

## Troublemakers 781

Chapter 781 is a powerful and ruthless character!

Shen Ning's eyes staring at Xiaofeng became colder and colder.

This woman looked pure and beautiful from a distance, but when she got close, she could feel an inexplicable strange evil spirit emanating from her body, and that evil spirit made her feel sick to her stomach and wanted to vomit.

"Who the \*\*\*\* are you? Why did you come to my husband?" She suddenly snapped.

"Sister, don't you really know who I am?" Xiaofeng's eyes were watery like a milky white rabbit, "Okay, let me tell you, I am the white moonlight in your husband's heart: Xiaofeng, don't you Do you know me? Didn't you hear him call my name in the dream?

Because you look like me, you have always stayed by Zhenting's side in my shadow. I know Zhenting and love each other. We are childhood sweethearts. From the beginning to the end, he loved me deeply, because I was sick and felt guilty. I have low self-esteem, and I don't want to drag him down, so I haven't dared to appear in front of him for so many years, which gave you the opportunity to marry and have children by his side. You should thank me, sister, don't you think so? "

Shen Ning clenched his fingers into fists, sneered, and said, "I'm sorry, I don't know what you're talking about, I married Li Zhenting, and the elders of Li's family came to our Shen's house to propose in person. It depends on who I look like, let alone who I look like. I never knew you, and I don't know who you are. If you want to say that we look alike, logically, I am older than you. If you want to look like that, you are like me, yes You are right to replace my shadow, I don't know why you pester my husband every day, but I warn you, Li Zhenting and I are legally husband and wife now, and my husband you pester is a shameless mistress , I have the right to take legal measures against you, I hope you will be wise and disappear by yourself, otherwise, after being caught by me, I will definitely let the law teach you how to behave."

After speaking, her sharp eyes stabbed at her like sharp arrows, forcing her to take several steps back.

Xiaofeng never thought that Shen Ning would be so powerful. Originally, she wanted Shen Ning to feel ashamed and leave Li Zhenting, but now she was scolded so badly that she had no power to resist.

It seems that this Shen Ning is really not a soft man, but a powerful and ruthless character!

"Xiaofeng." At this moment, Li Zhenting's voice came from the other side.

Shen Ning only vomited when he heard the dog man's voice, and turned around to leave.

Sudden

Her arm was pulled off, and she still hasn't figured out what happened.

"Oh, it hurts, it hurts so much." Along with a muffled sound, she heard a cry of pain. When Shen Ning turned her head, she saw Xiaofeng lying on the ground with her hands holding her chest, her face full of pain. expression, screaming miserably.

She was stunned for a moment and immediately understood what was going on, a sneer appeared on the corner of her lips.

But soon, she discovered that something was really wrong with the woman on the ground.

Blood flowed from the corner of her lips. The more it flowed, the more pale her face became, and she curled up into a ball, as if she was about to die at any moment.

For a moment, she was also stunned.

"Xiaofeng." At this time, Li Zhenting had already rushed over. When he rushed over and saw Shen Ning was also here, he was stunned, but soon, he bent down and hugged Xiaofeng.

"Zhen Ting, I'm sorry, don't blame my sister for pushing me down, I offended her with what I said, I'm sorry." Xiaofeng was full of pain, and whispered in his ear, breathing heavily while talking.

Li Zhenting raised his eyes and looked at Shen Ning fiercely.

Shen Ning stood a little far away, and couldn't hear what Xiaofeng said to Li Zhenting, but soon, she saw something in Li Zhenting's eyes.

What kind of gaze is that? The deep black pupils clearly contain fire and reprimand.

There was a pain in her heart, her eyes were so painful that she couldn't open them as if they were cut by a knife.

"Xiaofeng, hold on, I'll take you back to the hospital right away." At this moment, Li Zhenting said, picked up Xiaofeng and ran out.

Chapter 782 Must go to the hospital

Shen Ning stood, his eyes turned black, and his body was crumbling.

Finally, she forced herself to retreat to a special counter, supported the counter to stand firm, and her stomach began to churn again, causing her to bend down.

At this time, the phone rang.

She suppressed her nausea and took out her mobile phone to see that it was Li Wanqing calling, so she quickly picked it up.

"Ning Ning, where are you? Have you finished shopping for the clothes?" Li Wanqing asked with a smile. The few sets of clothes she ordered today fit her well, and she was very satisfied and happy.

"Mom, I'm still in the children's section and just finished paying the bill."

"Okay, I'll be right over, you wait for me." Li Wanqing hung up the phone, and handed over the custom-made clothes to the housekeeper. It was almost Chinese New Year, and she had to buy some clothes for her lovely grandchildren.

Shen Ning hung up the phone, leaned against the counter and closed his eyes weakly.

"Ning Ning, what's the matter with you?" Li Wanqing came up after a while. For her, this kind of luxury store is very familiar, as long as she tells where it is, she can basically arrive very quickly, but, She was taken aback when she saw Shen Ning.

At this moment, Shen Ning's face was pale and haggard, his forehead was covered with a layer of sweat, and he looked extremely weak.

She hurriedly took out a tissue to wipe the sweat from her forehead, and asked with concern, "Is there any discomfort?"

"Mom, I'm fine, maybe I got a little cold last night, and I feel a little uncomfortable." After taking a few deep breaths, Shen Ning shook his head.

Ke Li Wanqing observed her with a serious face:

"It doesn't look like you are uncomfortable now, but as if you are seriously ill. How can you be so weak at a young age? No, you have to go to the hospital."

She immediately took out her mobile phone to call Li Zhenting.

It took a while to answer the phone over there.

"mom."

"Zhen Ting, come to the children's clothing section of the Imperial Department Store immediately, and take Shen Ning to the hospital for an examination. She is not feeling well." She ordered in an imperative tone.

Li Zhenting's eyelids twitched and asked quickly, "What's wrong with Ningning?"

"You don't even know what's wrong with your own wife. If you ask me, can I know?" Li Wanqing's face was dark and her tone was displeased.

"I..."

"What's the matter with you? Can't you come?" Li Wanqing seemed a little embarrassed by her son's tone, and immediately asked sharply.

"Mom, I'll be right there." Li Zhenting finally agreed.

Li Wanqing hung up the phone, her face still dark.

This son is always so emotionally unsatisfactory, when will he mature!

"Mom, I'm fine, let's go and go shopping, we don't need to go to the hospital." After the turbulence in his stomach subsided, Shen Ning was already much better, so he forced a smile.

"No." Li Wanqing was very firm this time, "I have to go to the hospital to see me so I can rest assured."

Since her remarriage, her complexion has become more and more ugly day by day. She is already very worried. This child has no real mother, and no one cares about it. In her heart, she has long regarded her

as her own daughter. She has to go to the hospital for a thorough examination before she can rest assured.

Shen Ning saw that Li Wanqing's attitude was so firm, it seemed that he had to go to the hospital today, and he felt very complicated for a while.

She was pregnant, which was originally a happy event for everyone, but at present, the Li family cannot be known. Li Zhenting's attitude has broken her heart, which is unforgivable!

If you let them know that she is pregnant at this time, then she will fall into this vortex again and cannot escape. This time, she must think clearly, and can no longer let objective things influence her judgment and decision

Chapter 783 That was accusing her of evil

"Ningning, what's the matter with you?" Not long after, Li Zhenting ran over panting, his face full of concern.

Looking at the sweat on his son's head, Li Wanqing's tense face finally eased down.

"Zhen Ting, quickly take Ning Ning to the hospital for a comprehensive examination. The child's complexion is not right. He is young. Don't let a small problem become a serious problem." Li Wanqing ordered.

"Okay, Ning Ning, come with me." Li Zhenting came forward and wanted to hold Shen Ning's hand.

When Shen Ning saw these warm and clear big palms, the image of him running wildly with Xiaofeng in his arms flashed in front of his eyes. His heart was filled with nausea for an instant. go over there.

Li Zhenting hurriedly followed.

Li Wanqing frowned as she saw how her son and daughter-in-law seemed to be in harmony with each other.

In the elevator.

Shen Ning stood in the corner, keeping as far away from Li Zhenting as possible.

When Li Zhenting deliberately approached her, she walked to the other side.

Now she feels that Li Zhenting is filthy all over his body, so dirty that she feels nauseous, and she doesn't want to get close to him at all.

After a while, the elevator door opened, and Shen Ning walked out quickly.

After they came to a remote place, Shen Ning suddenly turned around and said coldly:

"Go and take care of Xiaofeng, I'm fine, let's go first."

She was about to leave after speaking.

"Ning Ning." Li Zhenting grabbed her arm, "It's already here, I'll take you to the hospital to have a look, otherwise Mom won't be able to answer her questions."

"It's really unnecessary, I will get around to Mom, but you take women to the hospital every day, and you are not afraid that the doctor will look at you with colored glasses. I'd better not cause you any trouble."

With a sarcastic smile on her lips, she shook off his hand with a backhand.

"Ning Ning, let me apologize for what happened today, but it is definitely not what you see."

Li Zhenting was a little depressed and anxious:

"As you have seen, Xiaofeng's illness is getting worse and worse. She really doesn't have a few days to live. Even if she finds a matching bone marrow, it may not necessarily give her a chance of survival. I just can't bear it." Ah."

He was full of embarrassment and intolerance:

"Ningning, I know you don't like Xiaofeng, and you don't want me to take care of her, and I don't want to either. I've tried my best to reject her, but we are both temperamental people, not cold-blooded animals. For a dying girl, no matter how much you don't want to, you have to give your warmth. Besides, she has no family and is alone. It's quite pitiful when you think about it. Just bear with it. If you don't like her, hate her, it's fine to see her go away in the future, but don't push her again."

Her internal organs have not yet healed due to a car accident injury. Pushing her to the ground will cause her internal organs to bleed, which is very dangerous. Even if she is about to die, it is a death of illness and a normal death. If she is pushed down to death, This is not only a moral issue, I am also worried that you will be held accountable by the law. "

Shen Ning was dumbfounded when he heard his long speech.

"Li Zhenting, do you think I pushed Xiaofeng down when I was upstairs?"

She finally understood that he was talking so much nonsense just to persuade her to stop pushing his beloved woman.

This man is sick! Absolutely sick!

She looked at him in disbelief, her eyes were red, and she remembered that when Li Zhenting picked up Xiaofeng who fell on the ground, she saw Xiaofeng whisper something in his ear, because he was a little far away and didn't hear it.

It is only now that I understand that it is accusing her of evil.

Ha ha, it's so TM funny!

"Ningning, I..." Li Zhenting looked at her guiltily.

No matter what, it was all his fault. It was caused by him taking care of Xiaofeng regardless of her feelings. He could understand Shen Ning. What woman would want her husband to take care of other women? It's normal to be unhappy .

But he really hoped that Shen Ning could give Xiaofeng a little more understanding. After all, they are in good health and have a bright future, and Xiaofeng doesn't have much time to live.

In his subconscious mind, Shen Ning should have pushed Xiaofeng today. After all, Xiaofeng fell down in the bathroom a few days ago. She knows her physical condition, and she will definitely be careful, not daring to let herself fall again. , otherwise, it would be making fun of one's own life. Is there anyone in this world who is not afraid of death?

Chapter 784 She is just the shadow of his sweetheart

"Okay, very good, Li Zhenting, it turns out that I have been blind all this time, I just blamed myself for admitting the wrong person, so I leave." Shen Ning gritted his teeth and ran outside.

"Ning Ning." Li Zhenting anxiously called her name from behind, and ran up after her, but before he could get close to Shen Ning, a BMW luxury car drove over and stopped beside Shen Ning.

He stopped.

The window of the luxury car was rolled down, and a handsome face of a man appeared in front of Shen Ning.

"Ning Ning, get in the car." Zhu Qixiong called to her.

"Okay, thank you." Without hesitation, Shen Ning opened the car door and got on the car.

Zhu Qixiong immediately started the car and drove away.

Li Zhenting stood in the square in a mess in the wind.

After a long time, he shook his head dejectedly, feeling a splitting headache and a particularly hollow and uncomfortable heart.

Streamer Cafe.

"Master Zhu, what do you want to say to me?" After Zhu Qixiong took Shen Ning to sit down in the cafe, the waiter brought two cups of coffee, and Shen Ning asked with a smile after drinking.

Zhu Qixiong's face was a little dignified: "Ningning, last time, didn't you ask me to investigate Xiaofeng's origin?"

"Yes, what's the matter?" Shen Ning's back stiffened suddenly, and he immediately sat up straight with a tense expression.

Zhu Qixiong's eyes darkened, and he tilted his head to look at her: "Ning Ning, do you really not know her?"

Shen Ning was taken aback, and said seriously: "Young Master Zhu, stop joking. If I know her, why would you ask you to investigate her? Isn't it just looking for trouble?"

"That's true." Zhu Qixiong nodded thoughtfully, with doubts on his face, "But this girl not only has the same surname as yours, but also looks very similar to you. Judging from these, she is very likely to be yours." My own sister or my own sister came."

"Impossible." Shen Ning immediately denied it, "My mother never gave birth to other children besides me, she can't be my biological sister, besides, there are too many people with the same name and surname in the world."

"That's right." Zhu Qixiong nodded slightly, "I have already sent someone to the police station to investigate. Her household registration is in the imperial capital. She used to be just a humble existence. She had a mother who depended on her for life. But last year, after her mother died of illness, she Working part-time in the imperial capital to support herself has always been very humble, but at this time something weird appeared. In less than a year, her dress suddenly became very noble, and she no longer worked part-time. She went to high-end clubs, What's more, her conversation skills seem to have been improved, and she looks more and more like you. Now, she has come to your husband Li Zhenting's side again, and she has also received your husband's help. It seems that you My husband is still very concerned about her, so I wonder what is so good about her that Li Zhenting can let a beautiful woman like you ignore her and take care of her. You have to go home and ask your husband about this. See why he changed his mind, if you look at it alone, she's pretty normal, nothing special."

Shen Ning's eyes were dry and astringent. After sitting blankly for a while, he whispered: "Li Zhenting has always had a white moonlight in his heart, and that is Xiaofeng. Shen Mei used to pretend to be Xiaofeng to come to Li Zhenting's side. Yes, and I am just her shadow."

She smiled wryly, and told the story of Xiaofeng and Li Zhenting.

Zhu Qixiong's eyes widened when he heard it, as if he was listening to a scripture.

Oh my god, the love between Shen Ning and Li Zhenting is so humble, she is just the shadow of his sweetheart, how cruel it is to Shen Ning.

He really loves her so much!

Chapter 785 I already know what to do

"Li Zhenting said that Xiaofeng is now terminally ill and will not live for a few days, so he sympathizes with her so much." Shen Ning explained this for him in order to elevate Li Zhenting's personality.

Zhu Qixiong sighed: "Ningning, you are so great and kind. He has treated you like this, but you are still speaking for him. I am really touched by you."

Shen Ning smiled wryly.

"Hey, how should I put it, if Xiaofeng is really going to die, it's okay for your husband to take care of her. After all, she also saved him. Men sometimes miss their old feelings, but if it affects their love Your relationship is scum, and you are already husband and wife, so he has to confess to you, discuss with you, and take care of her only after obtaining your consent, otherwise, he is unfaithful to you." Zhu Qixiong was filled with righteous indignation .

Shen Ning stood up with bitter lips: "Master Zhu, thank you for your investigation, I already know what to do."

After she said goodbye, she turned and walked outside.

Zhu Qixiong looked at Shen Ning's lonely back, his whole body was filled with a chill like ashes, but her eyes were firm and resolute, her steps were also very calm, and her sword eyebrows were slightly twisted.

It can be seen that Shen Ning is a woman with a very character, and such a woman is bound to not be willing to be just the shadow of a certain woman emotionally.

Then how would she choose?

Suddenly his eyes lit up.

On the cold and wide street.

The north wind whistled.

Shen Ning walked slowly alone, her fingers tightened the down jacket on her body. For some reason, after so many days of painful struggle, she is now in a calm mood, or she has been relieved.

Zhu Qixiong said that every man will never forget the white moonlight in his heart, and even miss it for a lifetime. This does not mean that this man must be scumbag or bad. Fall in love with your wife and be faithful to your family.

If a man cannot do this, it only means that he has never loved his wife.

Yes, Li Zhenting has always loved Xiaofeng. He has never loved anyone other than Xiaofeng, such as Shen Mei and her.

That's the case, it's better to make a decision early, which is good for everyone!

Today, the reason why she is so miserable is because of emotional indecision. She was liberated six years ago, but she has to come back with Ke Ke and Xiao Xiao. He, this is her misfortune, she is to blame, no one else is to blame!

She sat down on a rest chair, clasped her shoulders with her hands, and wrapped herself tightly so that there was no wind. Even if the cold wind was blowing all over the sky, she didn't feel cold.

Ke Ke and Xiao Xiao belong to the Li family. Now that they have returned to the Li family, let them go back.

In this life, she should never have love again.

Fingers slowly stroked his stomach.

Fortunately, she has another child, even if Ke Kexiaoxiao has left her, she won't be so lonely.

This time, she must protect the child in her womb, and never let the Li family \*\*\*\* him away again.

"Look, it's snowing." Suddenly, someone exclaimed in surprise.

She raised her head and put her hands in the air.

Sure enough

Grains of crystal clear and white snow fell on her palm, bouncing around.

She smiled slightly, stood up after playing with the jumping snow particles, raised her hand, and hailed a taxi and headed towards Li's Castle.

Li's Castle.

Shen Ning walked into the living room, Li Wanqing and Li Jinyao were admiring the newly bought potted plants, beaming.

"Dad, Mom." Shen Ning walked in and looked at them with a smile, very polite.

"Yo, Ningning is back." Li Wanqing turned her head to see her, and was very pleasantly surprised, "How is it? The physical examination is over, and there is nothing wrong."

Chapter 786 It's not suitable for us to stay together

"It's okay, I just caught a cold." Shen Ning smiled slightly.

"That's good, that's good." Li Wanqing breathed a sigh of relief, and smiled lovingly, "You young people, just because you are young, you don't pay attention to protecting your body, and when you get old, you will feel uncomfortable. Take good care of yourself, don't catch a cold anymore."

She blamed, looking at the succulent potted plants she bought, her face was full of joy.

The Chinese New Year is coming soon. This year must be a lively one. There are three more people who love each other in the family.

But at this moment, Shen Ning pursed his lips, but suddenly said: "Dad, Mom, I have something to tell you."

"Oh, let's talk." Li Wanqing continued to look at a pot of succulents, stroking it with her fingers, and said with a smile.

She never expected what Shen Ning would say.

Shen Ning pursed his lower lip again, and said calmly: "Dad, Mom, I'm going to go through divorce procedures with Zhen Ting, it's not appropriate for us to stay together."

With a bang, the succulent in Li Wanqing's hand fell to the ground, smashing into pieces.

Li Jinyao also put on his glasses and looked at her in confusion.

"Ningning, what are you talking about?" Li Wanqing asked with a dark face.

"Mom." Shen Ning walked over, took her arm with both hands, and said shamefully, "I'm sorry, I didn't take good care of Zhenting, I don't deserve to be your Li family's daughter-in-law."

She drooped her eyes, and tears flowed silently.

"Did Zhenting agree to this matter?" After a while, she murmured.

"I haven't told him yet, but he will definitely agree." Shen Ning thought to himself, since his Bai Yueguang is back, he will not only agree but also be pleasantly surprised.

"Ning Ning, marriage is no joke, don't be willful, no man can stand this kind of willfulness." Li Jinyao said in a heavy tone.

"I know, Dad, Mom, you should know that I never make arbitrary decisions."

Li Wanqing and Li Jinyao looked at each other, and both realized the seriousness of the problem.

If it was Li Zhenting who said these words to them now, then they wouldn't think it was serious, but they knew Shen Ning's character well, and they wouldn't speak easily without making a decision.

"Ning Ning, how about this, you wait, we'll get Zhen Ting back right away, we have to ask about these things in person." Li Wanqing was very excited, and frantically went to get the phone, but her fingers were trembling slightly.

Seeing the sad appearance of the two old people, Shen Ning really felt guilty.

In Li's family, these two old people have nothing to say to her. As a daughter-in-law, having such parents-in-law is a blessing she cultivated in her previous life, and she is really content.

"Zhenting, come back immediately, your father and I have something to ask you." Li Wanqing called Li Zhenting, and used an imperative tone.

"Mom, do you have anything to do? I'm busy." Li Zhenting had just rescued Xiaofeng before returning to the office to sit down and received a call from his mother, with such a commanding tone, he was a little impatient.

There are so many things to do every day, but my mother, who was not very meddlesome before, is now too busy.

"No matter how busy you are, I have to come back with me right away. Your dad and I are sitting at home waiting for you."

Li Wanqing hung up the phone without any explanation.

After hanging up the phone, the living room was quiet.

Everyone is preoccupied, and the atmosphere is very awkward.

Shen Ning thought that this day would come sooner or later, and it would be a good thing for Li Zhenting to come back and make it clear. Emotional matters cannot be delayed, and the more things are delayed, the more things will happen.

But said that when Li Zhenting hurried home, he saw Shen Ning standing in the living room at the first sight when he entered the door. He seemed to understand what was going on in his heart, and his eyes turned cold.

This woman probably complained in front of her parents again because of Xiaofeng's matter. She has really changed. She has always been obsessed with small things, embarrassing him everywhere, and making him exhausted. I really don't know what is wrong with the woman It will be so small.

"Zhenting, it's good that you come back, let's go, let's go to the study." Li Jinyao walked towards the study with a dark face.

Li Wanqing glared at her son and walked in after him.

Shen Ning was about to walk in, when Li Zhenting grabbed her hand and asked in a low voice, "Shen Ning, what are you going to do? I'm busy, you know?"

"I know, I won't bother you after I'm done this time." Shen Ning shook off his hand in disgust, and said coldly.

Chapter 787 Do you think I'm just making trouble?

Li Zhenting's heart sank suddenly, and his eyelids jumped quickly.

"Zhen Ting, let's go through the divorce procedures, I have already told my parents." Sure enough, as soon as he stood still, Shen Ning spoke calmly and simply.

"No." Li Zhenting's chest felt as if he had been hardened by an iron hammer, and he blurted out immediately, "Marriage is not a joke. If you get married, you can get divorced. I firmly disagree."

Shen Ning's eyes were cold: "Zhen Ting, it is precisely because marriage is not a child's play that we have to be cautious. We should all find our own true love. Life is too short to bear the toss. I admit that our remarriage is too difficult." I'm in a hurry, maybe it will be different if it's a day later, but it's okay, the time for divorce is very short and simple, and it won't delay you or anything."

Li Zhenting stared at Shen Ning with burning and distressed eyes, and wanted to say something, when suddenly there was a severe pain in his head.

Seeing her son's uncomfortable appearance, Li Wanqing understood in her heart, took Shen Ning's hand and said, "Ning Ning, listen to Mom's advice, let's wait a little longer, don't rush to divorce, if you have any dissatisfaction with Zhen Ting, tell mom, mom let him change, okay?"

"Yes, Ning Ning, you and Zhen Ting already have three children, think carefully and don't be too impulsive." Li Jinyao also persuaded him gently.

Shen Ning's heart was in a mess.

"Ning Ning." At this time, Li Zhenting came over and grabbed her hand and begged, "I beg you, please give me some time, I will definitely arrange everything, and I will do my best for the rest of my life Do your best to make you and your children happy."

He spoke extremely humble and affectionate.

Shen Ning pushed his hand away, bowed his head and remained silent.

"Li Zhenting, isn't Xiaofeng the white moonlight in your heart? Why are you always unwilling to divorce? I have repeatedly given you opportunities." After a while, they walked out of the study, and Shen Ning followed behind Li Zhenting to question.

"Ningning, I've said it before. I love you now. I only repay Xiaofeng's favor and help her for the sake of past love. I have no other intentions. I beg you not to make trouble anymore. There are really a lot of things, and I am so upset." Li Zhenting's handsome face was haggard, and his black pupils were bloodshot.

Shen Ning was very annoyed: "Do you think I'm just making trouble?"

"Hey." After Li Zhenting suddenly sighed heavily, he strode outside.

Shen Ning looked at the man's tall and straight back with an inexplicable and messy feeling, and felt depressed. The child in her stomach has been almost three months old, and she will soon appear pregnant. This must speed up the divorce. Ah!

Her eyes turned cold, and she walked outside.

In the back garden, Xiaofeng took out her mobile phone and quickly dialed Xiaofeng's number.

"What's up?"

"Miss Shen, I have good news for you. Shen Ning has already filed for divorce with the young master today, and even raised it with his wife and Chairman Shen."

"Really?" Xiaofeng sat up from the hospital bed, his eyes were full of light.

"certainly."

"Did Zhen Ting agree? What about Mrs. Shen and Director Shen? Do they agree?"

"I don't know the specific situation. They all went to the study to talk, and I couldn't hear it. However, the young master came out very quickly with an angry face. Mrs. Shen and Dong Shen also had dark faces. It seems that this time, Shen Ning has already angered the young master, no matter what, it's a good thing."

"Okay, well done, I changed your mother's imported medicine yesterday, don't worry, your mother's illness will be fine."

"Thank you, Miss Shen."

...

Shen Ning was in a depressed mood. After walking around the kitchen, he walked towards the back garden. As soon as he walked out, he saw a figure standing under the corner of the wall over there. where?

She walked towards her.

#### Chapter 788 Bad feeling

"Xiaofeng, what are you doing here?" Shen Ning approached and saw that it was Xiaofeng, and asked immediately.

Xiaofeng had just finished making the phone call before she had time to put the phone away. She was startled when she heard the voice. When she turned around, she saw Shen Ning standing behind her. panic.

"No, nothing, just called my mother." She stammered.

"Isn't it okay to call in the room? It's cold to come here." Shen Ning said with concern.

The little girl just came from the countryside and is not used to living in the city. She is timid and frightened in everything she does. She feels sorry for her.

"Okay, I won't do it next time." Xiaofeng lowered her head, not daring to look into her eyes.

Seeing her frightened expression, Shen Ning thought that she must be hiding here to make a phone call because of something at home, so Wen Yan asked: "Is there any difficulty in your family? Is your mother okay? If there is any difficulty, you can tell me or you can tell the housekeeper, we will try our best to help you."

"Okay, thank you young mistress." Her voice was as small as a mosquito, "It's fine now."

"Well, okay, then go back quickly, it's so cold outside." She turned around and left after admonishing, Xiaofeng heaved a sigh of relief, judging from her tone, she probably didn't hear the content of her call, it was so dangerous, was almost spotted by her, and she slipped away immediately.

Shen Ning walks in the wind, the chrysanthemums are yellow, the plum blossoms are white, the north wind is bleak, his heart is desolate, his fingers are stroking his belly, and he is infinitely sad.

In the study, Li Wanqing's face became more and more serious.

There must be a big problem between the son and daughter-in-law. Her sense of smell has always been keen. When she was young, she was also a go-getter in the mall and a strong woman in her career. Only because her husband was in poor health, her son Li Zhenting was strong enough to support the entire family business, she retired to the second line and concentrated on taking care of her husband.

But right now, based on her sixth sense, it's very bad. This feeling happened once more than ten years ago. That time, the Li Group was almost eaten away by a financial storm, and Li Jinyao was hit in that storm. Falling down, the body quickly collapsed.

Now this bad feeling came again, her eyelids twitched, and her heart was panicked.

"Jinyao, I'll go out for a while, remember to take medicine at noon." She told her husband softly and walked outside.

The security room of Teito Department Store.

Li Wanqing stared closely at the surveillance screen.

Her son was running out of the mall with a woman in his arms.

"Stop, bring this picture closer." Li Wanqing pointed at the woman's face and ordered.

Soon, the camera zoomed in, and Li Wanqing put on reading glasses to examine her face carefully. The more she looked, the more serious her face became.

Afterwards, she zoomed in again and again, checked all the shots, took pictures, and then left.

Li Group.

"Is this the chip design plan you made?" In the president's office, Li Zhenting smashed a design plan in front of the design manager, his eyes sharp.

The manager of the design department was so frightened that his head was sweating that he dared not speak.

"As I said, the funding will not be low, but the plan submitted must be improved. It's been a year, and it's been a year, can't we still make a breakthrough?" Li Zhenting tapped his fingers on the desk, with veins on his forehead. If it is exposed, if it is not developed, all the company's high-tech products will lose the market. It can only be a myth that Li's Group wants to rank among the world's advanced.

His patience is gradually worn away.

"Mr. Li, the chip manufacturing process is too complicated, and we still have encountered a bottleneck." The manager of the design department said cautiously.

"Get out." Li Zhenting slammed a pile of books onto the desk, "I'll give you another month, if you can't do it, then disband the design department."

Chapter 789 There are no women outside me at all

The manager of the design department walked out tremblingly. When he got to the door, he saw Li Wanqing standing there. He was taken aback. Li Wanqing had served as the vice president of the Li Group, and some veterans still knew her.

"Hi, ma'am." He greeted politely.

Li Wanqing smiled slightly: "Xiao Fang, you are getting more and more energetic."

"Where, where." Fang Xianyun wiped the sweat from his forehead.

Li Wanqing smiled cordially: "Xiao Fang, you Boss Li has such a temper, and you are quite a good person. You don't need to care about his attitude, just continue to study hard. As long as there is a breakthrough, you will be the great heroes of the Li Group. You are also great contributors to the country, and when the time comes, all the houses and cars will be rewarded to you, and you will be considered as serving the country."

Fang Xianyun nodded solemnly: "Madam, don't worry, we will definitely do a good job. This is the mission of our generation. At present, chip production is controlled by others. As \*\*\*\* Chinese, we all want to succeed as soon as possible."

"Well, I trust you." Li Wanqing patted his arm, smiling with incomparable trust.

Fang Xianyun left with a heavy heart, the research failed, no one feels good!

In the president's office.

Li Zhenting was sitting on a soft chair drinking tea to calm down, his face was still flushed with anger.

Li Wanqing pushed open the door and walked in.

"Mom, why are you here?" Li Zhenting was taken aback, put down his teacup, and loosened his tie knot. The pure white shirt reflected his handsome features, which was particularly heroic.

Li Wanqing's eyes fell on the thermal clothing under his white shirt, and asked calmly: "Zhen Ting, did you buy the thermal clothing yourself?"

"Oh no, a friend bought it."

"Friend?" Li Wanqing narrowed her eyes, "Then someone else bought your shorts?"

Li Zhenting was taken aback.

"Mom, what do you mean, I'm not a three-year-old kid. Did you come here specifically to ask who bought my underwear and shorts?"

Li Wanqing put the bag in her hand on the sofa, sat down beside her, and waved to him: "Zhen Ting, come here, I have something to tell you."

Li Zhenting had no choice but to walk over and sit down on the sofa opposite her.

"Mom, what the \*\*\*\* are you trying to say?"

"Zhen Ting, let me ask you, do you have a woman outside?"

Li Zhenting was taken aback, a little annoyed:

"Mom, this is what Shen Ning told you."

"No, she didn't say anything." Li Wanqing shook her head, "But I know that the thermal clothes and underwear on your body were bought for you by other women."

Li Zhenting's face blushed: "Mom, don't you believe me just like Shen Ning?"

"I really can't believe you, there are pictures and the truth." Li Wanqing sighed, "Zhen Ting, Zhen Ting, you are so shrewd and confused for a while, doing so hurts Shen Ning's heart so much, no wonder she wants to divorce you gone."

"Mom, you women are all making trouble for no reason. There are no women outside me at all."

"Then let's see, how do you explain this?"

Li Wanqing put in front of him the footage captured by the surveillance at the Imperial City Mall.

After seeing it, Li Zhenting said angrily: "Mom, you still secretly investigate me, is it necessary?"

"It's very necessary. You kid is eating what's in the bowl and looking at what's in the pot. A Shen Ning can't satisfy you, and you still find a woman similar to her to raise outside. What do you want to do? If you don't like Shen Ning Ning, why are you still remarrying her? Where will this put her? No wonder she's been sluggish like she's sick these days, it's all because of you, a scumbag." The more Li Wanqing spoke, the more angry she became, wishing she could go Before slapping his son.

Chapter 790 You are such a jerk.

"Mom, where are you thinking, it's not what you think at all." Li Zhenting was very helpless, "Let me tell you, that woman is none other than Xiaofeng."

"Xiaofeng?" Li Wanqing's eyes widened in shock, "Isn't she already dead?"

"Not dead. I thought she was dead at first. It wasn't until she called me on the day I remarried Shen Ning that I realized that she hadn't died at all these years. She just had a serious leukemia. In order not to disturb me, she never came to see me, but now I came to see her because she had few days to live and wanted to see me for the last time. I didn't know she was seriously ill until the car accident happened that day, so I left her in the hospital to treat her. It's just that." Li Zhenting recounted in detail how Xiaofeng appeared these days, and finally asked:

"Mom, help me persuade Shen Ning, and persuade her to understand me during this period of time. I love her and will never do anything wrong to her. It's just that Xiaofeng is really pitiful. I want to cure her. Sick, I want her to live a few more days and see the sun for a few more days. We are not cold-blooded animals. She often vomits blood now. It's too miserable. I just want to help her. If she hadn't saved me before, I would have been gone for a long time. I've been blind for a long time, I just want to repay her kindness."

Li Wanqing never dreamed that the legendary Xiaofeng would not die, but returned to her son.

It's no wonder that his son is bewildered by her. You must know that Xiaofeng has always been the woman he has been thinking about, and she is his biggest weakness.

"According to you, Xiaofeng is very noble and pure?"

"At least she's not a bad woman, she's really pathetic."

"Then let me ask you, how did Xiaofeng fall down in the mall? What is wrong with her buying you, why does she have to buy you underwear? And to show off in front of Shen Ning?" Li Wanqing asked after a long time.

"Mom, I know you like Shen Ning, but there is no need to belittle Xiaofeng for Shen Ning. Xiaofeng will fall down in the mall, and it is pushed down by Shen Ning. Shen Ning has always known about Xiaofeng's existence. She doesn't like her..."

"Nonsense." Li Wanqing slapped the coffee table, "Take a good look at the monitor, it's obviously Xiaofeng who fell down by himself, but you blame Shen Ning, no wonder Shen Ning doesn't understand you, you have to understand You jerk, if other women encountered this kind of situation, they would have fallen out with you long ago, and you still don't know what is good or bad, and you have no conscience."

Li Wanqing sent the recorded video to Li Zhenting.

Li Zhenting was puzzled.

"Mom, did you read it wrong? The surveillance video Xiaofeng showed me was Shen Ning pushing her down with his own hands."

"Hmph, it seems that you don't even believe me now. I'm the manager of the shopping mall I'm looking for, and I found it in the monitoring room of the security room. Could it be that they have fakes there?" Li Wanqing was very angry, "Zhen Ting, you now How did it become like this? There is no distinction between right and wrong, black and white are reversed, you can imagine how much Shen Ning has been wronged by following you during this time, you are such a bastard."

Li Zhenting sat blankly, and suddenly put his head in his hands, and his head ached violently.

"Zhen Ting, what's wrong with you?" Li Wanqing panicked seeing her son's expression was not right, and hurriedly asked.

"It's okay." After a while, Li Zhenting shook his head.

"Son, you and Shen Ning finally reunited, and you have three lovely children. She didn't dislike you for letting Shen Mei give birth to Lan Lan. Now you still have women outside. Who are you doing right? Does your conscience hurt?"
