

Troublemakers 771

Chapter 771 tells you a secret

"Aren't these snacks made at home?" Shen Ning asked, wiping his lips with a tissue.

"Well, I just brought it back when I went out for morning exercise." Li Zhenting said indifferently, turned to look at her, and asked gently: "Do you like it? If you like it, I will bring some back tomorrow."

"No need, the things outside are not clean, and the ones made at home are fine." Shen Ning actually likes to eat, but she won't say it.

The kids finished eating quickly too.

Shen Ning went to the living room to check their schoolbags, preparing to take them to kindergarten.

"Mummy, let me tell you a secret. Daddy asked me what you like to eat when he came home yesterday. He asked very detailed questions, and he took a pen to record them carefully." In the car, Xiaoxiao lay on her stomach. body, whispered in her ear.

Shen Ning was taken aback.

"Today, Daddy bought those breakfasts from outside on purpose, so he didn't just bring them back." Xiao Xiao continued

"..." Shen Ning looked at Li Zhenting who was driving ahead.

He was driving the car very seriously, a ray of morning glow shone through the glass of the car and fell on his side face, so handsome that people couldn't take their eyes off it.

She was in a daze, because such a man is so handsome and outstanding, so there are all kinds of women around him who want to be superior? Or was he too lucky to have a love that didn't belong to her?

I took out my mobile phone and searched for the exquisite breakfast box. It turned out to be a very famous breakfast shop in the Imperial Capital. There was a line of people queuing up at that shop every day from the early morning, and the longest one took more than an hour to buy it. Dim sum at home.

And Li Zhenting actually bought it back early in the morning, which means that he has already left the house!

While she was still thinking about it, the car had already stopped at the gate of Blue Whale Kindergarten.

Shen Ning got out of the car, pretended not to know anything, and sent the children to the kindergarten.

"Ning Ning, let's go, I'll take you to Gu Qi." When Shen Ning was about to call an online car-hailing car, Li Zhenting came over and held her hand

Shen Ning followed him silently.

"Ning Ning, wait for me at noon, let's go out to eat together." When getting out of the car, Li Zhenting put his arms around her and pressed a deep kiss on her cheek.

Shen Ning bowed his head and walked towards the president's office.

It wasn't until her figure disappeared that Li Zhenting drove away.

In the morning, Li Zhenting was working in the office when his cell phone rang.

He picked it up and saw that it was Xiaofeng calling, but he didn't answer.

After a while, there was a wechat text message on the phone. He looked at it, and it was from Xiaofeng: "Zhenting, I'm sorry to bother you. The nanny you sent is very good. I just want to tell you 'Thank you', don't worry, I will try to disturb you as little as possible in the future, I wish you a happy married life with your sister."

After Li Zhenting glanced lightly, he put the phone aside and started to work seriously.

At noon, he traveled to many places in the entire imperial capital to buy Shen Ning's favorite food.

He really didn't expect that Shen Ning's favorite dishes were so ordinary. Because of the ordinary, this man at the top of the food chain spent a lot of effort to buy these things.

Fortunately, Xiao Xiao told him where these things might be sold.

For him, if Shen Ning likes to eat food in a high-end hotel or a famous brand shop, it is easy for him to eat, but what she likes is something he has never seen before.

When Shen Ning looked at the dishes she liked to eat in front of her, even though she had ten thousand dissatisfaction with him in her heart, she couldn't refuse to see the sweat on his head.

Chapter 772 Her heart is out of balance

In the afternoon, Li Zhenting came to pick up Shen Ning and went to school to pick up the children home. After returning home, Li Zhenting was a loving father and took the children to play in the playground in the back garden, while Shen Ning instructed the nanny to make dinner in the kitchen.

In the evening, the table was full of people talking and laughing happily.

Li Wanqing was very happy. She had finally completely dispelled the doubts she had in her heart.

Such a peaceful day passed for a week.

In the ward this day, Xiaofeng was sitting leaning against the bed screen, with depression and unwillingness on his pale face.

Since Li Zhenting left that day, he hasn't seen her again, and he hasn't even called her once.

He did what he said and really cut off contact with her.

Her fingers clutched the bed sheet unwillingly, her pale face was filled with despair and loss.

After a while her cell phone rang.

"Miss Shen."

"Xiaofeng, how are Zhen Ting and Shen Ning these days?"

"Miss Shen, the young master has been very kind and gentle to his wife this week. He picked her up every day, accompanied her, and ran all over the city to buy her favorite snacks and meals. He is really considerate."

Xiaofeng's face turned black when he heard it, and the fingernails of his fingers that were pulling the sheet turned white.

"Don't call her wife, do you hear me? She is not worthy of Zhen Ting." She gritted her teeth, eyes full of jealousy and hatred.

"Okay." Xiaofeng replied, and immediately said, "But don't worry, even though they look very affectionate, they still didn't sleep in the same bed at night, and Shen Ning took a nap with him."

Xiaofeng's eyes immediately brightened.

"Really? What about Zhen Ting, does he sleep alone in the big bedroom?"

"Master, he actually really wants to sleep with his wife... Shen Ning. Every day, he will follow Shen Ning very tenderly, kiss her, and speak softly to please her, but Shen Ning just doesn't want to let go. , insisting on sleeping with Xiaoxiao every night, there is no way, he had to sleep with her in a small room every day, but with such a small bed and a child, there is definitely nothing he can do, so, They certainly didn't consummate the house."

Xiaofeng's face changed while listening, when he heard that Li Zhenting was so gentle and flattering to Shen Ning, his face darkened, but when he heard that Shen Ning insisted on taking Xiaoxiao to sleep, he secretly laughed at Shen Ning as a fool X, a man comes as a prey. If a woman cannot satisfy a man for a long time, sooner or later his patience will wear out and he will leave her.

Which woman would insist on sleeping with her daughter, with the child in the middle, there is no way to do husband and wife affairs, even if they do, they can't be hearty!

However, when she thought that Li Zhenting was clinging to Shen Ning every day and wanted to make out with her, she felt unbalanced, and she cursed Shen Ning as a bitch, the man who seduced her.

"How is Shen Ning doing this time?" She asked again worriedly.

"She's quite calm and looks very happy." Xiaofeng replied after thinking about it. Of course, what she didn't know was that Shen Ning was very happy as long as she was with the children.

"Bitch." Xiaofeng cursed in his heart, could this woman be playing hard to get, trying to hang Li Zhenting in such a way that she couldn't ask for it?

If it really succeeds, then Li Zhenting will surrender to her, so that he can control him so that he will never ignore her.

Hmph, what a cunning vixen!

She hung up the phone, holding the phone, a calculating chill flashed in her eyes.

During this period of time, Shen Ning didn't let Li Zhenting touch him, so he should be suffering from not being satisfied now.

A man's hormones can't stand the temptation!

Chapter 773 She is really happy!

A crescent moon shot obliquely from the horizon.

Shen Ning was sitting on the bed teaching Xiaoxiao to sing nursery rhymes.

"Mummy, here we come." After a while, Ke Ke and Ding Ding rushed in with a small pillow each, took off their slippers and climbed onto the bed as soon as they entered.

"Hey, why did you come to my sister's room?" The two little guys crawled into Shen Ning's side as soon as they climbed in, cuddling her tightly one by one.

"Hmph, Mommy, you and Daddy are so biased. You sleep with my sister every day. I don't agree with it." Ke Ke rubbed his little head into Shen Ning's arms. It had been a long time since he smelled Mommy's sweet breath. He is also a child, and he misses Mommy too.

"Mum, you used to be with Ke Ke and Xiao Xiao every day, but now you have come home with great difficulty, and you don't spend more time with me. It's not fair to me." Ding Ding also raised his small mouth to express his dissatisfaction.

Facing the little ones vying for favor, Shen Ning's heart almost softened.

"Mommy wants to be with you too, but you are all over five years old, you are about to go to elementary school, and you have grown into a little man. A man can't sleep with Mommy and sister. You have to learn to bear loneliness and courage alone. , understand?" She explained softly.

"But I just want to be with Mommy." The two little guys simply laid down beside Shen Ning, and buried their heads in the quilt.

Shen Ning smiled helplessly.

At the door of the bedroom, the man poked his head in, and then walked in.

"Little guys, get up, you've slept in Daddy's place." Li Zhenting patted the quilts of the two little guys, his face serious.

After Ke Ke and Xiao Xiao rolled under the quilt, Ke Ke stuck out her round head and looked at Daddy with flushed cheeks: "Daddy, let's sleep with Mommy tonight, you can sleep alone. You are such an old man, you should learn to live independently, don't pester Mommy every day."

"..." Li Zhenting was speechless for a moment.

"Mummy is the Empress. She has to turn over the cards every night, and whoever she finds is the winner. However, Mummy likes me the most, and she sleeps with me every day." Xiaoxiao is the most proud, even though she is squeezed out now. When I reached the corner, I was still very excited. During this time, Daddy and Mommy slept with her every night, and everyone gave her enough love. She has been spoiled so much that she can talk delicately.

Li Zhenting turned cold.

Still flopping? Now he is not even as good as a concubine in front of Shen Ning! Too much!

but

Ever since Shen Ning moved back home, the whole second floor has become lively. The three little guys are scrambling to sleep with Shen Ning every night. Although he stopped them with threats and coaxing, they are all ruthless. Been staring at it every night.

He likes such a lively feeling.

Shen Ning pursed her lips and smiled, she was really happy to be with the children!

Seeing Shen Ning smiling, Li Zhenting turned cold again, and glanced sideways at Shen Ning, but an unpredictable smile floated on the corner of his lips.

"Children, how about Daddy telling you the story of Water Margin? Wu Song beat the big tiger." He simply sat down by the bed and asked full of temptation.

"Yeah, that's great, but I want to hear the story of Monkey King beating the Bone Demon three times."

"Okay, I'll tell you all, but you have to lie down obediently."

"Okay, Daddy, let's all lie down, let's talk quickly." The three little ones quickly lay down, shouting in unison.

Li Zhenting began to tell them stories, telling them vividly and vividly.

Shen Ning lay half leaning against the bed screen, drowsy.

Pregnancy does make people sleepy. After a while, she couldn't keep her eyes open.

At some point, a pair of powerful hands hugged her.

When she opened her eyes, she found that she was already lying in Li Zhenting's arms, and she woke up suddenly.

Chapter 774 Quickly save me

"Let go of me." Shen Ning immediately struggled and said angrily, "Don't touch me, don't forget our agreement."

"Ning Ning, we are husband and wife, you can't just leave me alone." Li Zhenting's thick skin has always been invincible in front of Shen Ning.

Shen Ning was very angry, struggling to quarrel with him.

"Shh." Li Zhenting 'Shh', and turned around with her in his arms, "Speak softly, you see, the children are already asleep, this bed can't accommodate us at all, if you continue to make noise Wake them up, it's getting late now."

Shen Ning took a look, the three little guys were sleeping in a row on the bed, all of them were cute, their hearts warmed up, and the corners of their lips curled up slightly.

But it was impossible for her to submit to him just because of this.

"You..." She opened her mouth and was about to speak.

violently

The man's waxy lips blocked hers hard at once... What Shen Ning was about to say was forced into whining.

The suppressed heat in Li Zhenting's body erupted suddenly, and it quickly attacked his limbs, and impatiently picked up Shen Ning and ran towards their wedding room...

In the corridor, a shadow ran down quickly.

"Miss Shen, the young master carried Shen Ning into their wedding room just now. If there is no accident, the marriage will definitely be consummated tonight." On the balcony in the back garden, Xiaofeng took out her mobile phone and called Xiaofeng. The voice is extremely low.

"Okay, I see." Xiaofeng rolled over from the hospital bed and sat up, pressing her hands on her chest, it hurt so badly, the pain made her eyes full of jealous anger.

In the bedroom here, on the oversized soft bed, Li Zhenting gently placed the woman on the soft bed, and began to kiss her fiercely.

This day has been waiting for a long time, today, they can finally love each other justifiably.

At this moment, suddenly, the mobile phone in the room exploded violently.

At first, Li Zhenting didn't intend to pay attention to it, but the phone rang over and over again. Finally, he raised his head irritably and reached for the phone.

Which ignorant guy would call at this time! Really annoying!

He frowned, looked down with a cold face, it seemed to be an unfamiliar number, and when he was about to hang up, suddenly, a WeChat message rang at the same time: Zhen Ting, I am so uncomfortable, please help me...I have a severe chest pain ,dying...

In an instant, it seemed that a basin of cold water poured down from the top of his head, and Li Zhenting shivered all over his body...

At this time

Shen Ning, who was dazzled by the man's fiery kiss, woke up in an instant, sat up suddenly, and pushed Li Zhenting away.

Based on a woman's intuition, this call must be from Xiaofeng!

Just now, she almost fell into his tenderness and couldn't extricate herself, **** it!

"Ning Ning, I..." Li Zhenting looked at her guiltily while holding his mobile phone.

Shen Ning sneered coldly: "Li Zhenting, if you don't keep the agreement next time, I will settle the old and new grudges with you."

"Ning Ning, I'm sorry, Xiaofeng has a sudden illness and it's very serious. I'm worried that she won't survive tonight. I must go and see her now." Li Zhenting hugged her and apologized to her ashamedly.

Shen Ning's heart suddenly twisted into a ball, and he pushed him away and ran outside.

Gritting his teeth, Li Zhenting dialed the phone number of the other party, but no one answered the phone for a long time, and when he was about to hang up, the other party answered the phone.

"Xiaofeng, is that you?"

Painful groans came from the phone.

Chapter 775 This is very dangerous

"Zhen, Zhen, Zhenting, I, sorry, sorry, I, I... ah." Finally, with the sound of "ah", after the woman said some words incoherently, there was no sound.

"Xiaofeng, Xiaofeng." Li Zhenting shouted anxiously, could it be that she...

He immediately put on his clothes and ran outside. When he passed the small bedroom, he glanced inside, paused, and gritted his teeth and ran outside.

In the VIP ward of the hospital.

When Li Zhenting rushed over, it was pitch dark inside, and the nanny was not there.

He flicked the switch.

The hospital bed was empty, and there was no sign of Xiaofeng.

"Xiaofeng, Xiaofeng, where are you?" Li Zhenting called out alertly, rushing towards the balcony and bathroom of the ward.

In the bathroom.

Just as Li Zhenting pushed open the glass door, he suddenly gasped.

On the cold ground, a woman wearing a thin night gauze was lying on the ground, her face pale.

He ran up in a hurry.

"Xiaofeng, Xiaofeng, what's wrong with you?" He bent down and hugged the woman and shouted.

But Xiaofeng closed his eyes tightly as if he didn't hear it, and didn't respond at all. When he looked carefully, he saw blood flowing from the woman's lips.

His face changed drastically. It seemed that the internal organs injured in the car accident were bleeding again, so he gently picked her up and put her on the hospital bed, covered her with the quilt, and turned on the call light beside the bed.

soon

Doctors and nurses hurried over.

Li Zhenting recounted the whole situation.

"Quick, send it to the CT room for examination immediately." The doctor immediately issued an order and said to Li Zhenting: "Mr. Li, the patient is weak and his internal organs are still injured. It is best for someone to take care of him at this time. According to this situation, she probably suffered from internal bleeding caused by a fall in the bathroom, which is very dangerous."

Li Zhenting was dumbfounded.

The nurse hurriedly pushed Xiaofeng to do the examination.

"Steward Luo, which nanny did you send to take care of Xiaofeng in the hospital?" He called Steward Luo with a dark face.

Upon hearing this, Steward Luo quickly replied: "Mr. Li, it's Mama Yao. She took care of the old lady before. She is very experienced in taking care of people and has a strong sense of responsibility."

Li Zhenting's face softened: "Go and ask where Yao's mother is now? Why didn't you take care of Xiaofeng in the hospital tonight?"

Butler Luo had a premonition that something was wrong, otherwise Li Zhenting would not have called him so late, so he hurriedly called Yao Ma.

When Yao's mother heard that Li Zhenting personally called Butler Luo to inquire about her, she was frightened to death. Today is her grandson's full moon wine. She didn't plan to come back, but Xiaofeng insisted that she was fine and let it go. Her fake, she didn't know what happened there, she hung up the phone in fright and ran to the hospital.

But when she ran outside, it was already early in the morning. She lived in the countryside and didn't have a car at all. She didn't know how to get back to the hospital by car. Fortunately, at this time, she received a text message: " Mom Yao, I'm fine, you don't need to go back to the hospital tonight."

Signing is a breeze.

She was relieved after reading it, and didn't rush back to the hospital late at night.

Li Zhenting was waiting anxiously in the ward, and the nurses and sisters had already returned with Xiaofeng.

Xiaofeng woke up, his face was pale, when he saw Li Zhenting, his eyes were bright, and his face was full of guilt.

"How's it going?" Li Zhenting stepped forward.

"Mr. Li, it's okay. It's nothing serious. It's just that the patient is a little weak, and no one around him took care of him." The nurse gave the handsome man a **** look and replied with a smile.

Li Zhenting was relieved after hearing the words.

At this time, the nurse moved Xiaofeng from the mobile hospital bed to the bed in the ward.

The two young ladies struggled to hug each other.

Li Zhenting stepped forward and hugged Xiaofeng's shoulders, and together they moved Xiaofeng to the hospital bed.

Chapter 776 I am willing to give you everything I have

"Zhenting, I'm sorry, I disturbed you again, I really deserve to die." As soon as the nurse left, Xiaofeng's beautiful eyes were full of tears, and she looked at Li Zhenting pitifully, feeling guilty, "The moment I walked into the bathroom, I felt dizzy. There was a sharp pain in my chest, I couldn't breathe well, blood flowed out of my throat, and I felt like I was about to die. At that moment, I panicked and fell into darkness, with your shadow in my heart and mind. , I just wanted to be satisfied with seeing you again at the last moment, I couldn't control myself, so I called you, I'm really sorry, I must have disturbed you and my sister."

She wiped her tears after speaking, looking extremely weak and miserable.

Li Zhenting sighed slightly: "It's okay, you didn't do it on purpose, so I can't blame you."

Although he was unhappy in his heart, he couldn't blame her who was about to die, the white moonlight woman who was once on the threshold of his heart, because she was too pitiful after all!

"Thank you for understanding me." Xiaofeng blinked his big eyes and wiped away the tears on his face.

Looking around, Li Zhenting said dissatisfiedly: "Where is the nanny Yao, why hasn't she come here yet?"

"Zhen Ting, Mama Yao's grandson held a full moon wine. I saw that she was restless, so I let her go on vacation. She is now in the country, so she must not be able to come in such a late night." Xiaofeng replied hastily.

"Since there is something to do, then you should ask for leave from Butler Luo and send another person to take care of you. How can you just leave you like this, it's outrageous." Li Zhenting's face was dark, very displeased.

"Zhen Ting, it's okay, I'm fine now, so don't blame Mom Yao, it's not easy for her to take care of me at night when she's too old." Xiaofeng said considerately for her.

Li Zhenting looked at his watch: "Well, I'll ask Housekeeper Luo to send another young girl over to take care of you tomorrow. From now on, you can't be short of people by your side. You should have a good rest tonight. I'm leaving."

He turned and stood up and left.

"Zhenting, can you help me go to the bathroom first?" Xiaofeng stopped him from behind, and asked timidly, "I'm afraid that something like that will happen again."

"Okay." Li Zhenting turned around and reached out to her.

Xiaofeng lifted the quilt on his body, stood up slowly, and grasped Li Zhenting's big palm with his weak and boneless little hand.

The woman's palm was weak and boneless, when he held Li Zhenting's arm, he froze for a moment, Shen Ning's face flashed in front of his eyes, and he was about to shake it off subconsciously, but thinking of her thin body, he still held her hand and stood up .

But as soon as the woman stood up, Li Zhenting immediately blushed.

The woman in front of her was only wearing a night gauze as thin as a moon's wings, and there was nothing inside, so she could almost see all the amorous feelings at a glance.

Even at this moment, he remembered that when he ran to the bathroom to pick her up, she was also wearing this set of pajamas, that is to say, from the beginning to the end, she was wearing nothing at all!

At the beginning, because he wanted to save her life, he didn't notice it at all. Now the tense atmosphere was gone, or maybe it was because she was standing in front of him. She made a special eye shot and saw everything at once.

In an instant, the man's scalp was numb.

"Ouch." At this time, Xiao Feng suddenly yelled softly after moving a few steps, and fell into his arms with his fingers tightly wrapped around his waist.

Li Zhenting's face darkened, and he took a few steps back like a conditioned reflex, reaching out to break her hand: "Xiaofeng, don't do this."

"Brother Zhenting, I love you and miss you so much. Now that I'm about to die, you want me. I'm willing to give you everything I have. I won't make you responsible, and I won't disturb you. With my sister, if my sister is angry, I will explain to her personally and beg her for forgiveness. I don't have a few days to live, and I just want to give you the most precious thing of a girl, please don't refuse me." Xiaofeng buried her head in his arms, cried and said, sincerely.

Chapter 777 He really fell in love with Shen Ning!

Li Zhenting broke her hand away forcefully, and said: "Xiaofeng, it's not terrible to be sick, what's terrible is that even the mind is sick. As I said, I will promise to treat you. This disease is treated according to the current science and technology. It is not an incurable disease, as long as you have firm beliefs and actively cooperate, it can be cured. I hope you will stop thinking about it in the future, which is very disgusting."

He turned and walked out with a cold face.

Xiaofeng fell onto the bed.

How did that happen? Generally speaking, as long as a man sees her so sexy, he can't help but want her, how can he just walk away like him.

He has changed, he no longer loves the white moonlight in his heart, he really fell in love with Shen Ning!

The thought made her turn pale and her lips tremble.

It was already four o'clock in the morning when Li Zhenting returned home, and the entire Li's Castle was shrouded in the darkest before dawn.

He came upstairs, glanced at the small bedroom, and didn't know which room Shen Ning was sleeping in, but at this moment, he was exhausted, and he didn't have the mind to speculate, so he fell asleep on the bed.

The scenery of this night was ruined by the small wind.

Early in the morning, Li Zhenting got up and ran downstairs.

In the kitchen, Shen Ning was preparing breakfast with Sister Yun and Aunt Dong.

Seeing that she was still fine, he was relieved, but his heart was twisted into a ball.

Shen Ning's anger and indifference could be felt through the air.

He drooped his head and sat silently on the sofa.

"Zhen Ting, busy with work during the day, go to bed early at night and take it easy." Li Wanqing saw her son's eye circles glowing blue early in the morning, and his complexion was not looking good, so she couldn't help telling her distressedly.

Young people just don't know how to be restrained, and they are shameless. She was also young, so of course she can understand them.

Li Zhenting was taken aback when he heard that, and couldn't help but smile wryly.

Where did my mother think, until now, he and Shen Ning have never slept alone in the same bed.

"Ningning, if you work too hard, you don't have to go to work. It's okay. Our Li family doesn't need a woman to make money. Just stay at home." Li Wanqing walked to the kitchen just in time to see Shen Ning coming out with breakfast. Sure enough, her complexion was also sallow, and her complexion was not very good, so she couldn't help feeling even more distressed.

Although she also agrees that her daughter-in-law and her son can make progress together in their careers, but now that they are newly married, there is really no need to fight like this.

Shen Ning smiled when he heard this: "Mom, it's okay, I will pay attention to combining work and rest."

"Hey." Li Wanqing couldn't say anything more after listening.

"Zhen Ting, do you want to take a vacation abroad for your honeymoon? Now your dad and I are at home, so leave the children to us." While having breakfast, Li Wanqing made a suggestion.

It is always good for young couples to stay together more and go out for a walk.

"good."

Li Zhenting's heart was moved when he heard the words, and he felt that Li Wanqing's suggestion was good. Now Shen Ning misunderstood him a lot and always kept a long distance from him. If this continues, there will be problems sooner or later. If they go out for the honeymoon together, it's still okay .

But Shen Ning refused.

"Mom, my company is just in its infancy, and I can't go out for so long. Besides, we are not married once, but remarried. There is no need to go through this link."

"But it's okay to relax. You are so busy with work and have to take care of your children. I am afraid that your health will not be able to bear it. I want you to take a good rest." Li Wanqing persuaded.

"Mom, I'm done eating, you guys eat slowly, I'll check the children's schoolbags first." At this moment, Shen Ning stood up and walked towards the living room.

Li Wanqing froze for a moment, looked at her thin back, and frowned. There seemed to be something wrong with this child, but she couldn't tell what was wrong.

"Zhen Ting, you should pay more attention to Shen Ning, and be more restrained in your husband and wife life. Look at how bad her complexion is, and she doesn't eat much. She has a lot of work at work, so you have to share some of it for her." While the children were eating After finishing running to the living room to carry her schoolbag, Li Wanqing instructed Li Zhenting.

"Mom, don't worry, I will." Li Zhenting's heart sank, and he also walked outside after agreeing.

Li Wanqing shook her head.

Chapter 778 Do you know her origin?

Gu Qi President's Office.

Shen Ning was sitting at his desk reviewing the data sent by the marketing department early in the morning, but a soft and delicate face flashed in his mind inexplicably.

That face looked like hers at first glance, it was printed out of the same mold, very similar.

And she is Xiaofeng's face!

Why does Xiaofeng's face look so similar to hers?

Is Xiaofeng related to her by blood?

No, not possible!

Her mother only gave birth to her, and it is impossible to have another sister.

Could it be her father Shen Deshun who gave birth to a woman outside? Even more impossible!

Based on Lan Feiyun's method, how could she let Shen Deshun have a baby with another woman outside?

Who is that little wind? Why is it so similar to her? Who would her parents be?

She was full of doubts, and she didn't believe that there would be two people so similar in this world.

While she was having a lot of thoughts, someone knocked on the door of the room. When she looked up, she saw a tall and handsome man standing at the door and smiling at her.

"Master Zhu." Shen Ning was taken aback.

"Ning Ning." Zhu Qixiong walked in.

"Master Zhu, don't you have to go to work?"

"What? Think I'm not doing my job properly?"

"No, I envy you for your good life, and being rich every day without working."

Zhu Qixiong smiled: "Ning Ning, now that you are married to Li Zhenting, the status of 'Young Mistress Li' will allow you to become the richest woman in the entire imperial capital without having to work."

Shen Ning's face sank: "Do you think that's why I remarried Li Zhenting?"

"Of course not, but every woman who wants to climb into his bed has that dream."

Shen Ning was silent.

"Let's go, today I invite you to have beef shabu-shabu hot pot."

"No, I invite you to eat." She suddenly raised her head and stood up briskly.

"Okay, I'm fine."

The two walked out.

Quan Kee Shabu Beef Hot Pot Restaurant.

"Young Master Zhu, I remember you said last time that as long as there is anything you want to know in the imperial capital, there is nothing you don't know, right? I want to ask you something right now." After the dishes were served, Shen Ning spoke directly .

"I just said, why did you come out to eat hot pot with me so readily? So you asked me for something. Sure enough, you women are very realistic."

Shen Ning was embarrassed by what he said: "Just treat it as I owe you, if you really treat me as a friend, please do me a favor."

"Ningning, I'm joking, don't mind." Zhu Qixiong put away the joke, "Tell me, as long as I can help, I will help to the end."

"Thank you." Shen Ning quickly thanked, "Young Master Zhu, since you know that on the day Li Zhenting and I remarried, he ran towards the hospital with a woman in his arms in the street, and you know which ward she is in, then you know her origin ?"

After hearing this, Zhu Qixiong immediately said: "The reason why I knew about your husband carrying a woman to the hospital that day was because there was a car accident that day. One of my buddies is a giant in the news industry. I happened to have dinner with him. The reporter under him I took the picture to him, and he showed it to me. As for the ward number, I asked my subordinates to follow me to find out out of curiosity, but who is that woman and what is her origin, I am not interested in paying attention."

"Oh." Shen Ning said softly, a little disappointed.

"Do you want to know her origin?" Zhu Qixiong stared at her.

"Yes."

"Okay, as long as you want to know, I will find a way to find out, and I will tell you after I find out."

"Thank you so much." Shen Ning thanked him sincerely.

"It's a trivial matter, you're welcome." Zhu Qixiong smiled: "It seems that you still love him very much, otherwise, you wouldn't care so much."

Shen Ning bowed his head and did not speak.

Chapter 779 Encounter by chance

Li's Castle.

Li Wanqing and Li Jinyao sat on the sofa and read the newspaper.

"Jinyao, why do I feel that Zhen Ting and Shen Ning don't seem to be getting along well? Although the two seem friendly on the surface, I always feel that there is something missing between them." Li Wanqing held the newspaper and couldn't read it, her mind was in a mess .

Li Jinyao said disapprovingly: "You, worrying about nothing, meddling in other's business, isn't it a nice couple, Zhen Ting will try his best to buy Shen Ning her favorite breakfast every morning, and when he comes back at night, it's either flowers or gifts, When did you see your son treat a woman so hard?"

"That's what I said, but I felt something was wrong." Li Wanqing shook her head, "Do you know? When I went upstairs to look for the children's clothes yesterday afternoon, I found that the upstairs guest room was full of Shen Ning's clothes. Normally, that guest room is not occupied at all, and it seems that someone has slept on the bed. Didn't Shen Ning sleep with Zhen Ting? Does she sleep in the guest room every day? Several mornings, I saw Shen Ning's eyes were red when he went downstairs, as if he had cried, don't you think there is a problem?"

Although Li Jinyao was a little puzzled, he still didn't agree with Li Wanqing's words. After all, his son is much better now than when he was married, and they all married voluntarily. There is no reason for their bad relationship.

At the moment, he ignored her and just read the newspaper seriously.

A week later, the Spring Festival is getting closer and closer. All companies have started the Spring Festival holiday, and the air is filled with the festive atmosphere of the New Year.

Early in the morning, Li Wanqing grabbed Shen Ning and smiled: "Ning Ning, Chinese New Year is almost here, this year is your first year back home, and it is also the first year Ke Ke and Xiao Xiao returned to Li's house, it's time to buy some new year's goods for the family, the children also need to add new clothes, so don't go to the company today, go shopping for new year's goods with me."

Shen Ning just wanted to refuse, but Li Wanqing pulled her away without any explanation.

"Ningning, you are the hostess of this family. You will have to take care of these things in the future. You used to come to our Li family for everything. Although you have a company and a career now, the Spring Festival should still be taken seriously. , come with me, I have ordered the car."

Shen Ning was dragged by her and had to go with her.

Now that the Chinese New Year is approaching, the company's affairs are gradually becoming less busy, and she has no objection.

"Ning Ning, buy a set of thermal underwear for Zhenting. It's so cold, he wears a suit every day. The cold wind hits his bones, and his bones will hurt when he gets old." Li Wanqing told her along the way.

Shen Ning had no choice but to agree.

Li Wanqing sent a message to her son again, asking her to buy Shen Ning a gift for the New Year. When she finished her work, the car had already stopped in front of the Imperial Department Store.

The Imperial Department Store has always been a shopping paradise for the upper class.

After Shen Ning and Li Wanqing went in, Li Wanqing separated from Shen Ning because Li Wanqing ordered a lot of clothes at a counter some time ago. After all, the clothes of the elderly and the clothes of the young are not in the same area.

Shen Ning walked towards the underwear area.

She is going to choose a set of thermal underwear for Li Zhenting, and buy a set of thermal underwear for Ke Ke, Ding Ding, Xiao Xiao, and Lan Lan. This winter is really cold.

"Miss, please wrap up this box of men's underwear for me." When Shen Ning was looking at the dazzling array of products, suddenly, a gentle and beautiful voice sounded beside him.

The girl's voice is soft and pleasant.

Shen Ning turned his head inadvertently, Ge Di, his whole heart was beating, and his breathing was tight.

A girl was standing in front of the underwear counter, wearing a white fox fur coat, high heels, and a pleated skirt. She was slender and pure, as beautiful as a fairy.

And her face very similar to Shen Ning appeared in the mirror in front of the counter.

She is Xiaofeng.

Chapter 780 Painful to the marrow, almost unforgivable!

Shenning Petrochemical.

Isn't she seriously ill and dying on the hospital bed? How could it appear here?

"Xiaofeng, why did you come here? The air conditioner here is too cold, you are weak, and you will catch a cold." Just when she was shocked, she heard a man's magnetic voice, the voice was extremely soft.

Only the moment she heard this voice, her throat tightened and her breathing was difficult.

It was Li Zhenting's voice, here he comes!

Shen Ning felt a pain in his chest, and immediately stepped aside, looking at them through the mirror of the counter.

I saw the tall and straight figure of the man had already walked beside Xiaofeng.

He quickly took off his suit and draped it over her shoulders thoughtfully, with a look of concern on his face.

"Zhenting, it's okay, I want to buy a gift for you." Xiaofeng immediately tightened the suit on his shoulders, with a happy smile on his face, looking back at him, charming.

"I don't need a gift, aren't you afraid of the cold? Have you bought thermal underwear yet?"

"I bought it, and I bought a set for you." Xiaofeng's almond eyes were watery, and his face was shy, "I even bought you underwear, this size is just right for you."

...

Shen Ning stood leaning against the shelf, his brain was pounding, and his eyes were burning with pain.

There are other women buying thermal underwear and even underwear for his husband!

And she also knows his size, just right!

Hey!

Her husband, even she may not know his size! It's so ridiculous!

She took a deep breath, bowed her head and walked downstairs. They also said some intimate words over there, and she couldn't hear a word, and she didn't want to hear it anymore.

This kind of humiliation is painful to her bone marrow, almost unforgivable!

Kids Zone.

Shen Ning stood in a daze, his fingers trembling while holding the children's clothes.

She wanted to check the size and choose the style, but she couldn't concentrate. Her mind was full of the affectionate and ambiguous conversation between the dog and the man.

For a moment, she really wanted to take a knife and rush over to kill that woman. That woman has always occupied Li Zhenting's heart and never changed. Even if she gave everything for him, she still didn't get his true love.

"Sister." When she finally concentrated on picking out four sets of children's clothes, came to the cashier and paid the bill, she was lowering her head and preparing to leave, when suddenly, a delicate voice called her from behind.

At the beginning, she didn't hear clearly, so she continued walking.

But the cry that came up behind her shook her whole body, and she turned her head away like an electric shock.

Xiaofeng was standing behind her, still wearing Li Zhenting's suit, holding the two sleeves of the clothes tightly with his fingers, looking at her with beautiful eyes.

As if she saw a ghost, she took several steps back and asked coldly, "Who are you? Are you calling me?"

"Hey, sister, don't you know who I am? Of course I'm calling you. Look at me. I'm still wearing your husband's suit. He took off his suit for me to wear because he was afraid that I would be cold. He also accompanied me to go shopping and buy underwear and warm clothes, he is so considerate to me." Xiaofeng smiled, his face was full of happiness and shyness, "Actually, I am not that cold, but he is too nervous and cares about my body too much, made me feel embarrassed."

This is so obvious, it was said to her on purpose, to show off in front of her.

Shen Ning's face was as pale as a sheet of white paper.

"Tsk ts, Sister Shen Ning, we really look alike. When someone told me that we look alike, I couldn't believe it. When we saw each other today, we really look alike, so much alike." At this time, Xiaofeng blinked his beautiful eyes and looked at Shen Ning's face, then continued to speak, and was amazed.
