

Troublemakers 91

Chapter 91 Pull you to die together

"But the fact is that you slept with a woman. Don't sleep if you have the ability. Don't be afraid of spending money when you sleep. A woman's body is capital. Do you still want to **** for nothing? You men have such virtues, and you want to sleep with women. , and afraid of paying, how can there be such a good thing in this world." Shen Ning criticized severely.

"..." Li Zhenting's face turned black.

It is clearly the company's debt, but the discussion revolves around the topic of him sleeping with a woman. Is this treating him as a prostitute?

"Don't you also sell quite high?" He sneered.

"You..." Shen Ning was taken aback for a moment, and after realizing it, he was very angry.

"Don't worry, Jing's Group is one of the largest companies in the imperial capital. This amount of money is nothing to Jing Chenxi, and he will pay for it for you." Li Zhenting smiled wickedly and continued Point out the central topic.

Only then did Shen Ning understand what he meant, he wanted Jing Chenxi to pay her the three hundred million!

God, crazy!

"Boss Li, I declare again that Jing Chenxi and I have nothing but normal contacts." Her face flushed.

"Okay, if a man helps you like this, anyone with a discerning eye can see it. Do you think I'm a fool? Men know men best, and no one will help a woman for no reason. You don't need to explain anything, three hundred million, You have to return it to me, or I will see you in court." Li Zhenting sneered.

Shen Ning was so angry that his eyes turned black.

Not to mention 300 million yuan, even 30,000 yuan will not be available.

And kids use money every day!

When she thought of the children, her eyes turned red. If it wasn't for that night six years ago, would she have lived such a miserable life all these years!

And now, this dog man not only wants to make her bankrupt, but also makes her bear such a huge debt!

"Li Zhenting, you bastard, you are such a mess, and you do things so vile, why don't you die." She couldn't bear it anymore, slapped the table and got up, pointing at him and cursing loudly.

"Bastard." Li Zhenting was furious, "Get lost."

"Li Zhenting, let me tell you, even if I die today, I will drag you to my back. Anyway, I have nothing left."

The anger made her lose her mind, she rushed over and grabbed the tie on the man's chest, took out a sharp knife from her pocket, pressed it **** his neck, and shouted:

"Say, do you still want me to pay back the money?"

Li Zhenting never expected that this woman was carrying a murder weapon with her.

Did this come here deliberately to murder him!

"Shen Ning, do you know what you are doing now?" He stood calmly and asked coldly, "This is murder, understand? You will go to jail."

"If you go to jail, you will go to jail. You have no bottom line because of your obscenity, so I have no way out. Then I will drag you to die together." Shen Ning's voice choked.

Looking at her desperate expression, Li Zhenting scoffed:

"Why bother? Jing Chenxi's net worth is tens of billions, this amount of money won't make you want to die!"

"Severe. Shock. Ting."

Shen Ning gritted his teeth, the cold sharp knife pressed against his neck, the sharp blade had pierced into his flesh,

"I have nothing to do with him. If you slander me again, I will kill you."

"You're crazy." Li Zhenting instantly felt a heat flow down his neck. Realizing something, he stretched out his fingers and clamped Shen Ning's wrist. As soon as he exerted force, Shen Ning immediately screamed in pain, and his fingers loosened. Open, the sharp knife fell to the ground.

Shen Ning grabbed the tie on his chest tightly and wrapped it around like an octopus in an attempt to subdue him.

But due to too much force, his feet were crooked, and his body fell backwards.

Li Zhenting was pulled by her like this, and his body also fell down.

instant

Shen Ning fell to the ground on his back, his eyes turned black from the pain.

And Li Zhenting's **** just fell into her arms, and his lips covered her red lips.

Chapter 92 How dare you murder me!

Shen Ning's eyes widened in shock.

Li Zhenting was also stunned.

The soft body of the woman, the weakness under him and the feeling of pity that he let him ask for it, are very similar to the night six years ago... that night, he was too rough...

"Go away." Shen Ning stretched out his fist to beat him, pushing him desperately.

The man looked at the woman's bright and full lips, and suddenly pressed them hard. The red lips kissed and bit her lips, biting hard.

The numb feeling came over, and Shen Ning's head was bombarded, as if he was stupid, he let him deepen the kiss...

"Ah, I'm sorry, I'm sorry." The secretary manager Fang Zhimei came over with a stack of documents and was about to ask Li Zhenting to sign. Seeing that the door of the president's office was open, she walked in. Suddenly, she was terrified by the scene in front of her.

President Li, who has never touched women, actually forced a woman to the ground in the office and kissed her.

It's an anecdote.

She screamed in fright, apologized immediately, turned around and ran away in a hurry.

"Go away, bastard, take advantage of me." Shen Ning blushed to the ears and neck, and her heart was about to jump out of her chest. She pushed Li Zhenting away with all her strength, got up and ran out in disheveled clothes.

There were quite a few staff members standing in the corridor, all staring at her with wide eyes.

Who is this woman? She ran out of Mr. Li's office in disheveled clothes.

They look at me and I look at you, but they are all speechless.

Shen Ning had never been here when she was Mrs. Li, and she had never attended any banquet with Li Zhenting, so no one knew her.

She ran into the elevator in a panic.

From the elevator mirror, I saw that my clothes were messy, my cheeks were flushed, and my chest heaved violently.

Omg!

What on earth is she here for? How could such a scene happen?

She was ashamed.

As soon as the elevator door opened, he ran out in a hurry.

President's Office.

Li Zhenting slowly got up and pursed his lower lip. This woman's lips were quite sweet.

He walked to the bathroom mirror in the suite and raised his neck.

There was a small blood hole on the neck, and when I touched it, blood still oozes out.

Damn woman, how dare you murder me!

You don't want to live anymore, do you?

He gritted his teeth with hatred.

Shen Ning, it's best not to let me see you next time, otherwise, you will die.

Gucci front desk.

"Wow, this is Mr. Li's son. What a beautiful and delicate little guy. His face, eyebrows, and nose really look exactly like Mr. Li." Shen Ning just entered the company when he saw Li Xiaomin at the front desk who had returned from his annual leave. Surrounded by several staff members, they put their heads on her mobile phone and looked at her, all exclaiming.

Shen Ning was stunned suddenly.

"What are you talking about?" She stepped forward and asked.

As soon as the female staff looked up and saw her, they immediately ran back to their office like a swarm.

"Mr. Shen." Li Xiaomin looked at her in a panic, and put away her phone.

"Show me." Shen Ning stretched out his hand towards her, and the words 'exactly the same' just heard made her eyelids twitch.

Li Xiaomin handed the phone to Shen Ning at a loss.

Shen Ning took it and saw that a delicate and beautiful round face appeared on her mobile phone.

Isn't that cocoa!

She was so shocked that cold sweat broke out all over her body.

"What's going on?" she asked sharply.

Li Xiaomin got scared and told the story over and over.

Shen Ning was like thunder, turned around and ran outside.

Zhengsheng Apartment.

"Brother, do you think my gold ingot is made well?" Xiaoxiao kneaded the dough into an ingot and happily sent it to Coco and asked.

"Well, yes, there is progress." Ke Ke kneaded his fists, and today he is going to make steamed buns for His Majesty Mommy.

Chapter 93 Only blame you for getting in the way!

"Mummy will have a lot of money after eating this gold ingot, so she won't have to worry about it anymore." Xiaoxiao said devoutly, holding the gold ingot in both hands.

Before Ke Ke could speak, the door suddenly opened, and Shen Ning ran in panting.

"Ke Ke." As soon as she came in, she hugged Ke Ke and hugged him tightly, as if she was afraid that he would fly away.

"Mommy." Coco was a little puzzled.

"Ke Ke, tell Mommy, have you met a man named Li Zhenting during this time?" Shen Ning hugged Ke Ke tightly, trembling all over.

Coco's face turned pale.

It's not good, I'm afraid Mommy will know about his relationship with Ding Ding!

what to do?

"Tell me, do you know him?" She didn't hear Coco's voice, she panicked and looked down at her son's small face.

Coco opened his mouth...

Shen Ning seemed to realize something, his whole face was black, his whole body was cold, and the hand holding Coco was shaking.

Li's Castle.

Ding Ding is sitting on the sofa and flipping through comic books, concentrating seriously.

Mummy said that he couldn't keep looking at his phone because it was bad for his eyes. After playing with his phone for a while, he began to read comic books.

Shen Mei walked over.

"Ding Ding." She called out.

"Hmm." Ding Ding didn't even raise his head, but just said "hmm".

Shen Mei stood in front of him, looking at his little face, which was exactly the same as Li Zhenting's little face, with exquisite eyebrows and eyes, so beautiful.

The coldness in her eyes gathered more and more, she clenched her fingers tightly, turned and walked towards the water dispenser.

After a while, she took Ding Ding's water glass, let go of her fingers, and there was a pack of white powder lying on the palm.

Ding Ding, no blame on me, only blame you for getting in the way!

You object to me marrying your daddy, then I can only make you stupid!

"Mommy." She had just received the boiling water and was about to pour the medicine into it when suddenly, Lan Lan ran over from behind.

With a guilty conscience, she shook her hand, and all the powder fell to the ground.

"Lan Lan, what are you making such a fuss about?" Shen Mei reprimanded angrily, and wiped off the powder with a paper towel in a panic.

Lan Lan was at a loss for a moment, and stood there aggrieved.

She just called Mommy, so there was no fuss.

Mommy is getting more and more weird now, and she gets angry at her every now and then.

The night is coming, and the sky is shining with little stars.

Beside the wall of Li's Castle.

Shen Ning was standing by a small door, looking in helplessly, his face full of anxiety and distress.

"Mommy, Tintin is so pitiful. That ugly witch doesn't care about him, even beats him and scalds him with boiling water. I don't know how he grew up."

"Ding Ding has a withdrawn personality and doesn't like to talk. The family is cold and cold, and only grandma treats him well."

"Mommy, Ding Ding is not sick, he just doesn't want to talk, but Daddy wants to treat him."

...

Coco's words kept ringing in her ears.

She was so distressed that she couldn't breathe.

It turned out that the last child born that night six years ago did not die, but was stolen out by tricks. She didn't know the details, but she knew that Tintin must be her child, otherwise, he would not be able to grow up. Gotta be exactly the same as Cocoa.

How could she not understand the truth that even children understand.

At first, she was very excited, after all, she had another son.

But the distress that followed made her miserable.

Her son grew up beside that vicious woman, how did such a small person survive.

The whole afternoon, she kept crying.

What made her even more sad was that Ding Ding lived by her side for many days, but she didn't notice it because she was busy with work.

He even criticized him for playing with mobile phones.

She was so guilty that she wished she could fly to Ding Ding's side, hug him into her arms, and kiss him well.

Chapter 94 I am a bit reluctant to come here

Shen Ning made up his mind to find a way to sneak in to see Ding Ding tonight, otherwise he would not be relieved.

She had worked as a young mistress in Li's Castle for several years, so she is very familiar with it. There is a small door on the north side of the castle that leads to the back garden. From here, it is easy to enter Ding Ding's room.

The small door has been locked.

She looked around, and the only way to open the door was to climb in through the fence.

Soon, she rolled up her sleeves and began to get up...

A Rolls Royce drove up.

"Look, Zhen Ting, isn't that my sister? How could she climb the wall there?" In the car, Shen Mei pointed to a figure on the fence over there and asked in surprise.

In fact, she saw Shen Ning when she was still far away.

Li Zhenting raised his eyes, and his eyes cracked instantly.

This woman actually ran to his door to climb the wall in the middle of the night.

In the morning, she brought a knife to his office and almost murdered him. Now, she came to his house to climb the wall again. What was she going to do?

His eyes were sharp, and his fingers clenched the steering wheel.

Isn't she crazy?

Usually he would drive directly in through the gate, but tonight's dinner party was in the north, and his car got off the viaduct from there, but he didn't expect to see such a scene.

"Drive the car in first, get some rest early, and tomorrow we will take Ding Ding and Lan Lan to play." Li Zhenting handed the car to Shen Mei, and he walked towards Shen Ning.

Shen Mei sat in the driver's seat and looked at the woman struggling to climb up, with a sneer on her lips.

A woman comes to climb the wall at night, there is only one possibility, and that is for her most important person.

Obviously, not for Li Zhenting! Even if you want to find Li Zhenting, you don't have to come to Li's Castle to climb the wall, you can go to Li's Group.

Only one possibility

That's Ding Ding.

It seems that she probably already knew that Ding Ding was her son.

There was a cold light in her eyes.

However, it is expected that she dare not tell the truth!

As long as she tells the truth, Li Zhenting will definitely **** Ke Ke's custody.

It is impossible for him to let his twin sons live outside.

She smiled coldly, stepped on the accelerator and drove inward.

"What are you doing here?" Shen Ning was climbing up a wire, when suddenly, a cold voice sounded from behind, which made her tremble in fright, her feet slipped, and she was about to fall. In desperation, She clawed at the wall with her right hand.

It's okay if you don't grab it, but when you grab it, you are catching a row of sharp glass.

"Ah." She cried out in pain, let go of her hand, and fell down.

Li Zhenting looked at this damned woman coldly, seeing that she was about to fall, but finally couldn't bear it, reached out and grabbed her arm, and threw her to the ground.

Shen Ning looked at his right hand, the glass tip pierced into his palm, he broke into a cold sweat from the pain, and blood flowed out.

"Say, what are you doing here? Why are you climbing the wall in the middle of the night?" Li Zhenting stared at her and asked like a king.

Shen Ning lowered his head and did not speak.

Li Zhenting suddenly raised one of her arms: "Don't tell me? Then I'll take you to the police station and see if you can tell the purpose."

He picked her up and left.

"No, Mr. Li, please, I just want to come and see Li's Castle. After all, I've been here for two years. I, I'm a bit reluctant to come here." Shen Ning said something against his will with a bitter face.

This kind of impersonal place where ghosts haunt, she will not miss this place!

Li Zhenting laughed when he heard this: "Shen Ning, I believe this."

After all, she was unwilling to divorce before.

Chapter 95 Let me be with you tonight

"But unfortunately, you can no longer live in it. Get out, it's useless to look at it, this place doesn't belong to you." He said arrogantly.

Shen Ning sneered, if it wasn't for her son, she wouldn't come to this ghostly place, but she reached out and took his arm, begging bitterly:

"President Li. Let me go in tonight to have a look, okay? Just go in and have a look and then leave."

"no."

"Mr. Li, I just want to take a look. I don't have any bad intentions." The blood on Shen Ning's palm smeared onto Li Zhenting's white shirt. The night wind blew, bringing a **** smell. She raised her head and smiled at him, smiling charming.

Li Zhenting narrowed his eyes, his face was gloomy: "You murdered me with a knife in the morning, and now you come to my house to climb the wall, and you are still under my nose. You really think I can't deal with you, do you?"

He suddenly felt a little anxious, and didn't understand how he would flirt with this woman.

Seeing the blood in her palm still flowing outwards, he suddenly grabbed her arm and lifted her up and strode inside.

"You go to the family doctor to bandage yourself and get out, don't let me see you again." He left her at the door of the health center and strode home.

"Zhen Ting, where's my sister? Is she gone?" Shen Mei met him and asked softly. Suddenly seeing the blood on his sleeve, she called out in surprise: "Zhen Ting, where are you hurt? Come on, I'll go Get the medicine box."

"No, you go to rest first, I'm fine." Li Zhenting said lightly, and walked towards the shower room.

Shen Mei followed behind him tenderly: "Zhen Ting, I've already put away the water in the bathtub, and put the clothes on the towel rack."

"Okay, thank you." Li Zhenting walked into the shower room, and when he turned around to close the door, he saw Shen Mei standing in front of him, wearing nothing under her transparent pajamas, even more coquettish and **** than last time.

"Zhen Ting, do you want me to massage?" The woman was affectionate, her face was full of tenderness, and before the man could answer, she had already hugged his waist from behind and touched his abdominal muscles with her fingers.

Li Zhenting froze all over, suddenly pushed her away, and shouted in a low voice: "Let's go."

"Zhen Ting, don't you want me at all? Let me stay with you tonight." Shen Mei's eyes were red, and she looked at him pitifully.

Li Zhenting frowned: "If you don't go, then I will go."

He turned and walked upstairs to the bathroom.

Shen Mei stood there stiffly, her face covered with tears.

Li Zhenting became more and more alienated from her, especially after Shen Ning came back, she put all these resentments on Shen Ning.

"Daddy, I want money." When Li Zhenting came out of the shower, he saw Ding Ding standing at the door of his study in a handsome and cute pajamas, begging for money in a childish voice.

"How much do you want?" Li Zhenting smiled, picked up the phone, and asked.

"I want one million." Ding Ding spoke without thinking.

Li Zhenting was taken aback: "What do you want so much money for, a five-year-old kid?"

"I don't care, I want money anyway." Ding Ding yelled loudly.

"I'll buy you what you fancy." Li Zhenting only thought that Ding Ding had another fancy toy, or something delicious and easy to wear, so he asked immediately.

"No, I want money." Unexpectedly, Ding Ding has a firm will and a firm attitude.

"No, children can't take so much money." Li Zhenting looked serious.

Although the Li family is the richest man in a wealthy family, they don't live a life of spending money like water. Especially for children's education, they are mainly thrifty. How can a five-year-old child spend so much money on him?

"Huh, cheapskate." Ding Ding was very unhappy, turned around and left.

Chapter 96 burst into tears

Looking at his small back, Li Zhenting raised the corners of his lips slightly:

"Ding Ding, if you like something, add it to the shopping cart and send it to Daddy, Daddy will buy it for you."

"I don't want your stinky money." Ding Ding ran back to his room angrily, closed the door with his hands, moved a chair and climbed up.

There is a piggy bank on the bookshelf.

It took a lot of effort for him to move down.

This is his lucky money!

He walked around the jar several times. The piggy bank is so big that there is no opening, and the money can only be taken out if it is smashed.

Ding Ding is reluctant to part with this pot-bellied ceramic baby pig, which was bought from a small town in Italy. The porcelain is very white and delicate in texture, especially the round face with two burgundy red faces and a smiling face. Whenever he sees it, He will have a sense of peace of being healed.

This ceramic accompanied him through several years of childhood.

His chubby hand stroked its head, shedding tears:

Baby pig, I have to break you into pieces, otherwise Xiaoxiao and Coco will have no money to go to school. Mommy is working so hard. It is not easy for her to raise them by herself.

When he was in Zhengsheng Apartment, he saw Mommy worrying about money several times. She often worked until midnight, and went to work the next morning with only a cold steamed bun.

He wants to do something for that home!

The butler's office of Li's Castle.

"Steward Luo." Steward Luo was sorting out the books, and Shen Ning walked in with a smile.

"You...Young lady, Young Mistress." Butler Luo raised his head and saw Shen Ning, his eyes widened, "You, are you still alive?"

"Yes." Shen Ning nodded with a smile, and sat down opposite him.

Butler Luo burst into tears of joy: "That's great, as long as you're fine."

Shen Ning smiled: "Don't worry, if you survive a catastrophe, there will be future blessings."

"Yes, yes." Butler Luo murmured excitedly.

"Steward Luo, I would like to ask, how is Ding Ding's situation in Li's Castle?" Shen Ning asked directly, his face full of concern.

Steward Luo was taken aback, why did she ask about Ding Ding's situation? Ding Ding is the son of her rival Shen Mei and the young master. Could it be that she... His heart sank.

Shen Ning saw his thoughts and decided to tell him what he was thinking and seek his help.

After all, Butler Luo was single-handedly picked up by her when she was the young mistress in Li's Castle, so he is reliable.

"What? Young master Ding Ding was born to you?" After she roughly told Butler Luo about the matter, Butler Luo's eyes widened in shock.

"Hush, keep your voice down." Shen Ning raised his index finger, his eyes were red, "So, I am very worried about his growth, and I also feel guilty for him. I am not a good mother, and I can't give him the maternal love he deserves. I want to know about his condition."

"No wonder, no wonder." Housekeeper Luo murmured emotionally, "I just said how could she be so indifferent to Ding Ding, one thing in front of the young master, another thing behind her back, completely ignoring the child On, it turned out to be the reason, I understand."

Speaking of this, he wiped his tears with a tissue, and told Shen Ning some things about Ding Ding.

Shen Ning listened, listened, tears streaming down his face.

Coco's description is similar, and she has strengthened her determination.

"Housekeeper Luo, help me, I want to take care of the child myself for a while." She begged tearfully.

She made her decision when the family doctor bandaged the wound on her palm.

It is impossible to sneak in to the heavily guarded Li's Castle, so she can only find a way to come in openly and take care of Tintin. Therefore, she needs the help of Butler Luo.

Chapter 97 I just want to secretly take care of him for a while

"Young mistress, now that the old lady is back, you can tell her about the situation, and she will definitely help you when she finds out." Housekeeper Luo made a suggestion like this.

"No." Shen Ning looked embarrassed and shook his head.

She didn't tell Steward Luo the truth about the fact that she gave birth to triplets, and the two children Ke Ke and Xiao Xiao. These two children were her life, and she couldn't lose them!

She can only answer like this:

"Housekeeper Luo, I don't have a job now, and my living conditions are not good. Ding Ding is the young master of the Li family. He will have a better future here. Therefore, I don't want others to know about this matter. I just want to take care of him secretly for a while. , He will leave here after he gets better, this is the real reason why I came to you, please help me keep this secret."

"It's really hard for you." Housekeeper Luo suddenly realized when he heard the words, nodded and sighed:

"You are such a great mother. Young master Ding Ding is really lucky to have a mother like you. Okay, I will suggest to the young master tomorrow to see if it is possible to hire a psychological tutor for the young master. You can find a way to apply for it."

"Okay, thank you." Shen Ning expressed his thanks with a smile.

Butler Luo looked worried: "It's just that that woman, Shen Mei, has a vicious mind, so you have to be careful..."

Shen Ning smiled faintly:

"Don't worry, although that woman is vicious, her IQ is not that vicious. I have a way to deal with her."

At least these few times, she was defeated by her hands.

Butler Luo nodded: "Don't worry, I will help you secretly."

Shen Ning thanked him, took his leave and walked out.

The night is hazy.

She stood under a tree and looked up at the upstairs bedroom.

The lights in the study are still on, obviously Li Zhenting is still working overtime.

In the bedroom next to him, the windows and doors were closed, and it was pitch black.

It seems that Ding Ding has fallen asleep.

It was too late, and she couldn't go up and disturb the child's sleep.

She believed that she would be able to be with him in an open and aboveboard manner soon.

She turned around and walked out quietly.

Early the next morning.

The gate of Blue Whale Kindergarten.

After Shen Ning sent Ke Ke and Xiao Xiao to Lantian Kindergarten, he squatted at the gate of Blue Whale Kindergarten.

Ding Ding is coming to school soon, and she wants to take the opportunity to have a few words with the child.

After a while, a Rolls Royce drove over.

The car door opened, and Li Zhenting and Shen Mei got out of the car one by one.

Behind them, Lan Lan and Ding Ding got out of the car one after the other.

Li Zhenting took Ding Ding's little hand, and at this moment Lan Lan ran up to cling to him, forcing her little hand into his left hand, with a look of happiness on her face.

Li Zhenting smiled, and led the children one by one to the kindergarten gate.

Shen Mei stepped on high heels and twisted her waist to follow up, then took Ding Ding's hand.

A family of four walked side by side towards the gate of the kindergarten.

"Wow, did you see that, that is Shen Mei, the future Mrs. Li, so beautiful."

"Yes, she has a good figure and a good temperament."

"The pair of baby babies are so beautiful and cute. Shen Mei really knows how to give birth. No wonder Mr. Li wants to marry her. No one would be willing to let this pair of children have no mommy."

"A happy family of four, talented and beautiful."

...

All the people around looked enviously at the family of four, and praised.

Shen Ning looked at Ding Ding who looked exactly like Ke Ke, and his heart ached like being cut by a knife.

His son lived with that woman, how such a young mind grew up, she couldn't imagine.

No wonder he is withdrawn and indifferent.

But the current situation.

She is powerless.

After all, Shen Mei also gave birth to Lan Lan for Li Zhenting.

It can be seen that Li Zhenting loves Lan Lan very much.

Apart from continuing to live in this big family, Ding Ding has no way to take him away, let alone compete with Li Zhenting.

Her hands touched her chest, her face turned pale.

All she can do is secretly give Ding Ding some maternal love.

Chapter 98 Mommy must be right

"Mommy, Mommy." When Shen Ning was suffering, a little guy's voice suddenly called her.

She was startled, and looked up. She didn't know how long she had been outside. All the parents had left, and she was the only one left.

At this time Ding Ding found her, and ran towards her happily while running.

"Ding Ding." Shen Ning couldn't help but waved to him through the railing.

"Mommy." The little guy quickly ran over with his **** twisted, and stretched out his chubby little hand towards her.

Shen Ning held his soft little hand with tears in his eyes: "Ding Ding, Mommy is so happy to see you."

"Mommy, do you recognize me as Ding Ding?" Ding Ding asked curiously with her big eyes blinking when she heard her yelling "Ding Ding".

Shen Ning shed tears and smiled: "Yes, you are Ding Ding, not Coco, but my good son."

"Mommy, I love you so much." Ding Ding smiled and shouted happily, his tone was exactly the same as Xiao Xiao's.

"Mummy loves you too." She stretched out her hands to caress his small round face, smiling, but tears flowed out uncontrollably.

"Mum, don't cry. I have already brought money. I asked Uncle Luo to go to the Academic Affairs Office to pay the tuition fees for Ke Ke and Xiao Xiao. I told Uncle Rob that Ke Ke and Xiao Xiao are children from a difficult family and need help. He paid it for me, don't work too hard in the future, I have money, I can support you."

Ding Ding retracted his small hand and took out a large wad of money from his pocket, handed it to Shen Ning, and said in a childish voice:

"Don't worry, this is my New Year's money, not from Daddy, I gave it to you."

Shen Ning held the money in his hand, tears gushed out like a river breaking its embankment.

Ding Ding looked at it and thought that the money was short, so he hurried to her ear and whispered:

"Mum, don't worry, Daddy has plenty of money, and I'll find a way to steal all of his money to you."

"..."

Shen Ning opened his mouth and was speechless.

"Ding Ding, Ding Ding, class is on, go back to the classroom." At this time, the kindergarten teacher called over there.

"Mommy, I'm going to class." Ding Ding turned and left.

Shen Ning grabbed his little arm and said in a hurry:

"Ding Ding, I will try my best to be your psychological tutor, and then you must also fight for Mommy, understand? Then Mommy can be with you. Also, when you see Mommy in the future, you have to call Auntie, you must not let others know that I am your real mother, including your father and grandma, you must not let them know, understand?"

Ding Ding nodded inexplicably, but he knew that what Mommy said must be right, so that he could be with Mommy every day.

"Ding Ding, Mommy can make money, these are your lucky money, keep it for yourself." Shen Ning stuffed the money back into his hands.

Ke Dingding stuffed all the money out, then turned and ran towards the teacher.

Shen Ning was holding a thick wad of money in both hands, and his clothes were wet with tears through the railing.

...

President's Office of Li's Group.

Li Zhenting sat in front of the computer and checked his resume page by page.

Recruiting a psychology teacher for Tintin, the recruitment information was only posted on the talent market for a few hours, and hundreds of job application letters were received.

He attached great importance to his son's mental health issues, and of course he screened them carefully one by one.

While he was looking at each resume seriously.

The doorbell rang suddenly.

"Enter."

He looked at the computer without looking up.

After a while, the door opened automatically.

Wearing a work skirt, Shen Ning walked in slowly, holding an envelope in his finger.

Chapter 99 Is she sick!

Li Zhenting's eyes were still on the computer, his expression very focused.

"President Li." Shen Ning spoke softly after standing still in front of the desk.

Li Zhenting is looking at a resume. This resume is a 22-year-old girl named Luo Lili. She graduated from Texas University, the most famous psychological university in the United States. She used to work in the most famous psychological institution in the United States. From the resume From the looks of it, it is very suitable for Tintin.

Because he was watching too seriously, Shen Ning called out twice, but he didn't hear it.

"President Li." Shen Ning had to raise his voice.

Li Zhenting finally heard it now, and raised his eyes.

soon.

He straightened his upper body, his face changed color, as if he saw a ghost, and after a moment of astonishment, he said angrily: "Why are you here again?"

Su Er sneered again:

"Are you here to pay back the money?"

"No." Shen Ning lowered his eyebrows and shook his head, "Even if you stomped me and drank my blood, I still can't afford to pay that much money."

"Then what are you doing here?" Li Zhenting frowned, with disdain flashing in his eyes.

"President Li, I heard that you are recruiting a psychologist. I want to try it." Shen Ning pursed his lower lip and spoke seriously.

Li Zhenting was stunned for a moment, as if he had heard a big international joke, and looked at Shen Ning in disbelief: "I recruited a psychologist for my son, and you came to try it? Are you insane? Do you think you are so big? face?"

It's okay for this woman to harm him, but she even wants to harm his son. Is she sick!

Why did she think he would agree?

What a joke!

But Shen Ning looked calm, raised his head, and said calmly: "Mr. Li, I know that I am nothing in your eyes, but I also have my strengths. Although I am not the best, I will definitely be the most suitable for your son. Please trust me."

After Li Zhenting was stunned again, he laughed loudly: "Shen Ning, are you full and have nothing to do? Get out immediately, if you disturb my work here again, I will blacklist you and let you In the future, I will never be able to enter the Li's Group."

His handsome face was flickering with trepidation.

It seems that the front desk lady here is getting more and more slack at work, and let a woman casually enter his president's office, which is not bad!

When he was about to take the intercom call for accountability, he saw Shen Ning said without changing his face:

"President Li, it doesn't matter if you look down on me, but I want to tell you that since you have published the recruitment information, I have the right to come for an interview. For your son, please don't deny me arbitrarily, otherwise, you will regret it. In the end, it's not free for me to be your son's tutor. Now that I've finished speaking, the resume is here, you can figure it out, I'm leaving first."

She put her resume on Li Zhenting's desk, smiled charmingly at him, turned around and walked away confidently and gracefully.

Li Zhenting suddenly laughed, of course, to make Shen Ning laugh.

Regret, the fee is not low... These words made him feel so **** funny.

Did this woman become so arrogant and confident in front of him after eating kohlrabi last night?

Why did she think that he would choose her to be his son's tutor? Just because of her little cleverness?

Today, he has opened his eyes. There are still such cowardly women in this world.

But, he understands.

The woman who always pretended to be lofty in front of him, as if she didn't care about all fame and fortune, was actually trying to attract his attention on purpose, and the purpose was to find ways to get beside him!

He knows these vulgar women too well!

The more this happened, the more disgusting he felt, and the less he would accept them!

He picked up Shen Ning's resume without looking at it, tore it in half, sneered, and threw it into the trash can.

Chapter 100 She is not gentle

As soon as Shen Ning returned to Gu Qi, he saw a refined and personable man sitting in her office. Secretary Li had already prepared tea for him.

"Mr. Jing, you... have time to come over today." Shen Ning didn't know how to speak for a while, and smiled slightly.

Jing Chenxi smiled brightly: "Ningning, I have something to do nearby, so I stopped by to see you."

"Oh, thank you."

Shen Ning sat down opposite him, with his hands on his knees.

Jing Chenxi looked at her with bright eyes.

She was a little unnatural, avoiding his gaze.

"Ning Ning, is the company in trouble?" Jing Chenxi suddenly asked with concern and consideration.

Shen Ning was taken aback for a moment, then shook his head: "It's okay."

"Ningning, I hope you can treat me as a friend. If you have anything to tell me, as long as I can help, I will definitely help." Jing Chenxi was silent for a while.

The capital behind Gu Qi is Li Zhenting. Now that Shen Ning has taken back all the shares, judging from Li Zhenting's current attitude towards Shen Ning, he may not be willing to continue to invest, which he is clear about.

"Okay, I will." Shen Ning is still unwilling to ask him for help with the company's funds. She has already figured it out. If she really can't raise funds, she is going to mortgage the company to get some cash to ease the situation. As soon as the perfume is on the market, the capital will soon be earned back.

She didn't want to owe anyone, including Li Zhenting.

When Li Zhenting asked her to pay 300 million yuan for compensation that day, she understood that as a woman, she must be independent and self-reliant, and cannot be attached to any man!

...

In the afternoon, Li Zhenting went home early.

As soon as he entered the hall, he saw Ding Ding sitting on a small bench in the living room. There was an easel in front of him, and he was painting on it with a brush.

"Ding Ding, can Daddy find you a psychological tutor?" He knelt down beside him and asked.

Ding Ding's eyes lit up. This morning, Mommy said that she would be his psychological tutor, so it must be that Mommy is coming to him.

"Okay." He turned his head and gave him a rare smile, showing a row of small white teeth.

Ding Ding seldom smiles, but when he does, the sun, moon and stars shine in his bright and big eyes, and his small face is warm, especially cute and soft.

Li Zhenting's heart skipped a beat, it was very warm.

Although it was his idea to find a psychological teacher for Ding Ding, he still had to ask his son for his opinion. After all, it would be easier to achieve results only if the son accepted it.

"Then what kind of teacher do you want? Male or female, young or old?" Li Zhenting asked tentatively with a smile.

Ding Ding didn't even think about it, and replied naturally: "I want a female teacher, who is beautiful and gentle."

Li Zhenting laughed when he heard this, and sure enough, he wanted to go with him.

It seems that the girl named Luo Lili must be very appetizing to him.

He took out his mobile phone, put Luo Lili's photo in front of Ding Ding, and asked kindly: "Son, what do you think of this? It meets your requirements, right?"

He thought his son would nod happily and answered yes.

Unexpectedly, when Ding Ding saw Luo Lili's photo, he immediately shook his head like a splashing drum: "No, I don't want her."

The smile on Li Zhenting's face froze. He chose this one specially for him, and it wasted at least an hour of his precious time.

"Why? She fits your requirements very well." He asked puzzled.

"No, I don't want her, she is not gentle." Ding Ding replied blankly.

"Then how do you want to be gentle?" Li Zhenting's head hurt a little.

"That's it." Ding Ding suddenly pointed to the opening of the picture on his drawing board.

Li Zhenting raised his eyes, only to realize that Ding Ding had already drawn a woman on the drawing board.

He took a closer look, and his face darkened instantly.

The woman on the drawing board looks so much like Shen Ning!
