Oh, that's great." Coco and Ding Ding laughed.

"Hurry up and have a good meal. Your parents and mothers all have their own careers. They are very busy, and they won't have so much time to accompany you in the future. It will be good if you have grandparents to accompany you, understand?"

"Understood, we need to be independent, and we can't cling to our parents all day long."

"Yes, we are all little men, we can't be separated from Daddy and Mommy every day, right?"

"No, I'm not a man, I miss Daddy." Lan Lan pouted.

"I miss Daddy too, Mommy." Xiaoxiao agrees with Lan Lan in a rare way.

...

Li Wanqing listened to the words of the little ones, cheerfully, staying with them every day, her mood was much better, and she laughed more.

After a while, there were footsteps outside, and soon, Li Zhenting's figure appeared in the living room.

"Daddy, come and eat quickly." Lan Lan was the first to see, and waved to him excitedly.

"Daddy." Ke Ke, Ding Ding and Xiao Xiao also shouted excitedly.

Li Zhenting walked towards the dining room with a smile after washing his hands.

"Xiao Xiao, are the fish \*\*\*\* delicious?" He stopped beside Xiao Xiao, bent down and kissed the little guy's head and asked affectionately.

"I like it, thank you Daddy." Xiaoxiao smiled.

Last night Xiaoxiao wanted to eat cuttlefish balls, so he immediately ordered someone to deliver them by air.

"Then eat more." Hearing that his daughter liked it, Li Zhenting was very happy. He asked the nanny to add a chair between Xiao Xiao and Lan Lan, and sat down with them.

"Daddy, eat goose." Lan Lan immediately picked up a piece of goose and put it into Li Zhenting's bowl.

"Thank you Lan Lan." Li Zhenting touched Lan Lan's little head.

"Xiao Xiao, Daddy will peel the prawns for you. The prawns are shipped from Norway. They are so fresh and sweet." Li Zhenting took a large prawn and peeled it with his own hands. After peeling, he dipped it into the sauce and put it into his little mouth inside.

"Is it delicious?" He asked in a friendly voice after looking at the snacks with relish.

"Mmm, delicious, thank you Daddy." Xiao Xiao pecked his head.

"It's delicious, Daddy will peel it for you again." Li Zhenting picked up another prawn and peeled it again.

Lan Lan sat next to her with a dark face. Although Daddy was sitting next to him, his whole heart was on Xiao Xiao. She also liked to eat big lobsters, but he only peeled them for small snacks, which was too partial. Her eyes were red. up.

Chapter 768 wants to protect her

"Hey, women are really annoying when they are jealous every day." Ke Ke rested her chin on her hands and looked at the two little women sitting opposite, one smiling and the other with a dark face, but the old man hadn't noticed it yet, just Keep leaning towards Xiaoxiao, hehe!

"That's right, Daddy's eyes and hearts are all small now, and we have become air." Ding Ding echoed.

"Tch, brother, we are all men, so you are jealous." Ke Ke knocked Ding Ding's head, "Daddy treated Xiao Xiao badly before, and now it is compensation, understand, he is guilty, so he is alone You can't do bad things, otherwise, you can only make up for it."

"..." Li Zhenting was speechless when he heard that, these little brats were all ghosts and ghosts, and they could pull out his underpants.

After the meal, Li Wanqing pulled Li Zhenting aside and said, "Zhenting, I know you want to make up for your little father's love. You can give more in private, but you still have to pay attention in front of the children, especially Lan Lan. , in the past, you gave her paternal love unrestrainedly, she has a small mind and likes to compare, so obviously neglecting her will cause her rebellious psychology, so it's better to be careful."

Li Zhenting suddenly heard: "Mom, I know, I will try my best to pay attention in the future."

"Well, by the way, where is Shen Ning? Why didn't you come home so late?" Li Wanqing nodded and then asked, "You have just remarried. No matter how busy your career is, family is very important. Besides, there are four The children are looking forward to you, no matter how busy you are, you have to worry about the children's feelings. It's not good that you have just remarried and haven't stayed at home all day for a week, even if you go home for dinner."

Li Zhenting's heart sank, and he became irritable.

"Mom, I know, I will pay attention." He answered in a deep voice and took the children upstairs.

Li Wanqing looked at his back, her eyes were dark, her brows were wrinkled, but she quickly let go.

After all, Shen Ning is a rational woman. She can remarry Li Zhenting, which shows that their relationship is still good, and it is impossible for other situations to arise.

Thinking of this, she felt relieved.

Yide Villa.

In the luxurious box upstairs, the mandarin duck hot pot is steaming hot, and the table is covered with all kinds of seafood.

"Mr. Shen, can I call you Ningning in the future?" Zhu Qixiong asked in a low voice after drinking some wine, his face flushed, and he respected Shen Ning's words and deeds.

"Yes." Shen Ning ate some seafood and drank hot soup, the pale waxy yellow color on his face faded, and his skin was as rosy and shiny as snow, so he nodded.

Zhu Qixiong is a man who is romantic and uninhibited, but he is very loyal.

"Thank you, Ningning." Zhu Qixiong was very happy, peeled a shrimp and put it in her bowl, "Eat it, it's fresh and tastes good."

"I'll just peel it myself, thank you." Shen Ning picked up the shrimp and put it in his mouth, feeling a little embarrassed.

Zhu Qixiong smiled: "You don't understand, this shrimp has to be peeled by a man for a woman to eat, so that a woman looks delicate. A man who is willing to peel shrimp for a woman will definitely be no different."

Shen Ning was stunned when she heard this. In her whole life, she has never had a man peel shrimps for her. In the past, she lived in poverty. Even if she bought shrimps once in a while, she peeled them and stuffed them into the children's mouths. .

"What's the matter? Ningning." Seeing her silent, Zhu Qixiong asked with concern.

The lonely and sad eyes of this woman made him feel special pity. For the first time in his life, he would pity a woman and want to protect her.

Chapter 769 You are welcome to come to me for a divorce anytime

"It's okay." Shen Ning shook his head, raised his wrist and looked at his watch, "It's getting late, I'm full, it's time to go home."

"Okay, then I'll give it to you." Zhu Qixiong had already paid the bill on his mobile phone, stood up immediately, and walked outside with Shen Ning.

The two talked and laughed as they walked.

The elevator descended to the first floor, and Shen Ning and Zhu Qixiong walked out side by side.

A north wind blew outside, whistling.

Shen Ning's thin body froze in the cold wind, looked at the dark night sky, and said in a low voice:

"It might be snowing."

"Well, actually I like snow quite a bit, it's so white and flawless." Zhu Qixiong nodded, expressing his feelings.

"I like snow too, especially making snowmen."

"So, you see, we still have common hobbies, which means that we are still destined."

"It's fate to meet thousands of miles away, but it's not fate to meet each other face to face." Shen Ning whispered, his eyes fell on the vigorous figure standing not far away in the cold wind, and a sarcastic smile overflowed from the corners of his lips.

The man in the darkness stood like a statue, and he could be seen from a distance with his handsome and solemn face, and his eyes were full of power.

"When it snows, how about we make an appointment to build a snowman and have a snowball fight together?" Zhu Qixiong asked with a smile, his eyes also looked at the man standing not far away, Li Zhenting.

"Can."

The two walked down the steps together.

"Young Master Zhu, thank you for being with my wife." Li Zhenting came forward to meet him, and stretched out his hand to Zhu Qixiong, his voice a little harsh.

Zhu Qixiong also stretched out his hand and shook him lightly, and there was something in his words: "Mr. Li, take care of your own women, wild flowers are not as good as domestic flowers."

Li Zhenting's face turned cold: "Don't worry, of course I will take good care of my wife, unlike some people who remember other people's wives."

After he finished speaking, he took Shen Ning's hand, and said in an intimate voice:

"Ningning, let's go home, the children are waiting for us at home."

Shen Ning's face turned cold, and he wanted to shake off his hand, but the man was so strong that he couldn't shake it off, and the man's last three words 'children' also hit her weak point, making her powerless to resist.

Both of them walked towards the car with dark faces, and the atmosphere was depressed.

"Ning Ning, let's talk." When Shen Ning came out of the shower room wearing bath foam, Li Zhenting was sitting on the sofa smoking a cigarette. Shen Ning didn't even look at him. He was going to sleep with Xiao Xiao. Started, very frankly.

Shen Ning asked indifferently: "What are you talking about? I don't think you are qualified to talk to me."

"Ning Ning, we are husband and wife now, we have to resolve any misunderstandings in time."

"Is it a misunderstanding? Why do I think it's the truth?" She sneered.

Li Zhenting stood up, walked up to her and said seriously:

"Ning Ning, about Xiaofeng, I have made it clear to her today. I will send someone to take care of her in the future, and I will not visit her again, but I will actively treat her and help her find a matching blood type. After her illness recovers, she will be sent away from the imperial capital."

"Oh." Shen Ning said lightly, and said: "Xiaofeng has always been the woman you love deeply, what you want to do is your business, or that sentence, please respect our agreement, and please take care of yourself." Consider our relationship, you are welcome to ask me for a divorce at any time, it's getting late, I'm going to sleep with Xiaoxiao."

She walked outside, took a few steps and then turned back: "Of course, before you make a decision, as long as you respect me, I will maintain our relationship on the surface, so that everyone will not make trouble."

Now that Li Wanqing and Li Jinyao have come back to live, the children are here too. He is shameless, but she is shameless.

She turned and left.

With a gloomy face, Li Zhenting extinguished the cigarette \*\*\*\* in the ashtray.

Shen Ning, Shen Ning, Xiaofeng and I have nothing. Now she is about to die of illness. She also saved me once. I really can't watch her die of illness, that is too heartless!

He put his head in his hands, in great pain.

#### Chapter 770 Special care for Shen Ning

Early the next morning.

"Ning Ning, Chinese New Year is coming soon, when will your company be on holiday?" Shen Ning led Xiao Xiao down from upstairs, Li Wanqing came up to meet her and asked with a smile.

These days, this is the only time to see her, and she can only ask now.

"Mom, the company may have an event during the Spring Festival this year, and I will go out for a few days." Shen Ning replied after thinking for a while.

Li Wanqing's face darkened.

"Ning Ning, no matter how important work is, family is also very important. It's rare to have a Spring Festival all year round. It's not good for you to be away from home with your children and husband to go out to work." Li Wanqing took her hand and said patiently, "Women, you have a career. Heart is a good thing, but family cannot be neglected because of it, family is too important for a woman."

Shen Ning understood the implication of her words. She was doing it for her and the family's good, and was afraid that she would have problems with Li Zhenting's relationship because of this.

But the key is, does she still have a home?

But thinking of the children softened her heart.

"Mom, I will try to adjust the time."

"now it's right."

Li Zhenting also came downstairs.

"Mom, Ningning." He greeted them, his sticky and gentle eyes fell on Shen Ning's face.

Seeing how close they are, Li Wanqing smiled and walked away tactfully.

"Let's go, let's have breakfast." Li Zhenting put his arms around her waist and led her to the dining room. Shen Ning was very resistant and wanted to get rid of his salty pig hands, but he hugged her tightly and whispered in her ear. Side said, "The children all want to see the intimate interaction between Daddy and Mommy. We can't let them down."

Shen Ning froze for a while and had no choice but to follow him.

"Ning Ning, please sit down." Li Zhenting took her to the dining table. The four little guys were already sitting together in a row, and Li Jinyao and his wife were also sitting in the main seat. As soon as they came, everyone's eyes were on the table. After all, it was only at this time in the morning that they could be seen together in this home. Li Zhenting lived up to everyone's expectations, and very gentlemanly opened the chair for Shen Ning, asking Shen Ning to sit down.

Shen Ning sat down.

Li Zhenting also sat down beside her.

Shen Ning just sat down and was about to stand up to take care of the four little guys for breakfast. Li Zhenting grabbed her and said affectionately: "Ning Ning, the children are so old, let them eat by themselves, don't worry about it, You have to take care of yourself too."

"Yes, Ningning, the children have a babysitter, so you can just eat by yourself." Li Wanqing immediately echoed.

After hearing this, Shen Ning had no choice but to sit down and eat breakfast quietly by himself.

"Come on, Ningning, drink a bowl of fresh milk first." Li Zhenting stood up and personally scooped a bowl of fresh milk, put it in front of her, and spoke with concern.

"Thank you." She was about to speak, but when she raised her eyes, everyone's eyes fell on her face, so she had no choice but to say thank you.

"Ning Ning, this is a soup dumpling filled with fresh meat. It can burst with juice. Eat it while it's hot." Li Zhenting took another soup dumpling and sent it to her bowl.

In Li's family, Li Zhenting has always been aloof, only others serve him food, so how can he take care of others? By doing so, he also shows special care for Shen Ning.

Shen Ning had no choice but to put the steamed buns in his mouth. With a light bite, the soup burst out. The fresh soup tasted so delicious that she finished it in just a few mouthfuls.

"This snack is also good." Li Zhenting took several exquisite snacks and delivered them to her bowl.

Shen Ning picked it up and ate it, the lingering fragrance filled her mouth, it was crispy and refreshing, all of which she loved.

She ate several more in a row, drinking fresh milk and millet porridge while eating.

No morning sickness!

She was a little strange, and looked up at the exquisite box in front of her. It didn't look like it was made by the nanny at home, it should be bought from outside.
