

## Troublemakers 801

### Chapter 801 Sorry, I'm late

Here, Li Wanqing brought a lot of valuable gifts from the warehouse, took out a box of bird's nest, and said to Shen Ning: "Ning Ning, your grandma is coughing badly now, you can steam these bird's nests for her old man to moisten her lungs."

"Thank you, Mom." Shen Ning thanked, and gave the bird's nest and gifts to Butler Luo next to him, and asked him to take them to the car.

Just as Steward Luo turned around, Li Wanqing's cell phone rang again.

"Zhen Ting, what's the matter?" She picked it up and asked.

"Mom, can you send someone to \*\*\*\* Ningning and the child to Shaw Brothers today, and I will go there tomorrow." Li Zhenting asked over there.

Li Wanqing frowned: "What? Are you in a hurry?"

"Yes, I have something to do here, don't worry, I will definitely be there tomorrow."

...

Li Wanqing's face was very dark.

"Mom, Zhen Ting is busy now. I'll take the children away first. It's fine. You don't have to worry." Shen Ning had already guessed that this would be the case. The three little ones hurried away.

"Stupid." Li Wanqing stood in the living room and scolded her son.

Shaw Villa.

As soon as Shen Ning's car stopped in the villa, Li Meiyuan greeted him personally with an umbrella.

"Aunt." Shen Ning jumped out of the car, and housekeeper Luo who accompanied him immediately opened his umbrella and carried the children out one by one.

"Ah, little ones, you are so cute." Li Yuanyuan looked at the cute little ones, with surprise on his face, and patted their heads.

"Quickly call your uncle and grandma."

"Hello, uncle and grandma." The three little guys said in unison, with sweet voices. Li Meiyuan was so happy that he immediately hugged one and kissed. Butler Luo hugged another under his umbrella, and Shen Ning hugged the little one. , they walked inward.

In the bedroom, the silver-haired old man was lying weakly on the hospital bed, his thin face was covered with wrinkles, and his body had shrunk to only a small ball.

"Grandma." Shen Ning ran up to hold grandma's hand, the back of the skinny hand was bone, she was so sad that she cried.

"Mom, Ningning brought the children to see you." Li Meizhen whispered in Jun Meizhen's ear.

Jun Meizhen suddenly opened her cloudy eyes.

"Grandma." Shen Ning wept uncontrollably.

"Ning, Ning Ning." Jun Meizhen's eyes were fixed on her, and suddenly there was a glint of light, and she said tremblingly, "You are finally here."

"Grandma, I'm sorry, I'm late." Shen Ning was extremely ashamed, if only she could see grandma earlier, she put her grandma's hand on her face, tears in her eyes.

"Mom, all Ningning's children have come to see you, let's see your lovely great-grandchildren." At this time, Li Meimei sent the three little ones to the bed.

"Hello, grandma." The three little guys immediately yelled in unison and bowed to her.

"My little ones, okay, you look so good." Jun Meizhen looked at Keke, Ding Ding and Xiaoxiao, carefully watching each one carefully, with tears in her eyes, and she touched them with trembling fingers. Touch their heads.

"Grandma, you can rest easy and recuperate, we love you so much." Xiaoxiao said sweetly, and picked up a tissue from the side to wipe the tears from the corners of the old man's eyes, while Ke Ke and Ding Ding held the hand of their grandma and stroked The old man looked at her wrinkled hands curiously.

Jun Meizhen was excited and happy.

It's just that, after all, he is getting old and seriously ill. After a while, he loses energy and is panting heavily.

Shen Ning immediately asked Butler Luo to take the three little guys out.

"Grandma, please rest well, I will accompany you." Shen Ning covered Jun Meizhen with a quilt, held her old man's hand, and sat beside her, tears streaming down her face.

Jun Meizhen panted, and closed her eyes with difficulty.

Didu People's Hospital.

"Zhenting, may I sing "Moonlight Song" for you?" Li Zhenting was sitting in front of the hospital bed and was about to call Shen Ning to ask how her grandmother was doing. Xiaofeng suddenly pulled his sleeve gently Open your mouth.

Li Zhenting was taken aback.

"Moonlight Song" is Xiaofeng's favorite, and it is also his favorite to listen to. That year, his eyes were covered with thick gauze, and there was darkness in front of him. When he was lying on the hospital bed alone and helpless, it was Xiaofeng who She sang this song.

However, Xiaofeng mostly plays the piano.

At that time, he was negative, gloomy, depressed and irritable. Xiaofeng asked someone to carry the piano her mother bought her into his ward. He cheered up from the negativity, dissipated the darkness in front of him, and saw the light.

"Zhenting, don't you like listening to it?" Xiaofeng looked at him with bright eyes, and said emotionally, "Maybe this is the last time in my life that I will sing to you. How I wish I could play it to you."

Speaking of this, she shed tears.

"No, I like to listen to it." Li Zhenting felt tenderness in his heart. In those years, she spent the darkest time with him, and now, he wants to accompany her through the dark, "The moonlight song sung by Xiaofeng is the world's The best song on the Internet, I like listening to it the most."

"Really?" Xiaofeng's black eyes sparkled.

"Of course it's true, silly girl." Li Zhenting touched her face with his big palm and murmured, "Don't worry, I will accompany you through the darkness."

"Thank you Zhenting." Xiaofeng's cold fingers caught his big hand and held it tightly. Tears flowed down the back of his hand, which was hot. She opened her cherry mouth and sang softly.

The ward is full of beautiful singing voices of women.

Li Zhenting sat upright, accompanied by intoxicating songs, gradually, his eyes became a little blurred, and he stared blankly at her.

"Zhen Ting, how I want to go back to the past, if you didn't leave without saying goodbye that night, then I can be with you forever, I want to be healthy, so I have the courage to stay by your side At some point, Xiaofeng cried and fell into his arms, hugging his waist tightly, tears wet the clothes on his chest.

It was cold and rainy outside the window, Li Zhenting's thoughts all returned to that time, and his expression was in a trance.

"Xiaofeng, it's not that I left without saying goodbye, but that my grandfather took me away, sent me abroad to get my eyes treated, and let me finish my studies abroad. Later, I came back to look for you. I searched everywhere and kept looking for you. , until I met Shen Mei, I thought she was you, but in fact, she is not at all..." The woman was crying in his arms and shaking into a ball, like a chicken, trembling all over, Li Zhenting seemed to see That night, before he entered the operating room, Xiaofeng lay in his arms like this, saying that she was afraid, afraid that his eye surgery would not be successful, and that he would be sad, so she also cried. At that time, he was moved and warm, tight He hugged her tightly and told her that even for her, his eyes must regain their light.

Time is so short. Thinking about it now, it seems like everything was just yesterday.

He raised his hand and stroked her hair.

"Zhenting, I love you." Xiaofeng hugged his waist harder and harder, and fell from the bed into his arms, cuddling him tightly, "Zhenting, if my operation is serious It's hard to die, you want me, I'm willing to give you everything, I don't ask for a name, you can just find me a place to live outside, I just hope that I will never leave you again in this life, I will not be wronged It's acceptable, and I will never compete with my sister to be jealous."

She hugged him and cried loudly.

Ge Di

A cold 'hum' sound came from the door.

Chapter 803 I begged him to take care of me

Li Zhenting was awakened by the cold snort, turned his head, his face changed greatly.

I saw Li Wanqing standing at the door of the ward, her eyes were cold.

"Mom." When he jumped up and was about to stand up, he realized that Xiaofeng was hugging him tightly in his arms, snuggling against him, and his hands were also hugging her. Feng put him on the hospital bed, stood up and looked at Li Wanqing.

"Xiaofeng, I heard that you are going to have an operation tomorrow?" Li Wanqing didn't even look at her son, she just walked towards Xiaofeng and asked with a smile.

Xiaofeng was put on the bed by Li Zhenting and hadn't recovered yet. When he looked up, he saw Li Wanqing walking in. Although he was a little flustered, he was calm, wiping the tears on his face with a tissue with his tender white fingers.

"Yes, ma'am, I'm afraid, I'm afraid I won't wake up tomorrow, so I beg Zhenting to come and stay with me tonight, please don't blame him, I begged him to take care of me, it has nothing to do with him." She raised her beautiful eyes, with tears in her eyes, as if she was afraid that Li Wanqing would blame Li Zhenting.

Li Wanqing nodded: "Well, okay, you stay here first, I have something to say to Zhenting, and I will see you later."

"Okay, thank you ma'am." Xiaofeng's beautiful eyes looked at Li Zhenting affectionately.

Li Wanqing also turned her head to Li Zhenting, and said indifferently: "Zhenting, come out first."

Said and walked outside.

Li Zhenting bowed his head and followed.

"Zhenting, let me ask you, if you stay with Xiaofeng like this, what is Shen Ning?" They walked to the no man's land in the corridor, Li Wanqing immediately asked.

"Mom, I..." Li Zhenting didn't know how to answer for a moment. The days when Xiaofeng took care of him had long been engraved into the depths of his life's memory and merged with his soul. When the song sounded, when Xiaofeng When recalling the past and telling him his heartfelt feelings, he really couldn't control himself not to recall the past and not to be emotional.

He is also a human being, an ordinary man, even a human being can have feelings.

"Zhenting, if Shen Ning sees you cuddling with Xiaofeng like this, what will she think? No wonder she ignored you during this period of time. Your behavior really can't make her feel at ease." Li Wanqing Seeing his son like this, he persuaded earnestly, "We are all adults, we have to face the reality, no matter what we do, we must consider the consequences, and be clear about your responsibilities as a

man. You are not alone anymore. You have a family and children. , what you have to do is love them, not hurt them."

Li Zhenting closed his eyes slightly, looked at Li Wanqing after a while and said seriously:

"Mom, I told you that no matter what happened to me and Xiaofeng in the past, I will have no future with her. I have already told her that as soon as her operation is finished, I will send her out of here and help her heal. Illness is just to repay her kindness, I will never let Shen Ning down."

After finishing speaking, he asked with concern: "Mom, how is Grandma Shen Ning's condition?"

"Bah, you didn't visit her grandma yourself but came to ask me, and I'm not her husband, how would I know?" Li Wanqing asked angrily.

Li Zhenting lowered his head: "Mom, Xiao Feng will have an operation tomorrow morning. If I leave, she will be afraid, sad, and emotional if she stays here alone. This will not be conducive to her operation tomorrow. Although Shen Ning's grandmother I also need to visit, but there is no rush at this moment, I have already weighed which is more important, don't worry, I will go to Shaw Brothers after Xiaofeng's operation tomorrow."

Chapter 804 But I can't answer her

"Then what if Shen Ning's grandmother leaves tonight?" Li Wanqing sneered.

"This...can't be such a coincidence." Li Zhenting was stunned for a while, then stuttered.

"Zhen Ting, who can tell clearly about the things in this world? When will human diseases be told to us in advance, besides, she is so old."

Li Wanqing stared at him,

"I think you are really confused and fake smart. You can't tell the priority at all. Ningning is your wife and the mother of your three children. Today, her most important natal family's grandmother is seriously ill. She still takes care of her. She went there with three children, and as a husband, you are not by her side but here with other women, what on earth is your heart doing?"

That's right, Xiaofeng saved your life, you just need to repay her kindness, and you must come here in person to repay her kindness? Need you to cuddle with her here? Son, don't play cheating here under the pretext of repaying your gratitude, it's wrong, and even more immoral, either you should divorce Shen Ning and marry Xiaofeng, or you should stay away from Xiaofeng, don't bother Hooking up and stepping on two boats is not good for anyone. "

"Mom, please believe me, I really didn't..." Li Wanqing's words stabbed at Li Zhenting with thorns, and suddenly, he held his head in his hands, his face was in pain, his head was being hit by an awl, and the pain was severe, as if it was about to explode.

"Son, what's wrong with you? Are you okay?" Seeing her son's distressed appearance, Li Wanqing's heart softened, and her anger disappeared. After all, this is her own son. Looking at his arm, he asked with concern.

After a while, Li Zhenting shook his head: "Mom, I'm fine."

"It's good that it's okay, so how about it, you go to the Shaw Villa to find Shen Ning and the children, and leave it to me." Seeing her son's face returning to normal, Li Wanqing relieved her heart and gave the order.

"here you are?"

"What? Don't worry about me taking care of her?"

"No, Mom, how can you take care of a little girl in the ward at such an age?" Li Zhenting felt incredible.

"No matter what, she saved my son's life and is my savior. Isn't it normal to take care of her and repay her kindness?" Li Wanqing's face darkened and her attitude was firm.

Li Zhenting couldn't beat her, so he had to leave in the end.

The South Wing Room of Shaw Villa.

"Ning Ning, I dreamed about your mother last night. She kept asking me about Ning Ning, how she was, and how she was doing, but I couldn't answer her." Jun Meizhen was sleeping for a while. After he woke up, he opened his eyes and saw Shen Ning sitting beside him, holding her hand and tremblingly said.

Shen Ning's nose was sore, and tears flowed down.

"Grandma, I'm fine now. I've remarried Li Zhenting, and the children have the love of daddy and mommy. Tell my mother that I'm fine." She said against her will, wiping her face with a tissue with tears.

"Are you and Li Zhenting really remarried?" Jun Meizhen's eyes brightened.

"Yes, absolutely true."

"That's good, that's good." Jun Meizhen murmured, as if relieved.

Some time ago, when she was in better health, she inquired about Shen Ning's concerns from time to time. She heard that Shen Ning's two children turned out to be Li Zhenting's, and they all returned to Li's family. Shen Ning's Gucci perfume company also started. Now, the murderer who killed Shao Meiqi was also found by Shen Ning, and sent them to prison. The bad guys got their due retribution.

All of this is fine, but the only thing that worries her is her granddaughter's lifelong event.

Ke Ke and Xiao Xiao were both raised by her, but they were handed over to the Li family, so what about her, what should she do? How painful and sad she must be. Whenever she thinks of her granddaughter's situation, she will think of her daughter Shao Meiqi's situation at that time, and she will be anxious and sigh in her heart.

Because Shen Ning and Li Zhenting's marriage certificate is secret and has not been disclosed to the public, Jun Meizhen has no way of knowing the real situation. Now she is very happy to hear that Shen Ning said that she and Li Zhenting are remarried.

Chapter 805 I still worry about you

"Ning Ning, you and Zhen Ting already have three children. It's good to remarry. Now that you remarry, you will be a family. In the future, you must handle the relationship between husband and wife well and maintain the relationship between husband and wife. The two of you will stay together hand in hand and take care of the children. Take it well, so I can rest assured that your mother and I are there." She held Shen Ning's hand and spoke word by word, and after she finished speaking, she asked: "Since you are all married, how about you get married?" Call Zhen Ting to come and see my old woman, I have something to say to him."

"..." Shen Ning was dumbfounded and didn't know how to speak for a while.

Li Zhenting must be taking care of Xiaofeng in the hospital now. Xiaofeng will have an operation tomorrow, not to mention that he will not come here even tomorrow.

"What? Does he refuse to look at me, an old woman?"

"No." Shen Ning shook his head hastily, "He is on a business trip for the past few days and is not in the imperial capital. I will tell him and let him come to see you as soon as possible."

"Oh, that's it." Jun Meizhen's eyes darkened, a little disappointed.

Her time is running out, and if she wants to see Li Zhenting, she just wants to tell him to let him treat Shen Ning kindly and treat her better for the sake of her old woman. If it takes a few more days, she should not see it Here we go.

She sighed and clenched Shen Ning's hand.

Shen Ning's heart hurt like a knife but he had no choice but to cry sadly.

Jun Meizhen narrowed her eyes slightly as if falling asleep, Shen Ning hurriedly covered her with the quilt, but after a while she heard her whispering again:

"Ningning, I still don't trust you."

She straightened herself up and said:

"Grandma, please don't worry, the Gucci Perfume Group is now established. No matter what happens in the future, I can rely on it to be self-reliant. You really don't have to worry about me."

But Jun Meizhen just looked out of the dark window and didn't speak. A woman's marriage is not happy, how can she find real happiness.

Shen Ning looked at the depressed grandma, knowing that she didn't believe what she said, she lowered her head in shame, but she was helpless.

She would not take the initiative to call and beg Li Zhenting to visit grandma. Besides, even if she begged him, he would not come. His beloved woman Xiaofeng is seriously ill and will have an operation tomorrow.

She secretly wiped away her tears.

After a while, footsteps sounded outside.

"President Li." Shen Ning soon heard Li Meiyuan's voice. At first, she didn't care because she was dizzy, and thought she heard it wrong, but soon, footsteps came straight here.

"Mr. Li, Ningning will stay with grandma inside, you go in." Li Meiyuan's voice sounded outside again, and he pushed open the door.

"Okay, thank you, aunt."

Accompanied by Li Zhenting's polite voice, the tall and majestic figure of the man walked in.

Shen Ning raised his eyes, facing the gentle eyes of the man.

Really Li Zhenting, he actually came.

Only the moment she saw him, Shen Ning felt joy in her heart. After all, grandma wanted to see him the most at this time, no matter what happened to them in the future, but now, she just wanted to reassure grandma.

"Ning Ning." Li Zhenting walked towards her, reached out to hold her hand, and said in a gentle and friendly voice, "I'm sorry, I'm late, how is grandma doing now?"

Shen Ningwei shook his head with sobs.

Li Zhenting immediately held her hand tightly, comforted her, and looked down at the old man lying on the bed bent down.

"Grandma, are you asleep? Zhenting is here to see you." Shen Ning said loudly in grandma's ear.

Jun Meizhen heard it now, and immediately turned her head, her cloudy eyes looked at the young and handsome man in front of her, with a sparkle in her eyes.

Chapter 806 Thank you

"Grandma, hello, I'm Zhenting, I'm here to see you." Li Zhenting immediately let go of Shen Ning's hand and took grandma's hand, half-kneeling and squatting down in front of her, speaking sincerely.

Jun Meizhen moved her lips and said in a trembling voice, "Are you really shocked?"

"Yes, Grandma, I am."

"Zhenting." Jun Meizhen stretched out her other hand with difficulty, and stretched it out in front of Shen Ning.

Shen Ning immediately gave her his hand.

She held it tightly, and then tightly closed her hand and Li Zhenting's hand together.

Li Zhenting immediately understood what the old man meant, stretched out his other hand, and tightly held the hands of Shen Ning and grandma with both hands, and said gently: "Grandma, don't worry, Shen Ning and I have remarried now." Now, we are husband and wife, Ning Ning is the best daughter-in-law of our Li family, my grandparents, parents like her very much, I will take good care of her in the future, don't worry."

"Okay, that's good." Jun Meizhen was very happy, and still exerted all her strength and asked in a trembling voice, "Zhenting, Ningning has already given birth to three children for you. There is no credit but hard work. I hope you if you can treat her well in the future and let her live a happy life, she has suffered too much in this life, can you do it?"

After speaking, she looked at him expectantly.

"Yes." Li Zhenting nodded affirmatively, and replied loudly: "Grandma, don't worry, Ningning is the best and favorite lover in my life. I will definitely treat her well. From then on, I will do my best for the rest of my life." Do your best to love her and make her happy."

"Okay, thank you." The old man who was nearly ninety years old humbly said the words "thank you".

Shen Ning burst into tears, only she could understand why this old man who was nearly ninety years old would say "thank you" to a younger generation in a flattering manner when his life was dying.

Just because she is really worried about her! It is also the most sincere love for her!

Shen Ning's heart was in pain! But he had to put on a smile and try hard to make grandma happy. She didn't want her grandma to leave this world disappointed.

Actually, she is not his husband's favorite woman. His Bai Yueguang is lying in the hospital waiting for him to take care of her, so what is she?

"Grandma, you don't have to thank me. This is what I should do. I want to thank you for teaching Shen Ning so well and allowing me to have such an excellent wife. I thank you old man." Li Zhenting stretched out his hand again and held Shen Ning Hugging him into his arms, he replied very sincerely.

In this respect, he is indeed a qualified husband, and he cooperated and tried his best to make Jun Meizhen feel relieved.

After hearing his words, Jun Meizhen had a serene smile on her face, and finally closed her eyes and stopped talking, but her mouth was panting heavily from exhaustion.

Shen Ning hurriedly signaled Li Zhenting not to disturb grandma anymore.

Then they sat quietly, neither talking.

"Ning Ning, go and rest, I'll just come and accompany grandma." The night was getting deeper and deeper, and Li Zhenting wanted Shen Ning to rest.

But Shen Ning shook his head straight: "No, I must accompany grandma, I spend too little time with her old man."

Said with tears in his eyes again.

If you don't accompany me anymore, I guess I won't be able to accompany you in the future!

Li Zhenting sighed when he heard the words, and didn't force her anymore.

"Zhen Ting, you go to rest, tomorrow you have to go to take pictures... something to do." Shen Ning said to him, omitting the word "take care of Xiaofeng".

"No, how can I rest assured that you are sitting here alone and taking care of grandma. I have nothing to do tomorrow, so I will accompany you to take care of grandma. Since you want to stay here with grandma, then I will accompany you." Li Zhenting took the quilt and hugged Shen Ning and sat down on the recliner beside him. He snuggled Shen Ning into his arms and covered her tightly with the quilt.

Chapter 807 She was a little moved in her heart

Shen Ning did not resist, but was obedient.

She knew that grandma would definitely be able to see the love between her and Li Zhenting. At this time, the more they love her, the more at ease the old man will be.

The man's chest was very warm and firm, snuggling against it, a strong heartbeat sounded in his ears, a familiar breath filled his nostrils, his fingers stroked his stomach, tiredness hit him, and he fell asleep not long after.

In the middle of the night, she heard a slight noise, opened her eyes in a daze, and saw that she was sleeping alone on a recliner, covered with a thick quilt, and Li Zhenting was no longer there.

Could it be that he has left to visit Xiaofeng?

Her heart was cold.

"Grandma, be careful, this is your property." At this moment, there was a slight sound of footsteps, and she raised her eyes in shock, only to see Li Zhenting walking over from nowhere with his grandma in his hands, and he gently released her. When he got to the bed, he handed something in his hand to grandma.

Grandma took it and put it in her arms.

Shen Ning saw that it was a dark box.

"Grandma, please take a rest." Li Zhenting straightened her pillow, carefully covered her with the quilt, and tucked the quilt on both sides of her shoulders tightly.

"Thank you Zhenting." Grandma expressed her thanks softly.

"Grandma, this is what I should do, you are welcome." Li Zhenting smiled slightly, "I will be by your side, if you need anything, just ask."

"Okay." Grandma replied and didn't speak anymore.

Shen Ning felt strange, where did Li Zhenting go with his grandmother in his arms in the middle of the night?

When she sat up, she saw Li Zhenting sitting on the soft chair next to her and watching with her mobile phone.

"Zhen Ting, it's cold over there, sit here." She whispered to him.

Li Zhenting raised his eyes and saw her, walked over, and asked softly, "Why did you wake up?"

"Sorry, I actually fell asleep." Shen Ning was very embarrassed.

"It's okay, you can go on sleeping. It's fine if I take care of it alone. I don't need two people to take care of me." Li Zhenting bent down and kissed her forehead, tenderly, "I'm cold all over now. Getting under the covers will chill you."

"Let me take care of grandma in the second half of the night, you lie down and rest." Shen Ning sat up and made room.

"Silly girl, it's very cold in the second half of the night. You should lie down and sleep. I will take care of grandma." Li Zhenting hugged Shen Ning from his back, hugged her and sat down.

Shen Ning struggled, Li Zhenting held her tightly with both hands, and whispered: "Don't move, grandma has woken up several times in the first half of the night, and she should fall asleep in the second half of the night. Let's not wake her up."

Have you gotten up several times?

Shen Ning was stunned, and asked, "Where did you go with grandma just now?"

"After I helped her to go to the toilet, she pointed to the upstairs and said that she would go upstairs to get things. How dare I help her go up in the middle of the night, so I carried her up."

Is that so?

"Then what is grandma holding?"

"I don't know, I've already given it to her. It's probably something commemorative to her. When people get old, sometimes they want to recall the past. It's normal." Li Zhenting didn't think much about it.

Through the dialogue, Shen Ning learned that after she fell asleep, her grandma got up to go to the toilet three times and drank water once. Every time, Li Zhenting supported her and even carried her.

Thinking of Li Zhenting, a big man, actually carrying his grandmother to the bathroom, she was a little moved in her heart.

Chapter 808 is not wronged at all

"Thank you, Zhen Ting, I have wronged you." Shen Ning lowered his head and said in a low voice.

Li Zhenting kissed her ear: "I'm not wronged at all, it's right to take care of the elders, let alone my wife's elders."

Shen Ning bowed his head and did not speak.

Li Zhenting hugged her tightly in his arms: "Go to sleep, I'm here, don't worry, I will take good care of grandma."

Shen Ning was forced to lie flat in his arms again.

I have to say that Li Zhenting was really careful and thoughtful in taking care of people. In the middle of the night, grandma fell asleep, and when she stretched out her arms several times, he got up and covered her with the quilt. In the early morning, grandma's rhinitis broke out and she couldn't breathe. She got up and looked at the manual and carefully cleaned her nose with the machine until the nose was unobstructed.

And when he was busy, he never allowed Shen Ning to get up, only let her lie down and rest, and did everything by himself.

At dawn, Jun Meizhen was full of praise for him, praising everyone she met, which made Shen Ning feel embarrassed.

In the morning, after they washed up, they went to the dining room, where Li Yuanyuan had already prepared breakfast.

"Zhenting, Ningning, you go to rest after breakfast, your aunt and I will take care of your grandma." Li Yuanyuan looked at Li Zhenting's haggard face a little embarrassed.

"It's okay, I'm a man who should take care of grandma." Li Zhenting said lightly while drinking millet porridge.

"Zhenting, come, have a pan-fried bun." Shao Wenbo smiled all over his face, very flattering.

"Thank you." Li Zhenting picked up the fried bun and ate it.

"Zhen Ting, the life of Shao's family is not as good as that of Li's family, so let's make do with eating here." Li Meiyuan felt a little apologetic.

The young master of the Li family eats exquisite and delicious meals every day. The Shao family is in financial difficulties now, and the food is definitely not as good as that of the Li family. She is very worried that Li Zhenting will not get used to it.

"Aunt, Zhen Ting is actually not particular, he can adapt to the living environment very well." Shen Ning smiled and answered for him.

She knows Li Zhenting well. He usually lives a delicate life, but he can do whatever he wants. Li Jichun gave him a comprehensive education when he was young, and he didn't raise him well.

"Well, I believe that." Of course Li Yuanyuan understood and smiled.

She really didn't expect that the dignified young master of the Li family, the CEO of the Li Group, could take care of an old man so thoughtfully and considerately. This was beyond her expectations.

After Li Zhenting took a sip of porridge, he took a bite of the pan-fried buns, gave Shen Ning a loving look, and gave her a thumbs up for knowing her so well.

Shen Ning smiled playfully, and looked at Li Yuanyuan:

"Auntie, how is Shaw doing now?"

"It's okay." Li Meiyuan replied after hesitating for a while.

"What do you mean? Is it necessary to slap a swollen face to make yourself fat?" Shao Wenbo seemed to be waiting for Shen Ning to ask a question, and immediately replied: "Shao's is very difficult now, not only owes the bank tens of millions, but also Usury loans, now even the wages of employees cannot be paid."

Shen Ning's eyelids twitched, and he looked at Li Yuanyuan.

Li Meiyuan hurriedly said: "Ningning, don't listen to him, if he hadn't found Wu Lili, that woman, Shaw Brothers would not be in the current situation. Although it is a bit difficult now, it is not like what he said. "

Li Yuanyuan understands Shao Wenbo's thoughts best. He sees that Li Zhenting is here and wants to get some wool from the richest man.

The current Shaw Group is indeed very difficult. When she took over, Wu Lili had already emptied the Shaw Group. During this period of time, she worked hard day and night to survive the scene. It is true that she owes a bank loan, but there is no need Urgent at this moment.

A woman's status in her husband's family is also very important for her mother's family to win. Shen Ning was not seen by the Li family in those years. She is very clear about it. Now, she doesn't want to use Shen Ning, at least she doesn't want to drag her down. she.

Shao Wenbo was not reconciled, and wanted to talk, but Li Meiyuan stared, so frightened that he dared not speak.

In fact, after Wu Lili's incident, although Li Yuanyuan returned to Shao's house, he did not forgive Shao Wenbo. Now they are still separated. Under Jun Meizhen's arrangement, all the big and small things in Shao's house are now With Li Meiyuan in charge, Shao Wenbo has no rights.

Shen Ning didn't speak after hearing this.

Chapter 809 Will he still come to see me, an old woman?

After breakfast, Shen Ning went to the toilet, and when he came out, he didn't see Li Zhenting.

She asked the servant at home, and the servant said that seeing Li Zhenting go out, he probably left.

A sneer floated on Shen Ning's lips.

Xiaofeng is going to have an operation at nine o'clock, so he must have rushed to accompany her, after all, it was his Bai Yueguang!

Knowing that this would be the result, she still felt bitter and uncomfortable, and walked towards grandma's room with her head down.

"U.S. dollars, the Shaw Group is already in turmoil. It's rare that Li Zhenting has the opportunity to stay here. Why don't you let him help out? Even if you don't need money, you can order an order." When Shen Ning passed a corridor, he suddenly heard Tang Jieling's voice of reproach was heard.

"Sister-in-law, do you want to export it? Why does Shen Ning help us Shao? She has already helped Mom redeem the Sleeping Beauty and those ancestral jewels. The value of these alone is worth

hundreds of millions. What more do you want?" , we can't always reach out and ask others for it. Besides, Shen Ning is just a little girl, and she has had a hard time walking. As her natal family, we have never given her anything. I won't open this Oral." Li Meiyuan immediately objected sternly, "Yes, Shaw Brothers is a bit difficult now, but as long as we work hard, I believe we can overcome this difficulty, we really don't want to use Shen Ning, she is difficult enough."

"Well, if I didn't say it, I was just worried that Shaw Brothers would not be able to survive this test. It would be too late to regret it when it went bankrupt. You also know that last time that \*\*\*\* Wu Lili almost emptied Shaw Brothers. That's still What a good thing your husband has done, at this time, as long as we can overcome this difficulty, and we work together in the future, Shaw Brothers still has a chance to be reborn." After Tang Lingjie sighed, she had to stop talking.

Shen Ning was silent after hearing this, and went straight into grandma's room.

"Ning Ning, Ning Ning." Jun Meizhen was calling her nickname, her eyes turned red, and she rushed forward.

"grandmother."

"Ning Ning." Jun Meizhen held her hand, looked at the door with cloudy eyes, Weng Sheng asked, "Where's Zhen Ting?"

"Grandma, Zhenting Company has left a little bit earlier."

"Oh, will he still come to see me, an old woman?"

"Yes, grandma, he will definitely come to visit you, you need to get well soon, and then I will take you to the Gucci Perfume Company to have a look." Shen Ning put grandma's hand on his face, He smiled, with tears in his eyes.

"Where are the children?" She asked tremblingly again.

"They are going to kindergarten, so the housekeeper will pick them up early in the morning, and pick them up to see you after school in the afternoon."

"Hey, forget it, the children are too young, don't toss back and forth." Jun Meizhen was also sober and shook her head.

"Grandma, don't worry, I will be with you every day." Shen Ning said affectionately.

"Son, grandma doesn't need you to accompany her every day. You have a family with a husband, in-laws and children. You have to take care of them. You can go back after dinner. I can see that you are satisfied." Jun Meizhen smiled slightly.

Shen Ning's eyes turned hot, and she acted like a baby: "No, grandma, I won't go back, I just want to stay with you, please don't drive me away, I want to be with you."

Jun Meizhen smiled: "Ning Ning, these days I always think of you when you were a child, and sometimes I think of you in my dreams, how cute and smart you were at that time, much better than your mother when she was a child, then I thought , you are probably not my daughter's child, how could you be so cute and smart?"

Speaking of this, she laughed, and there was light in her eyes.

Because of this, after Shao Meiqi became paralyzed and became a vegetable, she did not give up on nurturing her granddaughter. She thought that Shen Ning would have great promise, but she never thought that her fate would be so uneasy later on.

Shen Ning also laughed, crying tears.

"Hey." Jun Meizhen suddenly sighed and stopped talking, and narrowed her eyes slightly.

Shen Ning thought she was tired and wanted to sleep, so she wanted to pull her hand back, but Jun Meizhen suddenly held her hand tightly and opened her eyes.

Chapter 810 Silly girl, don't worry if I'm here

Shen Ning was taken aback.

Jun Meizhen let go of her hand, and tremblingly took out a dark wooden box from under the quilt.

Shen Ning looked a little dumbfounded, wasn't this something that Li Zhenting carried his grandmother upstairs to fetch it last night? What will be in here?

"Ning Ning, this is yours, here it is." Jun Meizhen put the wooden box into Shen Ning's hand, and said in a trembling voice.

"Grandma, what is this?" Shen Ning was greatly surprised, it must not be some jewelry, she would not want it.

"Take it, child, this is yours, just take it." Jun Meizhen said solemnly after taking a breath.

"I..." When Shen Ning was in a dilemma, suddenly, the door opened, and a man's head poked in.

"The guy who doesn't live up to expectations." Jun Meizhen said suddenly, her eyes darkened.

Shen Ning turned around in shock, only to see his uncle Shao Wenbo poking his head at the door.

"Uncle, what's the matter?" Shen Ning stood up.

"It's okay, I just came to see your grandma and see if she is better." Shao Wenbo walked in, his eyes fell on the wooden box in her hand, and he smiled.

"I can't die, you go out." Jun Meizhen didn't give him a good face, and chased him directly.

Shao Wenbo stood still in front of the old lady, and said: "Mom, don't be too partial, I am your own son, and those jewels cannot be given to outsiders."

Shen Ning blushed when he heard it, and immediately understood the purpose of his coming in. It was because he was afraid that Jun Meizhen would give her her jewelry.

Jun Meizhen rolled her eyelids and pointed at him: "You, you, beast."

Just finished talking, there was a violent panting, his head tilted, and he passed out.

"Grandma." Shen Ning was terrified, rushed over and cried loudly.

"Hurry up and call a doctor." Shao Wenbo shouted from the side, his eyes just fell on the black wooden box in Shen Ning's hand.

Shen Ning was reminded all of a sudden, put down the black wooden box in his hand and ran outside.

"Hurry up, grandma has passed out, call the doctor quickly." She had never been so flustered, afraid that grandma would leave her, and she was so anxious that she lost control of herself.

Li Yuanyuan hurriedly picked up his mobile phone to make a call, put down the phone after a while and said to her: "Don't worry, the doctor is at home and will be here soon."

Shen Ning felt a little more at ease after hearing this.

At this time

The doctor rushed over and started emergency rescue.

I don't know if it's because of her age or because of Shao Wenbo's anger, she hurt her internal organs, no matter how the doctor tried to rescue Jun Meizhen, she still didn't wake up.

Shen Ning was so anxious that he cried loudly and sent him to the hospital screaming.

Just when everyone was in a mess.

Sudden

The door opened.

A handsome, straight man walked in with a medical team.

"Zhen Ting." Shen Ning was dumbfounded and stared at him blankly.

"Hurry up, rescue the patient." Li Zhenting instructed Yang Xian, the leader of the doctor team.

Several doctors rushed directly to Jun Meizhen and began to rescue her.

Not long after, I heard Jun Meizhen exhale slowly and woke up.

Shen Ning's eyes darkened, he took several steps back, and almost fell down.

"Silly girl, don't worry if I'm here." Li Zhenting hurriedly reached out to support her, his face full of doting.

Shen Ning let out a soft 'hush' breath, his tense nerves finally went limp, and fell into Li Zhenting's arms. Li Zhenting hugged her tightly and kissed her on the forehead lovingly.

"Mr. Li, the old lady must have been stimulated to faint. You have to be careful to accompany her, and try not to irritate the old man." Captain Yang Xian reported to Li Zhentinghui.

"Okay, I see, the patient will be handed over to you, and you must do your best to treat her."

"Don't worry, we will."

Yang Xian discussed with several doctors in the team, took out the medicine for Jun Meizhen, and took them out first.

There were only a few of them left in the bedroom.

"By the way, Ningning, why did your grandma faint suddenly?" Li Meiyuan asked anxiously.

Shen Ning remembered Shao Wenbo, and was busy looking for him in the room.

But he was long gone.

She sighed, and shook her head after thinking about it, and said, "Grandma told me about my mother and I when we were young, and she fainted when she got excited."

"Oh." Li Meiyuan said 'Oh' and sighed, "Your grandmother is the most worried about you. She often reads your and your mother's names. The old man is too impatient. We will try not to be with her again in the future. Bring up those things in front of you."

Shen Ning nodded, saddened.
