

## Troublemakers 851

### Chapter 851 We will help you

Shen Ning's heart sank, and he immediately criticized seriously: "Ke Ke, Ding Ding, Xiao Xiao, you are still young, you can't leave the kindergarten alone, even if you want to find your parents, you have to get our consent, you know Is it? Uncle Rob didn't pick you up, so I'm in a hurry."

"I'm sorry, Mommy, we won't dare next time." It can be seen that Mommy was angry and apologized quickly.

"Forget it this time. Next time you come, you must get the consent of me and your mommy, understand?" Li Zhenting was in a good mood because the three little guys were praised and envied by the staff. He was afraid that Shen Ning would blame them, so he hurriedly called Circus.

"Understood." The three little guys said in unison.

"Okay, let's go, Daddy will take you out for dinner." Li Zhenting also didn't want to work, and he was really ashamed of them during this time. He didn't have time to accompany them, so he simply played with them today.

"Okay, Daddy, I want to hug." Xiaoxiao opened her arms, she likes Daddy's strong and powerful arms to hold her, it will make her feel very safe.

Li Zhenting smiled slightly, hugged Xiao Xiao with both hands, and kissed her forehead: "You are really Daddy's caring little padded jacket.

"Daddy, did you bully Mommy?" Xiaoxiao asked in a low voice after being picked up and hugged Daddy's neck tightly with both hands.

Li Zhenting was taken aback for a moment, and quickly shook his head: "No, it's too late for me to love her, how could I bully her."

"Then why are you hugging that auntie?" Xiao Xiao didn't hesitate at all, and asked directly.

Li Zhenting was taken aback for a moment, his old face turned red.

"Little, it's just because of work, I didn't hug her."

"Hmph." Xiaoxiao looked at him and snorted coldly, "Daddy, from now on you can only hug Mommy, you can't hug other women, and you can't kiss them, otherwise, you're bullying Mommy." , my brother and I, Ding Ding will not agree."

"Okay, don't worry, I won't dare again in the future." Li Zhenting seemed to understand the reason why these three little guys came to the company suddenly, and he couldn't laugh or cry.

No matter how he pleases these three little guys, their hearts will always be towards their mommy.

Here, Ke Ke pulled Ding Ding aside and asked softly, "Is it installed?"

"Don't worry, it's already installed." Ding Ding clapped his little hands.

The two little guys ran towards Shen Ning, holding her hand from left to right.

"Mommy, let's go and eat." They shouted happily.

Shen Ning's eyes were on the other side of the corridor, in Xiaofeng's office.

"Mum, how come there is an aunt who looks exactly like you in Daddy's company, and she is still hugging Daddy." Ding Ding asked curiously while holding Shen Ning's hand.

Shen Ning's body trembled, his face turned pale.

"Did you see it?"

"Yes, we saw it when we came to find you and Daddy. At first, we thought she was you and called her Mommy."

"Then is she good to you? Do you like her?" Shen Ning murmured, wondering what she was thinking.

"She was kind to us, but I don't like her."

"Mum, I don't like her either. I think she is very annoying. She keeps looking at Daddy with her eyes, so shameless." Ding Ding said bluntly.

Shen Ning forced a smile:

"Mommy, that aunt is a designer invited by your father, and she is here to work in the Li Group."

"Mum, if Daddy repeats his old problems and bullies you with other women, you must tell us and we will help you." Coco said caringly.

Shen Ning's heart warmed up, and he held the hands of the two little guys tightly, a different kind of comfort welled up in his heart.

She took the hands of the two little guys and walked outside.

The two little guys are so happy to have their daddy and mommy company, chattering and bouncing around.

They came to the gate.

Li Zhenting was whispering to Xiao Xiao, the father and daughter were very close.

"Let's go, let's eat Haidilao." Li Zhenting said affectionately after seeing Shen Ning.

But Shen Ning just said 'hmm', and led the two little guys to walk outside.

Li Zhenting followed Xiao Xiaomang in his arms.

Chapter 852 Our mommy is very poor

In front of the clear glass window of the office, Xiaofeng sat in a wheelchair, staring intently at the family of five outside.

Li Zhenting hugged Xiaoxiao intimately. The father and daughter were talking and laughing. Shen Ning walked beside a pair of children. There was no need to pose for a photo. It was just an intimate photo of a family of five, which was harmonious and natural, which was enviable.

Her eyes shone with scarlet jealousy.

"Ning Ning, can you laugh?" After dinner, Li Zhenting took the children to watch a movie. From the beginning to the end, Shen Ning had no smile on his face, and only when facing the children would he have a gentle smile. Smiling, but always cold to him, Li Zhenting wanted to please her, and whispered in her ear at the right time.

"I can't." With a straight face, Shen Ning turned his body to one side, keeping a distance from him.

Li Zhenting had no choice but to sigh.

In the evening, Li's Castle.

"Brother, Ding Ding, let me tell you, Mommy is very unhappy today. Although she smiled sweetly at us, she is very indifferent to Daddy. There must be something wrong between them. It has something to do with the woman named Xiaofeng." After taking a shower, Xiaoxiao ran to Keke and Dingding's room, closed the door, and whispered to them.

Ke Ke and Ding Ding also nodded when they heard the words: "There is a problem, and we can see it."

"Hmph, how could that woman look so much like Mommy? Who the \*\*\*\* is she?" Xiao Xiao said angrily with her arms folded on her chest.

"Need to say, she must be a bad woman. Just like the ugly witch before, she just wanted to seduce Daddy, and even hugged Daddy for a kiss. It's really annoying. Of course, Mommy will be angry." Tintin said to this kind of The woman seemed to be very knowledgeable, with a look of contempt on her face.

"Yes, so now our mommy is very poor, we have to help her, otherwise, when mommy runs away, we won't have mommy, then it's our turn to be pitiful. No way." Xiao Xiao emphasized very distressed.

"That's right, fortunately we have already installed the monitoring system today, let's see next, if that woman is really seducing Daddy and then bullying Mommy, then we have to fight monsters and upgrade." Coco finally issued an order .

"Yes, good." The three little ones nodded in unison.

Shen Ning came to sleep with Xiao Xiao after taking a bath. Not long after she entered the small room, Li Zhenting also followed.

Xiaoxiao lay down under the quilt, pretending to be asleep, but secretly opened her eyes.

When she saw that Shen Ning was about to go to bed, Daddy took her hand and whispered something in her ear. Shen Ning's face turned cold, he shook off his hand and lay down.

Daddy also wanted to follow, but Shen Ning deliberately occupied all the remaining beds, and even pulled the quilt, staring at him.

Xiaoxiao immediately read Mommy's heartfelt voice: Go sleep with Xiaofeng, didn't you sleep in her arms last night!

Oh my god, Daddy can be so foolish! That's great!

This time, she can't let Daddy succeed!

She immediately put down the quilt, hid inside, and sent a line of words with her phone watch.

Soon, the door was pushed open.

I saw Ke Ke and Ding Ding walking in with a small pillow each.

"Mommy, we want to sleep with you."

The two little guys ran over and climbed onto the bed and snuggled up to Shen Ning's side.

Shen Ning was afraid that Li Zhenting would force her to sleep with her, and seeing that it was just what she wanted, he immediately hugged one on each side, and agreed with a smile: "Okay, then sleep with Mommy and sister."

"Thank you, Mommy." The two little guys filled up the entire bed, one on each side, and Li Zhenting didn't even leave a gap.

Li Zhenting was a little annoyed, his thin lips were pursed into a straight line.

These little guys do bad things! Deliberately make trouble with him!

However, he is also very tired after working overtime these days, so let's get a good sleep first, and explain to Shen Ning after his anger subsides.

Chapter 853 Inexplicable twitching pain at the apex of the heart

"Then don't squeeze your mommy." Li Zhenting ordered and had to go out.

Shen Ning was relieved to see him go out.

Now that he has decided to divorce, he will never be given a chance to get close to him again.

This is a matter of principle, it cannot be broken!

One, she is pregnant, and she is afraid of hurting the fetus. She has a deep understanding of Li Zhenting's madness.

Later, the three little ones fell asleep, Shen Ning covered them with quilts and quietly returned to the guest room.

Lying on the bed, thinking about the past between her and Li Zhenting, it suddenly occurred to me that since she and Li Zhenting got their marriage certificates from the Civil Affairs Bureau, they have never had a married life.

Become a husband and wife, but look like passers-by. Isn't this ironic? If I had known this before, why bother to remarry!

Early the next morning, Shen Ning and Li Zhenting sent the children to the kindergarten together, and then Shen Ning got into Li Zhenting's car.

"Mr. Li, what did you think about what I told you yesterday?"

Li Zhenting's eyelids twitched, and he asked, "What's the matter?"

"Won't you forget what I told you yesterday?"

"I really forgot." Li Zhenting pretended to be deaf and dumb, started the car, and the car drove outside. He looked at the street with piercing eyes, and drove the car intently.

Shen Ning opened his mouth, wanting to bring up the matter of divorce again, but quickly stopped talking.

After all, he is driving, so it is not appropriate to say drastic things, and during this period of time, his mental state is not as good as before, probably due to working overtime every day.

Logically speaking, he is now at the busiest and most chaotic time in his career, so she should be a stable wife and a good wife.

Can now...

A mocking smile floated on the corner of her lips.

Before telling Li Wanqing that she wanted to divorce Li Zhenting, she still had to perform her duties, go to work in Li's Group every day, take care of Li Zhenting's daily life, and follow him closely.

After a while, Li Zhenting and Shen Ning both came to the Li Group.

"Mr. Li, Assistant Shen is very uncomfortable now. Go and see her. Last night, she worked overtime all night." As soon as they entered the building, Nurse Wu ran over in a panic, her face full of tears. worried, "She is so dedicated, I can't even persuade her."

Li Zhenting's face changed color when he heard the words, and he hurriedly handed the briefcase to Shen Ning who was beside him and said, "Ning Ning, you go and make me a cup of green tea first, and I'll come as soon as I go and have a look."

He left in a hurry after speaking.

Shen Ning looked at the briefcase in his hand, and then at the back of the man leaving in a hurry, his heart twitched inexplicably.

Her husband is so distressed and nervous about another woman, I am afraid no one will understand this heartache!

With a pale face, she took her bag and went to the president's office first, prepared Li Zhenting's daily necessities, and made him his favorite green tea. At this time, some executives were coming to report work.

But Li Zhenting hasn't come back yet.

She thought for a while, and first asked the executives to wait outside, while she walked towards Xiaofeng's office.

"Why did you ask her to work overtime last night? Didn't you know she just had an operation?" In Xiaofeng's office, Li Zhenting was angry at the director of the marketing department, and several senior executives stood inside with their heads bowed, being scolded.

Shen Ning walked over and stood lazily against the door frame.

Xiaofeng was lying on the sofa, her eyes were closed tightly, and her long eyelashes cast a blue semicircle on her pale face, making her look very pitiful. Her soft hair covered the entire sofa, thin and thin. The scenery was faintly visible under the clothes, it was obviously a sick look, but Shen Ning forced Shen Ning to see a vivid picture of a \*\*\*\* girl.

With a mocking smile on her lips, she walked in.

Chapter 854 Feel disgusting no matter what you think

"Xiaofeng, let me take you to the hospital." Li Zhenting looked at the sick woman lying on the sofa, she was so weak, as if a gust of wind could blow her away lightly, he was really worried that she would live if she didn't go on, she insisted on sending her to the hospital.

"Zhenting, I'm fine, go and help me get some water to drink." Xiaofeng smiled weakly and spoke weakly.

"Okay." Li Zhenting agreed, turned around, and was surprised to see Shen Ning standing beside him, paused, and looked at her.

Shen Ning's eyes were pale, and no emotion could be seen.

He went to pour water for Xiaofeng.

Shen Ning's eyes fell on Xiaofeng's face.

Xiaofeng suddenly opened his eyes and looked at her.

The eyes of the two women met, Shen Ning's eyes were deep and deep, while Xiao Feng's eyes were as thin as needles, hiding coldness and cunning.

Shen Ning trembled all over.

At this moment, Li Zhenting came over with a water glass.

He glanced at Shen Ning and bent down.

"Zhenting, help me up." He put the water glass to Xiaofeng's lips, but she asked him to hug her up.

Li Zhenting hesitated for a while, seeing Xiaofeng's uncomfortable appearance, he had to bend down and hug her head.

After Xiaofeng took a sip of water, he held Li Zhenting's clothes tightly with one hand, and poured it into his arms, panting slightly.

"Ouch." A wave of nausea surged up, Shen Ning covered her mouth and ran outside.

She ran back to the president's office, feeling sick no matter what she thought, and ran into the bathroom to vomit for a while. When she came out again, Li Zhenting just walked in.

Shen Ning didn't even look at him, sat down on her desk, leaned on the back of the chair, stared at the ceiling, but was thinking in her heart how to show Li Wanqing when she went back tonight: she couldn't complete this important task. Yes, she wants a divorce.

Originally, she also wanted to save the marriage. After all, it was not easy for the two of them to come to this point, and they had children... Thinking of the children, her heart suddenly ached, and she couldn't help touching her stomach with her fingers.

At this moment, the phone on the desk rang.

She picked it up.

"Vice President Shen, someone is looking for you outside." The call was from the secretary.

"Looking for me?" Shen Ning was a little astonished, she had no friends in the imperial capital, so there was Jing Chenxi who would hang around her, but now Jing Chenxi has also gone to the country of America, and in the imperial capital, she is basically no one looking for her.

"Male or female?"

"male."

"Let him come in." She thought it might be Uncle Marley, after all, she was not in Gucci, and she still needed to discuss many things with her.

Not long after she put down the phone, someone rang the doorbell.

"Come in." She pressed the button to open the door.

The door opened quickly.

A slender and cold figure of a man walked in.

Shen Ning looked at him.

The man was wearing a long windbreaker, denim lower body, young and handsome face, under the long eyelashes, a pair of cool and beautiful eyes were staring at her closely, deep and deep.

Shen Ning sat up straight, opened his mouth, and jumped up after a long while: "Qingshan."

Ji Qingshan's long body gracefully walked towards her, with a slight smile on his lips.

"It turns out that you are here, and I really guessed it." His thin lips parted slightly, and his voice was magnetic, very nice, but also implied sarcasm, which made Shen Ning a little guilty.

"Qing Shan, when did you come back? Why don't you give me a call, so that I can go clean up for you." Shen Ning blamed.

Ji Qingshan smiled lightly: "I'm here, let's go, I'll give you a chance to show off, and clean up the dust for me."

"Okay, I am very happy." Shen Ning stood up and was about to go inside to get his bag.

"Humph." Suddenly, a soft 'hum' sound came from beside him.

Shen Ning turned his head, only to find that Li Zhenting's eyebrows were slightly frowned, and his face was a little dark, as if he was very dissatisfied with her behavior.

Chapter 855 Are you being bullied again now?

"Oh, Mr. Li, my friend is back. I'm asking for leave now to clean up my friend." Shen Ning smiled at him and asked for leave in a regular manner.

Li Zhenting's face was dark and he didn't speak.

"He is Ji Qingshan, the world's top cardiologist. You know him. He even treated grandma." Shen Ning continued.

"Hello, Doctor Ji." Only then did Li Zhenting look at Ji Qingshan, and greeted him lightly.

Ji Qingshan's face was cold, his eyes were indifferent, and there was no warmth in his eyes. Ever since he entered the door, he had never looked straight at Li Zhenting.

"Okay." He nodded slightly, with a haughty expression.

Shen Ning walked into the suite and took the bag, passed Li Zhenting directly, and walked in front of Ji Qingshan.

"Qingshan, let's go." She smiled.

"Okay, Western food or Chinese food?"

"Of course it's Chinese and Western food that we both like." Shen Ning laughed like a silver bell.

Ji Qingshan also laughed, and stretched out his hand to her, "Come on, I'll take you."

"Okay." Shen Ning put his little hand in his palm.

Ji Qingshan held it, and the two held hands and walked outside intimately. Along the way, many staff members turned their heads to watch.

Shen Ning is generous and has nothing to do!

In the president's office, Li Zhenting's face turned black.

In the sleek white Lincoln Aviator luxury car.

Shen Ning was sitting in the co-pilot seat, his beautiful face was haggard and tired.

"Ning Ning, you actually remarried him!" Ji Qingshan's tone was rather emotional and helpless.

Shen Ning bowed his head and did not speak.

"So, I found Li's Group directly, and I found you right away. You are really easy to find."

Shen Ning clenched his lips.

"Are you being bullied again now?" he asked.

The sight of this little daughter-in-law being wronged made him feel bad!

"Yes." Shen Ning nodded emphatically, "He will always only have his white moonlight in his heart."

"Then what are you doing jumping in? What a silly girl." Ji Qingshan scratched her hair.

Emotion is really amazing!

In the vast sea of people, when he met her, she took root and sprouted in his heart with just one glance. Since she had triplets, seeing her suffer and suffer, his heart has always been tight, But there was nothing he could do, because she loved her so infatuatedly and so single-mindedly.

And they met too late!

He started the car.

Huiming City Restaurant.

The largest Chinese and Western restaurant in the imperial capital.

The two order food for each other, relaxed and casual.

Only in front of Ji Qingshan can Shen Ning be the most relaxed and casual. In front of him, she has no pretense, and all she shows is her truest self.

They are like old friends for many years, brothers and sisters, even like their own shadows. They know each other, understand each other, and can even judge each other's every move.

He understands everything about her, and she understands everything about him.

They appreciate each other's strengths, point out flaws, and have no secrets.

This is their unique way of getting along!

The world does not understand, and there is no need for the world to understand.

"Qingshan, I want to tell you a piece of news. You will definitely despise me when you know it." Shen Ning's depression for several days was completely released after meeting Ji Qingshan who was not a relative but a relative. She just wanted to express her heart. Relieve stress.

She lowered her head slightly and pouted.

"Don't tell me, you're pregnant again." As soon as she finished speaking, Ji Qingshan revealed her thoughts mercilessly like a mirror in an instant.

"How do you know?" Shen Ning was secretly surprised, compared to her getting more and more stupid, he was getting smarter.

The fork in Ji Qingshan's hand cut the steak gracefully, and said lightly: "I am a doctor."

"Oh, Qingshan, just look down on me, look down on me, I'm really getting worse." Shen Ning was very discouraged, and lowered his head.

Chapter 856 I am going to divorce

Ji Qingshan put down his fork and peeled the shrimp.

"Cry if you want to cry, it's better."

"I really want to cry." Shen Ning's eyes were red, and he sucked his nose.

"Cry, little girl." Ji Qingshan handed her a tissue, "I can lend you my shoulder. I'm very generous, and I'm not afraid of losing money."

"You, I hate you." Shen Ning really leaned on his shoulder and shed tears. She was about to collapse, and if she didn't let it out, she would definitely die.

Anyway, in front of Ji Qingshan, she is just a doormat, a collection of bad luck in life, and she will always have to be cared for, sympathized with, and pitied by him.

"Don't cry, eat something first, and you will have the strength to accept my contempt later." After she cried for a while, he put a plate of peeled shrimp in front of her, his tone full of pity .

Shen Ning was so ashamed that she couldn't bear it. In front of him, she would always be that poor little sister!

"Yeah." She buried her head and ate up the plate of shrimp in front of her.

Ji Qingshan picked up a fork and fed a piece of steak into her mouth, then forced her to eat a lot.

Until her stomach felt warm, her mood improved a lot. She wiped away her tears and sat up straight.

"Ningning, I really despise you." Ji Qingshan put down the fork in his hand, and wiped his hands gracefully with a wet tissue. Although his voice was low-temperature, he did not show any emotion.

Shen Ning lowered his head and dared not answer.

"What are your plans now?" he asked.

"I'm going to divorce." Shen Ning replied affirmatively.

"Divorce?" Ji Qingshan raised his eyebrows, "What about the child in your stomach?"

Shen Ning looked up at him sadly: "I want to destroy it."

"Ningning, do you still remember what I told you? Your uterus was severely traumatized when you were pregnant with triplets. This pregnancy is already a miracle. If you abort it again, you may not be able to survive in your life." I'm pregnant again." Ji Qingshan looked serious.

Shen Ning stroked his upper stomach with his hands, and sat there blankly.

"Ning Ning, you should think about it carefully." Ji Qingshan sighed.

This silly girl is so stupid that it makes me feel distressed!

"Qing Shan, thank you for your reminder, I will think about it carefully."

"How many months is it now? Have you had a pregnancy test?" As expected of a doctor, he can't speak professionally. After taking a sip of tea, he continued to ask.

"It should be almost three months." Shen Ning shook his head in a daze.

Since the last inspection, she has been in a state of entanglement and collapse, and has never considered these issues at all.

"You..." Ji Qingshan rubbed his fingers and shook his head, "How about this, come to me next week and I'll take you for a check-up. You are no match for an ordinary pregnant woman. There is a risk. For production and archives work, there must be no less inspection than one step."

"Okay, thank you." Shen Ning lowered his head and wept, a picture of Li Zhenting nervously caring about Xiaofeng flashed in his mind, and he closed his eyes.

She was pregnant, but her man was with another woman, ignoring her, even seeing her morning sickness, how chilling it was for her!

"Silly girl, wipe your tears, don't cry." Ji Qingshan felt really distressed when he saw the crying girl, and picked up a tissue to gently wipe her tears.

Shen Ning suddenly hugged him and burst into tears.

At this time, she was at a loss, lonely and helpless! I really hope that someone can accompany her and give her courage.

Even Ji Qingshan can tell at a glance that she is pregnant and wants to take her to a pregnancy test, but that man, her husband, has other women in his heart and is still with other women. I don't know.

Is there anyone in this world who is more miserable than her?

She couldn't cry herself!

Chapter 857 Why are you here?

Ji Qingshan's heart ached from her crying, he hugged her, patted her back with his fingers, and Jun Meizhen's words sounded in his ears: Qingshan, Ningning will be handed over to you, you must take good care of her, protect her, she has suffered too much!

He sighed deeply.

On the big square outside Jianghui City, a black Rolls Royce was parked domineeringly.

Li Zhenting was sitting in the driver's seat, staring coldly at Ji Qingshan who was hugging Shen Ning with gloomy eyes, and anger rose up in his heart little by little.

This Ji Qingshan is arrogant and arrogant, and he has long disliked Ji Qingshan who usually treats him indifferently.

Unexpectedly, he blatantly seduced his wife.

Too much deception!

"Okay, I'm fine." After a while, Shen Ning wiped away his tears, sat up straight, and smiled at Ji Qingshan: "Qingshan, thank you for being able to accompany me to dinner, today I'll treat you."

She picked up the menu and was about to pay the bill.

Ji Qingshan smiled faintly: "I already paid the bill."

"Qingshan, can't you let me show it?" She threw a lot of negative energy at him just now, she was really embarrassed, and just wanted to express her gratitude to him.

"If you want to express, there are many ways." Ji Qingshan smiled enigmatically.

Shen Ning didn't understand what he heard, turned his big eyes, pulled his arm and said playfully: "Qingshan, I see, you want me to give you a gift, yes, I will give it to you after I choose it, as for What gift is it, keep it a secret."

Ji Qingshan smiled slightly.

"Let's go, go back early." In the afternoon, he will hold an academic exchange meeting.

The two walked out side by side.

PARKING LOT.

"Ning Ning, come up, I'll take you back." Ji Qingshan saw that Shen Ning was standing outside the car and didn't get in the car, and shouted at her.

Shen Ning shook his head.

"I can't go home, I have to go to the company, you go first."

Ji Qingshan looked at his watch, the meeting was about to start, and he didn't insist anymore: "That's fine, just tell me if you have time these few days, and I'll take you to the hospital for a pregnancy test, it can't be careless."

"Okay, I will." Shen Ning waved to him with a sweet smile.

She really feels very happy and lucky to have such a big brother who cares for her.

Ji Qingshan shook hands with her again, started the car and left.

Shen Ning took a breath, stood for a while, and didn't bow his head until Ji Qingshan's car was far away and walked outside.

'Ning Ning, the uterus was injured when you gave birth to three children last time. You are lucky to be able to conceive this time. If you abort it...'

She walked absent-mindedly, and Ji Qingshan's words reminding her kept ringing in her ears, her heart ached.

Ge Di

A Rolls-Royce lay in front of her.

next second

The car window slid down slowly, and a handsome, almost perfect face appeared in front of her.

That face was so cold that there was no warmth, and the eyes were deep, as deep as a valley.

Shen Ning's breathing stagnated, his heart beat violently, and he took several steps back in shock.

Li Zhenting!

He actually came!

"Why are you here?" Shen Ning looked around, surprised.

"Come up." Li Zhenting said in a deep voice.

Shen Ning came back to his senses after being stunned for a while, and said lightly: "No need, I will go back to the company by myself."

She walked around his car and headed outside without looking back.

As long as I see him now, the image of him hugging Xiaofeng will appear in my mind, and I will feel uncomfortable and painful in my heart.

She has to work hard to exclude him and prevent him from occupying her heart, so that it will be less painful when she leaves in the future.

Looking at the woman's stubborn and indifferent back, Li Zhenting was a little annoyed, and drove up with a dark face.

"Shen Ning, get in the car, do you know?" He spoke again.

Chapter 858 is I'm sorry for you

But Shen Ning just walked with his head down, as if he didn't exist, he quickly walked to the side of the street and started waving.

Just a taxi stopped.

Seeing that Shen Ning was about to get into the car, Li Zhenting became anxious, opened the car door quickly, ran down and hugged her up.

"Ah." Shen Ning didn't expect him to use force, so he jumped into the air, screamed in fright, and covered his stomach with his hands.

"What are you going to do?"

"Follow me back to the company."

Li Zhenting said, and carried her into the car.

Shen Ning struggled, Li Zhenting put her on the back seat, closed and locked the car door, Shen Ning could no longer escape.

"Ning Ning, is it because Ji Qingshan is back that you filed for divorce with me?" Li Zhenting asked angrily.

Shen Ning turned his head aside with a straight face, ignoring him.

"Ning Ning, do you have to make trouble with me?" Li Zhenting rubbed his fingers between his brows, very distressed.

Shen Ning was very angry, and sat up: "Li Zhenting, am I making trouble? I just had a meal with Qingshan, and you are so angry. Do you know how Keke, Dingding and Xiaoxiao were born at that time? Is it? I was pushed into the sea by Shen Mei, and my uterus was cold. How difficult it was to get pregnant at that time, and the bleeding was even more severe during childbirth. If it wasn't for Qingshan, I would have died a long time ago, but where are you?"

Speaking of sad, she burst into tears.

"Ning Ning, I'm sorry, I'm sorry for you." Li Zhenting's heart ached, he picked her up and put her on his lap, hugged her tightly, and kept apologizing.

Shen Ning was emotional, struggling to get away from this man who hurt her deeply.

But the man hugged her tightly with his powerful arms, not letting her leave.

Painful and sad memories of the past came to mind, Shen Ning completely collapsed, clenched his hands into fists, and slammed into the man's chest, arm and head.

Li Zhenting buried his head in her arms, let her hug her, hugged her tightly, and coaxed her with all his tender words.

Gradually, Shen Ning's mood stabilized, and his hands were tired, so he closed his eyes helplessly.

"Ning Ning, I will definitely compensate you in the future. Believe me, thank you for giving me three lovely children." Li Zhenting caressed the teardrops on her face with his fingertips, coaxed her softly, and held her. When she lifted her face, her lips were about to fall.

But just when his lips were about to kiss Shen Ning's, she suddenly turned her head, and Li Zhenting's lips landed on her hair.

"Ning Ning, is it because of Ji Qingshan that you don't let me kiss you?" A sense of unwillingness to lose came to Li Zhenting's mind when he didn't kiss that moist lips. She, with an intimate look patted on her back, spoke much colder.

Shen Ning pushed him away indifferently: "Li Zhenting, from now on, please don't get close to me, because I think you are dirty and want to vomit."

Li Zhenting was annoyed when he heard this: "You think I'm dirty, so won't it be dirty if you pour it into Ji Qingshan's arms?"

Shen Ning suddenly opened his eyes and looked at him angrily: "Li Zhenting, what are you talking about? When did I fall into Ji Qingshan's arms? How could you say that about Qingshan? How could such a pure and pure man like Ji Qingshan do that?" When something like that happens, you shouldn't think that way, do you think he is like you, a woman can get into your arms, you are not worthy of talking about him. "

She just leaned on his shoulder because she was too sad, and he comforted her.

He actually said that about her, it seems that he has followed her a long time ago!

Li Zhenting's face turned black, and his whole body exuded a cold and murderous aura.

She even described Ji Qingshan as pure and pure, but she used a word to describe a woman but she used it to describe a man. It can be seen what kind of existence this man should be in her mind, so what is his husband!

Chapter 859 You can only be with me

"But I saw you hugging him with my own eyes. In the crowd, you described him as pure and pure. It's really ridiculous." Li Zhenting smiled disdainfully, and his voice was sharp.

Shen Ning was so angry that he was about to collapse.

The reason why she used his shoulder to cry and shed tears, wasn't it all because of him? She was almost driven to death by him and Xiaofeng, but he took advantage of this to accuse and humiliate her.

She raised her head abruptly, and sneered: "Li Zhenting, no matter how much I hug him, I can't compare to you and Xiaofeng, Shen Mei's ten thousandth, you first think about how you are a husband, the first time you remarried Today, at the gate of the Civil Affairs Bureau, Xiaofeng called, and you left me and left. This trip lasted for three days and three nights. From then on, whenever Xiaofeng called, you would go there without hesitation. In front of me, she hugs you, you hug her, the two hug each other, even she is not naked, you sleep in her arms, is there a husband like you? Where do you put me? "

She asked angrily, her chest heaved violently with anger, and her whole face was flushed red.

This man is really selfish!

She was so sad that she burst into tears.

"Ning Ning, don't cry." Seeing her sad and crying, Li Zhenting's heart ached again, hugging her, and breathed heat into her ears, "Let's forget about the past, let's not cry, but I want to tell you: I don't like Ji Qingshan, you are not allowed to get together with him in the future, absolutely not, you are my wife, you can only be with me."

His long arms wrapped around her, kissing her hair lightly, Shen Ning could hear his violent heartbeat.

She was confused for a while.

At this moment, she felt that he must love her.

"What about you, if I'm not with Ji Qingshan, can you be with Xiaofeng?" She asked coldly.

"Ningning, Xiaofeng and I are just working. I promise you that as long as the chip is successfully developed, I will promote her and send her overseas. We are a family. She is only needed for work." He is soft-spoken.

"Hehe." Shen Ning said straight, sharply, "Come on, Li Zhenting, don't use work as an excuse, you can't fool anyone, now everyone in the company is saying that she is your lover, do you think she is your lover? Is everyone else stupid? You only have Xiaofeng in your heart. This is a fact. You have been thinking about her all the time. Now you even say that you will send her overseas after the chip is successful. Do you think I will believe it? Back then, you Tell me that after she recovered from her illness, you sent her away, and now not only did you not send her away, but returned to the Li Group, what a big lie you are, who would believe you. "

"But Ningning, there is a reason for all of this. You know it, and I can't help it. Now the entire imperial capital does not have chip technology, only she has it. I can't drive her away." Li Zhenting's face was full of embarrassment.

At this moment, his cell phone rang suddenly.

Before he had time to pick it up, Shen Ning took it over to have a look.

Sure enough

The above shows Xiaofeng's name.

"Li Zhenting, if you have the ability, you don't answer this call, and you don't have any personal contact with her." Shen Ning held the phone and looked at him aggressively.

"I..." Li Zhenting seemed very embarrassed, "Ningning, Xiaofeng must have asked me because of work, because of the chip, I have to take it."

"Really?" Shen Ning sneered: "But I think she often looks for you not because of work."

Chapter 860 It doesn't matter if you are dead

"Ning Ning, even if it's not about work, it's about her body. She's not in good health, and she's working on chip research and development for our Li Group while sick. Do you think I can ignore it? If I, the president, can't even care, How can I convince other employees." Li Zhenting explained.

"Hey." Shen Ning sneered when he heard that.

What a good-sounding reason!

She was completely defeated. It was obvious that her husband was having an affair with other women, and she could only accept it, but she had no choice but no room to fight back.

At this time, the mobile phone seemed to be deliberately declaring sovereignty, and it was still ringing non-stop.

Shen Ning was in a terrible mood, holding the phone tightly with his fingers, wishing to break it into pieces.

"Ning Ning, give me the phone quickly, maybe she has another health problem, and the consequences will be serious." Li Zhenting was a little nervous, and looked at her with a cold face.

Shen Ning felt that there was no point in persisting.

Li Zhenting has changed, becoming duplicity, opportunistic, saying that he loves her, but actually having an affair with another woman, having an affair, and even in front of her face, what's the point of having such a man?

"Here you are." She threw the phone to him indifferently.

Li Zhenting caught it, glanced at her, and connected to the phone: "Xiaofeng, what's the matter?"

"Zhen Ting, I just finished designing for two hours, and my heart is so stuffy, can you come and accompany me?" Xiaofeng's soft voice came out from the phone softly, and the car was quiet, and the voice poured directly into the In Shen Ning's ears, it was very clear.

Shen Ning opened the car door and was about to go down.

"Ning Ning." Li Zhenting reached out to pull her.

But Shen Ning shook his hand hard, shook off his hand and ran towards the street.

The traffic on the street is very dangerous!

At this time, Shen Ning just wanted to escape from here desperately, and ran directly across the street.

"Hey, you are looking for death." Several cars slammed on the brakes in a row, and the driver stuck his head out and cursed non-stop.

At this moment, Shen Ning felt that it didn't matter even if he died.

A woman is scarred by love, life is hopeless, so what if she dies?

No one understands Li Zhenting better than her. The reason why he is so indecisive and indulges Xiaofeng now is because he has always loved Xiaofeng deeply. Xiaofeng is his only love, and no one can replace him, even if she does it for her. He gave birth to three children, also not fully replaceable.

In this life, she is doomed to be just a symbol of sorrow and will never get love.

"Ning Ning."

Li Zhenting saw Shen Ning rushing towards the street, and the car hit her, his eyes widened in horror. At that moment, his heart stopped beating, and he felt that his soul was gone. When he was about to rush over, he felt a violent shock in his head. The pain was so painful that his eyes turned black, and his body shook.

"Ah." He roared, dropped the phone, and beat his head with his hands.

After a period of darkness, the eyes finally regained light. When he raised his head again, he saw that the driver had braked in time, and Shen Ning had safely run to the opposite side of the street.

He breathed a sigh of relief and fell down on the car seat.

Li's Castle.

"Look, this woman has approached Daddy for the fifth time today." In the bedroom, Ke Ke, Ding Ding and Xiao Xiao leaned their heads in front of the computer, and Ke Ke shouted angrily.

"Hmph, old hag, look quickly, her arms are wrapped around Daddy's waist, and she is leaning on Daddy's body." Xiao Xiao screamed.

"Why didn't Daddy push her away? How could he be like this? What a scumbag." Ding Ding couldn't stand it any longer, and patted the table with his little hands.

"No wonder Mommy is so unhappy. It turns out that scumbag daddy is bullying Mommy with another woman. It's so hateful."

"Yes, no, we have to drive that woman away. If this continues, I'm sure Mommy will definitely leave us." Coco already had a strong sense of crisis.
