

Troublemakers 881

Chapter 881 Who do you want?

"Mrs. Li, I am the lobby manager of Times Hotel. Your husband is drunk and lying in the bathroom complaining of a headache. He asked me to call you and ask you to come over immediately."

Shen Ning was stunned when he heard that.

Is Li Zhenting drunk?

"Is there no one else around him?"

"No, he probably drank too much while socializing with clients. Come here right away. He has a terrible headache and looks in pain." Manager Yang's voice was very solemn.

"Okay, I'll be right over."

Although Shen Ning hates Li Zhenting so much now, her heart still hurts when she hears that he drank too much and collapsed in the bathroom crying for a headache!

During the day, when she called him and asked him to go to the Civil Affairs Bureau to go through divorce procedures, he said that there was an important project that was on the negotiation table.

According to the usual practice, there must be a dinner party after such a negotiation, which is normal.

It's just, why is he drunk there alone?

She picked up the car keys and walked out.

Times Hotel.

As soon as Shen Ning entered, he saw Li Zhenting lying on the sofa in the lobby, with his head in his hands and his face in pain.

Beside , the lobby manager in a black suit and skirt was standing by and taking care of him carefully.

She frowned slightly and walked up.

"Zhen Ting, what's wrong with you?" She bent down and asked.

Li Zhenting should have heard a familiar voice, and then suddenly raised his head after a trance.

"Xiaofeng." He suddenly hugged her like a helpless child, "My head hurts, please make me some cold tea."

Seeing him hugging her and calling him Xiaofeng, Shen Ning's heart throbbed violently.

"Why are you here alone? Who else?" She bit her lower lip and asked.

"I have a headache." But Li Zhenting didn't seem to be able to hear her words clearly, so he just hugged her tightly and closed his eyes.

This familiar body inexplicably made him feel at ease, and even relieved his headache a lot. It seemed that he hadn't felt this way for a long time. He hugged her tightly, as if he was afraid that she would run away.

Shen Ning's hand finally lifted up and slowly landed on his head, his slender fingers passed through his hair, gently rubbed his head, and said in a low voice:

"Zhen Ting, let me help you to the hospital, you drank too much."

"No, I didn't drink too much." Li Zhenting shook his head, "Ningning, stay with me, my head hurts."

He naturally called her Ningning.

After a while, Shen Ning looked at his upright pale face, looking at her, his eyes were full of confusion: "Are you Xiaofeng or Ningning?"

Shen Ning's eyes hurt, and he asked, "Who do you want?"

"I... want, Xiaofeng." Every time Li Zhenting has a headache, Xiaofeng will bring him herbal tea, and the pain will be gone after drinking it. Now he wants Xiaofeng to come over and drink herbal tea for him. Today is a big project, he couldn't leave the table because of a headache.

Shen Ning's eyes were filled with sadness, and he said, "Okay, I'll call her."

She was about to pick up her mobile phone to find Xiaofeng, when suddenly, footsteps came from there.

"Vice President Shen." Someone was calling her.

She looked up.

I saw Leng Xue hurried over.

"Vice President Leng, what's going on? Why did President Li get drunk and scream for a headache in the public restroom?" Shen Ning asked immediately when he saw Leng Xue.

Cold-blooded with shame on his face: "During the party tonight, Mr. Li said on the way to go to the bathroom. I didn't care, but I didn't expect him to go for so long. I searched around and found this place."

It turned out that after Li Zhenting drank a few glasses of wine, his head began to hurt, and the pain became more and more painful, so he had to use the toilet as an excuse to come out.

When I walked to the toilet, my head was already hurting more and more. I leaned on the wall, lost consciousness for a short moment, and collapsed.

The guest who came in to go to the bathroom saw him and thought he was drunk, so he ran out and told the lobby manager for fear of accidents.

The lobby manager was shocked when he saw him. At that time, his face was pale and bloodless, his body was full of alcohol, and he was still screaming for a headache.

She quickly asked someone to help him out.

At this time, Li Zhenting took out his mobile phone and asked her to call Xiaofeng.

He wants to drink medicine that won't cause headaches. Tonight's entertainment is very important. The other party is the CEO of a global computer giant, so he can't leave the venue.

When the lobby manager opened his mobile phone address book, the word 'wife' was the first thing she saw. She didn't know who Xiaofeng was, so she called Shen Ning directly.

Chapter 882 He actually needs you very much

"Vice President Leng, President Li often has headaches recently, you should take him to the hospital for an examination immediately." Shen Ning said decisively.

"No, I have to go back to socialize, Xiaofeng, Xiaofeng." Unexpectedly, when Li Zhenting heard Shen Ning's voice, he raised his head, "This project is very important, I can't leave."

As long as Xiaofeng comes over, his head won't hurt anymore.

"Then go find Xiaofeng, I'll go first." Shen Ning said coldly, turned around and left.

"Vice President Shen, please don't leave, stay with President Li, he actually needs you very much."

"Wrong, what he needs is Xiaofeng."

"No, he needs you. You can accompany him. The party is not over so soon. I'm afraid something will happen to Mr. Li later, so I beg you." Leng Xue chased after him and begged in a low voice, "You too now The vice president of Li's Group should support the company's projects, I won't let Xiaofeng come over."

"Why?" Shen Ning looked at him in surprise.

"Madam, the identity of tonight's guest is very sensitive, related to the chip, Xiaofeng, I don't trust her." The cold-blooded voice was extremely low.

Shen Ning was startled, this man is still very careful.

She thought for a moment, then turned around.

At this time, the manager of the lobby brought hangover soup, and after drinking it, Li Zhenting no longer hurts his head, and he became more sober.

"Ningning." After waking up, Li Zhenting saw Shen Ning at a glance and stared blankly. What happened during this period of time? How could she not be able to tell whether she was Shen Ning or Xiaofeng? He often compared her with Xiaofeng. Confused, is it because their faces are too similar? .

Suddenly, there was a faint pain at the tip of his heart.

"Ning Ning." He stretched out his hand and hugged her into his arms, very excited.

That's right, that's the feeling, she is his Ningning!

But Shen Ning was cold and didn't speak.

"Boss Li, we've been waiting inside for a long time, let's go in together." At this time, Leng Xue was urging beside him.

"Okay." Li Zhenting agreed, took Shen Ning's hand and walked inside.

The resplendent and resplendent large box was filled with smoke, and the delicate singing of warblers and swallows was entangled in the hearty laughter of the man.

As soon as Shen Ning walked in, he saw Zhu Qixiong. He was sitting on the left, with a cigarette in his right hand, and the smoke curled up slowly.

Seeing Shen Ning approaching, his eyes lit up.

The guest of honor seated in the middle is the important customer for dinner tonight.

His right elbow was resting on the table, his slender, white fingers held the phone, and the tip of his left finger tapped the table from time to time. His face was obscured by the smoke, but he was a very handsome young man.

"President Lin, let me introduce you. This is Vice President Shen, the vice president of the Li Group, and also the wife of President Li."

"Vice President Shen, this is Lin Shouyu, CEO of the global computer giant."

Leng-Blood introduced them immediately.

"Mr. Lin, hello." Shen Ning said generously.

The man didn't say a word, he pressed the cigarette **** into the crystal ashtray with his slender fingers, and then slowly raised his head.

"Hello Vice President Shen!" A vague smile flashed across Mr. Lin's face, and he stood up and walked in front of her. The tall figure gave Shen Ning a huge sense of oppression.

Shen Ning was startled, and looked at him with some anxiety.

After getting close, she saw his face clearly, with perfect facial features, handsome and handsome, with deep eyes and deep eyes, as if he had known him for a long time.

She was a little confused.

Next second.

Lin Shouyu has hugged her!

That's a warm American hug!

Afterwards, the man kissed her forehead lightly and let her go.

Chapter 883 How do you know him?

Shen Ning froze in place.

But the strange man's breath quickly woke her up.

"Thank you, Mr. Lin, for your love." She couldn't be rude on this occasion, so she finished speaking politely and sat down in her seat.

"It turns out that President Lin and Deputy Shen are old acquaintances." Someone next to him said obsequiously.

Lin Shouyu sat down calmly, lit another cigarette, squinted his eyes, and had a slight smile on his lips.

Old acquaintance?

Shen Ning was full of doubts, did she know this handsome man in front of her? Why didn't she have any impression?

If he didn't know each other, why would he be so friendly to her, as if they were old acquaintances.

She raised her eyes again to look at this handsome face. The facial features are three-dimensional and deep, especially recognizable. The sword eyebrows are like peaks, which is a bit less shrewd than a businessman's philistine, mature and stable, and the faint smile is also a little bit Very sleek, with unfathomable ink pupils.

When she looked at him, he looked at her.

The eyes of the two met, and Shen Ning had a similar feeling in a moment.

After Shen Ning's arrival, the whole entertainment was extremely cheerful and harmonious. Some projects that were not discussed at the beginning, Lin Shouyu also readily agreed after seeing Shen Ning.

On the wine table, Lin Shouyu looked at Shen Ning from time to time, his deep eyes seemed to contain countless unknown voices, and when he occasionally glanced at Shen Ning's face, countless spring breezes would startle.

Shen Ning could feel his deep and gentle gaze from time to time, whenever she looked at him, he would immediately look at her, restrained and deep, gentle as water.

She was panicking.

After the banquet, Li Zhenting took Shen Ning back to Li's Castle.

"Ning Ning, do you know Lin Shouyu?" Shen Ning was about to get out of the car, but Li Zhenting held her back, with a sour tone and deep jealousy in his eyes.

Shen Ning looked at this man with sadness in his heart.

"Yes." She admitted against her will.

"How did you know him? When?" Li Zhenting asked, his face darkened.

Knowing Shen Ning for so long, I only know that there is Jing Chenxi who loves her with all his heart. Zhu Qixiong who appeared later was a playboy. It made him feel uneasy, but these years, Ji Qingshan and Shen Ning have not been in close contact.

Now, the more excellent Lin Shouyu gave him a faint sense of foreboding. Intuitively, there seemed to be many connections between this Lin Shouyu and Shen Ning, and they were very close.

Today at Jiuyan, Lin Shouyu's performance was very concerned about Shen Ning, his eyes stayed on her face all the time, there was admiration and love, anyone with a discerning eye could feel it, and in front of him, he actually kissed her, Hug her like he doesn't exist.

Didn't he know she was his wife?

I really didn't expect Shen Ning's charm to be so great! So many good men care about her.

"Li Zhenting, are you qualified to ask me? You and Xiaofeng are together every day, cuddling in front of me. I just used the hug ceremony with a man, and you interrogate me like this. What do you mean? Worry about me and Do you have a relationship with other men?" Shen Ning shook off his hand and asked back on his face.

Li Zhenting was stunned, and said: "Ningning, don't think too much, Xiaofeng and I are just working together, nothing else, I love you."

Come on!

A woman who accompanied him, sitting on his lap and hooking his neck, turned out to be just a partner in work with him. Is it because she is stupid or is there a problem with his thinking itself!

never mind!

Chapter 884 This is a perfect opportunity

"When and how did I meet him? That's all my business, and it's also something that happened before I met you. It has nothing to do with you. As long as I don't cheat on you during the duration of my marriage with you I am sorry for you, I have a clear conscience, you ask yourself, who are you worthy of."

Shen Ning pushed the car door and got out of the car, standing outside the car door, the street lamps sprinkled on her face, covering her face with a layer of gray, "Li Zhenting, when are you free to go to the Civil Affairs Bureau to go through divorce procedures? I've been waiting for you for a long time."

Li Zhenting trembled all over, a chill permeated his limbs.

"Ningning, we are husband and wife, I will not divorce." Li Zhenting categorically denied

"But didn't you agree that day?" Shen Ning widened his eyes.

That day? Li Zhenting stared blankly out of the car window, did he promise her? How could he not remember at all!

"Ningning, no, I won't divorce you, you are my wife, I don't want a divorce." Li Zhenting had a headache, suddenly lost control of his emotions, and shouted loudly.

Shen Ning's mood was also gray, as cold as snow.

"Li Zhenting, I hope you act like a man, keep what you say, and don't go back on what you say." She was also emotionally unstable, and said in a cold voice, "I'll see you in the political situation tomorrow morning."

She said coldly, turned around and walked in.

"Ah." Li Zhenting put his head in his hands and slammed it on the steering wheel, making his headache even more severe.

After a while, he stepped on the accelerator, started the car and drove out.

In the darkness, Shen Ning stood in front of the glass window on the second floor, watching the man's car drive out, his heart was broken into pieces.

He must be looking for Xiaofeng again.

If he can catch up tonight, cry and repent to her, promise to break up with Xiaofeng in the future, never have any contact with her again, and can handle their relationship well, maybe, for the sake of the child in his belly On the other hand, she will choose to forgive him.

But he didn't, instead he went to find Xiaofeng again!

Hey, she laughed, tears streaming down her face.

Li Group.

"Xiaofeng, Lin Shouyu has already signed many contracts with the Li Group tonight, you have to figure out which contracts they have signed. Remember, you must not let the Li Group design chips." Xiaofeng was standing In the office, Reines called and gave solemn instructions.

"Okay." Xiaofeng gritted his teeth and said dissatisfiedly, "Mr. Reines, Li Zhenting is surrounded by elites. They are so smart. My strength alone is limited. Like tonight, Li Zhenting and Lin Shouyu I should have attended the negotiation dinner, but the vice president around him was cold-blooded and wouldn't let me get involved. If this continues, I'm afraid they will find out and kick me out soon. You implanted in Li Zhenting's brain Is the chip in it useful? I still can't get close to him, and I can't get him. You have to know that only when I really get him can he be responsible for me, and I can be Mrs. Li. Only by gaining power can you complete your mission."

Reines laughed dryly over there: "Don't worry, he is now on his way to Li's Group to find you. This is an excellent opportunity. You should seize it. The situation is critical now, and you must seize the opportunity if you have one." ."

"Really?" Xiaofeng was overjoyed, his eyes full of spring.

"Of course, go wash up and dress up, the spring night is short, I wish you success as Mrs. Li." Reneth laughed and put down the phone.

Chapter 885 She will surely put Li Zhenting to sleep

Xiaofeng couldn't help but put down the phone and walked towards the president's office.

No, now the cold-blooded person next to Li Zhenting doubts her more and more.

Must act quickly!

As for the ghost Reines using her, if he fails to achieve his goal, he will definitely not let her go.

Now, she can only be safe if she sleeps with Li Zhenting and becomes Mrs. Li, as she is Mrs. Li and the big tree of the Li family is behind her to protect her.

Even if she is suspected in cold blood and her true identity is found out, she is already Mrs. Li, and with Li Zhenting's protection, no one can do anything to her.

Moreover, after becoming Mrs. Li, she will be the richest and most powerful woman in the entire imperial capital!

But now Li Zhenting is sometimes sober and sometimes confused, and doesn't accept her at all, and she can't achieve her goal. Right now, she can only use Reines's high-tech to cook the raw rice hard.

The night was dark and the wind was howling.

Neon lights glow faintly in the night wind, and the sky and the earth are icy cold.

After Li Zhenting drove the car into the underground parking lot of Li's Group, he staggered on the elevator and walked up.

"Xiaofeng, Xiaofeng." He had a splitting headache and felt very uncomfortable. He just wanted to find Xiaofeng quickly and drink herbal tea to relieve his headache.

In the president's office, the floor heating is on, and the whole house is as warm as spring.

Xiaofeng's lower body is only wrapped with a pink bath towel, and his upper body is only covered with a layer of transparent gauze. His long hair is fluttering, bright eyes and white teeth, very ecstasy.

"Xiaofeng, Xiaofeng, I have a headache, give me some herbal tea." Li Zhenting pushed open the door of the president's office, stumbled into it, and shouted loudly.

"Zhen Ting, what's the matter with you?" Xiaofeng hurriedly opened his arms, pouting pink lips, ran up, hugged the man's waist, and snuggled himself into his arms.

"Xiaofeng, tea, give me tea, my head hurts." Li Zhenting hit his head with both hands, this time, it was worse than any other time, the pain was so painful that his teeth were cracked and his eyes could not be distinguished.

"Zhenting, my head hurts again, don't worry, I'll give you tea right away, be obedient, be good, come and sit down first." Xiaofeng held his face in both hands, gently stroking and comforting him, helped him to sit down on the sofa.

Li Zhentingjun had a painful expression on his face, grabbed her hand, and said in a hurry: "Quick, give it to me."

"Okay, I'll give it to you." Xiaofeng warmly winked at him tenderly, hugged his forehead and kissed him, "Sit down first, I'll make a bath for you right now, don't urgent."

She twisted her soft waist and stood up and walked towards the tea room with a triumphant smile on her lips.

It seems that this time, Reines really used strong medicine. Tonight, she will be able to put Li Zhenting to sleep.

Once this kind of opportunity is missed, it will be rare again, so she has to grasp it well.

In the tea room, she took out a pack of medicinal powder from her pocket and poured it into the boiling water. Soon, a cup of black herbal tea was brewed. She picked it up with her slender fingers and Ana walked towards Li Zhenting gracefully.

"Zhen Ting, the herbal tea is here, drink it quickly." She walked in front of him, and slowly snuggled her whole body into his arms, gently rubbing the man's thighs, incomparably gentle and coquettish.

"I can't drink it, you feed me." Li Zhenting was so headache that he couldn't open his eyes, and he couldn't even hold it firmly a few times, so he could only let Xiaofeng feed him.

"Okay, open your mouth." Xiaofeng gently blew on his face with a soft voice.

Li Zhenting opened his mouth obediently.

Chapter 886 Eighty-six disrupted all her plans

Xiaofeng slowly poured the herbal tea into his mouth, then tilted his head and looked at him.

After a while, Li Zhenting's head didn't hurt so much, and the painful expression on his face disappeared, but the whole person entered a drowsy state, and his mouth opened and closed quietly.

Xiaofeng moved her ears closer.

"Ningning, Ningning, don't go, I love you." He whispered, his voice was painful.

A cold light flashed in Xiaofeng's eyes, and he immediately sat up straight and clenched his fingers.

Shen Ning, you are so amazing that Li Zhenting can't forget you so much!

I don't want you and your husband to be in love! Hmph, how dare you block my way! I must shovel you!

She thought for a while, took out her mobile phone, and started to pose and take pictures.

Downstairs, cold-blooded strides towards the president's office.

Signed a lot of contracts tonight, and he has to store these confidential documents in Li Zhenting's safe. This is the company's secret, and no one can pry into it at will.

Soon, he came to the front of the CEO's office, and was about to press the combination lock, when suddenly, gasping and talking came from inside.

He was startled, immediately pressed the password, and pushed the door hard.

On the sofa, Li Zhenting was lying there with his upper body naked, his face flushed, and next to him, a naked woman was snuggling up to him and taking pictures with her mobile phone, posing in various poses.

"Ah." Xiaofeng had just finished taking pictures when suddenly, frightened by the man who forcibly broke in, he screamed and covered his chest with his hands.

The cold-blooded eyes were piercing, and he asked angrily, "What are you doing?"

Xiaofeng never expected that Leng Xue would rush in like this at this moment, disrupting all her plans, and she was flustered and confused at the moment.

"Vice President Leng, Li, President Li has a headache, he asked me for tea, I'll make him some tea." She faltered and explained.

"Do you still need to be naked to make tea?" The cold-blooded voice was harsh.

"President Li asked to take this off. He feels hot and uncomfortable." Xiaofeng said warmly, winking at Leng Xue.

He is also a man, she does not believe that he will be indifferent to her!

At this time, she can be said to be very charming, but any normal man would have a nosebleed, and he couldn't stand the temptation.

But Leng Xue didn't even look at her, his eyes just fell on Li Zhenting who was lying on the sofa, and walked towards him.

"Ah, Vice President Leng." Xiaofeng didn't give up, and approached him with his fragrant body.

"Stop." Leng Xue didn't look sideways, and sternly shouted, "Go and put on your clothes."

Xiaofeng was frightened by the cold-blooded coldness for a moment, and stood still.

"Mr. Li, Mr. Li." Leng Xue stopped looking at her, walked past her to Li Zhenting, bent down, saw Li Zhenting lying on the sofa in a semi-conscious state, and hurriedly helped him up to take him away.

"Vice President Leng, where are you taking President Li?" Xiaofeng realized that Li Zhenting would not be able to sleep again tonight, his face turned pale, and he stopped him desperately.

"Let go." Cold-blooded yelled angrily, his eyes were aggressive, and his aura was fierce.

Xiaofeng took several steps back in fright.

Leng Xue took Li Zhenting on his back and walked out.

"Ah." Seeing that the plot was destroyed, Xiaofeng put his head in his hands and screamed, fell on the sofa and cried loudly.

The next day, Shen Ning was woken up early in the morning by the message sound on his mobile phone. He hurriedly picked up his mobile phone and took a look. It turned out that a file was received in his mobile mailbox, and the file name was 'for you, Shen Ning.' '

Her eyelids twitched suddenly, with an ominous premonition in her heart, she quickly opened it, and soon her face turned pale.

Chapter 887 These can be disguised

I saw it in the mailbox.

All kinds of ambiguous bed photos of a naked woman and a naked man, she could tell at a glance that the man was Li Zhenting.

And that woman is Xiaofeng.

She dropped the phone and closed her eyes like a hot potato.

Sure enough, after Li Zhenting drove away last night, he went to find Xiaofeng, and they got together.

Li Zhenting, you are disgusting!

There is no future between us, there will be no more ties!

Divorce is a foregone conclusion!

She shed bitter tears.

After breakfast, she received a call from Ji Qingshan.

"Ningning, come out immediately, I have something important to tell you about Xiaofeng."

"good."

She took her bag and walked outside.

In the cafe.

"Qingshan, what happened to Xiaofeng?" Shen Ning saw Ji Qingshan already sitting in the cafe the moment he came over. The young and handsome man was wearing a black T-shirt and blue denim, very OPIKE.

"Ningning, I've already confirmed that Xiaofeng doesn't have leukemia." He was very sure.

Shen Ning said incredulously: "Then how can she explain that she vomited blood many times?"

Ji Qingshan smiled: "Do you see that every time she vomits blood, does something happen?"

Shen Ning was startled, and after thinking about it, indeed, every time Xiaofeng vomited blood in an accident, he was fine. She also wondered how a person with leukemia who often vomits blood and vomits blood can often work night shifts, and still focus on sleep Man, this doesn't make sense either emotionally or rationally.

"But she is in a wheelchair, very weak."

"Ningning, you are really naive, these can be pretended."

Shen Ning nodded slightly, but felt wrong:

"But her illness has been affirmed by the doctors and experts of the Imperial People's Hospital, and more than one doctor has diagnosed her. I don't have to trust Xiaofeng, but I should trust the doctor. If her illness is fake, then her How can a weak woman have so much energy that so many experts say she has leukemia?"

"You're right." Ji Qingshan nodded with a solemn expression, "Not all doctors in this world have medical ethics. When desire blinds the mind and distorts the soul, then anything is possible."

"But Xiaofeng is just a part-time worker and doesn't have much money. What will she use to satisfy those people's desires?"

"So, this is the biggest problem. Xiaofeng must have been used by someone. She is just a chess piece, and a bigger conspiracy is yet to come." Ji Qingshan replied affirmatively, "You might as well ask Li Zhenting more questions. Pay attention to Xia Xiaofeng's words and deeds."

After hesitating for a while, Shen Ning shook his head: "Forget it, no matter whether she has leukemia or not, no matter how superb her acting is, all her goals are just to get Li Zhenting, and she is the white moonlight in Li Zhenting's heart. That's right, I don't need to ask any more questions."

Anyway, she is already planning to divorce, so she really doesn't need to pursue it anymore. She is willing to pretend to be sick and weak to get Li Zhenting's favor. After so many years, has she suffered less humiliation? Why bother to humiliate yourself!

Ji Qingshan looked at the thin, strong and painful woman in front of him, his eyes were deep.

If grievance is a solution, does it have saturation?

The grievance Shen Ning received from Li Zhenting is something that he will never be able to repay in his lifetime. This man is such a jerk. No matter what the reason is, it is immoral for him to treat Shen Ning like this!

He was silent.

"Professor Ji, hello." After a while, Ji Qingshan and Shen Ning left the cafe and walked towards the parking lot. When they passed a corner, suddenly, a girl jumped out from the side and directly He stopped in front of him and greeted her with a smile.

Chapter 888 is clearly here to tease him!

Ji Qingshan was startled, and looked at her.

I saw the girl wearing a lace shirt and denim straight skirt, a long windbreaker, and a small bag slung across her body. She was very delicate and cute, with a pure and sweet smile, and sparkling eyes.

Ji Qingshan was stunned, and then recognized her as the little sister whom he saw yesterday. He couldn't remember what her name was.

"Hello, what's the matter?" He asked lightly, with slightly raised lips.

"Doctor Ji, no, Professor Ji, I heard from my cousin that you are a cardiologist with superb medical skills. Can I ask you a question?" Li Jiaojiao smiled flatteringly, shrugged, and moved closer to him .

"What's the problem?" Ji Qingshan asked lightly, raised his wrist and looked at his watch, which was hinting to her that he still has something to do and is very busy.

But Li Jiaojiao deliberately pretended to be deaf and stupid.

She added him on WeChat several times last night, but he refused to approve her. She was so angry that she finally followed her cousin to find him. This was a rare opportunity, and she didn't want to miss it.

I saw her **** eyes sized up the calm and handsome Ji Qingshan, obsessed with the light in her eyes, she slowly turned towards him, and said in a low voice and mysteriously:

"Professor Ji, you are so cool and handsome. How old are you this year? Can you get married?"

Ji Qingshan was taken aback for a moment, his face turned dark when he realized that this girl is really unreliable.

This is not asking a question, it is clearly to tease him!

His face was serious, and he passed him and walked forward.

"Hey, Ji Jiao Beast, don't worry." Li Jiaojiao knew that she was losing her composure, so she rushed forward and grabbed his hand, and said with a smile, "I really have a question to ask you for advice."

"..."

Ji Qingshan was speechless.

He has always been impatient with women. For so many years, he has never even touched a woman's hand, but now, this little girl came up and held his hand. Isn't this the first time he has taken it away.

is simply bold and shameless!

He was about to scold him when his cell phone rang.

He threw her away, picked up the phone and checked, it was a call from a friend in the academic circle.

Originally, he didn't want to pick it up, but now that he was being pestered by this girl, he had an idea, so he simply picked it up and started talking to that friend, walking towards the parking lot while talking, so as to get rid of Li Jiaojiao.

It's just that what he didn't expect was that Li Jiaojiao would be so difficult.

When he walked to his car and just hung up the phone and was about to put it away and get in the car, suddenly, the girl ran to his side, and the unique fragrance of a girl hit his nostrils.

As soon as he lost his mind, a small white hand reached out and snatched his mobile phone away.

"Hey, you..." Ji Qingshan had never been approached so boldly by a girl, and he was at a loss for a while.

Li Jiaojiao quickly took his mobile phone, scanned it at her WeChat account, and tapped a few times.

Yeah, finally successfully added friends!

Hmph, and lied to her that she doesn't use WeChat frequently, what a lie, there are obviously a lot of information in WeChat, at least hundreds of people!

She pouted secretly, and returned the phone in front of him with both hands, respectful and sincere: "Professor Ji, please don't delete me for the sake of my cousin, it's true about my dad's heart disease." I have several questions for you."

Ji Qingshan frowned, and looked at her coldly.

This girl is weird, she doesn't know what tricks to play.

"Bye, I'm leaving first, we'll chat later on WeChat." Seeing that she had achieved her goal, Li Jiaojiao flirted with the handsome man again, waved to him contentedly, and left with her small bag on her back, smiling back while walking. "Jijiao Beast, you are very funny."

Jijiao Beast? Play? Ji Qingshan's handsome face turned black, and his heart was on fire.

This woman... is so bold, she dared to tease him!

He took out his mobile phone and saw Li Jiaojiao's cute profile picture in his WeChat. He wanted to delete it immediately with a touch of his finger, but then he thought, would a big man be afraid of a little girl? What tricks to play.

Hmph, it's better not to fall into his hands again, or she will die a good time.

He put away his cell phone, started the car and left.

Chapter 889 Care

In the hospital.

Leng Fei had a serious face.

"Vice President Leng, according to the results of the MRI, it is normal to find nothing bad in President Li's brain." The chief doctor looked at the MRI picture and pondered.

"Then why does he have frequent headaches, paroxysmal, sometimes suddenly, and now it's getting worse."

If his estimation is correct, the reason why he fainted this time must be related to the headache.

"Then, how long has it been since Mr. Li's headache symptoms occurred?"

Leng Fei thought for a while and replied: "It won't be long, just about half a month."

There was a cold light in his eyes. Before Xiaofeng appeared, Li always had never had a headache. He was full of vitality, strong and healthy, and he exercised in the gym every day. He was decisive and wise in making decisions. A well-headed eagle.

But a few days after Xiaofeng appeared, Mr. Li's mental state was not very good, and now it is getting worse and worse, and he even fell into a coma, which is not a trivial matter.

"Let's do this, first get an injection to reduce the fever, then stay in the hospital for observation for a few days, and then do an MRI examination three days later." The chief doctor could only suggest this.

"Okay." Cold-blooded and helpless, he could only agree.

...

When Shen Ning came out of the cafe, it started to rain.

She was walking aimlessly on the street with an umbrella.

Today is a small year, and there are very few pedestrians on the street.

The north wind is blowing, and everyone is hiding at home for the New Year.

Occasionally, one or two passers-by pass by, all gasping, shrinking their necks, and walking in a hurry.

Shen Ning's eyes were blank, and her steps became heavier and heavier. The sky and the earth are so big, and there is no place that belongs to her alone. She doesn't know where to go.

After walking down a street, her cell phone rang.

She picked it up.

"Madam, Mr. Li is ill, with a high fever, and is currently in the hospital." The call came in cold blood.

Shen Ning was startled, and hurriedly asked, "Which hospital is it?"

"Didu People's Hospital."

"Ma'am, now when Mr. Li needs you the most, I hope you can stay by his side and take good care of him." Leng Xue begged over there.

"Where's Xiaofeng?" she asked.

"Madam, it is not suitable for Xiaofeng to appear beside President Li. I will tell you some things later."

Shen Ning pursed his lower lip, and replied, "Okay, I'll be right there."

"Thank you ma'am."

Shen Ning thought for a while, then raised his hand to hail a taxi and headed towards the Imperial Capital People's Hospital.

In the hospital ward.

Li Zhenting was lying on the hospital bed, holding a bottle, his face was flushed, his face was haggard, and he was in a coma.

Only seeing him, Shen Ning's heart throbbed inexplicably.

It wasn't until this moment that she realized that the once tall and mighty man was lying on the hospital bed like a helpless baby, with a high fever, so weak and helpless.

Is this the result of his love with Xiaofeng?

She stretched her fingers over and touched his forehead slowly, her skin was still hot, when she bent down to cover him with the quilt, only then did she realize that the man who was once full of vigor had

only touched his cheeks in just a few days. They were all sunken, and the whole person seemed to be a different person.

She frowned, feeling a faint pain in her heart.

But when he thought that his appearance was all because of Xiaofeng, his heart became cold again.

But no matter what, she is still his wife in the legal sense and has the responsibility to take care of him.

And in this life, she has only loved this man, and even now she still loves him, otherwise, she would not remarry him.

She called the nurse over and asked about the details. The nurse told her not to worry, saying that the fever would subside soon, and asked her to take good care of him.

Sure enough, after a while, fine sweat oozed from Li Zhenting's forehead. She took a closer look and saw that his neck was covered in sweat. She reached out to his back and his clothes were already soaked.

She immediately brought hot water and began to wipe Li Zhenting's body and change his hospital clothes.

The man's skin is very fair. When Shen Ning wiped his body, his face was a little enthusiastic. Although they had been husband and wife for many years, they didn't really spend much time together. To each other, they were actually quite fresh.

If it wasn't for Xiaofeng's sudden appearance, this time, after their remarriage, they might still be in love with each other. But it was also because of Xiaofeng's appearance that she completely saw the relationship between her and Li Zhenting.

Her heart was particularly heavy.

There is no future between them so far, and the reason why they take care of him now is just to do their best as husband and wife.

Chapter 890 is getting more and more similar

In the groggy darkness, Li Zhenting's body fell straight down.

"Ah." He clasped his head in his hands and shouted anxiously.

Severe pain in the brain, blood in both eyes, and darkness ahead.

I don't know where I am, I only know that I am accelerating towards the bottom of an unfathomable cliff.

Just when he was about to lose consciousness and panicked to the extreme.

Sudden

A girl hugged him tenderly, stroked his eyes, and comforted him softly.

His head no longer hurts, his eyes no longer hurt, like a spring breeze, he came from the darkness to a place where the spring is warm and the flowers are blooming and the sun is bright.

A gentle and beautiful girl is by your side, the spring is bright, and life is so beautiful.

His heart settled down.

"Xiaofeng, Xiaofeng." He opened his eyes suddenly, and it turned out that he had that nightmare again, and what caught his eyes was a pair of big eyes with concern and anxiety.

He looked at her fixedly, stretched out his hands to grab Shen Ning's hand, and murmured as if he had caught a life-saving straw: "Xiaofeng, Xiaofeng."

After scrubbing Li Zhenting and putting on clean hospital clothes, Shen Ning tidied up the entire ward. Leng Xue brought her a health pot, and she began to brew cassia mint green tea.

In these years, Li Zhenting likes to drink this green tea every time when his eyes are uncomfortable or he has a headache. After drinking it, he feels refreshed and much more comfortable.

After boiling the health pot, she sat in front of Li Zhenting's hospital bed and showed the children a video.

Ke Ke, Ding Ding and Xiao Xiao have already had winter vacation and are playing at home.

Looking at the cute faces of the children in the video, the corners of her lips curled up slightly.

At this moment, Li Zhenting, who was lying on the hospital bed, yelled out in pain, holding his head in his hands, his face in pain.

"Zhen Ting, what's wrong with you?" She was taken aback, turned off the video quickly, stood up and put her hand on his forehead and stroked it gently.

But Li Zhenting seemed to be in greater pain, with an expression of despair and pain on his entire face.

She stared at him blankly. That day, when he had a high fever during eye surgery, she had the same expression.

It must be a nightmare.

It must still be that horrible dream. On the back mountain, he was pushed down the mountain by Li Jinchong from behind, and a sharp branch pierced his eyes... Then, Xiaofeng saved him.

Sure enough, the next second, Li Zhenting opened his eyes, held her hands, and called her with a confused expression: "Xiaofeng, Xiaofeng."

Shen Ning paused, let go of his hands, and patted his shoulder lightly: "Zhenting, I am Shen Ning, not Xiaofeng."

"No, you are my Xiaofeng." After staring at her blankly for a while, Li Zhenting woke up, picked her up suddenly, and buried his head in her arms.

He felt more and more that Shen Ning was his little style, and that feeling became more and more similar.

"No, I'm just Shen Ning, Zhen Ting, you just got rid of your fever and your body is weak, lie down and have a good rest, I'll get you some tea." Shen Ning gently pushed him away, and pressed him down on the hospital bed, covered him with the quilt, turned around and poured a cup of clear green tea.

After the high fever, Li Zhenting had a dry mouth and throat. He smelled the wavy fragrance, which filled his heart and spleen, and he drank it dry in one sip.

"I want more." He handed the cup to Shen Ning.

"good."

Shen Ning took the cup and turned around and walked to the health pot, gently stirred the tea leaves, the fragrance filled the air, and slowly filtered the tea water.

Li Zhenting stared blankly at her, feeling an inexplicable pain and throbbing in his heart.

"Thank you, Ningning." After drinking several glasses in a row, he finally quenched his thirst, and said thankfully.

Shen Ning lowered his head and lowered his eyes slightly.

"Are you hungry?" she asked softly.

"I want to drink some porridge." Li Zhenting replied softly.

After drinking the green tea, his mind became clearer and clearer. The woman standing in front of him was his wife Shen Ning.
