

Troublemakers 871

Chapter 871 Conspiracy 2

Sure enough, Li Xuexi knew Li Zhenting best.

Li Zhenting is a dark and shrewd person with a keen sense of smell and an arrogant personality. It is difficult for ordinary people to approach him, and it is even more difficult to break into the Li Group with external forces to destroy the chip design. Reines tried many methods but failed to achieve his goal. .

But after Li Xueyan came back, things quickly progressed.

Li Xuexi took advantage of Li Zhenting's weakness: Xiaofeng!

She knew that there was always a woman hidden in Li Zhenting's heart, and that was his first love, Xiaofeng.

At the beginning, because of Xiaofeng, he was scornful of Shen Ning, who the old man forced him to marry, and didn't even look at her. Li Zhenting, who is so focused on feelings, seems to be invincible, but it is also his weakness.

Li Xuexi found Lan Feiyun. After all, when Li Zhenting had an accident that year, Xiaofeng rescued him and stayed with him for a while. Lan Feiyun knew about it. Not only did she know, but she also used this relationship to get her daughter to give Li Zhenting. After giving birth to Lan Lan, she entered the Li family and almost married Li Zhenting.

Therefore, she must know where the real Xiaofeng is.

So, she gave her a generous reward, released her on bail, and promised to rescue Shen Deshun and Shen Meilai after the incident.

Sure enough, in less than a week, Lan Feiyun found Xiaofeng, and to her surprise, Xiaofeng and Shen Ning were carved out of the same mold. As for why they were so similar, she couldn't find out. When he got the answer, Xiaofeng said that she didn't know Shen Ning before, and Lan Feiyun shook his head and said he didn't know.

She didn't bother to care about it, anyway, this Xiaofeng was very obedient and could help her achieve great things.

Through the confrontation between her and Shen Ning in Li's old house last time, she has already seen that now Li Zhenting has fallen in love with Shen Ning. She was not sure about Xiaofeng at first, but after seeing her appearance, completely relieved.

A Xiaofeng who is exactly the same as Shen Ning, of course, can confuse the public the most.

So, she directed a good show.

On the day Li Zhenting and Shen Ning remarried, she asked Xiaofeng to call Li Zhenting. He also had a car accident and was on the verge of death.

Human life is at stake, he was terrified and ran over immediately.

Li Xuexi knew that this was a rare opportunity, and if she lost it, she might never have it again.

That day, Xiaofeng who was sent to the hospital was immediately found to have leukemia.

She kept tugging on Li Zhenting's sleeve to prevent him from leaving.

After the surgery, it was already the middle of the night, the darkest time before dawn.

Li Zhenting was finally so tired that he fell asleep in the ward. Li Xuexi led a doctor in and successfully implanted a chip in Li Zhenting's brain.

Next, under the effect of the chip and Xiaofeng's confusion, he didn't go home for three days and three nights.

...

"Miss Li, it was agreed at the beginning. I got Li Zhenting, successfully married him, and became Mrs. Li. You get what you want, and this is a contract. Do you want to renege? I was really injured in the car accident. Got it." Xiao Feng was emotional, "Now I was kicked out by him, you guys have to take responsibility."

"OK, Xiaofeng, don't get excited." Reines watched the two quarreling women finally speak out, and said in suffocated Chinese, "Don't worry, our cooperation must continue, you have been kicked out, Our goal has not been achieved, this is not in the interests of both of us, now the chip has been implanted in Li Zhenting's brain, this is hope, but this chip is also the first time we use it after we developed it, Li Zhenting's will is very firm, there is Time can effectively counter the side effects caused by the chip, you wait, I will contact the staff immediately to improve."

This kind of chip does have shortcomings, but it is still useful, otherwise Xiaofeng would not be able to enter the Li Group, and gradually gained the trust of Li Zhenting.

It's just that Li Zhenting's willpower is too firm, and he behaves calmly in the face of the temptation of women, and the interference of the brain is not so obvious.

Chapter 872 Conspiracy 3

"Also, you gave me the chip research blueprint, but there is no further data coming out. After a long time, they will become suspicious. You must know that Fang Xianyun is a leader in chip technology, and he will soon see it." Xiaofeng continued to speak.

"Well, don't worry, this time, I will give you some data. Based on this, you will definitely be able to gain Li Zhenting's trust again." Reines showed a sly smile.

"Xiaofeng, everything is up to you, behave well, as long as you can become Mrs. Li, you will be the richest woman in the entire imperial capital." Li Xuexi also looked at her and smiled.

"Miss Li, you should have found a way to prevent Zhen Ting and Shen Ning from remarrying, so that I would not have the resistance of Shen Ning." Xiao Feng looked at Li Xuexi and complained.

A disdainful sneer floated on Li Xueyan's lips.

This Xiaofeng is more greedy than Shen Mei.

Li Zhenting loves Shen Ning now, and remarried with her, can she stop this?

Before the chip was implanted in his brain, she couldn't control him at all.

She can only use this method to make Xiaofeng appear in front of Li Zhenting. On the day of their remarriage, this will hit Shen Ning the hardest and cause her the most pain.

This Xiaofeng is really vulgar and ignorant, it's ridiculous.

"Xiaofeng, it's the best arrangement to get you close to Li Zhenting now. You should first think about how to get Li Zhenting's heart. Now Shen Ning must be heartbroken. Li Zhenting has made her heartbroken. As long as you work hard, there is hope, I hope you can succeed, because, I still want to regain the equity of the Li Group, with your internal backing, we will cooperate better."

Li Xueyan stood up and patted Xiaofeng on the shoulder: "Come on, I hope we can achieve a win-win situation. The whole imperial capital is watching Mrs. Li. The better things are, the harder it is to get them."

Xiaofeng's beautiful eyes flashed, and she nodded.

After a while of secret talks, Xiaofeng returned to the Li Group.

During this period, because she had to work overtime to research chip technology, Li Zhenting gave him the key to the Li Group.

She is free to come and go.

The mess in the office has been cleaned up by the nanny.

She was sitting on the soft chair, thinking that she was almost kicked out of the Li Group by three brats, a feeling of unwillingness and anger welled up in her heart, and a cold light shone in her icy eyes.

Raising his hand, he picked up the water glass next to him and poured it into his mouth.

"Ouch." Ge Di, a strange smell came straight from her mouth to her nostrils. She sniffed her nose several times, and what she smelled seemed to be a smell of excrement. The picture of Ding Ding diarrhea this afternoon flashed in her mind. Could it be... She was so sick that she retched.

After a while, he stood up and threw the cup hard to the ground.

Stinky bastard, how dare you harm me!

See how I deal with you in the future, and your **** mommy, who dares to **** my man and spoil my good deeds, I will definitely kick you all out.

Early the next morning.

Li Zhenting just got out of the elevator.

"Miss Shen, you are already in poor health, and you worked overtime last night, don't wait any longer, go to the hospital for an examination first."

"No, I will wait until Zhenting comes over and give him this data. This is too important to him."

Two women's voices came, one anxious and worried, the other weak.

...

As soon as Li Zhenting raised his eyes, he saw Nurse Wu standing in front of his president's office supporting Xiaofeng, and the conversation between the two was clearly audible.

He froze for a moment, frowned, and walked towards them.

"Zhenting." Hearing footsteps, Xiaofeng was the first to turn his head. When he saw Li Zhenting, his eyes were full of surprises, and he ran towards him with weak steps, but after only a few steps, his body He fell softly to the ground.

But no man can watch this sick woman fall to the ground.

Li Zhenting instinctively reached out and grabbed her.

Xiaofeng took the opportunity to throw himself into his arms.

Chapter 873 He actually agreed

"Zhenting, I, I, last night, finally, finally, I calculated that data. Come on, hurry up and take a look." Xiaofeng said intermittently, looking at Li Zhenting obsessively, like a little white rabbit. delicate and charming.

Li Zhenting was very surprised.

"Mr. Li, Ms. Shen worked overtime last night and just vomited a mouthful of blood. You should send her to the hospital for an examination." Nurse Wu held the tissue that had vomited blood, her face full of worry.

Li Zhenting took a look and took the data in Xiaofeng's hand.

"Zhenting, this data is absolutely fine, believe me, I have been trying to calculate it all night, cough, cough..." Xiaofeng grabbed Li Zhenting's arm, and after speaking emotionally, he coughed violently.

"Go, I'll take you to the hospital." Li Zhenting picked up Xiaofeng and ran towards the elevator.

The elevator door opened, and as soon as Shen Ning came out, he saw Li Zhenting rushing into the elevator with Xiaofeng in his arms.

She turned pale.

Sure enough, as she thought, Li Zhenting would not give up Xiaofeng, even if she hurt his children, he would not really care, after all, she is his white moonlight, last night because of Li Wanqing, he He was just forced to drive her away.

A cold smile appeared on the corner of her lips.

"Ning Ning." In the morning, Shen Ning was sitting in a daze in the office when his cell phone rang, and it was Ji Qingshan calling.

"Qingshan." Shen Ning picked up the phone.

"Ningning, where are you?" Ji Qingshan's voice was deep and hoarse.

"I'm in the office of the Li Group."

After a pause, he said: "Just now, I saw Li Zhenting entering the hospital with Xiaofeng in his arms."

Shen Ning was silent for a while and then replied: "Yes, Xiaofeng has leukemia. He worked overtime last night and vomited blood early in the morning."

"Leukemia, vomiting blood?" Ji Qingshan froze for a moment, "Oh, I see."

He hung up the phone.

After Shen Ning put down the phone, he felt mixed feelings and felt very uncomfortable.

Li Zhenting did not return to the company all morning, and the executives who came to him to sign and report work came wave after wave.

In the afternoon, Li Zhenting came back, but he came back with Xiaofeng.

Xiaofeng fell into Li Zhenting's arms, coquettishly, soft and soft, with such a flirtatious vigor that it hurts the eyes at a glance.

Shen Ning sat in the office, watching two people walk in, talking and laughing, completely ignoring her.

"Zhenting, she only hurt your three children yesterday, how can you be so intimate with her today? Yesterday, but you kicked her out?" Shen Ning couldn't bear it, and asked Li Zhenting.

But Li Zhenting just glanced at her, and said coldly: "I like it, my woman, I can pamper you however I want."

Shen Ning was dumbfounded.

If it was said that Li Zhenting could maintain restraint in front of her in the past, it would have saved her face to some extent, but now he has already bluntly stated his position.

He wants to spoil her woman, love her woman!

Then what is she!

It turns out that fickle men are so scary!

"Zhen Ting, since you dote on your woman so much, what do you want from me? Let's get a divorce!" Shen Ning couldn't bear it anymore and shouted.

Hearing the word 'divorce', Li Zhenting seemed to wake up a bit, and after a moment of stupefaction, a trace of pain flashed in his eyes.

"Zhen Ting, sister is angry, I'm sorry, I hurt your feelings, but we really love each other, I love you so much, I can't live without you, please forgive me, I will be better in the future I love you." Xiaofeng stroked his chest and said softly, with guilt all over his face.

She just said: You guys get a divorce, we are true love, don't worry, I will love you more than her after the divorce.

"Okay, if you must divorce, then I agree." Li Zhenting quickly regained his composure, and spoke to Shen Ning indifferently.

Shen Ning's eyes darkened, and his body shook.

He actually agreed!

"Okay, as long as you agree, then we will go to the Civil Affairs Bureau tomorrow."

She stood up, picked up her bag, covered her mouth and ran outside.

Looking at Shen Ning who left in pain and sadness, a cunning and triumphant smile floated on the corner of Xiaofeng's lips.

Chapter 874 Because he got real love

"Vice President Shen." As soon as Shen Ning ran to the door, he ran into Leng Xue head-on, and he immediately stopped her.

"What's up?"

"Madam, can I talk to you?" Leng Xue was very sincere and polite.

"What are you talking about?" Shen Ning sneered, "Tomorrow I will be divorcing your President Li, what else is there to talk about? Talk about his cheating, and cuddle with the mistress in front of me?"

With a cold-blooded face and a look of shame, he said in a low voice: "Madam, I think you know your husband better than I do. Mr. Li has never been such a person. Even when Shen Mei was by his side in those years, he was also very restrained, and I believe he loves you, please give him some time."

"Very restrained?" Shen Ning wanted to laugh, "Yes, he is really restrained, otherwise Shen Mei would not have given birth to Lan Lan.

That's right, I know him well, and because I know him too well, I know that there is only one woman he has been thinking about all these years, and that is Xiaofeng, and now he has found love, so I should withdraw to fulfill them. "

"No, ma'am, I don't think that's the truth." Cold-blooded and anxious, "Don't you think President Li is weird these days?"

"What's weird?"

"He is very emotionally unstable. Sometimes he is fine one second, and loses his temper the next second. He often has headaches, and even people will admit his mistakes. I heard from the manager of the personnel department that once, he even compared him with the manager of the financial department. I made a mistake, and I often read the wrong documents during meetings, this is definitely not the shrewd and black-bellied President Li." Leng Xue raised his doubts.

Shen Ning smiled disdainfully: "So what? Because he got real love, he reacted like this when he was excited. This is a manifestation of true love, and I think it's normal."

"No, I really don't think so."

But Shen Ning was not in the mood to listen to him, so he avoided him and walked outside, and drove back directly to Li's Castle.

Li Wanqing and Li Jinyao went to church today, and the house was empty.

She ran to the guest room and began to pack her things. Thinking that the Chinese New Year was coming soon, and she had to leave in despair after only half a month after moving here, she felt very sour.

This life of riding a horse is really changing rapidly. Although I have made countless mental preparations, I still feel inexplicably uncomfortable when I really leave.

My fingers stroked her stomach, and Cocoa, Xiaoxiao and Dingding's cute and immature faces flashed in my mind. If the children knew how painful and sad she would be after she left, and the Chinese New Year would be coming soon.

"Ouch." The intense pain suddenly made her stomach churn, she covered her mouth and ran into the bathroom, lying on the toilet and vomiting.

After a while, I lay limply on the toilet, my face was pale, my body was covered in sweat, and my body was so weak that I couldn't even stand up.

"Miss, what's wrong with you?" Aunt Dong ran over when she heard the voice, and asked with concern.

"Aunt Dong, didn't you go back to your mother's house?" Shen Ning was surprised to see Aunt Dong's face.

So, Aunt Dong told the situation again!

It turned out that in order to let Xiaoxiao adapt to the environment when she first remarried, and also to make Shen Ning less lonely, Li Zhenting took Aunt Dong over, but Aunt Dong couldn't adapt to this kind of wealthy life, there were too many rules, complicated people, and Li's old There was no shortage of nannies in the castle, so she moved back to live in the white villa that Shao Meiqi left her, after all, she had her shares there.

She can also be free.

But yesterday, Li Wanqing personally went to pick her up, saying that Shen Ning is not in good condition recently, and asked her to accompany her well.

After hearing this, Shen Ning smiled helplessly.

She understood Li Wanqing's meaning, which was to bring her natal family so that she would not be half-hearted and have the idea of divorce.

But now, it is beyond her control.

Chapter 875 This child must not be left behind!

"Miss, what's wrong with you? Why are you vomiting so badly? Let me accompany you to the hospital." Aunt Dong helped Shen Ning to stand up and was about to take her to the hospital.

Shen Ning shook his head weakly: "Aunt Dong, I'm fine, just lie down for a while and I'll be fine."

"Miss, your body is the most important thing, don't hold on hard." Aunt Dong was very worried, "No wonder Madam said you are not in good condition, look, I haven't seen you for a few days, and you are so pale and thin gone."

Because of Shen Ning's insistence, Aunt Dong had no choice but to help Shen Ning to lie down on the bed.

The moment they returned to the bedroom, Shen Ning saw a figure walking by the door, and glanced at it, it was Xiaofeng.

Downstairs on the kitchen balcony.

Xiaofeng answered the phone.

"Xiaofeng, I asked you to observe whether Shen Ning is pregnant. Why have you not heard back after so many days?" Xiaofeng sat in the office and asked angrily.

If Shen Ning is pregnant, morning sickness must be a common occurrence, because she is in Li Zhenting's office, she cannot observe it, but Xiaofeng can easily see it in Li's Castle, and she is a lurking Those who were there were unguarded.

"I..." Xiaofeng stammered.

"What? You changed your mind and don't want to serve me anymore? Do you still want your mother to get better? If not, then forget it." Xiaofeng's eyebrows became sharp, and his tone was aggressive.

"Think, think, Miss Shen, please don't give up on my mother." Xiaofeng became anxious, his face turned pale, and hurriedly said in a low voice: "Miss Shen, is my wife pregnant? , Everyone doesn't know, but I saw that she vomited several times recently, and she didn't go to the hospital for an examination every time she vomited, but just lay on the bed and rested, with a lazy look, very like she was pregnant."

Damn it!

Xiaofeng's eyes burst into a cold light, and he clenched his fingers tightly.

If Shen Ning is pregnant, as long as Li Zhenting finds out, they will never get divorced.

Even if they are divorced, if they know that Shen Ning is pregnant, the Li family and Li Zhenting will definitely go after her desperately.

Now her plan is being realized step by step, and Li Zhenting is listening to her more, hope is coming soon.

This child must not be left behind!

"Listen to me, tomorrow at 3 o'clock in the afternoon, you come to the sugar shop next door. I have something to give you and a new task for you." She immediately ordered.

Xiaofeng felt chills all over when she heard this, and curled up into a ball.

Don't think about it, Xiaofeng is going to order her to do something again!

This is to kill the child in Shen Ning's stomach.

Killing, this is killing.

Her face was translucently white, and she was trembling all over.

But mother's thin, bloodless face flashed before her eyes, she closed her eyes helplessly, and agreed.

"What are you doing?"

Aunt Dong came down to the kitchen to cook some mountain **** soup for Shen Ning. She just opened the refrigerator, and suddenly saw a woman standing on the balcony behind her looking down and talking on the phone. Frowning involuntarily, he hurriedly closed the refrigerator door, opened the rear balcony door, and walked out, just in time to see Xiaofeng turn around in a daze after finishing speaking.

"Ah." Seeing her as if seeing a ghost, Xiaofeng jumped back several steps in fright and screamed.

Aunt Dong saw that it was Xiaofeng, her heart fluttered because of her surprise, and she hurriedly said: "It's broad daylight, what are you doing, isn't it just a phone call? As for making such a fuss, it's mysterious." secret?"

"No, Aunt Dong." Xiaofeng smiled with a pale face, "I didn't expect you to appear here suddenly, I didn't pay attention for a while, I'm sorry, I scared you."

She bowed her head and hurried away after speaking.

Aunt Dong looked at her hurried back and narrowed her eyes.

For some reason, this Xiaofeng always makes her feel weird. When she was here last time, she also felt that something was wrong with her, and she didn't like her. Seeing her now, this feeling is even stronger.

Chapter 876 She is really powerless to do anything

Li Wanqing came back in the afternoon.

After she came back, Shen Ning didn't say anything to her.

After all, Li Zhenting has promised to divorce her tomorrow, if he told her, she would definitely not agree.

She didn't want to go on with it anymore, and she didn't want to make troubles.

Only by getting divorced can she leave here completely and go to a place where there is no trouble to give birth to the child with peace of mind.

This night, Li Zhenting did not come back!

She didn't care anymore, and she slept with three children!

But when I thought that I would leave here soon, in the middle of the night, I burst into tears holding my three lovely children.

She is willing to give up everything, but these three children!

Finally fell asleep, and woke up in a daze in the early morning.

She went downstairs to make breakfast for the three little ones herself, took care of them after breakfast, and sent them to the kindergarten.

"Goodbye, Mommy." The three children followed her into the kindergarten.

"Goodbye." Shen Ning stood behind raising his hands, looking at their little backs reluctantly.

Baby, you will have a stepmother soon, and you must be well in the future!

After she divorces Li Zhenting, Li Zhenting will marry Xiaofeng soon, and Xiaofeng will be their stepmother.

When I first thought of the word 'stepmother', my heart felt cold and my whole body was cold.

The previous Shen Mei had already made her tremble with fear, but she never expected that Shen Mei would solve it. The real white moonlight lurking in Li Zhenting's heart appeared, and this woman's rank was much higher than Shen Mei's.

When she thought of the children's future without the company of Mummy, her heart ached like a tear, but there was nothing she could do.

In the past, she was not pregnant, only Ding Ding was in the Li family, and she could still fight the devil, but now, she was exhausted and pregnant, Ke Ke, Xiao Xiao and Ding Ding were also descendants of the Li family, she Really powerless to do anything.

Children, I'm sorry, Mommy is really incompetent!

She returned to the car, burst into tears again, but when she thought of Li Zhenting's attitude, she gritted her teeth decisively and stepped on the accelerator.

At the entrance of the Civil Affairs Bureau.

Shen Ning stood on the steps and called Li Zhenting.

But I made several phone calls but no one answered.

She was a little annoyed.

This man is afraid that he has forgotten his promise in Xiaofeng's gentle village now.

She sent him a message: Li Zhenting, I am at the door of the Civil Affairs Bureau, when will you come to divorce?

It was a long time after the message was sent that Li Zhenting replied: Ning Ning, I'm sorry, there is an urgent project to negotiate today, I'm on the negotiating table now, let's wait another day.

Shen Ning was furious when he saw it.

Another day!

This **** man, who clearly agreed yesterday, released her pigeons today. If he really can't come today, he should have told her in advance, what is this, making her wait here.

No way, in the end, she had to drive back angrily.

In the kindergarten.

"Look, Daddy didn't drive that woman out at all. Instead, he stayed with her every day. For the past two days, Mummy is not in the office, and only that woman is with Daddy. I'm really mad." Coco Opening the surveillance camera picture on the tablet, his cheeks bulged with anger.

"Ah, the baby is so mad." Ding Ding was also so angry that he pounded on the table.

"Daddy is really not decent. He promised me the day before yesterday that he would not look at any woman except Mommy. Now, he is still cuddling with that woman. I am so mad." Very angry.

"what to do?"

"Of course we will continue to fight monsters." Ke Ke patted the table with his hands, "This time, I will invite Aunt Jiaojiao to help us fight monsters."

"Her, okay?" Ding Ding expressed doubts.

Apart from being greedy for money, this aunt Jiaojiao doesn't seem to be good at anything else.

"It should work. Last time, she helped us get Mommy back." Xiao Xiao nodded affirmatively, "She wants money, so we'll just give it to her. Anyway, one more adult will give us more strength." ."

"Okay." The three little ones agreed.

Chapter 877 But we are not happy

In the afternoon, at the gate of Blue Whale Kindergarten.

"Hi, kids, do you miss your aunt?"

Coco, Ding Ding, as soon as Xiaoxiao came out, he saw a woman wearing sunglasses and a long trench coat, standing gracefully in the cold wind, greeting them.

Uh, isn't this Aunt Jiaojiao!

Really say Cao Cao, Cao Cao will be there!

Very good.

"Aunt Jiaojiao." The three little ones ran over in a swarm, and held her hand enthusiastically, smiling.

"Children, winter vacation is about to begin." Jiaojiao has not forgotten the purpose of her visit. The Chinese New Year is coming soon. The red envelopes, gold bars, and golden melon seeds of the three little guys are just a good time for her to harvest. up.

"Yes, the teacher said that the day after tomorrow will be a new year, and we will have winter vacation tomorrow." Coco replied with a sad face, "But we are not happy."

"Why?" Li Jiaojiao was taken aback.

Coco sniffled: "Daddy doesn't want Mommy now, he's dating another woman."

"What?" Li Jiaojiao's eyes widened, "How is that possible?"

"Why don't we go to Daddy's company together, you'll know when you see it, we didn't lie to you." Ding Ding replied angrily.

"Auntie, we really didn't lie to you." Xiao Xiao took Li Jiaojiao's hand and explained the situation over and over.

Coco and Ding Ding also opened the video they took.

"Oh my god, why is my cousin so messed up?" Li Jiaojiao was terribly annoyed when she saw it, "Which corner of the mountain did this little wind come from, and she looks exactly like my cousin, what the hell, Is there anyone like that in this world?"

"So, aunt, you have to help us, otherwise, we will have no mommy." The children were pitiful one by one.

"Don't worry, my aunt will definitely help you." Li Jiaojiao patted her chest proudly, "It's just a reward..."

"All our New Year's money is yours." The three little ones said in unison.

"Good boy, what a good boy." Li Jiaojiao stroked their heads, smiling brightly.

"Auntie, Auntie." At this time, Fat Lanlan ran towards this side with her short legs. She was always a step behind the three of them. She was very happy to see Li Jiaojiao.

"Lan Lan." Li Jiaojiao hugged her and kissed her, stroking her chubby head.

Just then Xiao Li and the housekeeper came to pick up the children.

After Li Jiaojiao called Li Wanqing, Xiao Li and the butler took Lan Lan into the car.

Lan Lan refused to go back alone, and sat in the car sulking.

Ke Ke made a face at her, and got into Li Jiaojiao's car with Ding Ding and Xiao Xiao.

Soon Li Jiaojiao started the car.

"Hmph, don't get complacent too early, you will be accompanied by your mommy soon, and the stepmother will take care of it, and you deserve it." Lan Lan pursed her lips and cursed bitterly.

Li Group.

"Zhenting, drink some hot water." Xiaofeng handed the hot water in the jade cup to Li Zhenting, and said Jiaochen.

"Okay, thank you."

Li Zhenting took the jade cup and took a sip of water. Xiaofeng immediately took the jade cup and placed it at a 45-degree angle from his seat so that he could get it without raising his head and reaching out.

"Zhen Ting, how is my data? Not bad." Xiaofeng sat down on his lap, snuggled into his arms, and stroked his chest with his fingers.

"Well, the data is good, I didn't expect Xiaofeng to be so powerful." Li Zhenting nodded in approval.

Today, he held a meeting with the executives of the design department regarding the data developed by Xiaofeng, and everyone agreed that the data is reliable.

"Zhenting, how can you thank me for rewarding me." Xiaofeng leaned his face on his chest, coquettishly, "I vomited blood just because I was researching the chip."

Li Zhenting was confused for a while, looked down at her, put his arms around her shoulders, and said dotingly: "Ning Ning, it's really hard work for you."

Xiaofeng was taken aback for a moment, and suddenly smiled with raised lips, with a raised face, red lips like blood.

Li Zhenting's eyes fell on her lips, his eyes became more and more blurred, and he slowly lowered his head.

Xiaofeng closed her eyes happily, her heart pounding.

Just as she was looking forward to this long-awaited, soul-stirring moment.

Sudden

The door of the president's office opened, and Li Jiaojiao ran in like a gust of wind.

Chapter 878 Looks like a different person

"Brother Zhenting." Li Jiaojiao rushed in and pulled Xiaofeng up, threw him aside, and stretched out his hands to hug Li Zhenting's neck.

Xiaofeng was already thin, but when Li Jiaojiao threw her body so hard, her body flew horizontally, her feet didn't stand firmly, and she fell to the ground.

"Brother Zhenting, last time, you said you would give me back that gold card, why haven't you given it to me yet?" Li Jiaojiao put her arms around his neck and acted like a baby.

"Jiaojiao, why did you come here?" Li Zhenting finally recognized that the girl who rushed in and hugged his neck was Li Jiaojiao after a long period of confusion, and asked in surprise.

"You still have the nerve to say, if I don't come back to look for you, you will forget about me." Li Jiaojiao beat his chest with her small hands, "You are really good or bad, and you have met a new woman. Forgot all about it."

She deliberately said this, and she was intimate with him.

Li Zhenting was dizzy from this sudden stalking. Suddenly, there was a severe pain in his brain, and his fingers touched his temples, and his heart became more and more restless.

Recently, he has been getting more and more out of state, either he has a headache or is confused. Now that he is disturbed by someone, he even struggles to think about the problem.

Xiaofeng never dreamed that a girl would come out on the way. This girl was full of extravagance and extraordinary clothes. She seemed to be a rich girl, and it seemed that she had a very close relationship with Li Zhenting.

She stood up with her hands on the floor, and when she saw Li Zhenting's headache, she secretly rejoiced, hum, this girl is really looking for death, and dared to rob her of a man.

"Zhen Ting, what's wrong with you? Do you have a headache? I'll pour you a cup of herbal tea and you'll be fine." She immediately rushed up and said with concern, and then went to pour a cup of dark herbal tea over.

"What did you give Brother Zhen Ting to drink?" Li Jiaojiao saw that the herbal tea was dark and had a strong smell of medicine, so she stopped her and shouted angrily.

"This is medicine for headaches, as long as he drinks it, he will be fine." Xiaofeng said calmly.

"Nonsense, Brother Zhen Ting is not sick at all, so he doesn't need to drink any medicine. He never drinks these bitter medicines when he grows up. Are you trying to harm him?" Li Jiaojiao domineeringly stopped Xiaofeng, Let her go, but also **** the medicine in her hand.

"Xiaofeng, hurry up, give me the medicine, my head hurts." But at this moment, Li Zhenting stretched out his hand to Xiaofeng, and shouted impatiently.

Xiaofeng smiled triumphantly at Li Jiaojiao, and said, "Zhenting, it's not that I don't give it to you, it's that she's stopping me, drive her away."

"Get out." Sure enough, Li Zhenting yelled at Li Jiaojiao.

"Brother Zhenting, you actually told me to get lost?"

Li Jiaojiao is incredible. Although Li Zhenting is strict with her and sometimes gets angry, he will never let her go so rudely.

"Get out." Unexpectedly, Li Zhenting yelled at her again with a gloomy face.

Xiaofeng smiled provocatively at the side: "Miss, do you hear that, your brother Zhenting told you to get out, get out soon."

Li Jiaojiao stood still.

Xiaofeng came over and gave her a hard push, pushed her aside, took the medicine in his hand and gave it to Li Zhenting.

He took it and drank it dry after holding his head up.

After a while, he really didn't have a headache anymore. He sat on the soft chair and pinched the space between his eyebrows with his fingers.

"Zhenting, are you alright?" Xiaofeng sat down on Li Jiaojiao's lap in front of Li Jiaojiao, wrapped his hands around his neck, and asked coquettishly and shyly.

"It's okay, baby." Li Zhenting touched her face and spoke softly.

Li Jiaojiao was dumbfounded.

Is this still the shrewd and capable cousin? It's like a completely different person, even the eyes looking at her are strange and indifferent.

She turned and walked out.

Chapter 879 She probably didn't have leukemia

In the car.

"Aunt Jiaojiao, how is it? Is that **** okay?" Ke Ke, Ding Ding and Xiao Xiao Qiqi looked at her.

Li Jiaojiao looked at the three poor babies, patted their heads, and did not speak.

"Aunt Jiaojiao, is it because you can't handle her?" Xiao Xiao was anxious.

Li Jiaojiao pondered and asked: "How is your mommy now?"

"She is very bad, she often cries, depressed, so pitiful." Xiao Xiaoxiao began to cry.

"Hey." Li Jiaojiao sighed, and now even she wanted to cry, "Where is your mommy now?"

The little guy shook his head, they haven't come home yet, I don't know why Mommy didn't come to the kindergarten to pick them up today.

Okay, Li Jiaojiao took out her mobile phone and called Shen Ning.

Floating Cafe.

"Qingshan, is what you said true?" Shen Ning looked at Ji Qingshan with a solemn expression.

"Of course, the Imperial People's Hospital is where I work. I went to the archives room to retrieve her file today. She has no medical history, and it is also said that she probably did not have leukemia." Ji Qingshan's eyes sparked gloomily. .

"Qingshan, it's impossible. Her disease was consulted by several experts from the People's Hospital, and she also underwent bone marrow transplantation. Could it be fake?" Shen Ning felt as if he had seen an alien. ask.

"But have you seen all of this with your own eyes?" Ji Qingshan asked in a deep voice.

Shen Ning thought for a while, then shook his head: "I haven't seen it before, but I heard from Li Zhenting that it's impossible for him to be cheated by such a shrewd person. Oh, by the way, my mother-in-law Li Wanqing was there to take care of Xiaofeng's bone marrow transplant. As for her, if she can fool Li Zhenting, she can't fool Li Wanqing, right?"

That day, her grandmother was seriously ill. Li Zhenting guarded her and did not go to the hospital. It was Li Wanqing who took care of Xiaofeng for him in the hospital.

Li Wanqing has no affection for Xiaofeng at all, so it is impossible to protect her.

"Yes, this is very strange." Ji Qingshan also found it incredible.

But he definitely thinks there is something wrong with Xiaofeng! However, if she really didn't get sick, and the hospital dispatched so many experts to deceive Li Zhenting and Li Wanqing, then this method is too terrible. Can she do it on her own? Could it be...

The more he thought about it, the more frightened he became. If someone came to the Imperial People's Hospital with his hands and feet, it would be too scary.

"Well, for the time being, I can only tell you so much. In the future, if you pay more attention to her words and deeds, I will go back to the hospital to investigate. If there is such a monster, I will never allow her to make trouble. She returned to her original form." Ji Qingshan's face was grim and his tone was cold.

"Okay, thank you." Shen Ning was very moved.

While she was talking, her cell phone rang.

She picked it up.

"Cousin, where are you?" The call was from Li Jiaojiao.

"I'm at the Fuguang Cafe, what's wrong?" Shen Ning asked with a smile, this little cousin actually called her.

"Oh, I'm near here. Now Ke Ke, Ding Ding and Xiao Xiao are in my car. I'll bring them over right away, waiting for us." Li Jiaojiao said and hung up the phone.

Shen Ning was startled.

Li Jiaojiao actually brought three children over. Today she came out in a hurry because she received a call from Ji Qingshan and didn't have time to pick up the children. Unexpectedly, Li Jiaojiao actually went to pick up the children.

Not long after, she saw Li Jiaojiao's car parked outside.

She stood up.

"Then let's go." Ji Qingshan also stood up and followed her.

The two walked outside.

Li Jiaojiao parked the car and opened the door.

Three little guys ran out of the car.

"Mummy." Just as Shen Ning and Ji Qingshan came over, as soon as the little guy saw Shen Ning, he immediately ran towards her.

Li Jiaojiao closed the car door and turned around.

Sudden.

The stars flickered in front of my eyes.

Oh my god, who is this man? He's so handsome!

Her eyes fell on Ji Qingshan, her face was full of astonishment.

The man was wearing a black shirt, his black pupils were gloomy, his whole body was cold, and he exuded a deep and indifferent breath.

Growing up so big, this is the first time she owes to see such a perfect man who can attract her, and what makes her heart moved is that the mature, deep, mysterious and unpredictable aura of this man has attracted her deeply .

She looked at him in a daze.

Chapter 880 This man has quite a personality, she likes it!

"Jiaojiao." When Shen Ning stood up, she saw Li Jiaojiao standing there in a daze, staring straight at Ji Qingshan with a pair of eyes. Cleared my voice several times.

But Li Jiaojiao didn't hear it at all.

In desperation, she had no choice but to come over and touch her lightly a few times.

"Cousin-in-law." Li Jiaojiao finally came to her senses, a little embarrassed.

"Jiaojiao, Qingshan, come, let me introduce you to each other."

Shen Ning smiled slightly,

"This is Ji Qingshan, Professor Ji, a world-renowned cardiologist."

"This is Li Jiaojiao, the daughter of the Li family, and my mother-in-law's niece."

"Hello, Doctor Ji, nice to meet you." Li Jiaojiao immediately extended her hand to Ji Qingshan with great enthusiasm.

"Hello, Ms. Li." But Ji Qingshan just nodded at her slightly, stretched out his hand and tapped her lightly, and then let go.

Li Jiaojiao didn't care, and she became more enthusiastic: "Doctor Ji, add a WeChat account."

She took out her phone to scan the QR code.

Ke Ji Qingshan said lightly: "I'm sorry, I rarely stay in China, and I don't usually use WeChat much."

Li Jiaojiao was stunned for a moment, and said, "Mobile phone number is also fine."

Ke Ji Qingshan looked at the three children, bent down, and greeted them cordially.

Li Jiaojiao lost the hand holding the phone, rolled her eyes, put the phone away, and a playful smile appeared on the corners of her lips.

Hey, this man has quite a personality, she likes it!

After a while, Ji Qingshan stood up and bid farewell to Shen Ning.

"Cousin, please tell me his phone number." As soon as he left, Li Jiaojiao took Shen Ning's arm and wrapped her around her.

Shen Ning looked at her face full of peach blossoms, both funny and angry.

She knows Ji Qingshan best. When Li Jiaojiao asked him for a mobile phone just now, if he was willing to give it to her, he would have given it to her. It is the betrayal of Ji Qingshan.

She can't do that.

"Jiaojiao, I don't have much contact with him. I don't have his mobile phone number, only WeChat, and I usually communicate through WeChat."

"Then you push his WeChat to me."

"He is really seldom in the country, and wechat is not often used. I have known him for so long, and I haven't talked with him a few times." Shen Ning felt a little helpless for her shamelessness.

This little girl is as lustful as her elder brother Li Zhijun!

"It's okay, just push it to me, and don't worry about the rest." Li Jiaojiao used her specialty of stalking.

She decided that from now on, she will go after Ji Qingshan. This man is her favorite, and she must definitely catch him!

Shen Ning thought helplessly, it would be better to push WeChat to her than to give her phone number, after all, Ji Qingshan had to agree to add WeChat to each other.

So, she pushed Ji Qingshan's WeChat to Li Jiaojiao, but after pushing, she also sent a message to Ji Qingshan, telling him about it.

"Cousin, I haven't seen my cousin for half a month. I didn't expect him to become like this. Who is that Xiaofeng and what is his background?" Ning pulled aside and asked.

Shen Ning felt a pain in his heart, and said: "Xiaofeng is the white moonlight in your cousin's heart, he has always loved her."

"Impossible, my cousin must love you now, there must be some misunderstanding." Li Jiaojiao was very sure.

But Shen Ning didn't want to say anything more, these days, her heart has been broken.

Night falls.

Shen Ning was about to give the children a bath when suddenly, the phone rang.

She picked it up.

"Excuse me, are you Mrs. Li?" There was a woman's voice inside.

She was taken aback for a moment, and after a while she had to reply: "Yes, right."

Not anytime soon anyway, but for now.
