

Troublemakers 81

Chapter 81 did not deceive everyone

"It's impossible to have formaldehyde. I know best about the perfume I make myself." Shen Ning argued loudly.

But under the joint testimony of Shen Mei and Wu Lili, those women obviously believed them, and their affection for Shen Ning dropped to freezing point again.

But they never rushed up to surround Shen Ning like they did during the exhibition, just because there was still the most honorable man in the imperial capital at the venue.

Li Zhenting!

He didn't speak all the time, just sat there like a mountain god, intimidating the audience, no one dared to take the lead to embarrass Shen Ning.

After all, this tea party was called by him, and they all came here for his sake. Naturally, no one dared to spoil his reputation. If they offended him, their husband's business would be difficult. certainly

Wu Lili is different.

She was not in the invited ranks, and she clings to Shen Mei, and Shen Mei will marry Li Zhenting soon, and she is still counting on Shen Mei.

therefore

She is confident.

"Shen Ning, don't argue anymore. Even if they let you off mercifully today, I won't let you go. Your nature is too bad." Wu Lili rushed over and pushed Shen Ning hard.

Shen Ning was pushed backwards.

Sudden

A strong arm stretched out from behind to support her.

"What are you, how dare you push people in public!" Jing Chenxi put one arm around Shen Ning, pointed at Wu Lili with the other, and yelled angrily, his eyes glistened with awe-inspiring aura.

Wu Lili was shocked when she saw it.

The young master Jing Da from the imperial capital also came. Since entering, her eyes have been on Li Zhenting, but she didn't see him.

Looking at the situation, he is very friendly to Shen Ning.

I don't know what kind of **** luck this **** Shen Ning has stepped on to have contacts with the two richest men in the imperial capital.

She would never dare to be tough with Jing Chenxi.

Because Shaw's has a lot of business that is fed by the Jing Group.

She shrank her neck, she was much shorter, with a flattering smile on her face: "Mr. Jing, hello."

"Get out." Jing Chenxi didn't give her any face, even a man refused to give a woman the basic face, and shouted angrily in public.

Wu Lili's face was pale, and the young master of the Jing family is famous for being gentle and graceful, but at this moment, he yelled at her loudly, showing no mercy

She walked down in despair.

"Everyone, the detection team will be here soon, please be patient and wait a while, no matter what you do, you must pay attention to evidence. Since there are doubts today, then we will find out the truth.

If the truth finds out that Gucci perfume is poisonous, we must not tolerate it, but if it is not poisonous, please continue to believe in Gucci and the new formula developed by Shen Ning. Of course, if someone dares to deliberately disrupt order here and spread rumors, Please also supervise not to let this unethical behavior go. "Jing Chenxi took the wireless microphone from Shen Ning's hand and said loudly.

The venue stabilized all of a sudden.

Everyone sat down quietly again.

Shen Mei's face turned pale.

Immediately afterwards, Jing Chenxi magnified Shen Ning's perfume expert qualification certificate and a series of award certificates obtained in the United States on the large LED screen.

The women below the stage all watched seriously, with a look of admiration flashing on their faces again.

Not long after, several market quality inspectors in white uniforms walked in.

Under the detection of professional technical means, the result will come out after ten minutes.

The testers announced the results:

The bottle of black liquid that Shen Mei brought was indeed acetaldehyde, and it also contained formaldehyde.

But the test results of Yuanai Perfume and Shen Ning's newly developed series of products were all negative.

In other words, Shen Ning did not deceive everyone.

The result is obvious.

There was warm applause from the audience, and they all started to cheer.

Chapter 82 I must take revenge

"President Li, please stay." Shen Ning watched Li Zhenting stand up without saying a word, turned around and left, and immediately stopped him.

This dog man wanted to slip away after seeing her success, and he wanted to cover up Shen Mei, but there was no way!

Li Zhenting paused.

"Mr. Li, please come here, we need to settle some things." Shen Ning's bright eyes flashed a playful smile.

He promised her that if the tea party is a success, then Shen Mei will be handed over to her.

He wanted to pretend that nothing happened, and just walked away, that's impossible!

Li Zhenting's deep back slowly turned around, walked up to Shen Ning and stood in front of Shen Ning expressionlessly, Shen Ning's thin figure was immediately shrouded in the shadow of the tall and strong man.

The man is 1.88 meters tall, dignified and majestic, he despises Shen Ning like a king, with a cold light shining on his body.

Shen Ning was timid for a while, this man is a devil, she has a deep understanding.

But she stood up straight, pursed her lower lip slightly, and asked directly:

"President Li, may I ask, did I succeed in tonight's tea party?"

Li Zhenting half-closed his eyes, looked coldly at Jing Chenxi who was standing beside him, and said lightly: "If you think it is, then let it be."

"Then I'd better ask everyone present. After all, it takes everyone's affirmation to be convincing." Hearing this extremely reluctant affirmation, Shen Ning smiled coldly and looked towards the audience.

"Successful, very successful." Unexpectedly, before she asked, there was warm applause from the audience, and all the women automatically applauded and spoke in unison.

"Thank you everyone." Shen Ning smiled slightly, turned around, raised her face, and said seriously:

"Mr. Li, I succeeded tonight, you won't forget what you promised me."

Li Zhenting's eyes were deep and he did not speak.

Shen Mei knew that something was wrong, so she turned around and wanted to sneak away.

"Shen Mei, please stop." The corner of Shen Ning's eyes kept falling on her, and as soon as she turned around, she immediately spoke sternly.

Shen Mei's face turned pale.

"Zhen Ting, I'm sorry. As a shareholder of the company, some employees have reported problems to me. I also think about the company. I should deal with it. Please believe me." Eyes covered with crystal tears.

Li Zhenting's face was stiff, without any warmth.

"Shen Mei, are you really thinking about the company? Please touch your conscience and speak." Shen Ning's eyes were piercing, "Let me ask you, when I was developing the perfume, Peruvian balsam was not available in the entire market. The investigation revealed that a man surnamed Lan monopolized the entire market. The purpose was to prevent me from buying it. If Mr. Jing hadn't provided help, the tea party tonight would not have been able to be held at all. I want to ask you, is this matter related to you?"

"I, I don't know, I don't know anyone with the surname Lan." Shen Mei dodged her eyes and said in a panic.

"But that surnamed Lan is obviously your cousin." Shen Ning sneered.

Shen Mei was at a loss for words for a while, she didn't expect Shen Ning to be so powerful, and she found out so clearly.

Shen Ning looked at her dodging eyes, and his eyes became more and more cold.

"You ordered someone to come to my office and stole that little black bottle of ethanol, and maliciously doped it with formaldehyde, trying to frame me and destroy me at the tea party. This is obvious to all." Shen Ning's tone grew stronger. It's getting tougher.

Shen Mei lowered her head, not daring to look into her eyes.

"President Li, last time, Shen Mei splashed a highly corrosive liquid on my face in an attempt to disfigure my face. I said that I must take revenge, and you agreed, so let me ask: Can Shen Mei be handed over to me now?" Shen Ning looked at Li Zhenting again.

Chapter 83 I will never break my promise

"God, this Shen Mei is really vicious."

"No wonder she came to spoil the situation tonight. It turns out that she has done so many bad things."

...

Shen Ning exposed Shen Mei's crimes, everyone below the stage could hear them clearly, and they began to talk about it.

"What do you want?" Li Zhenting asked.

"It's very simple, either I will pour phosphophthalates on Shen Mei's face, or I will send Shen Mei to the police station, whatever the law says?" Shen Ning was very decisive and concise.

"Yes, send her to the police station and put her in jail."

"Splash her back, people can't be bullied like this."

...

A group of women below the stage echoed.

The corners of Li Zhenting's lips moved, but he didn't speak.

"Why, Mr. Li is reluctant?" She sneered.

Sending his fiancée to the police station, he would be ashamed, but even if she wanted to expose Shen Mei in public, it would make him feel uncomfortable.

Who knows.

Li Zhenting's shrewd eyes flickered, and a smile of unknown meaning flashed in the bottom of his eyes, and his deep and magnetic voice said lightly:

"Don't worry, I will never break my promise."

Shen Ning was taken aback for a moment, did he agree?

"Shocking." At this moment, Shen Mei who was standing next to her exclaimed.

She never believed that Li Zhenting would agree to let Shen Ning send her to the police station or throw her back to disfigure her, but now he actually agreed.

"Zhenting, don't, I don't want to go to the police station, don't disfigure, we are getting married, and you don't want me to become ugly, or go to jail." She panicked, grabbed Li Zhenting's arm and shook it, struggling Begging, "For Ding Ding and Lan Lan's sake, please help me."

The names of the two children made Li Zhenting's body tremble. His slender fingers pushed her hands away one by one, and he pursed his rose-colored lips, and said indifferently: "You begged the wrong person, and now you want to take revenge." Yours is her."

"Ah, sister, please forgive me, I was wrong." Shen Mei was awakened immediately, and ran to Shen Ning without any bones, and bowed her head to admit her mistake, "Please look at it for father's sake. Let me go please."

dad?

As soon as this word was mentioned, Shen Ning only felt a suffocation in his chest as if it was about to burn, suffocating and suffocating.

There was a cold light in her eyes, and her fingers clenched into fists. Does she have a father? After all these years, when did he give her any fatherly love?

"Ning Ning." Just then, a woman's voice came.

Her eyes were scarlet, and she turned her head.

The middle-aged woman in an expensive evening dress is calling her nickname affectionately, walking towards her quickly.

"Ning Ning, your dad and I have been looking for you all the time, so it's great that you returned to Gu Qi." Lan Feiyun held Shen Ning's hand as soon as she walked up, with a smile on her face, and she was more intimate, "Go home and have a look tomorrow. Your dad misses you very much. Tomorrow our family of four will have a reunion dinner."

Ah! This woman really knows how to act, her acting skills can win the Hundred Flowers Award.

Shen Ning pulled out his hand in disgust, and sneered in his heart.

Looks like Lan Feiyun came here for her daughter, how shameless!

She knows everything Shen Mei has done, but what qualifications does she have to plead with her?

"No, I have work tomorrow." She replied indifferently, picked up the tissue on the display shelf and wiped the hands she had held, and then threw it into the trash can, with a look of disgust on her face, "Dirty."

The smile on Lan Feiyun's face froze, but she still said in a good voice: "Ningning, I know that Meimei has done something wrong to you, but she is your younger sister after all, so you should let her go first. Bar."

Shen Ning smiled disdainfully, and his eyes were shocked. The man was handsome and cold, with a strange dark light shining in his black eyes.

Chapter 84 Perfect ending

"Okay, it's okay to let her go, but you must agree to two conditions." Shen Ning deliberately smiled and let go.

"Okay, just ask for any conditions you have, as long as I have something, I will agree to you." Lan Feiyun's eyes lit up, and he immediately agreed in a flattering manner.

Shen Ning loosened his clenched fingers, this is what she wanted!

She knows better than anyone else that with Li Zhenting around, it is impossible for her to really ruin Shen Mei's face tonight, or send her to the police station.

Besides, even if she is really sent in, the current crime is relatively minor, and Li Zhenting can get her out every minute.

She has her own goals and plans!

Her mission is to avenge her mother!

"First, Shen Mei completely gave up on Gu Qi. I want to take back all of Gu Qi's shares. You are not allowed to step into Gu Qi from now on. Second, the white house that my mother used to live was her dowry. I want to take it back. If you can agree to these two points, then I promise to let her go." Shen Ning said word by word.

Only by taking back Gu Qi and the white house, can she find clues about the cause of her mother's death in these two places.

Besides, that white villa originally belonged to the mother, and it was her dowry, so why should it be lived in by Xiaosan and her daughter.

Taking it back is also an explanation to my mother.

Shen Mei was stunned when she heard that.

She doesn't want to give up on these two conditions.

"No, I don't agree, sister, can you make other conditions? Such as money." Shen Mei asked with a sad face.

"No." Shen Ning's voice was extremely firm, "These two conditions are my last tolerance. If you don't agree, I will call the police now."

She picked up her mobile phone and was about to dial 110.

"Mrs. Shen, it's just an old house and half of the equity in a company that hasn't improved. What's there to be reluctant to do? Besides, these things belonged to Shen Ning originally, so it's not too much for you to return them to her. You She is about to become Mrs. Li, and it would be a pity if her face is disfigured or she enters the police station, compared to Mrs. Li's worth, this is really nothing." Jing Chenxi persuaded her 'kindly' beside her.

"Okay, I agree." Lan Feiyun finally gritted his teeth and agreed.

As long as there is a daughter, this is nothing. Besides, after becoming Mrs. Li, there are many opportunities to **** these things back, so I promise her first.

"Okay, since you all agree, please ask all the female compatriots present to testify for me, and I will immediately draft an agreement and sign it." Shen Ning nodded to Secretary Li, and Secretary Li immediately walked to the dressing room at the back. After a while, she took out an agreement and forced Lan Feiyunmu to sign it face to face.

Actually, Shen Ning had drafted this document a long time ago. Taking back all of Gu Qi's equity was just the second step she had to take.

Tonight's result was in her expectation.

At this point, the whole tea party ended perfectly, and Shen Ning got what he wanted.

Li Zhenting's silence is golden, he glanced at Shen Ning faintly, turned around, and strode away.

"Zhen Ting." Shen Mei yelled, and ran up.

But Li Zhenting walked quickly, and after a while, he walked towards an exit.

Shen Mei couldn't keep up, and was tripped by a rich lady's outstretched foot halfway, and fell to the ground.

Fortunately, Lan Feiyun ran up to help her up.

The mother and daughter left like dogs in the water.

Exit at the back door of Shengtian Hotel.

Wu Lili took her bag and walked outside lightly.

The downfall and fiasco of Shen Mei's mother and daughter made her too frightened to stay any longer, fearing that Shen Ning would come to trouble her, so she slipped away from the back door at the right time, but after only a few steps, she heard a woman's loud voice Shout: "Stop."

Chapter 85 The person you should send is not me, but Ms. Jiang

Wu Lili was so frightened that her legs became weak, but she didn't dare to look back at all, and just ran forward.

But the footsteps behind him were getting closer.

soon

A hand grabbed her arm.

She turned her head.

"Bitch, how dare you break into the venue to make trouble, I can't spare you." A slap slapped her **** the face, and Secretary Li scolded angrily.

She dared to take the lead in making trouble for such an important tea party. If she didn't hit her, she would be sorry for Shen Ning!

Originally, Secretary Li had something to do to take care of her tonight. If she had left earlier, she wouldn't have received this slap, but she was so greedy for that bowl of dessert that she drank three bowls in a row. Time to punish her.

"Ah." Wu Lili was beaten until her eyes were black, she covered her face and screamed loudly.

"Tell you, if you dare to make trouble again next time, I will definitely send you to the police station. Try it if you don't believe me." Secretary Li kicked her again and shouted angrily, "Get out."

Wu Lili ignored the pain, took off her high heels and ran away quickly.

Secretary Li clapped his hands and turned back.

The night is dark and the moon is shining.

Shen Ning walked briskly outside with his bag on his back.

It's very late, Ke Ke and Xiao Xiao must have fallen asleep.

Tonight, she finally succeeded, and the company will enter regular production next, and it will only get busier.

Thinking that she hasn't been with the children properly for many days, she feels guilty.

When she was about to walk to the side of the street to hail a taxi.

Sudden

A girl's soft voice floated over:

"Chenxi, my dad asked you to come to my house for dinner tomorrow."

Shen Ning glanced back inadvertently.

I saw a man and a woman standing under a potted pine tree not far away.

The girl was wearing a pure white mid-length skirt, with a slim figure and a savage temperament.

The man is tall and tall, dressed in a royal blue straight suit, he is personable and very eye-catching.

Isn't that exactly Jing Chenxi!

"Sorry, I have something to do tomorrow." Jing Chenxi's voice was perfunctory and indifferent.

"Then when do you have time?" Jiang Xinyun's voice was full of grievances and expectations.

"Xiaoyun, it's getting late, you should go home quickly, uncle and aunt will be in a hurry, I will call you when I have time."

As soon as Jing Chenxi raised her eyes, she saw Shen Ning who was standing not far in front. She lowered her head as if she was thinking about something, her eyes lit up, and after saying something to Jiang Xinyun, she immediately walked towards her. call:

"Ning Ning."

Shen Ning woke up with a start, and walked away.

"Ning Ning." Jing Chenxi ran up to her in a few steps and blocked her way out, "Congratulations first, the tea party tonight was a success."

"Thank you." Shen Ning smiled politely at him.

"Ningning, come, I'll take you home." Jing Chenxi took her hand and walked towards his luxury car.

"No." Shen Ning pulled his hand out of his palm, and said lightly: "Mr. Jing, I think the person you should give away is not me, but Ms. Jiang."

It wasn't until this moment that she remembered that the beautiful and quiet woman who greeted her was the one Li Zhenting had warned her about last time. Miss Jiang Xinyun, the daughter of the ship king, was also Jing Chenxi's fiancée.

How can she win the love of others.

Besides, she never thought about having something to do with Jing Chenxi!

Jing Chenxi's face darkened, and he said, "Ningning, these days I've been trying to explain to you what happened between me and Ms. Jiang Xinyun..."

"No need, Mr. Jing, you don't need to explain anything to me, after all we are best friends."

Shen Ning immediately interrupted him, smiled,

"Miss Jiang Xinyun is very good and beautiful. I really congratulate you for finding such a good girlfriend. Send her home quickly. Girls can't stand being left out."

She walked towards the street, waved to him, and smiled: "Mr. Jing, I'm going home to take care of the children first. Thank you for your help tonight."

exactly

A taxi drove up, she raised her hand to stop, opened the door and got in.

Chapter 86 If you don't lose, who else will lose?

"..."

Jing Chenxi stood blankly, looking at the car going away, with a lonely and helpless face.

He has always wanted to explain to her that he loves her, and as long as she is willing, he can give up anything.

But she never gave him a chance.

After a while, Jiang Xinyun came up.

Out of duty, he sent her home.

Zhengsheng Apartment.

Ding Ding and Coco are punching.

"Fist, scissors, cloth." The two little guys each drew their fists.

"Yeah, I won." Ke Ke happily shook **** and shouted excitedly, "This is the second time I have won, Ding Ding, you lost, go back to Li's Castle."

It turned out that the three little ones had a lot of fun together, but Ke Ke didn't want to go back to Li's Castle after playing. He asked Ding Ding to go back, and naturally, Ding Ding didn't want to go back either.

no way.

The two little guys had no choice but to rely on punching to determine the outcome.

"Okay." Ding Ding lost twice in a row, so he had to agree with a bitter face.

"Brother, let's go back first, I'll take care of you in a few days, remember to tell me and Xiao Xiao if you have anything to do." Ke Ke patted Ding Ding's face, and comforted him like a little adult, "By the way, you have to pay attention Shen Mei, that ugly witch, I've seen that she's a little out of order in the past few days, so you have to be careful."

"Well, I will, then you keep your word and replace me as soon as possible." Ding Ding urged very seriously.

"Don't worry, I will." Ke Ke replied with a smile.

Tintin reluctantly left.

Not long after he left, there was a knock on the door in the living room.

"Yeah, Mummy is back." The two little ones jumped up and rushed towards the living room.

"You guys haven't slept yet." Shen Ning was very surprised to see the two little cats jumping around lively.

"Your Majesty, please change your shoes."

"Your Majesty, please drink water."

One of the two little guys brought slippers, the other brought boiled water. They were smiling, as if they were welcoming the queen back to court, full of ritual.

Shen Ning looked at the lively and cheerful Ke Ke, and was a little dazed for a while.

This kind of Coco is the son in her heart. Something seemed wrong a few days ago, and she couldn't help but feel a little dazed.

"Your Majesty, please sit down, I will beat your back for you."

"Let me squeeze your shoulders."

Ke Ke and Xiao Xiao cooperated tacitly to drag Shen Ning to the sofa and sat down. One climbed up on the sofa and beat her back with his little fist, and the other also climbed up and squeezed her shoulder with his little finger.

The two little guys were grinning.

It hasn't changed, and her little Coco hasn't changed at all, it's because she thinks too much.

A smile gradually appeared on Shen Ning's face. Tonight's tea party was a success, and she was really happy to take back Gu Qi and her mother's villa.

She turned around and took the two little guys into her arms, kissing them in turn.

The two little ones giggled.

The family of three enjoyed themselves happily.

Of course, after only a while, Shen Ning still criticized the two cubs for going to bed late tonight, which is not good for the children's health.

Soon, the two little ones went to sleep obediently.

and the opposite.

The atmosphere in the Shen family is not so good.

Shen Mei sat on the sofa in a state of embarrassment and kept wiping away her tears. It really wasn't too miserable.

"You, you are so stupid. You actually sent yourself to Shen Ning as a gun on this occasion. How could I give birth to such a stupid daughter." Lan Feiyun sighed.

Tonight, Shen Ning not only reaped their mother and daughter's wealth, but also humiliated them.

Lan Feiyun has never been so embarrassing at such a big age.

I really lost my wife and lost my army.

"Mom, you can't blame me. How would I know Jing Chenxi would be there? If it wasn't for him, Shen Ning would definitely lose." Shen Mei was crying.

Lan Feiyun stomped her feet angrily: "I think you are so stupid, you have to discuss this kind of thing with me first, don't even think about it, Shao Meiqi specializes in perfumes, so there must be a secret recipe for Shen Ning, You, a non-professional, have to fight professionally with others, if you don't lose, who else will lose?"

Shen Mei couldn't speak anymore.

Chapter 87 A good show is about to be staged

"Mom, that woman is so cunning, even someone like Jing Chenxi is willing to work for her, what do you think we should do." Shen Mei was anxious and uncomfortable, crying bitterly.

Lan Feiyun had a gloomy face, pacing back and forth in the living room.

Sudden

The doorbell rang.

Lan Feiyun opened the door with a sullen face.

"Auntie, hello." Wu Lili appeared at the gate.

"Lili, it's so late, do you have something to do?" Lan Feiyun was surprised.

Wu Lili laughed:

"Yes, Auntie, I came to find Meimei on an urgent matter."

"Oh, then come in." Lan Feiyun let her in.

As soon as Wu Lili came in, she saw Shen Mei in the living room, her eyes were red from crying.

She sneered in her heart, this mother and daughter usually think of themselves as superior, but now they are hit by Shen Ning, they really deserve it!

"Meimei, don't be discouraged, don't be defeated by that **** Shen Ning." She sat down and tried to persuade her hypocritically.

"Lili, I won't give the 10 million. I'm in such a miserable situation, you still want to come to get the money?" Shen Mei only thought that she was here to ask for the 10 million, and immediately said coldly.

Wu Lili raised her lips and smiled: "Meimei, you think too much, I'm here to help you."

"Only you?"

"It seems that you don't appreciate it, so forget it, I'll go." She pretended to be angry, stood up and was about to leave.

Lan Feiyun was at his wit's end right now, seeing her confident face, rolled his eyes, reached out his hand to hold her, and smiled kindly: "Lili, Meimei is in a bad mood, don't bother with her."

"Auntie, it's still reasonable for you." Wu Lili sat down again, and as soon as she sat down, she approached her body and whispered mysteriously: "Auntie, I have a top-secret news to tell you, but you have to give it to me." I have some benefits, you should know that I am in a financial emergency, and last month, my **** husband failed to invest again... I can't help it."

Wu Lili deliberately looked embarrassed.

Actually, she thinks the best time has come.

Lan Feiyun's mother and daughter are in a mess now, and they will definitely jump over the wall in a hurry.

"What secret?" Lan Feiyun's eyes lit up.

"Auntie, I can guarantee that as long as you make good use of this, Shen Ning will be obedient immediately, and it will only be a matter of time before you defeat her." Wu Lili was extremely confident, "It's just..."

She stopped talking.

Lan Feiyun understood, and immediately stood up and went to the study to get the check.

"Mom, don't be fooled by her, she only has money in her eyes." Shen Mei followed her and said angrily.

"Mei Mei, people who love money are the best to use." Lan Feiyun patted her on the shoulder, came out with a check, and immediately issued her 20 million yuan.

Wu Lili held the check, her eyes glowing.

"Auntie, let me tell you that Shen Ning has two children. Among them is a boy named Ke Ke, who is about five years old and looks exactly like Li Zhenting." She said word by word.

"What?" It was like a bomb was thrown into the living room, and Lan Feiyun and Shen Mei jumped up.

Wu Lili then embellished what she saw with her own eyes that day.

Lan Feiyun and Shen Mei were shocked when they heard this.

Wu Lili took the check and left contentedly.

Li Zhenting and Ke Ke were printed out of the same mold. If you don't seek benefits from Shen Mei as soon as possible, as soon as Ke Ke appears in front of the public media, then this secret will not be considered a secret. This is the time she saw the right time to rush over tonight's reason.

Lan Feiyun's daughter is vicious, and after learning that Shen Ning still has a child of Li Zhenting... she will definitely not stop.

Hey, a good show is about to be staged!

She laughed as she held the check.

Chapter 88 After all, you are the mother of his two children

In the Shen family's living room, Shen Mei panicked, feeling like the sky was falling down.

So far, Li Zhenting was able to treat her well because of the pair of children, but now Shen Ning has brought another child back.

She never dreamed that she was pregnant with twins that night!

"Mom, what should I do?" She turned pale and spoke incoherently.

"Why panic, calm down, we were all deceived by that nurse." Lan Feiyun gritted his teeth, "You must become Mrs. Li."

"However, if Li Zhenting finds out that Tintin was born by Shen Ning, and that Shen Ning gave birth to a child for him, do you think there is still room for me?"

Just tonight, Li Zhenting clearly watched her being bullied and ignored her, so he left indifferently. Will he really marry her!

"Of course." Lan Feiyun said coldly, "If what Wu Lili said is true, then at present, Li Zhenting doesn't know that Shen Ning gave birth to twins for him, and Shen Ning probably doesn't want him to know. Otherwise, it is impossible for Li Zhenting not to know that she has been back for so long, so next, we will put all our focus on the two children and make good use of them."

There was a vicious cold light in her eyes.

Shen Mei nodded.

"As long as the child is still yours, Li Zhenting will definitely not leave you alone, otherwise, tonight, he would not call me to rush to the tea party to help you." Lan Feiyun smiled.

Shen Mei asked in surprise: "Mom, did Li Zhenting call you to go to the tea party?"

"Otherwise?" Lan Feiyun smiled triumphantly, "Will she invite me to the tea party held by Shen Ning? Obviously, Li Zhenting let me go to help you. He doesn't want anything to happen to you. After all, you are his two friends." mother of a child."

Shen Mei blinked her eyes, with a smile on her face.

"Also, you must conceive Li Zhenting's child as soon as possible. As long as you are pregnant, everything will be fine. From now on, you can take care of the child in Li's Castle, take care of Li Zhenting, and leave everything else to me." Blue Feiyun spoke calculatedly.

Shen Mei finally went home happily.

early in the morning

Shen Ning sat in the office with his eyelids twitching, always feeling restless.

After a while, private detective Lei Tianjun walked in.

"Mr. Shen, it has been more than ten years since your mother jumped off the building, and it is relatively difficult to find out. Therefore, it may take a long time. Please wait patiently." Lei Tianjun read the information uploaded by Shen Ning last night, the tone is very solemn.

Shen Ning nodded: "I know it's difficult, otherwise I wouldn't have hired you, a well-known detective. Just find a way to investigate, and come to me wherever my cooperation is needed. The place where my mother stayed the most during her lifetime was Gu Qi. As for the white villa, I believe that as long as we search in these two places, we will gain something, and I will give you some previous evidence and information later."

"Well, I'll try my best." Thunderstorm Army nodded.

Shen Ning first advanced two months' salary from the company's finances to the Thunderstorm Army as a deposit, and the rest will be paid after the evidence is found.

As soon as Lei Tianjun left, the financial manager Wan Zhengping walked in.

"Mr. Shen, there is something I want to report to you." Wan Zhengping spoke directly after entering.

"What's up?"

"That is, the current book balance of the company is only about 2 million, and you have to ask President Li to bring in the funds as soon as possible."

Shen Ning's heart sank suddenly, and he immediately asked, "What do you mean?"

Wan Zhengping cleared his voice: "Mr. Shen, you should know that the company lost more than 50 million yuan in the first half of the year. In January, it was Mr. Li who transferred 60 million yuan from the Li Group to Gu Qi's account. Yes, the current monthly expenses are quite high. In addition to the development of new products this month, the expenses in the second half of the year will only be much higher, and the profit cycle of new products is not so fast. Therefore, you still have to ask President Li to raise funds Come in."

"How much more do you need?" Shen Ning's voice was trembling.

Chapter 89 President Li, do you have anything to do with me?

"According to last year, at least 50 million is needed, and even if it makes a profit in two months, it will still need 30 million."

"In the past, didn't Gu Qi's funds come in automatically?" Shen Ning's fingers were holding the lead pen, and the fingernails turned white.

Wan Zhengping's eyes deepened: "At that time, Mr. Li usually made a payment in January of the first half of the year and July of the second half of the year. The money was automatically transferred in, but this month is July. It has been two weeks now, and the funds have not come in, he may have forgotten, you might as well give him a call to remind him."

"Okay, I see." Shen Ning said with difficulty, "You go first."

Wan Zhengping turned around and walked out.

Shen Ning lay prone on the desk, his whole body was so soft that he couldn't sit up, every part of his body felt cold, and even his brain was twitching.

She actually forgot about it.

She did take back Gucci, but only an empty shell.

No matter how good her sales plan is, no matter how successful her perfume formula is, if she has no money, everything is just empty talk.

Now Gucci is hers.

Will Li Zhenting still send money to her as always?

The unfathomable eyes of Li Zhenting at the tea party last night and the inhuman coldness all over her body flashed in her mind, and she felt even more trembling all over.

Shen Mei is his fiancée and the mother of his two children, he won't sit idly by, but she is nothing, why would he send money in?

She was pale.

Li Group.

Li Zhenting sat on a black soft chair, and a decent black suit made him noble, unpredictable, elegant and cool.

"President Li." Leng Xue walked in.

"Cold-blooded, go investigate her again." He handed him a black photo that had already turned white.

Leng Xue took it, looked at it, and asked in surprise: "Mr. Li, isn't this an old photo of Miss Shen Mei when she was fifteen years old? Why do you want to check it?"

Li Zhenting pursed his thin lips tightly, his sharp eyes flashed, and he looked at Leng Xue.

Cold-blooded shuddered, and immediately said: "Okay."

He turned and left.

Li Zhenting picked up a cigar and put it in his mouth, lit the lighter with his slender fingers, took a deep breath, and exhaled a long puff of smoke.

The doorbell rang.

"Come in." He said briefly.

The door opened, and Shen Ning walked in.

The woman is wearing a slim and short business suit, which sets off the waist line extremely elegantly. Under the short and narrow skirt, the two slender and well-proportioned legs are wearing flesh-colored

transparent stockings, wearing a pair of black pointed-toed high-heeled shoes, and tying up her hair. With a ponytail, she is delicate, elegant and quiet.

"Mr. Li, do you have anything to do with me?" Shen Ning stood still in front of Li Zhenting, with lowered eyebrows and eyes, extremely cautious.

She didn't expect that when she was thinking about whether she should come to Li Zhenting to borrow money and return it to him when the perfume made a profit next month, his secretary took the initiative to call her and asked her to come to Li's immediately. Group trip.

She thought, it must be about funds, because Gu Qi has never had any business dealings with the Li Group, except for money.

"President Li." She spoke softly again.

But after a long time, there was still no response.

She straightened her body involuntarily, and slightly raised her eyes.

When she raised her eyes, she saw that guy Li Zhenting's eyes were falling on her chest... There was a dark light in his eyes.

Well! She pursed her lower lip!

If there is no funds into Gucci after a week, Gucci will have to go bankrupt.

Even though his eyes were a bit awkward at this time, she still raised her lips and gave him a flattering smile.

Chapter 90 Does this have anything to do with me?

"Are you dressed like this to seduce me?" Li Zhenting took another sip of his cigar, his eyes narrowed, and the corners of his lips curled into a cold arc.

Shen Ning was taken aback for a moment, something was wrong, he hurriedly lowered his head.

Instant embarrassment!

I saw that the two buttons on the chest of my work clothes were loosened due to tension or other reasons, revealing the snow-white skin and slender neck inside.

She immediately put her hands on her chest, ran out and buttoned it up carefully, and then walked in again.

"President Li, I'm sorry, I didn't mean to, I can swear."

She hurriedly explained, but found that the more she explained, the more malicious her intentions became, so she had to stand up straight, afraid that the devil's vicious eyes would see something wrong with her again.

"Well, there's something wrong."

Fortunately, Li Zhenting didn't linger on this aspect, he opened his mouth slowly, put out the cigar in the ashtray, looked up at her, took out a red book from the drawer and put it in front of her.

"Take a good look at it."

Shen Ning looked at the red book, which was as coquettish as blood, and instantly had a bad feeling.

A big man with a red book, his whole body is unpredictable, with a strange yin and yang.

Nine times out of ten, I will embarrass her!

She vigilantly picked up the red book and read it carefully.

Seeing this, I almost vomited blood!

It turned out to be a ledger, which recorded the bills of the funds between Gu Qi and the Li Group over the years!

She stared at him with startled eyes:

"President Li, what do you mean by this?"

Li Zhenting looked at her coldly, and pursed his thin lips:

"The Li Group has sent nearly 300 million yuan to Gu Qi in recent years."

"So what? Is it none of my business? No matter how much money you give, it's also for your woman."

"No," Li Zhenting shook his fingers, "It turns out that Gu Qi was founded by your mother, but if it wasn't for my capital to support it, it would have closed down a long time ago, so let me ask you, can you still recover Gu Qi now?" Qi's property rights?"

"..." Shen Ning was speechless.

It seems that what he said makes sense!

But he voluntarily took this advantage for Shen Mei, wasn't it for the sexual blessing of his lower body!

What does it matter to her?

"President Li, your logic doesn't make sense."

Shen Ning shook his head,

"This is equivalent to raising a woman, spending a lot of money on her, maybe a little too much, and then breaking up with this woman. Looking back, you said how much you spent, and you have to settle accounts with this woman. It's a typical behavior of a scumbag."

"You called me a scumbag?" Li Zhenting inexplicably remembered what Ding Ding had said several times when he called him a scumbag, and became a little annoyed.

How could she hear that her tone was very similar to that of his son!

"Shen Ning, let me tell you, this is a debt dispute."

His tone is solemn and serious,

"It's like I built a house for a woman, but the foundation of her house is someone else's. In the end, the house was taken back by someone else. Do you want to recover the cost of building my house?"

"Of course not."

Shen Ning immediately objected,

"Because that house is basically someone else's. It was your woman who took it by improper means. Now that someone else wants to go back, it should be taken for granted. As for you, if you are willing to be taken advantage of, you deserve it. You deserve it. Who made you? If you are greedy for beauty, don't be afraid to spend money if you want to sleep with a woman."

"No, what does this have to do with me sleeping with a woman?" Li Zhenting was a little confused.

Factually, in these years, except for the night six years ago, he never slept with Shen Mei at all, okay?
