

Troublemakers 901

Chapter 901 is indeed strange

Two hours later.

In the doctor's office.

"It's weird. I can't find any problems in Mr. Li's brain. His brain is young and energetic, and it looks very good." The chief doctor looked at the two examination drawings and felt very strange.

"Boss Li always has headaches, there must be something wrong with it, please check again." Leng Xue insisted.

"Yes, it's really strange." The doctor took CT and MRI pictures and put them under the spotlight, observing carefully.

Sudden.

His eyes were fixed on one place, that is the place on the back of the head close to the central nervous system, there is an unusual small dark spot, if you don't look carefully, you can never see it, the dark spot is very small, only the size of a sesame seed, this In ordinary medicine, this kind of dark spot has never been seen.

What would it be?

"Director Fang, have you found anything?" Leng Xue asked nervously as he watched him silent for a long time.

"Yes, I see a difference, but I can't be sure. Whether it is the cause remains to be seen. In clinical medicine, I have never seen this type of case. Let's do it again tomorrow morning Check, this time, just focus on this place."

As he spoke, he circled the place.

Leng Xue also saw a dark spot along his finger. He didn't understand medicine, and he didn't understand what it was.

But it's a good thing for the doctor to ask questions. I'm afraid it won't be found out, and if the pain persists for no reason, then it's worrying.

After chatting with the doctor for a while, he walked out to Li Zhenting's ward.

In the ward, only Li Zhenting fell asleep drowsily, and Shen Ning was gone.

He thought that Shen Ning had gone home.

It's so late, and today is also a new year, so he didn't call to bother her.

So

He sat on the side and guarded Li Zhenting's bed.

Nothing happened overnight.

the next day.

When Shen Ning woke up, it was gray outside, and the sky was gloomy, as if covered with a pot, as if it was going to snow.

After she finished washing, she just stepped out of the guest room door when the nanny Yunma came up to greet her, and when she saw her, she said very politely: "Miss Shen, please go to the dining room for dinner, the young master is waiting for you there."

"OK, thanks."

The nanny led her to the dining room.

In the dining room, Zhu Qixiong, dressed in warm home clothes, was sitting on the dining table and checking the headline news on his mobile phone: Good news: Li's Group has made significant progress in chip research, and it is only the last step to the development of chip crystals.

He frowned slightly, was the woman named Xiaofeng responsible for the research and development of the chips of the Li Group? Does she really have that much energy?

"Young Master Zhu, what are you looking at? You're so engrossed." Shen Ning walked to the dining room and saw Zhu Qixiong was concentrating on his phone. She didn't see it when she came over, so she smiled and opened her mouth.

"Ning Ning, you woke up, did you sleep well last night?" Zhu Qixiong hurriedly put down the newspaper after hearing Shen Ning's voice, looked up at her, and asked with concern.

"Very good, very comfortable."

Zhu Qixiong smiled: "I wouldn't believe it if I said it was good. After all, my family is all masculine, and even the mattress is hard. I'm afraid you won't sleep well."

"I like to sleep on a hard bed to protect my waist." Shen Ning smiled, took a sip of milk, and suddenly, a feeling of nausea and nausea surged up, she covered her mouth with her hands and ran towards the bathroom.

In the bathroom.

Shen Ning vomited upside down lying on the marble platform, until he vomited out all the yellow bile in his stomach, and then he stopped.

Lying on the cold marble platform, her forehead was full of sweat, and her face was as pale as a piece of paper.

Chapter 902 Come here and sign the divorce

"Ning Ning, it's cold here, come here, I'll help you go to the sofa and rest first." Zhu Qixiong stood aside and looked at Shen Ning who was vomiting in pain. He never thought that a woman's pregnancy would be so difficult, and he couldn't help but think of his own. Mom, momentarily dejected, quickly helped her up and sent her to the sofa.

But Shen Ning's body was too weak, he only took two steps, his eyes darkened, and he almost fell down, but fortunately, Zhu Qixiong was beside him to support him.

Zhu Qixiong had no choice but to copy his hands in the end, and simply picked up Shen Ning and walked to the sofa, placed her lightly on it, and took a blanket from the bedroom to cover her body.

"You are so weak, can you go out and have a baby alone?" Zhu Qixiong teased her.

Shen Ning hid his face in the blanket, wiped away the tears in his eyes, and then exposed his face with a guilty smile: "Sorry to bother you."

"What are you talking about, just stay here with me, I will never think there are too many people, especially you, it's too late to welcome you." Zhu Qixiong teased.

If the child in her womb is his, then he will definitely treat her like a treasure, but unfortunately, the person she loves is not him.

"Ningning, you still need to eat something. Look at this pale and yellow face. If you don't eat, you will be malnourished and not good for your child." He turned around and walked to the dining table and brought a bowl of porridge and a plate Dumpling came over and forced her to eat something.

Shen Ning also knew that he couldn't lack nutrition at this time, so he forced himself to sit up and was about to eat something.

Sudden

Her phone rang.

She saw that it was an unfamiliar number, so she didn't answer it and pressed it.

But as soon as she pressed it down, the call came back again.

She had to pick it up.

"Hello."

"Shen Ning." A cold voice came slowly from the other side.

When Shen Ning heard this voice, his whole body trembled.

"Xiaofeng, what are you doing?" She asked sharply.

Xiaofeng actually called her. Needless to say, she must have got her phone number from Li Zhenting.

"What are you doing?" Xiaofeng joked over there, "Of course I have something to do with you."

'What's up? "

Thinking of this nightmare-like woman, Shen Ning's stomach churned again.

"It's very important." Xiaofeng smiled again, and finally got down to business, "Well, Shen Ning, Zhenting asked you to come over and sign the divorce right away today. He has already printed out the

divorce agreement and signed it. As long as you come to sign, you won't get any share of the property, but you can ask for a sum of money. As for the children, of course it has nothing to do with you."

In her heart, Xiaofeng was eager for Shen Ning to take her three children away, but Li Wanqing and the old lady of the Li family would not agree. Her goal now is to become the young mistress of the Li family. As for the children, she is still tolerable.

divorce? Li Zhenting actually took the initiative to call her to get a divorce!

Shen Ning was stunned, and frowned after a while.

Every time Li Zhenting proposed divorce, Li Zhenting always disagreed. This time, how could he be so quick?

"You ask Li Zhenting to answer the phone." After a while, she said this.

Xiaofeng glanced at Li Zhenting, who was sluggish, smiled slightly, and replied: "It seems that you don't believe it anymore, okay, let Zhenting answer the phone, you wait."

She put the phone in front of Li Zhenting, and said tenderly: "Zhenting, you can tell Shen Ning, let her come over and sign the divorce, she doesn't believe me."

As he spoke, he put the phone to Li Zhenting's ear, and stroked the back of his head with the other hand.

Li Zhenting's eyes darkened for a while.

Chapter 903 I am willing

"Say it, Zhenting." Xiaofeng looked at Li Zhenting with a smile, winking like silk.

"Shen Ning, come here and sign the divorce." Li Zhenting said with a blank expression, following her words.

Shen Ning went black for a while, Li Zhenting, you actually urged me to divorce, okay, very good!

"Li Zhenting, that's what you said. I hope you don't go back on your word and act like a man." She clenched her teeth and spoke angrily.

"Don't worry, I won't."

"Okay, just wait, I'll be right over."

Shen Ning was so angry that he almost dropped the phone.

"What's the matter? Ningning." Zhu Qixiong actually heard it a long time ago. The living room was quiet, and he sat on the side again.

"Young Master Zhu, I'll go to the hospital right away, and Li Zhenting asked me to sign the divorce." Shen Ning struggled to stand up, with red eye circles.

"Ning Ning, listen to me, eat something first, and then I will go with you." Zhu Qixiong pushed her to sit down, and put a spoonful of porridge on her lips.

Shen Ning's face was pale, his teeth were clenched tightly, and his whole body was trembling.

"Ning Ning, don't be angry. Even if you don't think about yourself, you still have to think about the child in your belly." Seeing her so sad, Zhu Qixiong felt depressed, and he could see that she still loved Li Zhenting, but it's a pity, that Scumbag!

The word 'child' woke Shen Ning's brain, touched his stomach with his fingers, opened his mouth, and drank the porridge.

That's it, Zhu Qixiong, hey, she ate, and she ate a lot in a short while.

After eating, she stood up and left, her body light and light.

Zhu Qixiong supported her: "Ningning, don't worry, with me, everything will pass."

Shen Ning suddenly lay on his shoulder, crying bitterly: "Actually, I don't care what I do, but my children."

"I understand, but there is no way to get to this point now." Zhu Qixiong comforted her sadly.

"Master Zhu, after seeing that pair of scumbags, please keep the child in my stomach a secret. I don't want anyone to know that I'm pregnant." After a while, she begged him with red eyes.

Zhu Qixiong's fingers clenched into fists: "Okay, I won't say anything."

He can't say it, but he really wants to beat up that couple!

"Thank you." Shen Ning really didn't have the strength to walk to the hospital, and he couldn't even go out for a ride. Fortunately, Zhu Qixiong was with him.

"Don't be polite to me, I am willing." Zhu Qixiong helped Shen Ning into the car, told her to sit down, walked into the cab and started the car, and the car drove towards the hospital.

In the ward.

Li Zhenting sat on the edge of the bed, his face was expressionless, his eyes were out of focus, like a dull block.

Xiaofeng stood beside him, massaging his head with soft little fingers, and the two became very intimate.

Shen Ning walked in accompanied by Zhu Qixiong.

"Li Zhenting, where's the divorce agreement?" When Shen Ning saw Li Zhenting, Shen Ning's heart twitched. Only one night was missing. Like a serious illness, if he hadn't personally called to force her to divorce, she wouldn't have the heart to bring it up, but if he forced her, she wouldn't show weakness.

Xiaofeng turned her head when she heard the voice, and saw Zhu Qixiong standing beside Shen Ning at a glance, she was stunned for a moment, secretly happy in her heart, but she wished that Shen Ning could get along with other men.

nothing but

Zhu Qixiong's gloomy face and the hostility emanating from his body made her eyelids twitch.

She worried that he would spoil her good business.

Chapter 904 I will send you an invitation when the time comes

"Yo, sister is here." She smiled all over her face, and greeted Shen Ning enthusiastically and proactively. Those who didn't know the inside story thought Shen Ning was her own sister.

Shen Ning didn't even look at her.

"Sister, this is the divorce agreement. Zhenting printed it out last night. You can read it and sign it if you have no objection." Xiaofeng took out a divorce agreement from the folder next to Li Zhenting and put it in front of Shen Ning, hypocritically:

"Zhenting said that you gave birth to three children for him. Although there is no love between you, you also have credit. Therefore, he will give you 30 million cash compensation."

Shen Ning glanced coldly at the big words "divorce agreement", and looked at Li Zhenting again.

He still sat expressionless, not even looking at her.

This man is really heartless.

Shen Ning sneered.

"Sister, there are 30 million in this card, you can use it. If you have difficulties in the future, just say it. For the sake of the children, Zhenting will definitely give you the money. Everyone knows that he is a rich man." A person who grabs a daughter will not be reluctant to give up money." Xiaofeng then said graciously, stroking Li Zhenting's head with his fingers, and asked softly and coquettishly: "Zhenting, am I right?"

"Mm, yes." Li Zhenting said "Mmm", expressing his agreement.

Shen Ning only felt that his heart was cut into pieces.

thirty million? The market value of Li's Group is trillions. As a wife who has given birth to three children for her, he actually only gave her 30 million to send her away, and he kept saying that he gave her some money.

How can they say such things? When did Li Zhenting become such a disgusting person?

When she was angry, she wanted to get angry, but then she thought about it, he was ruthless to herself, and he never loved her, so how could he care about her feelings.

And she definitely did not marry him because of his money.

"Sister, take it." At this moment, Shen Ning put the card in her pocket.

Shen Ning immediately took out his hands from his pocket and broke them into two pieces.

"Li Zhenting, you are cruel enough. I don't know how much painstaking effort it took to raise Ke Ke and Xiao Xiao until they were six years old. You took it away by coincidence and humiliated me in this way.

Tell you, I will never forget you Today's heartless." She gritted her teeth, looked at Li Zhenting, her eyes burst into anger, and slammed the card in two halves onto his face.

"Sister, don't blame Zhenting like this. In fact, he is all for me. If you want to scold me, you can scold me." Xiaofeng hurriedly ran over to cover Li Zhenting's face, snuggled into his arms, and put his arms around him He raised his face and looked at him with a charming smile, "Zhen Ting, am I right?"

Li Zhenting immediately became dizzy, blinked and looked at the woman in his arms, isn't this Shen Ning.

He was happy, and immediately said:

"Yes, you are right, I love you."

Xiaofeng looked at Shen Ning with a smile like a flower: "Sister, did you hear that, Zhenting and I really love each other, you sign the letter and leave, Zhenting is about to be discharged from the hospital, oh, yes, we will immediately I'm going to get a marriage certificate, and I'm going to get married next week, and I'll send you an invitation letter then."

"You..." Shen Ning felt a fishy-sweet taste in his throat, and his eyes turned black.

By Zhu Qixiong's fists, water was already coming out of his fists.

Li Zhenting is a scumbag, Shen Ning is pregnant with his child, but he got together with another woman, and even forced Shen Ning to divorce like this, even if he divorced, he also humiliated her.

Is this what men do!

"Ah, a scumbag." He couldn't bear it anymore, roared angrily, and raised his fist to hit the pair of scumbags.

"Ah." Xiaofeng was so frightened that Huarong turned pale, and ran to hide aside.

But Li Zhenting, who was a little silly, didn't escape, and received a heavy punch on the forehead.

Li Zhenting fell to the ground with stars in front of his eyes.

"Zhenting." Shen Ning looked at Li Zhenting who was being beaten. He didn't know whether he was guilty or had other secrets. He didn't even hide. Instead, he was punched directly. Can't help trembling out.

This is not the former black-bellied, tough and shrewd man, he looks like a completely different person.

Chapter 905 They finally divorced!

At this time, Zhu Qixiong still didn't let go of his hatred, and wanted to kick him up again.

"Young Master Zhu, forget it, don't fight anymore, let's go." Shen Ning went up and pulled Zhu Qixiong to leave.

"Shen Ning, sign the divorce agreement first before leaving." Xiaofeng rushed over to stop her, "Don't think that bringing a man over and beating Zhenting can escape the divorce. Zhenting has long since stopped loving you. If you are ambitious, sign the divorce and get out."

"You are really despicable and shameless." Zhu Qixiong was extremely angry, and pointed his clenched fist at her, "If it weren't for the fact that you are a woman, I would have beaten you to paralysis."

"Ah, hit someone, hit someone." Unexpectedly, Xiaofeng suddenly sat down on the ground and cried loudly, "Shen Ning, it's fine if you don't want a divorce, and you brought a wild man to beat someone, what is that? Ah, if you don't sign it today, I'll make a fuss and ruin your name."

Zhu Qixiong was so angry that he rushed to beat her regardless of his status as a man.

"Young Master Zhu, forget it, I'll sign it." Shen Ning doesn't want this scandal to continue, it's too boring, she just wanted to get a divorce, and she didn't want to get entangled with this woman Xiaofeng, now that she has come to this point One step, why bother to force it.

She stepped aside, picked up the divorce agreement, didn't look at it, waved her hand, signed her name, and threw the agreement on the ground.

"Ning Ning." Zhu Qixiong looked at her with pity.

She smiled: "It's okay, let's go, I'm so tired, I want to go to your house to rest."

"Okay, I'll take you home." Zhu Qixiong supported her and led her out. Before leaving, he turned his head and raised his fists and roared at Li Zhenting Xiaofeng: "You two soulless guys, you better Be careful, if you dare to bully Shen Ning again in the future, I will definitely beat you to the ground, if it is not for Shen Ning's sake today, I will definitely beat you to disability."

He supported Shen Ning and left.

Xiaofeng waited for them to leave, immediately got up and ran over to pick up the divorce agreement, looked at Shen Ning's signature on it, and laughed happily.

They are finally divorced!

And she finally completed the first step of the plan.

Next, she will target even faster.

In a five-star hotel.

"Miss Li, according to reliable sources, the Li Group's chip is only one step away from success. This is absolutely impossible. We must hurry up and destroy their achievements. How is Xiaofeng doing now? " Renes asked, looking at the woman who was smoking on the sofa.

Li Xueyan put the cigarette into her mouth with both fingers and took a puff, then raised her lips and smiled: "Reines, you read it from the headline newspaper, right? Isn't that the data you gave Xiaofeng?"

"No, this is the information provided by my insider in the design department of the Li Group. It was developed by Fang Xianyun, the manager of the design department, and it is absolutely true and reliable." Reines looked serious.

"Oh, that's it." Li Xueyan was also a little surprised. I didn't expect Li Zhenting to have a few brushes. He established the design department in such a short period of time and achieved such high achievements.

"So, Xiaofeng must act quickly, otherwise, it will be too late." Reines was very anxious.

At this moment.

Li Xuexi's cell phone rang.

She glanced and smiled: "Say Cao Cao Cao Cao will be there."

After finishing speaking, he winked at Reneth and picked up the phone.

"Sister Li, I have successfully divorced Shen Ning and Li Zhenting." Xiaofeng's joyful voice came from the phone.

Li Xueyan paused, and raised her eyebrows: "Not bad, you have wrists."

"Sister Li, I must get a marriage certificate with Zhenting this week, you must help me."

Chapter 906

Li Xueyan's face darkened, this Xiaofeng is really not simple, not only mean but also greedy.

Although she doesn't like Shen Ning, she still recognizes Shen Ning's character. Shen Ning can offend her for the sake of the Li family. There is a reason why she can be recognized by the Li family's seniors.

Deep in her heart, Li Xueyan is always the Li family, and she still hopes for the good of the Li family in her heart. What she hates is that the old man left all the family property of the Li family to Li Zhenting and feels dissatisfied and angry.

Now she really needs to install a partner in the Li family, Xiaofeng is a good candidate, but, this woman is too scheming and her methods are too despicable, she is worried that she will not be able to slave her, and if the cooperation fails, she will attract another rival.

"Xiaofeng, don't worry, I will do my best to help you. However, you can't delay the task that Reines entrusted to you. I heard that Li's Group is only one step away from producing chips. You Hurry up." She smiled.

"Well, yes, I'm trying to figure out a way." Xiaofengkou replied mischievously, she has not yet achieved her goal, and she must use these two people.

As for whether she can complete the tasks they assigned, she is not that concerned. As long as she and Li Zhenting get a marriage certificate and become Mrs. Li, then no one can do anything to her.

She hypocritically discussed with them.

In this way, the three people with ulterior motives began to discuss countermeasures in secret.

...

In the ward here.

Cold-blooded strode in.

Just before dawn, Leng Xue, who was taking care of Li Zhenting, received a call from the chip design department of Li Group, saying that someone broke into the design room last night and turned the data and drawings inside into a mess.

He was taken aback. At this time, Li Zhenting was still asleep, so he hurried over to deal with the matter immediately.

The information in the design department was turned upside down, and the other party seemed to be looking for something, so he was very vigilant.

But after some investigation, nothing was found. The surveillance cameras in the design department and the corridor were all broken. Obviously, they were deliberately sabotaged.

This delayed him a lot of time, and Li Zhenting's brain had to be checked again this morning, so he didn't dare to delay, so he hurried back.

But when he rushed over to take a look, the ward was also in chaos, as if he had been in a fight. Looking at Li Zhenting again, his forehead was all blue, as if he had been beaten, and he lay dizzy on the hospital bed without a quilt.

He was very surprised, didn't Shen Ning come to take care of Li Zhenting today?

He thought for a while, picked up his mobile phone and dialed Shen Ning's number.

"Vice President Leng, hello." Shen Ning had just fallen asleep in the guest room of Zhu Qixiong's house when the phone rang.

"Madam, Mr. Li is not doing well right now, didn't you come to take care of him today?" asked coldly and politely.

"Take care?" Shen Ning sneered, "Leng Xue, isn't Xiao Feng taking care of him, what else do you need from me?"

"No, ma'am, that woman Xiaofeng is not trustworthy."

"It's just that you don't think it's credible. Li Zhenting likes it, and they're going to get married soon, so how can it be unbelievable." Shen Ning said indifferently, "By the way, let me tell you, don't call me Mrs. Well, this morning I signed a divorce agreement with you President Li, you should let Xiaofeng take care of him."

What? divorce?

Leng Xue's eyes widened.

What's going on?

This morning, did Li Zhenting and Shen Ning sign a divorce? What happened?

When he was about to ask again, Shen Ning over there said: "Vice President Leng, I still have something to do here, so I won't chat with you. If you have anything to do, call Madam, I'll hang up first."

After speaking, she hung up the phone without waiting for the cold-blooded answer.

Leng Xue held the phone in a daze.

Chapter 907 I can't bear it either

After Shen Ning hung up the phone, he tucked his head into the quilt, tears streaming down his face.

The remarriage and divorce between her and Li Zhenting didn't even include TV dramas like this. The whole thing was a farce, and she became a victim of this farce again.

In the afternoon, Shen Ning got up and went to the kindergarten to pick up the children.

Already divorced Li Zhenting, she also had to move out of Li's Castle.

It's just that, after moving out, there are fewer chances to meet the children.

She wants to spend more time with the children and spend more time with them before moving out.

Zhu Qixiong saw that she was weak and mentally ill, so he wanted to send her off.

But Shen Ning was concerned about the children's emotions, so he politely refused.

She hailed a taxi on the software and went straight to the Blue Whale Kindergarten, but when she came to the entrance of the Blue Whale Kindergarten, she saw that the kindergarten was deserted. It's New Year's Eve.

She smiled wryly, and went directly to Li's Castle.

"Ningning, you're finally back." As soon as she entered, Aunt Dong saw her and rushed to greet her.

Only at the moment when she saw Aunt Dong, Shen Ning felt warm in her heart and became very close. She seemed to have found someone to confide in all the grievances she had suffered. She held her hand, opened her mouth and finally said nothing. Home.

"Ningning, how is Zhenting?" Li Wanqing asked with concern when she saw her.

"He's okay." Shen Ning forced a smile.

Li Wanqing looked at her sallow and pale face, thinking of the love between Xiaofeng and her son she saw with her own eyes yesterday, a sense of guilt welled up in her heart.

"Ning Ning, the children are upstairs, you should have a good rest first, and I will ask you to eat at dinner." She smiled bitterly.

"No, Mom, I'm here to pick up Aunt Dong and visit the children along the way. Tonight, Aunt Dong and I will leave here." Shen Ning forced a smile and replied.

"Leave? Where are you going?" Li Wanqing asked in surprise.

Shen Ning sighed softly.

Divorce is such a big event that it is impossible to hide it. She also wants to leave from here, and she must take Aunt Dong with her when she leaves. If she doesn't tell the truth, she will leave without peace of mind.

"Mom, I'm sorry, there is something I have to tell you clearly." She choked up.

Li Wanqing had a bad premonition, and her face changed color: "What's the matter?"

"Mom, I really failed your expectations of me. I'm sorry. I didn't take good care of Zhenting, and I didn't let him fall in love with me. I, I signed a divorce with him this morning." Her tears flowed down .

"Ah." Both Li Wanqing and Aunt Dong's eyes widened, it was too sudden, it's only been a few days since they remarried!

None of them expected the result to come so quickly!

"Ning Ning, how is this possible? Didn't I ask you to take care of Zhen Ting? How did you take advantage of this opportunity to divorce him?" Li Wanqing couldn't believe this was true, nor did she believe that Shen Ning would be so heartless.

But Shen Ning said seriously: "Mom, I know your heart, and I know that you are good to me, but I sincerely hope that you will give up your illusions about me. A marriage without love will not be happy. Moreover, you forced me to stay in the shocking Ting's side, he will not be happy, and I can't bear it either."

Li Wanqing's face turned pale, and the image of Xiaofeng and Li Zhenting embracing yesterday flashed in his mind, and he took a few steps back, unable to speak again.

She didn't expect that Xiaofeng would be so difficult, and would go to the ward to harass her son. Needless to say, she must have done all kinds of ambiguous things in front of Shen Ning to stimulate Shen Ning.

This situation is unbearable even for a woman.

Chapter 908 She doesn't want her mother to die

"Ning Ning, I'm sorry, our Li family is sorry for you, I can't blame you, I'm ashamed." After a while, Li Wanqing, who was hit hard, recovered and grabbed Shen Ning's hand and burst into tears.

"Mom, I really can't blame you, you have tried your best." Shen Ning smiled forcefully, comforting her.

"Oh." Li Wanqing wiped away her tears and sighed heavily.

"Mom, I'll go up to see the children first, and pack up my things first." Shen Ning said, and turned to go upstairs.

Aunt Dong's eyes were also full of tears, she always felt that something was wrong, and she guessed it right, Shen Ning's life was really bitter, thinking that her two marriages were all because of Li Zhenting, in her heart she no longer had any feelings for Li Zhenting favor.

"Ning Ning, where are you going to move?" After Li Wanqing heard the word "children", she couldn't help pulling Shen Ning back.

"I went back to my mother's white house with Aunt Dong, and I haven't been back to Gu Qi for a long time, so it's time to go to work." Shen Ning replied.

"No, no, you can't move out now." Li Wanqing suddenly looked serious, "The children are still so young, they will definitely not be able to accept you moving away like this, and now it's Chinese New Year, I don't want to see The little guys are teary every day, so I will feel very uncomfortable, Ningning, promise me, stay with the children for a while, and then we will find a way to slowly let the children accept this reality, okay?"

She looked at Shen Ning pleadingly, hoping that she would agree to stay first.

Shen Ning hesitated. To be honest, she was reluctant to let her leave the children so quickly.

The children are still young, so they leave suddenly, what will happen to them?

Especially Ke Ke and Xiao Xiao, they almost never left her, she left with such a break, they didn't know how they would cry when they found out.

When she thought of the painful tears on the faces of the children, her heart seemed to be torn into several pieces.

"Ning Ning, stay here for the New Year. If you want to leave after the New Year, I won't keep you, okay? After the Chinese New Year, I plan to send the children to foreign noble schools to study, so they will leave first. If you leave, they won't be sad, what do you think?" Li Wanqing persuaded, "We have already contacted each other, and let them go to the United States on the tenth day of the lunar new year."

Shen Ning's heart twitched.

They are so young, so they have to be sent abroad for training far away from home. I wonder if they can apply?

However, Ke Ke and Xiao Xiao grew up in the country of America, and they have suffered a lot with her before. She thinks that they should be applicable.

If they go to the United States after the next year, it will be very difficult to see them again in the future.

"Ning Ning, promise, okay?" Li Wanqing asked again with an expectant face.

"Okay, I'll stay with them for a few more days." Shen Ning gritted her teeth and agreed, not for anyone, but for the children, for them, she is willing to endure any hardships and suffer any crimes, besides, it is

only half an hour before and after. In the next month, she also has to hurry up and spend time with the children.

"Thank you, thank you so much." Seeing that she agreed, Li Wanqing was relieved.

"You're welcome, they are my children, and I want to spend more time with them." Shen Ning smiled and went upstairs.

Aunt Dong followed.

In the corner of the upstairs balcony.

Xiaofeng hugged her arms together, trembling all over.

Only two days left!

One day has passed since the time Xiaofeng gave her. Two days later, if she can't abort the child in Shen Ning's stomach, then her mother will have to die.

No, she doesn't want her mother to die, mother is too pitiful.

But if the mother didn't die, then the child in Shen Ning's womb could only be aborted.

Thinking of blood and life made her tremble even more with fear.

Chapter 909 Does not look like a good person

"Ning Ning, you and Zhen Ting are divorced again. If your grandma finds out, I don't know how sad it will be." After Shen Ning went upstairs, Aunt Dong followed, with tears in her eyes.

"Aunt Dong, I feel so uncomfortable." Shen Ning dragged her into the guest room, and leaned on her shoulder, his voice choked.

"Li Zhenting is too much." Aunt Dong whispered, this is in Li's house, she can't speak too loudly, so as not to hurt Li Wanqing's face.

"Okay, I'm fine." After Shen Ning lay on Aunt Dong's shoulder and was sad for a while, she felt much better, and soon stood up straight, holding Aunt Dong's hand and smiling, "Aunt Dong, I Don't let the children know about the divorce with Li Zhenting for the time being. I will still be here with them. When you know this fact after you grow up, the impact is not so great."

"Okay." Aunt Dong agreed with tears in her eyes, "It's just that I'm sorry for you."

"I'm fine." Shen Ning thought that she still had a child in her womb, her heart didn't hurt so much, and she wasn't so lonely in this life.

While the two were talking, suddenly there was a knock on the door.

"Who?" Shen Ning asked, was it the children, but the knocking on the door by the children was relatively direct and rude, and this one was obviously cautious.

"It's me, ma'am." Xiaofeng's voice sounded outside the door.

Aunt Dong frowned when she heard this, her face was gloomy.

"What are you doing here?" She walked over and opened the door, asking impatiently.

"Aunt Dong, these are given to my wife by my wife, and she asked me to bring them here."
Xiaofeng accompanied her with a smile.

Aunt Dong saw that she was holding some tonics in her hands, which were very high-end and high-grade, and they should have been sent by Li Wanqing.

"Okay, give it to me." Aunt Dong took it, then turned and closed the door.

Shen Ning saw Aunt Dong's impatient look towards Xiaofeng, and smiled: "Aunt Dong, Xiaofeng's background is very pitiful."

"Miss, you are so kind. You are so kind to yourself, and you still sympathize with others. I think this Xiaofeng is weird and doesn't look like a good person. You should avoid dealing with her in the future." Aunt Dong didn't think so at all.

Shen Ning smiled, Xiaofeng's background is pitiful, she has a low self-esteem, and it's understandable that her words and deeds will be a little weird. It should be because of these reasons that Aunt Dong doesn't like her.

"By the way, where are the children?" After going upstairs, Shen Ning felt that the whole second floor was too quiet, so he hurriedly asked.

"They were still sleeping in the room at the beginning, maybe they haven't woken up yet." Aunt Dong hurried over to look at the children, but after a while she ran over in a panic and said, "Ningning, the children are gone, I don't know where to go where."

When Shen Ning heard this, his face became tense.

"Is there no downstairs?"

"No, I just asked Hu's mother downstairs, they didn't play downstairs."

Shen Ning's face suddenly turned pale.

It is still raining outside at this time, where will the three little guys go?

She walked downstairs.

Li Group.

Ke Ke, Ding Ding and Xiao Xiao walked out of the elevator.

Now Li's Group is off work, and there are no staff there.

The three little guys swaggered down the corridor.

"Brother, can we find what the ugly woman hid in the drawer?" Xiao Xiao asked worriedly.

It turns out that since the three little guys secretly installed a surveillance camera hole in Xiaofeng's office that day, they have been watching the surveillance screen and staring at Xiaofeng every day to see what bad things she is doing.

This morning, they found Xiaofeng rummaging around in the office last night, the ghostly figure of Chongchong, to see what other documents she had printed, and took some XZ into their office drawers.

They expected that she did not do good, and last night, Daddy didn't come back, and even Mommy didn't come back, they haven't seen Daddy for a long time.

This ugly woman must be haunting Daddy, they want to find evidence of her doing something bad so they can get her out.

At that moment, after discussing with each other, the three little guys decided to come to the office of the Li Group to search.

"Don't worry, I have a master key here, and it will definitely open it." Coco raised the key in his hand with confidence.

"Will Mommy work overtime here? I miss Mommy so much." Xiaoxiao asked in a low voice as she looked at the somewhat dark corridor.

"Let's take a look when we're done."

The three little guys soon came to Xiaofeng's office.

"Xiao Xiao, you watch outside, if someone comes, just 'hum'." Ke Ke and Ding Ding told Xiao Xiao and ran in.

"This is the drawer, quickly open it and see what that ugly woman has done?" Ke Ke pointed to the drawer in the middle of the desk and shouted as soon as she entered.

"I'll come." Ding Ding took the key and went up to open it.

After a while, the drawer was opened by them.

"Ah, what is this?" Ke Ke quickly took out a transparent plastic bag from it, and there was some liquid in it. After smelling it, he shouted, "I'm so dizzy."

After the little guy yelled, his eyes turned black and his body shook.

"Not good, it must be something poisonous, and it's about to be lost." Ding Ding hurriedly threw the plastic bag aside from Ke Ke's hand, supported Ke Ke, and asked, "How are you? Are you okay?"

Coco shook his head severely: "The things inside are poisonous. I almost fainted just by smelling them. Put them up quickly, and we will hand them over to Daddy."

"Yes, this ugly woman put these things in the drawer, she must be doing bad things, we have to put them away and give them to Daddy so that we can expose her." Coco ran to the side and took a bag, and put the Everything in the plastic bag was carefully put away.

"Cocoa, look, what is this?" At this moment, Ding Ding picked up another file bag, which was sprayed with perfume. It looked very festive, and he was very curious.

"Open it and have a look." After putting away the poisonous liquid, Coco took it over and dumped the contents of the file bag on the office desktop.

"Ah, this is Daddy's ID card, why is it here?" Ding Ding picked up an ID card, looked down, it turned out to be Li Zhenting, and couldn't help but exclaimed.

"And the household registration booklet? Our family's household registration booklet is also in the hands of this ugly woman, so strange." Ke Ke picked up the household registration booklet and flipped through it again, and was even more surprised.

"There is another ID card here." Ding Ding leaned his head over to look at the household registration book, then picked up another ID card, looked at it, "This is the ugly woman's, what about Daddy's ID card and household registration booklet?" Will it be put together with this ugly woman, what is she going to do?"

Ding Ding really couldn't figure out what was going on.

"No matter what she does, Daddy's ID card and household registration book belong to our family anyway. She can't take it to do bad things. Let's take it back." Ke Ke said without thinking.

"Well, yes, let's take back Daddy's ID card and our household registration book, why should we let her take it, you stinky woman." Ding Ding took Li Zhenting's ID card and household registration book back and received it in the bag.

"Hmph, hum." At this time, a small hum came from the door suddenly, and then Xiao Xiao hurriedly said: "Ke Ke, Ding Ding, come out quickly, someone is here."

Ke Ke and Ding Ding were taken aback, quickly grabbed their things and ran out.

"Who's here?" Ke Ke and Ding Ding ran out and asked
