

## Troublemakers 841

### Chapter 841 Where's Daddy?

"Brother, can you call Mommy?" Xiao Xiao anxiously looked around, urging Ke Ke.

She couldn't see Mommy, she was very worried.

"good."

Ke Ke took out the phone watch and was about to make a call, but Lan Lan who was standing beside her smiled gloatingly, and sneered:

"Hmph, stop beating, your mommy doesn't want you anymore."

Shen Ning didn't come, Lan Lan was very happy, anyway, she didn't have a mommy to pick her up, and she didn't want them to have a mommy, so her heart could be balanced.

"Nonsense, your mommy doesn't want you, our mommy is the kindest and gentlest, she can't possibly not want us." Xiaoxiao was very angry when she heard that, and glared at her angrily.

"Lan Lan, how dare you say that our mommy doesn't want us anymore, do you want to be beaten?" Ding Ding became angry and stared at her viciously.

Lan Lan was terrified, she pouted her lips and dared not speak, but she became more and more disgusted with Shen Ning in her heart.

Ke Ke, Ding Ding and Xiao Xiao often showed off their mommy in front of her, which made her more and more unbalanced. Even if Shen Ning tried her best to take care of her, she couldn't calm her down.

"Look, Mommy's car is here, let me tell you, Mommy always keeps her word, and she will definitely come to pick us up." Suddenly, Coco's eyes lit up and she shouted loudly.

When they saw it, it was indeed Shen Ning's car.

"Mummy." The three little ones cheered, opened their arms, and ran towards Shen Ning with short legs.

"What's the big deal." Lan Lan pouted, muttered, and reluctantly followed.

Shen Ning opened the car door, squatted down, opened his arms, and hugged the three little guys.

"Mommy, we thought you weren't coming." Ke Ke threw herself into Mommy's arms, her face full of happiness and contentment, her small mouth curled up.

Shen Ning's heart twitched, and he kissed him: "How come, Mommy will never want you, you are Mommy's darling, forever."

At this time, Lan Lan came over and just stood by.

Shen Ning wanted to hug her, but she asked back: "Auntie, where is my daddy? Ke Ke said that daddy will come to pick us up too."

Lan Lan's face was full of disappointment.

"That's right, where's Daddy?" At this moment, the three little guys also remembered, and asked quickly.

Shen Ning's heart twitched violently, and the image of Li Zhenting feeding Xiaofeng porridge flashed in her mind. Before coming here, she thought that she had promised the children that they would come to pick them up together, so she returned to the president's office, but Seeing that Li Zhenting was intimate with Xiaofeng, and her husband was feeding porridge to another woman, he ran out immediately.

"Your dad is very busy these days, so he doesn't have time to pick you up. It would be nice if Mommy came to pick you up." She explained with a smile.

"Okay." The four little guys were very helpless.

Since Daddy and Mommy remarried, it was very difficult for them to see Daddy.

Shen Ning took the hands of the little ones and walked towards her car.

Li's Castle.

"Ningning, where's Zhenting?" As soon as Shen Ning walked in holding the children's hand, Li Wanqing came up to him and asked.

"Mom, Zhenting is quite busy. He's still in a company meeting. I'm going to pick up the children." Shen Ning replied with a forced smile.

"Oh." Li Wanqing said "Oh" and said nothing.

Since the son and daughter-in-law remarried, they spend less and less time with the children, which makes the children very unhappy.

But there is no way, the company does have a lot of things right now.

If Shen Ning and Li Zhenting are forced to go in and out at the same time, it is indeed unrealistic. She thinks that as long as Shen Ning can stay with Li Zhenting, it will be considered good.

At this time, Aunt Yun had already prepared the food for the children.

After cleaning up the children, Shen Ning took them to afternoon tea.

Aunt Yun prepared exquisite pastries and milk drinks for the children.

"Ouch." Shen Ning let the children sit down, bent over, the smell of cream hit his nostrils, and his stomach was overwhelmed instantly. He immediately covered his mouth and ran towards the bathroom.

Lying on the bathroom toilet, she vomited upside down.

Chapter 842 Eight hundred and forty-two you are not pregnant, are you?

"Brother, Ding Ding, do you think Mommy is very unhappy?" Xiaoxiao asked worriedly looking at Mommy's back.

"Well, I feel it too." Ke Ke nodded emphatically, "Mommy has been very preoccupied these days, could it be that Daddy is bullying Mommy again?"

"It's possible." Ding Ding scratched his head, "Daddy is very arrogant, I'm afraid it's an old problem again."

"What a bad daddy." Ke Ke and Xiao Xiao listened to clenched their fists.

"That's not it, Daddy is not bad, he didn't bully your mommy." Lan Lan was not happy to hear the three of them defame Daddy, and immediately objected, "When your grandma died a while ago, Daddy I stay with your mommy every day. Many people say that your mommy made money by finding Daddy. Daddy is so nice. He not only helps take care of grandma, but also pays a lot of money. Others say that your mommy is not good enough for me. Where is Daddy?"

"You are talking nonsense." Coco was very angry, "Our mommy is kind and excellent, and she has her own company. Why is she not worthy of Daddy, and you are not worthy of being Daddy's child."

"Hmph, it's your mommy who pestered my daddy, anyway, I don't allow you to speak ill of my daddy." Lan Lan confronted each other.

"Ah, even if you eat well, you will quarrel." Li Wanqing heard the noise and ran over.

"Grandma, they scolded Daddy, calling Daddy a bad daddy." Lan Lan was the first to complain.

"That's not it, she said that our mommy is not good enough for Daddy." Coco was not to be outdone.

They scrambled to tell what had happened.

After hearing this, Li Wanqing said: "Little guys, grandma tells you that your daddy and mommy are the best daddy and mommy in the world, they are the most beautiful couple, now they are for you, for this family, I'm busy working hard every day, so I'm not allowed to speculate in the future, let alone talk nonsense."

The four little guys fell silent.

After a while, the little ones finished their snacks, and Xiao Xiao pulled Ke Ke and Ding Ding aside and said in a low voice:

"Coco, Ding Ding, no, Daddy must have bullied Mommy, Mommy is so pitiful, we must help Mommy."

"Well, good." Coco and Ding Ding nodded at the same time.

"But how can we help? Daddy is in the company now, so we can't see him?" Xiaoxiao was a little embarrassed. Now Daddy is bullying Mommy more and more. Bullying her in front of them, it's fine now, in front of them, he's been nice to Mommy, and then it turned into bullying secretly, so that they can't see it, and it's hard to avenge Mommy.

"What's so embarrassing, tomorrow we will secretly go to the company to observe after school, if we find that Daddy is really bullying Mommy, then we will clean up bad Daddy immediately." Coco quickly had an idea.

"Well, but we can only go once once, but I have a good way to see if Daddy is bullying Mommy every day." Ding Ding then spoke mysteriously.

"What method?" Ke Ke and Xiao Xiao regained their spirits.

Ding Ding pulled the heads of the two little ones over and whispered, and finally the three little ones smiled and nodded in agreement.

In the bathroom, Shen Ning walked out after vomiting.

"Ning Ning, what's wrong with you?" She just turned around and saw Li Wanqing standing at the door of the bathroom looking at her with a worried face.

She was so frightened that her heart beat to her throat, and she hurriedly replied: "Mom, it's okay, I may have caught a cold from working overtime last night, and my stomach feels a little uncomfortable."

"Then let Zhen Ting take her to the hospital. This little face is pale and sallow, as if she is seriously ill." Li Wanqing sized her up and ordered.

"Okay, I will." Shen Ning smiled and was about to leave.

Li Wanqing suddenly stopped her again, smiling: "Ning Ning, are you pregnant?"

Shen Ning's heart beat slowly for half a beat, and his face changed color.

"Impossible." She immediately turned around and denied, "Now there are four children in the family, how could she be pregnant again."

"That's right." Seeing her affirmation, Li Wanqing nodded, "Let's think about it after the children are older. No rush, no rush."

Shen Ning heaved a sigh of relief, and walked upstairs, preparing to go to the guest room to rest. As soon as he walked upstairs, he saw a girl walking out of her guest room.

When she saw it, it was Xiaofeng.

Chapter 843 Who are you talking about as the mistress?

"Hi Ma'am, you're back." Seeing Shen Ning froze for a moment, Xiaofeng immediately bowed her head and stood aside to greet politely.

"Xiaofeng, do you have anything to do in the guest room?" Shen Ning frowned and asked.

"It's okay, I just went in and cleaned it up. It hasn't been cleaned for many days." Xiaofeng replied in a low voice.

"Oh, thank you then." Shen Ning thanked and prepared to go to sleep.

Xiaofeng walked downstairs.

"By the way, Xiaofeng, is your mother alright?" Shen Ning remembered seeing her call her mother secretly last time, saying that her mother was seriously ill, so she hurried to take care of her.

Xiaofeng was startled, her eye circles were red, and immediately said in a low voice: "Ma'am, I'm fine now, thank you for your concern."

"Well, that's good, if you have any difficulties, just say so, don't have any worries."

"Ok, thank you."

Shen Ning walked into the guest room, feeling exhausted physically and mentally, fell asleep on the bed not long after.

Li Zhenting did not go home that night.

Early the next morning, Shen Ning followed the housekeeper to send the children to the kindergarten and returned to the Li Group.

Chip Design Office.

Shen Ning slowly walked into an elegantly furnished office.

Xiaofeng was sitting on the sofa, drinking tea, with an elegant expression and a rosy face.

"Yo, sister is here." Seeing Shen Ning walk in, she immediately greeted with a smile.

Shen Ning stood still in front of her, looking at her lightly.

Xiaofeng was not at all uncomfortable with her arrival, and raised his eyes to meet her gaze, with smiles in his bright eyes and a happy face.

"I'm here to check on the work." Shen Ning said calmly.

"Welcome, welcome." Xiaofeng raised her eyebrows and smiled even brighter.

"Assistant Shen has a rosy complexion and a smile on his face. It seems that the illness has been completely cured." Shen Ning looked at her, with something in his words, observing the expression on her face.

Xiaofeng blinked her bright eyes, smiled like a flower, and suddenly lifted the hair beside her ear with her pale fingers.

Only for a moment, Shen Ning only felt his eyes gleaming with blood as if being stabbed by a sharp thorn.

There was actually a deep hickey on the woman's white and tender neck, and the hickey opened its teeth and claws, as if it was showing its fangs and claws to her.

"Sister, it's mainly because I slept well last night and got nourished. Women, you still need to be nourished by love, otherwise it will be a withered flower that blooms more and more." She stroked the hickey on her neck, her face slightly shy.

"Ouch." A wave of nausea struck, and Shen Ning almost vomited all over her on the spot.

"Xiaofeng, it's the first time I saw Xiaosan being so shameless in front of the original partner, and she was so confident. I really don't know how she can be so thick-skinned." Shen Ning couldn't help feeling disgusted, and sneered.

Xiaofeng put away his smile, his face was gloomy:

"Shen Ning, don't pretend to be noble in front of me. You and I know who is the mistress and who is the third party. The first person Zhen Ting met was me, and the person I have always loved deeply is me. You know very well The woman he loves is me, and you still occupy him and break up our love, you are the one who is shameless and has sinister intentions!"

She slapped the coffee table with a slap.

"Tell you, last night, he was sleeping in my arms. In the middle of the night, he was still calling my name. I hugged him tightly. Under my comfort, he gradually fell asleep. You After all, who is the mistress? Who is the shameless third party?"

Xiaofeng's almond eyes contain cream, aggressive.

Shen Ning gasped, and took a few steps back.

Chapter 844 Do you think you have the qualifications?

Shen Ning paused, looked at her, said nothing for a long time, then took light steps and sat down on the sofa opposite her, and said lightly:

"Xiaofeng, who are you? What is the purpose of coming to Li's Group?"

Xiaofeng was stunned when he heard it, and his face changed color slightly.

I really didn't expect Shen Ning to be so resistant to blows. She is indeed the daughter-in-law chosen by the Li family, and she still has a brush!

"Vice President Shen, I don't understand what you mean?" She was even more jealous in her heart, with a gloomy glint in her eyes, and she was even more nervous about Shen Ning's words, carefully interpreting the meaning of her words.

"You really don't understand?"

"not understand."

Shen Ning looked at her: "You have a snake head tattoo on your back, right?"

Xiaofeng straightened his back and asked nervously: "Vice President Shen, what are you asking about these secrets? I don't think it is necessary to answer you."

Shen Ning took out his mobile phone and lightly swiped the screen with his fingers.

"Xiaofeng, what I want to say is that if you came to Li's Group with a purpose, then I can tell you that I will never let you succeed, even if Zhenting is temporarily confused by you, but his I think you also know the ability and means, an entrepreneur who can make the Li Group so big is definitely not based on luck and family background, he is a business elite, I believe he will not be deceived by you for long."

Xiaofeng sneered: "Vice President Shen, what on earth are you trying to say? That's right, Zhen Ting is an elite businessman with a black belly and wrists. That's why I love him so much that I can't extricate myself from him. I absolutely believe in love. He is not an ordinary vulgar man. He can sacrifice love for career and profit. He will never do it. I believe that there is true love between us. He loves me very much. We will definitely win love the final victory."

When it comes to the emotional part, her face is full of fascination.

Shen Ning's fingers trembled slightly, they were also women, and she saw a woman's expectation and longing for love on Xiaofeng's face.

At this moment, she believed that Xiaofeng loved Li Zhenting!

This kind of knowledge made her heart sink to the bottom, her whole body was cold, and the chill invaded every cell in her body, making her shiver uncontrollably.

Is she stealing their love? She struggled to bring up the photos in her phone, pretended to be calm, enlarged the photos and sent them to her, and asked in a cold voice:

"Xiaofeng, who is this man? What did he give you?"

She stared at her, not letting go of any expression on her face!

Sure enough

Xiaofeng stretched out her head and looked carefully at the photos on Shen Ning's phone, the aperture in her eyes shrank, her face turned pale, but soon, she laughed again: "Vice President Shen, this is the person you came to find today. My real purpose, you think you have caught me and want to use your power to drive me away, isn't that true?"

Her smile gradually became cold, disdainful and contemptuous.

"Xiaofeng, you have to explain who that man is? Where is he now? Nationality and occupation, what are you doing with him?" Shen Ning looked at her seriously.

"Hmph, you are really lenient." Xiaofeng's face turned cold, "These photos were taken by me before, and they belong to my privacy. I don't know what method you used to get them. If you get them, forget it, and even use them for interrogation." Me, do you think you have the qualifications? Will I say it?"

"Of course I have." Shen Ning said straightly, "Li's Group is the first and second largest enterprise in the entire imperial capital, and it involves sensitive industries, especially the department you are in. As the vice president of the company, I must Get to know every new employee clearly, check their origins, and ensure the safety of the company, now that someone is reporting to me about your past, you must confess clearly."

"I... sister, I'm sorry." Xiaofeng was stunned for a moment, his eyes turned red, and he looked very pitiful, "I said, I'll say it right away, please don't fire me, I haven't finished researching the chip yet."

Chapter 845 But please don't doubt my character

Shen Ning was stunned for a moment, and squinted his eyes to look at this fickle woman. She who was aggressive just now softened all of a sudden, and even begged her for mercy.

The point is, when did she say she was going to be fired?

"Sister, the man in the photo is my tutor when I was studying in the United States. Because I am talented, he thinks highly of me. He often discusses academic matters with me, and even pursued me, but I have my own heart. I don't love him, I didn't agree, and now he has gone to work in a security company in the United States. When I returned to the imperial capital with technology, he even threatened me, but I am not afraid of his threat, I just want to contribute what I have learned. To Zhen Ting and his company, it can be considered as a contribution to the inland. As for the second photo, he gave me a piece of confidential data that we developed together. At that time, he was still my mentor. I really believe that this confidential document is now of great value to the current chip technology of the Li Group. As for the two photos in the back, we took them at a party in a bar. It's very common in the United States, and there's nothing unusual about it, I've never done anything bad except love Zhenting."

Xiaofeng's eyes looked at Shen Ning and explained, eyes full of grievance and timidity.

Listening to her explanation, Shen Ning suddenly felt that he had underestimated this woman's ability and hypocrisy.

The four photos were explained perfectly by her, but she took these four photos and wanted to show her her original shape.

"Cough, cough." Just before Shen Ning could speak, there was a voice clearing his voice from behind.

She turned her head in shock. Li Zhenting had arrived at some time, and was standing sullenly at the gate, his eyes filled with an unfathomable dark light.

Only then did Shen Ning realize that the reason why Xiaofeng's attitude suddenly changed so quickly was that she had known that Li Zhenting was coming.

How crafty!

"Zhenting, you are here."

Before she could speak, Xiaofeng stood up and ran towards Li Zhenting.

Shen Ning stood there blankly!

Seeing that Xiaofeng was about to fall to the ground, Li Zhenting hastily stretched out his hand to hold her: "Xiaofeng, you are too weak to stand up, how can you run?"

Xiaofeng's body was limp, and he took the opportunity to fall into Li Zhenting's arms, panting lightly:

"Zhen Ting, the doctor said that I am young and recover quickly. It's okay. You gave me a lot of supplements these days. I'll be fine if I run a few steps."

Her words were so tender and ambiguous that even Li Zhenting frowned when he heard it, and he was about to push her away with his hand.

But she wrapped her hands around his waist, her body was so weak that she couldn't stand upright.

Li Zhenting couldn't push her away, so he could only help her to sit on the sofa.

"Sister, I'm sorry, if there is something about me that dissatisfies you, you can just beat me and scold me, but please don't doubt my character, I came to Li's Group because of my love for Zhen Ting, Nothing else."

Xiaofeng sobbed while talking, shrugging his shoulders, looking extremely weak.

Shen Ning suddenly felt nauseous and wanted to vomit, with a dull pain in his lower abdomen.

She bowed her head and walked outside.

Xiaofeng looked at her running back in a panic, a scheming smile flashed in his eyes, and the corners of his lips curled up slightly.

Shen Ning, you want to fight with me, but you are still a little tender, let me tell you, this is just the beginning, if you don't know how to leave Zhenting automatically, you will suffer!

#### Chapter 846 Divorce

President's Office.

"Ning Ning." Not long after Shen Ning returned to the office, Li Zhenting followed.

Shen Ning put his fingers on his stomach, sat with his head down, and didn't even look at him.

"Ningning, in order to research the chip as soon as possible, I'm working overtime every day, just to complete the task as soon as possible, and then take you and the children out for vacation, I hope you won't trouble Xiaofeng again. " Li Zhenting's finger landed on her shoulder, and Wen Yan said,

"Xiaofeng and I had an unforgettable love in the past. She couldn't get out of it for a while, and she often behaved a little too much, but I knew that I wouldn't do anything to her. The person I love now is you. With her It has long been in the past. The reason why I work so hard now is that I am afraid that you will feel sad when you see me staying with her. I just want to finish the task early and make an arrangement for her to keep her away from our life. Please believe it Me." Li Zhenting continued to persuade with soft words.

Shen Ning sneered repeatedly.

Working hard overtime? Just for her and the kids! How ridiculous!

"Li Zhenting, do you still need to put yourself in the arms of a woman after working overtime? Tell you, don't take me for a fool. I'm just an ordinary woman. I want to have a warm and beautiful home. If you can't do it, then we Just get a divorce." Shen Ning stood up and spoke angrily.

Such a relationship is too aggrieved, she only has one thought now, and that is to run away, run away, and cut off this relationship!

Li Zhenting's face was darkened when he heard it.

"Nonsense, when did I get into a woman's arms? Who did you hear? I always pay attention to keeping a distance from her. I am usually with you. Last night, I also worked overtime until late. I disturbed you and the children, so I slept in the lounge at the back." He said in a deep voice, and then begged, "Ning Ning, I'm really busy now, please don't mention divorce at every turn, my patience is limited."

"Very well, my patience is even more limited. Since everyone's patience is limited, then don't bear it anymore. Get a divorce. I'll give you freedom. You can marry her. I won't stop you." Shen Ning tensed. The face was raised directly.

She was too tired and didn't want to entangle her like this any longer. She really regretted that she shouldn't remarry him!

"Ning Ning, do you have to be serious with me?" Li Zhenting's head started to hurt, and it became more and more painful. Shen Ning's words made him extremely anxious, "I'm very busy every day, don't ask you to be here. What can you do to help me in my career, but please understand me more and don't hinder my work."

Now that chip technology has entered a critical period, we cannot leave the technology brought back by Xiaofeng for the time being.

But obviously, Shen Ning has become more and more intolerable to Xiaofeng, which makes him have a headache!

Shen Ning sneered when he heard this: "Yes, Li Zhenting, I majored in perfume design, which can't help your career, so you should find a woman who can help your career, otherwise, I will hinder your career." You can't bear the charge if you're working."

She turned around and went in, took her bag out, and said, "Li Zhenting, I'm leaving first, and I'll say it again: we're divorced. I don't want to be a sinner through the ages, let alone a third party who robs you of your love."

She finished speaking and walked directly outside.

"Ning Ning." Li Zhenting grabbed her arm, "Sorry, I made a mistake just now, but I didn't mean it at all, okay, don't leave, we already have three children, how could we still get divorced."

But this time Shen Ning stopped listening to his explanation, shook off his hand and walked outside.

"Ning Ning." Li Zhenting chased after a few steps, his head hurt so badly, he could only sit down on the sofa and closed his eyes.

"President Li, what's the matter with you? Is there something wrong?" After a while, he walked in coldly and asked with concern when he saw Li Zhenting's uncomfortable appearance.

During this period of time, Li Zhenting's mental state was not very good, which made him very worried.

"I'm fine." Li Zhenting shook his head violently a few times, stood up, and his expression was normal.

Chapter 847 This is a blatant challenge to the original partner

Leng Xue breathed a sigh of relief, and said: "Mr. Li, I heard that Yun Chaoyu has returned to the imperial capital. You might as well bring a lot of money to invite him to help us with chips. He is a top talent in this field. If you can get him it would be best to stay in Li's Group."

"Yun Chaoyu?"

"Yes, one of Lin Zhenxun's most powerful assistants in the Lin Group, is highly valued by Mr. Lin. It is a rare opportunity to return to the imperial capital this time."

"If that's the case, wouldn't that be poaching Elder Lin's corner?"

For Lin Zhenxun, Li Zhenting still respects him very much.

"Mr. Li, a good minister chooses a tree to live in. The market is like this. There is competition everywhere. It can be regarded as a fair and reasonable method. If we don't dig others, we will."

Li Zhenting pondered: "Now Xiaofeng's design drawings are being perfected. If I invite him at this time, will it affect her?"

Leng Xue's expression was serious.

To be honest, he is not optimistic about Xiaofeng. Although he doesn't understand chip technology, after observing her these days, he always feels that her words and deeds are too vain, and she has elements of acting in front of Li Zhenting. I also feel that some of my professional knowledge is false and unrealistic.

However, there are no professional talents in chips in the entire imperial capital, and they cannot deny that they can only try. If they can invite Yun Chaoyu, maybe they can really make a breakthrough.

He immediately said: "Mr. Li, let a hundred flowers bloom and draw on the strengths of others. This is the best way in the academic world. It would be very good if you can invite Yun Chaoyu. Academics are compatible without borders and without limits. I believe Assistant Shen can also understand..."

"Zhenting." Before he finished speaking, the door of the office opened, and Nurse Wu walked in pushing Xiaofeng.

Xiaofeng held a stack of thick documents in his hands, wore glasses, and looked very knowledgeable.

Leng Xue could only swallow the words he hadn't said yet.

"Hi Assistant Shen." Out of politeness, he greeted her.

"Yo, Vice President Leng is here too, what a coincidence." Xiaofeng smiled sweetly and got close to him.

But Leng Xue just nodded slightly.

"Zhenting, I've brought some data to show you, let's discuss the plan." Xiaofeng's wheelchair immediately came to Li Zhenting's side, with bright eyes smiling and charming, he reached out and habitually held his hand.

looked at her coldly.

If Li Zhenting is not married yet, as a subordinate, he would basically ignore this kind of thing, but now Shen Ning has served as the vice president of the Li Group and usually stays in this office.

What did Xiaofeng take Shen Ning for? This is a blatant challenge to the original partner, with no moral bottom line, and demoralized.

He doesn't have a good impression of Xiaofeng at all, he even thinks it's cheap!

At this moment, Li Zhenting pulled out his hand and said, "Xiaofeng, be careful in the office, and don't confuse work matters with personal matters."

"I'm sorry." Xiaofeng immediately apologized weakly.

"Mr. Li, I'm going out now. Please think about what I just said to you. Don't miss this opportunity." Leng Xue said again, turned and left.

Shen Ning went back to Gu Qi first after going out. What made her happy was that she didn't focus on this during this period, the company was still running, and Li Wanqing really sent senior executives to manage it, and everything was in order.

Thinking of Li Wanqing, she felt a warm feeling in her heart. As a mother-in-law, she was really good enough for her, but when she thought of her own decision, her heart ached again.

Chapter 848 Ning Ning, are you not angry yet?

In the afternoon, at the gate of the Li Group.

Coco, Ding Ding and Xiaoxiao have their little heads squeezed together.

"We came to find Daddy and Mommy suddenly like this, will Daddy scold us?" Xiao Xiao looked a little nervous.

"Hmph, I'm not afraid of him. If he bullies Mommy, we'll take care of him." Ding Ding's cool little face was raised high, with a look of fearlessness.

"Yes, we are here to check on Daddy." Coco also puffed up her chest and raised her head, her delicate facial features are cute and cool.

"Then let's go in."

"Okay, let's go."

The three little fellows strode toward it in high spirits.

"Oh, mygod. What a beautiful and cute little guy. This little face is as tender as tofu. I really want to touch it. Whose little doll is this?"

When the three little guys came to the front desk carrying small schoolbags and holding their heads high, the two young ladies exclaimed and their hands were itchy.

"Hey, the faces of these two little guys are exactly the same. They are almost printed in the same mold as our President Li. They must be the son and daughter of President Li."

"Like, it's so similar, it's amazing, the young master and daughter of the Li family are here."

...

"Hello, miss, we are here to find our daddy." Sure enough, before they could report, Ke Ke waved to them and greeted them very politely.

"Who is your daddy?"

"Li Zhenting."

They really are Mr. Li's children!

"Okay, okay, I'll take you to find it right away." The two young ladies were so excited that they said in one voice, and they were about to come out and take them to the president's office.

"Don't bother Miss Sister, we'll just go by ourselves." Ke Ke looked at the \*\*\*\* look on the faces of the two young ladies, with color in their eyes, and was really worried that they would come to touch their faces, so she immediately shook her head, while One took Ding Ding and Xiao Xiao and ran towards the president's office.

The two young ladies scratched their hands and had no choice but to watch them run away.

President's Office.

"Zhenting, drink a glass of water." Xiaofeng picked up the jade cup and handed it to Li Zhenting, saying softly, "I've been busy for two hours, hurry up and add some water."

"Okay." Without raising his head, Li Zhenting reached out to take the jade cup, drank several sips, and took a light breath.

"Zhenting, come, give it to me." Just as he was about to put the water glass on the desk in front of him, Xiaofeng reached out to take it in time, and held his hand by the way, looking at him affectionately, "Zhen Ting, are you tired?"

Li Zhenting lost his mind for a while, looked at her face, with a dazed expression: "Ning Ning, are you not angry?"

Xiaofeng's heart sank, and a smile bloomed on his face: "Zhen Ting, I've never been angry with you, I love you so much, how could I be angry with you."

"That's good, Ningning, thank you for your understanding." Li Zhenting put his arms around her shoulders, his face full of doting.

"Zhenting, I love you so much." Xiaofeng put his arms around his waist, and buried his face in his arms.

"Daddy, Mommy." At this moment the door opened, and the three little guys rushed in. As soon as they came, they saw Daddy and Mommy hugging each other intimately, and immediately shouted happily.

Li Zhenting was startled, and raised his eyes, only to see Keke, Ding Ding and the little guys running in, startled, and immediately let go of the woman in his arms, with surprise in his eyes, he hurriedly asked: "Ke Ke, Ding Ding , Xiao Xiao, why are you here?"

"Daddy, we've missed you since you haven't been home for so many days." Little Xiaopao took a step forward, smiling, and then happily ran towards Xiaofeng who was sitting in the wheelchair, and opened his arms: "Mommy , I miss you so much."

"Wait a minute." She just started running, but Keke grabbed her and looked at Xiaofeng: "Mommy, why are you sitting in a wheelchair?"

Chapter 849 Is there an identical mommy in this world!

"Yes, Mommy, what's wrong with you? Are you injured?" Ding Ding was also very nervous, looking at her and asked uneasily.

Mummy was with them yesterday and was very healthy. Why is she in a wheelchair today? What's wrong?

Xiaofeng's eyes fell on the faces of the three cute and beautiful little \*\*\*\* in front of her, her eyes were tight, jealousy rose from the bottom of her heart little by little, and finally her fingers were pulled into a ball.

Shen Ning is really lucky to have given birth to three such lovely children for Li Zhenting. No wonder Li Zhenting wants to remarry her and is reluctant to divorce her.

"Mommy, what's the matter with you? Why are you sitting in a wheelchair?" At this moment, Xiaoxiao saw that her favorite mommy was actually sitting in a wheelchair. With his mouth curled up in his arms, he asked sadly.

"Daddy, you must have bullied Mommy and beat Mommy like this. No wonder you and Mommy haven't come home for so long, and didn't come to pick us up from the kindergarten." Coco was very angry, very angry, with her hands on her hips, rushed Li Zhenting roared.

After being in a trance for a while, Li Zhenting finally came back to his senses.

"Little friend, what's your name? You're so beautiful, so cute." At this time, Xiaofeng asked very kindly, stroking the little face in his arms with his fingers.

"Mum, I'm Xiaoxiao, don't you know me?" Xiaoxiao became even more stupid, Mommy even called her a kid, don't you even recognize her! Woohoo, she doesn't want Mommy to become like this!

"So you are Xiaoxiao, Xiaoxiao, I'm not your mommy, but your auntie Xiaofeng." Xiaofeng's smile was extremely gentle, and his fingertips caressed the skin on Xiaoxiao's face like a spring breeze. Pass.

Xiaoxiao's eyes widened.

She even said that she is not Mommy, how is this possible? She obviously looks exactly like Mommy.

Is there another mommy who is exactly the same in this world!

She is confused!

"Xiao Xiao, come, Daddy hug." Li Zhenting came over and hugged Xiao Xiao, kissed her small face, and said affectionately: "She is really not your mommy, her name is Xiaofeng, and your name is Xiaofeng. Auntie Xiaofeng is fine, she just looks like your mommy, she is an employee of the company."

Coco and Ding Ding felt incredible, and asked at the same time: "Daddy, what about our mommy?"

"..." Li Zhenting's head suddenly hurt.

Shen Ning left in anger today. Before leaving, she said that she would divorce him.

"Your mommy has something to go out, and she will be back in a while." Xiaofeng looked at the children gently, and replied softly.

Ke Ke stared at her: "Then why are you here when my mommy isn't here?"

This little guy is a big kid. Just now, as soon as he came in, he saw her hugging with Daddy. Only Daddy and Mommy can hug each other. This woman is very problematic.

"I'm with your daddy because of work. Your mommy has something to do." Xiaofeng smiled softly.

Coco's beautiful peach eyes looked at Li Zhenting.

Li Zhenting nodded: "Yes, Keke, Aunt Xiaofeng is now a technician of the company, which is very important. I am only with her for work."

Coco is dubious.

"Mr. Li, I really envy you for having three such cute babies. Since the three of them have come to look for you, then I will go out first." Xiaofeng called Nurse Wu and bid farewell to Li Zhenting. Looking at the three little guys, he asked kindly: "Children, what do you want to eat? Auntie treats you to eat, okay?"

"We don't want to eat anything." Ding Ding said coldly.

How could this woman look so similar to Mommy, but she didn't look intimate at all, even more annoying to him than Shen Mei.

"Okay, Auntie is leaving first. You are so cute and cute. Auntie loves you very much." Xiaofeng smiled at them very friendly, shook hands with them one by one, and left under the urging of Nurse Wu. up.

Chapter 850 Feeling proud

"Daddy, where's Mommy?" As soon as Xiaofeng left, the three little guys surrounded him, forcing Li Zhenting to ask for Mommy!

Li Zhenting had no choice but to pick up the phone.

At the gate of the hospital, Shen Ning has been wandering here for nearly three hours.

After coming out of Li Zhenting's office, she walked here unconsciously in grief and pain.

Almost three months!

The child in her womb is almost three months old. If she doesn't make a decision, she will soon show her pregnancy.

But now Li Zhenting's heart is getting more and more deviated from her expectations, not only can't keep the promise, but also getting closer and closer to Xiaofeng.

What should she do? With his fingers on his abdomen, one picture after another flooded out of his mind.

Abort the child, that heartless man, he loved Xiaofeng from beginning to end, now that Xiaofeng is back, why do you give him so many children.

No, Ke Ke, Ding Ding, and Xiao Xiao have all been snatched away by the Li family, and now she is alone, and the child in her stomach is a gift from the heavens, so they cannot be destroyed. Besides, the child is innocent, and they have What's wrong, why use the sins of adults on them.

But if it is born, as long as Li Zhenting knows, the child will definitely be taken away by him again.

...

While she was in great pain, the phone rang. She picked it up and saw that it was Li Zhenting calling.

She pressed it off immediately.

"Your mommy doesn't answer my calls." Li Zhenting had no choice but to speak after dialing Shen Ning's cell phone four or five times in the office.

Coco frowned: "Okay, let me fight."

He picked up the phone watch, this time, as soon as he dialed out, the other side answered.

"Mum, I'm Coco, where are you now?" Coco yelled as soon as he got on the phone.

When Shen Ning heard this, it's too bad, it's already afternoon, and she even forgot to pick up the children, so she hurriedly asked, "I'm sorry, Ke Ke, Mommy forgot to pick you up, are you still in kindergarten?"

"Mummy, Ding Ding and I came to Daddy's company together to look for you, but we didn't see you, where did you go?" Shen Ning was stunned, these little guys actually ran to Li's Group.

"I have something to do outside, so I'll be here soon." After answering a sentence, she hung up the phone, got in the car, and headed towards Li's Group.

On the way, she received a call from housekeeper Luo, saying that the three children were missing and did not hear them.

Shen Ning told him immediately, but housekeeper Luo was relieved when he heard that the children had gone to the Li Group.

What Shen Ning couldn't figure out was why the children suddenly came to Li's Group.

Li Group.

The three little guys were walking up and down the president's office and the corridor outside. They were very eye-catching. All the staff were attracted by them and ran out to play with him.

"Boss Li, what a pair of beautiful and lovely sons, they look exactly like you, so handsome."

"Mr. Li, Xiaoxiao is so beautiful, softer, softer and more beautiful than those child stars."

"Tsk tsk, it's so cute, it's so cute."

...

Many of the executives and staff had never seen triplets, and they were all amazed after seeing them.

Li Zhenting stood in the corridor with a smile, listening to others praise his children, a sense of pride welled up, the corners of his lips were slightly curled up, and he put down his business to play with the little ones.

The little guys are all clean and white, and their clear eyes are as clean as the blue sky and white clouds in the sky. Who doesn't like such a cute and cute child.

His heart is full of warmth and love, and his heart is about to melt.

After a while, Shen Ning hurried over.

"Mummy." This time, when Shen Ning appeared in front of the children, the three little guys ran towards her in one go.

This is their favorite mommy!

"Ke Ke, Ding Ding, Xiao Xiao, why did you come to the company suddenly? Who brought you here?" After being intimate with the children, Shen Ning led them into the president's office.

"We came here by ourselves." Xiaoxiao said happily, "We came here by taxi."
