

## Troublemakers 791

Chapter 791 I don't need you at all

"Mom, Xiaofeng and I really have nothing. The thermal clothing on me was bought by her, but when I sent her to the hospital for emergency treatment, she was completely soaked, and it was cold, so I had to put it on temporarily. Just came back, there are so many things, I think I will change it later. As for the underwear, I don't want it at all, but I am always wrong, don't worry, I will give Shen Ning the blame." Li Zhenting's mind was in a state of confusion. After waking up, he hurriedly said, with guilt all over his face.

"Then, come home early today to have dinner, apologize to Shen Ning, and explain clearly." Li Wanqing gave him a hard look, left after saying a word.

Li Zhenting pinched the bridge of his nose with \*\*\*\* and fell on the back of the sofa.

After going out, Li Wanqing stood in front of the building and thought for a while, ordering the car to drive directly to Li's old house.

In the afternoon, the north wind was blowing and there were snowflakes in the gloomy sky. Shen Ning drove to the kindergarten to pick up the children.

After a while, the car stopped at the gate of the kindergarten.

Because it was snowing, the children were waiting in the classroom for their parents to pick them up.

Shen Ning took the umbrella and opened the car door. As soon as she opened it, a gust of cold wind blew in. She shrank her neck from the cold, and hurriedly opened the umbrella, but the umbrella was blown to one side by the north wind.

She was about to pull the umbrella, when suddenly, a big white hand reached out and grabbed the handle of her umbrella, holding the umbrella firmly on top of her head.

The hands are soft and clear, and they are very beautiful. The tens of millions of Peter watches are shining even in the dark and snowy day, and there is a familiar breath between the nostrils.

Her heart beat, she raised her eyes slightly, and Li Zhenting's handsome facial features and affectionate eyes appeared in front of her eyes, so close that the hot breath he exhaled could hit her face, very warm.

"Ning Ning, you should call me to pick up the child when it's snowing." He said softly, and with one hand, he pinned the wind-blown hair on her forehead behind her ears, his eyes were full of affection.

Originally, the cold wind was blowing from all directions, but at this moment, it seemed that it was completely blocked by the man. There was only a small square in the world to accommodate her and him, and she was protected by him inside.

She said blankly: "I have picked up the children on countless snowy days, and I don't need you at all." After speaking, she walked towards the kindergarten with an umbrella.

Li Zhenting's eyes dimmed, and he put the big umbrella in his hand on top of her head, still protecting her and walking in.

Shen Ning never looked at him from the beginning to the end.

"Daddy, Mommy." When they walked into the classroom, the four little guys were sitting in a row, all looking outside with \*\*\*\* eyes open. When they saw them, they immediately boiled up and rushed towards them Come.

Shen Ning felt warm in his heart, and bent down to kiss them one by one with a smile.

Li Zhenting was the first to bend down and hugged Xiao Xiao, kissed her on the cheek, showing a happy and doting smile.

"Daddy, I want to hug too." Seeing that Li Zhenting only hugged Xiao Xiao, Lan Lan was so jealous that she hurriedly opened her small arms towards him, and looked at him eagerly.

"Xiaoxiao, come, Mommy hugs." Shen Ning immediately opened his arms towards Xiaoxiao.

"Okay." Xiaoxiao returned to Mummy's arms.

Li Zhenting could only bend down and hug Lan Lan.

"Ke Ke, Ding Ding, you are men now, you can walk and hold an umbrella by yourself, you should pay attention to safety, you know?" Shen Ning told Ke Ke and Ding Ding.

"Well, we are little men, not afraid of snow." Ke Ke and Xiao Xiao each held their delicate umbrellas and walked towards the snow with their heads held high.

Shen Ning was so adorable by their little man, the corners of his lips curled up slightly, and followed behind them with Xiao Xiao in his arms.

Because she was pregnant, she walked more slowly.

"Mommy, I'd better come down and go." Xiaoxiao saw that Mommy was working hard and struggled to get down.

"Ning Ning, let me hold Xiaoxiao, you hold an umbrella." Li Zhenting wanted to hold one in one hand.

"No need, Daddy, I can go by myself." Xiao Xiao has already crawled out of Shen Ning's arms, and walked away.

Shen Ning rubbed her little head with a smile, and took her hand. The mother and daughter walked in the snow.

The little guys were very happy, chirping and laughing, and stretched out their chubby hands out of the umbrella to catch snowflakes while walking.

Li Zhenting walked at the end with Lan Lan in his arms, watching Shen Ning talking and laughing with the three children, his eyes were a little moist, and his heart was full of warmth and emotion.

Chapter 792 I must thank you

Didu People's Hospital.

Li Wanqing pushed Xiaofeng away from the ward.

After arriving from Li's Group to Li's old house and having a short conversation with the old man, she quickly rushed to the Imperial People's Hospital. She has always acted vigorously and without delay.

After the character Xiaofeng appeared, she thought that the sooner the better, the better, so that the relationship between her son and daughter-in-law could be stable.

A family can thrive only if it is emotionally stable.

Xiaofeng was half lying on the hospital bed, playing with her phone, when Li Wanqing walked in, she was shocked.

"Who are you?" She quickly sat up and looked Li Wanqing up and down.

This is definitely an elegant woman. Although she is over fifty years old, she has the demeanor of a rich and noble lady all over her body. Her gestures are noble and self-cultivated, and the gleam in her eyes from time to time gives her a sense of awe and oppression.

Li Wanqing approached slowly, sat down on the chair in front of her, put the handbag on her arm on her lap, and looked at her with a smile: "Your name is Xiaofeng, right?"

"Yes, I am."

"Xiaofeng, I am Li Zhenting's biological mother, Li Wanqing."

"Ah, so it's Auntie who came." Xiaofeng's face paled, he didn't expect Li Zhenting's mother to come to the ward to look for her so soon, he didn't know what she meant, and looked at her flustered and restrained.

Li Wanqing smiled slightly and spoke softly:

"Xiaofeng, don't be afraid. I'm here to see you. Zhenting has already told me about your illness. I came here because I was worried about you. Moreover, I heard from Zhenting that you saved him ten years ago. , saved his eyes, I thank you very much, you don't have to be restrained, since you are my son's friend, that is my friend, we can talk easily."

Seeing her friendly and easy-going attitude, Xiaofeng gradually calmed down her anxiety.

It's just that when she finally said 'my son's friend', I couldn't help but feel lost and gloomy.

Obviously, Li Wanqing only defines her as her son's friend, but she doesn't want to be just Li Zhenting's friend, she wants more.

"Auntie, I am really flattered that you can come to see me in person, thank you so much." Xiaofeng smiled coquettishly and softly, lowered her head, coquettishly shy, "However, you don't have to feel that there is any burden on your heart , although I have saved Zhen Ting before, but it should be. In that case, any person with justice and conscience will save him. As for the elders, I should see you."

"Xiaofeng, you are really a good and considerate boy. No wonder Zhenting must heal your illness and repay your kindness. Not to mention him, even when I heard about your illness, I was very anxious. No, immediately So I hurried over, our Li family is a well-known and prosperous family, and we always repay our kindness, you saved my son, you are the benefactor of our whole family, I must come to thank you."

She stroked the back of Xiaofeng's hand and smiled kindly.

Xiaofeng smiled embarrassedly.

After a while, Li Wanqing opened the exquisite bag on her lap, and took out a check from it.

"Xiaofeng, I heard from Zhenting that your family is not very good and you are alone now. Let me take care of you in the future. I have already inquired about your condition from the doctor. It is indeed serious, but don't worry, we will take care of you. The Li family will definitely do everything to help you treat your illness, you don't have to worry about any expenses, just recuperate with peace of mind and cooperate with the doctor."

After speaking, she gently put the check in Xiaofeng's hand.

Chapter 793 See who can beat who

"Xiaofeng, this is a blank check. You can fill in the number as you like. In the future, our Li family can support you without having to work. I will treat you as my daughter, and then I will find a man I love and marry you." I will also buy you a dowry."

Xiaofeng stared blankly at Li Wanqing: "Auntie, actually, Zhenting and I..."

But before she finished speaking, Li Wanqing immediately rushed to say:

"Zhen Ting is very busy with his career now. He is already married and has children, and he has four lovely children. He has to go to the kindergarten car to pick up and drop off the children every day. Hey, these four little guys are so naughty. Watch it every day. When they arrive at their father's place, they will cling to him and eat and sleep with them. My son is too busy to do so, but those four little guys are often angry and jealous to get his father's favor. It's not worrying Fortunately, my daughter-in-law Shen Ning is very capable and considerate of her husband. She takes good care of the children and manages the family in an orderly manner so that Zhen Ting can go to work with peace of mind. Thanks to her, It's not easy."

When mentioning grandson and Shen Ning, Li Wanqing smiled proudly and kept praising Shen Ning.

The smile on Xiaofeng's face became less and less.

Li Wanqing didn't come here to see her, she was clearly here to send her away, and that Shen Ning, who was really capable, made her mother-in-law praise her so much.

She felt sore in her heart, unwilling to be dismissed like this, she raised her eyes and said, "Auntie, it seems that you really like my sister, but she..."

"Indeed, our Li family and seniors all like Shen Ning. She is a good woman. She is not only beautiful and gentle, but also kind, considerate, and capable. She is really a face to our Li family. She is the only one recognized by our Li family. Daughter-in-law, we have given birth to two sons and one daughter to our Li

family. We all regard her as a treasure in our hands. We are afraid of losing it in our hands, and we are afraid of melting in our mouths. We are afraid that Zhen Ting will bully and wrong her, so we beat him from time to time. In Zhenting, I still love Shen Ning very much. Usually, the two of them love each other, and we are also happy when we see it. You don't know. A while ago, Zhenting made a mess and provoked that woman named Shen Mei into the house, she is not a good woman, she is very vicious, she tried to harm Shen Ning several times, and even turned our Li family upside down. Send her to prison, this is enough for her to spend the rest of her life in prison." Li Wanqing rushed to speak.

She was full of praise for Shen Ning, which established her position in the Li family. It was telling Xiaofeng not to dream of replacing her. In the Li family, Shen Ning was the only daughter-in-law recognized by them!

When it came to her son's love for Shen Ning, she even publicized it, and wanted Xiaofeng to understand that her son loved Shen Ning, so she wouldn't be a mistress.

Finally, she raised her brows, her eyes sparkled, and she told Shen Mei, especially explaining the ending of Shen Mei's troublemaking: that is, she was sent to prison.

This is to wake her up, stop quickly, don't disturb the situation, it will have no good fruit, and their Li family will not sit idly by.

After saying these words, Xiaofeng's face was already as pale as snow.

OK, the effect is achieved.

Li Wanqing smiled secretly, carried her bag and left.

It wasn't until Li Wanqing walked out of the ward for a long time that Xiaofeng recovered from the shock, and punched \*\*\*\* the bed.

"Damn old woman, you want to scare me, but there is no door." She clenched her teeth, her eyes filled with anger, "I don't want you to take care of me, what I want is your son, you want me to leave your son, I don't like it, let's wait and see who can beat who!"

Chapter 794 I apologize to you

Shen Ning took the little ones back to Li's Castle and changed them into clean clothes and shoes. It was cold, so she moved the barbecue stove out and cooked barbecue for the children.

The children were very excited, jumping and jumping at home, full of excitement.

Li Zhenting is also helping out, and the family is very harmonious and lively.

When Li Wanqing came back, she looked at this heart-warming family and smiled slightly, but her eyes were a little moist.

A family should be happy like this.

She believes that after this conversation with Xiaofeng, she should retreat in spite of the difficulties. night.

"Ning Ning, this is for you." Shen Ning was cleaning clothes in the guest room when Li Zhenting walked in, stood still in front of her, and put a set of exquisite thermal underwear in front of her.

Looking at the lace of the exquisite underwear, Shen Ning inexplicably remembered the scene of Xiaofeng buying underwear and \*\*\*\* for him in the Imperial Department Store, and felt nauseous.

"No, I have it myself." She said coldly, continuing to arrange the clothes that had just been dried on the bed.

"Ning Ning, I'm sorry, I misunderstood you. It was Xiaofeng who fell by himself in the shopping mall that day. I misunderstood you. I apologize to you, please forgive me, okay?"

Li Zhenting suddenly picked her up from behind, buried his head in her neck, sniffed her fragrance, and felt guilty, "I have nothing to do with Xiaofeng. I didn't care about the thermal underwear and underwear she bought for me that day." I don't know, because she has no one to rely on in the capital, and it's almost Chinese New Year, so I don't even have a change of clothes, so I took her to the Capital Building to buy them. She has severe leukemia and dare not go out alone, and it will be broken It's troublesome if the bleeding doesn't stop, and she doesn't want a nanny to accompany her, so I can only take her there, I didn't expect Mom to take you shopping, and something like that happened, it seems that Xiaofeng has also turned bad."

"Chi" Shen Ning sneered, and mocked, "Li Zhenting, why bother explaining so much? Wouldn't it be better to marry her as a long-term companion? You call her name in your dream, but say you love me. This kind of behavior of stepping on two boats is disgusting, you know?"

Shen Ning pushed him away fiercely.

"Ningning, I never thought about it this way. You are the mother of my three children, and the only woman in my life who wants to grow old together. Please believe me."

Trust you bastard!

Shen Ning's pink lips curled up slightly, and he sneered.

"Ning Ning, told me in cold blood today that her matching bone marrow has disappeared, and she can undergo a bone marrow transplant next week, but she is relatively weak now and needs to recuperate, so I dare not stimulate her now. If the bone marrow transplantation is successful, I will get out of it unscathed. Of course, if it is not successful, she will only have a month to live at most, so let's do the good thing to the end."

He suddenly picked her up horizontally, sat on the bed, and put her on his lap, staring at her lips with primitive desire in his fiery eyes.

Before Shen Ning could react, the man's hot lips kissed her lips, kissing her lips softly, like kissing a precious jewel.

Shen Ning struggled instinctively, but the man's powerful arms hugged her tightly, and he was powerless to resist, and the pregnant woman was already very weak, and she was the only man he loved deeply in his life. After struggling a few times, I have no strength.

Li Zhenting was ecstatic in his heart, hugging the woman tightly, his heart became more and more excited.

But at this time

Suddenly, someone knocked on the door.

Chapter 795 Come with me

"Who?" Li Zhenting was in the middle of it, so he was reluctant to leave, but the door knocked again and again, and finally he could only kiss Shen Ning's lips greedily, then raised his head.

"Young Master, the Royal Capital Hospital called just now, saying that a lady named Shen has fainted. The doctor said that the condition is critical, and a bone marrow transplant must be performed immediately. Please rush to the hospital immediately to discuss related matters." Xiaofeng's voice It sounded outside, softly but clearly.

Li Zhenting was shocked, as if a basin of cold water poured down on his head, instantly extinguishing all the heat in his body.

He looked down at Shen Ning.

Shen Ning woke up, sat up and looked at her coldly.

"Ning Ning, come with me." Suddenly, Li Zhenting took her hand and walked outside.

No matter what, we have to save her! Return her kindness!

"Master, the phone you put in the study keeps ringing." As soon as the door was opened, Xiaofeng handed over the phone with both hands.

Li Zhenting took it, glanced at it and put it in his pocket. Suddenly, with both hands, he picked up Shen Ning and strode outside.

At this time, if he goes to the hospital alone to take care of Xiaofeng, he is afraid that Shen Ning will have a misunderstanding.

If you took her there, she participated in the whole process, and they never separated, she shouldn't misunderstand.

Shen Ning was held in Li Zhenting's arms until she was put in the car, covered with a blanket, and started the car. She remained silent and did not object.

Li Zhenting kept saying that Xiaofeng was seriously ill and was about to die. She was not a cold-blooded person. If Xiaofeng was kind and simple, and was terminally ill and in trouble, she would be willing to help. After all, she had saved her husband's life before. .

But after going through the scene at the Imperial City Mall, she felt that this woman was very weird all over, and she wanted to see who she was and what kind of tricks she was trying to play.

The words Li Wanqing said sounded in my ears: Ning Ning, you and Zhenting have come all the way, and you have gone through a lot of hard work to get to this point. Right now, Zhenting has not said that he

does not love her, nor has he said that he wants to divorce you. There are three children, even if not for yourself, you have to think about the children, try to give the children a complete family, give them the father's love and mother's love they deserve, and never give up!

She stroked her belly with her fingers, yes, she is pregnant again now, and the children need Daddy's love and company even more.

For the sake of the children, she should make the last effort to save the family, so as to avoid regrets and regrets in the future!

She believes that this time will not be too long!

In the ward of the Imperial Capital Hospital.

When Li Zhenting took Shen Ning's hand and walked in, the doctors and nurses had already arrived, and the atmosphere was very dignified.

"Mr. Li, Ms. Shen vomited a mouthful of blood, and her life is critical now." The nurse saw Li Zhenting and immediately told her the situation.

Li Zhenting's face was serious.

Shen Ning sniffed her nose, and the \*\*\*\* smell in the air hit her nasal cavity, causing her to feel nauseous.

"President Li, the patient's vital signs are now in danger, and a bone marrow transplant must be performed urgently." The chief doctor suggested to Li Zhenting.

Li Zhenting took Shen Ning's hand and came to the hospital bed.

Xiaofeng was lying on the hospital bed, his thin body was as weak as a feather, his face was pale, his lips were bloodless, so weak and tender that it hurt people's heart.

Shen Ning looked at Xiaofeng's face that resembled his own facial features, and his heart was extremely complicated.

"They look similar, are they twin sisters?" A nurse looked at Shen Ning, and then at Xiaofeng lying on the hospital bed, she was very surprised, but when she saw Li Zhenting tightly holding Shen Ning's hand At that time, I thought to myself, maybe they are sisters, otherwise, President Li wouldn't be so concerned.

"We are not biological sisters." Shen Ning said lightly.

Li Zhenting's cold eyes glanced at the meddling nurse, who couldn't help shivering, and didn't dare to say anything.

The relationship between wealthy families is complicated, and the love life of rich men is even more colorful. They are all familiar with it.

Chapter 796 I'm really useless

"Director Fang, what is the survival rate if you want to undergo bone marrow transplantation?" Li Zhenting looked at Director Fang with a low voice.

"President Li, if no surgery is performed, the patient's chance of survival is very small. The risk of surgery is the same, but the first chance is only a matter of a few days sooner or later. You can weigh it. The survival rate is really not easy to say. Director Fang replied softly after bringing Li Zhenting and Shen Ning to the corridor.

Li Zhenting thought for a while and looked at Shen Ning: "Ning Ning, what do you think?"

"You can decide for yourself. Of course, my opinion is to go to the operation with a chance of survival."

"Well, it's the same as I thought." Li Zhenting nodded, "Okay, then let's do it, and prepare for the operation as soon as possible."

"Okay, then please inform the person who donated the bone marrow to come tomorrow. We will immediately start preparations for various operations, and strive to perform the bone marrow transplant within two days." Director Fang nodded, and left after explaining some words.

The nurses left one after another after being busy for a while.

Tranquility returned to the ward.

Li Zhenting took Shen Ning's hand and walked to the hospital bed. After standing for a long time, Shen Ning felt a little weak in his waist and knees, and unconsciously leaned on Li Zhenting's arm.

"Ning Ning, sit down first." Li Zhenting sensed it immediately, and put his arms around her waist thoughtfully to let her sit down on the chair, still holding her hand tightly.

"Thank you." Shen Ning thanked softly.

Li Zhenting looked back at her and gave her a doting look.

"Zhenting, Zhenting." At this time, Xiaofeng lying on the hospital bed suddenly opened his eyes, and weakly called Li Zhenting's name.

Shen Ning looked at her.

The thin woman on the hospital bed, with exquisite facial features, against the backdrop of the white sheets, is particularly charming and beautiful, looking at Li Zhenting with watery eyes, and stretching out her thin and beautiful little hands to him.

"Xiaofeng, you're awake, are you feeling better?" But Li Zhenting just bent down to look at her, and asked with concern, without shaking her hand.

"Zhen Ting, I'm sorry, I've disturbed you again, I'm really sorry." Xiaofeng said weakly, tears streaming down his face, guilt and sadness were all over his face.

"It's okay, the bone marrow transplant can be performed tomorrow or the day after tomorrow, you will get better soon, you have to be strong." Li Zhenting comforted her, "If you have any discomfort in the past two days, tell the nanny immediately, You have to love your body."

Xiaofeng's fingers exposed outside did not hold Li Zhenting's warm palm, and he was very disappointed. His eyes suddenly slid to Shen Ning, as if he just saw her, very excited, struggling to get up again.

"Sister, sister, yes, I'm sorry, I'm bothering you and Zhenting again, I'm really sorry, but I didn't mean it, I was sick, and when I was in pain, I only thought of Zhenting and our past, I know this is for you It's not fair, but I can't help it, I hope you don't get angry, don't blame Zhen Ting, please forgive him." She struggled to say so many words in one breath, and then struggled to get up and kneel down to Shen Ning, begging her Forgive Li Zhenting.

"Xiaofeng, don't do this, Ningning won't care, you see she has come to see you with me." Li Zhenting held Shen Ning's hand tightly with one hand, and pressed Xiaofeng's arm with the other , and pressed her to lie down, "Lie down and have a good rest, the most important thing is to take good care of your body."

"Zhenting." Xiaofeng's fingers suddenly grasped the hand that was holding her arm tightly, and put it on his face, crying uncontrollably, "I'm really useless, I always make you worry , unlike my sister, who is healthy and can help you take care of the family, I am really incompetent."

Chapter 797 I'm afraid I won't be able to wake up once you leave

The woman shrugged her shoulders from crying, very sad.

Li Zhenting was embarrassed and wanted to withdraw his hand, but Xiaofeng held his hand tightly, as if he was afraid that he would fly away.

Shen Ning looked at this woman named Xiaofeng calmly, feeling cold in his heart.

Even if such a woman is about to die, it is difficult for her to sympathize.

Knowing that Li Zhenting is her husband, but pulling her husband to cry in front of her, expressing his missing, he looks weak and helpless, but he clings to other people's man tightly like a dodder, I don't know why What a twisted heart.

She felt more and more disgusted, and wanted to shake off the hand held by Li Zhenting and walk away.

But Li Zhenting held her hand even harder, withdrew the hand that was tightly held by Xiaofeng, looked back at Shen Ning with deep apology, and meant to say, she is very sick and is about to die, so you don't want to be with her. She cares about it.

Shen Ning swallowed heavily, and suppressed the foul breath in his heart.

"Zhenting, I really want to go back to the past." Xiaofeng closed his eyes slightly, and murmured, "The past is so beautiful."

Li Zhenting looked at her: "Xiaofeng, take a good rest, Shen Ning and I are leaving, and I will come to see you on the day of the operation to cheer you up."

After finishing speaking, he bent down and put his arms around Shen Ning's waist and stood up, and said softly: "Ning Ning, it's getting late, let's go back."

"Okay." Shen Ning was eager to get out of here quickly, and immediately agreed.

The two walked out holding hands.

"Ah, it hurts." Suddenly, Xiaofeng's cry of pain came from behind.

The two of them turned around quickly.

I saw Xiaofeng clutching the clothes on her chest tightly with both hands, panting heavily, and blood flowed from the corners of her lips.

"Xiaofeng, what's wrong with you?" Li Zhenting quickly let go of Shen Ning and ran towards her, shouting anxiously.

"Zhen Ting, I feel so uncomfortable." Xiaofeng exhaled, looking at him softly, tears crawling all over his face.

"I'm going to call the doctor."

Li Zhenting turned around and left.

"Zhen Ting, don't leave me, I'm afraid I won't be able to wake up if you leave." Xiaofeng quickly grabbed his hand and begged, "Please stay with me for a while, I'm afraid of the dark, I'm afraid Fall asleep and never wake up again."

She cried pitifully and helplessly.

Shen Ning walked over slowly and looked at her.

She held Li Zhenting's hand tightly, with tears all over her face, the li flowers were raining, and had a special desolate beauty, like a sick poppy flower, emitting deadly poison.

Shen Ning's heart twitched severely.

Li Zhenting turned his head and looked at her in embarrassment.

Shen Ning was expressionless and did not speak.

"Xiaofeng, I have to go back. You should have a good rest." After a while, Li Zhenting withdrew his hand and called the doctor over. After checking her body again to make sure there was nothing serious, he took Shen Ning's hand. The hand is about to leave again.

"Ah." But when they were about to walk out of the ward door again, there was another scream from behind.

They had to turn around.

After Xiaofeng vomited blood, he fainted on the hospital bed.

This time, Li Zhenting really panicked, and hurriedly ran over and bent down to shout at her: "Xiaofeng, Xiaofeng, wake up."

But Xiaofeng closed his eyes tightly, and blood kept flowing out of his mouth.

"Zhen Ting, go and call the chief doctor." This time, even Shen Ning was a little terrified.

"Okay, I'll go right away, you stay here and watch her." Li Zhenting turned and ran out, but the doctor just left and went to another ward, and Li Zhenting had to follow the past to search.

Shen Ning bent down and looked at Xiaofeng carefully, the bright red blood had already stained her lips and the sheets red, a person who bleeds so much, if it was really internal bleeding, he would really not live long.

While she was looking at her worriedly, suddenly, the fainted Xiaofeng opened his eyes and looked straight at her.

Those eyes were full of hostility, provocative, and even triumphant.

She was taken aback.

Chapter 798 is exactly what she guessed

"Shen Ning, give up, Zhenting is mine, he has always loved me deeply, you are just my shadow, why bother?" Xiaofeng looked at Shen Ning for a while and suddenly said, with a cold tone.

Shen Ning was completely stunned as if seeing a living dead.

By the way, didn't she vomit blood and faint? How could she still be able to talk? Moreover, she didn't look like someone who was ill.

While she was in a daze, Li Zhenting had already rushed over with the doctor.

"Hurry up and get checked." The doctor immediately ordered the nurse who followed after seeing the blood on Xiaofeng's chin.

The nurse quickly got busy.

Li Zhenting was anxious, afraid that Xiaofeng would not survive the night.

But Shen Ning just stood there, looking thoughtful.

Fortunately, about an hour later, Xiaofeng was pushed back again.

The nurse brought good news this time: Xiaofeng's vital signs are stable and there is nothing serious!

Li Zhenting breathed a sigh of relief.

An unpredictable smile appeared on Shen Ning's lips, which was exactly as she had guessed.

How could she die so easily! No, she must not die.

"Zhen Ting, sister, I'm sorry, I disturbed you again." Xiao Feng lay on the hospital bed and apologized guiltily, Xiao Bai looked at them timidly with eyes that seemed to be immune.

"It's okay, you are very sick, I should come to see you with Zhenting." This time, before Li Zhenting could speak, Shen Ning suddenly took the initiative to take Li Zhenting's arm, and spoke softly and considerately.

After finishing speaking, she looked at Li Zhenting, smiled and asked gently: "I'm right, Zhenting."

Li Zhenting was taken aback for a long time. This was the first time she took the initiative to hold his arm and asked him for a question. She nodded immediately and replied softly: "Yes, what Ning Ning said is quite right. ."

"So, Xiaofeng, don't have any worries. You saved my husband's life. I should thank you very much. Just take care of your illness. I will personally ask about your condition in the future and take good care of you. Can you Don't worry about expenses, even if I don't eat, I will save money to treat your illness, our Li family is a well-known and prosperous family, and we will never treat our savior badly." Shen Ning said affectionately, Leaning his head on Li Zhenting's shoulder, he looked happy.

After finishing speaking, she looked up at Li Zhenting and asked softly, "Zhenting, am I right?"

"Yes, you are absolutely right." Li Zhenting scratched her hair, with a pampering and gentle face: "My Ning Ning is kind and sensible, and she is worthy of being the woman I love."

"Thank you for your understanding, husband." Shen Ning's eyes were bright, his face was flushed, and he said shyly, "Husband, you are too kind to me. I will cook some delicious dishes for you tomorrow."

"Well, good." Li Zhenting smiled brightly, and stretched out his hand to embrace Shen Ning into his arms.

Shen Ning leaned against Li Zhenting's strong chest, the smile on his face became brighter and more coquettish, but his eyes kept falling on Xiaofeng's face.

Xiaofeng's face became darker and darker, the light in his eyes became darker and darker, and his lips were trembling.

"Xiaofeng, it's getting late, you should have a good rest, and we'll come see you tomorrow, okay?" Shen Ning asked calmly, with the corners of his lips twitching.

"Thank you, sister. You are so gentle and kind. No wonder Zhenting loves you. With you by Zhenting's side, I will feel at ease even if I die." Xiaofeng smiled obediently and docilely answer.

"Okay, Zhenting, let's go." Shen Ning raised her face in Li Zhenting's arms and asked softly.

Li Zhenting's mind was shaken, and he nodded immediately: "Okay, let's go home."

He looked at Xiaofeng: "Xiaofeng, you should have a good rest, Shen Ning and I will go first."

"Okay, you guys go slowly." Xiaofeng's fingertips hidden under the quilt pierced into his palm, and he clenched his teeth, but there was still a cute and gentle smile on his face.

"Yes." Li Zhenting nodded in satisfaction, and walked out with his arms around Shen Ning's waist.

This time, they went out smoothly.

Chapter 799 You are the cutest when you act like a baby

Hmph, who doesn't know how to seduce a man? The key depends on character, not everyone wants to be a mistress!

This woman is dying and still remembering her man! It's abominable!

Shen Ning's eyes were cold, and not long after he walked out of the ward, he shook off Li Zhenting's arm and moved away from him.

"What? Just finished using me, and you want to leave?" Li Zhenting grabbed her arm dissatisfied.

Shen Ning's face was a little red. It turned out that this guy had already seen that she was acting, but he could see that she was acting so why couldn't she see through Xiaofeng's tricks.

"Don't be complacent, otherwise, we will never be able to get out of that ward tonight." She sneered.

Li Zhenting sighed when he heard the words: "Hey, Ning Ning, she is so sick, sometimes she plays tricks, and I can only pretend not to see them, otherwise, what can I do, blaming her will only aggravate her condition, I hope this bone marrow transplant can be successful, so I can send her away as soon as possible."

"Do you really think she's that sick?"

"Of course, can this be fake? In such a large hospital, many doctors and professors have consulted."

"After she recovers, will you be able to send her away?"

"Of course I can, I've made it clear to her, but she's seriously ill now, and I can't bear to do that."

Shen Ning was silent.

This woman is not simple, I'm afraid it's not as easy as he thought!

Seeing her pretty appearance with puffed cheeks, Li Zhenting pampered her little face.

Women are a little cautious. The woman who had been indifferent to him all this time suddenly became warm to him and acted like a baby with him, and it was in front of another woman. How could he not see it.

But he clearly knew Shen Ning's intentions, and he didn't kill her. Although he knew that doing so would be detrimental to Xiaofeng's condition and would irritate her, but during this period of time, Shen Ning had suffered too much because of Xiaofeng. Wronged, he is willing to cooperate with her, as long as it can make her feel at ease.

Besides, he didn't want Xiaofeng's dependence on him to deepen and cause more misunderstandings. If Shen Ning could make Xiaofeng give up, that would be the best.

"Li Zhenting, she is seriously ill, so can she frame and slander me at will?" Shen Ning's eyes were filled with anger.

When Li Zhenting heard it, he knew that she was talking about what happened in the Imperial Capital Mall the day before yesterday.

"Ningning, we don't need to argue with a seriously ill person. I blamed me that day. I just blamed me for not distinguishing right from wrong and wronging my baby." He put his hand on her waist, and forced her into his arms, gently He said softly, "Don't be angry, I apologize to you, I'm sorry."

Shen Ning frowned, looking brooding.

Li Zhenting looked at her face, his eyes were affectionate and gentle:

"Ning Ning, smile, you look so pretty when you smile. In fact, you are the cutest when you are acting like a baby, especially when you take the initiative to be gentle with me, which makes my heart move. I hope you can smile more and be more proactive in the future. I'll be very happy." He was immersed in Shen Ning's coquetry and cuteness to him just now, his heart was itchy, he lowered his head and rubbed her face with his lips.

Shen Ning pushed him away:

"You have such a beautiful idea. With your virtue, it's fine if you don't hit you."

Still want to act like a baby to him, just dream!

"Then you can hit me, as long as you're happy." Li Zhenting suddenly took her hand and pretended to hit him in the face. Seeing this, Shen Ning took the opportunity to hit him hard in the face, and Li Zhenting retracted her fist, Her little palm was held in his palm.

He laughed loudly, folded his hands, picked her up and strode towards the parking lot.

Two days later, Shen Ning was making dinner for the children when suddenly, the cell phone on the dining table rang.

She hurriedly handed the dishes in the pot to Sister Yun, and ran to answer the phone.

The call was from Dollar Li.

Her eyes jumped.

Chapter 800 Please stay with me in the end

"Ning Ning, your grandma is seriously ill. She has been calling your name every day these days, and she is very attached to you. Come and see her." As soon as Shen Ning answered the phone, Li Meiyuan was there heavily Said.

Shen Ning's head thumped, his eyes turned black, he staggered, and almost fell down.

"How is her old man?" She choked up and asked.

"Hey, I'm not very optimistic. I eat very little these days." Li Yuanyuan's tone became more serious.

"Okay, I'll be right there."

"By the way, Ningning, bring your three little ones here too. Your grandma wants to meet them, and perhaps this kind of opportunity is running out."

"Okay." Shen Ning's eyelids twitched, and he quickly agreed.

Grandma has been worrying about her and her three children. During this time, there are many things going on. She runs between Gu Qi and the three children every day, and has no time to think about anything else.

Since she came back last time, she has never visited her old man.

She shouldn't be!

"Coco, Ding Ding, little one, come on, go visit your grandma with Mommy." After she put down the phone, she walked towards the living room and instructed the three little ones who were playing.

"Who is the great grandma?" Ding Ding raised his face and blinked his eyes.

Shen Ning felt even more guilty. Ke Ke and Xiao Xiao had met their grandma, but Ding Ding hadn't even seen her. Originally, she planned to take the children to visit her grandma after remarriage, but who knew that she would appear again There was a little wind.

Her eyes were red, and her heart was twisted like a knife: "Ding Ding, grandma is Mommy's closest family. Now she wants to see you. Come on, come and see her with Mommy."

"Okay." The children saw that Mummy's eyes were red, and they knew that the matter was serious, so they all ran over to follow her to see their grandma.

Shen Ning was in a heavy mood, so she hurried upstairs to pack her clothes. This time, she must stay with grandma for a few more days.

"Ning Ning, what's the matter?" Li Wanqing hurriedly asked when she saw Shen Ning taking the children to go out as soon as she came out of the bedroom.

"Mom, my grandma is seriously ill. Her old man wants to see me and the children. I will take them to Shaw Brothers right now." Shen Ning turned around and said with red eyes.

"That's it." Li Wanqing's face changed color, "That's why I should see my elders."

She looked around and shouted: "Zhenting, Zhenting."

"Mom, Zhenting hasn't come home yet."

"It's so late and you haven't come home yet, where did you go?" Li Wanqing's face darkened, "No, I have to let him accompany you to visit your grandma, now it's windy and snowy outside, you are a woman with me It's not good to have three children. Besides, you married into our Li family, and we never visited your grandmother. Now, Zhen Ting is your husband, and he should fulfill his responsibility. Otherwise, what would you want this husband to do! "

After she finished speaking, she took out her mobile phone and called Li Zhenting.

Shen Ning is very grateful to Li Wanqing, but his heart is very heavy.

If the guess is correct, Li Zhenting should be accompanying Xiaofeng in the hospital at this time, and Xiaofeng will have an operation tomorrow.

"Mom, forget it, I'll just take the children." She forced a smile.

But Li Wanqing shook her head at her, signaling her not to speak.

"Zhen Ting, what are you doing?" Li Wanqing asked after the phone was connected.

"Mom, what are you doing?"

"Of course there is something, you come home right now."

"Mom, what's the rush?"

"Big event, Shen Ning's grandmother is seriously ill. Now Shen Ning is taking three children to see her grandmother, so you come back and accompany them." Li Wanqing used an imperative tone.

Li Zhenting was startled when he heard that, is Shen Ning's grandmother seriously ill?

"Okay, I'll be right back." He put down his phone and was about to leave.

"Zhenting, don't leave me." But as soon as he took a step, Xiaofeng reached out from the hospital bed and grabbed the hem of his clothes. I've had surgery, I'm afraid I'll never see you again, please stay with me in the end."

Li Zhenting froze.
