

Troublemakers 921

Chapter 921 How is the task completed?

"Hey, don't go." Li Jiaojiao saw Ji Qingshan gone, and lost her soul, calling behind her.

But Ji Qingshan didn't turn his head back, and left as if fleeing from the plague god.

Sitting on the bed, Shen Ning couldn't help laughing.

"It's really annoying." Li Jiaojiao stomped her feet, feeling itchy.

As soon as Ji Qingshan left, she became bored, looked around, and couldn't even sit still.

Shen Ning looked at her, woke up and said: "Jiaojiao, I can't eat hot tofu in a hurry, girls have to learn to be more reserved, so that I can get twice the result with half the effort."

Li Jiaojiao blushed, knowing that Shen Ning had seen what was on her mind, she rolled her eyes, sat down firmly, and asked tentatively:

"Cousin, how did you know Ji Qingshan?"

Seeing her like this, Shen Ning might be worried about her relationship with Ji Qingshan.

"Ji Qingshan is the son of my grandmother's friend. He is very successful in medicine. I was pregnant with Keke, Ding Ding and Xiaoxiao. At that time, my body was very weak and dangerous. My grandmother found him. He was the one who helped me get through it. During the dangerous pregnancy, after the child was born, I took Ke Ke and Xiao Xiao to the United States, and I had no contact with him. That is, after returning this time, when Ke Ke's great-grandmother had a heart attack, the situation was very critical. I went to him for help with the mentality of giving it a try, but I did not expect to find it, so we got in touch with each other, but we were not close, Ji Qingshan is still very good, very generous." Afraid of her Suspicious, Shen Ning smiled and told the truth about her relationship with Ji Qingshan.

Sure enough!

Li Jiaojiao was very happy to see that she had guessed their relationship correctly.

"Then cousin, can you tell me something?"

"What's up?"

"Exactly, that, that Ji Qingshan, does he have a girlfriend now?" Li Jiaojiao blushed.

Shen Ning glanced at her with a smile and said: "I really don't know about this. After all, I haven't spent much time with him, but according to my understanding of him, he probably hasn't."

Ji Qingshan is a man who has high requirements on the quality of life and the opposite sex, and he is not so strong about love, he has a calm mind, and will never take the initiative to pursue a girl. In this case, she thought, he There should be none.

"That's great." Li Jiaojiao clapped her hands happily when Shen Ning said that Ji Qingshan didn't have a girlfriend.

Seeing her excited look, Shen Ning sighed secretly, why wouldn't this girl hide her thoughts a bit.

"Ahem." When Li Jiaojiao noticed that she lost her composure in front of Shen Ning, she smiled awkwardly and ran out in a hurry.

Shen Ning shook his head.

In the ward here, Xiaofeng waited until dawn but did not see Li Zhenting coming back, and the bad premonition in his heart became stronger and stronger.

At this time, she was walking around like a headless rope, looking for Li Zhenting. After searching around to no avail, she had to return to the Li Group.

She thought that Li Zhenting would return to the Li Group, but no!

When she asked the secretary and learned that Li Zhenting had never returned, she was extremely depressed.

At this time, she thought of Reines and Li Xueyan, and hurried back to the office to tell them about the situation.

But at this time, Reines only cared about what happened to the chips of the Li Group, and Li Xuexi's words actually meant mocking her for not getting a marriage certificate with Li Zhenting.

She was angry and angry, and she couldn't get angry easily, so she had to hang up the phone.

After hanging up the phone, she walked up and down the room with a gloomy face, and soon, she called Xiaofeng again.

"Shen, miss, miss." Xiaofeng was trembling over there.

"Xiaofeng, today is the last day, let me ask you, how is the task done?" She asked with a gloomy face.

"Shen, Miss Shen, there is no way, Madam, Shen Ning, she was only at home last night in the past three days. I put the medicine into the bowl of brown sugar water last night. I wanted to force her to drink it, but she She was very vigilant, she didn't drink enough, today she went out early in the morning, I can't see her, I, I have tried my best, please let me go." Xiaofeng said tremblingly, begging her to let go pass her.

Chapter 922 I just feel my heart beating fast

"If you let me go, who will let me go?" Xiaofeng sneered and asked sharply.

Xiaofeng's face was pale, and she burst into tears.

"Stop howling, just now you said that Shen Ning went out early this morning?" Xiaofeng heard the clue and asked vigilantly.

"Yes, she went out early in the morning, saying she had something to do with Gucci."

"She went alone?"

"No, a young man came to pick her up."

Young man?

Xiaofeng's eyes shone coldly, who could that young man be? Zhu Qixiong?

"I'm telling you, you should immediately find Shen Ning's whereabouts, and then find a way to make her abort the child. Since things are difficult, I will give you another three days. If you haven't completed the task after three days, I'm sorry, you just have to I can come and collect your mother's body." She gave the order directly.

"Okay, I will try my best, thank you Miss Shen." Xiaofeng cried and promised.

"Useless stuff." Xiaofeng hung up the phone after cursing.

After walking around the office a few times, she called Gu Qi's secretary's room.

"Gu Qi's secretary? Please find your boss Shen." She spoke calmly.

The other side immediately said: "I'm sorry, our President Shen is not in the office. May I ask what you can do with her? If it is a business relationship, I can help you connect to Vice President Ma's office."

Not in the office?

Xiaofeng's face darkened, sure enough, Shen Ning was lying! She didn't go to Gucci!

Could it be that Shen Ning is with Li Zhenting now?

This thought only flashed in her mind, and she felt chills, sparks burst out of her eyes, and her whole body was extremely tense!

Shen Ning, if you dare to grab a man from me again, I will definitely let you get nothing!

Hospital offices.

Ji Qingshan came to the office early in the morning after visiting Shen Ning.

He has half a day to go to the clinic today.

Checked the registration numbers on the computer, there were quite a few.

He started to see the doctor after he was dressed.

Patients came in one by one, and he diagnosed them methodically.

When it was almost noon, there was only one patient number left. After reading the sick number, I went outside to buy some food and send it to Shen Ning.

After the computer called three times, the door was pushed open.

A woman wearing a large down jacket, a mask, and a hat walked in with a small bag.

"Professor Ji." The woman came to him and sat down on the chair, blinking her big eyes at him from between the hat and mask, speaking softly.

"Hello." Ji Qingshan was sorting out today's data on the computer, and asked, "Do you have any questions?"

"Professor Ji, my heart is not feeling well these days."

"Oh, what are the specific symptoms?"

"Symptoms, I feel that my heart is beating very fast, and I can't stop, chest tightness, shortness of breath, and discomfort." The woman replied after thinking for a while.

"Then how long have these symptoms lasted?" Ji Qingshan looked at her and asked.

"Not too long, about a week or so." The woman answered after counting on her fingers.

"Hmm." Ji Qingshan said "hmm", picked up the stethoscope lying on the side and said: "You take off your clothes first, and I will auscultate your heart rate."

"Okay." The woman's big eyes lit up when she heard this, and she immediately took off her clothes.

"You don't need to take it all off, just open it up a little bit." Ji Qingshan saw that the woman was taking off her clothes very quickly, as if she wanted to take off all of them, so he hurriedly reminded.

"Okay, okay." But the woman agreed, and took off all the down jacket, revealing the lace underwear inside.

There was a faint scent of a girl's body.

Ji Qingshan blushed for a moment, not daring to look into her eyes, but put the stethoscope on her chest and listened carefully.

Chapter 923 Can this be considered a disease!

"How is it? Is my heart beating very fast? I feel shortness of breath and tightness in my chest." The woman stared at Ji Qingshan who was auscultating herself with **** eyes.

He is really handsome, with deep and delicate facial features, picturesque sword eyebrows, gentle and polite, fair skin, especially on his unsmiling face, there seems to be a particularly mysterious aura, which made her unable to help thinking, and her throat couldn't help hesitating Down.

Ji Qingshan listened carefully, his heartbeat was young and strong, without any noise, but it was indeed a little fast, but adolescent boys and girls would have a fast heartbeat due to the influence of hormones.

"How old are you?" He asked suddenly.

But he asked several times, but no one answered. When he looked up, he saw a pair of big eyes staring at him, as if trying to dig a hole in his face.

He froze for a moment.

Why do these eyes feel familiar?

He straightened up.

"I'm nineteen years old." Li Jiaojiao didn't wake up until Ji Qingshan looked at her with puzzled eyes, and immediately sat up straight, straightened her voice, and replied with a serious face.

Nineteen! How could a young girl at such a good age have heart disease, unless she had congenital heart disease!

Listening to the sound of the heartbeat, it is almost faster, but it is strong and regular. Can this be considered a disease? I'm afraid it's a heart attack!

"Well, you can go for an electrocardiogram and a color Doppler ultrasound first." He took back the stethoscope and was about to issue a bill.

"Hey, Professor Ji, don't." Li Jiaojiao was enjoying herself, but she didn't expect Ji Qingshan to put away the stethoscope so quickly, and hurriedly reached out to grab his hand.

This hand is too warm and comfortable, Li Jiaojiao was agitated for a while, and touched the back of his hand with her fingers again.

Ji Qingshan's face darkened, and he frowned.

This is the first time he saw such a female patient!

"What? Is there a problem?" He withdrew his hand, his serious face covered with frost.

"No, no problem." Li Jiaojiao hurriedly shook her head, sitting upright, very serious.

Ji Qingshan gave her another suspicious look and then began to order.

After a while, he handed the list to Li Jiaojiao.

Li Jiaojiao reached out to pick it up.

But when he took the inspection form in his hand, he couldn't help touching the man's long and slender fingers with his fingers.

Ji Qingshan was startled, as if getting an electric shock, he immediately retracted his fingers, and became very uncomfortable.

"Well, Doctor Ji, it's already 12:00, is there a doctor on duty who does B-ultrasound and ECG?" Li Jiaojiao smiled and asked cautiously.

"Go to the line first, the doctor will make arrangements."

"Then are you still on duty here at noon?"

"Absent."

He only visited the clinic for half a day, how could he still be there at noon.

"In that case, where can I find you after I get the result?" Li Jiaojiao blinked and asked.

"You can see another doctor." Ji Qingshan stood up and got ready to leave work.

"How can I do that?" Li Jiaojiao immediately called out, "Professor Ji, I have admired you for a long time before I got your number. If I do a test, I won't show it to you, but to another doctor. The level of other doctors is not as good as yours, isn't my number hanging up in vain? This can't be done."

She pouted, very dissatisfied.

Ji Qingshan said: "If you must show it to me, that's fine. You can log in to the website to make an appointment later, and just sign up for my appointment next week."

While speaking, he had already cleaned up his things and was about to go out.

Li Jiaojiao heard this, and shouted: "Professor Ji, this is very unreasonable. If I came to see you from other provinces, I finally hung up your number, and you are gone in the afternoon, so why don't I have to wait for several days in the imperial capital. Most patients are poor themselves, and they have to stay here for several days. Isn't this a waste of their financial resources and make them worse? Moreover, since you have registered your number, the inspection will be very difficult. It should be done at one time, but now you have to register again, what if you can't register? You have to wait, and your account is not cheap."

She opened her mouth like a cannonball.

But at this moment Ji Qingshan ignored her and left.

Chapter 924 I suspect all this has something to do with her

"Hmph, what are you being so proud of? Let's see if I'll pull off your proud head one day and use it as a stool for my old lady, so that you can submit to my mother's pomegranate skirt." Li Jiaojiao looked at Ji Qingshan who left indifferently, and hummed heavily. said.

Return the electrocardiogram, heart color Doppler ultrasound, hell, I don't have this disease!

However, in order to tease Ji Qingshan, she also had to do a thorough inspection, so that she could use the result to find a chance to tease him.

She giggled, put the checklist in her bag, and went to find Shen Ning.

But in her heart she still doesn't agree with this malpractice, she thinks, one day, when Ji Qingshan becomes her man, she must let him change this rule.

In the hospital.

"Lengxue, how is Zhenting?" Li Wanqing, who hurried over, asked hurriedly to Lengxue who was guarding outside.

"Madam, the operation will be performed immediately, please come and sign first." Leng Xue replied in a low voice.

"good."

Leng Xue led Li Wanqing inside.

Li Wanqing walked quickly towards the ward after signing at the nurse's station with trembling fingers.

"My son." In the ward, Li Zhenting was lying on the hospital bed with a pale face, and fell into a coma. Her heart was in severe pain as if being cut by a knife, and she threw herself on him and burst into tears.

"Ma'am, don't worry, it's just a minor operation. President Li's brain examination results are very good, and nothing will happen."

Soon the nurse came in and sent Li Zhenting into the operating room.

"Leng Xue, what's going on with Zhenting? What's going on in his brain?" Just as Li Zhenting was sent away, Li Wanqing asked Leng Xue anxiously.

"Ma'am, don't worry, this matter is very strange, but please rest assured, Mr. Li's brain is absolutely fine." Cold Blood said in a low voice, "According to the examination, there is an unclear light spot in his brain."

"Ah." Li Wanqing's face turned pale, "It can't be a tumor or something?"

"Don't worry, it's definitely not, if it was checked out a long time ago." Leng Xue comforted her.

"Then what's going on, tell me in detail." Li Wanqing asked anxiously.

Leng Xue immediately told her about the situation, and finally made a suggestion:

"Ma'am, I want to tell you that after the surgery, President Li should change his ward."

"Okay, I think so too." Li Wanqing nodded in agreement as soon as he finished speaking, his eyes were sharp, "This time, I will never let that woman know the whereabouts of my son."

"Yes." Leng Xue nodded understandingly.

"Since that woman came to Zhen Ting's side, Zhen Ting's current physical condition is getting worse day by day. This woman is a disaster. I suspect that all of this has something to do with her." Li Wanqing gritted her teeth with hatred.

"Ma'am, we will figure out the situation after the operation." Leng Xue knew it well, he had long suspected that there was something wrong with Xiaofeng, but he just couldn't find any evidence.

Half an hour later.

Li Zhenting was pushed out.

They rushed him to the hospital in a big villa by the sea.

"Director, what's going on in my son's head?" After Li Zhenting settled down, Li Wanqing immediately asked the chief doctor who followed him.

The doctor looked solemn, took out a small bottle, and said, "Madam, this is such a non-metallic object that we took out from President Li's brain. It has never been seen or heard of before."

Li Wanqing's face turned pale. After taking it over and looking at it, she clenched her fingers into fists and muttered.

Chapter 925?

"Director, ma'am, I think this thing looks like a high-tech chip, and it should be sent to the relevant research institute as soon as possible to find out the truth." Leng Xue said after carefully reading it.

"Yes, very likely." The chief doctor nodded.

Li Wanqing opened her mouth wide in astonishment, how could such a thing get into her son's head, it's too scary!

"Doctor, what I don't understand is how did such a thing get into my son's brain? He is a big living person, and he is so alert. Could it be possible that he doesn't know that there is a foreign object intruding? But he didn't react at all. No, I've never heard him mention it, which is really strange." She asked puzzled.

"I also find it strange. I've been a doctor for so many years and I've never seen such a strange thing. How about it? Let's send it to the relevant department for research to see what it is, and we'll talk about it after the results come out." The doctor replied .

"Ma'am, this matter is really complicated, let's listen to the doctor first." Leng Xue made a suggestion like this.

"Okay, that's the only way to go." Li Wanqing agreed.

The doctor quickly sent the things to relevant departments for research.

"Madam, please take care of Mr. Li yourself these few days. Things are very strange now. Mr. Li cannot be short of people. I still have some things to investigate." As soon as the doctor left, Leng Xue immediately said to Li Wanqing.

"Okay, thank you." Li Wanqing agreed.

Turned around in cold blood and left.

Li Wanqing was stunned and then sat down in front of Li Zhenting's bed, looking at Li Zhenting lying on the bed.

He was pale, his brain was strapped, and he was still in a coma.

She held his hand, thinking that he and Shen Ning were divorced again, she couldn't help feeling sad.

"Zhen Ting, mom would rather you be an ordinary person and nothing else, so that you and Shen Ning may live a peaceful life, but you have a heavy responsibility, and the halo on your body is too strong and bright, so it will naturally attract some goblins to come. Mom is so sad to pester you, and there are some people with ulterior motives who want to deal with you."

"Zhen Ting, do you know? When mom learned that Xiaofeng had come to you, she immediately took action and put Shen Ning'an by your side, making her the vice president of the company. I went to find

the old man, who is the old man, he should have known for a long time, as soon as I went, he gave me the seal, and I immediately returned to the Li Group, talked to several shareholders, and then Do you think mom is messing around when you announce the appointment with confidence? Mom knows you too well. Xiaofeng has always been the threshold in your heart that you can't get past. I knew you would have this disaster. Shen Ning is also suffering, the truth may be worse than you imagined, but since it has been discovered, I hope you can find out everything after waking up this time, and give Shen Ning justice."

"Now Shen Ning's heart has been broken by you. Mom doesn't know how you will face her in the future. There are also three lovely children. They are also very disappointed in you. Mom watched you step by step to today. I can't do anything, I'm really useless, but I try my best."

...

Li Wanqing held Li Zhenting's hand and muttered, tears streaming down her face.

When Shen Ning woke up, he felt much more comfortable.

She picked up the phone and looked, there were several missed calls on it.

It was Zhu Qixiong calling.

She immediately called the phone.

"Ningning, where are you?" Zhu Qixiong asked with concern after the call was connected.

After thinking for a while, Shen Ning told him the real situation.

"Hey, Ningning, I am more and more moved and attracted by you now, you are so great." Zhu Qixiong teased over there.

Yesterday, in order to save Xiaoxiao, she rolled over like that. This maternal love reminded him of his mother, and he admired Shen Ning even more.

Chapter 926 What is she doing here?

Shen Ning smiled: "After you have a child, you will do the same."

Zhu Qixiong was startled.

child? In this life, will he have children?

So far, no woman has made him think about getting married, and the only one who has is pregnant with someone else's child.

"Ningning, what do you want to eat, I'll prepare it and bring it to you right away." He changed the subject.

"I want to drink some mushroom soup, is that okay?" Shen Ning was not polite, and said generously.

Don't look at the young master Zhu Qixiong, he is really good at cooking. She has eaten the mushroom soup he made, which is light and sweet, which suits her appetite very well.

"No problem, little fun." Zhu Qixiong readily agreed.

Shen Ning smiled and hung up the phone.

I've been lying in bed too much these days, and I'm going to go downstairs for a walk and bask in the sun. The weather is fine today.

By the flower bed downstairs, Shen Ning walked along the flower bed. After walking around twice, he turned around and raised his eyes.

Sudden

On the aisle beyond the flower bed, a thin figure of a woman appeared in front of her eyes.

The woman was holding a small bag of things in her hand, looking around, as if she was looking for someone.

Isn't this Xiaofeng?

What is she doing here?

When Shen Ning was about to call her, he saw her hurrying inside, as if someone was waiting for her inside.

She frowned, did Xiaofeng come here looking for her? If they were looking for her, how would she know that she was hospitalized here?

This thought made her shudder, could it be that Li Jiaojiao said it?

If she wasn't looking for her, then what was she doing here?

She thought for a while, and quickly walked in the direction she walked.

In the hospital lobby.

Xiaofeng is consulting the nurse on duty at the service desk.

Shen Ning didn't know what she was talking about, but saw her gesticulating. After a while, she didn't seem to get what she wanted, and she was a little frustrated. Then, she carried her things and walked towards the inpatient department of the East District.

In a general ward in the East District.

"Mom, how are you? Are you feeling well?" In the ward, a thin, white-haired old woman was curled up on the hospital bed. Due to the long-term torment of the illness, only a layer of shriveled skin remained on her entire face. , the eyes were big and empty, without a gleam of brilliance, as soon as Xiaofeng walked in and saw the dying old mother, tears burst out, and she choked up.

When the old woman saw her daughter, her eyes sparkled, and she stretched out her skinny hand to hold her hand.

The mother and daughter started talking.

Outside the window of the ward, Shen Ning stood outside and looked at the mother and daughter. A picture flashed in his mind. It was the scene of her and her mother Shao Meiqi in the ward many years ago. How much I imagined this scene. How familiar.

After Shao Meiqi became a vegetative state, she spent so many years in the hospital, and she went back and forth between the university and the hospital in this way. Thinking of those difficult days still brings tears to her eyes and heartbreak.

Hey, Xiaofeng's life is really miserable!

She sighed, and was thinking whether to go in and ask Xiaofeng if she needed help, when suddenly, her cell phone rang.

She was taken aback, glanced at the ward, and walked towards the end of the corridor with her mobile phone.

Xiaofeng was awakened by the ringing of the phone in the corridor, after a moment of stunned, she ran out.

When she ran out, she was stunned.

Isn't that Shen Ning?

She is answering the phone and walking towards the elevator!

Her eyes lit up.

There is really nowhere to look for, and it takes no effort to get it.

Just now, she was still asking her mother insinuatingly, if anyone was going to harm her! Now Xiaofeng gave her another three days.

Three days is indeed too short. Zheng was worried that he could not find Shen Ning, but he happened to meet her here. It was not too good.

She followed immediately.

Chapter 927 You can meet this girl wherever you go!

"Qingshan, what's the matter? Is there something wrong?" Here, Shen Ning asked while walking with his mobile phone.

The call was from Ji Qingshan.

"Ning Ning, I bought you some sugar water, come here and drink it while it's hot." Ji Qingshan walked into the ward with a bag of food, but he didn't see Shen Ning. He didn't know where she went, so he called her up. call.

"Thank you, Qingshan, I'll be right there." Shen Ning hung up the phone, smiled slightly, and walked into the elevator.

Behind him, Xiaofeng followed closely.

In the ward.

Ji Qingshan was standing by the window, his white gown was spotless and ironed straight, making him look elegant.

"Qingshan." Shen Ning walked in with a smile.

"Ning Ning, come and eat. This is Tang Ji's famous sugar water and snacks. I bought a lot." Ji Qingshan turned around and took out the sugar water and snacks, Shen Ning looked at it Her favorite food is very touching.

"Thank you, Aoyama."

"You're welcome, it's okay."

Shen Ning picked up a bowl of lotus seed eight-treasure soup, scooped it up with a spoon and drank it slowly, but before taking a few sips, suddenly, a person rushed in like a gust of wind from outside the door.

"Ah, cousin, there are so many delicious foods, it seems that I came to the right place." Li Jiaojiao rushed in and saw the table full of snacks, her eyes lit up, and she picked it up and ate it.

Ji Qingshan's face turned green.

What the hell, the ghost lingers, you can meet this girl wherever you go!

Is this the possession of the **** of decline?

"Jiaojiao, why are you here?" Shen Ning was very surprised to see her.

After Li Jiaojiao finished drinking a bowl of sugar water, she wiped her mouth with a paper towel, put another shrimp **** into her mouth, and said, "I'm checking my body."

"What's wrong with you?" Shen Ning was even more surprised.

"Sister-in-law, I have to ask Professor Ji about this." Li Jiaojiao glanced at Ji Qingshan sideways, "I feel sick in my heart, so I called Professor Ji, but he didn't care about me and only asked me to queue up for an examination. You have to wait until three o'clock in the afternoon to do the inspection."

Shen Ning was worried when he heard this: "Jiaojiao, you are young, is there something wrong with your heart?"

After speaking, he looked at Ji Qingshan again,

"Qingshan, what happened to Jiaojiao's heart?"

Ji Qingshan said lightly: "Her heart is badly broken, maybe she needs to change her heart."

"Ah." Shen Ning gasped, Li Jiaojiao's heart suddenly became so sick, that's okay! Just about to ask about the details, Ji Qingshan winked at her again, he couldn't help being taken aback, and immediately understood what was going on, he was both funny and angry for a while.

It seems that this little woman, Li Jiaojiao, has already begun to fall in love with Ji Qingshan, and is trying her best to get close to him, but judging from this situation, Ji Qingshan's enthusiasm for her is not high.

"Professor Ji, you are an expert, so you must speak responsibly. I haven't come out with the test results yet, so you make rash judgments. I doubt whether your qualifications as a doctor are fake." Although Li Jiaojiao pretended to be ill, Approaching Ji Qingshan, he didn't like him talking about her like that, so he puffed up his cheeks and spoke dissatisfiedly.

Shen Ning didn't bother to talk to them, and sat down quietly.

Ji Qingshan didn't even raise his head, he didn't take her seriously at all.

Li Jiaojiao hated her, her big eyes flicked on Ji Qingshan's body, several times when Ji Qingshan inadvertently raised his eyes, they met her scorching eyes. I took it back.

"Hey, cousin, don't you have a lot of aunts? Why do you take progesterone?" Li Jiaojiao was very proud. This time, Qingshan was stunned by him, very happy. When she was proud, she suddenly saw He went to the medicine list hanging on the infusion stand, looked at it and screamed out.

Although she is not a doctor, she also has some common sense. Shen Ning's current situation looks like she is trying to protect her pregnancy.

Gosh, this is not bad!

Could it be that Shen Ning is pregnant? Whose child is that?

Chapter 928 Are you a man?

Shen Ning's face changed color.

"Ah." Suddenly, Ji Qingshan rushed over and grabbed her and walked outside.

"Hey, what are you doing?" Li Jiaojiao was rudely pulled outside by him, pushed him away, and asked angrily.

"Other than you, who else knows about Shen Ning's hospitalization here? Did you tell others?" Ji Qingshan asked with a serious face and lowered his voice.

Li Jiaojiao blinked her eyes: "What do you mean, how do I know if others know? I'm not a god."

"Did you tell anyone?"

"Others? No, who should I tell?" Li Jiaojiao shook her head. She came here purely to chase him, and she didn't have the heart to tell others. Besides, she doesn't like to meddle in these private matters. She is currently Only interested in handsome men.

"I warn you that Shen Ning's hospitalization here must be kept secret. Don't tell anyone. If you tell others, don't blame me for being rude to you. I hope you don't go around like a gossip. Say, don't be a loudspeaker, for fear that others will not know." Ji Qingshan warned her with a sullen face, then turned and left.

Li Jiaojiao was inexplicable for a while, and stomped at Ji Qingshan's back: "You crazy, what do you mean, where did I tell others?"

"Jiaojiao." Shen Ning had already heard Ji Qingshan's words inside, and immediately walked out and pulled her into the ward, and said softly: "Professor Ji said this to care about me and treat me well, she is afraid of you Tell the news about my hospitalization and let others know. To be honest, I have divorced your cousin now. I don't want others to know about my hospitalization here. I only stay for a few days. Can you Will you keep it a secret for me?"

Li Jiaojiao was completely stunned.

"Cousin, have you divorced your cousin again?"

"Yes."

"I'm stupid, Li Zhenting, you scumbag, I'm going to fight with you, such a good woman as my cousin sister-in-law, you actually divorced her again, is there anyone like you? Are you really a man? I despise you." Li Jiaojiao **** her sleeves, furious, and wanted to settle accounts with Li Zhenting.

She was really angry, she didn't expect Li Zhenting to be so scumbag!

"Jiaojiao." Shen Ning grabbed the impulsive Li Jiaojiao, smiled wryly, "Love cannot be forced, as long as you don't tell others the news that I am hospitalized here, I will be thankful, other, what? It doesn't matter anymore, please don't get excited, okay?"

"Okay." Looking at Shen Ning's pleading eyes, Li Jiaojiao could only agree, but she really felt aggrieved for her in her heart.

That woman Xiaofeng is really a goblin, why should she occupy the position of Mrs. Li, is she worthy?

While talking, Zhu Qixiong came in with soup.

Li Jiaojiao turned and left when she saw him coming.

Upstairs office lounge area.

Ji Qingshan was about to take a rest, when suddenly, the door was pushed open with a bang.

He was startled, turned around, and saw Li Jiaojiao rushing in.

"You..." Ji Qingshan never dreamed that Li Jiaojiao would dare to barge into his resting area, which is simply unreasonable, "What are you doing here?"

"Of course I came to you to see a doctor." Li Jiaojiao sneered, "Didn't you say that my heart needs to be changed? I would like to ask you how to change it?"

"If you're sick, ask during your office visit. It's my rest time. Your surname is Li. Miss Li, this is the rest area of the men's dormitory. Please leave here immediately, otherwise, I'll send the security guard over." He faced He chased her expressionlessly.

This girl is too courageous, and she doesn't even have the most basic etiquette and manners.

They are not even friends. Why should she come here to harass him? This is a violation of his bottom line.

But Li Jiaojiao was not afraid, just looked at him, and suddenly asked heavily: "Professor Ji, let me ask you, is the child in my cousin's womb yours?"

"What?" Ji Qingshan almost jumped up.

"Why are you so excited? If you haven't done anything wrong, you won't be afraid of ghosts knocking on the door. If you are, just admit it!"

also confessed!

Ji Qingshan's face turned black!

Chapter 929 must have ulterior motives

"You, get out of here immediately." Ji Qingshan smoked, pointed at the door and shouted angrily.

Rao is the best character, he was also irritated by Li Jiaojiao's recklessness and directness.

"What? I became angry after I guessed it." Li Jiaojiao didn't care about his anger. "You men are all virtuous. When you see a beautiful woman, you want to possess it. I said why my cousin is expressing love to me again." Sister-in-law got divorced, so it was all caused by you, the mistress."

Ji Qingshan's fingers had already clenched into fists, rattling loudly.

Li Jiaojiao saw that he was very angry, with black hair and black face, and she was a little scared.

"Why are you so angry? I actually came here with good intentions. Let me tell you, the man my cousin loves in her heart will always be my cousin. She will never fall in love with any other man, including you, you But be clear-headed, but don't have any unreasonable thoughts about her. My cousin is dark and shrewd. If you get involved with the woman he loves, it will definitely not make you feel better. I am I'm worried that you will suffer." She chuckled and reached out to pat him on the shoulder.

Ji Qingshan pinched her wrist with his fingers.

"Ah, it hurts so much, let me go." Li Jiaojiao immediately screamed in a very loud voice.

"Get out." Ji Qingshan grabbed her arm and pushed her out the door, Li Jiaojiao was thrown out by him.

"Hello, Ji Qingshan." Li Jiaojiao stepped back a few steps, stood firm and went to push the door.

But with the sound of 'bang', the door was quickly closed by Ji Qingshan from the inside.

Hmph, there is no way to stop me like this!

Li Jiaojiao put her hands on her hips, her cheeks bulging.

A man who cares so much about a woman must have ulterior motives. In fact, she didn't think that the child in Shen Ning's womb belonged to Ji Qingshan. She knew Shen Ning's character, but to blame Ji Qingshan in this way was just to warn him and let him Keep a certain distance from Shen Ning.

"Ji Qingshan, my cousin just divorced my cousin, and you are so close to my cousin, I warn you, don't think of my cousin, she will always be my cousin, a member of the Li family, She is also the mother of the three children of the Li family, even if she divorces my cousin, they will still remarry in the future, don't get in the middle, otherwise, I won't let you go."

Li Jiaojiao yelled outside, if you can threaten me, I can still threaten you!

But Ji Qingshan closed the door tightly and never talked to her again.

After yelling for a while, Li Jiaojiao got bored and left by herself.

Strange, why did my cousin divorce my cousin? She was sure that her cousin still loved her sister-in-law now, and he would never divorce for no reason, otherwise, why would he remarry.

This matter is very strange and needs to be investigated, but before that, she must guard Shen Ning for her cousin.

In the villa.

After the operation, Li Zhenting fell asleep for three days and three nights, and finally woke up on the fourth day.

But after waking up, his brain was blank, and he had no idea what happened during this period, and he didn't even have any memory.

But this period of time left him with a bad feeling!

He sat heavily, with a sharp side face.

Leng Xue came in and saw him, he hesitated to speak.

"Cold-blooded, what happened during this time? How come I don't remember anything?" He asked in a deep voice.

Leng Xue opened his mouth.

At this time, Li Wanqing walked in with a bowl of soup and winked at him.

"Zhen Ting, this is the brain soup I made for you. Drink it while it's hot. Rest more after drinking. The doctor said that your brain has been damaged, and you will recover if you rest more." Li Wanqing looked at it lovingly. Looking at her son, comforting him.

Li Zhenting took it in silence, and fell asleep after drinking it a few times.

Chapter 930 I order you to complete the task as soon as possible

"Vice President Leng, don't tell Zhen Ting about the divorce between President Li and Shen Ning for the time being, I'm afraid his brain won't be able to stand the stimulation, so let's watch this matter as you go." Li Wanqing signaled that Leng Xue had come out, and quietly told him outside .

"Okay, I know, ma'am." Leng Xue understood her thoughts and agreed.

The situation is critical now, and he hopes that Li Zhenting can recover as soon as possible, otherwise, not only will the company suffer huge losses, but he will also lose Shen Ning.

Li's Group Office.

Xiaofeng sat at the desk and drank one cup after another. Li Zhenting's disappearance brought her close to the edge of rage.

Where did Li Zhenting go? Why can't I find him?

These days, he seems to have disappeared, and there is no news at all.

She was not reconciled, not reconciled to letting him disappear under her nose like this.

The current Li Group has cold blood, everything is still operating normally, and outsiders can't see the slightest flaw.

But only she understands that Li Zhenting, the president of the Li Group, is nowhere to be found now!

After she walked around the office a few times, the phone rang.

She took a look and picked it up.

"Miss Shen, I have good news for you. I just saw Shen Ning." Xiaofeng's excited voice came from the other end of the phone.

Xiaofeng was startled, raised his eyebrows: "Where did you see it?"

"It's at the Imperial People's Hospital."

"What is she doing there?" Xiaofeng asked warily.

"Hospitalized."

"Why hospitalized?"

"Miss Shen, I secretly followed up to investigate. It turned out that Shen Ning was in the hospital to save her pregnancy, and she had gas in her fetus." Xiaofeng lowered her voice.

Tire inflation?

Xiaofeng was stunned, the scene of Shen Ning falling to the ground in order to save Xiaohua that afternoon flashed through his mind, could it be because of that?

"Who is she with now? Is Li Zhenting by her side?" She immediately asked.

"Miss Biao is here, and that young man is the one who came to Li's Castle to pick her up that day. As for the young master, I haven't seen him before."

Xiaofeng laughed coldly while holding the microphone.

Shen Ning, Shen Ning, I finally found you!

It turns out that you still wanted to save the miscarriage and give birth to Li Zhenting's child. It seems that you haven't given up on him yet!

Very well, I will make you completely give up right away!

"Xiaofeng, the great opportunity is in front of you now. Whether you can grasp it well is up to you. This is God helping you. Isn't Shen Ning trying to save the baby? Then give her something to drink." , if something serious happens then, it's because she didn't save the baby, it's her own fault, no one can blame it, understand?" She reminded sullenly.

Xiaofeng shuddered several times after hearing this, and dared not answer.

"Xiaofeng, do you hear me, I order you to complete the task as soon as possible."

"Yes... yes." Xiaofeng agreed blankly.

She walked slowly into the ward, stood in front of the bed and looked at the skinny mother, tears streaming down her face.

Shen Ning, don't blame me for being cruel, there is no way, I don't want my mother to die.

People are selfish, and I have to think about my mother, so I can only feel sorry for you.

She took out the things in the bag.

...

In the ward, Shen Ning woke up from a deep sleep and opened his eyes.

Another day of sleep.

She stretched.

These days, with the supplement of nutrition and relaxation of mood, her belly is getting bigger, and the morning sickness is not so severe.

She thought, she would be discharged from the hospital after staying for two more days! After all, it's New Year's Eve!

In the afternoon, she asked Aunt Dong to go to her mother's house to clean up, and then moved in after the year.

"Hello, madam." In the corridor, Shen Ning was walking back and forth, taking a casual step, when suddenly, a voice came from behind.
