

Troublemakers 811

Chapter 811 He really worked hard!

"Auntie, it's not safe for grandma to stay at home like this. Why don't you send her to the hospital?" Suddenly, she asked inexplicably.

"Hey." Li Yuanyuan sighed: "You think I don't want to, her old man refuses to go, they are all thinking of the older generation, if they want to leave, they have to walk in their own home."

Shen Ning was so speechless.

"Aunt, Ningning, don't worry, I have invited the best medical team in the imperial capital, and they will stay here until grandma recovers." Li Zhenting immediately comforted them by the side.

Shen Ning turned to look at him.

so

He went out early in the morning not to watch Xiaofeng, but to hire a professional medical team for grandma!

Li Zhenting touched her head: "Don't worry, I will leave the treatment of grandma to me. I have already made arrangements."

"Thank you." Shen Ning thanked softly and nodded slightly.

only

After Jun Meizhen woke up this time, her body obviously dropped a lot, her eyes drifted away, and she didn't even have the strength to speak. She just lay quietly every day, eating and drinking much less than before.

"Zhen Ting, go and rest. I took care of my grandma last night, and I went to invite the medical team just now. It was really hard work. I have already prepared a guest room for you." Li Yuanyuan came over and said kindly.

"Well, I'm a little sleepy." Li Zhenting yawned and put his arm around Shen Ning's shoulder, "Let's go, let's go to rest."

Shen Ning was pulled towards the guest room by him.

"Zhenting, Xiaofeng is undergoing surgery right now, won't you accompany her?" Shen Ning asked calmly while standing against the bookcase in the guest room.

"No need to go, Mom is over there with her." Li Zhenting yawned with a flat expression, "Come over and sleep together, we have to take care of grandma at night."

Shen Ning looked at the man's sleepy expression and indifferent appearance. At that moment, she believed that there was no Xiaofeng in his heart.

She walked over slowly.

Li Zhenting put his arms around her waist, hugged her into his arms, yawned, and fell asleep with his arms around her.

As soon as he lay down, he purred as soon as his head touched the pillow.

As you can imagine, he really worked hard!

Shen Ning looked at the man's handsome face, full of thoughts in his heart.

If there is no Xiaofeng between them, if the person he loves is her, what a wonderful family they would be!

But why are there always so many ifs? Is it because he is too good?

She stroked her belly with her fingers, feeling sad, and tears flowed out unconsciously.

Later, at some point, she also fell asleep.

When he woke up again, it was already noon, and Li Zhenting was still in a deep sleep.

She quietly got out of bed and walked outside.

"Miss, lunch is heating up in the pot, let me bring it to you." Seeing her, the nanny asked with a smile.

"No need, I'm not hungry yet, let's wait a little longer." Shen Ning smiled and went to the bathroom to rinse his mouth and came out. Suddenly, he saw a figure coming out of grandma's room, and went directly outside .

She took a closer look, and it was Shao Wenbo.

Only when she saw this uncle, she thought of those stupid things he said in front of grandma today. This man only knew to ask grandma for jewelry, but when grandma was stunned by him, he even disappeared. What's the use of my son!

She shook her head, suddenly remembered something, her eyelids twitched.

By the way, the black lacquered wooden box that grandma gave her, I remember it was placed on the bed at that time.

Her face changed color.

Grandma didn't have time to talk to her at the time, and she didn't know what was in the little black box. However, since grandma deliberately went to the attic upstairs to get it out last night, it should be something unusual.

When grandma was seriously ill this morning, she panicked and forgot about it.

She hurried towards grandma's bedroom.

Chapter 812 Did anyone bully you?

In the bedroom, grandma was lying quietly, her thin figure getting smaller and smaller.

Her nose was sore, and she began to search for the little black box in the bedroom.

But no matter how hard I searched, it disappeared.

She sat down on the chair and looked at grandma stupidly.

If you guessed right, Shao Wenbo must have taken that little black box away in the confusion.

what to do?

If it was just jewelry given to her by grandma, then it would be nothing, she would not have wanted it, and if it was taken away, it would be regarded as returning it to the original owner.

But what about something else?

After thinking about it, she fell silent.

It is impossible for grandma to give her anything else. If she had given it to her when she returned to the imperial capital, the evidence of her mother's murder had already been given to her, so there should be nothing else.

Grandma's natal family is a well-known jewelry family, and there must be a lot of jewelry. The small black wooden box contains the most jewelry.

She didn't care about those things!

That is, if you don't care, uncle will take it away!

She didn't bother anymore.

"Mr. Li, after the inspection by our professional team, you have to be mentally prepared. The internal organs of the old man have deteriorated severely, especially the lungs. More than half of them have rotted away. It is unlikely to be cured. It's coming, I don't recommend surgery, and now I'm mainly resting." After a while, when Shen Ning went out to drink some water, suddenly, the voice of the attending doctor Yang Xian came from the guest room.

"Okay, I get it. No matter what, we must do everything possible to prolong the life of the old man. During this time, you should do your best to treat it. Don't worry about the expenses." Li Zhenting's voice was slightly tired, obviously he just fell asleep wake up.

"President Li, don't worry, we will do our best."

"Um."

...

Shen Ning stood blankly in the living room. Grandma's time is running out, and there will be one less dear relative in this world.

She covered her mouth in sadness.

"Ning Ning, what's wrong with you?" Not long after, when Li Zhenting sent Yang Xian out, he happened to see Shen Ning standing in the living room crying secretly, and asked in surprise, "Did anyone bully you?"

"No." Shen Ning shook his head and wiped away his tears, "I have heard what Dr. Yang said."

Li Zhenting was silent for a while when he heard the words, came over and pressed her head into his arms, stroked and comforted her and said: "Life and death, sickness and death are the laws of nature, we juniors will do our best to treat and take care of you, don't be sad, just go with the flow Naturally."

"Mmm." Shen Ning said "Mmm", everyone understands this truth, and he knows how to say it when he persuades others, but when it is his turn, it is so painful and difficult.

"Ning Ning, I didn't do my best when my mother left, and I have been guilty all the time. Now that my grandma is seriously ill, I will definitely do my best. Believe me." Li Zhenting stroked her shoulders, hugged her into his arms with affection, "We will have such a day in the future, let's face it calmly."

Hearing him mentioning her mother, Shen Ning's inner grief and indignation welled up again. At that time, her loneliness and helplessness were so desolate, and there was no comforter around her.

Her tears fell again.

In the past few days, she has been extremely fragile. The pain of losing a loved one made her unable to think about anything, only feeling that the sky was about to collapse.

Fortunately, this time, he firmly guarded her side.

"Don't cry, I have already handed over all the work to Leng Xue, and I will always be with you during this time." Li Zhenting hugged her and spoke softly, wiping away her tears.

Shen Ning pursed his lips tightly, not letting tears fall.

Over the years, she has been thinking that when she went to ask Li Zhenting to save her mother, he slept with her by mistake that day. On that day, she was pregnant with three babies. Thanks to her blessing, after losing one loved one, she gained three more.

According to the Buddhist theory of rebirth, she actually got it, which is why she can let go of it.

Chapter 813 What my wife bought must be the best

In the afternoon, Li Zhenting and Shen Ning went to the kindergarten to pick up the three little guys to accompany Jun Meizhen.

Jun Meizhen's mental state has obviously deteriorated. Although she also likes the children, she can only touch their heads and hands, try her best to smile, and speak very little.

Shen Ning only let the children stay for a while, so as not to disturb grandma and consume her energy, he asked Butler Luo to take the children back to Li's Castle.

This night, like last night, Li Zhenting took care of Jun Meizhen, and he let Shen Ning lie on the recliner to sleep.

While guarding grandma, they talked about some topics.

Over the years, it was a rare in-depth communication between them. What surprised them was that they knew each other so well, and they were able to blend into each other's soul so well.

Li Zhenting was very pleasantly surprised, as if they had discovered a new world, they seemed to have endless words to say while hugging each other.

For two nights in a row, they stayed together like peas and peas, taking care of Jun Meizhen. They were very affectionate, and they even brought their meals into the room. Affectionate.

The third night.

Jun Meizhen's condition worsened, she hadn't eaten all day, her mental state was very bad, and everyone was worried.

Li Zhenting and Shen Ning took care of her more carefully, paying attention to her condition all the time, fearing that she would leave suddenly.

That night, Shao Wenbo, who hadn't shown up for a long time, came, Shao Wenqing also came, and the three grandchildren also came one after another. Everyone came to visit Jun Meizhen, and the whole family talked together, and the atmosphere was very harmonious.

"How about it, Zhenting, Ningning, you have worked hard these few nights, let me and Yuan take care of mom today." After a while, Shao Wenbo said with a smile.

When Shen Ning heard it, he finally said something human. He hadn't seen anyone for so many days. His own mother was seriously ill, so he should take care of her.

She and Li Zhenting have been taking care of her for three consecutive nights, so there is nothing wrong with changing them to take care of her.

"Then it's hard work, uncle and aunt." Before Li Zhenting could speak, Shen Ning rushed to answer.

"It's not hard, I should, I should." Shao Wenbo laughed repeatedly, looking very willing.

"Yes, Zhen Ting, Ning Ning, you should sleep well tonight, leave everything to us, and we will call you if there is anything." Li Meiyuan also answered with a smile.

"Okay." Shen Ning nodded, and walked out holding Li Zhenting's hand.

"Ningning, are you sure you can trust grandma to him?"

"It's okay, let's have a good night's rest first, it will be fine with Aunt Dollar."

Li Zhenting thought about it, so he followed Shen Ning to the guest room.

"Go take a shower first, and go to bed early." Shen Ning handed over a set of pajamas to Li Zhenting, which she ordered online for him yesterday, "The quality of this is not as good as yours, so just let it go."

"It's okay, what my wife bought must be the best." Li Zhenting leaned over and wanted to kiss her, giggling.

"Don't make trouble, it's not good for people to see." Shen Ning's face was a little red.

"We are husband and wife, what's wrong with it, it's not good if we don't have one." Li Zhenting put his arms around her and kissed her, "But now grandma is seriously ill, I can't do anything."

He hugged her for a while and then went to take a bath. After a while, the man came out, wearing the blue nightgown that Shen Ning bought for him.

The man's skin is fair, his facial features are handsome, and the blue nightgown sets off his outstanding demeanor and extraordinary handsomeness.

Li Zhenting is indeed a clothes hanger, he can wear any kind of clothes to look noble and decent.

Chapter 814 How ridiculous this is!

"Is your husband so handsome that he doesn't even blink his eyes." Li Zhenting looked at Shen Ning's nympho, with the corners of his lips slightly raised, and asked with a half-smile.

Shen Ning immediately withdrew his eyes, and puffed up his cheeks: "You are so beautiful, no one cares about you."

Li Zhenting smiled: "Go take a shower, and go to bed early tonight."

Shen Ning took his pajamas and walked towards the bathroom, and locked the door behind him.

Li Zhenting narrowed his eyes, curled up his lips, and crawled into the quilt.

After a while, Shen Ning came out of the shower and walked back and forth in the room.

Li Zhenting yelled at her: "Come up soon, go to bed early."

Shen Ning was still walking: "Go to sleep by yourself, I will sleep in another room, and I won't disturb you."

Li Zhenting's face sank: "No, come here quickly."

Shen Ning stopped and said: "I may go to visit grandma at night, for fear of disturbing you."

"Come here obediently. It's been a few nights, do I still care about disturbing you?" He scowled, "Don't worry, I won't do anything. Besides, we are husband and wife and don't sleep in the same room." Room, you still want to sleep in the guest room, what do they think when they see it? When they tell grandma, she will be worried."

This guy is indeed a fine person, and he hit Shen Ning's weakness in one shot.

Shen Ning walked over immediately.

"Yeah." As soon as she approached, Li Zhenting supported the bedside table with his upper body and stretched out his hand to drag her over. She screamed in fright, and before she could react, she was hugged into his broad arms.

"That's good, let's sleep well." Li Zhenting hugged her contentedly, turned off the bedside lamp, and covered her with the quilt.

Shen Ning was sleeping in his arms, listening to the man's well-proportioned breathing. At this moment, she was extremely happy and satisfied.

In countless dark nights, when she woke up, she was surrounded by empty beds and cold air, but at this time, she was hugged by the person she loved, and the feeling was really good.

They soon fell asleep.

"Xiaofeng, Xiaofeng." In the middle of the night, Shen Ning was woken up by a sound of dreaming, and heard that familiar voice that made her stand on end, like a basin of cold water pouring down on her head, she shrank into a whole body. She was clearly surrounded by a raging fire, but at this moment she was shivering with cold.

It was a kind of cold from head to toe, from the heart to the fur, and the cold penetrated into the bone marrow.

He is holding her in his arms but calling another woman's name, how absurd it is!

She didn't feel sleepy anymore, she opened her eyes and stared at the ceiling, tears streaming silently.

Afraid of affecting his sleep, she got up and walked outside.

After a while, I pushed away my grandmother's bedroom.

At this time, she was in a very sad mood. She just wanted to see her grandma, stay with her for a while, and also wanted to be comforted by her grandma. When she thought that her grandma had only a few days to live, she became even more sad and couldn't control her tears.

only

When she pushed away from grandma's bedroom, she was stunned.

I saw that the originally tidy bedroom was in a mess, and a man with a fat head and brain was rummaging around in the room, as if he was looking for something.

By the faint night light, she saw that the man was Shao Wenbo!

"Mom, where are those jewels? I'm your own son, give it to me quickly." Shao Wenbo shouted in Jun Meizhen's ear.

But Jun Meizhen closed her eyes tightly and did not move.

"Mom, did you give those jewels to Shen Ning, didn't you?" Shao Wenbo became a little annoyed and gritted his teeth.

The Sleeping Beauty alone is worth at least 300 million yuan. With such a huge amount of wealth, Shao Wenbo almost turned the entire Shao family upside down these days, except for this bedroom.

He saw Li Zhenting and Shen Ning guarding Jun Meizhen every day, worried that they had ulterior motives, and heard the doctor say that his mother would not live for a few days, so he was worried about those jewels, so he thought of sending them away in the name of taking care of them After

sleeping until midnight, he **** off Li Yuanyuan who was not dealing with him, and then he started to search, but after looking through it, he still found nothing, and he couldn't help becoming angry from embarrassment.

At this point, Shen Ning finally understood.

It turned out that Shao Wenbo's desire to take care of grandma was fake, but it was true that he was looking for jewelry!

Chapter 815 This man is really hopeless

Shen Ning couldn't take it anymore!

"Uncle, grandma is seriously ill, do you still have a conscience for persecuting her like this?" Shen Ning rushed in and asked angrily.

Shao Wenbo was shocked, he didn't expect Shen Ning to run in in the middle of the night, his face was full of panic.

But soon, he calmed down.

"Shen Ning, could it be that your grandmother gave you all the jewelry from our Shao family? It's from our Shao family's property. Don't even think about it. If you give it to you, then quickly take it out, or I will find out, I will definitely file a lawsuit with you." He said bluntly.

Shen Ning was very angry when he heard this.

"Uncle, whoever wants to give grandma's jewels is her right. You forced her when she was so seriously ill, did you consider her health?" She accused angrily, "As for grandma's jewels, you Don't worry, even if the old man really gave it to me, I won't take it, I don't need these things, please respect her old man and me, and don't make groundless accusations and speculations."

"Hey." Shao Wenbo sneered when he heard it, "Don't pretend to be arrogant with me. I haven't seen you before. Now that my mother is seriously ill, you have come here one by one and took care of her so graciously. Who knew that you were pregnant with me?" Don't think I don't understand, I have seen many people, and I understand the weakness of human nature best, no one will think too much money, and no one should memorize the things of our Shao family."

Shen Ning didn't expect his thinking to be so dirty, this man is really hopeless.

"Uncle, the Li Group has plenty of money. Would Li Zhenting care about grandma's jewels? Besides, you had auctioned off grandma's jewels to pay off the debt. If he hadn't taken the Sleeping Beauty and those jewels, Shaw Brothers Do you still have jewelry? I also sent back the set of Sleeping Beauty and jewelry to my grandma. If I want to give it back, you are simply insulting our personality, even insulting me. Even Li Zhenting is suspicious. It's too much."

Shen Ning was so angry that his face flushed, a big man didn't do serious things, he was full of calculations, and had nothing to do.

"Ning, Ning..." Suddenly, the grandma who was motionless on the hospital bed called Shen Ning's nickname intermittently.

"Grandma." Shen Ning rushed forward and shouted loudly.

Shao Wenbo also rushed forward.

"You, you... this bastard." Jun Meizhen stared at Shao Wenbo, her fingers trembling, "Get lost."

"Mom, if you tell me where the jewelry is, I'll get out." Shao Wenbo was already shameless for asking for money, so he played a rogue.

"Don't even think about it..." Jun Meizhen began to gasp for breath, opening and closing her fingers continuously, appearing in extreme pain.

"Grandma." Shen Ning was so frightened that he hugged her into his arms, his heart ached, and he gave her chest to breathe with his fingers.

Jun Meizhen gasped heavily for a while and was speechless.

"Hurry up and call a doctor." Shen Ning shouted at Shao Wenbo.

Shao Wenbo stood still, and said coldly: "In case I leave, she gave you the jewelry."

What a jerk!

"Then you come and take care of her old man, I'll call a doctor." Shen Ning called to him, just as he was about to put down Jun Meizhen to call a doctor.

Sudden

Jun Meizhen firmly grasped her finger, not letting her go.

"Grandma." She looked down at her.

Jun Meizhen opened her eyes after a violent panting, and looked at her with a blazing light in her eyes.

Chapter 816 The old lady has gone

"Ningning, promise me that no matter what crisis the Shaw Corporation encounters in the future, you will help me. Grandma is begging you." Soon, Jun Meizhen, who was seriously ill, said these words fluently, clearly Even Shao Wenbo, who was standing next to her, could hear her clearly. After she finished speaking, she fixed her eyes on her.

Shen Ning replied with tears: "Grandma, don't worry, old man, if there is such a day, I will definitely do my best to help Shao."

"Okay, thank you." A smile appeared on the corner of Jun Meizhen's lips, and the light in Shen Ning's eyes was getting weaker and weaker.

"Grandma." Shen Ning yelled when he realized something.

Jun Meizhen's fingers holding her became looser and weaker.

"Grandma, grandma." Shen Ning quickly shouted.

"Hey." Jun Meizhen sighed suddenly, as if releasing the pressure from her whole body, she tilted her head and died.

"Grandma, grandma." Shen Ning turned pale, shouted loudly, stretched out his hand to touch grandma's nostrils, there was only air coming out but not in.

She burst into tears instantly.

"Uncle, hurry up and call someone, now that grandma is dead, don't worry, she won't give me any more jewelry."

-She shouted loudly at Shao Wenbo.

Shao Wenbo panicked now, ran out and shouted: "Dollar, brother, sister-in-law, hurry up, mom is dead."

The whole house exploded in an instant, everyone woke up with a start, and all ran towards this side.

Shen Ning knelt on the bed, motionless, still hugging grandma in her arms, Jun Meizhen's fingers were still holding hers, she dared not move, for fear that if she moved slightly, her fingers would fall down, and from then on There will be no grandma to hold her hand.

When she was a child, her grandmother took her out to play. No matter what time she was, she always held her hand, showed her various customs, and brought her up.

How much she wants to be walking in this world with her grandmother holding her hand all the time.

But grandma left her ruthlessly.

"Ning Ning." When Li Zhenting was woken up, his first reaction was to look for Shen Ning, but Shen Ning was no longer by his side. He hurriedly got up and ran towards his grandmother's bedroom. When he ran over, Shen Ning was hugging her Kneeling on the bed, maintaining a posture, like a fool, he felt a pain in his heart, and ran over to hug her.

At this time, Yang Xian rushed over with the equipment and medical team.

Li Zhenting carefully placed Jun Meizhen's head on the bed before hugging Shen Ning.

Yang Xian immediately took the doctor to check.

After a while, he stood up and announced with a serious face: "Mr. Li, relatives, please express your condolences, the old lady has gone."

"Mom, grandma." In an instant, there was a wailing sound in the bedroom, and the descendants of Li Meizhen and Shao Wenqing all surrounded him, shouting and crying loudly while holding Jun Meizhen's body.

Shen Ning also rushed over.

Li Zhenting hugged her.

Jun Meizhen has sons, grandchildren, and they are her closest people. At this time, there is no place for her to stand.

The entire Shaw Villa was shrouded in a huge cloud, and the crying was loud.

The tears of the grandchildren must be sincere. The tears of Li Meiyuan, Tang Lingjie, and Shao Wenqing will not be false, but Shao Wenbo is not known. His cry is the loudest here, but in his heart, only Shen Ning knows what he is doing. nasty thoughts.

It would be nice if there was some regret in his tears at this time.

Shen Ning stood with a pale face, his whole body was so fragile that he seemed to be knocked down at any moment!

Chapter 817 Just don't dislike it

Next is Jun Meizhen's mourning activities and funeral arrangements.

Jun Meizhen was born a famous lady, and can be regarded as a well-known entrepreneur. She knows a lot of people from all walks of life. The funeral is naturally more grand. Of course, the most important thing is that Li Zhenting personally presided over the funeral.

If only the Shaw Group was in the business world, few people would come to participate, but many big companies in the imperial capital came here for the sake of Li Zhenting, and accompanied them with a lot of gifts.

This made Shao Wenbo and Shao Wenqing secretly happy.

The day of the memorial service was crowded with people and it was very lively. Li Zhenting also spent a lot of money to decorate the memorial hall. Li Wanqing and Li Jinyao also came to attend the funeral. There were many people from all walks of life.

It's been a week since I finished all these tasks.

"Ning Ning, the matter here is over, we can go back." That night, Leng Xue drove the Rolls Royce over, and Li Zhenting asked Shen Ning.

I have been here for eight days, and I have to go back. The Li Group has accumulated a lot of things.

"It's ok." Shen Ning looked at the man who had lost a lot of weight during this time, feeling guilty, "I'm sorry, Zhen Ting, thank you for your hard work."

Grandma left with dignity, which is considered to have fulfilled her big wish!

"It's not hard." Li Zhenting smiled, "My wife's business is my business, so there's no such thing as hard work."

"Then we can go and say hello to my aunt." Shen Ning smiled slightly, and led him to the living room.

"Mr. Shao, this is the old lady's will, black and white, stamped by the notary office, there is no problem." In the living room, a middle-aged man wearing glasses was reading the will. After reading the will, Shao Wen Bo was the first to stand up and yell loudly, and the lawyer sternly opposed him.

His face was full of frustration.

Actually, before she was alive, Jun Meizhen made a will. She divided Shao's shares into six shares and gave one share to Shao Wenqing and his wife, Li Meimei and three grandchildren.

But Shao Wenbo has nothing, only 5,000 yuan a month for living expenses.

As for jewelry, she bequeathed it all to her three grandchildren.

Therefore, when Shao Wenbo heard the will, he was the first to object.

Knowing sons is better than mother, Jun Meizhen has known her two sons for a long time, and has already made arrangements. The law is the law, how can it be trampled on.

Shao Wenbo had no choice but to compromise in the end, and he would receive 5,000 yuan a month for living expenses, which made him calm down immediately.

It was only later that Shen Ning found out that when Jun Meizhen died, he had already provoked another young woman outside, and every day he was thinking of using Shao's money to fill his selfish desires. Jun Meizhen was furious and felt even more ashamed She was cruel to Li Meiyuan.

Facts have proved that a man who has no money will not be entangled by a woman. Shao Wenbo, who is honest, can only stay at home every day, gradually change his bad habits, and try his best to repair the relationship with Li Yuanyuan. Finally, they remarried. Shao Wenbo Bo also received the best care, the children are promising, the family is harmonious, and they have lived up to Jun Meizhen's painstaking efforts. Of course, this is all for later.

"Aunt Dollar, come here." Shen Ning took Li Yuanyuan outside. She didn't say a word about how Shao Wenbo **** grandma to death. She just smiled and took out a card. She said: "There is a sum of cash in it. It is the money Gu Qi earned during this period. You can use it first. This is my gift to grandma. Just don't let uncle know."

"How can I do that? Your company is just starting up, I can't ask for your money, and you are also very difficult." Li Meiyuan immediately declined.

Shen Ning smiled: "If there was no grandma, I wouldn't be where I am now. Now that Shaw Brothers is facing a crisis, I should do my best. Just don't dislike me."

After finishing speaking, she shook his hand heavily, turned around and followed Li Zhenting away.

Li Yuanyuan had tears in his eyes.

Chapter 818 I have joined the Li Group

Li's Castle.

"Ning Ning, please come with me to the study." As soon as Shen Ning and Li Zhenting got home, Li Wanqing stood in front of the gate and waited for them. She comforted Shen Ning and then immediately changed the subject and spoke to her.

Shen Ning was taken aback, did something important happen? One must know that Li Wanqing never asked her to go to the study to talk.

She felt faintly uneasy!

Li Zhenting also looked at Li Wanqing in shock.

But Li Wanqing just turned around and walked towards the study.

Shen Ning looked sharply, and had no choice but to follow Li Wanqing to the study.

"Mom, what do you want from me?" She asked anxiously as soon as she entered the study.

"Ningning, come on, sit down first, I have something to ask you." Li Meiyuan took her arm and sat down on the sofa. After a pause, he said, "I want you to be the leader of the Li Group Vice President, to assist Zhen Ting's work."

What?

Shen Ning almost jumped when he heard it.

"Ning Ning, don't be surprised, this is after my careful consideration." Li Meiyuan squeezed her hand, "I hope you can love my son until the end of life, and the two of you will work together, raise your eyebrows, and become a Li family group guardian of the

"Mom, but my ability is limited, and I don't know anything about Li's Group. I can't even be a department manager, let alone a vice president." Shen Ning shook his head, thinking that this is Tianfang Yetan.

Ke Li Wanqing smiled slightly:

"Don't worry, I know this better than you. You don't have to take care of the company's business affairs. The main thing is to take care of Zhenting. Tell me now, do you agree?"

"I..." Shen Ning really didn't know how to answer, "Mom, I'm too busy with Gu Qi's affairs."

"I will send someone to assist Marley at Gu Qi, don't worry, nothing will happen."

"But Mom, even if I agree, Zhenting may not agree." Shen Ning thought of Li Zhenting, he is the president of the company, and he must agree to the company's personnel appointment. He will never agree to such a ridiculous arrangement.

But Li Wanqing is full of confidence:

"It's up to him whether he agrees or not. All you need is your consent. I have my own arrangements."

"Mom, let me think about it first." Shen Ning was really embarrassed.

"Ning Ning, do you love Zhen Ting? If you love him, go and stay with him. You can't go wrong listening to what mom says. Mom sincerely hopes that you two will be happy for a long time." Li Wanqing sighed. He took a deep breath, and said earnestly, "Li's Group has many businesses, and the company is intricate. You go to experience it now, and you can stay with Zhenting in the future. This is good for the future of both of you."

Shen Ning seemed to understand Li Wanqing's painstaking efforts, but she didn't seem to understand anything. After all, a Gu Qi had already caused her a lot of trouble, plus a Li family group, and she was pregnant again, and her energy was limited. Besides, she Really nothing.

But Li Wanqing has a big idea, and it seems that she has decided long ago.

In desperation, Shen Ning could only try to accept it under Li Wanqing's aggressive pressure.

However, the next day, when she was reporting to the Li Group, she met a woman unexpectedly at the elevator entrance, and she began to understand Li Wanqing's intentions.

"Sister, good morning." Xiaofeng was sitting in a wheelchair, a nurse was pushing her, her face was pale, she was wearing a hospital gown, she was holding a folder in her hand, she was delicate and charming.

"Why did you come here?" Shen Ning was shocked.

Xiaofeng is soft and weak, with a white but confident smile on his face: "Sister, don't you know? I have already joined the Li's Group."

"You joined Li's Group?" Shen Ning was incredulous, "Didn't you just have an operation after a serious illness? How did you join Li's Group? What position did you join Li's Group? Does Zhenting know?"

Chapter 819 You are too nervous for me

Xiaofeng smiled softly: "That's right, I had the operation, but the operation was successful. The bone marrow that Zhenting found for me was in harmony with me, and there was no rejection. The doctor said that I will be a normal person in the future." , However, I still have to cultivate for a while, but this does not prevent me from working for the Li Group, because the Li Group needs me, and I also want to repay Zhen Ting's kindness to me."

Shen Ning was completely stunned by Xiaofeng's words, and stood there blankly.

"Sister, the current domestic chip technology is still unable to break through the bottleneck, and I just learned the expertise in this area. I want to contribute to the country, I also want to help the Li Group, and I want to repay Zhen Ting's kindness. After all, in this life, he is the only man I love. My greatest wish in life is to help Zhenting develop his career and the Li Group. For Zhenting, I am willing to dedicate everything. It's time to work." Xiaofeng brushed her hair lightly with her soft fingers, and the file bag on her fingers was trimmed with gold, shining brightly, with undisguised aggression and high-handed plunder.

Shen Ning suddenly felt dizzy and couldn't stand upright.

"Sister, what about you? Is there something wrong with the Li Group so early in the morning? Or are you looking for Zhen Ting?" Xiaofeng asked quietly, with a slight smile on his lips, "However, you are very interested in Li You don't know anything about the business of the group, so you should be looking for Zhen Ting, didn't he kiss you goodbye when he went out?"

Shen Ning lowered his head.

Xiaofeng turned out to be a high-tech talent in chips, and he was born just for Li Zhenting. They really are a natural couple!

"Sister, Zhenting asked me to meet in the office, I'm leaving first." At this moment, Xiaofeng smiled sweetly at her, and the nurse pushed her towards Li Zhenting's office.

Shen Ning suddenly covered her mouth with her hand. Originally, she was also going to Li Zhenting's office to find him, but now, she couldn't move anymore.

"Xiaofeng, why did you come here so early? Didn't you agree that I would pick you up? Also, it's very air-conditioned here, isn't it cold if you just wear this light?" Over there, Xiaofeng left not long ago. Li Zhenting's concerned voice came from afar, Shen Ning raised his eyes and saw Li Zhenting's slender and tall figure appearing in front of Xiaofeng, he bent down and touched Xiaofeng's shoulder, took off his suit and put it on. On her thin shoulders, he pushed his wheelchair and walked towards his office.

Shen Ning felt as if he was being shocked by an electric shock, and his feet could not move.

"Zhenting, I'm not cold, you are too nervous about me." Xiaofeng's coquettish voice came softly

Through the air, she could feel the chemical reaction between them, the ambiguous intimacy.

Shen Ning's face turned pale, and the words Li Zhenting had promised rang in her ears over and over again, shaking her brain with severe pain:

'Ning Ning, I have nothing to do with Xiaofeng. Don't worry, I will send her away as soon as her condition is stabilized after the operation. '

'Ningning, I love you, Xiaofeng is just my past, she once saved me, I am doing this now to repay her kindness, I will have nothing with her. '

...

Is that really the case?

Shen Ning sneered!

Sure enough, the man's mouth is a deceitful ghost, yesterday they were still in love at Shaw Brothers, but in just one day, he completely changed.

Not only did he not send Xiaofeng away, but he also invited her into the Li Group.

What did this take her for!

"Ning Ning, what are you doing here, why don't you go to Zhenting's office?" When she was in a daze, suddenly, Li Wanqing's voice came from behind, and she quickly came in front of her.

Chapter 820 Really smelly and shameless

"Mom, I'm not qualified for this job, you better let me go." Shen Ning refused to go to Li Zhenting's office anyway, and held Li Wanqing's hand, with silent tears in the corners of his eyes.

Looking at her pale and sad face, Li Wanqing said firmly, "No, you can adapt, trust me."

"Mom, I..."

"Don't hesitate, come with me. No one knows Zhen Ting and you better than me. Happiness is achieved by yourself. If you give up, who else can help you."

Li Wanqing took her hand and walked towards the president's office.

In the president's office.

Xiaofeng smiled happily, like a gentle little woman.

"Xiaofeng, come, drink some water first." The man personally poured a glass of boiled water and handed it to her.

"Thank you Zhenting." Xiaofeng took it with both hands, and suddenly, his cold fingertips grasped the man's hand tightly, and gently brought the cup to his mouth to take a sip, "Ah, it's so hot."

She stuck out her clove tongue and spit out all the water.

The nurse next to her immediately took the water glass in her hand.

"Be careful." Li Zhenting frowned, and wiped her lips gently and carefully with a tissue, carefully and extremely focused, without noticing the two women who were already standing at the gate.

"Zhen Ting, thank you." Xiaofeng suddenly wrapped his hands around his neck, and fell into his arms with his whole body, smiling, staring at him affectionately, his beautiful eyes glowed with radiance, like a seductive The vixen, seductive to the bone.

Shen Ning looked at the pair coldly, expressionless.

Li Zhenting, last night you fell asleep with my arms around me, but today, you hugged another woman, how could you be so scumbag!

Her heart gradually became frozen.

"Is there any law of the king? In broad daylight, a woman hugs a married man and flirts with him. How decent is it? I have bumped into this more than once. It's really shameless." At this time, Li Wanqing rushed He went in and reprimanded loudly.

Li Zhenting was startled, jumped up and stood up, raised his eyes, and immediately met Shen Ning's indifferent and resentful eyes.

"Mom, why are you and Ningning here?" He immediately greeted her.

"Joke, if we don't come over, wouldn't we let you cuddle with Xiaosan and make you cheaper." Li Wanqing sneered.

Li Zhenting blushed and looked at Shen Ning: "Ning Ning, there is something I wanted to tell you?"

"What did you say? You said you wanted to hire Xiaosan and keep her by your side." Li Wanqing looked at Xiaofeng coldly and mocked.

Li Zhenting's face was embarrassing:

"Mom, Xiaofeng did join the Li's Group, but he came in with real ability, and he is a rare talent that our Li's Group now attaches great importance to. I only found out today, and I am going to ask her about it."
."

"Talent?" Li Wanqing's voice was sharp, "Does a talent need to climb a bed to get into position?"

"Mom." Li Zhenting's face turned pale.

"Auntie, don't blame Zhenting. In fact, Zhenting cured me of leukemia. I was very touched and wanted to repay my kindness. I came to the personnel department of Li's Group for an interview secretly. Zhenting didn't know about it beforehand. , I know that the Li Group is currently facing a chip dilemma and is in a bottleneck period, and I have mastered a certain amount of chip crystal design, which can just help the Li Group, so it is not surprising that I came here on my own initiative. Ting." Xiaofeng looked at Li Wanqing with sincerity on his face.
